

Chapter 2235– 2236 of A Dish Best Served Cold Novel

Chapter 2235 Who Was Provoked?

“Xu He, now do you still feel that there is power to make me kneel and beg for mercy?” Mark stood with his hand held between the sky.

The sound of majesty and domineering, like thunder, swept the Quartet.

Behind him, there are clouds moving from all directions.

Under the feet, the lake was churning.

Mark stood in the void and walked across the sky.

Mysterious and majestic, just like a god!

At this moment, Xu He and others were completely frightened.

In my heart, there was only endless panic and tremor.

Especially seeing Mark standing in the void, not afraid of the miracle of guns, the thousands of people in front of him were almost frightened.

“God, he...who did they provoke?” People in the summer are most afraid of ghosts and gods.

Most of the people in the field are ordinary people who eat grains and grains, and they don't know the martial arts, let alone the power of the titled master.

In their eyes, Mark's methods of standing in the void and not afraid of guns are gods.

In front of the ghosts and gods, the so-called three thousand soldiers, all the sharpness and ferocity before, undoubtedly fell apart in an instant.

In my heart, there was only endless panic and tremor.

Even some superstitious people dropped their weapons long ago, kneeled on the ground, and bowed their heads to Mark for mercy.

“Daxian is here, I didn't intend to offend.”

“It was General Xu who instructed us to do it, it has nothing to do with us.”

“The wrongdoer, the debtor.”

“If Daxian retaliates in the future, go to General Xu.”

“Our old Wang family has a single pass for three generations, I can’t die~”

Among the crowd, someone knelt down and begged for mercy.

The voice of sorrow and trepidation could not help sounding.

Panic is contagious.

As the first man panicked and begged for mercy, soon, the second, the third, and more and more people put down their weapons and bowed their heads to the man standing in the void in front of him for mercy.

“a*shole, what are you doing?” “For soldiers, how can you surrender without a fight.”

“How can you put down your weapons?” “Get me up!” “Don’t kneel.”

“Shoot me, give I fight.”

However, Xu He was unwilling to accept defeat.

Even if he saw Mark’s celestial means, he still shouted stubbornly and viciously.

He never believed that there would be ghosts and gods in this world.

He paranoidly believes that this is all Mark’s delusion.

Therefore, he was still commanding loudly.

He shouted over and over again and let his soldiers shoot.

Xu He even went to kick and kick, beat and scold those who were kneeling and bowing their heads.

“A bunch of counsellors, Xu He despise you.”

“I despise you!” “Get up and get me up~” “Trash, you trash.”

“A stinky bastard scared you into this picture. What?” “You won’t get up for me?” “Fight for me!” “Otherwise, I will kick you to death~” Xu He’s eyes were red, as if he was crazy, and he roared sharply.

However, the clay figurines also have three points of anger, not to mention the group of strong soldiers?

After being violently beaten by Xu He one after another, several of them directly exploded and slapped Xu He's face directly with a slap.

"Damn!" "Shall I go to Nima?" "Fighting?" "You are paralyzed in the battle~" "Are you blind?" "Haven't you seen anyone invulnerable?" Several soldiers scolded angrily.

Xu He was immediately stunned.

Chapter 2236 Kneel down and speak!

"You...you dare to hit me?" "You scumbags, how dare you deal with this general?" "You are so brave!" Xu He swollen face, black face screamed.

He never thought that one day, a few recruits would be beaten in the face.

However, as soon as Xu He's words fell, it was another person who kicked him directly, kicking Xu He directly for several meters.

"Go away!" "You want to die, we don't want to die with you."

Many people scolded angrily.

Xu He was a general of the Gritsberg Military Region, and these soldiers were all seconded by Xu He from the Noirfork Military Region.

Therefore, Xu He is naturally not much dignified in the hearts of everyone.

Before life and death, his family can't care about generals or generals. It's important to save lives.

Therefore, after kicking the Fei Xu He, everyone once again begged Mark for mercy.

"Daxian, spare my life~" "We really have no intention of offending. It was Xu He who mobilized our Noirfork Military Region troops just to avenge his personal revenge and used the relationship."

"Otherwise, we will never provoke you if we kill you. ~" At this time, the person who was speaking was a person with the rank of colonel, who seemed to be the head of the regiment.

The colonel was obviously terrified.

Before coming, Xu He only said that he would deal with a black and evil force, just a group of mobs, and he could easily destroy it.

But is this a mob?

This is a god in the sky!

Not to mention the means of flying from the sky, it is the ability to not be afraid of guns, and it is not something they can provoke.

The colonel had no doubt that if he angered the man in front of him, he had three thousand soldiers and horses under his command, and he was afraid that few of them could go back alive.

“Ciao!” “This time I will be killed by Xu He’s bastard~” Colonel Wang Dongsheng felt regretful.

He thought it was just a simple task of suppressing bandits, but now it seems that they have stabbed the sky.

But when Wang Dongsheng was panicked, Mark’s gaze was looking over.

He raised his eyebrows and asked coldly: “You said, you are from the Noirfork Military Region?” “Yes...”

Yes, I am Wang Dongsheng, commander of the 258th regiment of Noirfork Military Region, and I happened to practice near here a few days ago.

“It’s all Xu He, relying on the relationship, forcibly mobilizing us into the city, and attacking you.

“To get revenge, you find Xu He, it really has nothing to do with our brothers.”

“Is this really a misunderstanding?”

“Wang Dongsheng’s old face was pale, and he said with trepidation. He was about to cry. “Misunderstanding?”

“You messed up my wedding banquet and made me clean. Is it a misunderstanding?”

“You let a thousand army besieged and threatened to kill me, is it a misunderstanding?”

Mark asked sternly, repeating a few words as if the thunder exploded. There was a torrent of anger, but Wang Dongsheng’s eardrum buzzed, and his old face became paler. “I...I...”

Wang Dongsheng seemed to have to explain. But Mark no longer had the patience. His eyebrows were cold, and his power was suddenly released. Then, he looked down below and shouted angrily: "Kneel down and speak!"

"Boom~ The sound is like thunder. At the moment when Mark's words fell, everyone only felt that an invisible majesty, like a surging river, swept out. In an instant, Wang Dongsheng and others were like Mount Tai overwhelming, like being hit hard. In the end, they were embarrassed and oppressed, and all the soldiers all over the city knelt down under Mark's majesty! "And you, kneel down for me too!"

Mark drank again. In the void, I saw Mark waved his sleeves, and a burst of vigor suddenly came out. Then, with a scream, Xu He's knees shattered directly, blood was soaked, and his muscles and bones cracked. In the sound, Xu He, who was not alive before, knelt down at Mark's feet with such helplessness.
