Just how could it be possible? Garbage like him, if he can obtain the invitation of the Tian Changsheng, it would be impossible unless the sun climbed in the west.

After leaving the vacation home of the Sue Family as well as returning to Hillside Villa, Samuel' car was blocked by the security guards at eviction.

Are these people blind? Lydia reprimanded in the vehicle.

The lorry had actually been registered, and also the brand-new security personnel would certainly know it. The residential property management department would never allow such a mistake.

Samuel left the automobile in confusion and saw Tian Ling' emergency room being in the safety structure.

She came here with no good objectives. It appeared that the princess had heard Lydia's words the other day.

Samuel strolled up the mountain.

A number of security personnel, at the behest of Tian Ling' er, forcibly unlocked as well as dragged Godfrey as well as Lydia out of the car.

" What are you doing? Don't you know that I am the owner of Hill Suite?" Lydia battled to say.

Yvonne really felt that something was wrong, so she left the car and also asked the guard, "What occurred?"

Presently, Tian Ling' emergency room left of the safety and security structure. She walked up to Lydia as well as put her in the face.

"Where did you come from, you evil lady? How dare you strike me?" Lydia all of a sudden became angry and also connected to hit her back, but the quick-witted guard instantly got her hand.

"Were you the one that claimed that I was a nonsensical female yesterday?" Tian Ling' emergency room said faintly.

Hearing this, Yvonne recognized what was taking place. She was the girl of the Heavenly family members, Tian Ling' emergency room!

Lydia additionally instantaneously restrained her poor temper and stood where she was, not daring to speak.

"My father and my grandpa don't learn about this. Or else, today you will not be just a slap in the face," claimed Tian Ling' emergency room.

Tian Ling' emergency room was 18 years old this year, yet after all, she was birthed in a large family. Also Yvonne felt a heavy pressure in front of Tian Ling' emergency room.

After remaining quiet for more than ten minutes, Lydia's back burst out in a cold sweat. Yvonne truly could not stand the pressure as well as asked, "What do you desire?"

"Why do not you separation Samuel?" stated Tian Ling' emergency room.

"Really did not she come to make trouble for Lydia? Why did Samuel obtain involved all of an abrupt?"

"Anyway, you all treat him as trash. What's the point of maintaining him?" Tian Ling' er stated with a smile.

Tian Ling' er was just 18 years old this year. Yvonne really did not believe that she was attempting to take Samuel from her. Maybe she just intended to retaliate, so she desired her to divorce Samuel and make a joke of Cloud City?

What advantage did it bring to her? Really did not she just offer Samuel a Lamborghini?

Tian Ling' emergency room's definition was extremely basic. She would certainly have an opportunity if Samuel were to separation. Samuel would not be pleased with her, so she quickly claimed that she was joking.

It had to be claimed that Tian Ling' emergency room was very worried about Samuel's viewpoint of her. That was why she was so cautious.

Tian Ling' er checked out Godfrey and claimed, "Since she is your wife, it indicates that you can not educate her well. Let you do it. If you do not, I can only let these safety and security guards do it."

Being defeated by Godfrey or by security personnel, certainly Lydia picked the former. If these solid young security personnel slapped her in the face, wouldn't she have a trauma?

"Fight, battle hard." Lydia gritted her teeth as well as claimed to Godfrey.

Godfrey was a strict wife-in-law. He did not attempt to speak loudly to Lydia. When had he ever before defeated Lydia? This made him a little unwilling to do it.

Yet if he really did not battle, the security personnel would be much more severe!
