

Chapter 2253– 2254 of A Dish Best Served Cold Novel

Chapter 2253 should be dead!

Thousands of troops knelt down, the wolf fell, and Long Baichuan bowed his head to become a minister.

All the methods the Xu family used to deal with Mark are now being stepped on by the man in front of him.

“you you..

Who on earth are you?

“Xu Junlin’s old face trembles constantly, and his eyes are full of horror, looking at the man in front of him. Before that, Xu Junlin had never dreamed that such real dragons were hidden in Noirfork’s projectile land. The Dragon of the Yan Xia Army, Baichuan, is just one of his subordinates. Xu Junlin can’t even imagine that the person in front of him who is respected as Mr. Chu has a background and what kind of monstrous energy. Before coming, Xu Junlin thought, this The so-called Mr. Chu is a humble and humble arrogant offspring. With brute force, he just sat on the position of Noirfork Zhizun. Like this bullshit, their Xu family, a current rich man with military background, crushed him to death. It’s not a matter of minutes. But the truth is that he slapped him in the face fiercely. Under Mark’s seemingly unremarkable appearance, it contained extremely terrifying energy. Just let Long Baichuan bow his head. The mighty power has surpassed countless people. This mighty power, even their Xu family, can’t match it! While his old face was pale, Xu Junlin was full of incomprehension and doubt, asking about Mark’s true identity. However, Mark Fan shook his head and smiled. “Master, do you think you are still qualified to stand and talk to me now?”

Mark smiled coldly, then his eyebrows were cold, and he shouted angrily! “Kneel down!”

“Boom~ The sound is like muffled thunder, Mark is full of power, but it burst out in an instant. In an instant, the wind swept through. At that moment, Xu Junlin only felt that a touch of heavy pressure like Mount Tai suddenly came. “No~” “You are here.”

Junior, how do you deserve to make me bow down?

“Xu Junlin gritted his teeth and grumbled, struggling hard. In front of him, Mark was still standing proudly. He had his hands on his back, his brows and eyes were majestic, just like a god. The thin body, standing there, is like a ten thousand high mountain. Li. That kind of oppression and power made Long Baichuan feel heart trembling. “Is this the majesty of the Dragon Lord?”

“With a drink, you can have such momentum.”

“How terrible is the true strength of the Dragon Lord?”

“Long Baichuan looked at Mark respectfully from the side, feeling the power of Mark’s body, Long Baichuan only felt shocked.

Long Baichuan originally thought that as the King of Longchuan who mastered power, after these ten years of hard work, even if his strength was not as strong as that of the Dragon Lord, he must be the same.

But now it seems that he found himself too naive.

Even though he was the extremely hot summer army god and ranked among the masters of the hot summer martial arts, facing the dragon master, he still gave him a feeling of being in the abyss and walking on thin ice.

The last time Long Baichuan had this feeling, it was when the strongest in the summer met him.

In other words, the current dragon master is afraid that he has the energy to be able to wrestle with the strongest person in the summer.

“Don’t kneel down yet?!” At this moment, there was another burst of shout.

This time, Xu Junlin no longer felt uncomfortable to bear the pressure from his body, with a bang, his knees bend, and his legs knelt on the ground.

In Xu Junlin’s unwilling and angry roar, the old man of the Xu family, Yan Xia De’s respectable old general, was also forced to kneel by Mark.

“Bad son~” “How dare you force me to kneel?” ... “You should die forever~” “You should die forever~”

Chapter 2254 Who Can Have The Last Laugh?

Xu Junlin’s eyes were red, and the whole figure was crazy, shouting hoarsely towards Mark.

Xu Junlin claimed to be the country’s important minister, and he was the lord of the summer, and he was not qualified to let him bow down.

But now, he was forced to kneel by a young man. This was undoubtedly a shame to Xu Junlin, a serious blasphemy of his dignity, and it was even more uncomfortable than killing him.

However, in the face of Xu Junlin’s sad and angry roar, Mark was expressionless, with a pair of deep eyes, looking down Xu Junlin indifferently, like a monarch, looking down at the ants.

“Xu Junlin, from the moment you decided to treat me Mark, you should have thought that there will be today!” “My majesty, how can you offend you waiting for the ant mote?” “This, I said before. Yes. You don’t believe it.”

“Now, what else do you have to say?” Mark said coldly, with endless chill in his senran tone.

When Xu Junlin heard this, he suddenly smiled.

The laughter was sad, with self-deprecation, loss, and more, the grief of the hero’s defeat.

“Ha~” “Haha~” “I promised Junlin’s majesty for the first time, and my military life, even if I retired now, but in this hot summer, there is endless majesty.”

“It’s just, I didn’t expect that today, I was defeated in your hands. “Haha~” “Mr. Chu, what a Mr. Chu, you won.”

“It’s Xu Junlin who has eyes and no beads and underestimated you.”

“However, bastard, don’t think you can step on our Xu family. I can sit back and relax.”

“My Xu family is defeated, and there is the Lu family!” “Master Lu, Lu Cangqiong, his prestige and seniority are still higher than mine.”

“The power that the Lu family holds is not what my Xu family holds. “I can do it.”

“Don’t say that you are a Major General Qinglong, that is, you are the commander of the military region. You will still be buried with the descendants of the Lu family!” “So, wait, our revenge is not over yet?” You killed me today, and I also believe that you will come to my funeral soon.”

“Not only you, your whole family, and all the people who follow you in Noirfork, all have to die~” “All have to die!” Xu Junlin’s eyes were blood-red, and he roared while smiling.

But Mark just shook his head.

“Up to now, you still don’t give up, still doing such unrealistic fantasy here.”

“You only know that the Lu Family is in control of the power and can enjoy the hot summer, but you don’t know that Mark, who has the power, is not afraid of others.”

“I, Mark, have the power to make you kneel down, and naturally have the ability to make the Lu Family bow down. “No matter what, to your stupid old dog, no matter how much you say, it’s wasted.”

“Wait and see.”

“Look at who it is, until the last laugh!” Boom ~ Mark laughed proudly, but it was Here the world, set off boundless waves.

On the horizon, clouds move in all directions.

In the distance, the sea of clouds churned.

In this world, Mark stood proudly with his hands, and the domineering voice echoed everywhere.

Everyone’s ears are full of Mark’s heartbeat!

However, even though Mark was confident and full of confidence, Ericson and others, after hearing this, their old faces were a lot darker.

Mark has the status of Major General Qinglong, so he can’t fear the Xu family or the army.

But what about the Lu family?

Will the identity of General Mark make the Lu Family fearful?

Especially the Lu Cangqiong, the old man of the Lu family, is highly respected, and the country's elder and minister is the Lord of the Yanxia Kingdom. When he meets it, he has to cry out politely.

More importantly, Lu Cangqiong's son, Lu He, was one of the most powerful people in the summer, and he was at the center, a real powerful man!

These red giants represent the country to a certain extent.

Mark, do you really have the energy to make the Lu Family bow their heads?
