Chapter 2225: National Weapon

However, at the moment when Mark's words fell, suddenly there was applause.

Immediately afterwards, a man in military uniform walked up the steps with a smile on his mouth.

Without fear of blocking, he appeared directly outside the restaurant.

The man smiled and clapped.

“Haha~” “One who is not afraid of the rich, and the other who is not afraid of Vietnam.”

“I have seen a few commanders of the three armies in charge of a million soldiers in my life, Xu He.”

“However, no one can have Mr. Chu. Such courage.”

“How dare you threaten to use one person to resist the entire country?” “I just don't know, Mr. Chu's ability is worthy of your courage?” This person had a bad face, and once appeared, that cold ridicule The sound rang immediately.

Even facing Mark, there is no fear at all.

Even between words and deeds, there is a strong color of sarcasm and provocation.

“Presumptuous!” “Who are you that dare to speak to Mr. Chu like this?” “I don't want to survive?” Ericson immediately reprimanded when he heard this.

However, at this time, Lei San, who was on the side, quietly pulled the corner of Ericson's clothes, and whispered: “Ericson, be careful.”

“Look at his epaulettes, this person is afraid, a member of the army. “Laosan Lei observed carefully, and at the first sight of this person, he noticed the golden epaulettes on his clothes.

“Gold Leaf One Star.”

“This...this is...

“The rank of major general?”

“Among the crowd, I don’t know who yelled. Everyone trembled when they heard the words, and many of them gasped. The face of the person in front of them turned pale instantly. Soldier, is the most important weapon of the country! Since ancient times, the person in charge of the army has been a country with the sharpest sharp blade. It can be said that if you have mastered the army, you have mastered the entire country! The word army represents strength. They also have power. Even if Ericson and the others have hundreds of millions of fortunes and hundreds of billions of cliques, they never dare to compete with a general. You must know that behind every general, there are thousands of powers. As a general, with an order, it is estimated that you can push here horizontally. After recognizing Xu He’s position, Ericson and others realized that Xu’s revenge seems to have arrived! Thinking of this, there was despair in the hearts of those present. What should have come, is it coming after all? Suddenly, the whole hall was silent. All the voices before disappeared, and no one dared to speak. It was the generation of Ericson and Lei San. In front of the general in front of him, he did not dare to say a word. After all, he was a general of the army. Just standing there, the man in front of him exudes an invisible majesty. That kind of aura is not high-ranking and commanding. It is absolutely impossible for someone to have. A resolute face, but not anger and prestige. Let the person next to him look at it, and his heart trembles. The only person present who can remain calm is Mark alone. Against Xu He’s provocation, Mark sat at the table peacefully, with a beautiful woman in her arms. Mark embraced the beauty in one hand and raised a glass in the other hand for a light drink. The calm and indifferent look is like everyone around him. Panic, but a sharp contrast. “Huh?”

“Junior, didn’t you hear me asking you?”

“Can’t answer yet?”

“Mark’s ignorance made Xu He a little angry, and the chill between his eyebrows was even worse. Mark smiled immediately after hearing this. “I am not your father, and you are not my son. We have never known each other and have no blood relationship.”

So why should I answer you?

“

Chapter 2226 You Are Worthy

“I ask you, you killed my nephew to bring disaster to Noirfork, the fish and the common people.”

“You are notorious for your sins!” “I was ordered to capture you today, and I will kill you and other evil forces in one fell swoop.”

“You can confess your sins.”

“Nephew?” Xu He’s words just fell, and the smile on Mark’s mouth suddenly worsened.

“It seems that you are Xu Shaohua’s uncle.”

“Looking at your military rank, in the army, you should be considered a general.”

“I thought that you can command the most powerful and call the generals. , A man of reason.”

“But now it seems that he is just a savage stupid.”

“Shut up, you arrogant kid, dare to insult me?” Xu He was furious.

“Am I wrong?” “As soon as you came up, you asked me about the crime of murder. But why didn’t you ask, why should I kill your nephew?” “I, Mark, and your Xu family have never met. Well water does not offend river water.”

“But your nephew gathered others to bring disaster to Noifork, to my relatives, destroy my former residence, covet my wife, and even use artillery to kill me.”

“If you talk about crime, your nephew is afraid that no one can match. “Now it’s ending, it’s all his own blame, and he will die.”

“If you are arguing about right and wrong, you should be sensible, kowtow and thank me for not angering your Xu family.”

“No matter how bad you are, you should calm down. Happened.”

“Unfortunately, you chose the stupidest path.”

“Isn’t this a stupid, what is it?” Mark shook his head and said, the chill in his words grew stronger.

The temperature in the hall here, in a moment, has cooled down.

“Nonsense!” “My nephew, Shaohua, always follows the rules, does things with a degree of relaxation, and never does anything illegal.”

“I think these are all you want to exonerate yourself before you framed my nephew.”

If you wait for a scum, your heart can be condemned.”

“Today, I, Xu He will capture you, and use the law to protect the country!” Xu He’s anger echoed in the restaurant.

But Mark shook his head while listening.

He was thinking that if Xu He was wise, if he stopped in time after hearing what he said just now, Mark wouldn't mind letting him go.

But now it seems that he is looking at Xu He highly.

This person, seemingly righteous and awe-inspiring, uphold justice.

But in fact, I don't ask right or wrong, I just want to avenge my nephew.

In that case, why should Mark be polite?

He put down the teacup, raised his eyebrows, and looked at the man in front of him with cold eyes, and said coldly: "Capture me?" "I'm afraid you, I don't have that ability."

"Joke! I have a hot summer, thousands of territories, millions of soldiers. , Could it be that you can't be a bullshit?" "Today, I, Xu He, means that the hot summer has wiped you out!" Xu He smiled coldly, speaking vigorously, and full of anger.

There was a deep shout, and one after another explosion.

"Representing the hot summer?" Mark raised his eyebrows, sneered, and sneered, "Then I ask you, the hot summer has a lot of territories, what can you represent?" "The hot summer has a million soldiers, you can control it?" "What's the point?" "You are only a major general, and the whole army can't be sent to thousands."

"The generation of ants, the body of the last, the despicable person who uses public power for private use, dare to lie, representing the summer "Are you worthy too?" Mark sternly furious, asked several questions, then exploded.

With every sentence, Xu He's face flushed and he was speechless!

The last drink made it even more like thunder.

The majestic power, shocking Xu He's footsteps, unconsciously took three steps back.
