## Chapter 2247 the last reliance

Of course, not only Ericson, but Chen Ao's tremor was no less tSherry Han Er.

Chen Ao didn't expect that Mark still had such a hole card.

Major General Qinglong, master the most elite special forces in the summer.

With this trump card, Mark indeed has the ability to wrestle with Gritsberg Xu Family.

"Haha~" "What a major general Qinglong."

"I didn't expect that you are a junior, and you will have such an achievement at a young age?" "It's all about being the honor of Noirfork, you are still a major general of the military area?" , I underestimated you."

After a long tremor, Xu Junlin suddenly laughed.

In the laughter, there was an inexplicable emotion.

The general who seemed to be defeated was somewhat self-deprecating and mocking.

However, at the end of the laughter, Xu Junlin changed his conversation, with a cold gaze, looking at Mark again." "But, Mr. Chu, do you really think you have won?"

"Do you really think that my Xu family has been defeated by an unknown junior to you?"

"In other words, do you really think that these three special teams are my Xu someone, the last to rely on?"

"Xu Junlin's cold laughter was exceptionally hoarse, like the sound of crushed rocks. The old gloomy face, also at this time, appeared with a sharp chill. The atmosphere here became solemn again. I originally thought it was this. The second class of Li, who had already passed through the catastrophe, immediately tightened the string in their hearts. Chen Ao and others, their hearts sank even more. Could it be that Xu Junlin, and the trump card failed? Just when everyone was surprised. , Xu Junlin's deep and cold voice continued to sound. "Since I, Xu Junlin, decided to visit Wrifill in person, I would naturally prepare with both hands.

“I originally thought that my second-hand preparation would not come in handy.

“But now it seems that I took it for granted!”

“Yes, how can a person who can kill Wei Lao be an ordinary person?”

“But it’s over.”

“Next, what you will face is the most terrifying nightmare of your life!”

“However, you are proud to die under his hands.”

Xu Junlin smiled coldly with cold eyebrows. The wanton laughter, like howling a wolf before devouring its prey, made people chill and tremble.

In an instant, the faces of Ericson and others turned pale.

Helen Qiu’s beautiful eyes were also full of worry.

Everyone looked at Xu Junlin with trepidation.

The unknown, Fang is the most terrifying.

Just like now, no one knows what Xu Junlin’s biggest hole card is?

When Xu He heard it, his eyebrows trembled, as if he had guessed something, the whole person suddenly exulted: “Father, is it Uncle Long?” “Haha~” “If it’s Uncle Long, then the stinky boy is dead! Xu He was overjoyed and shouted excitedly.

“Oh, isn’t it?” Facing Xu Junlin’s words, Mark chuckled lightly, not panicking at all, still standing there calmly.

He really wanted to see, what is the terrible nightmare in Xu Junlin’s mouth?

However, Mark’s calm pretense and his contemptuous tone undoubtedly made Xu Junlin and his son extremely unhappy.

Xu Junlin could still calm down, but Xu He cursed directly.

“Hunboy, can you really pretend to be compelling?” “You are still pretending to be calm when you die!” “Wait a while, Uncle Long will come, I wonder if you can come out calmly.”

## Chapter 2248 a generation of military gods

Xu He forcibly endured the pain, got up from the ground, and cursed Mark viciously.

The most annoying thing about Xu He is these arrogant guys.

“Smelly boy, don’t think that you can frighten the army, suppress the wolf, and do whatever you want.”

“I have said that the strong in our military area are like clouds.”

“If you want to kill you, the wolf can’t do it.”

There are others.”

“The energy of my Xu family is definitely not something you can contend with.”

“Ciao, you are so nonsense!” Xu He was still swearing viciously, but Croven Li kicked it again. Kicked over.

This time, Croven Li used more force and directly kicked Xu He out of 100 meters.

“Remember what you eat or not, it seems that the lessons just given are not enough. My instructor Chu, can you insult?” Croven Li cursed, but Xu He was caught off guard by this unexpected kick.

When Xu Junlin reacted, his son had already flown far away.

“You...you thugs.”

“So courageous!” “In front of my face, you dare to act like this.”

“Very well, I will make you people regret it.”

Xu Junlin’s old face was green and angry. Growled.

After speaking, Xu Junlin immediately turned around and faced the sky in the distance, with a deep voice: “Baichuan, come out.”

“Next, please!” What?

Baichuan?

“Could it be that today’s Yanxia Army God, Chief Instructor of the Three Armies, Dragon...

Long Baichuan?

After hearing Xu Junlin's words, and then thinking of the Uncle Long that Xu He called just now, Chen Ao's whole body immediately stunned, his old eyes widened immediately. The whole face went white immediately. "Chen" What's wrong?

"This Long Baichuan, is it amazing?"

"Is it more powerful than these special team members with special skills?"

"Ericson and others didn't understand this, they were immediately puzzled. However, after seeing Chen Ao's face, they also realized in their hearts that this Long Baichuan was also a terrible existence. "Nonsense!

"Long Baichuan is the chief instructor of the armed forces."

"It is known as the God of the Yanxia Army."

"He can reach the entire Xu family by himself."

"The instructors of the major military districts are all under his control."

"The whole army's training plan is made by him alone."

"This person has unmatched majesty in the army!"

"In front of him, the commander of the Noifork Military Region dared not make any trouble."

"More importantly, his status is definitely not based on relationship and military age, but based on piece by piece of terrifying military exploits."

"In the Hot Summer Special Forces Contest, he shocked the audience with one person, regretting the three armies."

"Unexpectedly, Xu Junlin actually invited such gods."

"It's over, this Mr. Chu is completely over~" Chen Ao wailed and was full of despair. This kind of person who stands out among millions of soldiers must have extraordinary capabilities. A generation of military gods, this name alone is enough to scare. Countless people died. How could Mark be able to contend with such a strong person?"

"My God~" "Is this... so strong?"

"Ericson and others were completely scared when they heard this. I thought that the identity of Major General Mark Qinglong would completely seal the victory. But who would have thought that the Xu family would still have a hole card in a turn of events. Moreover, it is still so terrible!"
