

# PUNISHED BY HIS LOVE

## Chapter 2242 - 2251

Not only the Pan family was shocked, but all the spectators around were shocked.

How come there are so many people coming?

Obviously, today's game is set.

On the other hand, the Pan family, even though they were already in the game by others' calculations, were still arrogant and domineering here.

I really don't know how I died.

Under the eyes of everyone, Zhu Zhu came to Pan Jianliang.

The sixty-year-old old man, with a thin face and a very indifferent face.

He said calmly, as if he was an idler, but he wasn't. Zhu Zhu's face is the kind of calm heart that sees through all the red dust.

Or rather, she was once a heartless person.

of course!

At the age of 20, he gave birth to a son, and his only relatives were his son and grandmother.

Grandma died in Huangquan, and her son was taken away and sold by clinical people. If she hadn't wanted to find her son, she might have died long ago.

The son searched for decades but couldn't find it. Slowly, Zhu Zhu's heart died.

Later, he became a nun.

It's still the torment and heartbreak, otherwise, she wouldn't be able to wait to see her own son.

The son is seen.

But, after decades of torment and death, Zhu Zhu still remembers it clearly.

In her life, although she was deceived by the person she loves, at least she can still have her son to accompany her, and it is not a waste of time in the next life.

However, my son was bought by the Pan family.

If the Pan family called the police at the time, it would have been another wake up call.

If you buy your son, you can buy it, but the Pan family still doesn't know how to cherish it.

How uncomfortable does this make her, a mother, feel?

How distressing!

if!

If the Pan family treats their son as lovingly as their own son, Zhu Zhu will definitely not be so heartless.

But her son was born to her.

She failed to protect her, failed to give her son the maternal love he deserved, and made her son suffer in the world.

How can Zhu Zhu not hate this!

"It's you? It's you, you...you, are you really Youming's biological mother?" Pan Panpan had already recognized it. This old woman was the one she saw at Pan Youming's house that day.

The woman claimed to be Pan Youming's biological mother at the time.

But the three sisters of the Pan family don't believe it.

If they had believed at that time, if the Pan family had hurriedly disappeared from Nancheng at that time, there might not have been what happened today.

So sorry!

There is no turning back to start work.

Regret is useless.

Zhu Zhu looked at the three sisters of the Pan family coldly: “Do you think that in the whole world, only you Pan family are sensible people, and only you Pan family are not criminals? Only your Pan family is reasonable wherever they go?”

Pan Panpan: “. . . . .”

Zhu Zhu was too lazy to talk to Pan Panpan.

She only looked at Pan Jianliang and his wife with hateful eyes: “You know, a mother who gave birth to a child after a lifetime of hard work was stolen and sold before she even had time to look at it. , is that what it’s like?”

Your children are all by your side.

You can never imagine what it would be like to die as a mother who lost her child.”

“Mother Mingming, we... We know we were wrong. I beg you. For the sake of our old couple helping you raise your son, please spare us this time. You also know that Mingming is alive and we didn’t torture anyone to death. Please be

truthful . Okay?” At this time, Pan Youming’s adoptive mother, who had always been heartbroken, spoke up.

She cried with tears in her eyes: “I can feel the pain of losing your child, I can really feel it. When I brought the child back, the child cried day and night, and I didn’t follow him without sleep. Stay with him all night.

## **Chapter 2243**

I love Youming.

Zhu Zhu shook her head, instead of being very indifferent: "I know that you are the child's adoptive mother, and you have indeed loved the child, but that is your adopted son who loves you. "

It has nothing to do with me.

I'm not going after your business still.

I have nothing to do with you from now on.

My son's name is Hao Yang, the child of me and the man I once loved.

As for your appearance, whether or not you tortured people to death, the Free Police solved the case, it has nothing to do with me.

I came today to see my son, he just got off the operating table and it's been so hard.

I'm going to take my son home, I'm ready and waiting for him to come home to eat.

After speaking, Zhu Zhu raised her eyes and looked at Pan Youming lovingly: "Hao Yang, go home with mother . You are tired and need to rest. In the future, you will be Hao Yang, and there will be no so-called adoptive mother who can harass you.

No one will bother you again. "

Pan Youming put one arm around his mother: "Okay mother." We go home. After speaking ,

he hugged his mother and left.

He drove by himself, and when he went back, he naturally brought his mother into his car. When the

mother and son passed by Fu Zhengxiong, Fu Zhengxiong looked at him with a flat face. Mother and son.

Zhu Zhu didn't look at Fu Zhengxiong.

Pan Youming looked at Fu Zhengxiong and gave him a deep bow:  
“Thank you! “

He still didn't call Dad.

However, Fu Zhengxiong didn't care, and he didn't blame Pan Youming. He just said in a continuous voice: “Hurry up, hurry up child, help your mother go home, don't make your mother too sad. Go back and take good care of your mother. “

Okay.” Pan Youming said goodbye to Suzi, Arron, Alyce and Rayna.

He wants to leave this place now.

Because I don't want to watch the police put my adoptive parents in handcuffs.

He was afraid of being soft-hearted.

In fact, he was really soft-hearted.

The heart-wrenching cries of the Pan family came from behind:  
“Mingming, Mingming, you can't wait until you die.”

“Brother, we know we're wrong...”

“Brother, I'm the eldest sister. Ah.”

“Mingming, I'm Youyou, you hurt me the most since you were a child, have you forgotten? Mingming...” Pan Youyou burst into tears.

However, crying is to no avail.

The Pan family was taken into the police car one by one by the accompanying police.

As for how the police deal with the Pan family, it is not up to everyone present.

As soon as the police car left, the spectators left.

At this time, Arron came to his father and said gently, “Dad, thank you, if it wasn’t for your presence, we really wouldn’t have a foolproof way to deal with the Pan family.”

Fu Zhengxiong’s tone was very humble and sincere . : “This is what Dad should do. Dad knows that you are actually here to find Suzi’s mother today, then Dad will leave first. You ask your driver to take me. If the driver is not willing to take me, I will take it by myself. A taxi is also fine.”

After speaking, Fu Zhengxiong was leaving.

Arron stopped him behind him: “Dad!”

Fu Zhengxiong looked back at Arron: “Son, if there is anything else you need Dad’s help with, you can say whatever, and Dad will do it.”

“Dad, let Christopher take you off. I’ll drive back with Suzi later.” Arron said.

“Hey, hey, good boy.” Fu Zhengxiong’s eyes were wet.

He made Christopher’s car and left Alyce’s house.

At this moment, outside Alyce’s house, only Suzi, Arron, Rayna and their two children were left.

The man named Tong Jianan who locked himself in Alyce’s gate and held flowers in his hand never came out.

At this moment, when Tong Jianan heard that there was no movement outside, he opened the door and looked at Alyce with a smile on his face: “Alyce...”

“Go away!” Suzi’s good temper was instantaneous time is gone.

## **Chapter 2244**

Tong Jianan thought he heard it wrong: “What did you say?”

“I’ll let you go! Or I’ll kill you! “Suzi has never acted like a shrew before, but at this moment, she really couldn’t help it!

It is impossible for any daughter to remain calm when she sees such a flattering and flattering man beside her mother.

Even though Suzi has repeatedly hoped that his mother can find a man who can accompany his mother to spend the rest of his life together.

But, at this moment, seeing the man in front of him, Suzi thought of one word: Duck!

She was disgusted.

I want to kill this man in minutes!

“Don’t get out! If you don’t get out, my Rayna’s fist is not a vegetarian!” Rayna is Suzi’s die-hard loyal, and the person Suzi wants to beat up, Rayna will never say a word, and will definitely beat him!

Beat her to death!

With that said, Rayna was about to start.

The slap had already been raised, but Alyce blocked Tong Jianan from behind him.

“SuziSuzi! You disrespect your mother too much!” Alyce scolded categorically.

This reprimand suddenly woke Suzi up.

Suzi immediately said cowardly: “Mom, this man is not suitable for you, he is obviously a liar!”

Tong Jianan laughed awkwardly when he was told: “This, how can this be Alyce, I’m not a liar, you know Yeah...”

Alyce looked at his daughter with a stern face: “Suzi! Mom’s affairs are up to you! Mom ordered you to apologize to my friend immediately!”

Suzi: “Mom!”

“Apologize!” Alyce never told Suzi so harshly.

Suzi saw his mother's appearance, and then looked at his grandfather for the first time.

That means, your daughter, you don't care?

Who knew that Mr. Shu, who had been silent for a while, said slowly, "My daughter has suffered for a lifetime, and now it's time to enjoy life. As long as my daughter is happy, I don't care if she is a liar or not.

Our Shu family, we can still accompany you!" Shen

Suzi: "You..."

At this time, I really wanted to shout: Grandpa!

But before Suzi could speak, he was stopped by Arron, he held Suzi's arm, then looked at Alyce and said, "Mom, you know that Suzi is stubborn, she doesn't apologize to your friend, I apologize.

I think Grandpa is right, as long as you like it, don't say that the Shu family can afford it.

Besides the Shu family, there is also our Fu family.

As long as the mother is happy, we all support it."

Arron continued to look at Alyce and said To: "Mom, I know that you are a very measured person. This time it is indeed Suzi who is reckless. Mom, you will entertain your guests first. I will take Suzi back home, and I will persuade her well. "

After saying that, he hugged Suzi and walked away quickly.

After walking out for several steps, Arron turned around and said to Darius, "Azhen, take your grandfather home."

Darius nodded.

Everyone left.

The moment Suzi got into the car, he still looked at his mother with great worry.

“Let’s go, Mom is actually very measured. She must have her reasons for treating you like this. When I look back, I will let Christopher stare here for 24 hours, and it will be fine.” Arron comforted Suzi.

Suzi sighed: “I also know, I lost my temper just now. But I really hate this man, maybe this man is really like what the Pan family said, he is a liar. He

kills pigs!

A woman who lives alone like Mom is like a pig, cheating on her feelings, cheating on sex, and then she gets fat and then kills it!

It doesn’t matter if my mother was cheated of money, but she is so old, she really can’t stand emotional setbacks any more “

I know, I understand, don’t worry, I won’t let my mother fall so deeply. From what I know about my mother, my mother is not such a person, you can rest assured.” After all, it is not his own mother, Arron compares Suzi became calmer.

He could see clearly that Alyce was not that frivolous

## **Chapter 2245**

is certainly not so easy to deceive.

Otherwise, after wandering for so many years, she was once imprisoned by Jarod again. Earlier, she took Suzi in a place like the mountainous area, and she walked step by step. Which step is not extremely dangerous?

Alyce carried it all over.

This shows that Alyce has a lot in mind.

It’s just that Suzi cares too much about his mother, so he’s out of proportion.

At this time, Arron had to stabilize Suzi’s mind.

“Don’t worry, nothing will happen. I will definitely not let my mother have anything. Don’t worry.”

Suzi nodded.

I don't think about the mother's affairs for the time being. Anyway, with Shaoqin watching over it, nothing major will happen.

At this time, Suzi thought of Rayna again.

Recent emergencies have followed.

It's not the Wen Lan in the company, or the family members who come to find fault, and then this boyfriend who pursues his mother.

It was really one thing after another.

It wasn't until this time that Suzi remembered to ask Rayna.

"Qingrong, are you having a conflict with your mother-in-law? Does Ruian know? Or Ruian is angry with you. If Ruian bullies you, see how I deal with him!" Suzi said.

Rayna smiled bitterly: "Suzi, you are worrying about me, I think you have too many things, one moment is your mother, another moment is your brother, and there are three children to take care of, and now there are Youming and Yingzi. Things, really hook you busy.

Don't worry about me.

I take you as an example, I will definitely live well, treat myself well, I will be self-reliant and self-improvement.

It can be a role model for my children.

You don't have to worry about me, Suzi, I will be fine.

Do not worry. How

can Suzi be at ease?

Just when she was about to say something, Rayna said again: "Suzi, put me in a slightly upscale hotel, I have to find a hotel to stay in first, by the way, I want to stay with you The company is nearby, so that I can take care of the baby and devote myself to work as soon as possible.

When my job is completed, I will find a house near the company to live.

Then do childcare for the children.

Don't worry, I'll be fine!

Because, I am now a strong mother! "

Suzi: "..."

At this moment, she didn't know what to say.

However, seeing that Rayna was so determined, Suzi couldn't say anything else. She thought that if Rayna insisted, she didn't want to say anything. What she said, she couldn't ask anything. It's

better to wait and call Jun Ruian to ask about the situation.

"Okay, I'll take you to the hotel first, are you sure you can do it alone?"  
"Suzi asked.

"Guaranteed!" "Rayna gave Suzi a confident smile. The

two babies also followed their mother's tone: "Guaranteed!" "

The appearance is as cute as it is.

The grumpy Suzi was amused.

She and Arron sent Rayna to a better hotel close to the company to settle down.

Seeing that there was nothing to help, when Suzi and Arron were about to leave, Rayna's cell phone suddenly rang.

Suzi immediately asked: "Is it from Jun Ruian? Give me the phone. I want to ask him!"

Rayna smiled disappointedly: "No."

Suzi was startled: "Who is that? Calling you at this time?"

## Chapter 2246

It is impossible to say that Suzi is not worried about Rayna.

Suzi is a woman with a long-term relationship. At the most difficult time in her life, Rayna chose to stand by her side and fight side by side with her. This is something Suzi will never forget in his life.

Even Rayna had hurt her.

But Rayna's nature is not bad, and he has no heart. On the surface, he looks squeamish and sturdy. In fact, Rayna is a fool who can't take advantage of others.

Therefore, Suzi has always been worried about Rayna.

Seeing Suzi's incomparably concerned expression, Rayna smiled gently: "It's Yingzi, Suzi."

Suzi's face was both disappointed and relieved.

"Quick pick up." Suzi said.

Rayna immediately connected: "Hey, Yingzi, are you busy?"

At the other end, Yingzi said: "Rongrong, did you and Jun Ruian quarrel so badly? I'm... sorry. , Suzi asked me to follow you to Kyoto, originally to take care of you and Sister Shan, but I didn't..."

"Don't talk about Yingzi, you can have your own life and marry the person you love. , is what Suzi wants to see the most. At first Suzi asked you to follow us back to Kyoto because you grew up in Kyoto, and now you are willing to live in my house in Nancheng, which is naturally the best.

You don't have to protect me, from now on In the future, I can protect myself.

Yingzi, you can marry so well, I am very happy for you.

Let me tell you something, I have saved a little dowry for you in the past few years, and I will give it to you tomorrow. "

Yingzi suddenly choked up: “Qingrong...”

“Don’t cry.” Rayna said loudly: “We all want to be strong women. By the way, I’ll tell you the good news, Youming, no It should be called Haoyang now. The troubles with Haoyang have been resolved this time.

There will be no worries in the future.

I guess Youming is probably taking notes in the police station at this time.

Wait for Youming to leave the police station . Come back and celebrate with him.”

Yingzi cried and nodded: “Well, good Qingrong. I know, thank you! Thank you!”

After closing the line, Rayna smiled and looked at Suzi: “Suzi, I Settle down here first. The first thing is to find a nursery for the child. After the child is settled, I will come to you to work immediately.

Regarding the house, I will slowly find a suitable one.

You don’t have to worry about me.”

Suzilue Rayna looked surprised: “Qingrong, you seem to have grown up a lot.”

Rayna smiled and said, “Yes, she is a mother of two children, the so-called mother is just being rigid, I am particularly able now. I realize how difficult it was when you were alone with the only one. At that time, you were much more difficult than me.

I will become stronger and stronger in the future.”

“Qingrong.” Suzi asked solemnly: “You want to make peace with you. Is Ruian divorced?”

Suzi didn’t want to ask.

She didn’t want Rayna and Jun Ruian to divorce.

Besides, she didn't even know how many conflicts existed between Rayna and Jun Ruian.

She has not asked carefully.

Still trying to adjust.

However, at this time, in Rayna's anger, Suzi didn't want to ask any more questions. She hoped that Rayna would calm down first.

However, only what kind of long-term plan Qingrong has in the future, Suzi still wants to hear Rayna's opinion.

In this way, we can also know whether Rayna's approach is naive and desirable.

However, Rayna's answer made Suzi more and more relieved.

Rayna smiled and said, "Suzi, I'm a mother of two children, how could it be so easy to get a divorce? Divorce? It's not good for my children, and besides, Ruian doesn't have much wrong with him.

If I divorce him, wouldn't it be cheaper for him!

It's even cheaper for the Jun family!

## **Chapter 2247**

I will not divorce unless I have to.

Unless Ruian makes an unforgivable mistake, such as he doesn't love me anymore, he has a mistress outside, which I will definitely not tolerate.

As for other things that can be reconciled, I naturally choose to defend my marriage. This

kind of statement really made Suzi look at Rayna with admiration.

Suzi suddenly smiled: "Qingrong, since you don't want to divorce Ruian, but you..."

"Side aside! "Rayna said.

Suzi: "..."

Rayna continued: "It's also my attitude! I want to let your family know that I can live without them! I want them to know how much I love myself! "

Suzi nodded gratified: "Rongrong, you are good, I am very happy for you!" Don't worry, one day, you will definitely win the respect of the entire Jun family! They will definitely not underestimate you again! "

"Hmm! Rayna was full of confidence. After a

pause, she said, "SuziSuzi, go back quickly, don't worry about me, take your time with Auntie, don't be impulsive, and deal with Youming's affairs first in the past two days." Things, wait two days to see what my aunt said. "

Suzi smiled and said, "Okay, listen to you. "

"Go back quickly." "Rayna said.

Suzi left the hotel without being polite to Rayna.

There are indeed many things at hand.

While worrying about his mother, he still has work and Pan Youming.

Suzi didn't know what happened when Youming was called to the police station.

After finishing the work this afternoon, it was far past the end of get off work time. It was already late at night when he got home. At this time, Arronyi had returned.

"Husband, how are things handled with Youming?" Suzi asked.

Arron put his wife in his arms and said gratefully: "Suzi, thanks to you for thinking of this method, and thanks to your trick, I went to the county where Youming is located in advance, and went to greet people one by one.

Otherwise, it would be really difficult for Youming to get rid of the Pan family."

Suzi rested his head on Arron's shoulder: "Husband, do you think my move is too heartless?"

Arron shook his head: "To deal with the Pan family like this Is there any other good way?"

Suzi shook his head: "No more."

"That's right! You think, if we don't show mercy to the Pan family, the Pan family will kill Youming, even Youming's We have to drink all the blood. Why should we hurt ourselves because of other people's faults?"

Besides, the Pan family was already wrong. If it's wrong, we have to pay the price!"

Suzi smiled: "Husband said nothing. Wrong, I learned these tricks from my husband, haha!"

Arron: "..."

He hugged Suzi in his arms: "Today you are a little too much towards your mother."

Suzi Sigh: "I know. But I couldn't help it at the time. That man made me look so disgusting!"

"It's disgusting, as long as your mother likes it, you have to accept it!"

Suzi: "... "

"You have the right to find a man who loves you, and so does your mother!" Arron said.

Suzi paused for a long time without speaking.

Arron hugged her tighter, and spoke to her in a low tone: "I see that you have been a little busy recently. Otherwise, we have to find something to do."

Suziyi I began to wonder: "What are you doing?"

“We are a harmonious couple on such a big night. What do you think we can do?” The man asked with a low and charming smile

## **Chapter 2248**

Hearing the man say this, Suzi immediately understood.

His face turned as red as a ripe tomato.

Arron and Arron are also old couples, Suzi is not too young, but until now, she still can't get rid of her blushing problem.

The skin is thin, like the skin of an onion.

However, Arron likes this kind of Suzi.

He hugged his woman tighter.

This night is destined to be a sweet night for two people.

The two have lived together for so many years, and things in that area have never faded. On the contrary, after so many years of running-in, the two people's life in that area has become more and more varied and lasting.

And, the longer you get, the more sweet feeling you get.

Women are also much more open than when they were young.

If it weren't for Arron's first-class sound insulation, Suzi's voice would be enough to shock the entire floor.

After the incident, Suzi would feel shy again because of his voice.

At this time, when the man saw Suzi blushing to the root of his neck, he couldn't help teasing her.

The end result is that she will be like a little girl, plunge into his arms and refuse to look up.

That is the happiest moment for a man.

At this time, both of them were exhausted. The man put his arms around the woman in his arms, and asked warmly and casually: "You said, how about we want a child? The only one who has two younger brothers, if we can have one A little sister, we have two sons and two daughters. It's the best."

Suzi's voice was still filled with happiness and tenderness that could not be retreated: "Any child is God's will to us, how can you want it? , what about the one you want?"

Besides, you are all forty.

And I am in my thirties.

We are not too young. The

only one is twelve years old. If I have a big belly, I will give A little girl who is more than 1.6 meters tall holds a parent-teacher meeting, I am afraid that the only one will be shy." The

man smiled: "our only has a strong heart, so she doesn't care what anyone says. Besides, the only himself often says , She is surrounded by younger brothers, and she has never had a younger sister.

You see, Jing Yu has two sons.

Qingrong also has two sons.

Ze Yan's is a son.

We are the only girl in

our family. We have two sons. No matter what, I want to give birth to a daughter!

No!

I just want to give birth to a daughter."

Arron's tone was like a child, which made Suzi laugh.

She made a 'puff' and then said: "Look at you, you are such an adult, and you are still so naive, let alone that we want a daughter, even if it is a son, at the age of the two of us, we may not be able to conceive. .

Not to mention the daughter you want to have a daughter?

Let me tell you, I want a daughter too. I want a daughter more than you.

Hey, let's see what God wills."

The man turned over and pressed the woman under him again: "Seeing the will of God, we have to work hard beforehand, don't we?" The

woman immediately became horrified: "You, aren't you tired?" The man smiled charmingly again: "I am alive and well! "

You, husband, you are already forty!" "Have you never heard of a man's forty-one flowers?

" Before she could refute what the man said, the man had already started a war. A new round of fierce battles has just begun. Until later, Suzi failed miserably. She didn't know when she fell asleep.

## **Chapter 2249**

Even, her own man took her bath and dried her hair, she thought it was a dream.

In the dream, Suzi felt warm and warm, very comfortable and comfortable.

When she woke up the next day, she was in a very good state of mind.

The mood is not as dry as yesterday outside the mother's house.

The family had breakfast together, and the little queen Shen Weiwei, who was about to finish eating, stared at her mother: “Mom, you are beautiful today.”

Suzi: “Mother, I have always been beautiful, what do you mean I am beautiful today!”

” Your complexion is very bright and lustrous today, have you changed any skin care products?” The twelve-year-old child knows some skin care knowledge very well, although Shen Weiyi hasn’t started using skin care products yet.

But she also understands.

Suzi: “...”

How should I explain it to my daughter?

The reason why she is in a very good state of mind today is because the relationship between her and her father was very sweet and harmonious yesterday. The two of them reached an unprecedented height and they were very relaxed.

Suzi couldn’t say anything.

However, she said in a roundabout way: “yesterday your father gave me flowers, which surprised me and made me suddenly return to the feeling of being in love when I was young, so my mother is in a good mood, in a good mood, and in a good state of mind. Naturally it is good.

The mental state is good, and the mother’s skin is naturally good.”

“Humph!” Shen Weiyi suddenly snorted coldly: “You only care about the feeling of falling in love with your father, but you don’t care about your grandma’s feelings. Grandma is only in her early fifties this year and looks like she is in her forties. Grandma can also fall in love, okay!

Why interfere with grandma’s relationship!

Mom, you can’t do this!”

“Your grandma told you!” Suzi immediately collapsed and asked.

Shen Weiyi shook his head: “she is your mother, she is the closest to you, she won’t tell me, it was your grandfather who called me.

Your grandfather loves his daughter just like you love me.

He called me. Tell me on the phone, let me persuade you not to hinder his daughter from falling in love.”

Suzi: “...”

This old man Shu.

I don’t know what to say to him.

With a sigh, she looked at her daughter and said helplessly: “I see! I won’t interfere with your grandfather’s daughter’s love affairs in the future.”

Yu Bi wiped his mouth, got up and left.

I didn’t do a whole day of work yesterday, and it was all piled up to do it today. Suzi’s work hours were very tight.

It’s a busy day.

The busy Suzi is almost at a rhythm of forgetting to eat and sleep.

After a whole day, she didn’t bother to ask about the progress of her mother’s love.

I haven’t had time to ask whether Rayna and Jun Ruian are reconciled or not, how is the child’s little nursery?

It was not until after get off work that Suzi got out of his work.

After gobbling down a full meal in the company’s cafeteria, Suzi finally found time to call his mother.

“Mom, I’m very sorry about what happened yesterday, you don’t remember the villain, don’t have the same knowledge as this little bitch like me.” Suzi was coquettish and coaxing.

At the other end, Alyce was not angry at all: "Silly child, mother will never be angry with you. Don't worry."

"Thank you, mother." Suzi's eyes were slightly red.

Immediately after, she said, "Mom, I won't tell you any more, I have to ask how Qingrong's arrangements are going."

"Okay, let's go." Alyce said gently.

After closing the line, Suzi immediately called Rayna.

On the other side, Rayna's day went very smoothly. The small nursery school found three schools, and she was comparing the other one, with moderate prices and a good educational environment, which was Rayna's first choice.

Listening to Rayna's orderly speaking on the phone, Suzi suddenly felt relieved.

Although the trials and tribulations experienced in life are hardships, they can also train people very much. Hardships can make a person mature and independent.

This is good.

After hanging up with Rayna, Suzi called Pan Youming again: "Youming, how are you today?" On

the other end, Pan Youming said, "Suzi, I'm in the detention center."

## **Chapter 2250**

Suzi was startled, and immediately asked: "Youming, isn't the matter resolved? Why are you here? Detention center?"

Pan Youming smiled bitterly on the other end of the phone: "Suzi, they raised me after all, if I hadn't fed me with their milk, how could I have lived so big?"

Suzi: "Hey..."

In fact, she understood very well.

Since ancient times, family love is something that is unclear.

Even if Pan Jianliang's parents bought Pan Youming with money, it would be a crime from a legal point of view, and if it wasn't for the business of Pan Jianliang and his wife at that time, maybe Pan Youming would have been able to live by his biological mother's side.

Although very bitter.

However, at least it will not cause the pain of mother and son, and Zhu Zhu's lifelong youth consumption.

However, family love is very unreasonable and unreasonable.

Because, the previous family relationship between Pan Youming and Pan Jianliang actually existed.

Even if they have been treating this son badly.

After all, it was a piece of shit and a pee that pulled the son up.

If Pan Youming is really heartless and ruthless and doesn't care about the life and death of his adoptive parents, it means that Pan Youming is a man without conscience and sense of responsibility.

Isn't this kind of man terrible?

Suzi understood Pan Youming very well.

I also admire Pan Youming.

She herself was also separated from this kind of affection.

Her biological father framed her like that, but she still could not recognize her biological daughter.

It wasn't until one day that she needed to use her kidneys that her father admitted the fact that they were his own father and daughter, but

even so, Suzi still couldn't be as unfeeling as his own father.

Because of the family relationship of those eight years.

During those eight years, she lived in her father's house, and the attachment and yearning to her father made her unforgettable for the rest of her life.

What's more, what about a child like Pan Youming who was adopted by his adoptive parents from birth?

Suzi can understand.

She said to Pan Youming indifferently on the phone: "Youming, if you are really the kind of heartless person, we will really worry about you, but you are a good person with a conscience and a sense of responsibility. Don't worry. Youming, no matter what decision you make, you don't have to worry about the Pan family's entanglement and frame-up against you in the future.

Because you now have family, friends, brothers and sisters-in-law, and biological parents

. We will support you in any decision!"

Suzi's encouragement moved Pan Youming on the other end of the phone.

At this moment, the seven-footed man in his thirties suddenly turned red.

sister in law.

Yes, Suzi is his sister-in-law.

Sister-in-law.

He controlled his excited voice, and then shouted: "sister-in-law, don't worry, you all helped me dissolve the relationship with the Pan family, I know it well.

Although I am not so cruel, I I won't be soft-hearted.

I will definitely handle the rest."

"Well, trust you. Call us again if you have anything." Suzi said gently.

“Okay.”

After closing the line, Pan Youming looked at the policeman on the opposite side.

The police were very polite to Pan Youming.

Not because of his status or anything, but because of Pan Youming's kindness and kindness.

“There are really not many good people like you these days. It's not a loss to stay there for the rest of your life like your adoptive parents. Even if you don't come to see them once, there's nothing to be sorry for them. The hurt their family has done to you is worth it. How big is it?” said one of the policemen with emotion.

Pan Youming smiled.

When he got home last night, he didn't sleep all night.

## **Chapter 2251**

Lying in bed tossing and turning, even the tired heroic can't sleep.

Yingzi leaned on his shoulders and asked him softly, “What's the matter, Haoyang? Are you still worried? Don't worry, this game was played by Suzi and the vice president together. This time the game was a big one. It is impossible for the Pan family to turn over again.

It will never be possible to turn over again.

Everyone in the Pan family may sit in prison.”

Yingzi did not have the slightest affection for the Pan family.

When she heard Pan Youming finish talking about her experience, Yingzi always thought about killing the Pan family!

So hateful!

She looked up at Pan Youming: “Haoyang, I can help you. I'm not a good guy anyway!”

Pan Youming put Yingzi in his arms and covered Yingzi's mouth: "You are not allowed to say that about yourself, you are a good person. Girl, the rest of your life is to enjoy happiness. Understand."

Yingzi nodded softly: "Well, Haoyang, you are the best to me."

Pan Youming sighed: "Yingzi, you may not understand me. The feelings for my adoptive parents, no matter how bad they are, to the core, there is one thing my adoptive mother said is right. When I was very young, she was really pulling me with shit and urine.

If not My adoptive mother, I can't live."

Yingzi looked up at Pan Youming: "Haoyang, I understand. My father didn't want me when I was two years old, he got on with a fashion designer, they still have baby.

My dad has never been nice to me.

Only once in a while, still use me, but I still feel very warm and warm.

Hao Yang, do you want to make a good face to your adoptive parents?  
“

Pan Haoyang shook his head: "That's not true. If something is wrong, it is wrong. We cannot disobey the law."

I just want to weaken that part of the process.

Do you understand me then? Yingzi?

Yingzi nodded: "Understood, I understand everything you do, if you are really so ruthless to your adoptive parents. " I really don't look down on you, I can't live with ruthless people.

Saying that, Yingzi smiled. She laughed that she

found such a reliable man.

Yingzi hugged Pan Youming even tighter.

This night, the two people's lives were very tacit, and in that tacit understanding, there was a kind of mutual healing and mutual understanding. The feeling of warmth.

Each other's hearts have experienced heavy losses. Both have been so miserable.

Now the two hearts are fused together, and each other feels unprecedented warmth and safety. In

the end, women are not as strong as men Big, so long.

And Yingzi is so jerky in that respect, and finally Yingzi fell asleep exhausted and exhausted.

Before falling asleep, she murmured: "Haoyang, no matter what you do. If you decide, I will support you. I know that you have done your best to your adoptive father's family. Whether you let them go or punish them severely, I will support you.

My heart will always be with you. "

Pan Haoyang happily hugged his daughter-in-law in his arms: "With you, I will no longer be alone. I don't care too much about the past.

Adoptive parents are old after all.

They are all in their seventies. Even if they are alive, how long can they live?

The three sisters are addicted to gambling, and no one can help them.

I'll just let them fend for themselves. "

Pan Youming said it to Yingzi. He

also said it to himself. In

other words, he made a decision.

He decided not to pursue his adoptive parents' business behavior back then.

If he didn't pursue them, the adoptive parents might be freed from prison.

Early the next morning, when Pan Youming was fully dressed and was going to the detention center, he received a call from the detention center.

"Mr. Pan, can you come, your... adoptive parents want to see you." said the staff there.
