Chapter 2227

Xu He's face was blue and ugly.

Just now, Mark asked, he couldn't refute, he was speechless, his old face was almost green to pig liver.

Xu He didn't expect that his dignified military commander would be so gagged by a junior.

He didn't even expect that Mark was so brave that he would dare to scold him like this in public and make him lose face.

"Good, good."

"Very good, worthy of Mr. Chu."

"Death is approaching, there is such a power?" "Just don't know, when the Wanjun siege, Mr. Chu, you will have this What's the aura of the time?" This Mark has sharp teeth, and Xu He knows he can't tell him.

But it doesn't matter. He didn't come here to fight with Mark, but to put him to death.

When the words fell, Xu He turned around immediately.

He stepped out of the room and stood in front of Your Excellency HaiDollar, looking like a generation of gods.

Immediately afterwards, the vigorous voice swept Tianhe.

"Today there are dark and evil forces, full of evil, to harm one party."

"The land of Noirfork, everyone gets it and punishes it!" "Today I Xu He, on behalf of the sky, on behalf of the people of Noirfork, step on this scum!" Xu He The eyebrows were condensed, and the low voice resounded like a thunder.

He pondered for a moment, then gave a cold voice.

“Soldiers, follow the order!” “Immediately surround The Twinfill and capture everyone in the restaurant. The radius is 500 meters and all are sealed off. No one can let go.”

“If there is resistance, kill it!” Boom ~ Follow With an order from Xu He, in a short time, if the huge boulder enters the sea, it is here in the world, causing waves of thousands of layers.

After that, everyone only saw that at the end of their sight, there were a full number of military heavy trucks, full of soldiers, like a surging river, rolling in from far away.

The huge wheels rolled on the ground, the rocks tremble, and the entire Wrifill city was trembling.

Seeing the countless soldiers rolling in like a torrent of steel, Ericson and others were almost scared to pee.

His face was pale and bloodless!

The scene they worry about the most comes after all.

This storm, which was still brewing, finally ushered in the most ferocious outbreak at this time.

Not only the Ericson and others who were onlookers, but also the residents of Wrifill City nearby, could not help but panic on a large scale.

“My God~” “What happened?” “Why are there so many soldiers?” “Is there going to be a war?” “Mom, I’m scared~” “Woohoo~”. ... With the influx of a large number of soldiers, the entire Wrifill city is like an exploded gunpowder barrel.

Some people panic, some people tremble!

Some were screaming, some were crying in despair.

The whole city is in a mess!

After all, ordinary citizens have only watched such large-scale military mobilizations on TV.

Seeing those soldiers walking by with live ammunition now, everyone is naturally panicked.

Fortunately, Ferguson Wu had expected such a situation a long time ago.

Therefore, when everyone was in a panic, Ferguson Wu immediately led the people under his hands to the joint to comfort people.

“Don’t panic everyone~” “General Xu is doing harm to the people!” “This action will only target those mobs who do a lot of evil, and will not harm the innocent.”

“Everyone, just go home and wait.”

The lawless person is subdued, and normal here will return to normal.”...Ferguson Wu walked onto the street and shouted over and over again with a loudspeaker.

Chapter 2228 the last struggle

At the same time, Ferguson Wu looked in the direction of The Twinfill from time to time and sneered.

“Thirty years in Hedong, thirty years in Hexi.”

“Mr. Chu, from the moment you boarded the Noirfork Zun, you just thought that there will be today.”

Although Xu He’s encirclement has just begun, although Markzheng Shi was still alive sitting in the The Twinfill, but in Ferguson Wu’s view, Mark was already dead, it was nothing more than a while earlier.

After all, even if Mark had great brute force, facing the siege of Qianjun, there was no possibility of a comeback!

When Mark and others are wiped out, as the hero of this action, Ferguson Wu will surely receive great awards.

In the future, this Noirfork land should not be allowed to do things?

Thinking of this, the smile at the corner of Ferguson Wu’s mouth is indeed stronger.

Finally, with the influx of a large number of soldiers, the entire The Twinfill was completely surrounded.

Triple inside, triple outside.

The densely packed soldiers are all entrenched with eye-catching eyes.

Before the Qianjun, Xu He stood proudly with his hand.

He stood on a high place, his majestic gaze looked into the The Twinfill, and his low and proud words immediately sounded.

“Mr. Chu, just grab it with your hands!” “You are proud enough to let me send a thousand troops to besiege.”

... “Ten minutes to you.”

“Within ten minutes, everyone held their hands. Hold it over your head, and come out obediently.”

“Otherwise, I don’t mind sifting you thugs who are evil to the people~” “Give up your fantasy and surrender quickly~” “Don’t be fearless The resistance, otherwise, you will die!” ...

Outside, the shouts of persuading surrender could not help echoing.

In the restaurant, it was silent.

When many people saw Qianbing besieged, they were almost scared.

Patriarch Ma Fei stood there, and Father Xia’s old face was also bloodless.

Their Xia family had just escaped a catastrophe a few days ago, but they didn’t expect that a few days after this stable day, they would be in desperation again!

“This family is really despicable.”

“It’s obviously for private use. I want to avenge my nephew, but frame us as a mob.”

“It’s so deceptive~” Old man Xia cursed in a deep voice.

Many people present have been aboveboard throughout their lives.

Never did anything illegal.

But now, Xu He indiscriminately beat them all into thugs.

Obviously, the Xu family wanted all of them to be buried with Xu Shaohua.

“Mr. Chu, now...what do we do now?” “I... shall we surrender?” Ericson and the others have never seen such a scene in their entire life, and in their panic, they have no idea.

Everyone looked at Mark, but they were waiting for Mark’s decision.

“Can’t go out!” “The family is coming so aggressively, obviously they want to put us to death.”

“We went out, that’s the fish on the chopping board, let someone kill it~” someone protested.

“Huh, according to what you said, now we are not fish?” “I didn’t hear them. Within ten minutes, if we don’t go out, we will shoot directly and shoot us to death.”

We have no choice but to confess our guilt and bow our heads.”

.... “No, you can’t go out. Going out is a death~” Soon, the whole hall was noisy.

Some people advocate going out and surrendering, while others clamoring not to go out.

These personable big men from various parties on weekdays are noisy like small street vendors selling vegetables.

The entire restaurant is noisy like a pot of boiling water, boiling endlessly!

Like a dying person, the last struggle.
