

## Chapter 224

The afterglow of winter lengthened their shadows. Zhang Fan and Shaohua walked hand in hand on the riverside road, warm and sweet. The pressure of life in his youth and the sudden system after graduating from university make Zhang Fan who had a little mind more introverted. Without Shaohua's care and love this year, it is estimated that Zhang Fan's mentality is definitely not as peaceful as it is now.

Shao Hua's warm confession suddenly made Zhang Fan feel like an unparalleled hero. Women are really the eternal driving force of men. There is nothing wrong with the old saying. Behind a successful man, there must be a woman who makes a silent contribution.

After Zhang Fan and Shaohua established their relationship, Zhang Fan almost became an uncle. Dressing up, Shaohua has asked Zhang Fan to clean up his body and face. It's cold, thicken his clothes, and his hair grows, urging him to have a haircut. Zhang Fan is busy. He is really busy. He didn't care about these before.

Men are like this. After all, there are still a few who are particularly delicate, and most of them are careless. Zhang Fan has already handed over his salary card to Shaohua, and the income from going to the cave has also been turned in, because he is not good at financial management. In the past, his living standard was not high, he didn't even have a wallet, and his cash was so casually loaded that he didn't have much money. But from the outside, it seems that there is a certain amount of money!

Shao Hua specially bought Zhang Fan a black wallet and regularly arranged the money in the wallet to Zhang Fan in order of size, because Zhang Fan's wallet became a mess again last week.

Although these are small sections, we can also see a person's quality of life. In the past, Zhang Fan never picked a meal and had no conditions to pick it.

Zhang Fan is not thin, because he is strong after long-term exercise. He doesn't have a good body in surgery. He still can't do it. Shao Hua prepared a lot of clothes for Zhang fan according to his own vision and Zhang Fan's favorite style. Shoes are also very comfortable and fit. Now Zhang Fan probably doesn't know how big clothes and pants he wears, because he doesn't have to worry about all this.

Such a girlfriend, what do you want!

Life is like this. They support each other and go on slowly. Only plain life can sublimate love. Only love without life is passion. When the hormones fade, the rest is chicken feathers.

Holding Shaohua's small hand, soft, Zhang Fan walking on the road is facing the wind, but his heart is hot, "that ~"

"What?" Zhang Fan was a little embarrassed to say, so he hesitated.

"Isn't it, that, that needs to propose! Do you want the diamond ring and the testimony of your friends? " Zhang Fan, who said these words, blushed rarely!

"Fool, as long as you always have me in your heart, I'll be satisfied!" Shaohua knows Zhang Fan very well now. She doesn't know the extent to which Zhang fan can develop in the future, but Zhang Fan is very clear about how dull and introverted his feelings are.

This is not the character to win by romance. There is no need to force him to do anything that can please himself. Moreover, Shaohua is very relieved that Zhang Fan. People are so complex. When they have not determined the relationship, they very much hope that their future men will be so romantic and natural. But when they are really together, they begin to hope that their men will be dull forever.

"Your emotional world can only be opened by me. For the rest of the time, please close it!" I guess that's what most people think.

"Do you like a gold ring or a platinum diamond ring?" Zhang Fan still never forgets. No matter how dull he is, he knows that this is very important to women.

"Hehe! What do you say, if you decide for me, you want to buy me that. " Shaohua is also naughty. She teases Zhang Fan. It's not that Zhang Fan is stupid. He wants to say something in front of his lover. After all, he is still young. After marriage, let Shaohua practice him for a few years. Zhang Fan will know that he still needs to have speaking skills with his lover!

"Well, in fact, I don't think platinum is very valuable. Isn't it titanium alloy? There are a lot of steel plates and titanium alloys in our hospital, but gold is different. You see, now rich bosses are a big gold chain!"

"Ha ha! You're killing me! My silly egg! " As he spoke, Shaohua grabbed Zhang Fan and kissed again. "Do you think I'm wearing a very thick gold ring to show that you have the ability, don't you?"

"No, you see, many people in the street carry gold."

"That's aunt! A beautiful young woman like me should wear a thin platinum necklace and then a small platinum diamond ring. People know at a glance that she is an intellectual woman. And a married

woman. Do you understand? " Shaohua walks backwards facing Zhang Fan, and Zhang Fan stretches out her hands to prevent her from falling.

"Oh! Yes, you know a lot. " Zhang Fan said that, then put his mouth together and wanted to kiss Shaohua, "Bo!" Shaohua kissed Zhang Fan.

"Jing Shu is coming in a few days. Do you have time? I want to take her around." The relationship between Jing Shu and Shao Hua is getting better and better. Shao Hua is also very concerned about Jing Shu, from food and clothing to learning, from learning to love. In the past, Zhang Fan called Jingshu 1000 a month. Now Jingshu's living expenses are called by Shaohua, 1500, and he also sends something to Jingshu from time to time.

"I don't think so. The director of anorectal Department ~ well, I have to go on a trip." The atmosphere is so good that Zhang Fan doesn't want to ruin the atmosphere because of other people's things.

"Well! Anorectal department, is it the Department that specializes in hemorrhoids? "

"Well! What you said is almost the same. "

"God, you must wash your hands ten times when you come home."

"Well, how about wearing gloves."

"I won't listen, I won't listen. Stop talking and want to spit me out! What should you do if you don't have time? Jing Shu has a good holiday. She can't stay at home. "

"What about that?"

"Uncle and aunt, are you sure you won't come to the frontier for the new year this year?" Shaohua thought for a moment and asked.

"Ah! Let fortune tellers deceive them. They really believe it. " Zhang Fan said a little depressed.

"It's all right. This kind of thing still needs to follow the old man. It's not a big deal. My uncle and aunt don't come, or I'll take Jing Shu to Thailand. Jing Shu is so big and hasn't been out much. Now our conditions are fairly good. We should let her see the world more. "

"Can't you go abroad at home? Is it safe in Thailand? You two girls." Zhang Fan hasn't been out. His information about foreign countries comes from TV. On TV, there is either war here or riots there. Anyway, I feel it's unsafe outside.

"Ha ha! I underestimate us. I've been there once. It's a pity that you don't have time, otherwise we'd better go together! It's really comfortable over there. The fruit is super delicious. Unlike us, bananas taste like radishes! "

"Well, look first." Zhang Fan really doesn't want them to go. He's really worried about the two girls.

"I've decided to take Jingshu to Thailand. Don't worry. I'll report to the largest and safest tour group in China! I just like you care about me so much! Come on! Boy, let the queen kiss you! "
