

Wonder Doctor Chapter 2251

“Many thanks, senior!”

Lin Ran was busy respectfully bowing, this secret book could simply be said to be Lin Ran’s greatest gain.

But unfortunately, the current him and the other doppelganger were no longer connected.

Because of the break in karma, it could be said that the two were now completely independent individuals.

Therefore, it was naturally impossible for the doppelganger who was in the Immortal Realm to know about the secret book.

“If only I could get the other doppelganger to cultivate it as well!”

Lin Ran lamented.

But it was just a thought, his own doppelganger was currently in a bad situation in the Immortal Realm as well.

It was afraid that rushing here would be unlikely.

“By the way, there’s one last thing I want to tell you!”

Bai Qian spoke.

“Senior, please speak!”

Lin Ran straightened his back, ever since he had learned that the Chaos Clan, where White Mist was from, and the Divine Shadow Clan were actually from the same origin, he had cared a lot about Bai Qian’s words.

After all, strictly speaking, I was afraid that no one knew the Divine Shadow Race better than Bai Qian.

As his own doppelganger could die at any moment, Lin Ran had made up his mind and was prepared to let this doppelganger be an advance guard.

He would go to the Divine Shadow Race to learn more about the other side, so that he could probably know some news about the Divine Shadow Race in advance.

It was naturally good to learn more about the Divine Shadow Race at this time.

“Since you’ve decided to go to the Divine Shadow Race, I suggest you still leave a wisp of divine sense here, I heard White Mist say that you have a doppelganger, but you can’t sense it at all!”

“It should be a break in karma!”

Bai Qian said.

Lin Ran was stunned at his words, this was indeed a big headache for him.

But to his surprise, Bai Qian was actually willing to let him leave a wisp of his divine sense behind.

This also meant that Lin Ran could leave a divine sense doppelganger here, which didn't need to be too strong.

It was just to act as a messenger.

When his own other doppelganger arrived in the future, he would be able to directly obtain the contents of the secret book that Bai Qian had given him.

One could even know all the experiences of this doppelganger of one's own.

This even included the experience of going to the Divine Shadow Clan afterwards.

In this way, although the two doppelgangers broke their karma, they could still pass on the news to the other doppelganger.

But there was also a risk with such an arrangement.

That was that Lin Ran's other doppelganger would have to come to this Chaos Clan.

Otherwise, if he couldn't see the divine sense doppelganger here, then there would be no way to learn of these things.

"Many thanks, senior!"

Lin Ran said respectfully, for Bai Qian to allow Lin Ran to do this, he was clearly determined to help him, otherwise how could he allow Lin Ran to act as his contact place in such a secluded place as the Chaos Clan.

"Alright, everything that needs to be said has been said, one last thing with you, this matter is also directly related to whether or not you can enter the Body Shadow Clan!"

Bai Qian took a deep breath then said.

"If you want to enter the Divine Shadow Clan, you must have found a Divine Shadow Clan member!"

"It doesn't matter how strong or weak you are, the main thing is that you must have found a clan member!"

"Because you need the same thing they have!"

"The same thing?"

Lin Ran was stunned at his words.

He had exactly one himself, Cheng Ying was it!

Although Cheng Ying had left after the last time the Divine Shadow Clan's base had been broken, Lin Ran was confident that he could find him.

He just didn't know what Bai Qian was talking about that needed them!

"That's right! Needing the same thing from them!"

Bai Qian said.

“In all of the Divine Shadow Clan, each one has an individual destiny!”

“The Divine Shadow Clan are all divine beings, and beauty has a physical body! If there is no way to differentiate, it is easy for outsiders to get mixed in!”

“Therefore, in every God Shadow Clan member, there is a corresponding destiny frame!”

“This destiny frame can be said to be their proof of identity!”

“If you don’t have a destiny frame, even if you blend into the Divine Shadow Clan, you will still be discovered!”

“But on the contrary, if you have this fate frame, as long as you are careful not to reveal yourself!”

“At least you’ll be able to find what you want in the Divine Shadow Clan!”

Bai Qian said blandly.

When Lin Ran heard this, his entire body instantly became excited.

Having the Fate Phenomenon would allow him to enter the Divine Shadow Clan and not be discovered, this was definitely what he wanted the most!

“Senior, this Fate Grid.”

Lin Ran busily asked.

Before he could finish his sentence, Bai Qian had already taken out a palm-sized round jade disc from his pocket and handed it over.

“This jade disk can extract the Fate Pattern, but only if you can find a Divine Shadow Clan that willingly does not resist!”

“Once the other party resists, this jade disc will instantly collapse!”

“Remember it can only be used once, if it doesn’t work once, you won’t get a second chance!”

“But! If this jade disc extracts the other party’s fate, the other party will definitely find out too!”

Lin Ran said somewhat helplessly.

Once the other party noticed that this jade disc was bringing up the other party’s destiny pattern, wouldn’t that be a reveal.

“Don’t worry, when the Divine Shadow Clan really gaps, this jade disk will already have completely taken control of the other party’s destiny!”

“You just need to find a place to brand the destiny pattern on yourself!”

“But you should also know that once this destiny pattern is branded with your divine sense!”

“Unless you find this kind of jade disk again, you won’t be able to separate from your destiny frame for the rest of your life, which means that this doppelganger of yours is also considered a real God Shadow clan member!”

“You won’t be able to return to this Immortal Realm either, and once you return you will also be rejected by the Immortal Realm!”

“In other words, once you have branded your destiny into yourself!”

“You’ll really have no way back!”

Bai Qian said.

“Father!”

White Mist on the side heard this and his eyes instantly turned red.

“Wouldn’t it be okay if you didn’t go?”

Bai Mog looked at Lin Ran with worry in his eyes.

Lin Ran shook his head helplessly.

If he could really not go, he wouldn’t have fought all the way here.

“Thank you, senior, I’ll move tomorrow!”

Lin Ran said respectfully.

“You!”

White Mist was so angry that she got up and left.

She really didn’t want Lin Ran to leave.

Staying in this Chaos Clan, with the nurturing of the God Transformation Pond, Lin Ran’s divine sense would at least live for a long number of years.

During that time, Bai Qian could completely reconstitute a physical body for him.

He would live no differently from an ordinary person.

But obviously, this was not what Lin Ran wanted.

Song Nuan’s physical body had been destroyed, and Lin Ran couldn’t afford to delay.

Not to mention staying here and living with the white mist for the rest of his life.

He still had a lot of things to do, a lot of things to accomplish, so staying here was simply unrealistic!

“Alright, you go ahead! I’ll see you off tomorrow!”

Bai Qian got up and said.

He was clear about his own daughter’s thoughts, but he could also understand Lin Ran’s insistence.

There were times when it wasn’t that if you were willing, others had to cater to it.

Fate was never something that could not be explained.

The conversation he had with Bai Qian today had made him gain very much all.

And one of the most pressing times was not to find the Divine Shadow Clan, nor was it the destiny pattern.

Rather, it was the secret book of gong methods that Bai Qian had given him.

If he could master the technique of using Chaos Qi, it could be said that it would be a huge boost to his strength.

That was what he was most interested in!

Wonder Doctor Chapter 2252

When he returned to his room, Lin Ran did not go out again as he sat cross-legged on his bed and began to cultivate.

This gongfu that Bai Qian had given him could be said to be something that many cultivators could only dream of obtaining!

There were hundreds of thousands of powers in the heavens and the earth, many of which could be obtained at the drop of a hat, while there were some powers that could not necessarily be obtained even after a lifetime.

For example, the power of Chaos, the Chaos Divine Thunder, and so on!

The spiritual energy of the heavens and the earth is the most accessible to every cultivator.

But it is also the least valued by all.

Everyone can absorb the spiritual energy of heaven and earth, but why are some people strong and others weak?

The difference is not only in each person's talent, but also in other aspects of power.

The power of Chaos is something that almost every cultivator dreams of obtaining.

However, because of the difference between the essence of Chaos Power and that of the Immortal Spiritual Qi, many people are unable to completely refine Chaos Power.

At most, they could make the Chaos Force into a kind of concealed weapon for the purpose of taking them by surprise.

But with this method, it was impossible to understand just how strong the Chaos Force really was!

That was why there were people like the Chaos Immortals who had an incomparable desire for the power of Chaos and were willing to give their lives to it.

Lin Ran had originally inherited the Chaos Immortal's mantle and possessed something like the Chaos Qi Spiral within his body.

So he was considered an exception among the many cultivators.

His understanding of Chaos power was also somewhere between that of a cultivator and a Chaos race.

At this moment, when he was cultivating the contents of this gongfu, his speed was naturally faster than others.

Under the guidance of the gong method, Lin Ran soon dispelled the Chaos Vortex within his body.

If one wanted to truly master the power of chaos, relying on a method like chaos qi vortex would obviously not work.

It was, after all, a method created by Bai Qian in order to give Chaos Immortals the ability to master the power of Chaos.

In the end, it was still not as good as this Chaos Clan's mastery of Chaos power.

And what Lin Ran was going to cultivate this time was the method that this Chaos Clan said they used.

The Chaos Force surged out from the Chaos Cyclone and quickly traveled throughout Lin Ran's body.

Without daring to delay, Lin Ran immediately began to operate the Chaos Force in his body according to the gong method.

Once! Twice! Three times!

According to the gong method, Lin Ran needed to run it ninety-nine times before he could draw a single drop of energy from this chaos power.

And as soon as this one drop was condensed out, it would become easier and easier further on.

One was an afternoon, plus an evening.

That was definitely enough time for Lin Ran!

....

Just as Lin Ran was immersed in his cultivation, at this moment, he was in an attic within the Chaos Clan.

The White Mist family was standing here.

"Child, we know what you're thinking, but there are some things that cannot be changed!"

"You know very well in your own heart that there is no way Lin Ran can stay!"

"It's already considered rare to have him leave a wisp of divine sense behind!"

Bai Qian persuaded.

"Yes, boy! Lin Ran has his own mission, and apparently that Song Nuan is also very finally for him!"

"Are you really happy to let him stay?"

Next to him, Suriya said.

"But he's clearly going to die this time!"

White Mist said with red eyes.

“Could it be that if he doesn’t go, he won’t die? The dissipation of divine consciousness is irreversible!”

“No one can help him in this matter, and it’s his own decision!”

“Instead of that, why don’t you try to find his other doppelganger?”

Bai Qian said.

“I...”

White Mist froze in her tracks.

It wasn’t that she hadn’t thought about it, it was just that Lin Ran’s two doppelgangers had long since broken their karmic ties.

She was afraid that even if she found Lin Ran’s doppelganger in the Immortal World, what awaited her by then would be a complete stranger!

“Child, the destiny between people is all very wonderful!”

“Although we don’t want to interfere too much in your affairs!”

“But as of now, you and Lin Ran are impossible!”

“The rest of the clan wouldn’t agree either!”

Bai Qian persuaded.

“But my mother is the clan chief, would they dare to say anything?”

White Mist said in disbelief.

“I just like him, is that not even allowed?”

“It’s not that it’s not allowed, it’s that the clan rules don’t allow it!”

Suribachi said helplessly.

“Not even if I’m the clan leader!”

“But!”

White Mist was about to say something else, but Bai Qian interrupted her.

“Child, although your mother is the clan chief, the clan rules are high up, otherwise we wouldn’t be able to stop you!”

“If you really like him, then all the more reason to let him go!”

“Because perhaps only he can change this calamity!”

“If our Chaos Clan can still survive this calamity, perhaps the clan rules can hopefully be changed in the future!”

White Mist’s eyes were red, and she knew that nothing she was saying would help.

The clan rules were the clan rules, and it was impossible to change them just because of one or two people.

This was a fact, a fact that no one could change.

“But I really like him!”

White Mist lowered her head and muttered to herself in her mind.

....

It was quickly getting dark.

And Lin Ran had not yet emerged from his room.

White Mist then made her way up to the attic and quietly watched Lin Ran’s room.

She knew that after tonight Lin Ran was going to leave.

And she had made a decision.

When the divine sense doppelganger Lin Ran had left behind in her clan got the message, she would leave.

Take this wisp of divine sense doppelganger left behind and go to the Immortal Realm to find Lin Ran!

A night was not a long time to say, but not a short one either.

When the sunlight of the following morning poured over the earth.

“Weng.”

A buzzing sound broke the tranquility of the entire Chaos Clan.

Bai Qian and Si Shui as well as White Mist all appeared in the attic.

And at this moment, in the location of the room Lin Ran was in.

A wisp of white smoke was curling up.

At the same time an aura swept across the four directions.

That aura was appallingly strong.

It was like a scorching sun, making people not dare to look at it directly.

And a figure came out of the room.

His entire body was emitting golden light, but the golden light was also rapidly converging.

It soon revealed the appearance of Lin Ran inside.

“Rumble!”

Suddenly above the sky, thunder clouds rolled over.

It was as if there was a heavenly thunder about to descend.

“Lin Ran come here!”

Bai Qian suddenly spoke.

Lin Ran nodded, and then walked towards the pavilion.

The thunder clouds were still rolling in the sky, but no heavenly thunder was descending.

It seemed to be waiting for something in general.

“Senior!”

Lin Ran bowed at Bai Qian.

“Well, it looks like you’ve broken through to the Great Perfection realm! You’re only one level away from the Immortal Realm!”

Bai Qian smiled there was a look of satisfaction in his eyes.

It was obvious that Lin Ran’s breakthrough had made him very satisfied.

“Hmm! It’s just that this innate aberration is a little puzzling, does one have to go through a tribulation even to break through to the Great Perfection?”

Lin Ran asked.

He only knew that it was possible for lightning tribulations to occur when a cultivator broke through!

But he had only encountered it once himself, and this time it was somewhat like this kind of sign!

“No!”

Bai Qian shook his head.

“This is just a sign, the real thunder tribulation will appear when you break through the Immortal Realm!”

“And the lightning tribulation when you break through the Immortal realm is also known as the Chaos Lightning Tribulation!”

“Very powerful, carry through to the Immortal realm!”

“Fail and your body dies!”

“This innate aberration is merely hinting at you!”

Lin Ran nodded at his words.

However, he quickly thought of a question and asked.

“Senior, isn’t the heavenly thunder in that Chaotic Thunder Tribulation the legendary Chaotic Heavenly Thunder?”

“That’s right!”

Bai Qian nodded his head.

Wonder Doctor Chapter 2253

“Chaos Divine Lightning!”

Lin Ran heard a soft murmur, this Chaos Divine Thunder was no other than the most powerful divine thunder in the entire heaven and earth.

When Lin Ran had first obtained the Thunder Dao Pearl and set foot on the path of thunder and lightning under the guidance of thunder, he had envisioned it.

One day, he would be able to obtain this legendary Chaos Divine Lightning.

Although at that time, his strength was not even close to that of the Chaos God Thunder.

But now it was different, as he had already been able to come into contact with news about the Chaos God Thunder.

This was also an indirect indication that his strength was rising, so the people and things he encountered were changing.

“Lin Ran your strength has also broken through, when are you planning to leave?”

On the side, Bai Qian opened his mouth and asked.

White Mist’s lips tightened at his words and his hands unconsciously clenched a few points.

“Let’s leave later, there is no banquet under the sun, there will be this other one eventually!”

Lin Ran said indifferently, while waving his palm, at once a white aura surfaced, and a figure identical to himself soon emerged next to it.

“This divine sense doppelganger will be a lot of trouble for senior!”

Lin Ran said with an arching hand.

“It’s a small matter, White Mist you take Lin Ran’s divine sense distraction and wait here, I’ll send Lin Ran away!”

Bai Qian said.

“Lin Ran!”

White Mist smiled and looked at Lin Ran, even though there was a million reluctance in his eyes, he couldn’t say a word at this point.

“Don’t run out on your own again!”

Lin Ran said with a smile, and then turned around and left the place.

Bai Qian rubbed White Mist’s head and didn’t say anything else.

No amount of talking at this point would change anything, so it would be better to let Bai Mog adapt slowly on his own.

“Take care all the way!”

White Mist looked at the direction Lin Ran had left, and finally only uttered one sentence.

....

Where the Chaos Clan was, Lin Ran didn't know.

Even when he left, he still didn't know where the Chaos Clan was.

Under Bai Qian's personal escort, by the time he saw the chaotic space outside again and knew his approximate location on the star map.

It was no longer clear how far away the Chaos Clan was.

After all, in front of an expert like this Bai Qian, trying to take Lin Ran away from the Chaos Clan was not a difficult task at all.

Lin Ran also had no idea where he was, except that according to the star map, he was probably in a place called the Little World of Qi Guang.

This small world, which was also one of the thousands of small worlds in Chaos Space, was nothing strange.

I wonder if Bai Qian had brought himself here unintentionally or deliberately!

“Lin Ran will go here!”

Bai Qian suddenly spoke.

“There are also many divine Shadow Clans hidden in this Immortal Realm, some are bases, while others are separate individuals!”

“Many years ago, White Mist once came here, and when I came looking for her, I secretly discovered that a person named Jiao San within this small world of Qi Guang was actually from the Divine Shadow Clan!”

“You can go and try! If you can get his destiny, it would be a good choice!”

“Many thanks senior!”

Lin Ran's heart was overjoyed, if he couldn't find a suitable person from the Divine Shadow Clan, he might still have to go and find Cheng Ying.

But whether or not Cheng Ying had a destiny or not, he didn't dare to guarantee it.

It would indeed be best for Bai Qian to bring himself here directly.

“Well, that's all I can help you with, everything is still up to you!”

“Take care of yourself!”

Bai Qian said.

“Many thanks!”

Lin Ran once again bowed at Bai Qian, then watched the other party leave.

Turning around and looking at the small world of Qi Guang not far away, Lin Ran waved his hand and took out a puppet, then his own divine sense entered it.

This puppet had been purposely refined for him by Bai Qian.

It was not very powerful, but mainly a high degree of simulation.

Lin Ran was now a soul body, so it was inconvenient for him to walk outside.

And this puppet was to act as his physical body for a while.

It caused unnecessary trouble on the one hand.

Lin Ran did not delay and then hurried towards the Little World of Enlightenment.

The Little World of Enlightenment was a world that was somewhat similar to the ancient imperial system.

The people of this world were relatively backward in their cultivation.

The emperors of the entire world were only just as strong as the Violet Sea realm!

And more people were almost all at the level of the Three Dao Realm.

Because the strength of cultivation was not strong, the population density of this small world was extremely high!

The weaker the strength, the fewer calamities they experienced, and it all had something to do with it.

Only after entering this small world did Lin Ran realise that this small world was not backward for no reason!

This was because the heaven and earth spiritual energy within the entire small world was very thin, and was simply not as dense as the heaven and earth spiritual energy of the Immortal World.

“There are people from the Divine Shadow Clan in this place, did they come here to catch labourers?”

Lin Ran pondered in his mind, since he had experienced the incident at the base last time, he also probably knew that the Divine Shadow Clan had secretly prepared a lot in order to return to the Immortal Realm.

For example, the puppets refined within the base was one of them.

And there were more things that perhaps he had never even seen.

Such a small, arguably unremarkable world actually had people from the Divine Shadow Clan.

Aside from the fact that they were here to catch labourers, Lin Ran could not think of any other explanation.

The strength within the small world was generally weak, so Lin Ran didn't delay.

He found a random intelligence agency and quickly found the location of this Jiao San.

Jiao San, the Lord of Greedy Wolf City!

He was one of the wealthiest men in the city!

His family had made their fortune in the ore business.

In this small world, the spiritual energy of heaven and earth was thin, so ores containing spiritual energy of heaven and earth became a rare commodity.

So Jiao San quickly became the richest person in Greedy Wolf City by virtue of this.

Later he hired some of the stronger people in the area and gradually developed to occupy the entire Greedy Wolf City.

But everyone in the outside world knew that this Jiao San himself had no cultivation!

Lin Ran was sitting in the tavern at this moment, looking at the information he had managed to get, and couldn't help but sip his tea.

"The Jiao San of old might not have been able to cultivate, but this Jiao San of now, it's really impossible to say!"

"Just how can I gain his trust and smoothly get him to hand over his fate frame?"

Lin Ran mulled it over in his mind.

According to what Bai Qian had said, this jade disc could only be used once as soon as it started to be used.

And as long as the Divine Shadow Clan members didn't resist before they started using it, by the time they gap the jade disc to take is Fate Pattern.

Already too late.

In other words, one should at least gain the trust of this Jiao San and find a way to make him use this jade disk of his.

Once he does use it in time, then his plan will have succeeded.

But this is only the first step.

It was good that he had taken his life pattern, but if he let him spread the news back, when the whole Divine Shadow Clan shook, if they checked the life pattern, I was afraid that there would still be no way for him to muddle through.

Thinking about this, Lin Ran couldn't help but feel a headache.

Although there was no good plan yet, at least the target had been found.

Lin Ran still planned to stay in this Greedy Wolf City first, observe this Jiao San for a while, and then make a detailed arrangement.

At least he couldn't expose himself!

Otherwise, with his current situation, I was afraid that he would have to fall here before he could enter the Divine Shadow Clan.

Right now, Lin Ran was trying not to make a move if he could, after all, every time he fought, it would be his divine essence power that would be consumed.

That would reduce his life expectancy!

Wonder Doctor Chapter 2254

For five days in a row, Lin Ran had been secretly observing this Jiao San.

Because the difference in strength was so great, Lin Ran could even stand directly next to him and he wouldn't even notice him.

According to Lin Ran's estimation, this Jiao San's strength was just about the same as those ordinary Divine Shadow clansmen he had encountered in the base back then.

The strength was only like a hundred thousand to eight thousand realms.

This kind of strength was simply not enough in front of Lin Ran.

It was just that he was hidden within Jiao San's body, so it was impossible for Lin Ran to reach him directly.

Lin Ran was in no hurry, after five days of observation, he found that there were quite a few secrets on this Jiao San.

Firstly, this Jiao San seemed to have his eyes on his own son.

It was also Jiao San's son.

Often, he secretly followed his son out personally.

At first Lin Ran did not understand why.

But gradually he found out what the problem was.

This Jiao San must have been at least sixty years old.

Because he had never cultivated, it was already very good for him to live to be a hundred and fifty years old.

But his body was already starting to look old.

His son, on the other hand, was different, young and a cultivator.

If Jiao San could occupy his son's body, I'm afraid he would have no problem enjoying a few hundred years of peace.

It was just that Jiao San was still in charge of the whole family, so the God's Shadow clansmen hiding in the shadows had not yet found the right opportunity.

But in Lin Ran's view, it was only a matter of time.

This divine Shadow clan member hiding inside Jiao San must have been a little dissatisfied with Jiao San's body.

That was why he wanted to change to someone else.

It was just that this process was also very dangerous, and it was likely that he would be torn apart if he wasn't careful.

That's why he hadn't done much about it.

Having discovered this secret of Jiao San, Lin Ran had also found a breakthrough for the time being.

At the same time, he also thought of a way to get in touch with Jiao San first.

On the sixth day, Lin Ran didn't continue to crouch for this Jiao San.

Instead, he set up a stall in Greedy Wolf City and started a business.

The business Lin Ran was doing was also very simple, summed up in four words.

"Heal the sick and save the people!"

He set up a table in Greedy Wolf City and hung a flag with the words, "Heal the sick and save the people, heal the world!"

The four simple words quickly attracted countless people.

One must know that in today's Immortal World, there is no way to use the Tao of Medicine.

Therefore, the four words "Healing the world" were almost unused anymore.

Nowadays, most of the people who see doctors are all alchemists.

But alchemists are not professional healers after all, so there is no way to see many diseases.

Although some of the ancestral methods of healing have been passed down, fewer and fewer people know them.

In addition, it is impossible to train in the healing arts, so the healers who are still able to see patients are those who are not very strong!

But even so, when some healers came out to see patients, there were still quite a few people who would come and watch.

"Young man, what kind of illness can you see here!"

"Yes! When I was young, my arm was injured by confiscation and I was poisoned! Can you heal it?"

"And this after-effects of my previous cultivation, can it be cured?"

The crowd asked with a glance from you and a word from me.

Lin Ran smiled blandly at this.

“Up can heal the heavens, down can heal the earth! Nothing is forbidden!”

“Everyone line up and come one by one!”

“Young man you’re talking a bit big!”

“Yes, and heal heaven and earth, if you were really that good, you would still be here to make a living!”

“Exactly!”

The crowd obviously didn’t quite believe it.

Lin Ran saw this and didn’t bother to explain and laughed.

“Gentlemen, believe it or not, you can give it a try!”

“Won’t you know if it’s true or not if you try it once? Besides, I don’t want money for my treatment, just my name!”

“No money? How do you mean no money?”

The crowd didn’t quite understand, if you don’t want to pay for a cure, what kind of disease is this?

“All for free, help me promote the cure if it’s good, but if it’s not! I’ll pay you back!”

Lin Ran laughed.

“There’s still this good thing?”

“Yes! There’s such a good thing?”

“I’ll have to try it then!”

One by one, they all became interested at once.

Lin Ran, however, was busy saying.

“Wait a minute, let’s agree on a guarantee before we see the doctor, we can’t tell a blind story!”

“Otherwise, I’ve clearly seen it, but some people have to say that I haven’t, that’s no fun!”

“That’s natural!”

“Yes! We don’t care about your little money either!”

The crowd said.

“Then let’s get started!”

Seeing this, Lin Ran didn’t say any more, and with a greeting, he began to see the crowd.

Looking at the table the crowd soon shot up into a long line.

Lin Ran also felt a surge of familiarity, he hadn't seen a doctor in ages!

But then again, he felt as if he was seeing patients every day.

It was just that he was now seeing patients from the Immortal World.

Healing and saving people was simply a handful for Lin Ran, and the high level of his medical skills had long since become difficult to judge by ordinary techniques.

Even though this was the Immortal World, Lin Ran was still able to see patients very quickly.

Moreover, in the Immortal Realm, he didn't need to prescribe medicine when seeing a doctor.

All the patients would just be told what disease they had, what materials they needed and how they were to be treated!

And apart from that, there were other things that Lin Ran should not ask about.

How you could get the materials, all of that didn't matter.

After all, in the Immortal World if they found what they needed to cure their illness, they had the means to do it themselves.

The long queue that had formed in front of the table was all dispatched by Lin Ran in just under an hour's time.

And not a single one of them was a wrong looker.

And the name of Lin's divine doctor soon spread throughout Greedy Wolf City.

Even people from some nearby towns knew of his reputation.

It was just that on this first day, there was no movement from Jiao San.

Lin Ran wasn't in a hurry either, and remained at his usual stall.

Two days, three days, a month.

It was as if he was going to put down roots here, and he even gradually became acquainted with some of the local people.

Finally, one day a month later.

Just as Lin Ran was about to close his stall and return to his residence.

Suddenly a group of people wearing black armour appeared in front of him.

Seeing these people, Lin Ran did not have a smile in his heart, after a month of crouching, this fish had finally taken the bait!

"Dare I ask if this is Divine Doctor Lin!"

The armored general at the head was very respectful.

"It's me! What's the matter?"

Lin Ran looked at the other party, his face still bland.

“We are the men of Lord Jiao Sanjiao, Lord of Greedy Wolf City!”

“Our lord would like to invite you to his residence for a chat, I wonder if you have time!”

The chief asked.

Lin Ran smiled and pretended to ponder for a moment before saying.

“There is, but the reward.”

“Please don’t worry, Divine Doctor Lin, our lord has said that as long as you can strike to his satisfaction!”

“The remuneration is yours to offer!”

The chief said with a smile.

“Our family lord knows very well that you are here to see patients for free though, for isn’t that what you want to be famous for!”

“And our lord, no matter that he can make you famous, he can also fulfil your wish!”

“That’s a very good deal!”

Lin Ran smiled blandly at his words, this Jiao San really had a lot on his mind.

But guessed that he was trying to become famous to make money by treating people with power.

I’m afraid he didn’t think that he was the one he was going to try to target!

“Since you have all said so, then there is no reason for me not to go!”

“Lead the way ahead!”

Lin Ran laughed.

Wonder Doctor Chapter 2255

“Please!”

The other party didn’t say anything, greeted him, and immediately led the way in front.

Lin Ran always had a faint smile tacked onto the corner of his mouth.

He had been working hard for a month, and this Jiao San had finally taken the bait.

Lin Ran was really worried that if this Jiao San didn’t take the bait again, he would really make a move on his son by then.

That would be a crime.

After all, Lin Ran had witnessed all of this.

And as for Jiao San’s problem, he was very clear about it.

This fellow was simply disliking the fact that Jiao San's physical body was old and inconvenient to use, and wanted another one.

But he had occupied Jiao San's flesh body for many years without any illnesses or disasters, so if he died violently and rashly, it would inevitably arouse suspicion.

This would not be good for him either.

He must have had other plans for hiding here as well.

With this in mind, Lin Ran had already followed the man leading the way ahead to the largest mansion in Greed City.

It was none other than the Jiao Mansion.

Jiao San's original name was actually not this, it was later changed to Jiao San by the spirit stones when the Jiao family was established.

It was said that when Jiao San was travelling back then, he once captured a Jiao dragon.

He was fortunate enough to take it under his wing, and later this dragon followed him to make a name for itself in this Greedy Wolf City.

So he considered this dragon to be the source of all his blessings and changed his name to Jiao San since then.

Lin Ran looked at the carved and painted buildings inside the mansion, as well as the decorations that counted as luxurious, and could not help but feel saddened.

It seemed like cash melting away wealth and riches, but it turned out to be a dowry for someone else.

I am afraid that Jiao San did not expect to end up like this when he was on his deathbed.

And Jiao San's family, too, probably couldn't have imagined that the father of the family he spent his days with, or even the love of his life!

had actually changed long ago.

"Divine Doctor Lin, the lord is in the back garden, let's go straight there!"

The general in the lead said politely.

"Mm!"

Lin Ran nodded and didn't say anything more.

The crowd immediately crossed the corridor and went straight to the back garden.

During this time, Lin Ran felt strange that he hadn't seen anyone else.

It was as if everyone within the entire mansion had gone out.

Under the other party's guidance, Lin Ran soon crossed a corridor and arrived in the back garden!

Once he arrived at the back garden, Lin Ran couldn't help but be stunned by the sight in front of him.

He saw that the entire back garden had been built with great care.

Whether it was the flowers, plants and trees planted in the open air or the potted ones.

Surprisingly, they were all arranged around as if in an eight-trigram formation.

They formed an eight trigrams distribution.

At the very centre of the eight trigrams, without the slightest surprise, is a huge water pool.

The entire pool of water has eight sides, corresponding to the eight directions around it.

It alluded to the art of the eight trigrams.

Seeing this scene, Lin Ran could not help but be stunned and said to himself.

“It seems that the legend of the Jiao Dragon is true, there is probably a real Jiao Dragon here!”

For the Jiao family to make such an arrangement, it was clear that this Jiao dragon was in the hearts of the Jiao family.

To make such a big deal, it was bound to be impossible just for the sake of faith.

Therefore, a Jiao dragon might really exist in the Jiao family.

As Lin Ran thought in his mind, the figure of an old man suddenly appeared in front of him.

He stood to one side and looked at Lin Ran and smiled.

“Divine Doctor Lin, I’m sorry to welcome you, please bear with me!”

“You’re welcome, Master Jiao Family!”

Lin Ran laughed.

“Just call me Jiao San!”

Jiao San laughed.

Seeing this, the chief at the side also led Lin Ran towards Jiao San.

“Divine Doctor Lin!”

A few moments later Lin Ran arrived at the location where Jiao San was.

Jiao San was also very polite and did not appear to be superior, instead he appeared to be very amiable.

If Lin Ran hadn’t observed this old thing for a while in advance.

It was really possible to be confused by him.

“Family Head Jiao, I’m afraid I can’t see your illness!”

Lin Ran didn’t bother with nonsense and got straight to the point.

“O? Why is that?”

Jiao San asked busily, a hint of disappointment clearly flashing in his eyes.

Lin Ran pondered for a moment and said.

“I have been practicing medicine and treating illnesses for several years, and there are two kinds of illnesses that I cannot see in my life!”

“One is a person whose heart is dead, and the other is a person who is distracted!”

“How do you mean by that?”

Jiao San asked busily.

Lin Ran gave a smile and explained.

“It’s not hard to understand, a person whose heart is dead, whose heart is already dead, saving it alive would be a waste of time!”

“That’s why I won’t waste time trying to save it!”

“And this distracted person is a disease that is very difficult to cure!”

“It is caused by the person’s body and divine sense not being able to integrate to a high degree, and in light cases, insomnia and dreaminess!”

“In severe cases, the spirit will wander away, and in the long run the physical body will die!”

“If you want to treat these symptoms, you can’t cure them without the most precious treasures!”

Lin Ran’s words were not condescending, and for a while, he made Jiao San’s face look very ugly.

Of course, to an outsider, he might seem to be unable to cure his own illness.

But in his own heart, he was clear.

This was not the case at all.

Rather, it was because he was not at all suffering from the so-called distraction symptoms, but because his own divine sense was originally an alien household!

Jiao San’s physical body was merely something he had forcibly occupied.

“To be honest, my life’s ambition was originally to see all the world’s diseases and heal all the world’s thousands of people!”

“When I had the chance, I once saw a treasure!”

“This treasure was called the Locked God Jade Plate!”

“This kind of treasure is not impressive, but it can highly match one’s divine sense with one’s physical body!”

“Thus, it can cure this divisive disease.”

“It’s a pity that I didn’t have the chance to obtain such a treasure!”

“If I had, the Jiao family head would have been cured by hand!”

“The God-Locking Jade Disc?”

Jiao San frowned slightly at his words.

He had never heard of any God-locking Jade Disc at all.

That was inevitable, since this so-called God-locking Jade Plate was nothing more than something Lin Ran had made up!

“Isn’t there any other way to obtain this God-Locking Jade Disc?”

Jiao San asked, frowning.

“No! Perhaps the Jiao Clan Master can pay more attention to the auctions, there might be such treasures appearing!”

Lin Ran said.

“Ai! I never thought that in the end, I would still die from this disease!”

Jiao San suddenly talked and his entire body aged a lot.

Lin Ran saw this and cursed that this old fox was really good at using the slope to get down.

When he himself said that he was incurably ill, this old bastard really acted as if he was in ill health.

He was clearly trying to make everyone in the Jiao family think that he was dying soon.

This would then allow them to target Jiao San’s son in the process.

This way, one day when Jiao San suddenly dies a violent death, no one will suspect anything!

And when Jiao San’s son inherited the family position, he would take control of him.

The purpose he wanted would be achieved.

It was just that all of this was in Lin Ran’s eyes, so when he saw Jiao San like this, Lin Ran smiled.

“There is no need for Family Master Jiao to sigh so loudly.”

“Looking at Family Master Jiao’s body, it’s still very heroic, so I guess he didn’t take many precious heaven and earth treasures when he was young!”

“And this distraction disorder of the Jiao Family Master is not at all serious!”

“It’s still not a problem to live for another one or two decades!”

Lin Ran laughed.

“One or twenty years?”

Jiao San’s face instantly turned ugly when he heard that.

Originally, he had wanted to take advantage of the situation, but who knew that Lin Ran's words had directly blocked his way out.

One twenty years, then if he suddenly died violently, wouldn't this make people suspicious.

"This brat, he's really capable of spoiling things for the old man!"

Jiao San cursed in his heart, but his face remained as normal!

Wonder Doctor Chapter 2256

"Divine Doctor Lin, although you said I could live another one or two decades!"

"But this body of mine, it's indeed deteriorating!"

Jiao San was unwilling, wanting to take advantage of Lin Ran's stepping stone to make himself look as if he was terminally ill.

So that he could prepare for the future.

However, how could Lin Ran give him the chance.

Seeing this, he laughed and said.

"Old master is worrying too much, this is a disease of the heart for you, as long as you gently get well, you will also be fine naturally!"

"If you can have an early accident like this much, then there is only one reason!"

"It must have been inflicted by someone!"

"You!"

Hearing Lin Ran's words, Jiao San was so angry that he almost didn't spurt out a mouthful of old blood.

Nima! Fearing what was coming, Lin Ran's two words were heard by the crowd of underlings around him.

If something really went wrong with him, they would really suspect him later.

"Well, Master Jiao family, I've said all I need to say, you should pay more attention to the auction houses when you have time!"

"There are also locked god jade discs within some auction houses, it's up to your luck!"

Lin Ran laughed, and then turned around and left.

"Ai!"

After Lin Ran left, Jiao San sighed helplessly.

If he had just captured Jiao San's son and taken possession of his physical body.

There would be no need for such trouble now.

But thinking about it, he was also helpless, if it had been Jiao San's son he had done it to in the first place.

Not Jiao San!

Maybe things wouldn't have gone so smoothly.

After all, Jiao San was the leader of the Jiao family, and he accounted for a Jiao San son who had little say in the family!

Lin Ran soon left.

Although Jiao San was helpless, he still sent someone to the auction house in Greedy Wolf City.

Ready to bang his luck.

If it really didn't work, he would still be happy to take said Lin Ran's approach.

Go in search of the God-Locking Jade Disc.

After all, no matter what, he couldn't delay his mission in this place.

As for whether he occupied the body of Jiao San or Jiao San's son, it was actually the same to him.

It was just a pair of skins!

Five days had passed in the blink of an eye.

I don't know if the heavens were really helping him again, or if he was really lucky!

At today's auction, a God-locking jade disc actually did appear.

This news made Jiao San excited.

But equally the price was also ridiculously high.

Luckily, ordinary people didn't know what this item was for, so there was no one to compete with Jiao San for it.

In the end, Jiao San only bought it for a slightly higher price than the starting price.

But even so, it was already frighteningly expensive.

"Quickly go and inform Divine Doctor Lin!"

Having just arrived home with the Locked God Jade Disc, Jiao San couldn't help but urge his men on.

"Yes, Master!"

The men did not dare to delay, and immediately set off with their men to look for Lin Ran.

....

And at this moment, in a room within the auction house.

The staff member of the auction house was also handing over the price that the Locked God Jade Plate had been sold for to a man dressed in black robes.

This person took the money without any nonsense, and directly got up and left the place.

It was then as if he had disappeared into thin air.

When he reappeared, the black robe had disappeared from his body.

In its place was a familiar outfit, and it was none other than Lin Ran.

That's right, this God-locking Jade Plate was sold by him.

Only the one at the auction was a fake!

The real jade disc was still in his hands.

Just kidding, this item could only be used once, Lin Ran would not risk this item.

Unless he was absolutely sure of himself, there was no way he would ever use this jade disc.

"Ai! You're here, Divine Doctor Lin!"

The Jiao family's guards had just gone out when they saw Lin Ran standing at the door and were also stunned.

"Hmm! I learned that the old master had good luck and obtained the God-locking Jade Disc, so I came uninvited!"

Lin Ran laughed.

"Quickly, please!"

The handlers didn't dare to delay, and immediately led Lin Ran right into the mansion.

It was still in the back garden within the residence.

At this moment, Jiao San was holding the piece of God-locking jade disc in his hand.

The whole person looked very ugly.

Although this Jiao San did not cultivate, the God Shadow clan members within the period were cultivators.

But he found that no matter how he wheeled he invaded his breath into this jade disc.

He was never able to find out what was inside the jade disc.

He could feel that there was an aura hidden in the jade disc.

But no matter what, he could not pry into the situation within this aura.

"What the hell is this God-locking jade disc!"

Jiao San was speechless as he looked.

And just at that moment, a voice came from not far away.

“Master of the Jiao family, it’s been a long time, I didn’t expect you to have already found the God-locking Jade Disc, you are truly divine!”

“Don’t flatter me, it’s also lucky that you happened to see it at the auction today!”

Jiao San laughed.

“Then, Master Jiao family, when are you planning to see it?”

Lin Ran asked, now it could be said that everything was ready, all that was missing was the east wind!

As long as Jiao San gave the order, he could start implementing his plan.

Of course, Lin Ran also knew very well that even though he was saying this, he still could not relax at this point.

As long as he had not obtained this Jiao San’s destiny, he could not take things lightly.

“Now, of course it’s now!”

Jiao San busily said.

“This will start, this will start!”

Said Jiao San, who had already made himself at a side gazebo, his eyes filled with anticipation.

Lin Ran smiled blandly at this, and instantly walked over at level.

Jiao San handed the God-locking jade disc to Lin Ran, while asking.

“Divine Doctor Lin, you said that this God-locking jade disc has entered a powerful, perhaps so I didn’t find anything strange after sending someone to explore it?”

“Only that a strange aura was found in this jade disc!”

Jiao San asked.

“That’s it, this aura is the key to treating this illness of yours!”

Lin Ran laughed lightly, while pressing the God-locking jade disc onto Jiao San’s back.

“Weng!”

With a buzzing sound, a surge of power immediately surged towards Jiao San’s body.

This breath was extremely gentle, as if it was a sweet spring, nourishing Jiao San’s body.

Rang Jiao San felt incomparably comfortable.

“It’s really quite comfortable!”

Jiao San couldn’t help but say.

“Yes, this God-locking Jade Disc needs to be used twice in total to treat the disillusionment!”

“This first time is to nourish the body, while the second time is to nourish the divine sense!”

“Adjust both the divine sense and the physical body to the best state, and then the two will naturally be able to fuse better!”

Lin Ran called out.

Jiao San’s heart was shocked at his words.

“Divine Doctor Lin, is nourishing the divine sense dangerous?”

He asked, but a hint of caution flashed across his eyes.

Just kidding his divine sense was the divine sense of the Divine Shadow Clan.

If it was discovered, it would be exposed.

“There’s no danger in nourishing it, when the time comes the divine sense relaxes and the power within the God-locking jade disc makes your divine sense feel comfortable!”

“There’s no pain at all throughout!”

“But when the power of this jade disc is depleted, this jade disc will also be ruined!”

Lin Ran explained.

Jiao San sighed with relief at that and laughed.

“It’s just a piece of jade disc, I don’t care!”

“The Jiao family head is rich and generous, it’s really something to be envied!”

Lin Ran laughed.

“Haha! I will definitely have a heavy reward after the matter is completed!”

Jiao San laughed.

Wonder Doctor Chapter 2257

“In that case, when can we start?”

Lin Ran smiled lightly.

He thought that things would go very smoothly, but who knew that suddenly Jiao San on the side was the one who spoke up.

“Divine Doctor Lin, don’t you think it’s strange?”

“Strange? Where is it strange?”

Lin Ran asked.

“The first time we met, you didn’t mention a single word about payment! Just that you needed this jade disc to cure my illness!”

“And you also said that this jade disc was very precious, but within three days, it appeared at the auction house in Greedy Wolf City!”

“And this time, you still haven’t mentioned a single word about the payment!”

“Divine Doctor Lin, you’re making me suspicious of your motives like this!”

“Speak! Who the hell are you!”

Jiao San’s sudden turn of mood also really startled Lin Ran.

But after all, he was someone who had experienced great hardships.

Even if the situation in front of him turned out to be bad, it would only mean that he would directly kill this Jiao San.

How bad could it be?

And once Jiao San died, the divine Shadow Clan behind him would definitely still send someone over.

It would just be very difficult for him to seize the destiny pattern!

Knowing very well the situation at hand, Lin Ran also looked very bashful.

“I never thought that the Jiao Clan Master would consider this!”

“Well, in that case I won’t treat this illness!”

“Family Master Jiao would be better off hiring someone else!”

Lin Ran said as he turned around and was about to leave.

Jiao San didn’t say anything either, he just looked at Lin Ran with an icy gaze.

Lin Ran walked towards the front step by step, seemingly having no intention of stopping at all.

When Jiao San saw this, his face also began to turn ugly.

At this moment, both of them were competing to see who could hold their nerve better.

Lin Ran was clearly more skilled than him.

Just as Lin Ran was about to walk out of the courtyard, Jiao San finally couldn’t help but speak up.

“Divine Doctor Lin, why don’t you have a chat in!”

“Talk? Is there still a need for that?”

Lin Ran laughed.

“Different paths! We don’t see eye to eye, so why should the Jiao family head make things difficult for himself! It wouldn’t be difficult to find someone you trust to heal you!”

“Haha, divine Doctor Lin is joking, who else in this hallowed immortal realm under the universal sky can be qualified for the word divine Doctor!”

“I was also testing little friend, please don’t take it personally!”

Jiao San laughed.

“Testing? Doesn’t House Master Jiao think that if I forgive you even like this, it would look like I’m losing face?”

Lin Ran laughed lightly.

“I naturally understand, so this reward little friend feel free to ask!”

Jiao San said with a smile.

Lin Ran couldn’t help but curse this Jiao San as an old fox in his heart at his words.

“Remuneration? Good point, in addition to what the Jiao Clan Master was originally going to give, I still have ten thousand square spirit liquid cards from the Greedy Wolf City Auction House!”

“Is there a problem with that?”

“Ten thousand squares?”

Jiao San couldn’t help but suck in a breath of cold air even when he heard that.

Ten thousand cubes, that was a large property!

Many people might not be able to scrape together that much in their lifetime!

Ten thousand cubes, I’m afraid, would be able to buy half of the items in the entire auction hall.

“There’s a problem? Then it seems that I’m still a little short of meaning with the Jiao Family Master!”

Lin Ran said as he turned around and walked away.

What he cared about at this moment wasn’t this ten thousand cubes of spirit liquid.

Rather, it was about the trust with this Jiao San.

Jiao San was also right, no one would fight for something that had no benefit.

Lin Ran hadn’t expected Jiao San to be so suspicious by nature before.

Since he had reminded himself, why should he be soft on his hands.

Wouldn’t it be better to just lionize him!

“Little friend Lin Ran’s appetite is really big!”

“Deal!”

Jiao San laughed.

“Cool! But I want to see the spirit liquid first!”

Lin Ran said indifferently.

Since he was going to act then he would act towards death.

“Fine!”

Jiao San frowned slightly as he waved his palm, and in an instant, a man next to him brought a full ten rings!

“Inside each of these rings, there are a thousand cubes of spirit liquid inside!”

“Little friend can verify to your heart’s content!”

Jiao San said.

But Lin Ran didn’t mind the trouble and really examined each ring.

It was certain that there were indeed a thousand cubes inside each one.

“Refreshing! Does Family Master Jiao have any more questions?”

Lin Ran looked at Jiao San and smiled blandly.

“No, it’s time to begin!”

Jiao San said.

Lin Ran saw this and then smiled blandly as he walked towards Jiao San.

When Jiao San looked at Lin Ran, the vigilance in his eyes was clearly much less at this point.

He was also testing Lin Ran, if the results still failed to dispel the concerns in his mind, perhaps today’s healing would evolve into something else.

Only now, Lin Ran had clearly gained his trust.

“Family Head Jiao, let’s make a deal first, after the first stage is completed, I’m going to take all of the spirit liquid!”

“And then the second stage will begin!”

Lin Ran said as he reached close.

“That’s a bit out of order, isn’t it!”

Jiao San frowned.

Normally, one would either take something after seeing a patient, or see a stage and take a stage!

How could one take the entire reward after seeing one stage, this clearly didn’t care for the rules.

“Rules? It seems like it was the Jiao family master who didn’t follow the rules first!”

“I was afraid that when I finished seeing the patient, the Jiao Family Master wouldn’t admit it!”

Lin Ran laughed, the manager putting on a very mercenary appearance about himself.

“Haha! Good!”

Jiao San laughed and agreed, but a cold glint flashed in his eyes.

Playing mind games with yourself.

One could make you unable to take away a single drop of spirit liquid as long as one was willing.

Jiao San sneered in his heart.

The two of them could be said to have their own ghosts in their hearts.

And as they were talking, Lin Ran had already made his move.

He took the jade token that Jiao San had bought and gently placed it on the back of Jiao San's neck.

A hot current then invaded directly into Jiao San's body.

Jiao San was a little resistant at first, but as Lin Ran reminded him to relax, Jiao San soon relaxed as well.

Gradually, he actually felt a bewilderingly comfortable sensation swimming through his entire body.

It was as if the dried up heaven and earth had finally received manna.

Every part of the flesh and blood in his body was frantically swallowing and enjoying.

"So comfortable that even the divine sense somehow felt a hint of enjoyment!"

"This kid really has some attainments in the art of healing!"

Jiao San laughed in his heart.

Lin Ran, on the other hand, didn't have any change in expression, and was calculating in his mind whether or not to make a move later!

Time passed by minute by minute.

Soon half an hour had passed.

Just as Jiao San was immersed in the comfort brought by the jade disc, suddenly the comfort inside his body simply disappeared.

"Hmm?"

Jiao San, in a daze, busily opened his eyes to look at Lin Ran at the side.

Upon this look he couldn't help but smile.

Only to see that Lin Ran had actually reached those rings at some point and was examining them one by one, while putting them away.

"Stupid! Really think you can take them away once you have them in your own hands?"

Jiao San laughed coldly in his heart, while closing his eyes and opening his mouth to laugh.

"Divine Doctor Lin, once you've taken the items, hurry up and start the second stage!"

"Naturally!"

Lin Ran responded, a smile also appearing at the corners of his mouth.

In this case, Jiao San clearly no longer had any defences.

Lin Ran quickly put the rings all away.

He then walked over towards Jiao San.

Only in the process, the jade disk in his hand flickered violently.

It had obviously been switched.

Wonder Doctor Chapter 2258

“Master of the Jiao family, then I may begin!”

Lin Ran said with a smile, while his entire body had already reached the side of Jiao San, and the jade plate in his hand was once again affixed.

“Let’s begin!”

Jiao San had a look of enjoyment on his face.

Seeing this, Lin Ran didn’t say anything and instantly mobilised the power within the jade disc and swept it towards Jiao San’s divine sense.

“Hmm!”

Jiao San was suddenly stunned, but soon relaxed again.

Lin Ran said from the side.

“Family Head Jiao, relax! As I said before, the first time targets the physical body, the second time targets the divine sense!”

“Adjust both to the best state, which is the best time to fuse!”

“Hm! Where did Divine Doctor Lin learn this medical skill from!”

Jiao San asked with his eyes closed.

He appeared to be enjoying himself.

At this moment, he felt as if his divine sense was swimming in a hot spring, a comfortable feeling that made his entire being feel as if he was in the clouds.

“It’s better to forget about the mastery, the present day Medical Daoist Family Master Jiao should also know about it!”

“Say no more!”

Lin Ran said indifferently.

“That’s also true, but since Divine Doctor Lin knows that this medical dao cannot be said, why is he still blatantly out using it!”

Jiao San laughed.

“Although you can’t climb the ladder yet with this just medical art and the Dao!”

“But isn’t there any fear of retaliation from those with a heart?”

“Those who practice medicine have the world at heart, so how can threats stop them!”

Lin Ran laughed indifferently.

Jiao San also laughed at his words.

“A good practitioner of medicine, with a heart for the world, haha!”

Neither of them spoke afterwards.

Lin Ran’s heart, however, was getting tighter and tighter as time went on.

This was because the jade disc was about to start firing as well.

Jiao San’s entire body was lying on a chair, his face full of enjoyment.

But he was unaware that the power of the jade disc was already secretly wrapping up his divine sense.

“You few, go and prepare some hot water over, we’ll need it later!”

Lin Ran felt that it was almost time to rush over to the few guards at the side and said.

“Yes!”

These guards didn’t think much of it and turned around to leave.

But at that moment, Jiao San suddenly opened his eyes, with a hint of shock in his eyes.

He opened his mouth and was about to shout.

However, Lin Ran had already prepared for this, and his palm instantly pressed against his chest.

This palm seemed ordinary, but the moment it landed, Jiao San was shocked to discover.

His body could not move at all.

It felt as if there were millions of powerful boulders pressing down on his body.

In an instant, Jiao San’s entire face changed.

It became incomparably white, and even carried a hint of fear!

“You! Who the hell are you!”

Jiao San busily transmitted his voice.

“Who am I? Does it even matter?”

Lin Ran asked with a smile.

“You!”

Jiao San's face instantly turned pale.

"Give me back my destiny frame, give it back to me! I can give you anything you want!"

Jiao San said busily, his face filled with panic!

Lin Ran, however, laughed.

"You're crazy, I'm helping you! You actually want to be a member of the Divine Shadow Clan!"

"You!"

Jiao San's entire body was still a little dazed.

Lin Ran, however, looked at him and said.

"Where's the original Jiao San?"

"Did you kill him?"

"No! No, his divine sense was suppressed by me, I didn't kill him!"

Jiao San busily explained.

"What's your name?"

Lin Ran asked.

"I... I'm codenamed Old Bustard!"

"Bawd?"

Lin Ran smiled at his words.

"It seems that your status in the Divine Shadow Clan isn't low, to be a pimp!"

"I... I mainly catch people for them, that's why they call me a pimp!"

"Alright! Release Jiao San's divine sense and you can come with me!"

Lin Ran said.

"No!"

The pimp, however, was busy saying.

"If I leave Jiao San, when the people of the Divine Shadow Clan come looking for me and find me gone, they'll definitely be suspicious!"

"That's my business, don't worry about it!"

Lin Ran said with a tug of his palm, instantly ripping out the pimp inside Jiao San.

And almost instantly, Jiao San's entire body aura changed.

It simply wasn't the same person anymore.

“Go!”

Lin Ran greeted and instantly took the pimp with him and left the Jiao family.

And until the two left, no one within the Jiao Family knew that the original Jiao San had returned.

....

“You shaded me!”

In Greedy Wolf City, within the room of a tavern somewhere.

The pimp looked at Lin Ran in front of him with his entire eyes red.

“Yin you? No no you’re mistaken!”

Lin Ran laughed.

“I didn’t shade you, everything was done of your own free will!”

“This jade tray was also something you willingly used, right!”

“You! If I had known that you were going to snatch my fate, would I have been willing?”

The old pimp said angrily.

“Alright, you’re not at a loss either! I’ll just ask you, is the blood oath of your divine Shadow Clan established on top of this Fate Grid, or is it established in your Origin?”

Lin Ran asked.

“You!”

When the old pimp heard this, his entire body froze.

“Think about it yourself! We have plenty of time anyway!”

Lin Ran said indifferently, waving his hand and putting the pimp away.

He himself had robbed the pimp of his fate, but the same could be said for saving him.

It was just that the pimp needed to figure it all out for himself.

At least the current Lin Ran didn’t have time to explain this.

He quickly took the jade disc out.

Only to see that at this moment, a black pattern was continuously emitting a black qi on the jade disc only.

It was just that these black qi were locked within the jade disc, unable to escape.

“This is the fate pattern?”

Lin Ran was stunned as he looked at it, and there was a glow in his entire eyes.

As long as he fused this Fate Pattern with himself, he would then be considered a member of the Divine Shadow Clan.

But likewise, once one had completely fused oneself with the Fate Grid, there would be no way back at all.

Unless one could find another jade disc like this.

But apparently, this jade disc is not something that can be found on the street.

There was no telling how long it would be before one could find it again.

“Let’s begin!”

Lin Ran didn’t hesitate as his palm directly pressed against this jade disc.

An aura then led directly to the destiny within the jade disc and attached itself right towards itself.

....

And at the same time, within Lin Ran’s scroll space.

The old pimp’s entire state of mind had changed.

He looked outside as Lin Ran was refining his own destiny pattern.

There was a vague hint of anticipation.

No one knew better than him what this divine Shadow Race’s Fate Grid represented.

In the Divine Shadow Clan, the Fate Grid was the symbol of one’s identity.

The Divine Sense Origin did not represent everything.

The blood oaths they made to be loyal to the Divine Shadow Clan forever were also all made on this Fate Grid only.

It could be said that his own destiny frame had been snatched away, although the Divine Shadow Clan could no longer accommodate him.

But all the same, he had managed to return to the Immortal Realm!

Even he could no longer feel the Immortal Realm’s rejection of him now!

Fate frames are unique to the Divine Shadow Clan!

No one from the Immortal Realm had one.

It was because of the time when the Divine Shadow Clan was outside the Immortal Realm.

In order to be able to keep their offspring alive.

Countless God Shadow Clansmen had sacrificed their physical bodies to build a boundary that would allow them to survive.

But within the boundary countless God Shadow Clan people's origin power was absorbed and released!
And absorbed again.

The unique aura of the Divine Essence Power in already disordered!

Only the destiny frame was the symbol of each of their identities!

But now his identity had been taken over by Lin Ran.

He could completely get rid of the Divine Shadow Clan and start life anew.

The more the old pimp thought about it, the more shocked he became in his heart, but he was equally somewhat excited.

Wonder Doctor Chapter 2259

Time passed day by day, and the old biddy did not know how long he had been trapped in the spatial scrolls.

Until one day, he suddenly felt a bolt of suction and pull, followed by the scene in front of him which changed.

He looked at his surroundings and realised that this was clearly inside the inn hotel where Lin Ran had first appeared when he had taken him away from the Jiao family.

"Lin Ran! You!"

The old pimp turned his head and suddenly found that Lin Ran was standing by the side, only at this moment, the aura on his entire body had completely changed.

That aura made the old pimp feel familiar, as an aura had belonged to him before.

But now it had become someone else's!

"Lin Ran, what the hell do you want!"

The old pimp looked at Lin Ran, his face filled with disbelief.

"Didn't you see it all!"

Lin Ran said indifferently.

"Alright, there's no need for you to be shocked, you should have known from the start that I was aiming for this fate frame!"

"Now the destiny frame has been refined by me even me!"

"From today onwards, I am you, in other words, I am the pimp of the Divine Shadow Clan!"

"And you, are just one of the many cultivators in the Immortal Realm, and a cultivator without a physical body at that!"

"You. Would you really be so kind?"

The old pimp looked at Lin Ran, clearly not quite believing his words.

“Haha, of course not, so if you want to get your freedom, you’ll have to make a deal with me!”

Lin Ran laughed.

“I knew it!”

The old pimp gave Lin Ran a blank look.

Lin Ran, however, smiled blandly and continued.

“You don’t need to be like this either, this deal of mine will be no burden to you at all!”

As he said that, Lin Ran took out a pair of maps, and it was the star map of the entire Immortal World.

“As long as you trade with me, I will give you this star map!”

“At that time, you can also go and enjoy the entire Immortal World’s great mountains!”

“How about that?”

“You!”

The old pimp was clearly somewhat moved, but still had some hesitation.

Seeing this, Lin Ran wasn’t in a hurry and laughed at the side.

“It’s fine we have plenty of time, you can totally think about it!”

“In the past, you were restricted by this Fate Pattern and even made a blood oath for it, but it’s different now!”

“The destiny is now in my possession, so you are no longer in chains!”

“If you can’t even let go of it like this, then there’s really nothing I can do!”

Lin Ran spoke lightly, as if he was talking about an extremely insignificant matter.

But it was just a few simple words that really made the old pimp’s heart start to waver.

“I tell you, it really won’t kill you? You won’t suffer the backlash of the oath?”

The old pimp couldn’t help but ask, he was still a bit uneasy in this heart.

“You know very well yourself!”

Lin Ran looked at the pimp and said.

The old pimp was clearly still somewhat unconvinced that he had broken away from the control of the Divine Shadow Clan.

So it was still not possible to let go.

“I... I’m from the Divine Shadow Clan!”

The old pimp suddenly spoke, while busy looking up at the sky, as if waiting for something.

“There are many people within the Divine Shadow Clan, and they are all spread out.”

“The Divine Shadow Clan is plotting to enter the Immortal Realm at an increased speed!”

“I cao! I’m really fine, I’m really fine!”

The old biddy became excited at once.

In the past, they had all made a blood oath, and everything about the Divine Shadow Clan was straightforwardly told to the public.

But now he had not only said it, but he was also not alright at all.

Now the old biddy was completely thrilled.

“Now you believe it? Want to trade?”

Lin Ran looked at the old pimp and said.

“Believed, but how can I trust you? If I tell you and you kill me later, then I’ll be at a big loss!”

The pimp said cockily.

Lin Ran smiled at his words but laughed.

“As long as you swear not to tell anyone about what happened between us, I can also make a vow not to kill you in any way!”

“Really?”

The old pimp got excited at his words.

“Of course it’s true!”

Lin Ran laughed.

“Good! I’ll take this deal!”

The old pimp said.

The two men immediately made an oath.

The pimp, however, was puzzled and said.

“It seems like you’ve forgotten something, don’t you need me to make a vow to never serve the Divine Shadow Clan?”

Lin Ran had only asked him to make a vow not to tell anyone about this matter.

But it didn’t say that he couldn’t serve the Divine Shadow Clan in the future.

Lin Ran smiled at his words.

“You can continue your allegiance in the future, but do you think they still trust you?”

“Firstly, you no longer have a destiny!”

“Secondly if the Divine Shadow Clan did return to the Immortal Realm one day, do you think they would treat you as one of their own?”

“I....”

The old biddy was silent at once.

Without his fate, it was no longer possible for him to gain the trust of the Divine Shadow Clan.

Even if he came across it in the future, the Divine Shadow Clan would only treat him as someone from the Immortal Realm.

Moreover, when the time came, the Divine Shadow Clan would be in control of the entire Immortal Realm, and he, the old pimp, would not be able to return to the Divine Shadow Clan.

The situation in the future could be imagined.

So without his destiny, the development of the situation would definitely push him and the Divine Shadow Clan to the opposite side.

Wanting to go back in would simply be impossible already!

“The vows have all been made, now you can say something about the Divine Shadow Clan!”

Lin Ran looked at the pimp and said indifferently.

The old pimp sighed helplessly, knowing that he had no choice now.

“It’s nothing really, I’m just a person with little to no status within the Divine Shadow Clan!”

“Otherwise, I wouldn’t have shot here to catch people!”

“My mission is to provide people to the various strongholds of the Divine Shadow Clan, that’s why they call me codename Pimp!”

“We agreed to come here every three months!”

“I only need to work here for ten years before I can return to the clan and stay there after that!”

“In another month, someone will come to pick me up!”

The old pimp said.

“Pick you up and return to the Divine Shadow Clan?”

Lin Ran was excited at his words.

This was considered a windfall.

“Yes!”

The old pimp said.

“Then what’s within the Divine Shadow Clan?”

Lin Ran asked busily.

“Nothing, only castles built by themselves!”

“The entire Divine Shadow Clan is like a huge castle, and countless people of the Divine Shadow Clan live in it!”

“The Divine Shadow Clan is divided into a total of five regions!”

“The four regions are the southeast, northwest, and the core region at the centre!”

“The core area is generally where the top brass are located!”

“And in the southeast and northwest, there are four separate development systems!”

“Creating strongholds in the Immortal World, and even smelting puppets, are the responsibility of each of the four regions in the southeast and northwest!”

“They don’t interfere with each other!”

“This is also to avoid, if one stronghold is discovered, it will cause all the other strongholds to be implicated!”

Lin Ran nodded at his words, he didn’t expect the Divine Shadow Clan to be really careful in their actions.

“Then where is the location that the Divine Shadow Clan uses to hold their enemies?”

Lin Ran asked.

This was what he wanted to know the most!

“It’s underneath the entire castle!”

The old pimp said.

“Under the castle, there is an underground cage that holds all sorts of prisoners!”

“But their flesh is usually used to sacrifice to the boundaries!”

“Only some that are used for other purposes leave their flesh behind!”

“Underground cages?”

Lin Ran frowned slightly as he listened, if what the old pimp said was true, then Song Nuan was most likely being held in this underground cage.

Wonder Doctor Chapter 2260

“You’re trying to save the day!”

The old pimp suddenly said.

Lin Ran didn’t deny it either.

“Indeed, you want to go and save someone first, I can only say that it’s difficult!”

“With my status, I’m not qualified to get close to those places at all!”

“If you want to get close to those places, you’ll have to rely on your own abilities!”

The old pimp said.

“Don’t worry about that!”

Lin Ran said, he didn’t even want his life, just to blend into the Divine Shadow Clan.

As long as he could get in, he would be able to find a way to find Song Nuan.

If he couldn’t even do it to blend in, then there was even less to say about the rest.

Lin Ran and the old pimp then talked about many more things.

Most of them were things that one should be aware of within the Divine Shadow Clan.

Lin Ran didn’t let the pimp leave straight away.

Instead, he kept him for another two days.

Only when the guy really couldn’t think of anything else did he let him leave.

And after the pimp left, Lin Ran also waited up in Greedy Wolf City.

But there was one more thing he did during that time.

That was to release all the people from the Immortal Realm that the pimp had captured.

These were all people that the pimp had captured to go as labourers to send to the strongholds of the Immortal Realm.

It was impossible for Lin Ran to agree to this since he could.

But if he went empty-handed, he was also afraid of arousing the other party’s suspicion.

Therefore, Lin Ran took advantage of the month to go and buy a copy of the information and capture some more people around Greedy Wolf City.

These people were undoubtedly all villains with no exceptions.

Keeping them would only plague the Immortal Realm, so it would be better to capture them and send them to the Divine Shadow Clan!

These people were all high-minded and arrogant, so it would be a good idea to give them to the Divine Shadow Clan to give them a headache!

Time passed day by day.

In the blink of an eye, a month passed quietly.

Lin Ran also stopped striking and quietly waited in Greedy Wolf City.

Greedy Wolf City, with the return of Jiao San himself, had sort of quieted down.

Although the old pimp was not double brutal by nature, he was definitely not considered a good person either.

But as Jiao San regained his own sanity, his entire disposition had also changed dramatically.

At first, the Jiao family had some doubts whether this was their own family head!

But gradually they came to accept this fact.

This night, it was dark outside early.

Lin Ran stayed alone in his hotel room, sitting cross-legged and silently cultivating.

“Weng!”

Suddenly, the space in the room actually rippled!

Followed by a vortex that actually emerged out of thin air.

Lin Ran was busy opening his eyes, and there was anticipation deep in his eyes.

After waiting for a month in agony, was the right person finally coming?

“Old pimp!”

Suddenly, a hoarse voice came out from within the vortex.

At the same time, a person shrouded in grey robes had walked out from within the whirlpool.

His entire body was shrouded in grey robes and he could not see his appearance.

But no matter the shape or the aura, at first glance, he was rightly a member of the Divine Shadow Clan.

“My lord!”

Lin Ran busily got down from his bed and arched his hand.

“Why are you here, you’ve even changed your flesh and got a puppet!”

The receiving envoy looked at the old pimp feeling strange.

He was aware that the old pimp had occupied Jiao San’s flesh body before.

“Jiao San’s body isn’t working anymore, so I didn’t feel the need to stay any longer, so I found a random puppet and waited here for Your Excellency!”

Lin Ran said with a smile.

The other party nodded at his words and said.

“Where are the people?”

“They’re all here!”

Lin Ran was busy rushing a ring off his hand, which was filled with some ten evil people.

“Very well! Let’s go, it’s time for you to go back too!”

The other party said indifferently.

When Lin Ran heard these words, however, his entire body could not help but tremble.

He had waited for so long, tormented for so long, and walked in chaotic space for so long.

Today he was finally able to travel to the Divine Shadow Race.

And as long as he travelled to the Divine Shadow Clan, he would be able to find Song Nuan.

At the thought of this, Lin Ran’s entire heart lifted.

The Guiding Envoy quickly entered the vortex.

Seeing this, Lin Ran didn’t say anything and immediately put away his puppet and followed suit, also entering it.

The vortex in the room quickly dissipated.

Then Lin Ran and the messenger also followed and disappeared into the vortex!

This was a vortex filled with white everywhere!

Normal vortexes were made up of lightning storms and endless stars.

But this time, the vortex was formed by white mist.

Even Lin Ran felt fluctuations of power from these mists.

Clearly these were all white mist, which should be the power of the origin.

But this was too extravagant, using the power of the Origin to forge a passage.

I’m afraid this was something only the Divine Shadow Clan could do.

After all, the entire boundary of the Divine Shadow Clan today was constructed from this Origin Force.

“Wait for me!”

Suddenly the receiving envoy in front of him spoke up.

Lin Ran nodded without daring to say more.

Only to see the receiving messenger stop before suddenly waving his palm, and instantly a vortex actually appeared on the wall of the tunnel next to him.

And within the vortex, a figure shrouded in red robes emerged out of thin air.

“My lord, the slaves have arrived!”

The usher said respectfully.

“Hm!”

The blood-coloured robe nodded, and immediately waved his hand and fetched the spatial ring.

“What’s with this man?”

Suddenly the blood-coloured robed man looked at Lin Ran at the side and said.

“Back to Your Excellency, the pimp is done with his mission, I’m going to take him back to the Divine Shadow Clan to arrange a new one!”

The Receiving Envoy said busily.

“Hm! Go!”

Without asking any more questions, the blood-coloured robed figure waved his hand and his form disappeared.

Lin Ran’s heart was in his throat.

It wasn’t that he was afraid of this blood-coloured robed man.

Rather, he clearly felt that the strength of this blood-coloured robed man should be similar to the strength of the Ghost King in his own stronghold.

It seemed that the Divine Shadow Clan had placed powerful guardians within each of their strongholds.

This was not difficult to understand, after all, these strongholds were the backbone of the Divine Shadow Clan’s return to the Immortal Realm.

Without those Heavenly Rank puppets they had refined, the people of the Divine Shadow Clan would not have been able to stay in the Immortal Realm for too long.

“Let’s go!”

The Receiver greeted, and with a whirl, he led Lin Ran and set off once more.

And this time, the two of them had been rushing through the spatial tunnel for two days before the spatial tunnel around them changed.

The originally milky white spatial tunnel began to become transparent.

The milky white colour also gradually turned into light white.

And through this spatial barrier, Lin Ran could clearly see.

Outside was the endless starry sky.

And at the back, a huge sphere was slowly emerging in its entirety.

They had already left the Immortal Realm.

It was already outside the Immortal Realm.

“We’re almost there!”

Suddenly the receiving messenger in front of them said.

Lin Ran turned his head to look and found that in front of the spatial tunnel, a huge behemoth had emerged in outline.

The thing was non-huge, and its general shape was also very strange.

Outside it looked as if it was a huge circle.

But if you look carefully, you will see that the circle is just a thin layer!

And inside the huge white circular sphere, a structure that somewhat resembles a protein structure is slowly rotating!

It appears to be two matches crossed together, each with is a sphere of enormous size standing on the front section of each branch!

There are exactly four of them!

Corresponding to what would be four areas, east, west, north and south.

And above, there is another area, and likewise one below.

That would be the core area, as well as the underground cage, as the pimp said!

The shape was concise and clear at first glance!

“This is the Divine Shadow Clan stronghold? It’s really unexpected!”

Lin Ran lamented in his heart.

After searching for so long, he had finally arrived at the Divine Shadow Clan’s lair!
