

Chapter 2237– 2238 of A Dish Best Served Cold Novel

Chapter 2237 is nonsense?

“Ah~” Your Excellency HaiDollar, Xu He’s screams reverberated.

However, no matter how hard he struggles, there is no alternative.

Mark’s majesty is just like Mount Tai, crushing him fiercely.

He knelt on the ground, and the red blood penetrated his knees, staining the ground under his feet.

Not only him, at this time, even the three thousand soldiers behind him kneeled to the ground.

Everyone knelt there with panic and fear.

Under Mark’s surging majesty, these people only felt their hearts trembled, but they didn’t even have the courage to look directly at Mark.

“This~” “This...this...”

“Is it so strong?”

“Your Excellency HaiDollar, Ericson and others have been dumbfounded. Greg Shen even called out directly. “F*ck!

“Mr. Chu is too awesome, right?”

“Stand up in the void, not afraid of guns.”

“Now that one drink of the prestige makes Qianjun bow down!”

“What a little cow is sitting on a bomb, it’s going to blow up~” Greg Shen was surprised and happy, hiding behind and screaming. Xia Xue on the side also showed a relieved look, facing Ye in his eyebrows. Fan’s admiration is even stronger. “I know, Mr. Chu, you must be no ordinary person.

Xia Xue smiled, and in her beautiful eyes, there was boundless brilliance. Not only these juniors, it was Chen Ao, and the whole person was suddenly stunned. He knew that Mr.

Chu was powerful, but he did not expect that Chu The strength of the gentleman is so strong. Three thousand soldiers and horses, unexpectedly can't match the power of his drink? Moreover, Mark can still stand in the void with a mortal body, not afraid of guns. "Mr. Chu, this is yours. Rely on?"

"Is this your trump card for not fearing the Xu family or the Lu family?"

Chen Ao's eyebrows were condensed, and he spoke in a low voice. In his heart, it was difficult to calm down for a long time. The scene before him was beyond Chen Ao's expectations. A few minutes ago, he thought that this time, Mark would be dead. But now I look at it. Come, he is unreasonably worried. Mark is right, he has the power to fear tens of thousands of people. But, what about? Today, Mark let these thousands of soldiers bow down, undoubtedly completely offend the military and offend the country. So next, what Mark will face is undoubtedly more fierce revenge. What's more, according to Chen Ao's understanding, Xu He's position in the Xu family is barely ranked in the top three. Today Xu He is damaged. In Mark's hands, under the new hatred and old hatred, the next Xu family's revenge will undoubtedly be even more fierce. "Mr. Chu, it's still too impulsive~" Thinking of this, Chen Ao shook his head and sighed. The worry in his eyebrows. , Did not dissipate the slightest, but became richer. "Huh?"

"what happened?"

"Are these soldiers crazy?"

"Why did you kneel down suddenly?"

"

"Aren't they supposed to enter the arena forcefully, and flatten the madmen of Your Excellency HaiDollar?" Not far away, Ferguson Wu, who had been waiting for the fall of Mark, was undoubtedly stunned after seeing the scene of Qianjun kneeling down.

A pair of old eyes, staring huge!

Can't believe the scene at hand.

Under doubt, Ferguson Wu immediately sent someone to the front to investigate the situation.

Soon, someone hurriedly reported: "Wu... Wu Shi, it's Mr. Chu."

"It's Mr. Chu, forcing Qianjun to bow down!" What?

After Ferguson Wu heard it, he almost jumped out in shock.

"Are you nonsense?" "Then Mark, no matter how powerful it is, it's just one person."

"How could he make Qianjun bow down?!"

Chapter 2238 Not Enough!

“Also, what about Xu He?” “Isn’t he a general?” “What about others?” Ferguson Wu asked anxiously.

The subordinates said with trepidation: “Wu Shi, General Xu... He was kicked off by Mr. Chu, and he also kneeled down and bowed his head to worship.”

Boom~ Like a thunder.

After hearing that Xu He was also forced to kneel, Ferguson Wu’s old face turned pale.

The brain buzzed.

“Why... how could this be?” “This... so many people, actually...”

Why can’t he be alone?

“What is the origin of this Mark?”

“Ferguson Wu finally panicked. He had thought that Xu He led a thousand troops to besiege The Twinfill and get rid of a Mark. It was not easy to come by. But now, the fact is that he slapped him in the face severely. He suddenly regretted it. He didn’t know whether he chose to stand on the opposite side of Mark, whether he was right or wrong. When everyone was panicked, Mark, who was standing in the void, slowly fell. He doubled. Foot, step on the ground again. Just like this, walk towards Xu He. A cold laughter sounded quietly. “Now, I will kill your nephew, humiliate your family, and let you kneel down to beg for mercy, can you convince?”

“Mark’s words were cold, and his words were like knives. Every time he said a word, he took a step forward. The last long drink, like thunder, quietly exploded in the world. The rising wind rolled up the roadside. Three thousand fallen leaves. In the presence, Mark alone was the one who dared to speak to a general with tens of thousands of troops. Under Mark’s majesty, Xu He at this time was embarrassed and embarrassed. Dog. However, after all, it is also a general. Even if Mark is forced to kneel down, he still laughs grinningly. “Haha~” “Standing in the void, not afraid of guns, sounds like Taishan~” “Good Mark, okay A Mr. Chu.

“No wonder you dared to speak wildly before, not afraid of the Lu family, not afraid of the Xu family, not afraid of my thousands of troops.

“It turns out that this is what you rely on!”

“But, brat, you can scare others, but you can’t scare me.

“Wang Dongsheng’s group of idiots respect you like a ghost, but in my opinion, you are still just an arrogant clown.

“If I expected it, you should be a warrior like Wei Lao, right?”

“Wei Lao has the strength of one enemy and one hundred in the army.”

“You can kill Wei Lao, and you can’t attack one thousand, but it’s normal.”

“But, don’t you think that relying on this brute force will scare me, scared my Xu family.

“My brother is the leader of Jiangbei, guarding one side.”

“My father is the founding officer of the country and the father of the Yanxia Special Forces.”

“Even if we retreat behind the scenes, the three strongest special teams in the summer are still obedient to my father.”

“It is the chief coach of the three services, the king of soldiers in the summer, Long Baichuan, who are in awe of my father.”

“We The powerhouse Xu family can mobilize is like a cloud, with energy far beyond your imagination. When I return to Yenching, the martial arts powerhouse among the three armies will be mobilized and killed by you!” Even now, Xu He still has none. The meaning of yielding.

Instead, he used his father and brother’s power to threaten Mark.

Mark suddenly smiled after hearing it.

“Let your brother command a million soldiers, and let your father have high morals.”

“But unfortunately, just relying on these to suppress me, Mark, is not enough!”
