

Wonder Doctor Chapter 2231

As Lin Ran watched the scene before him, he couldn't help but have some blood boiling inside him.

For those of them, there was nothing more infuriating than dying with a stifled death!

Why did people cultivate, it wasn't so that they could guard the things they cared about.

To be able to live the life they want.

Being in this world of the Immortal World, there are many things that you cannot help yourself with!

And to get the happiness you want, you have to cultivate hard!

These seven thousand people are considered to be in the middle to upper range of strength in the immortal world!

Although they could not compare to the great powers, they could still live comfortably on their own.

Now that they had been caught here, how many of them could have persevered!

But they had persevered until now.

Wasn't it for the sake of being able to break out one day!

Lin Ran could feel their desire to escape and regain their freedom!

"How much do you guys know!"

Lin Ran asked as he looked at Seven Thousand and the others.

"Some!"

Seven Thousand laughed at this.

Lin Ran was obviously already somewhat moved by asking this!

"This place should only be one of the strongholds of the Divine Shadow Clan!"

"Based on what we've learned here over the years, there should be quite a few more strongholds like this for the Divine Shadow Clan!"

"The main thing refined here is puppets!"

....

Seven Thousand introduced it.

It was similar to what Lin Ran had guessed earlier.

This place was like an arsenal for the Divine Shadow Clan, for the purpose of refining puppets for the Divine Shadow Clan.

And it was refining puppets that had to be suitable for the Divine Shadow Race!

Since the Divine Shadow Race had different roots and origins from the Immortal Realm, an ordinary puppet would not be able to last them for long.

“We found that the God Shadow Clan has started refining different puppets in the last few days!”

Seven Thousand said.

“We have eyes that are sending ores to the second region!”

“The ores they are refining have changed drastically!”

“So we speculate that they might be improving the method of refining the puppets!”

When he said this Seven Thousand’s face couldn’t help but look a little ugly.

“Hypothetically speaking, if they found a way to perfect the puppet, that’s definitely not good news for us!”

Lin Ran nodded his head.

He understood what Seven Thousand meant.

Their War God Interceptor puppet definitely couldn’t compare to the speed of the Divine Shadow Clan’s puppet refinement!

After all, one had so many people going all out, while they could only do all of this behind the scenes and in secret!

If the Divine Shadow Clan’s puppets were to be much stronger after this improvement!

Then their probability of success would conversely drop!

“The longer we delay, the lower our chances of successfully escaping!”

“So, we don’t want to wait any longer!”

Seven Thousand said with flames of fire flickering in his eyes.

Lin Ran nodded, understanding well what Seven Thousand and the others were thinking.

“According to what we know, the divine Shadow Clan’s puppets have a total of four ranks!”

“There’s no need to mention the first two, they’re all of average strength!”

“The most troublesome ones are their Heavenly Rank Puppets and Holy War Puppets!”

“This War God Torture Puppet of ours was originally refined against the other side’s Saint Battle Puppet!”

“But our refining speed is too slow, and according to the current situation, the War God Torture Puppet should be somewhere in between the strength of the Divine Shadow Clan’s Heavenly Rank Puppet as well as the Holy War Puppet!”

“If we wait any longer, it is likely that the strength of our War God’s new Interdictor Puppet might only be at the level of the other party’s Heavenly Tribulation Puppet!”

Seven Thousand said.

Lin Ran nodded, this was something he could also think of.

“Then who is the guardian here?”

Lin Ran asked.

Puppets were only puppets after all, if a person was strong enough, they were perfectly capable of crushing the puppet!

So in the end, their true greatest enemy was still the town guardian here!

“Lord Ghost!”

Seven Thousand said.

“Lord Ghost?”

Lin Ran was stunned at his words, this name was all too familiar to him.

He had heard this name back when he was at the Immortal Sound Pavilion.

And had tried to find this person all the way.

But even after finding the Moon Sword Mortal, he hadn't been able to find and fight this Lord Ghost.

Unexpectedly, this Lord Ghost was actually the guardian of this small world of the Divine Shadow Clan!

“He's as strong as?”

Lin Ran asked.

“It should be at the Perfection realm!”

Seven Thousand said.

The Perfection Realm was something that none of them here had!

They might still be able to have a fight with this Ghost Lord with their War God Interceptor puppet!

But if the other party also used a puppet, they would likely not really have any chance of winning at all.

That was what they were most worried about!

Lin Ran nodded his head, and sort of got the whole situation of the Divine Shadow Clan out of the way.

It was just that he hadn't realized that he was still struggling with how to leave Seven Thousand and the others before, eh thought that in the blink of an eye, the other party actually coincided with his own thoughts!

“Senior brother, since you have said so, then I am also dissatisfied with you!”

“In fact, I was prepared to do it tonight!

“Didn't see it clash with your plus plans!”

Lin Ran laughed, and then told his side all about the situation.

But about the white mist he naturally didn't say anything.

In case they people failed, the White Mist wouldn't be exposed at least it would still be alive and well!

Therefore, as a last resort, he would definitely expose his presence!

Seven Thousand was also excited to hear Lin Ran's plan.

If they included Lin Ran, they would have another heavenly-ranked puppet!

The probability of this being able to escape had also increased significantly.

"Senior brother, I feel like you are our saviour, your arrival has really increased our chances of escaping!"

Seven Thousand was very excited.

Lin Ran also smiled.

Afterwards, Lin Ran's group discussed the specific details of the time to do it themselves.

In the end, it was decided straight away.

Just do it tonight!

Originally, Lin Ran and White Mist had discussed that they would wait until they had the chance to make their move.

But now, because of the addition of Seven Thousand and the others.

Therefore, the time had to be determined as well!

It was already three o'clock in the morning when everything had been agreed upon.

And White Mist hadn't returned to deliver the news!

Seeing this, Lin Ran did not stay and left this spatial world at once.

I don't know if it was a deliberate arrangement by the heavens, or if it was just a coincidence!

Lin Ran had just left the small spatial world of seven thousand.

White Mist rushed over.

"Well?"

Seeing White Mist, Lin Ran couldn't help but be happy, could it be that things really just happened to be such a coincidence?

Did White Mist's side also happen to have an opportunity?

"Lin Ran! There's a chance over there, but I have some bad news!"

White Mist said with an ugly look on his face.

“What’s wrong?”

Lin Ran asked busily.

“When I was coming back, I ran into Chen Fei halfway!”

“Looking at him, he should be heading this way, so I guess he’s not holding back any good water again!”

White Mist said.

“Chen Fei?”

Lin Ran frowned slightly at his words, while at the side, Seven Thousand and the others were actually waking up one by one at this time.

“Lin Ran, I just got word that Chen Fei is coming!”

Seven Thousand got up and said busily.

“What about it?”

All of them looked at Lin Ran, their plan was not to rush these one or two days.

But Lin Ran’s plan was to do it tonight!

Time simply wouldn’t allow Lin Ran to drag it out!

“No one can come tonight, it has to be done! He can only be blamed for his bad luck!”

“Since he’s here, let’s kill him!”

Lin Ran said with a cold aura in his eyes.

If he missed tonight’s chance, there was no telling how long he would have to wait.

Lin Ran didn’t want to wait any longer.

Wonder Doctor Chapter 2232

Hearing Lin Ran’s words, the eyes of the crowd could not help but turn icy cold.

This Chen Fei was someone they had wanted to kill for a long time.

If it wasn’t for the fear of killing him and causing the wrath of the Divine Shadow Clan, they wouldn’t have held back until now.

When the crowd heard that Lin Ran was going to make a move, they all stood up, one by one looking in the direction of the dungeon entrance.

It was clear that they had all made plans to put up a fight tonight.

“Knock, knock, knock.”

Soon there was the sound of a single footstep at the entrance to the dungeon!

Obviously it was the real owner who had arrived!

Chen Fei's face was tackled with a smile, and there was even more smugness in his eyes.

He was in a good mood tonight and had deliberately decided to come over and give Seven Thousand and the others an extra night's work!

When he arrived at the dungeon, he was startled when he saw the people in the dungeon.

Only to see everyone in the pitch-black dungeon standing in place, each with an ice-cold gaze looking at him.

In this dark night, it was simply as ominous as it could be.

"Scaring old me, it seems that all of you are very self-aware!"

"You know I'm coming over tonight, that's just as well!"

"Save me from waking you all up one by one, open the door and come out!"

Chen Fei laughed smugly.

The men next to him immediately stepped forward and opened the door to the dungeon.

Then one by one, with a long white whip in hand, they walked in.

"Get out!"

With long whips in hand, they were about to fling them towards Lin Ran who was standing at the front.

However, Lin Ran was standing still, unmoved.

Chen Fei, who was at the side, laughed at the situation and said.

"Wait!"

"My lord shouted at them to go to work, if you waste him, who will work for my lord!"

"Yes, my lord!"

The men were busy saying respectfully.

"Alright, all come with me, or else are you still waiting here to be beaten up?"

Chen Fei greeted.

Lin Ran and the others left the dungeon without speaking, one following Chen Fei.

Chen Fei obviously didn't feel anything was wrong!

It seemed that he had been in this position for so long that he instinctively assumed that none of these people dared to resist himself!

Lin Ran and the others didn't say anything either, silently following behind Chen Fei.

Sure enough, this guy, not pressing any good intentions, led Lin Ran and the others right there to the mine pit.

“Go in!”

Chen Fei stood at the entrance of the mine pit with a smile on his face.

Seven Thousand and the others looked at Lin Ran and entered the pit with the goods.

However, Lin Ran was standing at the entrance of the pit without moving a muscle!

“Hm?”

Chen Fei couldn't help but frown slightly when he saw this.

“Why don't you go in! Looking for a fight!”

Chen Fei said in a cold voice.

Lin Ran smiled but didn't say anything, he just turned his head to look at him!

“Laozi is talking to you again, what's the point of pretending to be mute!”

Chen Fei said in an angry voice.

“Chen Fei is already dead, so why do you need to occupy someone's body!”

Lin Ran said indifferently.

“What did you say!”

Chen Fei's face instantly turned pale when he heard that.

“I just couldn't have understood what you were saying!”

“You really can't understand?”

Lin Ran said but a cold glint flashed in his eyes, and the next moment his entire person disappeared in place!

“People.”

Chen Fei exclaimed in alarm, but before he could finish his words, his entire person instantly felt a tightening of his neck.

A pair of palms had firmly clamped around his neck!

“Don't you know what I'm saying again?”

Lin Ran looked at Chen Fei and sneered.

“You're looking for death!”

Chen Fei was instantly furious.

He raised his hand and pulled out the long white whip at his waist.

But almost at the same time, Lin Ran's palm had instantly snapped Chen Fei's neck!

It was only logical that with his neck broken, Chen Fei was completely finished.

But who knew that this guy's head would actually turn back on its own.

"You're really smart, how did you know I wasn't me!"

Chen Fei looked at Lin Ran with a fierce aura in his eyes!

"Humph! Is that hard?"

Lin Ran asked with a smile.

"It is indeed difficult, and so what if you know I'm from the Divine Shadow Clan, do you want to think that you can get out of here just by killing me?"

"I'm telling you, it's only going to be harder!"

With that said Chen Fei's figure snapped and he instantly charged towards Lin Ran!

Lin Ran's eyes chilled as his body also moved instantly.

Both of them rushed towards each other almost simultaneously.

But their aims were completely different.

Chen Fei naturally wanted to use the long white whip, after all, it was too powerful to kill the divine sense of people in the Immortal Realm.

Even someone of Lin Ran's strength would definitely not be able to resist more than thirty lashes before he would have to pass out!

And with a strength like Seven Thousand, ten strokes would probably be the limit.

And naturally, Lin Ran wanted to get closer to Chen Fei, so that it would become harder to receive the long white whip.

It was too late, almost as soon as the two men moved!

Lin Ran's palm swung out instantly, and three seven-coloured sword maces shot towards Chen Fei in an instant.

Lin Ran even charged towards Chen Fei right after him.

"Seeking death!"

Chen Fei snorted coldly and threw the long white whip in his hand towards Lin Ran.

"Bang Bang!"

The long white whip was so strong that it instantly shattered the two seven-coloured sword maces!

But almost at the same time, Lin Ran's other sword aura had already passed through Chen Fei's chest.

The seven-coloured sword mangles instantly exploded, directly blowing a hole through Chen Fei's body!

“Go!”

Lin Ran didn't have the slightest bit of motivation when he saw this, his divine sense instantly diffused out.

A loud “bang” was heard, and Chen Fei's entire body was instantly obliterated!

Although the one controlling Chen Fei's divine sense was the Divine Shadow Clan, the one who was truly powerful was himself.

Chen Fei's physical body was no stronger.

Lin Ran's divine sense instantly stirred up Chen Fei's flesh body.

Following this a grey figure was forced to reveal itself.

“Bastard!”

The other party was instantly enraged as he was forced to reveal his true body.

While Lin Ran looked at him he laughed.

“Your real body is still ugly!”

The other party's body was grey all over, and the nothingness was a soul body.

Compared to the white souls of people in the Immortal Realm, it was indeed a little ugly!

“You seek death!”

The opponent was furious and instantly copied the long white whip and flung it towards Lin Ran.

However, Lin Ran was also on fire at this moment and dodged the opponent's whip!

In an instant, he was in front of his opponent!

Without any words, Lin Ran instantly slapped his palm towards the opponent's chest!

“Self-important, wanting to compete with our divine Shadow Clan for divine knowledge!”

The other put laughed at this and raised his hand to slap over as well.

However, just at the moment when the two palms collided.

Instead, a smile appeared at the corner of Lin Ran's mouth.

Following this, a strange force actually directly enveloped the Divine Shadow Clan's man.

“What is this!”

The other party's face instantly changed!

This was a light in Lin Ran's eyes, followed by a backhand that took out a fruit!

This fruit was nothing else, it was none other than the Cause Breaking Fruit!

“You will be the first Divine Shadow Clan that I will kill! Die!”

Lin Ran said as he directly took the Cause Breaking Fruit down.

Almost instantly, a force of disintegration erupted from the palm of his hand!

The grey body of the Divine Shadow Clan instantly collapsed and finally turned into dust with a “bang”!

“Break the karma and eat it, henceforth break the karma!”

“Divine Shadow Clan! I, Lin Ran, have officially declared war on you!”

There was a cold aura in Lin Ran’s eyes!

With a wave of his palm, the grey powder in the sky dissipated!

Until now, Lin Ran didn’t even know the name of the first God Shadow clan member to be killed by Zi!

But that was no longer important!

Wonder Doctor Chapter 2233

“Weng!”

Under the dark night, a circle of ripples suddenly spread out.

The ripples were like a circle of water waves that rippled out in all directions.

In an instant, it enveloped the entire area.

But within the area covered by these ripples, all the people of the Divine Shadow Clan were awakened from their sleep

“What’s going on?”

Located within the third area, a God Shadow clansman wearing black robes with a to red dot on top of his robes spoke up and questioned.

He was none other than the number two person within this base, You Fang!

This person was also just one person below and above all others within the entire base.

He was directly responsible to the Ghost King.

And since the Ghost King basically didn’t appear on weekdays, it could be said that he was the one in charge of this place!

“Lord You, I just got word that it was Chen Fei from District 1 who died!”

Within a few moments, someone came over and reported.

“Chen Fei? How did he die? Who did it?”

You Fang asked in an angry voice with a gloomy face.

“Your Excellency is still investigating!”

The henchman said.

“Rubbish! Within a minute, you must find out who did this... You dare to kill my God’s Shadow people, you are looking for death!”

You Fang said angrily.

Their Divine Shadow Clan had so few people themselves that it was already difficult enough to conquer the entire Immortal Realm!

Now there was actually one dead!

One should know that their Divine Shadow Clan could say that as long as they were in the clan, almost all of them were to be cultivated with emphasis!

Because of the small number of people, every person from the Divine Shadow Clan was of great use!

Of course, those like Cheng Ying were an exception.

After all, such a person could only technically be considered half a member of the Divine Shadow Clan!

That was why he had been sealed within the formation and given to the Moon Sword Reality to guard the Moon Sword Villa!

“Report!”

As soon as the order was passed out, a subordinate quickly ran over.

“Speak!”

You Fang looked icily at the subordinates below.

“My lord, news has just arrived that a prisoner has rushed to the second area, and the target seems to be the Heavenly Rank puppet there!”

His subordinate said.

You Fang’s face instantly turned ugly when he heard that.

“Don’t send someone over there yet!”

You Fang said angrily, and almost at the same time he himself rushed over.

That was their Divine Shadow Clan’s Heavenly Rank Puppet!

If it was mastered by someone else, the consequences would be unthinkable!

Seeing this, the other God’s Shadow Clan members did not dare to delay, so they all hurriedly followed.

....

At this moment, at the mine where Chen Fei had led the group to earlier.

Seven Thousand and the others had also stopped what they were doing and stood one by one at the entrance of the pit looking into the distance.

At this moment, he could clearly see a figure rushing towards the second area ahead.

“So?”

A tall man next to him asked.

“Don’t be in a hurry, follow the plan!”

Seven Thousand said, but there was a strong worry in his eyes.

Lin Ran had not only made a plan with them this time!

And this time, the plan was very bad for Lin Ran!

But if not, it was likely that no one would be able to leave in the end!

“I hope you’ll be alright and leave safely!”

There was a hint of guilt in Seven Thousand’s eyes!

◦ ◦ ◦ ◦

“Bang!”

A loud bang disturbed the peace of the dark night.

In the second area, in front of a huge iron gate!

Lin Ran was standing here.

And in front of him was the final barrier, once he passed through this iron door, he saw the puppet that the white mist said he was looking at.

“I’ll open the door, wait a moment!”

White Mist didn’t dare to delay, her figure instantly passed through the large iron door, followed by it opening from the inside!

With her help, it was literally possible to go wherever one wanted!

There was excitement in Lin Ran’s eyes, and without any nonsense he rushed in towards the big iron door in front of him.

As he entered the large iron gate, Lin Ran instantly saw a huge puppet that was seven to eight metres tall.

This Heavenly-rank puppet was red in colour, and with its tall size, it looked very appalling.

And Lin Ran could feel the powerful aura emanating from him just by standing in front of it!

“Hurry up and don’t waste time, someone’s already coming outside!”

White Mist suddenly ran in from outside, urging.

“Good!”

Lin Ran responded and instantly rushed towards the puppet.

At the same time, a wave of true qi instantly filled the air and enveloped towards the puppet.

“How dare you!”

At this moment, a strong voice came from afar.

Following this, a stream of light instantly flung itself towards Lin Ran’s location.

“Be careful!”

White Mist shouted as he saw this.

Lin Ran turned his head to look and found that it was none other than a long white whip that was heading straight for his position.

“Roll!”

Lin Ran let out a roar and a seven-coloured sword mane cut out after him!

This white pale whip was incredibly powerful.

The moment it collided with the seven-coloured sword mane, it actually shattered the seven-coloured sword mane!

However, the long white whip was also misdirected as a result.

It instantly crashed into a puppet on the side.

“Come here quickly!”

Lin Ran shouted.

Seeing this, White Mist didn’t dare to delay and instantly ran towards Lin Ran.

Followed by a flash of his body, he directly disappeared into the spot!

As the white mist entered Lin Ran’s scroll space.

Lin Ran also instantly disappeared into the same place.

Almost at the same time, the eyes of the huge puppet standing in place directly lit up with two white rays of light.

“Not good!”

You Fang’s heart immediately sank when he saw this scene.

“Quickly go and transfer the puppet over!”

You Fang said as his body violently exploded back, and almost at the same time, a fist from the Heavenly Rank Puppet had already smashed towards him.

When Lin Ran and the others didn't have a puppet, they of the Divine Shadow Clan were still able to suppress Lin Ran's divine sense with the help of the long white whip!

But now that he had entered the puppet, the long white whip was almost as good as nothing!

It had no effect at all!

What's more, Lin Ran's strength was already stronger than his!

At this point in time, when he took control of the puppet, almost no one could keep him.

"Bang!"

With a single punch, the entire large iron door shattered into slag.

And almost at the same time, Lin Ran controlled the Heaven-ranked puppet and rushed out of the big iron door!

"Go!"

Lin Ran greeted, and instantly rushed towards one of the directions.

Within this base, Lin Ran didn't know where the exit was.

But the only thing he could be sure of was that there must be something he wanted within the fourth area!

Maybe Song Nuan's flesh was placed within the fourth area!

Areas one, two and three, White Mist had been to them all before!

It hadn't found anything suspicious!

Only in the fourth area! Only in the fourth area!

So if he wanted to find what he wanted, he had to go to this fourth area!

"Bang bang bang!"

Lin Ran controlled the Heavenly Rank Puppet, and everywhere he passed could simply be described as the sky falling apart.

Countless people from the Divine Shadow Clan were drawn out.

Even more were the Immortal Realm cultivators who were being held here.

There was so much chaos outside that no one was even bothered about them at the moment!

They all rushed out one by one, checking out the situation outside.

The entire base was almost in chaos!

"Has it come yet!"

You Fang asked in an angry voice.

At this moment, he was following far away next to Lin Ran, not daring to get closer.

The long whip in his hand was no longer a deterrent, and he had no chance of winning against a Heaven-rank puppet!

Going up at this point would just be a waste of time!

“My lord is here!”

The men next to him suddenly shouted.

You Fang looked towards the side and saw three puppets rushing over.

Two of them were red Heavenly Tribulation puppets.

The other one was green in colour and had a more powerful aura than the Heavenly Tribulation puppet!

Wonder Doctor Chapter 2234

“Lin Ran be careful!”

White Mist was busy speaking to warn.

“That cyan one is a Holy War puppet!”

“O?”

Lin Ran smiled and was busy looking, and he indeed found that one of the three puppets was a cyan puppet.

And this puppet’s aura was the strongest too!

Although it was following behind, it was the one that gave Lin Ran the most pressure!

“This is the Holy War Puppet?”

Lin Ran stopped his wild run.

At this moment, the three puppets were chasing after him, and he definitely wouldn’t be able to get away for a while.

It would be better to see how powerful this puppet was.

Moreover, in the fourth region, there was still that so-called Ghost King.

Lin Ran would have to go up against him even if he went.

We might as well make a lot of noise here and see if we could lure him out!

As the thought was going through his mind, the three puppets in front of him had already surrounded Lin Ran.

“Lin Ran, hand over the puppet!”

You Fang also rushed over at this moment.

With three puppets standing beside him, it gave him a lot more strength!

“Who are you?”

Lin Ran looked at You Fang and asked indifferently.

“I am You Fang, the person in charge here!”

“Lin Ran, hand over the puppet and I can let go of the matter of you killing Chen Fei!”

“Or you won’t survive this day!”

There was an icy killing intent in You Fang’s eyes!

“I won’t live to see this day? Just by you?”

Lin Ran laughed, following which his entire being moved the next moment.

The gigantic Heaven-rank puppet charged towards You Fang.

But almost simultaneously, the three surrounding puppets actually moved as well!

“Don’t measure yourself, it’s not your turn to be wild in our Divine Shadow Clan’s territory!”

You Fang stood still and did not even move.

There were three puppets around to protect them, if they could even let Lin Ran rush over, they wouldn’t need to resist!

It would be better to just call out to the Ghost King to come out!

“Huh!”

Lin Ran looked at You Fang without replying, but his body had already elevated to the extreme.

“Stop right there!”

The three puppets had reached him almost simultaneously.

However, in the face of the three puppets, Lin Ran did not have the slightest intention of resisting.

All of his strength exploded, and a terrifying force swept directly towards the three puppets in an instant.

After holding back for so long, at this moment Lin Ran directly exploded with his full strength!

“Bang, bang, bang!”

Three muffled sounds instantly rang out, causing even You Fang to frown a few times as he heard them.

However, this frown hadn’t lasted long when suddenly You Fang’s face froze.

He only saw that his own three puppets in front of him had actually instantly flown backwards in all directions.

At the same time, the Heavenly Calamity puppet controlled by Lin Ran also reached him in an instant!

“You!”

As he looked at the Heavenly Tribulation puppet that appeared in front of him, You Fang’s entire body was instantly confused.

“How am I? Don’t you still want to kill me? Do it!”

Lin Ran said and grabbed You Fang into his hand with one hand.

The huge palm of his hand was like an iron vise, holding You Fang’s entire body firmly in its grip.

“Let go of me! Lin Ran you dare! This is in the Divine Shadow Clan!”

You Fang shouted angrily.

Yet how could Lin Ran possibly care.

“The Divine Shadow Clan? What about the Divine Shadow Clan?”

Lin Ran said as his other hand instantly already exploded with terrifying power!

A huge seven-coloured sword aura that was tens of feet long had already slashed towards You Fang’s body.

“Stop!”

The three puppets flying backwards around them saw this and lunged towards Lin Ran.

However, how could Lin Ran care about them.

The seven-coloured sword aura in his hand didn’t stop at all and instantly slashed across You Fang’s body.

The difference in strength was simply too great!

Not all of the people of the Divine Shadow Clan were extremely strong!

Not to mention within such bases.

Only the strength of the Ghost King could make Lin Ran scare.

At this moment, with the puppet in control, Lin Ran didn’t care about this You Fang, his strength was just average in his eyes!

“Bang!”

You Fang’s body was unable to resist against such a powerful sword!

It exploded in an instant.

However, the strongest aspect of their Divine Shadow Clan itself was the power of divine sense.

What Lin Ran had shattered was only You Fang’s divine sense, trying to wipe out the Divine Shadow Clan!

Splitting the divine sense was obviously not enough!

Lin Ran's palm instantly slapped out, and a terrifying force of disintegration instantly sucked You Fang in.

And the countless God Shadow Clan members around them who watched this scene instantly froze.

They could clearly feel You Fang's aura weakening rapidly.

Finally it simply dissipated away!

"Weng!"

The moment You Fang's aura disappeared, another wave of ripples radiated out in all directions!

And this time, the three surrounding puppets all froze in place, not daring to move!

Even the Saint War puppet was the same.

They knew very well that the difference in strength between themselves and Lin Ran was too great!

It was no longer a difference in puppets, it was a difference in their own strength!

The result of too great a difference in strength between the person controlling the puppet was that although the puppet was the same.

The result is that although the puppets are the same, the effect of their use is different!

Even though the other party was using a Holy War puppet, they still didn't have a fighting chance against Lin Ran's Heavenly Tribulation puppet.

Seeing this scene, the people of the Divine Shadow Clan present could not help but cast their gazes towards the fourth region in the distance!

It was clear in their minds that the crowd present could not possibly be a match for Lin Ran!

If they wanted to contain each other, they would have to look to the Ghost King!

"Ghost King!"

"Ghost King!"

Countless people from the Divine Shadow Clan began to shout.

Their voices were like a ripple, sweeping out in all directions!

Just like which ripples Chen Fei himself You Fang had emitted when he died!

Lin Ran watched as these ripples swept towards the fourth region.

His entire body couldn't help but tense up.

Could this be the way their Divine Shadow Clan only saw used to communicate?

The Ghost King would be coming out soon?

"Bang!"

Lin Ran didn't think much about it, since they were summoning the Ghost King, he couldn't be idle either!

Almost instantly, Lin Ran kicked the nearby Saint Battle Puppet backwards.

And then he charged towards one of the Heavenly Rank puppets.

These puppets would all be the divine Shadow Clan's weapons for attacking the Immortal Realm in the future!

Naturally, he could not let these puppets leave in good condition!

The Holy War puppet was the hardest to get rid of, so Lin Ran naturally couldn't start with him.

And when the other two Heavenly rank puppets saw this, they immediately wanted to run!

But Lin Ran would not let them go, towards one of the Heavenly Rank puppets Lin Ran instantly rushed forward.

Without a word, he slapped this Heavenly Armageddon puppet directly on the chest.

Lin Ran's strength was so great that his palm slapped on the connected puppet's body, instantly denting the Heavenly Rank puppet's chest.

At the same time a force of disintegration directly enveloped the entire puppet!

The man from the Divine Shadow Clan within the puppet was instantly sucked out.

Almost at the same time, Lin Ran's other hand had already condensed a seven-coloured sword aura.

Without saying a word, he slashed towards the head of the Heavenly Rank Puppet.

"Bang!"

With a loud bang, in an instant, the seven-coloured sword mane directly split the Heaven-ranked puppet in half!

The Divine Shadow Clan member inside was also instantly strangled into pieces by the force of disintegration!

The body died!

"Run! Run!"

By now, the Holy War puppet had already rushed back and shouted around.

Without the Ghost King, no one here was a match for Lin Ran!

Only this Holy War puppet, with its powerful puppet body, could barely hold Lin Ran back!

Wonder Doctor Chapter 2235

"You think you can hold me back?"

Lin Ran laughed at this, and with an instant movement of his body, he charged towards the Saint Battle Puppet.

This Saint Battle Puppet was considerably stronger than the Heavenly Tribulation Puppet!

But that was only the strength of the puppet itself.

It was like two sharp swords, one of which was made of ordinary material, but the other was made of very good material!

Although the weapon is strong, it may not be able to bring out its strength, but it still depends on the user himself!

Lin Ran controlled the Heavenly Rank Puppet and in a flash, he had already reached the Saint War Puppet.

Faced with the sudden arrival of Lin Ran, the Saint Battle Puppet was obviously a bit overwhelmed.

It didn't even have time to prepare an attack, it could only passively defend itself!

On the other hand, Lin Ran was on fire, and with one hand, he transformed into a seven-coloured sword mane and sliced straight at the opponent's head.

With his other hand, he slapped his palm towards the opponent's chest!

Lin Ran knew very well in his heart that although he was stronger than his opponent and could overpower this Holy War puppet!

But if he wanted to eradicate it completely, he still had to uncover the God Shadow clan member who was controlling it!

The only way to kill this Divine Shadow Clan member was to use the power of disintegration on his own hand.

The Holy War Puppet was also well aware of Lin Ran's intentions and blocked Lin Ran's attack with both hands in front of him, struggling to resist.

However, Lin Ran's seven-coloured sword mane was far too powerful!

The moment it hit the Holy War Golem, a loud bang was heard.

The Holy War Puppet's entire body was directly smashed into submission.

If it was crushed to the ground by Lin Ran, then it would have no chance of survival.

With a grit of its teeth, the holy war puppet directly gave up on its chest to resist.

Both of its arms went up towards the seven-coloured sword mane above it.

Seeing this, Lin Ran's other hand had instantly slapped towards the Saint Battle Puppet's chest.

"Bang!"

There was a muffled sound, and in an instant Lin Ran's palm had smashed heavily onto the chest of the Saint War Puppet.

"Give me out!"

The moment of the collision, Lin Ran let out a roar as the power of disintegration filled the air in time!

However, although the power of disintegration quickly enveloped the entire puppet.

However, it was simply unable to suck the Divine Shadow Clan member inside out.

Even this power of disintegration was unable to invade within the puppet.

This caused Lin Ran's entire heart to sink.

"Kid! Do you think that a Saint Battle Puppet is comparable to a Heavenly Rank Puppet!"

"Trying to kill me, you're simply dreaming!"

The other party sneered, and an instant burst of power directly shattered Lin Ran's seven-coloured sword mane away.

"Run!"

Seizing the opening, the Holy War Puppet shouted at the God Shadow Clan members to the side.

Lin Ran frowned slightly as he watched, secretly calculating in his mind how to deal with this Saint War Puppet.

But at that moment, a strong aura suddenly filled the air.

Followed by a voice booming, resounding in everyone's ears!

"Who! Dare to trespass on our Divine Shadow Clan stronghold!"

The voice boomed with an unmatched power.

It was as if it wanted to smash through the entire sky.

Lin Ran turned his head to look, and his face was extremely ugly.

This voice was clearly coming from the fourth region!

Clearly the Ghost King had been alerted!

"There's no time for that!"

Lin Ran's eyes were icy cold, and his body moved straight away in the next moment

The Holy War Puppet didn't expect that even though the Ghost King was about to come out, Lin Ran's target was actually himself!

When he reacted, the Heavenly Tribulation Puppet controlled by Lin Ran had actually reached him.

"Shatter it for me!"

Lin Ran let out a crossbow hand, and his hands joined into sword fingers up to the chest of the Saint War puppet in front of him.

“Bang!”

A huge explosion instantly rang out, and the Saint War Puppet was like a cannonball.

The entire huge body was directly thrown away.

Even Lin Ran could clearly see that at the chest of this Saint War puppet.

It had been dented by his own sword!

“What a hard puppet, this isn’t even broken!”

Lin Ran frowned slightly as he watched.

The reason he was in such a hurry to get rid of this Holy War puppet was because he was worried about it falling into the hands of the Ghost King!

His own was coming to be similar to the Ghost King’s originally!

If he controlled the Heavenly-ranked puppet himself, he might still be able to suppress the Ghost King!

But if the Ghost King got hold of the Holy War puppet.

But if the Ghost King got hold of the Holy War Puppet, with the power of the Holy War Puppet, he would probably have no chance at all!

But although the idea was good, it was only after the actual fight that Lin Ran realised.

This Holy War puppet was far tougher than he had imagined!

Trying to destroy this Holy War puppet was not something that could be done in an instant!

“Ignorant little boy, seeking death!”

The Ghost King’s voice suddenly rang out again, while Lin Ran already felt a powerful aura rushing towards him!

Lin Ran didn’t dare to slow down, and with a flash of his body, he instantly charged towards the growing puppet again.

At this moment, he could only do his best, and any little bit of damage he could do to this Saint War puppet would be a great help to himself!

“Bang bang bang!”

It was too late, as Lin Ran was thinking in his mind, he had already reached this Saint War Puppet.

His palms were joined into sword fingers, and in an instant, the seven-colored sword maces had already slashed at this Saint War puppet’s chest one after another.

A single attack was like a thousand golden hammers, constantly striking the chest of the sage war puppet.

However, even though Lin Ran's attacks were like a violent storm.

However, the chest of the holy war puppet was still incredibly strong!

In the face of Lin Ran's rounds of attacks, only a few cracks appeared on the chest of the Saint War puppet!

"Shatter it!"

Lin Ran clasped his hands in a fist with this thrust, ringing the seven-coloured sword mane towards the chest of the fallen Saint War puppet.

The Ghost King would be there soon, and this was the last attack he could make.

"How dare you!"

The Ghost King was furious, his voice booming and shaking one's eardrums.

Lin Ran, however, simply ignored it, and the movements of his hands didn't stop!

At this moment, the faces of the Divine Shadow clansmen within the Saint War Golem were also filled with fear.

If this sword pierced through the holy war puppet, he would have almost no chance of survival!

Being so close to Lin Ran, as long as the other party wanted to kill him, it would almost be a matter of a thought.

However, Lin Ran had underestimated the hardness of this Holy War puppet!

The seven-coloured sword aura in his hand instantly pierced the chest of the Saint War puppet.

"With a loud bang, the entire chest of the Saint War puppet had completely dented.

The entire chest was completely dented, and the surrounding area was even broken into pieces!

But the root was broken, but the chest of the puppet still hadn't collapsed! It hadn't been pierced either!

It looked as if bulletproof glass had been hit and cracked in shock.

It shattered, but it never came off!

"Ka-ching!"

Followed by a crisp sound.

Lin Ran instantly felt his palm lighten as the seven-coloured sword mane in his hand actually broke!

"What a terrifying defense, this only just shattered the defense of the chest!"

Looking at the situation of the Saint Battle Puppet, Lin Ran couldn't help but feel a little helpless.

Even though the growing puppet was also wounded, he had obviously failed to completely destroy it!

Once it was controlled by the Ghost King, it would only be more troublesome for him to deal with then!

“Ai! Let’s take one step and see what happens!”

Lin Ran sighed helplessly, and his body instantly disappeared from the spot.

He could feel that the Ghost King was already heading his way to kill him at this moment!

Wonder Doctor Chapter 2236

“Bang!”

Almost as soon as Lin Ran’s figure disappeared.

A terrifying force had rushed over.

It shifted Lin Ran’s original standing position straight to the ground!

Dust filled the air as the countless God Shadow clansmen around them stopped and turned their heads to look at the place where the battle was taking place.

There was anticipation in their eyes, their king had come.

Lin Ran stood at a distance, quietly watching the dust that filled the sky.

Behind the dust gradually dissipating, a slightly slim figure soon revealed itself.

It was a man whose entire body was shrouded in blood-coloured robes.

Lin Ran could not see his appearance, but could only tell from his previous voice that he should be a middle-aged man!

Although he didn’t open his mouth, he was standing there at the moment with a powerful aura, like an aura that shook the surroundings.

“Ghost King!”

“Ghost King!”

Seeing this figure, countless people of the Divine Shadow Clan around them all spoke up and shouted.

There was worship in their eyes, and the panic they had felt before was swept away.

It was as if with this man around, they would never be afraid!

“You’re the Ghost King?”

Lin Ran looked at the Ghost King and opened his mouth to ask.

“Who are you!”

The Ghost King turned his head to look at Lin Ran, his pair of red eyes under his blood-coloured robe were extremely cold, as if they didn’t have a trace of temperature!

“The Ghost King is really a noble man, we’ve met across from each other! You’ve forgotten?”

Lin Ran looked at the Ghost King and laughed blandly.

“Met each other?”

The Ghost King frowned slightly at his words.

“Who the hell are you!”

The Ghost King looked at Lin Ran with a hint of icy coldness deep in his eyes.

He was sure that he hadn't seen this person in front of him, and he stayed within this base all year round.

It was rare that he would go out, and the number of times he went out could be counted on one hand.

This guy actually said that he knew him, which really surprised him.

“Immortal Sound Pavilion!”

Lin Ran looked at the Ghost King and smiled blandly.

“You're from the Immortal Sound Pavilion?”

The Ghost King looked at Lin Ran and frowned a little tighter.

He had only been to the Immortal Sound Pavilion once in his life, and that time was also the time when the Immortal Sound Pavilion was completely destroyed.

“You're mistaken, I'm not from the Immortal Sound Pavilion, but we've met in the Immortal Sound Pavilion!”

“And that time, it was you who ordered the slaughter of the entire Immortal Sound Pavilion! Have you forgotten?”

Lin Ran looked at the Ghost King and laughed.

“It was you!”

The Ghost King instantly woke up.

“That day, I said that at the Immortal Sound Pavilion, I always felt that someone was snooping around in the shadows, but I never found anyone!”

“So it was you!”

The Ghost King said as his whole body's aura bitterly rose.

“Thank you, Lord Ghost King, for thinking of me!”

Lin Ran looked at the Ghost King and smiled.

“Fine! Good for you too!”

“I took the initiative to look for you and didn't see you, but I didn't expect you to find yourself!”

“Since you’re here, let’s settle old scores and new ones together this time!”

The Ghost King said as the blood-coloured robes all over his body bitterly rose.

A terrifying aura, moreover, instantly locked Lin Ran’s Heavenly Rank Puppet in place.

“Hm?”

Sensing this aura, Lin Ran’s entire body couldn’t help but be stunned.

Before they even fought, this fellow had actually locked himself in place first.

Was this a fear that he would escape?

“Kid, you can suffer death now!”

The Ghost King said as his entire body’s aura instantly erupted, and his entire body was like a stream of light rushing directly towards Lin Ran’s direction.

Lin Ran was stunned as he realized that the Ghost King’s speed was incomparably fast and he was unable to lock onto his position!

“Bang!”

The thought in Lin Ran’s mind had just appeared when a terrifying force swept over behind him in an instant.

The significant impact directly knocked his entire body out towards the front.

Even Lin Ran heard a crunching sound.

He hurriedly steadied himself to check, only to find that a gaping hole had actually been made in the back of the Heavenly Rank Puppet by the Ghost King.

“What a powerful force!”

Lin Ran was astonished in his heart.

Although his full strength strike could also severely damage a Heaven-ranked puppet, it was definitely not as fast as the Ghost King’s!

With speed as well as such a powerful attack, this was definitely an opponent that would give many people a great headache.

The book was long and the story was short, just as the thought flashed through Lin Ran’s mind.

Not far away, the Ghost King was once again coming over to kill.

The Ghost King’s speed was so fast that Lin Ran didn’t have time to think about anything else.

The instant he saw the Ghost King’s figure flicker, his entire body had already moved quickly.

The power of his entire body surrounded him, and he actually began to defend.

The Ghost King was so fast that it was impossible for Lin Ran to lock onto his position in a short amount of time.

And if he took the initiative, it would probably result in his attacks not being able to hit the other party at all.

But the other party was able to attack himself with impunity!

And this was undoubtedly a situation that Lin Ran did not want to face.

If it came to this kind of bottom, Lin Ran could be said to have been completely defeated.

All that was left was a matter of time.

“Let’s dwell on it for now and wait and see!”

Lin Ran mulled over in his mind.

And it was in this lightning flash.

The Ghost King’s powerful aura was already pressing over.

Lin Ran’s power was released in advance, so at this moment, he wasn’t afraid of the opponent’s attack at all.

The entire person instantly mobilised his power and rushed towards the Ghost King to meet him.

However, the Ghost King’s speed was so fast that although the defence gave Lin Ran time to resist.

However, the time still seemed a little tight.

Lin Ran’s attack had just half coalesced when the Ghost King’s attack had already arrived!

“Bang!”

Lin Ran’s sword aura was directly stirred up by the Ghost King’s attack almost instantly.

And the terrifying explosion directly shook Lin Ran’s Heavenly Rank Puppet backwards.

However, Lin Ran was still doing well, after all, he still had his puppet to protect him.

On the other hand, the Ghost King was even worse off than Lin Ran!

Without the protection of his puppet, the Ghost King’s entire body was blown away almost instantly in the face of such a huge explosion.

Without a physical body, his entire robe was blown apart in an instant.

An illusory grey figure was directly revealed.

Lin Ran stood up and laughed as he looked at the Ghost King that had revealed itself not far away in the sky.

“You people of the Divine Shadow Clan actually all Zhang a look alike!”

“No wonder they wear different coloured robes, this would be somewhat unrecognisable if you didn’t use clothes to distinguish them!”

“Seek death!”

The Ghost King was instantly enraged even after being blown out of his true form.

With a wave of his palm instantly the Holy War puppet next to him flew straight over.

The God Shadow clan inside saw this and directly rushed out.

Without saying a word, the Ghost King went straight into the puppet.

It was obvious that the Ghost King was also furious.

He was too lazy to tangle with Lin Ran here and was ready to finish him off straight away.

“What? You can’t beat him and you want to use a puppet?”

Lin Ran looked at the Ghost King and laughed blandly.

However, the Ghost King was simply too lazy to talk nonsense.

After entering the Holy War Puppet, the entire person’s actually instantly soared by a large margin!

If it was said that the previous Divine Shadow Clan member who controlled the Holy War Puppet was barely able to reach Lin Ran’s level.

Then, the current Saint Battle Puppet was under the control of the Ghost King.

The strength was no longer the same at all!

This strength was already far higher than Lin Ran’s, at least reaching the realm of half-step great perfection.

Even Lin Ran would have a very difficult time against such strength!

The Holy War Puppet’s eyes instantly lit up as the Ghost King’s gaze burned into Lin Ran, the killing intent in his eyes hard to conceal!

“Suffer death!”

Wonder Doctor Chapter 2237

“Seven thousand, what now?”

In the mine cave, a group of people all looked nervously at the two huge puppets fighting in the distance.

Earlier, they had been extremely happy in their hearts, after all, even the Saint Battle Golem was unable to suppress Lin Ran.

But now, once the Ghost Play was out, the situation had changed drastically.

Even the Ghost King without a puppet could fight Lin Ran’s Heavenly-ranked puppet to a standstill.

Not to mention the fact that he had a Saint Battle Puppet that was even stronger than the Heaven-ranked Puppet.

At this moment, the Ghost King could be said to be like a tiger with wings, and it was obviously not very realistic to try to fight against it with a Heaven-rank puppet.

“Don’t rush yet, Lin Ran’s strength isn’t weak either!”

“Even if we can’t beat the Ghost King’s Saint Battle Puppet, we can at least delay it!”

“We can’t let him down, or else we’ll all be sorry for anyone when the time comes!”

Seven Thousand said firmly, but his eyes were a little red.

Of the people present, if one were to say who had a good relationship with Lin Ran, it was naturally him.

Both of them were disciples of the Thunder Dignity Pavilion, and how could the relationship between master and brother be compared to others?

But in the face of a calamity, it was already very good to be able to preserve oneself.

Let alone something like Lin Ran who had almost given up his own safety!

Although Seven Thousand felt badly in his heart, everyone was an adult and he knew very well that he couldn’t be impulsive.

Otherwise, it was likely that not only would the lot of them not be able to escape, they would also become a drag on Lin Ran!

“Bang!”

As Seven Thousand and the others were thinking in their minds, the exchange of blows in front of them became even more intense.

The Ghost King with the Saint Battle Puppet had almost completely suppressed Lin Ran.

Originally, the difference in strength between the two wasn’t that great.

It was not clear who would win or lose if they really fought to the death.

But the difference between the two puppets was simply too great.

With the amplification of the puppet, the gap between the two people’s strengths was also instantly widened.

“Bang!”

With a loud bang, an instantly only a bloody shadow was seen like a cannonball as its entirety was directly knocked backwards.

“Lin Ran! Are you alright!”

White Mist asked busily.

Having been sent flying backwards in one direct hit, White Mist couldn’t help but get worried.

“It’s fine!”

Lin Ran returned, while controlling the puppet and standing up again.

“The increase in this Holy War puppet is too great, the difference between the Ghost King’s own strength and mine shouldn’t be that great!”

Lin Ran said somewhat helplessly.

If he had known this was the case, he should have just destroyed the Holy War Puppet first.

It wouldn’t have finally ended up in such a passive situation now!

“So what now!”

White Mist asked busily.

“I don’t know, let’s take one step and see what happens! If you can’t, you should go find Seven Thousand and follow them out!”

Lin Ran said.

The worst that could happen was death.

At the very least, he himself still had a doppelganger in the Immortal Realm.

But White Mist was not, and if he could hold off this Ghost King and Ran Qiqian left with White Mist, he could barely accept it!

“What are you talking about!”

White Mist said angrily.

“I’ve been born and died with you for so long, and you still want to leave me behind!”

“Now is not the time to talk about that, do you still want to die here with me!”

Lin Ran said.

“So what if I die here with you, I don’t care!”

White Mist said without even thinking about it to the second level.

“You!”

Lin Ran was at a loss as to how he should reply.

“Me what me, you’re just with the wood!”

White Mist said in shame and anger, not speaking.

Lin Ran rubbed his nose, he wasn’t a wooden head.

It was just that there were times when he selectively didn’t want to poke at things.

Because he really wasn’t capable of taking care of more people anymore.

“Watch out!”

White Mist suddenly exclaimed.

Lin Ran looked up, and as he and White Mist were talking, the Ghost King had actually killed again.

“Sword Manifestation Rising!”

Lin Ran roared, and in an instant a huge strand of sword mane had lifted up.

It slashed straight towards the Holy War Puppet in front of him.

The Ghost King was also strong, he didn't even dodge!

A large bent blade appeared in the Holy War Puppet's hand very openly.

If it wasn't bent too much, it would be just like a death scythe.

“Give me death!”

The Ghost King roared, and in an instant, the large blade in his hand slashed towards Lin Ran's sword mane.

“Boom!”

The two clashed together almost instantly as the greatsword faced the sword mane.

A terrifying explosion swept out in all directions with the two colliding as the centre.

Lin Ran and the Ghost King, plus the two puppets.

With such a powerful force, they were simply the strongest existences within this base.

The shockwave from the explosion was so powerful that no one could resist it.

Almost the instant it swept through, it razed many of the surrounding buildings to the ground.

And when the people of the Divine Shadow Clan who were still watching the scene around them saw this scene, their faces all changed.

They had no physical bodies and were all made up of soul bodies.

They didn't care about ordinary attacks.

But when faced with the aftermath of such a powerful explosion, it put them in danger.

The explosion was not just a shower of power.

There is also a loud noise and a shockwave of invisible matter.

These are the things that kill them the most!

The threat to them was also the greatest.

“Bang bang bang!”

Lin Ran couldn't even care about anything else at this moment, his Heavenly Rank Puppet was at the centre of the explosion.

The moment the explosion rang out, the entire puppet he was controlling was instantly blown backwards.

He didn't know how many buildings had been knocked down!

Even Lin Ran, who was inside the puppet, felt a tightness in his chest and almost spat out a mouthful of blood.

"Are you alright, Lin Ran!"

White Mist asked busily from the side.

"I'm fine!"

Lin Ran said as he rubbed his chest, which was still a little tight.

It was true that he was fine, but this Heaven-ranked puppet was in serious trouble.

The powerful aftermath of the explosion had actually shaken a crack out of the entire puppet.

Even one of the puppet's arms had been blown off there.

"Not a good situation! Lin Ran's Heavenly Rank puppet is about to be unable to carry it!"

The other cultivators in the mine cave all said one after another.

There was worry in their eyes.

Seven Thousand was also frowning slightly as he watched.

However, his tightly furrowed brow soon relaxed a few points.

"Don't be anxious, the Heavenly Rank Puppet is going to be unable to carry the load, but the Ghost King's Saint Battle Puppet isn't any better!"

"Hmm?"

All of them looked towards the Saint Battle Puppet.

At this glance, everyone could not help but be stunned.

They saw that the Saint War puppet that had crawled out of the rubble not far away was also riddled with holes.

Even the defensive layer on its chest had been completely shattered.

"Lin Ran had almost pierced this Saint War Golem's chest earlier!"

"This explosion was so powerful that the Saint Battle Puppet has also fallen apart!"

"This is too violent!"

The crowd couldn't help but say when they saw this.

At this point in the battle, it was clear that neither of them could rely on the puppet anymore.

Whether it was a Saint Battle Puppet or a Heavenly Rank Puppet, I was afraid that they would not be able to resist the next wave of attacks.

"We can't wait any longer, prepare to make our move!"

Seven Thousand said.

Once the two puppets were scrapped, Lin Ran and very Ghost King would inevitably come out to fight as well.

By then, with Lin Ran holding back the Ghost King who had no puppets, it would also be time for them to leave.

But that wasn't entirely the case.

After all, up to now, they didn't even know where the exit out of this base was!

If they wanted to get out, they could only find it themselves!

Without the puppet, Lin Ran couldn't even look for the exit if he fought with the Ghost King!

The method of using the puppet battle to find the exit was obviously no longer feasible!

Wonder Doctor Chapter 2238

"Good!"

One by one, the crowd heard the words and instantly disappeared into the same place.

It was obvious that they had entered within Seven Thousand's little spatial world.

Seven Thousand stood alone at the entrance of the cave, watching the situation outside, as soon as the situation outside reached the most appropriate time, he would not hesitate to let the crowd make a direct move!

....

It was too late to say anything.

Lin Ran and the Ghost King had just stood up.

In an instant, the two rushed towards each other again.

And this time, Lin Ran's eyes were clearly a little more fierce.

The fight had come to this point, and victory or defeat was actually just a matter of moments away.

A fierce look appeared in Lin Ran's eyes, and this time he didn't even bother to dodge.

He charged straight towards the Ghost King.

Both seemed intent on using this strike to end the fight.

But there are times when what people see is only superficial.

All around, whether it was the people of the Divine Shadow Clan or the Seven Thousand, were looking nervously at the situation in the field.

They all wanted to know who would get the upper hand in this clash.

However, the truth was clearly going to disappoint these people.

For just at the moment when the two extreme puppets were about to collide together.

Lin Ran and the Ghost King actually jumped out from within the puppets at the same time.

In the end, there were only two puppets clashing towards the front.

“Boom!”

The moment the puppets clashed against each other, the two puppets actually exploded directly away in an instant.

That’s right, this time it was a direct explosion.

It wasn’t a clash of power at all, but a real self-explosion!

And it was two puppets that blew themselves up at the same time!

“This fellow, he’s actually doing what I thought he would!”

Lin Ran stood in mid-air in the distance quietly watching the explosion in front of him, a smile actually appearing at the corner of his mouth.

That’s right, Lin Ran had originally prepared to detonate the Heavenly Rank Puppet.

The Holy War puppet was too great a threat to him.

If his own Heavenly Armageddon Puppet was destroyed by the other party, while the Saint Battle Puppet was preserved.

That would naturally result in a very unfavourable outcome for Lin Ran.

All he had prepared from the start, at the expense of sacrificing the Heavenly Rank Puppet, to destroy the other party’s Saint Battle Puppet as well.

He just didn’t expect that the Ghost King had actually thought of it together with Lin Ran.

One wondered what his intentions were.

The explosion in front of them continued, and this time, a full two puppets blew themselves up.

The power was simply many times stronger than the previous clash.

A large area around them was razed to the ground, and many of the pits were all buried.

This time, even if Lin Ran was defeated in the end, the impact on this stronghold was still very great. Without a few months, or even years of events, it was clearly impossible for this stronghold to fully resume functioning.

The countless people of the Divine Shadow Clan around them all went into hiding.

The Ghost King was the only one left with his eyes burning as he looked at Lin Ran.

Lin Ran also looked at him, and it was clear that both of them were waiting for the final showdown after the aftermath of the explosion had dissipated.

But what Lin Ran didn't expect was that at that moment, there was suddenly an explosion in the distance.

Then Lin Ran saw it.

In the darkness, there was a white light that shot up into the sky.

The place where the white light was located was not far from the two men.

It had previously been hidden within the third area.

And as the white light rose up, countless debris near that place actually all rose up towards the top.

It disappeared away in time.

"That's!"

Lin Ran's gaze instantly burned as he looked.

Wasn't that precisely the teleportation formation that had left this place!

"The teleportation formation has appeared, do something!"

Seven Thousand shouted busily.

And almost at the same time, the Ghost King also saw the teleportation formation and instantly rushed towards Lin Ran.

Lin Ran's eyes chilled as he saw this, and almost simultaneously he also lunged towards the Ghost King.

The two instantly wrestled together again.

At the same time, inside the ruins of the collapsed mine.

A huge puppet rose from the ground with a loud bang!

This puppet was completely different from the Heavenly Rank Puppet and the War God Interceptor Puppet.

He had a body without a head, and held a huge battle axe, looking formidable.

The aura was overwhelming!

That's right, he was the War God Sentinel Puppet that Seven Thousand and the others had secretly refined over the years!

"Do it!"

Seven Thousand roared, and instantly, he himself also immersed into the War God Tortured Heaven Puppet.

The huge puppet then charged towards the teleportation array in the distance.

"Quickly stop them!"

The Ghost King said angrily at this.

His eyes were even glowing blood red.

He knew very well that if he let this War God Interceptor puppet leave, in turn, they would really be paralyzed here.

What was most precious within a stronghold was not them, the Divine Shadow Clan, nor was it the ore material!

What was most precious was the seven thousand of these captured Immortal Realm toilers.

The God Shadow Clan was scarce, and they were simply unable to handle the heavy work.

Not to mention the fact that the job required quite a lot of manpower!

But the Immortal Realm people were different, they had gone to great lengths to capture such a small number of Immortal Realm people.

If they all ran away this time, then they were afraid they wouldn't be able to start work for years!

After all, there were still many great powers in the Immortal Realm.

For example, the Thunder Dignity Pavilion Master where Seven Thousand was, if he found out, even ten Ghost Kings wouldn't be enough to kill him with a slap!

"Whoosh whoosh whoosh!"

The two Heavenly Rank Puppets around them instantly rushed out, heading straight for the War God Sentinel Puppet.

However, the War God Executioner Puppet was the heart and soul of Seven Thousand and the others.

They had invested almost everything they had over the years into this War God Execution Puppet.

The fighting power was also more powerful than this Heaven-ranked puppet.

In just one encounter, instantly the two Heaven-ranked Puppets were directly knocked backwards and sent flying.

And the Interceptor Puppet had already rushed towards the leaving teleportation array.

"Stop right there!"

The Ghost King was instantly furious at the sight of this.

“You might as well stand still for me!”

Lin Ran shouted after him, while already blocking in front of the Ghost King!

“Bastard!”

The Ghost King saw the anger in Lin Ran’s eyes intensify.

If Lin Ran hadn’t stopped himself, he was absolutely confident that he could keep this War God Interceptor puppet.

But at this point, it was already too late to say anything.

“Bastard! None of you will be able to leave today!”

The Ghost King roared in anger as his hands fiercely lifted.

Instantly, a terrifying force rose directly around them.

It was actually some sort of formation that had been activated!

“Lin Ran is no good, it’s just a blockade formation, run!”

From afar came the voice of Seven Thousand.

Only before Lin Ran could answer, the Ghost King was laughing.

“Go? None of you can leave today!”

The Ghost King said as the great formation already enveloped towards the Interdictor Puppet.

The Interdictor puppet was so huge that there was no way it could escape!

Seeing this, Seven Thousand instantly slapped the chest of the Xintian puppet.

Instantly a black bead rushed out.

The bead was extremely fast, and all of them were inside this bead.

The bead quickly rushed out of the formation’s range and safely rushed inside the teleportation formation.

But by now the formation was also about to envelop down, and Lin Ran was obviously unable to get out!

“White mist go!”

Lin Ran urged, taking out a scroll and preparing to send her out!

However, who knew that White Mist would just rush out, looking at Lin Ran and saying angrily.

“I’m not leaving!”

“Go now! Stay and die!”

Lin Ran urged.

“I don’t care! Even if I die I’ll die with you!”

White Mist said, with even more crystal tears already flowing from her eyes!

Wonder Doctor Chapter 2239

White Mist’s words directly caused Lin Ran’s entire body to freeze.

He looked at White Mist for a long time, unable to reply.

How determined a girl had to be to be able to say something to this extent.

Lin Ran really couldn’t refute it.

However, during this moment of hesitation, the formation had fallen completely, instantly snapping the two of them inside.

“Now you won’t be able to leave even if you want to!”

Lin Ran said helplessly.

“That’s just as well!”

The white mist however laughed.

“Hey! Come on in!”

Lin Ran greeted, while shouting at Seven Thousand and the others in the distant teleportation array.

“Go!”

“Senior brother!”

Seven Thousand’s eyes had gone red at the sight of this scene.

But at this moment, the two Heavenly Rank Puppets around them were already rushing towards them again.

Without the protection of the War God Interceptor Puppet, there was no way they could be a match for these Heavenly Rank Puppets!

At the critical moment, Seven Thousand could not care about anything else, after all, he was still carrying the lives of many people on his back at this time.

“Go!”

Seven Thousand gritted his teeth, and in an instant the beads had flown towards the top of the teleportation array.

It then disappeared onto the teleportation array.

As he watched Seven Thousand and the others leave, Lin Ran’s heart was somewhat relieved.

At the very least, he was right about this senior brother.

It hadn't let them down.

As for his own situation, well, he could only take one step at a time!

"Kid! Who were you transmitting to just now!"

The Ghost King looked at Lin Ran with an icy coldness in his eyes.

At this moment, with the great formation surrounding him, the fluctuations of Lin Ran's voice transmission simply couldn't escape his probing!

"You want to know? Beat me first!"

There was madness in Lin Ran's eyes.

"Defeat you? You're nothing!"

There was disdain in the Ghost King's eyes.

"Is that so? But you didn't get any advantage either!"

Lin Ran said disdainfully.

"I don't know, do you think you're still a match for me now?"

The Ghost King said as his body moved and instantly appeared in front of the.

"How is that possible!"

Lin Ran was instantly taken aback.

The Ghost King's speed was fast, but at least there was a degree!

Lin Ran also had a rough idea of the Ghost King's speed.

But at this moment, the speed that the Ghost King displayed had completely surpassed Lin Ran's previous feeling.

His speed was clearly faster than before.

"It's a formation!"

Lin Ran's heart was startled.

This formation was the entire stronghold's sealing grand formation, and the Ghost King was within the grand formation at this moment.

Naturally, he could mobilize the power of the formation to deal with himself.

At the thought of this, Lin Ran's entire heart seized up.

Originally, without the help of the formation, he was still an even match against the Ghost King.

But now that the Ghost King was still able to use the power of the formation, wouldn't he have no chance at all.

As he was thinking in his mind, the Ghost King in front of him had already thrown a punch.

Seeing this, Lin Ran did not dare to be slow and immediately raised his hand to block.

However, at the same time as Lin Ran took the Ghost King's punch, he suddenly felt a strong aura sweeping towards him in all directions.

"Lin Ran be careful, there are more around!"

White Mist's voice also sounded out.

He turned his head to look and realised that under the Ghost King's fist, there were countless fist winds sweeping towards him in the surroundings.

That was clearly the power of the formation.

"Holy crap!"

Lin Ran couldn't help but curse even when he saw this scene.

Only as soon as his voice rang out, his entire body was instantly blasted backwards.

One punch from the Ghost King, countless punches all around!

How could this even be fought!

It could be said that at this point, with the addition of the formation, the Ghost King was simply like having five people beating Lin Ran one more at this point.

Lin Ran had no chance of fighting back!

"Do you still think I can't kill you now?"

There was disdain in the Ghost King's eyes.

Lin Ran's face was ugly as he did not reply.

In his mind, he was quickly calculating how to deal with this Ghost King!

Being in the other side's formation, Lin Ran knew his situation at this moment.

It was very difficult to escape, and it was unknown whether he could resist the Ghost King's attack!

"Go inside the puppet! Isn't there a Punisher Puppet over there!"

White Mist suddenly reminded.

"But that Interdictor Puppet's energy crystals have already been taken away by Seven Thousand."

Lin Ran busily said.

Earlier, Seven Thousand had left the War God Interdictor Puppet behind in order to get out of this formation.

But in order to take the crowd away, he took away the energy crystals.

At this moment, this War God Sentinel Puppet was like an empty shell that couldn't be driven at all.

"You go over there, I have a solution!"

White Mist said.

"You!"

"Trust me!"

White Mist insisted.

Lin Ran nodded at his words, it wasn't the time to be pretentious when it had come to this!

He immediately turned around and charged towards the War God Interceptor Puppet on the side.

The Ghost King also saw what he had in mind, but didn't care at all.

He had also seen that at that time, Seven Thousand had taken away the energy crystals of this Interceptor War God puppet.

So he wasn't worried at all!

"Now you still want to hide inside the puppet, you are really something!"

The Ghost King sneered and instantly waved his palm.

Countless strong winds swept around in all directions towards Lin Ran.

The moment the Ghost King made a move, the same attack was bound to appear around him!

Lin Ran hurriedly dodged, desperately trying to avoid the strong winds.

However, after running two steps, he realised that the strong wind did not seem to be directed at him at all.

Instead, it was aimed at the Interceptor Puppet.

Without the source of energy, the War God's Puppet was like a mass of broken iron!

It was also heavier and easier, but nothing else would work.

In the midst of the fierce wind, the War God Sentinel Puppet couldn't help but start swaying.

Seeing this, Lin Ran was busy speeding up his footwork and rushed towards the Interceptor Puppet.

Almost at the same time, the white mist actually jumped out from within the scroll space.

"What are you doing out here! Go back quickly!"

Lin Ran was busy urging.

However, White Mist was saying.

“With the Ghost King in the way, you won’t be able to send the source of energy in at all!”

“I’ll do it!”

White Mist said with a flash of his body, already rushing towards the War God Tortuous Puppet.

Lin Ran wanted to open his mouth to stop it, but at that moment, the Ghost King’s attack had already arrived again.

Countless harsh sword maces swept towards Lin Ran.

Although Lin Ran was already trying his best to resist.

But there were too many of them.

It was almost three layers inside and three layers outside, wrapping Lin Ran tightly.

But at this moment, the white mist really did it.

The Ghost King saw her and had just merely sensed her presence.

At this moment, White Mist had already arrived next to the Interceptor Puppet with the source of energy in her arms.

Without saying a word, she instantly threw the bead in her hand, towards the Interceptor Puppet.

“No!”

Lin Ran instantly became anxious when he saw this.

That bead was extremely important to White Mist.

That bead could completely absorb White Mist’s aura.

It made it as if she had become a soul body, and a soul body without breath.

Even the Ghost King would find it hard to detect her.

Even if this was placed in the Immortal World, it would be a priceless treasure!

But now White Mist had actually given this bead directly to the Interlocutor puppet.

That was quite a big sacrifice!

“Get out of here!”

The moment White Mist threw the bead out, she ran towards Lin Ran, ready to enter the scroll space.

Having lost the beads, she would also manifest.

If she was targeted by the Ghost King at the wrong time, it would be a problem!

Wonder Doctor Chapter 2240

“Get over here!”

Lin Ran also realised the seriousness of the matter.

The moment White Mist sent the beads into the Interceptor Puppet, he rushed straight towards it.

At this moment, the white mist’s figure was also revealing itself a little.

Lin Ran didn’t dare to hesitate at all.

The moment he got close to the white mist, he directly waved his hand and took it into the scroll space.

Although everything had happened in a flash of lightning.

But this was the Ghost King’s territory after all, and he was still keenly aware of the white mist’s aura.

But the white mist’s aura was only a glimpse, and it disappeared in an instant.

“There’s really someone in you, boy, interesting! Haha!”

The Ghost King instantly became even more frantic as his entire being flung several sword maces in quick succession towards Lin Ran with full fire.

These sword maces all had power condensed into them.

Invisible matter, extremely fast!

Moreover, there was also the surrounding sealing war to add to it.

It could be said that they were even faster than Lin Ran’s speed.

In addition, there were sword mists around this formation that began to rush towards Lin Ran.

Lin Ran was surrounded by sword mists in an instant.

“Pffff!”

“Tear.”

Soon, the sound of sword mangles cutting through Lin Ran’s clothes as well as not entering his body rang out.

Although Lin Ran was already going through dodging.

However, these sword maces were still like pervasive flies.

There was no way to finish dodging them!

“Lin Ran hurry up!”

White Mist’s eyes instantly fell with tears as he watched.

If this continued, Lin Ran would definitely be seriously injured by these sword maces!

He might even lose his life because of it.

“Don’t worry!”

Lin Ran gritted his teeth and said.

If he even gave up at this point, then there would truly be no way for the white mist to live at all.

Lin Ran gritted his teeth and emitted his entire body’s aura.

All the way towards the War God Interceptor puppet right in front of him, he charged forward.

Twenty metres, ten metres, five metres, three metres!

Finally when Lin Ran could feel the War God Interceptor Puppet instantly, Lin Ran’s entire body directly disappeared in place.

“Bastard!”

The Ghost King’s face became even uglier when he saw this.

He had already gone through the motions of blocking Lin Ran from approaching the Interceptor Puppet.

But he didn’t expect it to fail in the end.

Under normal circumstances, if Lin Ran wanted to sense this Interceptor Puppet, a distance of perhaps twenty meters would have been enough.

But with the Ghost King’s interference, he had gotten a full three metres closer to the Interceptor Puppet! It was only then that he was able to sense it.

From this, it could also be seen that this War God Interceptor Puppet was terrifying!

“Alright! It’s safe for now!”

As his body appeared within the Interceptor Puppet, Lin Ran also finally breathed a sigh of relief.

He was busy checking his body.

He found that an unknown number of extra wounds had appeared on his body.

But fortunately, none of them were fatal.

He could still carry them off!

And now that he had entered this War God Tortuous Puppet, it had given him a chance to catch his breath.

As Lin Ran recovered from his injuries, he quickly took over the entire puppet.

The War God Sentinel Puppet was originally on the same level as the Saint Battle Puppet when whoever was at home.

However, the design cycle was too long, so it caused it to remain the same as before when the Saint Battle Puppet was updated.

So it was always less powerful than the Holy War Golem.

But the good thing was that the Divine Shadow Clan didn't seem to have any spare Saint Battle Puppets either.

Although the Ghost King was furious at this moment, he did not have the intention of marshalling the puppets over.

"What now!"

White Mist also flew out, and asked as soon as he could clean Mu Yang's wounds.

"I don't know, let's take one step and see what happens!"

"I told you to leave before, but you had to refuse to go!"

"It's likely that we'll have to die here with me this time!"

Lin Ran said helplessly.

He really didn't want the white mist to stay.

He at least had a doppelganger, but White Mist had nothing!

If she died here, then she would really be dead.

"I won't leave! I want to stay with you!"

White Mist insisted, but there was a happy smile in her eyes.

Lin Ran was helpless, was he that good?

He shook his head helplessly, by now White Mist had almost cleaned the wounds on his body.

However, he had just stood up and hadn't had time to look around.

All of a sudden, the entire puppet shook with a start!

It shook Lin Ran as well, causing him to fall back to the ground.

"Hurry back!"

Lin Ran greeted, directly putting the white mist into the scroll space.

Only then did he get up and take control of the puppet to take a look around.

And with this look, Lin Ran's entire body immediately froze in place.

Only to see that at this moment, around the War God Interceptor puppet, at some point a huge black dragon had appeared that roamed around.

All of these gigantic dragons were condensed from breath.

The auras were exceptionally powerful.

And the Ghost King was standing not too far away, his gaze ice-cold as he looked at him!

"Roar!"

As a loud and clear dragon roar rang out, instantly the several black gigantic dragons around him charged towards him.

“Roll!”

Lin Ran raised his hand and threw a punch, blasting directly towards a black dragon that was close to him in front of him.

“Bang!”

The black dragon was directly blown over by Lin Ran as it collided instantly.

However, the power of this black dragon was also powerful.

Surprisingly, it didn't shatter.

It just sank in its body and followed and charged towards Lin Ran again.

And almost at the same time, the other black gigantic dragons around them had already reached Lin Ran!

They opened their black, bloody mouths and bit right towards the War God Tortuous Puppet.

“Ka ka ka!”

It was too late, and almost in an instant, Lin Ran felt that one of the War God Tortuous Puppet's arms and two legs.

It was actually being bitten by these huge black dragons.

He fought hard to struggle out.

However, these black dragons were trending as if they were shackles.

Firmly holding him in place, the War God Interceptor Puppet was unable to pull himself out at all.

“This is troublesome!”

Lin Ran's heart instantly sank.

Being entangled by the black dragon, he couldn't break free at all.

At this point, there was only one hand left that was free to move as well.

“Get the hell out of here!”

Lin Ran roared, and the one hand that could move freely instantly condensed a seven-coloured sword aura.

He wanted to slash these black dragons apart.

But just as the sword mane had coalesced, the black dragons that had been split apart by himself before had already killed them.

“Roll!”

Without saying a word, Lin Ran directly slashed his sword into the mouth of this black dragon.

But this black dragon was also formidable, it actually bit off the seven-coloured sword mane in an instant.

At the same time, the entire dragon body fell down towards the bottom.

One wave had not yet subsided and another wave had started.

The next moment, another huge black dragon actually rushed out from the side.

Before Lin Ran could react, it had instantly bitten down on this last arm of Lin Ran.

“It’s over!”

Lin Ran’s heart sank at this moment.

At this moment, the entire War God Interceptor Puppet was already completely held by these black gigantic dragons, unable to break free.

Even though Lin Ran was already struggling desperately.

However, it was of no use at all.

And soon, Lin Ran couldn’t feel the ground anymore.

He was busy looking around him and actually found himself being bitten by these black dragons and left the ground.

Flying towards mid-air.

“Earthly Purgatory! Arise!”

Suddenly, the Ghost King’s silent voice rang out once more.

Almost at the same time, Lin Ran was shocked to see.

All those black gigantic dragons had actually transformed into a long white whip.

Heck, they were none other than the divine Shadow Clan’s sharp weapons that targeted divine souls!

Moreover, several of those black gigantic dragons had even converged together and turned into a long white whip as thick as a heavenly thunderbolt!

“Kid! Enjoy what it means to be in purgatory on earth!”

The Ghost King laughed with madness in his eyes!
