

## Wonder Doctor Chapter 2241

“Lin Ran!”

White Mist was also anxious when he saw this.

“Don’t worry, I can carry it!”

Lin Jean shouted, his eyes equally red at this point, clearly ready to die by fish.

The War God Tortuous Puppet was wrapped around the huge white whip, and there was no way he could pull himself out.

There was also such a huge white whip in front of him.

Just looking at it made Lin Ran’s divine sense tremble a little.

This long white whip was made of some unknown material and specifically targeted one’s divine sense.

Lin Ran was so powerful that he had no resistance in front of this kind of long white whip, let alone other cultivators.

Back then, when Lin Ran had just arrived in the cultivation world, he had been subdued by a group of people who were not as strong as him, using this white and long whip!

And at this moment, this long white whip was far stronger than those before, both in terms of its aura and form!

“But Lin Ran!”

“Don’t say anything!”

White Mist was worried about Lin Ran and wanted to speak, but was stopped by Lin Ran.

At this point, White Mist couldn’t help any more.

Seven Thousand and the others had already left, and although White Mist had a treasure pearl that could hide his form.

But Lin Ran was unable to do so.

If this War God Interceptor puppet was also broken open, there was almost no way to survive taking Lin Ran.

Of course, if the Ghost King thought highly of himself and didn’t use the long white whip.

Then they could still have a fight.

But things had developed to the bottom of the present day, and the cultivators captured from the Immortal World had almost run out.

Under such circumstances, the Ghost King probably couldn’t possibly play slowly with Lin Ran!

After all, this base was considered completely ruined, leaving aside for the moment how long it would take for the capturing to return to its previous level.

The wreckage inside the base alone would be absolutely impossible to recover without three to five months of cleanup!

The Ghost King was also furious at this point.

Without saying a word, his palm waved and instantly the long white whip in the sky came straight at Lin Tian.

“Bang!”

The huge long white whip, like a divine whip, instantly blasted at Lin Ran’s body.

Even though he was hiding within the War God Interceptor Puppet.

However, when this whip went down, Lin Ran still felt his entire divine soul tremble!

The surface of the War God Tortured Heaven Puppet was even instantly dented by the long white whip.

“Ah!”

The sharp pain above his divine soul caused Lin Ran to instantly let out a miserable cry.

It felt as if the divine soul was laid bare in front of the other party.

There was no point of defense at all.

“Lin Ran!”

Hearing this Lin Ran’s miserable scream, White Mist’s tears instantly came down.

“I’m fine!”

Lin Ran gritted his teeth, but these words were clearly not convincing in any way.

“Bang!”

“Ah!”

Followed by another miserable scream instantly before Lin Ran could react!

And this time Lin Ran even collapsed his entire body directly onto the ground.

Holding his head and looking incomparably painful!

“Lin Ran! Lin Ran!”

White Mist couldn’t hold back any longer and flew straight out of the scroll space.

Trying to help Lin Ran up from the ground.

But at this moment, the intense pain coming from Lin Ran’s divine soul made it incredibly difficult for his entire being to even think.

Not to mention getting up from the ground.

“Bang Bang!”

Followed by two more loud thuds from outside.

Being inside the puppet space, White Mist could see that some parts of the War God Interceptor puppet had been punched out with a dent.

These dents looked shocking to the eyes.

This was still within the puppet, if it had hit Lin Ran directly.

White Mist didn't even dare to think about the consequences.

The power of this great sealing formation was too powerful.

Lin Ran was trapped here, there was literally no chance of him escaping!

"Lin Ran, how are you how are you!"

White Mist held Lin Ran in her arms, her tears already wetting her clothes.

But it was as if Lin Ran couldn't hear.

The whole person was holding his head and his eyes were full of blood.

"Leave me alone and go back!"

Finally, Lin Ran uttered a word.

But this voice, however, was all shaky from the pain.

"You are like this, where am I going!"

The white mist said tears did not yo voluntarily flow down again.

And at this time in in outside, the Ghost King is relentlessly striking the War God Interceptor puppet.

At this time, he had already known how many whips had fallen.

The countless whips seemed to be hitting a huge lump of iron.

The entire War God Tortured Heaven Puppet had changed its shape.

In some places, it was no longer even distinguishable from what it actually was.

Lin Ran's divine sense also began to become more and more depleted from the constant whipping.

He had all the power in the world, but there was nowhere to use it.

"I want to get out, I want to get out!"

Finally White Mist couldn't take it anymore and got up and shouted.

She wanted to go to the Ghost King and find him to negotiate with Lin Ran.

But where would Lin Ran agree!

"No going!"

Lin Ran violently opened his eyes, which were now filled with blood.

“Lin Ran you!”

White Mist looked stunned.

“I can resist, but you can’t go! If you go, you’ll be completely dead!”

Lin Ran said angrily.

“But if I don’t go you’ll be dead!”

White Mist said.

She had absolute confidence that she could convince the Ghost King.

But for that she would have to pay a lot as well.

“No going!”

“Lin Ran looked at White Mist with determination in his eyes!”

“If you trade your life for mine, then I’ll die on the spot to show you!”

Lin Ran said angrily.

However, it was the Ghost King who seemed to be able to hear their conversation in general.

As soon as Lin Ran’s words fell, a loud “bang” was heard.

Then blood flowed out of the corners of Lin Ran’s eyes.

The impact of this blow caused his entire body to fall to the ground in an instant.

The attack on his divine sense caused him to faint to death.

“Lin Ran!”

White Mist burst into tears at the sight of this.

She couldn’t take it anymore and placed Lin Ran on the ground and rushed straight out of the golem.

“Ghost King! Stop! I want to talk terms with you!”

White Mist said angrily, at this point the white balls in her palms were clacking in her grip!

It was obvious that an unknown amount of strength had been used.

“Who are you? Show your true form!”

The Ghost King had anger in his eyes as he looked ahead.

He could feel the other party at this moment, but could not see them, which made him extremely annoyed in his heart.

“It doesn’t matter who I am, I want to make a deal with you, let him go! Tell me what you want!”

White Mist said in a cold voice.

“You are very confident? But you seem to have got it wrong!”

The Ghost King said with a flip of his palm, and instantly gave another whip towards the War God Interceptor puppet below!

“Bang!”

“Left hand!”

There was anger in White Mist’s eyes!

“I said it was you and the negotiation of terms!”

“Make a deal with me? Then reveal your true form first, or else there will be no negotiation!”

There was coldness in the Ghost King’s eyes!

“You!”

White Mist was so angry that he gritted his teeth.

But after a moment of contemplation, he did as he was told!

The moment the White Mist revealed its form, the Ghost King directly froze as he looked at it.

His entire body actually trembled as he looked at the white mist in front of him.

Faintly, Lin Ran could clearly hear the Ghost King shouting in anger.

“Chaos Clan! You’re a Chaos Clan! I’ve actually come across a Chaos Clan, haha I’m going to rise I’m going to rise!”

“Let him go!”

White Mist looked at the Ghost King and said in an angry voice.

“I can let him go, but you have to come with me! And no resistance! Make a blood oath and be my slave forever!”

The Ghost King smiled, with madness in his eyes!

### **Wonder Doctor Chapter 2242**

“Chaos clan? Slave girl?”

Lin Ran vaguely heard these conversations.

The Ghost King listened as he lowered the whip in his hand, and his divine sense was rapidly recovering.

Just what race was this Chaos Race? Why did the Ghost King want White Mist to be his slave girl?

For someone with the status of the Ghost King, how many slave girls did he want to find.

Why did he want White Mist to be his slave? And he had to make a blood oath?

This was obviously something not quite right.

“How? As long as you can agree to my request, I can let him go immediately!”

There was anticipation in the Ghost King’s eyes.

“You’re dreaming, I can promise you everything else except this!”

White Mist said in a cold voice.

If he agreed to be his slave girl, wouldn’t he be finished.

Moreover, White Mist also had a vague feeling that she would instinctively resist when facing the Divine Shadow clan members.

I don’t know why, it was the sight of all these people of the Divine Shadow Clan that made her feel disgusted from the bottom of her heart!

“The others? I think you’re mistaken, I’m not interested in the others!”

The Ghost King laughed blandly, but his tongue unconsciously licked the corner of his mouth, with greed in his eyes.

Others did not know the details of the White Mist, but he did.

As long as he could capture White Mist and make her his slave girl.

Then his status within the Divine Shadow Clan would also soar in an instant!

How could he be in such a small place, a caretaker!

By then, he might even have a place at the core of the Divine Shadow Clan!

However, he also knew very well that it was definitely very difficult to catch a Chaos Clan member.

If he hadn’t come across one here and had such a good chance, he would have never dared to think about it.

“I’ll say one more time, if you want me to let him go, make a blood oath or you’ll wait to collect his corpse!”

The Ghost King looked at the white mist, with a cold smile on his face.

“You!”

White Mist was furious, but it was obvious that the Ghost King was determined.

“Don’t! Don’t promise him!”

Lin Ran suddenly spoke.

However, his voice was so small that he couldn’t even transmit his voice.

How could the white mist possibly hear it.

“I’ll only give you a minute to think about it!”

There was a cold smile in the Ghost King’s eyes, and his hand, hidden in his black robe, didn’t know what he was fumbling with!

White Mist didn’t say a word, looking at the Ghost King with a tangle in her eyes.

She knew very well that if she agreed to the Ghost King, then she would be completely finished.

But if she didn’t say yes, Lin Ran would be finished!

“Don’t be fooled, I almost destroyed this place, even if you agree to him, he won’t let me go!”

“When the time comes, what will you be able to do as a slave!”

Finally Lin Ran’s voice came out into White Mist’s ears.

Hearing it White Mist’s entire body instantly burst.

“I still say the same thing, if you dare to promise him, I will immediately die for you!”

Lin Ran said at last, really not having the strength to be talking!

White Mist looked at Lin Ran, pursed his lips, and finally nodded his head.

And seeing White Mist nod, the Ghost King’s face went icy cold in an instant.

“You dare to refuse!”

The Ghost King said with a wave of his palm, and the long whip in mid-air was already waving once more.

And at the same time the white mist’s figure was gradually dissipating.

It was obviously ready to hide again.

“Want to leave! It’s too late!”

As the Ghost King said that, the palm of the whip fiercely gripped, and the White Mist was shocked to find that a white barrier had appeared in the space around him.

This white barrier was like a cage.

It actually enveloped her.

“You, Ghost King!”

White Mist’s face turned red with anger when she saw this.

He had negotiated a deal with him himself, and this fellow had actually backstabbed himself.

“Humph! Expecting you to submit to Laozi, it’s impossible to even think about it Fortunately, Laozi had the means to do so long ago!” , the

Ghost King laughed to.

“Bang Bang!”

The white mist tried to attack the barrier twice, but found that it was extremely strong.

It was simply impossible to break it!

“Now, even if you don’t want to, I will capture you and forcibly turn you into a slave!”

The Ghost King had greed in his eyes.

And Lin Ran’s entire being instantly became furious when he heard this.

The respite given by the Ghost King for a moment had slightly improved his divine sense!

“Get the hell out of here!”

Lin Ran roared in anger as he manipulated the War God Sentinel Puppet straight towards the Ghost King.

However, at this moment, the War God Tortured Puppet had already been completely disfigured.

The arm was directly missing even the palm of the hand.

Only a sharp arm was left alone.

Lin Ran’s entire body’s aura erupted and he instantly charged towards where the white mist was.

“Bang!”

The War God Interceptor puppet’s sharp arm instantly smashed the cage imprisoning the white mist to pieces.

But almost at the same time, the Ghost King had already arrived and raised his hand to grab the White Mist.

Seeing this, Lin Ran directly used the puppet’s body to forcibly block the Ghost King.

At the same time, the spatial scroll instantly powered up and sucked and pulled the white fog in.

“Lin Ran!”

White Mist exclaimed, but before he could finish his sentence, he heard a “bang” instantly.

In the next moment, the body of the War God’s Interdictor puppet was instantly split in two.

The body of the Hunting Heaven puppet had actually been cut off by the Ghost King with a long whip.

“Lin Ran how are you!”

White Mist busily asked.

“It’s fine, no matter what happens! Don’t even go back out! If you don’t go out, you can still have a chance of survival, don’t forget that my senior brother has already gone out!”

“Thunder Zun knows about this place and will definitely come to save us!”

Lin Ran said, knowing that time was short, so he was keeping it short!

“But if I...”

White Mist wanted to say something, but was cut off by Lin Ran.

“I won’t die! As long as I don’t die, he’ll never be able to enter!”

Lin Ran said as his palm instantly emitted a seven-coloured light.

The light quickly enveloped the entire Interceptor Puppet.

It made the entire body of the Interceptor Puppet look like it had turned into a seven-coloured colour.

“Lin Ran you!”

White Mist’s eyes instantly burst into tears when she saw this.

She was also a cultivator, so how could she not understand what Lin Ran was doing!

He was using his own life essence to block the entire puppet.

As long as he didn’t die, the puppet couldn’t be breached!

The white mist was safe inside!

But all the same, to maintain this formation, Lin Ran was consuming his own life force every moment.

It was fine for a short period of time, but if this went on for a long time, Lin Ran’s life force would be drained alive!

And when that happened, even the Da Luo Golden Immortal would not be able to save him!

“Do as you’re told! Go somewhere else!”

Lin Ran finally looked seriously at the white mist for a dark moment.

And at that moment, outside, the Ghost King had already been slapping the long white whip on the War God Tortuous Puppet repeatedly out of annoyance.

The New Heavenly War God puppet was blocked by a large formation, so the Ghost King could not enter!

However, the long whip was able to continuously blast at Lin Ran’s divine soul.

It caused his entire being to suffer!

“I know!”

White Mist finally nodded, and with a wave of his palm Lin Ran sent her into the scroll space!

He didn’t want White Mist to see his wretched appearance.

He was afraid that then this ninny would go out and do something stupid again!

“Bang bang bang.”

The Ghost King outside was annoyed and angry, and the long white whip kept smashing on top of the loss.

And in the face, Lin Ran was not well off either.

The whole man was curled up on the ground, holding his head in pain, wondering how much longer this situation was going to go on!

Nor did he know when the two of them would be saved.

Or maybe they would never get out in this lifetime!

### **Wonder Doctor Chapter 2243**

There was anger in the Ghost King's eyes, but there was nothing he could do other than to keep whipping the War God Interceptor puppet with his long white whip!

"Do you really think that you can survive just like that?"

"Men! Give me a beating! Don't stop for a minute!"

The Ghost King said angrily, and several people from the Divine Shadow Clan immediately rushed over next to him.

One by one, they held long white whips in their hands and continuously wrestled towards the War God Tortuous Puppet.

The surrounding blocking formation was quickly removed by the Ghost King, but for safety's sake, this guy still set up a formation around the War God Torrent Puppet!

Lest Lin Ran was running away.

Only after this was done did the Ghost King leave in peace.

The entire base had been destroyed, and as the guardian of this place, he was no very annoyed in his heart.

This was because it was not just a matter of delaying progress, he also had to face the rebuke of the many elders within the Divine Shadow Clan.

So he also had a lot of things to deal with.

Time just went by day by day, and the God Shadow Clan members who had been placed next to the War God Interceptor puppet hadn't stopped in a single copy!

Two of them at a time, and when they got tired, they were replaced! And so on and so forth.

Day after day, year after year, it was as if they never knew fatigue.

One month, three months, half a year!

Time flowed faster and faster, and the War God Tortuous Puppet Lin Ran was in had also undergone a huge change!

Due to being whipped by the long white whip for a long time, this War God Sentinel Puppet could be said to have been completely scrapped.

Although only half of its body was left, it was still originally very huge.

It was just that after more than half a year of whipping, the entire War God Tortuous Puppet had completely turned into a lump of iron!

There was an overlapping dent on it, all left by this long white whip.

It was simply shocking to the eyes!

Fortunately, this was still on the puppet's body, if this had all hit Lin Ran's body, I'm afraid he would have already perished!

Although the War God Tortuous Puppet had changed drastically, these God Shadow Clan members were very clear.

The Lin Ran inside was still alive!

Because the life essence that sealed the entire War God's Puppet was still dissipating!

For half a year, even Lin Ran was a bit overwhelmed.

There was a blockade formation around him, making it impossible to replenish the power in his body.

In addition, he was constantly consuming the power of his life, and in just half a year, his body had already lost a large amount of weight.

White Mist hid in the scroll space and no longer dared to look at Lin Ran.

Every time she saw Lin Ran, she couldn't stop the tears from flowing down her face.

She didn't know what else she could do.

But she knew that Lin Ran wouldn't lie to herself, if he said he had a way, he would definitely have a way!

Moreover, Lin Ran's divine sense wasn't all in a coma.

Although the people outside were constantly using the long white whip to strike the War God Tortuous Puppet.

But Lin Ran was still able to wake up once every few months. Talking to the white mist for a few words.

And gradually, the intervals between his awakenings became shorter and shorter.

One year! Two years!

When the time was coming to the third year.

Lin Ran was already able to wake up almost every other day.

And each time, he could already resist hard for half a day!

“Your flesh!”

The white mist looked at Lin Ran with worry in his eyes.

At this moment, Lin Ran’s fleshly body had already run out of oil to its final signs.

If it couldn’t find a place to absorb the spiritual energy of heaven and earth, it could dissipate at any moment!

But in comparison, his divine sense was much stronger than before!

From the beginning, he was unable to resist the power of the long white whip over here at all.

Now he was almost able to resist this long white whip.

Clearly Lin Ran’s divine sense was undergoing a metamorphosis!

“I’m afraid that my physical body won’t be able to protect me!”

“The next step is to start burning the divine sense origin!”

Lin Ran’s voice blandly said as he looked outside the War God Interceptor puppet.

“No way!”

White Mist immediately refused.

“If the physical body is destroyed, it can still be recast as long as we find the right heaven and earth treasures!”

“But if the divine sense is gone, then it’s really gone!”

Lin Ran smiled at his words and shook his head.

Where was he not clear that divine sense was different from the physical body.

Mobilising the origin power of the flesh body, as long as it could be replenished by the spiritual energy of heaven and earth, it was all possible to recover again.

As long as the flesh body did not die.

But the divine sense is different. Once the original power of the divine sense begins to dissipate, it is irreversible!

The strength of your divine sense is only a determinant of how long you can survive.

For example, if Lin Ran used his origin power to continue sealing the War God Interceptor puppet.

As soon as he started, his divine sense would begin to dissipate without a moment’s notice.

And as to how long it would take for the divine sense to finish dissipating, it would depend on how strong Lin Ran’s divine sense really was!

In the end, the fleshly body did not last more than two days.

After two days, it completely collapsed!

Lin Ran didn't inform the white mist either.

He directly mobilised his divine sense's origin power.

He began to burn up the origin power of his divine sense.

He had waited here for three years, and had been tortured for three years.

These three years were painful, but they were equally fortunate!

Because during these three years, Lin Ran's divine sense had actually become almost untouchable by these long white whips under the constant whipping.

The strength of his divine sense had actually reached a level that was inferior to that given to the Ghost King.

With such a powerful divine sense, the long white whips could no longer harm him at all.

The only regret now was that Lin Ran's divine sense had already begun to consume the power of his origin.

And this process, once started, could never be reversed!

Even if Lin Ran had more opportunities in the future, there would eventually come a day when his divine sense would have finished dissipating.

And this was something that he knew very well in his own mind.

From the moment he made his decision, he knew what his future situation would be like.

Lin Ran had no intention of telling White Mist about the fact that his divine sense had begun to deplete.

But there were some things that couldn't be hidden after all!

After only half a month, White Mist still found out that something was wrong with Lin Ran.

She hid in the scroll space alone, unable to stop her tears from flowing.

She didn't even know what to say to Lin Ran.

If it wasn't for protecting herself, why would Lin Ran be like this!

If she had been able to learn more about this Ghost King and the entire base in the first place.

Perhaps Lin Ran would have had a chance to escape, instead of ending up in the situation he was in now.

Looking at the white beads in his hands that his parents had given him.

The white mist was like tears falling down.

"Mum and Dad! Where are you guys? My daughter really misses you guys!"

"Will you guys come and help me, help Lin Ran! I really don't want him to die like this!"

White Mist buried her head into her arms, her tears already wetting her lapel.

She did not see that the white beads in her hands seemed to have heard her call.

Within the white bead, a red light flashed violently.

The red light was fleeting and soon dissipated again.

It was as if it had never appeared.

But somewhere in the chaotic space, not knowing how far away from this.

An identical white bead suddenly lit up with a red light.

In front of the white bead, a green-robed man was sitting at the end of it.

When the green-robed man saw the red light within the white bead, his entire body instantly emitted a terrifying aura.

His eyes even shot out two white rays of light in an instant, as if they were about to pierce through the void!

#### **Wonder Doctor Chapter 2244**

The moment the white light shot out, the entire man in green robes also stood up directly from the ground.

A vortex instantly appeared next to him, and then the woman who thought she was dressed in a gorgeous robe actually walked out of it.

“What’s going on?”

The gorgeous woman asked busily, with worry in her eyes!

“A call from my daughter! I have to go!”

The man in the green robe said in a cold voice.

“Where is it? I’m going too!”

The woman said.

“No way!”

The man shook his head outright and refused.

“You’re the patriarch, if anything goes wrong with you, the clan will have big problems!”

“It’s better for me to go by myself! It’s not far away, and it’s still in the chaos!”

The man said, and with a wave of his palm, a vortex had appeared next to him!

“You take care of yourself!”

The woman was busy reminding, and there was worry in her eyes.

“Don’t worry! If you dare to bully my daughter, I’ll rip his head off!”

The man sat and turned to enter the vortex.

His aura was like that of a sharp sword.

....

Meanwhile, within a small, hidden world in Chaos Space.

The Thunder Dignity Pavilion was situated here.

“Master! Report to the Master, Senior Brother Qiqian has returned!”

An emissary was busy saying excitedly.

Although he was noble as an emissary, Seven Thousand was still his senior brother.

It was just that Seven Thousand had disappeared for so long that all along many people didn’t even know that they still had such a senior brother!

“Seven Thousand? Quickly let him in!”

Lei Zun was busy saying.

Seven Thousand wasn’t his personal disciple, but he was still very famous in the Thunder Dignity Pavilion!

He was famous not because of anything else, but precisely because he had disappeared without news for decades.

Many times, those who knew him even felt that he had probably fallen.

Although all the disciples of the Thunder Dignity Pavilion were very strong, the cultivation world was like a hunter’s field!

You never know when you will become someone else’s prey.

And the day you’re targeted begins, it’s likely to be the last time!

“Master! Please save senior brother! You must save senior brother!”

When Seven Thousand saw Thunder Dignity, his entire body directly knelt down and submitted, with anxiety in his eyes.

“Senior brother? Who!”

Lei Zun frowned slightly.

“Lin Ran! Senior Brother Lin Ran, Senior Brother Lin Ran saved me and is still.”

Seven Thousand said with tears already flowing down her face.

And hearing the two words Lin Ran, Lei Zun’s was also instantly like a thunderstorm.

The entire person couldn't help but tremble all over.

"What's wrong with him?"

Lei Zun was busy asking.

But Lin Ran was definitely considered to be the top of their Thunder Zun Pavilion.

Although he wasn't the strongest among the group of disciples, his talent was definitely the best!

Even Lei Zun had wanted very much for Lin Ran to stay in the Thunder Dignity Pavilion back then.

However, in the end, it was Lin Ran who came out without saying goodbye.

Only then did he get out of the Thunder Dignity Pavilion.

Unexpectedly, when there was news of him again, it would be like this!

"Don't be in a hurry, tell us all about it!"

Lei Zun asked, suppressing the shock in his heart.

As the saying goes, sharpening the knife is not a mistake, there were some things he had to understand thoroughly before he could make a decision accordingly.

"Good!"

Seven Thousand didn't dare to delay, and quickly gave a long story about what had happened to him over the years, as well as what had happened after he had met Lin Ran.

And when Lei Zun heard that in Lin Ran had actually found a Divine Shadow Clan stronghold and was trapped in it.

The entire person was also instantly furious!

"Master, we have to hurry, or else senior Lin Ran he!"

Seven Thousand looked at Lei Zun with anxiety in his eyes!

"I know! Give me time to prepare!"

Lei Zun said and instantly disappeared into thin air!

....

Inside the base of the Divine Shadow Clan.

Lin Ran stood within the War God Interceptor puppet, his gaze indifferent as he looked out at the scenery.

He didn't know how long he had been looking at this stop in the past.

All he knew was that this stop had consumed a lot more of his life force.

His life span was also decreasing day by day.

If he could stop using the origin power of his divine sense, this dissipation might be slower.

But right now, he was maintaining the entire War God Interceptor Puppet's sealing formation all the time.

Therefore, the consumption of his divine sense was also very great.

"How!"

Suddenly, a familiar voice came from outside.

Lin Ran saw that the Ghost King was actually here.

"Lord Ghost King, as per your orders, it never stops!"

The God Shadow clan member responsible for guarding the place was busy saying respectfully.

"Hm! Not bad!"

The Ghost King nodded his head in satisfaction at his words.

And the men at the side also sighed in relief at the sight.

Lin Ran stood where the puppet was, but he smiled.

"No need to waste any more effort, this thing is no longer useful to me!"

"Eh?"

Hearing Lin Ran's voice, the Ghost King's entire eyes went icy cold.

With a wave of his palm, a long white whip next to him had fallen into his hand!

"Bang!"

Without the slightest hint of weakness, the long white whip landed on the War God Interceptor puppet that instant.

And it seemed that the Ghost King wasn't dead yet, following it with two more full whips falling.

Lin Ran couldn't help but laugh at the situation.

"I've told you it's useless, and you still don't believe me!"

"You!"

The Ghost King's face turned blue with anger, and his entire body froze directly in place.

This was a magic weapon that their Divine Shadow Clan had specifically never targeted the divine sense.

When they had dealt with Lin Ran before, it had clearly worked!

But now what!

Had this kid already adapted?

The more the Ghost King thought about it, the more shocked he became in his mind.

If Lin Ran had really adapted to this long white whip.

Then their Divine Shadow Clan would be in danger!

Wouldn't this mean that Lin Ran had already played go where he wasn't feared?

"But if he's not feared why doesn't he come out?"

The Ghost King had a moment of confusion in his mind!

"That's right!"

Suddenly the Ghost King thought of something.

Since Lin Ran was no longer afraid of this long white whip, he could have come out and fought with himself.

There wasn't much difference in strength between the two of them originally!

But he was still unwilling to come out.

Obviously it was because he was afraid!

Wasn't the thing he was afraid of this forbidden formation!

Three years ago, he couldn't bear this long white whip in order to prevent himself from killing in!

Three years ago, he couldn't bear the white whip to prevent himself from killing the puppet, so he used his own life force to seal the whole puppet!

But now three years had passed and there was no Heaven and Earth Qi within the puppet for him to replenish.

Even if he was strong, he couldn't possibly withstand it!

If he came out to fight with himself now, it would only speed up the flow of his life force.

By then, he would only die faster!

Having thought of this, the Ghost King immediately laughed.

"Haha! Kid I'd like to see how long your life force can last!"

"As soon as you die, that little girl of the Chaos Clan will still fall into the hands of old me!"

"Fight! Keep fighting, don't stop for a moment!"

The Ghost King sneered.

As long as his own men kept attacking, Lin Ran would have to use his life essence to parry each attack!

This kept consuming Lin Ran's life essence.

Even a Da Luo Golden Immortal wouldn't be able to carry it off!

“Shameless!”

Lin Ran said in a cold voice.

The Ghost King’s move had to be said, it was indeed damaging enough!

And there was really no way for him to resist.

If he wanted to protect the White Mist, he could only keep consuming his own innate power!

“Lin Ran! Or else!”

White Mist suddenly spoke.

“Impossible, unless I die!”

Lin Ran interrupted White Mist straight away, knowing exactly what he wanted to say!

“Weng!”

Suddenly just as the two spoke home, a loud buzzing sound actually rang out throughout the space.

The next moment Lin Ran felt a terrifying aura that appeared!

### **Wonder Doctor Chapter 2245**

“What’s that?”

Lin Ran couldn’t help but ask.

At this moment, through the War God Interceptor Puppet he saw that a white mass of light was rapidly rushing down in the foggy sky outside.

The scene was almost as if a meteorite had fallen from the sky!

White Mist was still immersed in the grief of Lin Ran burning his life essence, but when she heard this her entire body was also busy looking over.

When she saw the white mass of light, her entire body shook, and then she actually stood up violently!

“What’s wrong?”

Lin Ran was busy asking when he saw this, this sudden reaction from White Mist had really surprised him.

“We’re saved!”

White Mist said excitedly, while the whole person had already disappeared from the scroll space.

When he reappeared, he had already arrived next to Lin Ran.

“What the hell is going on? Do you know this white light mass?”

Lin Ran couldn’t help but ask.

“Not only do I know it, it’s practically familiar!”

White Mist said excitedly.

“Hurry up! Remove your seal don’t waste your innate power!”

Lin Ran listened and looked at White Mist without speaking!

The sealing formation on the War God’s Interdictor puppet represented something White Mist knew very well.

Without this great sealing formation, it would only take a split second for the Ghost King to kill his way in.

If this great sealing formation was really removed, both of them might end up being doomed!

Even though Lin Ran could fight the Ghost King, this would undoubtedly speed up Lin Ran’s consumption of his divine essence.

And the result of this would be to hasten Lin Ran’s fall!

White Mist was not a reckless person, and just when Lin Ran had just been trapped here, she had once been impulsive enough to go and negotiate a deal with the Ghost King.

But after these three years, she had long since calmed down and seen through the Ghost King!

Trading with him had no intention of seeking skin with a tiger, and at this point in time, Lin Ran didn’t believe that it was just a momentary impulse to say that!

“What is going on?”

Lin Ran couldn’t help but ask!

“Listen to me and unlock the sealing formation, we’re really saved, don’t waste your divine essence anymore”

White Mist urged, with even more heartache in his eyes.

“But .....

Lin Ran was just about to say something, but was interrupted by White Mist!

“Do you believe me? If you believe me, then unblock the Great Seal Formation!”

The white mist looked at Lin Ran with determination in his eyes!

What else could Lin Ran say now that he had said this?

“Yes!”

Finally, Lin Ran nodded, and then his divine sense power quickly converged, and the sealing formation that had enveloped the War God Tortuous Puppet quickly dissipated.

“Follow me out!”

White Mist exclaimed, and in a whirl, his form had already disappeared!

“Hey!”

Lin Ran was also startled at the sight of this, and was busy following him as he rushed out to the War God Tortuous Puppet.

The Ghost King could be right outside, and it was extremely dangerous for White Mist to go out so recklessly!

“Be careful!”

Lin Ran easily caught up to White Mist and was busy holding her back.

And at this moment, the Ghost King who was not far away also looked stunned.

Three whole years, and to think that at this moment Lin Ran and White Mist had actually come out!

“Seek death!”

The Ghost King’s eyes were icy cold, and the next moment he directly rushed towards the two.

Although the white ball of light above mid-air was already huge at this moment!

But at this moment, he couldn’t care less about that!

Being able to take down the white mist first was the most important thing.

Even if the one inside this white ball of light was the leader of their Divine Shadow Clan!

Only if the White Mist was in his hands, that was the most real thing.

“As long as I capture the White Mist, my position in the Divine Shadow Clan will still soar to the heavens!”

“Haha!”

The Ghost King had madness in his eyes.

His entire aura also exploded out in an instant.

“Be careful! Go back quickly!”

Lin Ran was busy reminding when he saw this.

The Ghost King was clearly coming for the White Mist.

Yet White Mist was as if she didn’t even see it.

She directly raised the bead in her hand high above her head.

The next moment, a light instantly rose up from within the white bead.

Although the light was not large, it was unusually solid, as if it was about to break through the entire sky!

And at the same time, Lin Ran was shocked to see it.

The moment the white light shot up into the sky, the huge white mass of light above the sky also rushed towards the direction they were in almost instantly.

“Eh?”

The Ghost King also felt that terrifying aura and his face turned extremely ugly.

There was no telling what was within that white mass of light.

But the other party’s target was clearly their place.

The Ghost King wasn’t that far away from Lin Ran and the others at this point!

But not being able to figure out who the person above him really was, for a moment he was a little unsure of what to do!

“Let’s fight! The White Mist must be captured!”

The Ghost King suddenly gritted his teeth and his whole body rushed towards the white mist.

And at the same time, the Ghost King’s entire aura locked onto the White Mist in an instant!

The intention was very obvious!

“How dare you!”

Lin Ran blocked in front of White Mist, a sharp edge in his eyes.

Even if he had to fight to the death, he would never let the Ghost King have his way!

However, to no one’s surprise, the White Mist was shedding two lines of tears at this moment.

Her gaze burned as she looked at the sky, and the white mass of light in the sky came closer.

The tears in her eyes also increased.

“Father!”

Suddenly, White Mist actually shouted at the white mass of light.

And with this shout, the entire person heard Lin Ran instantly froze.

The Ghost King on the side was also instantly confused.

“Father?”

“The one within that white light mass was actually White Mist’s father?”

Lin Ran was shocked in his heart.

The Ghost King, on the other hand, looked excited.

“Father? Another Chaos Clan? If old me could capture both of them! Wouldn’t that be.”

“Bang!”

The thought in the Ghost King's mind had just risen when a terrifying force instantly blasted directly at him.

The tremendous force instantly lifted the entire Ghost King backwards with a devastating momentum.

After the smoke and dust passed, Lin Ran could clearly see that the Ghost King's body had become transparent for a few moments.

It was obvious that he had been injured quite badly!

At the same time, the white mass of light in the sky also reached close by.

Lin Ran saw the white light mass dissipate instantly, followed by a white figure landing directly next to him.

It was a man whose entire body was covered in white robes.

He had a cold face and looked unruffled.

The most important thing was the powerful aura that emanated from this person.

That aura was such that even Lin Ran felt his heart palpitating.

"What realm of strength does this have to be!"

Lin Ran couldn't help but exclaim in shock.

One had to know that the current Lin Ran was also at the realm of Little Perfection, and above that was only the Great Perfection as well as the Immortal Realm!

But the aura of this person in front of him actually managed to make him feel palpitations.

That was most likely an Immortal realm powerhouse, and under normal circumstances, someone at the Great Perfection realm would never make him feel such a terrifying aura.

"Father!"

White Mist instantly flung herself into the other party's arms, crying pearly tears.

Lin Ran stood by the side, his heart both sour and relieved!

After holding on for so long, it hadn't been in vain, at least White Mist's father had found her and she was safe!

The sorrowful thing was that every time something happened to her, she could only rely on herself.

Perhaps this is fate!

There is nothing anyone can do about it!

The middle-aged man hugged White Mist, there was doting in his eyes, he rubbed White Mist's head with a slight apology and said.

"Sorry! I'm late!"

## Wonder Doctor Chapter 2246

White Mist didn't say anything, but the hand holding the middle-aged man was tighter.

Lin Ran stood to the side, quietly watching the scene.

It was naturally best if White Mist's father could come over in person!

At the very least, White Mist was considered safe.

As for himself, there was nothing that could be done about it, things had rushed here, and he had no choice!

"Let's go!"

The Ghost King on the side stood up from the ruins, his eyes filled with panic.

The opponent's just a casual strike had already injured him like this.

Where did he have the slightest intention of tangling with the other party!

"Want to leave?"

Lin Ran saw the Ghost King and was immediately about to go over and leave him behind.

But at this moment, Bai Qian, who was on the side, spoke up.

"It's better for me to do it, your life force is dissipating! It's better not to do it if you can!"

"Hm!"

Lin Ran nodded at his words.

Without any nonsense, Bai Qian instantly waved his palm, followed by a terrifying force that directly imprisoned the Ghost King in the distance.

The next moment, with a lift of his palm, the Ghost King instantly flew in front of him.

"You can go on your way!"

There was ice coldness in Bai Qian's eyes, and with the people of the Divine Shadow Clan, he didn't even bother to say half a word of nonsense!

"Haha! You can kill me, but your Chaos Clan is also considered exposed!"

"In the future, when my Divine Shadow Clan kills into the Immortal Realm, I will definitely exterminate your Chaos Clan!"

The Ghost King had madness in his eyes.

However, Bai Qian didn't even bother to talk and raised his hand to obliterate the Ghost King.

"Wait!"

Lin Ran saw this and spoke up.

“Hm?”

Bai Qian looked at Lin Ran, with doubt in his eyes.

“Senior, wait!”

“The late senior came here in search of someone who can deny letting me.”

“Haha! You’re here to find Song Nuan’s flesh!”

Before Lin Ran could finish his sentence, he was interrupted by the Ghost King.

“Kid, I can tell you where Song Nuan’s flesh body is, but are you still in time to save it?”

The Ghost King said with a movement of his mind, and instantly a blinding light erupted from the second area not far away.

A fiery red colour then erupted directly from the second area.

It rushed in all directions.

The Ghost King even laughed loudly up at the sky.

“Song Nuan’s flesh is in the second area, but it’s likely to have been reduced to ashes by now! Haha!”

“You seek death!”

Lin Ran’s eyes instantly turned red.

He directly transformed into a stream of light and charged right towards the Ghost King.

Seeing this, Bai Qian didn’t say anything more and unlocked the ban around the Ghost King.

But the powerful force still prevented him from moving a single inch at all!

“Come on! You kill me, you kill me and her flesh is gone!”

The Ghost King laughed in triumph.

At this moment, however, Lin Ran’s entire being went mad.

The power of disintegration on his palm instantly enveloped the Ghost King, and minute by minute, inch by inch, it completely strangled the Ghost King into powder!

“Puff!”

The Ghost King was dead, but Lin Ran also sat down on the ground as a whole.

He had worked so hard for so long.

But who would have thought that the final result would actually be like this.

Undeterred, he radiated all of his divine sense out and enveloped the entire base.

Once, twice, three times!

He did not spare any place.

But at this moment, within the base, apart from those remaining Divine Shadow Clansmen who all had terrified faces.

Where was half of Song Nuan's figure!

"Father, please help him!"

White Mist looked at Bai Qian and said.

Bai Qian, however, shook his head and said blandly.

"That Song Nuan's physical body is already gone!"

"I'm afraid that this favor can't be helped!"

"But he is."

White Mist had heartache in his eyes.

Bai Qian saw this and sighed helplessly, his daughter was too big for her mother!

"We should go, this place will collapse at any moment!"

Bai Qian said as an aura instantly enveloped Lin Ran.

Lin Ran only felt a blackness before his eyes, and his entire body instantly lost consciousness!

Bai Qian had acted very simply and simply!

Since Song Nuan's physical body was gone, he didn't bother to delay any longer.

Moreover, Lin Ran probing the entire base like this was also a huge drain on his divine sense.

Instead of wasting the remaining life force of his divine sense here.

It would be better to go do something meaningful!

"Go!"

Bai Qian greeted, instantly collecting both Lin Ran and the white mist.

He then turned into a ball of light and rushed towards the sky above.

The other Divine Shadow Clansmen within the base, he didn't even bother to make a move!

At this moment, the entire teleportation array within the space had been engulfed by the scorching lava, and the God Shadow Clan members inside were unable to leave at all!

To kill or not to kill! It didn't really make much difference!

....

Bai Qian quickly led the two out of here.

The entire base was also deadly silent.

Only the blazing fire was rapidly consuming everything.

I don't know how long it took!

Suddenly the sound of piercing thunder broke the calm of the place.

Then a crack was actually made in the sky by the thunder.

Countless rays of light rushed in from outside.

In a moment's time there were already dozens of figures appearing in the sky above the entire base.

However, at this time, the area below had been completely engulfed by lava, and there was not even a place to land.

The countless God Shadow people below looked fearfully at the kind of cultivator above them.

They were all desperate at this point.

How come one group had left and another had come!

In the end, they hadn't been able to escape their fate.

"Master Zun!"

Seven Thousand followed beside Lei Zun, with anticipation in his eyes.

Lei Zun, however, shook his head and said.

"Lin Ran isn't here, we're too late!"

"Late?"

Qi Qian was puzzled, this place was so secluded, who else could know about this place besides them?

"Wait for me to check it out!"

Lei Zun said as electricity surged around his body.

Soon a picture appeared in front of him.

On the screen, a white mass of light descended from the sky.

Lin Ran and the white mist had also left the War God Tortuous Puppet.

"Lin Ran isn't dead yet!"

The Seven Thousand exclaimed in shock when they saw this scene.

They then also saw that the Ghost King had been blown away and badly injured by a single blow.

But when the white light mass fell, the image suddenly began to shake violently, making it impossible to continue watching!

“Master this!”

Seven Thousand looked stunned, and busily looked at Thunder Zun!

But with a wave of his hand, Zun Lei directly dispelled the picture.

“The other party’s strength is not bad, at least not below me, it is impossible to probe!”

Lei Zun said.

“He should be the one who took Lin Ran away!”

“Then Lin Ran, will he be in danger!”

Seven Thousand was worried in his heart, if it wasn’t for saving himself and the others, Lin Ran wouldn’t have been trapped in this place for three whole years!

“I don’t know! It should be fine, but Lin Ran himself might be in trouble!”

Lei Zun worried.

“His divine sense aura is weakening, he should have used the power of his origin, his physical body was destroyed and he used the irreversible divine sense origin!”

“Ai!”

“This!”

Seven Thousand’s eyes also reddened at his words.

They were all cultivators where they did not understand.

Having used the power of the Divine Sense Origin, that was almost equivalent to pronouncing a death sentence.

It just depended on one’s strength how soon one died!

“I’m sorry for senior brother Lin Ran!”

There was self-blame in Seven Thousand’s eyes.

Lei Zun patted Qiqian’s shoulder and comforted him.

“Everyone has a destiny, you can’t force it, this might be Lin Ran’s destiny!”

### **Wonder Doctor Chapter 2247**

Seven Thousand didn’t say anything more, he was clear that even if he was feeling guilty, he couldn’t change anything.

Instead of wallowing in grief, it would be better to turn it into strength to kill a few more bastards of the Divine Shadow Clan when he had the chance in the future!

“Master send me to the Iron Blood Guards!”

Seven Thousand suddenly arrived solemnly!

“You’ve thought about it?”

Lei Zun frowned and asked, he knew exactly what the Iron Blood Guards stood for, once he joined the Iron Blood Guards, he would have to fight in battle at any time.

Once you joined the Iron Blood Guards, you would have to fight in the battlefield at any time. A careless person would probably die because of this.

“I’ve thought about it!”

Seven Thousand had identification in his eyes.

“This experience has made me understand that without a country there is no family, guarding the Immortal World is incumbent on my generation!”

“Good! It’s good that you understand that! In the future, if Lin Ran has the chance to see it, he will also be proud of you!”

Lei Zun said.

Lei Zun soon left with his people.

As for the remnants of the Divine Shadow Clan within the base space, Lei Zun didn’t have anyone directly kill her them.

Although they were hostile forces.

But these remnants of the Divine Shadow Race were also living beings.

Lei Zun was not someone who liked to kill innocents indiscriminately.

This base had been destroyed, and the God Shadow Clan that remained inside would not be able to leave unless a new teleportation array was built.

Lei Zun had personally set up another formation outside this base to completely isolate this area.

If these remnants of the Divine Shadow Clan were lucky, they might be able to reproduce here and live a life free from the world.

But if they were unlucky and became extinct, then there was nothing that Lei Zun could do, and in fact, he was already quite merciful to have made it this far.

.....

Lin Ran, however, did not know how long he had been unconscious.

When he woke up again, he was awakened by a comfortable feeling.

It was as if he was in a hot spring again, and the warmth around him made it seem as if he was swimming.

But when he opened his eyes, Bai Xue Suyi was the one who appeared in front of him.

“You’re awake!”

Seeing Lin Ran wake up Bai Mog was very happy, because this coma of Lin Ran’s was straightforward for three days.

For this reason White Mist even approached her own father to ask if you had been too harsh and sent Lin Ran away straight away.

The good thing is that Lin Ran eventually woke up which made the worry in Bai Mou’s heart completely dissipate.

“Where am I!”

After Lin Ran woke up, his entire body was still a little confused, completely unaware of what had happened.

“Just get used to it, and I’ll talk to you later!”

White Mist smiled, a smile on her face that was so happy.

Lin Ran sniffed and looked towards his surroundings and found that he was actually in a large pool with white smoke enveloping it.

The water in this pool was so clear that it was even so clear that he could see his own body underwater.

But to Lin Ran, he didn’t have much of a body left.

The whole man was a soul body at this point.

His physical body had completely collapsed within the Divine Shadow Clan base due to the prolonged consumption of his origin.

Even his divine sense was now gradually dissipating.

It was only a matter of time before this doppelganger was completely obliterated!

However, to Lin Ran’s surprise, he found that the water and mist in the white pool he was in was extremely beneficial to his soul body.

It seemed to be extremely beneficial to his soul body.

Lin Ran could clearly feel that being in this white water mist, the rate at which his divine sense’s origin was consumed had all diminished a lot.

“What is this water mist?”

Lin Ran asked busily.

“It’s the Hua Shen Pond! It’s where every one of our seniors here sits!”

The white mist laughed.

“After the seniors sat down, they would all leave behind the power of their divine consciousness here, which contained the legacy of their lifelong cultivation!”

“Waiting for future generations to inherit it from those who have the destiny to do so!”

“You can still come here because you saved me! My parents only agreed!”

Lin Ran nodded at his words and was shocked in his heart.

This God Transformation Pond was obviously a very important place for the White Mist Clan, a place where the great masters of the previous generations had sat down, and it hid the lifelong mastery of each of them.

Such a place, where ordinary people could not enter.

I’m afraid that even those with a slightly lower status within White Mist’s clan didn’t have the right to come here.

“Is bringing me here making things difficult for your parents! Actually, there’s no need, sooner or later the divine sense will dissipate anyway!”

Lin Ran said with a smile.

“No! My parents are great, my mother is the patriarch of the entire clan and my father is a Guardian!”

“No one has a problem with that!”

White Mist laughed.

“So, ah, by the way what kind of clan is this of yours, I’ve vaguely heard the Ghost King say that it seems to be called something like the Chaos Clan?”

Lin Ran asked.

“Yes, my clan is called the Chaos Clan, but I couldn’t tell you before!”

“Now that you’ve arrived at my hometown, you can naturally say so!”

White Mist laughed.

“Alright, hurry up and come out, I’ll take you to see my parents! They dinged through!”

“Mhm!”

Lin Ran nodded.

At this moment, he actually felt a surge of relaxation, perhaps because of the environment he was in.

Or perhaps it was because he knew that this doppelganger’s divine sense would dissipate.

All of Lin Ran instead felt an unprecedented sense of calm.

This was perhaps how one felt when one knew that one was going to die sooner or later, and after much effort.

But the only thing that made Lin Ran sad was that Song Nuan’s physical body had not been saved.

Now she was afraid that like herself, she was only left with her soul body.

If her soul body was injured, the consequences were something Lin Ran really dreaded to think about.

....

It was a sunny place.

Halfway up the mountain was a pavilion with a very peculiar shape.

If one looked closely, one would find that the entire loft was not connected at all.

The whole body is simply carved out of a large piece of wood.

What a concept, how big must it be to carve a loft out of wood!

But this loft was just like that.

At this moment in the loft a man and a woman were gazing into the distance.

Not far ahead, there was an area with pink flowers in full bloom, and there was a pond in it.

Lin Ran and White Mist were there!

“What? Does it hurt to look?”

The woman in the white robe suddenly spoke.

Bai Qian sighed helplessly and laughed bitterly.

“Yes! Although I knew this day would come, but when it really came, there was still something in my heart that didn’t feel good!”

The man was none other than Bai Qian, Bai Mu’s father.

And the woman was also none other than White Mist’s mother, Si Shui, who was also the clan leader of the Chaos Clan!

“They can’t be!”

Si Shui suddenly said.

Bai Qian smiled and looked at Si Shui next to him, a hint of helplessness flashing in his eyes.

“Can’t the clan rules be changed?”

“You can see it, White Mist likes him a lot!”

Bai Qian said helplessly.

“I would like to, but clan rules are clan rules, there is no major thing that can’t be changed!”

Si Shui said.

“Have you forgotten that the clan rules this time weren’t set down under the last major change!”

Speaking of this, there was despondency in Suribachi’s eyes.

“Maybe this calamity will be an opportunity too! If our Chaos Clan still survives, then perhaps everything will be reshuffled again!”

“The shackles that bind our Chaos Clan’s descendants can also be removed!”

“Alright, they’re coming!”

Bai Qian suddenly spoke up.

Si Shui’s eyes returned to blandness at his words.

### **Wonder Doctor Chapter 2248**

“Lin Ran, these are my parents, my father you’ve met, and this is my mother, who is also the head of the Chaos Clan!”

Going up to the loft, White Mist smiled and said.

“Greetings to the two seniors!”

Lin Ran bowed respectfully.

“Your name is Lin Ran, right, thank you for saving our daughter this time!”

Bai Qian said with a smile.

“It was all done as it should be, White Mist followed me, so I naturally have a different obligation to protect her!”

Lin Ran laughed.

“It’s good for young people to be responsible, but how can I say that you got into this mess this time because of White Mist!”

“A process like the dissipation of divine consciousness is irreversible, as you know! Although we have the intention to help but there is nothing we can do!”

“But you can use the God Transformation Pool for the short time you are in the Divine Shadow Clan!”

“If you wish, you can also stay here forever, the effect of the God Transformation Pool will at least double your life!”

Bai Qian said.

“No, thank you both for your kindness, now that White Mist is fine I’m ready to leave too!”

“I have other things to do!”

Lin Ran nodded and said.

“You still have to go to the Divine Shadow Clan?”

Bai Qian frowned at his words and said.

“Mhm!”

Lin Ran nodded.

Although Song Nuan's physical body had been destroyed, her divine sense was still with the Divine Shadow Clan.

There was no way Lin Ran would give up his search!

Even if this doppelganger's body died.

"But in your current situation, it's likely that if you can't find the Divine Shadow Clan, you'll disintegrate immediately!"

Bai Qian said.

"Furthermore, I found a broken Chaos Vortex within you!"

"You should know the Chaos Immortal!"

"That's my master! You know him?"

Lin Ran was instantly delighted.

"Well, the Chaos Vortex inside this little fellow was still planted by me for him!"

Bai Qian said.

"Then wouldn't you."

"Hey hey! Stop, I'm not his master, I just saw that he was more obsessed with the power of Chaos, so I gave him this chance!"

Bai Qian said busily.

"Although you only have your divine sense left now, I can help you repair the Chaos Vortex in your body~!"

"It won't have much effect on your lifespan, but it will make you a point stronger!"

"Thank you!"

Lin Ran said busily.

"You saved my daughter, all this is due!"

Bai Qian said.

"So when can I leave?"

Lin Ran asked.

He was truly anxious to leave.

His own divine sense was consuming the power of divine sense every minute.

If he dragged on for a minute, he would consume more of his own divine sense power.

He did not want to waste his time here.

“I’m afraid this will have to wait, almost a month’s time!”

“You go back and rest first, come over tomorrow and I’ll help you repair the Chaos Vortex!”

Bai Qian said.

“Many thanks senior!”

Lin Ran nodded, and then he and White Mist got up and prepared to leave.

“Wait! These are your things, take them with you!”

Suribachi, who was on the side, suddenly said. , and

Lin Ran saw that what she had given herself on the ground was exactly what she used to have inside her body.

Spatial scrolls, as well as various miscellaneous items.

Now that he was a soul body, these things naturally could not remain inside his body.

Lin Ran took the things and felt a pang of frustration, before leaving with the white mist.

“A few minutes is enough to repair the Chaos Vortex, why did you make him wait a month?”

After Lin Ran left, Si Shui was puzzled.

“I don’t want him to risk it, it’s not easy for people to live their whole lives, let him wait for a month for now, our Chaos Clan is considered an earthly fairyland!”

“He can completely enjoy everything for this month, if his heart doesn’t waver like this, I will choose to help him out!”

Bai Qian said.

“You have to tell him about the Divine Shadow Clan!”

Si Shui frowned and said.

“No, that’s absolutely not okay, it’s an absolute secret of our clan, I’m only telling you because you and I are Daoist couples!”

“Si Shui, do you know why our Chaos Clan has become what it is today? It’s because there are too many secrets!”

“We pride ourselves on being bred out of chaos, but if we really have that great enlightenment, why our Chaos Clan has never had a true god!”

“It is because we still have a selfish heart!”

“How can heaven and earth tolerate you when your heart doesn’t!”

“Becoming an immortal is easy, but becoming a god is difficult! If I don’t go to hell, who will!”

“I can see a different kind of thing in this kid!”

“If I really have to pay a price for this, I am willing to break away from the Chaos Clan!”

Bai Qian said with a serious look on his face.

“Do you know what you’re talking about?”

Si Shui looked at Bai Qian.

However, Bai Qian’s gaze did not waver in the slightest!

“If you really want to do that, I’ll just accompany you!”

“Anyway, when that day does come, there is no way our Chaos Clan will be left alone!”

Si Shui said as he turned around and left the place.

....

The next day, Lin Ran met Bai Qian as promised, and the Chaos Vortex within his body was repaired!

Originally, he was ready to leave straight away, but Bai Qian found another reason to keep him.

And it was only during these next few moments that Lin Ran realised just how monotonous he had been behind before!

Under Bai Qian’s arrangement, Lin Ran spent the daytime with White Mist at the God Transformation Pond to cultivate.

And at night, after White Mist had left, he was taken to various places to see countless beautiful women!

Tasted countless wines! Tasted all kinds of delicious food.

Several of these times, there were even some beautiful women who wanted him to stay.

Lin Ran looked at this man with a hint of bitterness in his eyes.

He knew clearly in his heart that Bai Qian was testing himself.

It was just that he was like this, so was there any point in testing or not testing?

When the time came on the fifth day, Lin Ran took the initiative to find Bai Qian and proposed to leave!

This life was a waste of time for him!

Forced to do nothing, Bai Qian took out an item!

“This item is yours?”

“Yes!”

Lin Ran said as he looked at the token in Bai Qian’s hand.

This token was no other than the token that his other doppelganger, who had wandered through the Immortal Realm back then, had obtained in the Tide Serpent Clan.

It was also a token of the Tide Snake Clan.

“I didn’t expect you to have met with this clan as well! It seems clear that it was all meant to be!”

Bai Qian said.

Only then did Lin Ran learn under his narration.

It turned out that the ancestor of the Tide Serpent Clan was actually a demonic snake that sat on a certain great power in the Chaos Clan!

This demon snake had followed the great power for his entire life, and only left in the last few years of his life.

He created the Tide Snake clan.

“The fact that you can go to the Tide Serpent Clan means that in the underworld you have a destiny with our Chaos Clan too!”

“Including these Chaos Immortals!”

“I’ve seen how you’ve behaved in the past few days, and since you’re in a hurry to leave, I won’t keep you much longer!”

“Before you leave, I have something to tell you, and if you still want to go after hearing it! Then I’ll send you away!”

Bai Qian had a serious look on his face!

“Okay!”

Lin Ran nodded, with anticipation in his eyes.

These past few days had also revealed that the Chaos Clan was very mysterious, and he couldn’t find his location from the star map at all.

It meant that no one knew where the Chaos Clan was!

And since Bai Qian had such a high status in the Chaos Clan, the news he was going to tell himself would definitely be very big too!

It might actually help him find out where the Divine Shadow Clan was!

Or even pit even more!

“Before we start again, I’m going to tell you how the Divine Shadow Clan came to be!”

Bai Qian said seriously.

**Wonder Doctor Chapter 2249**

“A long time ago, when the whole world was still chaos, there was already a race born in heaven and earth!”

“This tribe was the Chaos One in the true sense of the word!”

Bai Qian said.

The white mist on the side also listened with immense attention, as these were things that she had never heard of before.

“This Chaos Clan started off with very few people, but at that time, there were abundant resources in Chaos, plus Chaos Qi enveloped everywhere!”

“So the living environment was very good, and this clan began to grow.”

“They believed in a chief and quickly grew under the leadership of the chief’s Dao!”

“But as the frontier grew, magical beasts began to appear!”

“The Chaos Clan had too many people and the chief could not take care of everyone!”

“And so casualties began to appear!”

Bai Qian said with an obvious sigh.

“Once casualties appeared, disagreements followed!”

“But no one knew that the Wraiths were also brewing an offensive!”

“In the end, the heavens chose to end the matter in a tragic way!”

“At that time, the Chaos Clan had internal and external troubles, and fought a great battle with the Demonic Beasts!”

“In the end, although the Demonic Beasts were driven away, the Chaos Clan also suffered heavy losses!”

“The leader even died tragically!”

Lin Ran’s brow furrowed slightly as he listened to the story, a huge race, and the tragic death of the leader could only imagine how troublesome the subsequent problems would be.

And the truth was pretty much as he had suspected.

After the death of the clan leader, the young clan members began to fight for the position of clan leader.

Eventually, the entire Chaos clan was split into three factions!

This first faction advocated going in search of their loved ones who had died or gone missing in the Great War, and they left their quarters to begin their travels in the Chaos.

The second faction, on the other hand, stood for seeking ways to become stronger, and they left in the opposite direction.

The third faction, on the other hand, stayed behind!

“Father, what happened to these three factions in the end?”

White Mist asked, blinking her big eyes.

“Of these three factions, the third faction was exterminated!”

Bai Qian said.

“In less than a hundred years, the demonic beasts came back to invade, and the Chaos Clan that remained here could no longer support them and were eventually tragically exterminated!”

“What about the other two?”

White Mist asked again.

Bai Qian smiled as he rubbed White Mist’s head and laughed.

“The faction that left to find their loved ones later started a world! It’s the current Immortal World!”

“That’s why, many people from the Immortal World say that they once came from Chaos!”

Lin Ran couldn’t help but be stunned even as he heard this.

After so many years, evolving from Chaos to the Immortal World, I’m afraid the Earth had been destroyed several times in that time!

But what about the other clan?

“Senior, what about the Chaos clansmen who left to find the method of becoming stronger?”

Lin Ran couldn’t help but ask.

Bai Qian didn’t answer this time, only smiling blandly.

There was a deep meaning in the smile.

“That one clan, it succeeded! They gradually mastered the use of chaotic power to cultivate in the chaos!”

“And eventually became a hidden and powerful force!”

“It was the Chaos Clan that was later spoken of!”

“But this Chaos Clan wasn’t peaceful either, and when the Immortal Realm was first formed, a tribulation once erupted!”

Bai Qian said.

Lin Ran and White Mist both held their breaths in anticipation.

Bai Qian didn’t say anything nonsense and continued to speak.

The Chaos Clan had developed to the point where it was already considered a very prosperous period.

It was a pity that hearts were not strong enough for snakes to swallow elephants, and the Chaos Clan wanted to be even stronger.

Strong enough to shake the whole world.

But they found that human nature is crippled.

Even a good man must have a demon hidden deep in his heart!

Only they can suppress this demon, otherwise they come out to haunt.

And vice versa.

So the patriarch of the time came up with a solution and he decided to reject this evil side.

To bring himself closer to perfection.

Perhaps only by being perfect himself could he get closer to the pinnacle of what he wanted!

Under his leadership, the Chaos people began to separate themselves!

They used a secret technique to separate out all the ugly side of humanity.

Leaving the descendants of the Chaos people all twin-born.

A so-called twin is two people in one birth.

Two yet one person!

One is good and the other is evil!

What the Chaos Clan wanted was for their offspring to be strong, strong enough to rule the whole of Chaos, and indeed the whole of the Immortal World!

So they made the evil one of the twins work and go to all sorts of adventurous places, looking for all the opportunities and treasures.

And for the sake of those who are good to cultivate!

Let such people, whom they consider to be perfect, cultivate in order to pray to be stronger!

“This is simply playing with fire!”

Lin Ran frowned slightly as he listened.

Humanity was ugly no matter what, it was all one person!

There was no real dividing line.

The saying that one thought becomes a Buddha and one thought becomes a devil was not at all an empty statement.

Trying to separate human nature is simply playing against heaven and earth!

“That’s right, they were playing with fire!”

“And so came the great catastrophe that followed!”

“The plan lasted only three thousand years before it collapsed completely!”

“After the patriarchs of the time, as well as the older generation, fell one after another.”

“After no one was able to suppress the evil ones in these twin bodies!”

“They had already pent up rage in their hearts after years of venturing into fierce and dangerous places!”

“All of them have exploded at this moment!”

One must know that the villains in twin bodies are equivalent to having inherited all the flaws in one’s character.

In addition to the fact that they had been in the Jedi for years, the strength of their combat power was not at all comparable to those good people who only knew how to cultivate within the Sovereign all day long!

The final result of the battle between the two sides was predictable!

The twin weighted villains swept away almost the entire group of good people.

Robbed of all resources, they eventually left.

Because they are twin beings, one glories and the other loses!

So neither of them dared to kill the other, for then they themselves would die with them.

The lineage of the wicked, who had no one to bind them, soon left.

They travelled throughout the chaos looking for every way to make them stronger!

The Good People, on the other hand, held back for decades, and eventually poured out their entire clan to build a very hidden place.

So hidden that even if the Evil Ones could sense their location, they would not be able to find them.

And so things gradually quieted down.

But the quiet didn’t last long.

Suddenly, one day, all the good people of the Twins felt that their twin evil beings had disappeared in an instant!

They did not know what had happened.

But they were all fine!

Only how could they not sense the location of the evil ones.

They didn’t even know where the evil man had gone until they eventually died!

“Then what happened!”

White Mist was busy asking after him.

Lin Ran was also full of anticipation, wanting to know what came after.

Seeing this, Bai Qian sighed helplessly and said.

“Actually, at that time, the Evil One of the Twin Bodies had already left Chaos!”

“To be precise, it had left this heaven and earth!”

“If one considers Chaos as well as the Immortal World as a circle, then at that moment they had already left the circle and jumped outside of it!”

“How can they be sensed if they are not in a world! That’s the truth!”

Lin Ran and White Mist were stunned as they listened.

### **Wonder Doctor Chapter 2250**

“And then what happened?”

Lin Ran couldn’t help but ask.

“Yeah what happens after that, father can you cut it all in one go!”

Bai Misty said discontentedly.

Bai Qian dotingly rubbed Bai Misty’s head then laughed.

“And then nothing happened!”

“There were nearly ten thousand years of peace and quiet, and the Immortal World developed at that time!”

“It’s just a pity that after ten thousand years of peaceful days, by chance one day, the descendants of the lineage of good people in the Chaos Clan found a mixed gambling clan member in the Chaos!”

“And he was a soul body, and after questioning he learned that he was a descendant of the lineage of the Evil Ones!”

“Only since then has a whole new chapter been unlocked!”

“The Evil One clan is back?”

Lin Ran asked busily.

Bai Qian laughed helplessly and said.

“And yes and no!”

It turned out that the Evil One clan had been trapped outside the Immortal World back then after leaving the world.

They had been born in this space of Chaos and were simply unable to adapt to life outside the world!

They couldn't even use the power of the Dao.

When they arrived outside the world, they were unimaginably vulnerable.

And without the power of Chaos to replenish them, they could not last long at all.

And so the changes began to appear.

The first group of villains from the Twin Bodies lineage who led them out chose to sacrifice their flesh bodies one after another.

A defensive boundary was forged with the origin power of their flesh bodies.

Inside the boundary was all the power emanating from the flesh.

They used this power to keep their descendants barely alive.

Thus after hundreds of years, people kept sacrificing their flesh bodies to maintain the stability of the entire boundary.

It kept on sacrificing for several generations.

Eventually and finally, they gradually adapted to the spatial environment outside the Chaos World.

The future generations could draw some power from the outside world.

But this progress was obviously too slow.

So they wanted to come back!

But at this point, the entire lineage of evil people had almost all become soul bodies.

There was no way out, they had to maintain the stability of the boundary.

And the essence power of a baby's physical body was the densest.

That is why the Evil One clan, from the moment they are born, will simply make the infant a soul body.

The flesh body was used to sacrifice to the boundary.

Speaking here, Bai Qian paused and said.

"This is the original Divine Shadow Clan!"

"This!"

Lin Ran and White Mist were incomparably shocked as they listened.

How had they never thought that the Divine Shadow Race would actually come from such a place?

No wonder they were racking their brains to rejoin the Immortal Realm.

In fact, they just wanted to live.

"But why does the Immortal Realm refuse to accept them?"

Lin Ran suddenly asked.

He hadn't forgotten that after entering the Immortal Realm, the people of the Divine Shadow Clan would be rejected by the forces of the Immortal Realm.

That was why they had worked so hard to make puppets and wanted to return to the Immortal Realm again.

"They have been away for too long, and in that time, the power of the Immortal Realm has gradually become the core of the entire world!"

"The power of this world's origin has also changed!"

"Plus, the Divine Shadow Clan absorbed power from outside the world, so they are not recognised by this world!"

Bai Qian explained.

Only then did Lin Ran suddenly understand.

"Now you understand, if the Divine Shadow Clan wants to come back, entering the Immortal World is only the first step!"

"Only if they enter the Immortal Realm and are able to stay!"

"Only then can they allow their offspring to adapt to the Immortal Realm's environment after a long period of years! From then on, they will completely integrate into the Immortal Realm!"

Bai Qian said.

Lin Ran nodded at his words, when things were said here, he sort of knew completely how the Divine Shadow Clan had come to be.

"No father, what about the Chaos Clan that originally stayed in Chaos?"

White Mist suddenly asked.

Bai Qian smiled and looked at White Mist helplessly and said.

"What do you think?"

"How should I know?"

White Mist was dumbfounded, but then her entire body froze.

"You! You mean to say me. We are the descendants of the lineage of the Good People who stayed within the Immortal Realm?"

Bai Qian nodded.

White Mist froze instantly as she listened.

"Then I! Wouldn't I still have a twin body?"

"You're thinking too much!"

Bai Qian said.

“After the separation of the batch of twin bodies of Good and Evil and the Evil Ones, the secret method of twin bodies was destroyed!”

“The Chaos Clan and the Divine Shadow Clan are now two completely different clans!”

“It’s just that they’ve always been in a state of hostility because their previous grudges were too entangled!”

“Moreover, the people of the Divine Shadow Clan are deeply imbued with the Evil One lineage, so they are brutal by nature and love to kill!”

“If we let them return to the Immortal Realm and integrate into it, then the whole Immortal Realm will be in a bloodbath!”

White Mist felt like his head was about to explode as he listened.

Lin Ran, on the other hand, had excitement in his eyes.

At last, he no longer knew nothing about the Divine Shadow Race.

Although this information would not be of much help to him in his search for the Divine Shadow Race!

But at the very least, it had given him some understanding of the Divine Shadow Race.

“Lin Ran!”

Suddenly, Bai Qian looked to the side at Lin Ran.

“Senior, please speak!”

Lin Ran said busily.

“I’m only telling you this much because I want to tell you that the Divine Shadow Race isn’t as easy to deal with as you think!”

“Even if you find out where the Divine Shadow Race is, when you go in, you won’t be able to adapt to the environment inside!”

Bai Qian said.

Lin Ran nodded, he knew very well what Bai Qiande meant, but if he didn’t go in, Song Nuan really wouldn’t be saved.

“I know what you’re thinking!”

Bai Qian suddenly said.

“Have you thought about it, even if you can adapt to the environment where the Divine Shadow Race is!”

“But can you still guarantee that you won’t be discovered by them?”

“Moreover, that friend of yours, if he stays in the Divine Shadow Race for a long time!”

“I’m afraid that he will also find the Immortal Realm’s rejection, and what will you do then?”

Lin Ran’s face looked very ugly as he listened.

He was very lightly exhaled that if Song Nuan really was rejected by the power of the Immortal Realm in the future.

At that time, it was likely that he would not be able to bring her back.

This problem was quite serious.

“Senior, things are in the air, if there really is that day, I will definitely think of other ways to solve it!”

“But this Divine Shadow Clan, I am going to have to go!”

Lin Ran’s attitude was incomparably firm, as if there was no room for compromise at all.

“You! Ai!”

Bai Qian was helpless at his words.

“That’s fine, I should have known long ago that I couldn’t persuade you!”

“Since that’s the case, then I can only talk to you about something in!”

Bai Qian said as he fished out an ancient book from his arms and handed it to Lin Ran.

“You saved White Mist, and I can tell that you have great qi blessings!”

“This book was not supposed to be passed on, but you are different!”

“If you are willing to make a blood oath to always be loyal to the Immortal Realm side and not be a lackey of the Divine Shadow Clan!”

“I can lend you this ancient book to read!”

Lin Ran was stunned to hear this and looked at the book, finding that there wasn’t a single word on the cover.

“This has this one technique written on it that will allow you to completely master how to utilize the power of Chaos!”

“There is no need to condense Chaos Qi spirals in your body anymore!”

“This technique is the last secret of our Chaos Clan, it must never be leaked out! Not even to someone from the Immortal Realm!”

Bai Qian said emphatically.

Lin Ran smiled and nodded in agreement!

He knew very well that the Chaos Clan was able to have the peace it had today by relying on the fact that this Chaos Power could not be directly refined and controlled by the people of the Immortal Realm.

Once the techniques in this secret book were revealed, people from the Immortal Realm would then be able to freely enter and leave Chaos Space.

Then the Chaos Clan would have no room for their own survival!

Inevitably, they would be generalised by the people of the Immortal Realm!

He still knew this very well in his heart!
