

Wonder Doctor Chapter 2262

“That’s more like it!”

Lin Ran nodded in satisfaction and whirled around to sit down on the main seat.

“Come, come, my lord, drink!”

One of the men next to him busily said.

“Forget the drinking, what are your names?”

Lin Ran asked.

“Back my lord, my name is Ah Cai and his name is Ah Ghost!”

One of them busied himself back.

Lin Ran smiled and nodded.

Both of them were soul bodies, but their voices were different; the hoarse one was Ah Cai, while the shrill voice was Ah Ghost.

“Tell me, what’s the situation in the dungeon now!”

Lin Ran leaned back in his chair with a laid-back look.

The two men didn’t dare to be lazy when they saw this, and Ah Cai was busy saying.

“Back to Your Excellency, we have a total of fifty-seven prisoners in this third section!”

“All of them are being held in the cage space does your lordship want to go and take a look?”

Lin Ran’s heart tightened at his words, fifty-seven people!

This was only the third section, there were only nine sections in the dungeon!

Even if we counted fifty people in one section, there would be four to five hundred people in nine sections!

This number of people was even more than some clans.

“Go!”

Lin Ran said.

In his heart, he was very then.

How on earth did the Divine Shadow Clan capture so many people!

Had they all been secretly captured from the Immortal Realm?

What the hell did they want with so many people?

“Ah Cai, what strength are the people held in this dungeon! And who is the strongest one?”

Lin Ran asked as the three of them rushed to the dungeon.

“My lord the strength of the people imprisoned in this dungeon are all around the Little Perfection realm!”

“The strongest of them is called the Bitter Lord, this person’s strength is at the peak of the Small Perfection and has half a foot in the Great Perfection!”

“But when he does enter the Great Perfection, he’ll have come to the end of his rope!”

Ah Cai laughed.

“O? What does this mean?”

Lin Ran felt curious.

How could one reach great perfection in strength and still come to the end of the line?

What did this mean?

Moreover, Lin Ran felt strange, when he was in the Immortal Realm he had learned about some of the former great powers that had disappeared from the Immortal Realm.

Among them, although there were people from the Minor Perfection realm, there was no shortage of some Great Perfection powerhouses!

There were even legends of powerful people from the Immortal Realm who had been captured.

Of course, these were all legends and could not be verified at all.

So it was hard to say whether they were true or not.

“My lord, you haven’t worked in the dungeon before?”

Ghost said with some confusion.

“I don’t think so, even if you haven’t worked in the dungeon, many people know about this kind of thing, haven’t you heard of it, my lord?”

Ah Cai also looked at Lin Ran with some confusion.

This made Lin Ran’s heart nervous, why were these two people suddenly suspicious.

Lin Ran’s mind quickly thought of a countermeasure and after a moment said.

“You two just don’t know!”

“I was previously in the small world of Qi Guang catching strongmen for the clan’s stronghold, and this stay was for a full ten years!”

“You said this clan matter or in the dungeon, can I know?”

“So! My lord has worked hard my lord has worked hard!”

Ghost was busy saying.

At the side, Ah Cai was even busier explaining.

“My lord, in our dungeon, as long as one’s strength reaches the Great Perfection realm, they are basically taken away!”

“This is an invisible rule that hasn’t changed over the years!”

“Right!”

Ghost was also busy agreeing.

“But right, exactly why, we’re actually not too sure.”

“I just heard that when the strength reached the Great Perfection realm, it would serve other purposes, so they were all taken away!”

Lin Ran frowned slightly as he listened.

Strength reaching the Great Perfection realm would have to be taken away! What realm was that Song Nuan!

“Great Perfection? If it really is a Great Perfection, then where would she be taken?”

For a moment, Lin Ran felt confused again.

“Go check for me to see if there’s a female cultivator named Song Nuan in our third district!”

Lin Ran really couldn’t hold back anymore and opened his mouth to shout.

He believed that with Song Nuan’s strength, she would certainly have the entire Divine Shadow Clan “taking good care of her”.

In this dungeon, he was afraid that he would not be able to find her at all.

But Lin Ran still wanted to try, even if there was a one-in-a-million chance, he didn’t want to give up.

“My lord, there is no need to check!”

A ghost at the side said.

“Yes, my lord, we can recite the names of all the prisoners in this third district backwards! There’s no such thing as Song Nuan that you’re talking about!”

Ah Cai also echoed.

Lin Ran couldn’t help but be a little disappointed at his words.

But he was also clear that this result wasn’t surprising.

If he could find Song Nuan right here, he wouldn’t have had to run around for so many years!

“My lord, does this Song Nuan have a problem with you?”

Ghost tried to ask.

Lin Ran was stunned and nodded afterwards.

“Hm!”

“This stinking woman stole something from me!”

“Stole something from you? No way!”

A Ghost and A Cai were both surprised that the other party could still steal something from the Divine Shadow Clan?

“You guys don’t understand, it’s a supreme treasure, I had my eye on it when I was in the Immortal World!”

“Only to have her steal it first!”

Lin Ran said.

The two people nodded at that.

“My lord has arrived, the sentiment is the dungeon area, everyone here is trapped in the divine sense cage, it’s very safe to get out!”

Ghost said with a smile.

Lin Ran nodded and whirled and walked towards the front.

This cage space was all forged out of grey rocks.

However, this grey rock was permeated with a strong divine sense power.

Plus, the people of the Immortal Realm imprisoned here were all soul bodies, for them to want to break through this divine sense here imbued cage to rush out.

It was almost impossible to do so.

Unless the combined power of their divine senses could compete with the entire Divine Shadow Clan!

But obviously, this was impossible!

The most important thing that the Divine Shadow Clan relied on was the power of divine sense, and if they lost on the power of divine sense, then their Divine Shadow Clan could just be wiped out outside.

As he spoke, Lin Ran had already arrived outside the first cage.

He saw that a youthful figure was sitting cross-legged in the cage.

He had this long red hair and his whole body was burning with a roaring flame.

When he saw Lin Ran, his eyes even revealed an angry and fierce gaze!

“And where is this rat bastard from! Come to see your Grandpa Fire!”

“Shut up! You’re fucking looking for death!”

Ghost instantly flipped his palm at his words, and a long white whip emerged and lashed out towards the youth.

“Come on! Scratch your grandfather’s itch!”

The red-haired youth let out a laugh.

But there was clearly pain in his eyes.

“Why bother!”

Lin Ran sighed softly, and then turned around and walked towards the next cage? while asking.

“Who is this person!”

“Back to Your Excellency, this person’s name is Fire Bastard, and his essence is a fire attributed magical beast! He is gifted with extraordinary talent!”

“It was captured by the Black Mist Emissary from the Immortal World a hundred years ago!”

“He is expected to break through the Great Perfection within a hundred years, and the above said that he has great use, so he has been kept here!”

Ah Gui introduced.

Lin Ran nodded at his words, but his heart was a little helpless.

He was captured a hundred years ago and was now at the peak of the small perfection realm!

Cultivating here was definitely not efficient, even if his strength was at the small perfection a hundred years ago.

This is still terrifying enough!

Even a small perfection powerhouse could be easily captured, so it was clear how terrifying the penetration of the Divine Shadow Clan in the Immortal Realm had become.

Wonder Doctor Chapter 2263

“My lord, this is the Heaven Swallowing Python, which is also a super powerful magical beast in the Immortal Realm!”

“And this one, my lord, the seven-coloured giant dragon jiao!”

“My lord.”

All the way over, Ah Cai and Ah Gui kept introducing the prisoners being held here.

Lin Ran noticed that most of them were magical beasts at first.

It was only as they got closer to the inside that cultivators began to appear.

And the cultivators were generally weaker than the magical beasts.

This wasn’t hard to understand.

Although the magical beasts were strong, they were after all magical beasts, and were inferior to cultivators in many issues of is examinations.

So it was easy to try to catch a small perfection realm peak fumbler.

But want to catch the small perfection early stage cultivator is very difficult.

This was also the reason why the magical beasts here were generally stronger than the cultivators.

As he walked along, he looked at the fifty-seven prisoners, and Lin Ran had soon seen a large part of them.

Lin Ran really couldn't look any further either.

Although he had only seen half of them, some of the cultivators among them were ones that really made him feel some urge to save them!

There were many of them who had some connections with Lin Ran.

For example, some of them were clearly disciples of none other than the Thunder Zun Pavilion.

And some of them were from the Anti-Alliance!

There were even some who were powerful followers of the Beast King Domain Zhen Yan.

If these people and magical beasts had been placed outside, Lin Ran would have absolutely stepped in to save them.

But now, here, he was only able to watch.

And this was only the dungeon in the third district.

There were nine dungeons in the entire Divine Shadow Clan.

Lin Ran really didn't dare to think that if he were to turn around all nine dungeons.

Would he still be able to hold himself back.

"My lord! My lord?"

Seeing Lin Ran standing dumbfounded in his spot, Ghost was busy speaking up and shouting.

"Hm!"

Lin Ran responded and busily asked.

"Have you finished turning?"

"My lord, there's still one last one to go, didn't you say you were going to see the Heartless Old Man!"

Ah Cai said busily.

"Alright, go and take a look!"

Lin Ran nodded his head.

This Heartless Old Man was what Ghost had said.

It said that it was the oldest and longest imprisoned old man they had here.

Lin Ran hadn't even been prepared to go and see it, but when he heard this, he was still interested.

Ah Gui said that this Heartless Old Man had been imprisoned here since before they had come to work here.

The years were very long ago.

Maybe he knew about Song Nuan!

Lin Ran mulled it over in his mind.

Since this Heartless Old Man had lived in this dungeon for so long, he must know something that even Ghost and Cai didn't know!

Maybe he could really bring himself some good news.

But how could one get him to talk?

And at the same time, he had to keep Ghost and Ah Cai from noticing!

For a while, Lin Ran was at a loss as to what to do!

Never mind, let's take one step and see what happens!

If he couldn't think of a solution, Lin Ran didn't bother to think about it anymore.

As the saying goes, there must be a way out before the car reaches the mountain, so we had to wait until we really saw the Heartless Old Man.

The location of the Heartless Old Man was located at the innermost part of the entire dungeon.

The power of divine sense here was also more dense.

It seemed to be to prevent the Heartless Elder from escaping.

"My lord, this Heartless Old Man's strength is at the peak of Small Perfection and half a foot has crossed into Great Perfection!"

"Don't get too close to him later!"

A ghost at the side reminded.

Lin Ran nodded without saying anything more.

As they spoke the group had driven to the outside of a cage.

Lin Ran saw that inside the cage, an old man was sitting cross-legged.

His face was dried up and his entire body seemed like a dead log as he sat there motionless.

Even when Lin Ran and the three of them arrived, he didn't even open his eyes for a moment to look.

“Hey! What are you pretending to be dead!”

Ghost opened his mouth and shouted.

However, the heartless old man was still sitting in place without any response.

“That’s how he is, my lord, don’t mind him playing dead here!”

Lin Ran didn’t answer, his gaze firmly on this Heartless Old Man.

He had discovered that there was actually a huge stump in this old man’s chest, and that there was really no heart!

Although the soul body itself was a coalescence of divine consciousness, with form and no substance, whether or not it had a heart didn’t affect anything at all!

But looking at the old man’s condition, Lin Ran still couldn’t help but be a little shocked.

How on earth did this get like this!

“Your Excellency, wait a moment!”

At the side, Ah Cai said, taking out the white whip and raising his hand to strike.

But just then the old man’s eyes finally did open.

“Look, my lord, I knew this old man was playing dead here!”

“A bunch of curmudgeons, how dare they dare to be reckless in front of the old man!”

The old man swept his gaze over the three Lin Ran, with disdain in his eyes.

“Hey! You old bastard, believe it or not, I’ll smack you to death!”

Ghost couldn’t help but curse.

“Smack me to death? Just you? I’m afraid you’ll die of exhaustion before I die!”

The heartless old man said disdainfully.

“You!”

Ghost was furious at his words.

At the side, Ah Cai was busy speaking up.

“Alright, what are you talking to him for, this old thing’s divine sense is very powerful, we are no match for him!”

Said Ah Gui as he looked at Lin Ran who was at the side.

“My lord, do you think we should go back?”

“Go back!”

Lin Ran spoke.

“Fine!”

Ghost was busy laughing, he really didn't want to stay here.

It was so nice to go back and drink and eat meat, why did he have to come here!

“Go ahead, my lord!”

Ah Cai said and was also busy leading the way in front.

Lin Ran finally gave the heartless old man a meaningful glance, turned around and left.

It was only when the two met at eye level that the Heartless Old Man's eyes were visibly startled, as if he had seen something.

Lin Ran followed Ah Gui and Ah Cai and soon left the place.

When they returned outside, Lin Ran asked where the room he was resting in was.

Following that, he went straight into the room and instructed the two.

Don't come and disturb him if there is nothing.

A-Gi and A-Cai were also happy to be free, so they immediately ran back to their room and started drinking and eating meat.

Lin Ran, after returning to his room, sat down on his knees and entered into a state of meditation.

At that moment, in the third area of the dungeon under his jurisdiction, a shadow appeared out of thin air, and it was Lin Ran.

The only thing was that this shadow of his soul was obviously very weak.

The entirety of it looked incomparably illusory.

“What do you want?”

The heartless old man looked at Lin Ran, who was travelling outside the cage, with caution in his eyes.

“Senior, the person who has been held here the longest, I want to ask something!”

“What makes you think I will tell you?”

The heartless old man looked at Lin Ran and said indifferently.

“The path is different and so is the position, and you still want me to be in the same boat as you?”

“Simply dreaming!”

Lin Ran was not angry at his words and said with a smile.

“Senior wants to get out of his golden shell, don't you need someone to help?”

“As the inspection ambassador here, I should be the best choice!”

“You!”

The heartless old man's face instantly changed at his words.

"Elder really doesn't know? This Turtle Breath Nirvana technique is practiced to perfection!"

Lin Ran laughed.

"How do you know this is the Turtle Breath Nirvana Technique! Who the hell are you!"

The heartless old man's face instantly changed.

The eyes that looked at Lin Ran were filled with caution.

Lin Ran, however, smiled blandly and said.

"I am me, except that I've seen this Turtle Breath Nirvana technique before, I didn't expect senior to be able to train his divine sense into this technique as well!"

"Awesome! Worthy of being a senior!"

Wonder Doctor Chapter 2264

"Who the hell are you!"

The heartless old man clearly didn't believe Lin Ran's words and looked at him with alarm in his eyes.

There were no more than ten people in the entire Immortal Realm who knew of this Turtle Breath Nirvana Technique, and to be able to recognize at a glance that he was practicing the Turtle Breath Nirvana Technique.

That was enough to show that this kid was extraordinary.

"Senior, if I'm correct, you should be under Immortal Emperor Fulong's throne!"

Lin Ran looked at the Heartless Elder.

As soon as those words left his mouth, the Heartless Elder's face visibly turned even uglier.

"Who the hell are you!"

The Heartless Elder's entire body began to tremble as he spoke.

"Do you think it matters who I am?"

"This Turtle Breath Nirvana technique, applied to divine sense, is also the first time I've seen it!"

"Senior! You're trying to break out of prison!"

Lin Ran said.

The Turtle Breath Nirvana Technique was, to put it bluntly, somewhat like a method of pretending to be dead.

But the person who invented this technique wasn't there to pretend to be dead.

The earliest invention of this technique was that it was actually meant to be used by people in times of danger.

In the cultivation world, the one thing that almost everyone could not avoid was taking risks!

Throughout the Immortal World Continent, there existed many relics and holy places.

These places were incredibly dangerous, and there were even places where once one went in, it was likely that one would never get out.

And in some places, one might be trapped for hundreds of years!

But even so, more often than not, you may not get the replenishment of spiritual energy.

And this is when the Turtle Breath Nirvana Technique was created.

This technique can reduce the loss of true qi in a practitioner's body to a great extent.

It will gradually bring one's physical body to a complete stop.

It would look like a dead person.

But this Turtle Breath Nirvana Technique was previously only used for the physical body.

It was the first time Lin Ran had seen a situation like the Heartless Old Man's where it could also be used for divine sense.

Even Lin Ran was looking forward to what the result would be if this Turtle Breath Nirvana Technique was really applied to the divine Sense!

"Kid, what exactly are you trying to say!"

The heartless old man looked at Lin Ran, still with caution in his eyes.

"Senior, you should have already guessed what I want!"

"But I still feel the need to say something!"

"Just before that, I have a question that I need to ask for confirmation!"

Lin Ran said with a smile.

"What kind of question?"

The heartless old man looked at Lin Ran with a slight frown.

"It's simple, have you been tricked!"

Lin Ran asked with a smile.

The Heartless Old Man's face went icy cold at the words.

"It seems that I was right!"

Lin Ran then laughed.

“You don’t need to be angry either, since I said that, it would mean that I know about this too!”

“Who the hell are you, there’s no point in continuing this conversation if you don’t tell me!”

The heartless old man said icily.

“It doesn’t matter who I am, what matters is that I know! Immortal Emperor Voltron has sold you out!”

Lin Ran said.

A few decades ago, Immortal Emperor Voltron had sent a group of cultivators into Chaos Space on the pretext of exploring it.

As a result, who knew that it was actually a deal with the Divine Shadow Clan.

Those who died, were captured!

Song Nuan was also captured at the beginning.

Qin Bing was originally captured as well, but with Song Nuan’s help, she managed to escape.

“Now you know why I know!”

Lin Ran looked at the Heartless Old Man.

“Because the Immortal Emperor has done this more than once, and you were probably one of the first to be sent to the Divine Shadow Clan!”

“Even if you guessed right, so what! That was when I did it with the Immortal Emperor!”

The heartless old man retorted.

Lin Ran, however, shook his head and said.

“No, no! This isn’t about one person, but about the countless cultivators imprisoned here!”

“If this Turtle Breath Nirvana Technique can conceal itself from the divine sense probes here, why not use it?”

Lin Ran looked at the Heartless Elder and said.

The heartless old man’s gaze changed as he looked at Lin Ran at his words.

“You want to help me?”

The Heartless Elder tried to ask.

Lin Ran shook his head.

“I can’t help you, only the Nirvana Technique can help you!”

Lin Ran said, but there was a light in his eyes.

There were some things he couldn’t say, because at this moment he was a member of the Divine Shadow Clan.

More than that, he had a destiny!

The blood oath the old pimp had made earlier and his compliance with the Divine Shadow Clan were shackled to him at this time.

This was inside the Divine Shadow Clan, and there was no such thing as revealing the secrets of the Divine Shadow Clan.

If he were outside, if he were to reveal information about the Divine Shadow Clan, then he would also be subject to the same blood oath backlash.

“This place is holding prisoners, but if a prisoner’s divine sense is gone, what the hell am I holding them for!”

“Senior, will your divine sense be gone?”

Lin Ran looked meaningfully at the Heartless Elder and added afterwards.

“Of course, that’s what I’m saying, the Immortal Emperor is my enemy!”

“If you continue to serve him, I won’t spare you!”

The heartless old man wasn’t stupid and could hear the meaning in Lin Ran’s words.

Lin Ran’s words were already very clear at this point.

It seemed to be saying that the Divine Shadow Clan and the Immortal Emperors did not deal with each other either.

But in fact, what he had said was just his own position.

In one sentence, only prisoners were held here, and what was the point of holding them when their divine sense was gone.

Already the heartless old man had understood!

He looked at Lin Ran and was silent for a long time before he suddenly spoke.

“Back then, more than three hundred people from our clan defected to Immortal Emperor Fulong!”

“When we conquered the world on his behalf and pacified the Immortal Realm, there were only a dozen people left in the clan’s lock!”

“A hundred years ago, we were ordered to come to Chaos Space on a mission, but the structure was.”

“If I could still get out one day, do you think I would still be loyal to him?”

There was a hint of sadness in the heartless old man’s eyes.

As he spoke, his entire body of divine sense was actually rapidly becoming illusory.

A grain of crystalline fragments of divine sense began to collapse, and in the end it actually collapsed away completely.

Inside the entire cage, there was then actually nothing left directly.

The figure of the Heartless Old Man had actually really disappeared.

“Turtle Breath Nirvana Technique, such an effect is already my ultimate!”

“And what are you going to do about it?”

A voice suddenly sounded in Lin Ran’s ears.

Apparently the Heartless Old Man had already left the cage.

But he couldn’t reveal himself, once he did, the cage divine sense would immediately lock onto him.

But all the same, at this moment, he didn’t have the slightest bit of fighting power!

Lin Ran didn’t say anything and pointed at the cage.

A moment later, the Heartless Old Man’s form reappeared from within the cage.

“How long does it take to recover!”

Lin Ran asked.

“Same heaven and earth, instantly! Different heaven and earth, a long time! It doesn’t even take to recover!”

The heartless old man said.

Lin Ran nodded and pondered for a moment, saying.

“I’ll give you three days to choose from the prisoners held in the third district! Find some reliable people!”

“Pass on this Turtle Breath Nirvana technique!”

“Be sure to make a blood oath!”

“Then, you come with me!”

Lin Ran said.

The heartless old man nodded at his words and didn’t say anything more.

Lin Ran smiled at this and said no more as his illusory figure instantly dissipated away.

The heartless old man looked at the place where Lin Ran had dissipated and there was a light in his eyes.

It was excitement and even more hope!

Wonder Doctor Chapter 2265

The Turtle Breath Nirvana Technique.

When the physical body is cultivated, it may not be that useful.

But once the divine sense was cultivated, in the current environment, that could indeed be life-saving.

Within this Divine Shadow Clan's lair.

Especially in this dungeon, in every cage area, the inspection envoy was able to sense the situation inside the cage at any time!

Once someone tried to break out of the prison, the Inspection Ambassador would also detect it instantly!

And there was also a divine sense pervading the entire dungeon.

If something unexpected happens, the Inspector will be notified instantly.

It can be said that no one can leave the dungeon if they can't hide it from the Inspector.

But if one cultivated this Turtle Breath Nirvana Technique, then it was not absolutely impossible.

It was only after Lin Ran saw that the Heartless Old Man had really practised the Turtle Breath Nirvana Technique that he began to work out a plan in his mind.

His main purpose this time was still to find Song Nuan.

But faced with such a large number of prisoners, some of whom were even his own sect's brothers and sisters.

He couldn't sit back and do nothing!

So he would do his best to save as many as he could.

And the Turtle Breath Nirvana Technique gave him the means to truly realise this idea.

....

In his own room, Lin Ran opened his eyes, with anticipation in his eyes.

"Three days! That's enough!"

Lin Ran smiled, and then he got up and walked towards the outside.

"My lord!"

Seeing Lin Ran come out, Ah Gui and Ah Cai busily got up and said.

"You two, prepare me a profile of who the nine regional inspection ambassadors in this dungeon are!"

"What things they like and what their temperaments are! The more detailed the better!"

Lin Ran said.

A Ghost and A Cai were both stunned at his words, and then smiled.

"Understood, my lord!"

Lin Ran didn't take much longer with a smile and turned around to return to the room.

"My lord is quite good at what he does!"

Ghost laughed at this.

“What do you know, it’s called making connections!”

“Don’t look at this place as a dungeon, the most under-appreciated place in the whole clan!”

“But if you mix well, the benefits of it are very great!”

“Look at the First District’s Supervisor, it’s only been a few years since his strength broke through again!”

“All right, all right, hurry up and get ready! It would be bad luck for us two brothers if we delayed the great event of the lord!”

Ah Cai urged.

At that moment the two didn’t dare to drink any more and went to get organized.

What Lin Ran wanted to save was not just this one dungeon, there were countless prisoners held in the nine dungeons.

One person was also a rescue, a group of people was also a rescue.

Naturally, he wouldn’t choose just one!

Moreover, the dissipation of his own splitting divine sense was still continuing, so he didn’t care at all.

What mattered most was getting these people out!

....

Time passed day by day.

Soon three days had come and gone.

And in these three days, Lin Ran had also studied almost all of the information on the Nine Great Dungeons’ Surveillance Ambassadors thoroughly.

And apart from this matter, he had also arranged for one other thing.

That was to have Ah Cai and Ah Gui, go on a tour of the dungeons.

And on this tour, something big happened straight away.

“It’s not good, my lord! It’s not good!”

Ghost ran over from within the dungeon in a panic, with an anxious look on his face.

“What’s the matter? What’s all the fuss about!”

Lin Ran looked at him with a bemused look on his face, but in his heart he laughed.

“My lord, the Heartless Elder has disappeared!”

Ghost said busily.

“Gone? Are you sure it’s gone?”

Lin Ran asked rhetorically.

“It’s true, my lord, his cage is empty!”

Ghost said.

“Foolish!”

Lin Ran gave him a blank look.

“We are a dungeon here, holding prisoners, they are all spirit beings!”

“We are heavily guarded here, so they can escape?”

“What do you mean, my lord?”

Ghost seemed to understand something.

“It must be death! Only the dead can disappear!”

“Right!”

Ghost instantly understood.

No one had ever been able to escape within the dungeon, unless it was someone whose body had died!

Because it was a soul body, once the body died, the divine sense would simply dissipate, and the dungeon would not be empty!

“Then, my lord, I will go and report this?”

Ghost asked.

“Go ahead!”

Lin Ran nodded.

The process that needed to be followed still had to be followed.

He greeted Ghost and went to report it.

At the same time, he himself hurried inside the dungeon.

Just the moment he entered the dungeon, an aura had entered his scroll space!

“How are things?”

Lin Ran asked through a voice transmission.

And at that moment, within his scroll space, the Heartless Old Man had already manifested.

“All of them got through, there isn’t a single person here who doesn’t want to get out!”

“Very well! If you go out first, someone from above will definitely be sent over to try and see if this Nirvana technique of yours can be hidden from them or not!”

Lin Ran said.

“Hm!”

The heartless old man didn’t say much, and immediately left the scroll space again.

He was also very clear in his mind that a plan was a plan, but if his Turtle Breath Nirvana Technique couldn’t even conceal it.

Then even the best plan would be in vain.

As he was talking, Lin Ran had already arrived in front of the cage.

When Ah Cai saw Lin Ran, he exclaimed.

“My lord, you’re here, this is so great, the Heartless Old Man is gone!”

“What a fuss!”

Lin Ran glared at him and said.

“I’ve asked Ghost to report it, this Heartless Elder should be dead!”

“Dead.... Dead?”

Ah Cai was stunned at his words, followed by a sudden awakening.

The Heartless Old Man was considered one of the more important to the Divine Shadow Clan among the many imprisoned prisoners.

Just a few minutes after reporting it, Lin Ran saw that a large figure dressed in blood-red robes had rushed over.

His face was ugly as he swept his gaze throughout the dungeon over and over again before finally landing on Lin Ran.

“You’re the new Supervisory Envoy?”

“Yes, my lord!”

Lin Ran said respectfully.

“How come you just arrived and this happened!”

The other party asked.

“My lord, I don’t know, maybe it’s because his life expectancy has arrived!”

“I was here once three days ago, and at that time Love was fine!”

“Ghost and Cai can both testify to that!”

Lin Ran said.

“Yes, yes my lord, we came in together with the Lord Overseer three days ago!”

“Right!”

Ghost and Ah Cai were busy saying.

The big man in the blood-coloured robes didn't say anything more.

Only his gaze swept over the entire dungeon with some suspicion.

He always felt that something was wrong, but really didn't find out what was wrong!

“So be it, if you're dead, you're dead, just as long as you didn't run out! But it's a pity, this Heartless Old Man will soon break through to Great Perfection!”

“Ai!”

The blood-coloured robed divine Shadow Clan member said and turned around before leaving.

As Lin Ran watched his back as he left, he couldn't help but feel happy in his heart.

It seemed that the Heartless Elder's Tortoise Breath Nirvana technique had really succeeded!

This way, his own plan could be implemented.

“Let's go out too!”

Lin Ran greeted, and immediately led Ghost and A Cai out of the dungeon as well!

Just before leaving the dungeon, an aura had silently entered his scroll space.

It left the dungeon along with him!

And this first step of Lin Ran's plan was a success!

All he had to do next was to wait for his chance!

◦ ◦ ◦ ◦

Back in his room, Lin Ran sat down directly on his knees, and his divine sense split into a portion and entered the scroll space.

In the scroll space, the heartless old man had been waiting for a long time!

Wonder Doctor Chapter 2266

“It looks like your plan is ready to be implemented!”

Seeing Lin Ran, the heartless old man was the first to speak.

“It's still your Turtle Breath Nirvana technique that's powerful!”

Lin Ran laughed.

The entire plan, the Turtle Breath Nirvana Technique was the most important thing.

Without this Turtle Breath Nirvana Technique, it would be almost impossible to directly take the people within the dungeon away.

The divine sense power that permeated the dungeon was not so much that it was staring at them all the time.

But to have the entire dungeon gone all of a sudden was clearly problematic.

But if the aura of these people had dissipated on their own.

Then there was no way for these powers of divine sense to detect it.

The dissipation of the power of divine sense represented the death of a person.

Under such circumstances, the divine sense force within the dungeon would not be able to detect it at all.

This would also buy time for Lin Ran and the others.

Although the Turtle Breath Nirvana Technique was important, there was still much that was equally important.

The success of a single plan depended on a great number of things.

“What’s next?”

The heartless old man asked.

“Infiltration!”

Lin Ran said.

“Infiltration?”

The Heartless Elder was stunned at his words.

“That’s right, it’s infiltration!”

Lin Ran nodded his head and said.

“There are nine regions in the dungeon, we can’t just take people from this third region!”

“Since we have to save them, it must be everyone!”

“But then, the probability of being discovered will also increase!”

The heartless old man said.

The more people who knew about this matter, the greater the risk of exposure.

“I know, but we can’t just leave so many people alone!”

Lin Ran said solemnly, although his voice was not loud, it carried a tone that could not be argued with.

“Alright, since you insist!”

The heartless old man didn't say anything, and he knew very well that he could only rely on Lin Ran if he wanted to leave this place.

Otherwise he wouldn't still have stayed here.

“I'll visit the inspection ambassadors of these nine regions one by one tomorrow!”

“Try to get on good terms with them, and all you have to do is take charge of infiltrating the other eight dungeons!”

“Infiltrate all those inside as soon as possible and teach this Turtle Breath Nirvana technique!”

“But remember one thing, you can't let them mess around, or else our plans will likely be lost!”

Lin Ran reminded.

“Don't worry about that, I'll naturally do a good job!”

The heartless old man said.

The matter was of great importance, and could have a bearing on whether everyone who was here could get out alive.

So they all had to be extremely careful.

“Alright, that's basically it!”

“I still have one more question for you!”

Lin Ran said.

“Go ahead!”

The heartless old man said.

“In all the years you've been here, have you ever met a woman named Song Nuan!”

“Song Nuan?”

The Heartless Old Man frowned slightly at his words, and then shook his head.

“Haven't heard of this person!”

“Could it be in one of the other dungeons?”

Lin Ran asked once again.

And this time, instead of answering directly, the heartless old man asked.

“What is the strength of the entire person you speak of?”

“Strength? Well think it's at the Great Perfection realm!”

Lin Ran said.

Song Nuan's strength was very strong, and this could be seen from Qin Bing and Su Rou.

The two of them were already ridiculously strong, and Song Nuan was said to be even stronger than the two of them.

"Great Perfection realm? Then that's it, she shouldn't be within this dungeon!"

The heartless old man said.

"Not within the dungeon?"

Lin Ran was stunned to hear this.

"Right! Not within the dungeon!"

"As far as I know, anyone whose strength exceeds the Little Perfection realm will be taken away!"

"So, my strength is stuck at the Little Perfection realm still staying here all the time!"

The heartless old man said.

"What's going on here?"

Lin Ran asked busily, he really wasn't very clear about this matter.

"I don't know exactly, I only know that anyone whose strength exceeds the Little Perfection realm seems to have been taken away!"

"But where they were taken to, I'm not sure!"

The heartless old man said.

Lin Ran nodded at his words.

This matter was really a bit troublesome.

The main thing was that he didn't even know where Song Nuan was until now.

There was no way to even try to save it.

"Aren't you going to look for the other nine Supervisory Ambassadors, it is said that this first Supervisory Ambassador is very connected!"

"You might as well find a chance to ask him!"

The heartless old man reminded.

Lin Ran nodded at his words, his mind already starting to recall information about this First Surveillance Envoy.

According to the information given by Ah Cai and Ah Ghost.

This First District Supervisory Envoy was named Heart Prisoner!

This person had appeared from the dungeon and was the monitoring envoy in charge of this area.

Later on, although the area of the dungeon was getting bigger and bigger, he couldn't manage it alone, and that's why there were gradually other Watchdogs.

But historically, this First Inspector was the highest ranking person in the entire dungeon.

Maybe we could really get some information from him.

The Prisoner of the Heart is a cautious man, and what he likes most is the various cultivation methods.

In his words, although he was in the position of the dungeon inspector, it was also very important to improve his strength.

One day, when the Divine Shadow Clan returns to the Immortal Realm, the stronger they are, the more they will be able to give.

It was still the case that the stronger one was, the more one could give.

If the Divine Shadow Clan could really return to the Immortal Realm one day.

Even if he was still only an inspector of the dungeon at that time.

But in the future, his status would not be too low.

After all, in the cultivation world again, strength was the only thing to look up to.

"Like gongfu!"

Lin Ran calculated in his mind.

He wanted to show his sincerity and pull in the distance with the other party.

It seemed that he would have to put down his blood money this time as well.

"I'll go and meet this prisoner of the heart first!"

Lin Ran said and left the scroll space.

According to the information Ghost and A Cai had provided.

There was also a set of rules within this Divine Shadow Clan dungeon.

That was that every year, there would be an Overseer Ambassador who would come out and lead the way.

Then the other eight Supervising Ambassadors would be invited to get together for a while.

Because everyone was a Supervisory Envoy, there was also a gathering of small and medium-sized groups.

Because he was new, it would be at least three more years before his turn came.

But one simply could not wait that long.

Thinking of this, Lin Ran already had a concrete plan.

“You two, stop drinking!”

Lin Ran quickly found Ghost and Ah Cai.

“My lord!”

Both were startled to see Lin Ran and the two of them too.

“Go and prepare some gifts, I’m going to pay a personal visit to Lord Heart Prisoner!”

“Now?”

“My lord, isn’t it too abrupt to go now?”

Ghost and Ah Cai said busily.

“Too sudden? Do you know why you guys can’t even sit on the watchdog envoy until now? Attitude! Do you understand attitude?”

Lin Ran gave the two a blank look.

Only then did the two of them nod their heads busily and immediately ran off to get ready.

When the two were ready, Lin Ran didn’t delay and immediately led them straight to the first district dungeon.

....

At this moment, inside the dungeon of the first district.

The Supervisor Heart Prisoner was sitting in his secret room, his entire body’s breath surging, actually cultivating.

“My Lord!”

Suddenly, the voices of his men rang out from outside the secret chamber.

“Speak!”

Heart Prisoner said in a cold voice.

“My lord, the new Supervisor Bawd of the Third Region is here, saying that he wants to pay you a visit!”

The henchman said.

“To pay me a visit?”

The Heart Prisoner frowned slightly at his words.

“If Your Excellency does not wish to, I will send him away!”

The subordinate said.

The Heart Prisoner, however, shook his head then said.

“No, I’ll go out later and tell him to wait!”

Wonder Doctor Chapter 2267

“Yes! My Lord!”

The handlers said and turned to leave.

And the Heart Prisoner also stopped cultivating, quickly packed up and turned around to leave the secret room.

The first district was considered to be the largest dungeon in scope in the entire Divine Shadow Clan dungeon.

Even the Heart Prisoner’s residence was far larger than the place where Lin Ran was.

The Heart Prisoner was wearing a grey robe, and the pair of eyes within the robe carried a blandness.

“Greetings, my lord!”

Seeing Heart Prisoner, Lin Ran busily rose and said.

“Old biddy, why have you suddenly come to see me?”

Heart Prisoner laughed, while taking his place in the main seat.

“My lord, I’m new here, so naturally I have to come and pay my respects to you!”

Lin Ran laughed, looking respectful.

“We are all part of the Divine Shadow Clan, why be so polite!”

Heart Prisoner laughed.

Lin Ran also laughed at this.

“The proper etiquette naturally cannot be compromised!”

“Bring it up!”

With Lin Ran’s greeting, at once Ghost and Ah Cai carried in the prepared gifts.

“Your Excellency, I hope you will accept these gifts!”

Lin Ran said with a smile.

The heart prisoner did not say anything, but only looked at Lin Ran indifferently.

Lin Ran saw this and smiled.

“My lord, I am new to this country, so there are many places I hope you can help me in the future!”

“A small gift is no token of respect!”

“Besides, I heard that we have a party in the dungeon every year!”

“I’ve just arrived, so this year’s party won’t let me be the host?”

Lin Ran laughed.

“You’re the host? There’s no such rule, you’ve just arrived better wait for next year!”

Heart Prisoner laughed.

Lin Ran was not in a hurry and laughed.

“My lord, I’m a newcomer, I still want to leave a good impression on everyone!”

“How about this, in a month’s time, how about I invite everyone to the third district?”

“Apart from these gifts, I’ve prepared another one, just.”

Lin Ran said and looked at the people around him.

Where did Heart Prisoner not understand what he meant when he saw this.

At once, he waved his hand, and instantly the people around him retreated quite consciously.

“Say something straight!”

The Heart Prisoner said directly.

Lin Ran saw this and didn’t bother with nonsense.

He directly took out an ancient book and walked over towards the Heart Prisoner.

“My lord, I hope you like it!”

Said Lin Ran and handed it over.

When the Heart Prisoner saw that it was a tome, he couldn’t help but be interested as well, and immediately took it.

When he saw the four large words on it, his entire body couldn’t help but be stunned.

“The Power of Chaos!”

“What kind of gongfu is this?”

Heart Prisoner asked busily.

Everyone had an unspoken understanding that Lin Ran was clearly offering this as a gift.

If it was an unusual gift, Heart Prisoner might have refused it.

But seeing that it was actually a gong method, he couldn’t help but be interested as well.

“My lord, you should know about the power of chaos!”

Lin Ran asked.

“Naturally, I know it.”

The Heart Prisoner nodded his head.

Although he hardly went to the Immortal Realm, he had a wide range of contacts.

So he knew something about the Immortal Realm as well.

“This chaotic power cannot be absorbed by ordinary people, so I’m afraid that this book you gave me is useless!”

Heart Prisoner laughed, with a question in his eyes.

“Your Excellency has no idea, the techniques recorded in this book can be cultivated completely!”

Lin Ran laughed.

“I obtained this book by chance when I was on a mission in the small world of Qi Guang!”

“Since I wasn’t strong enough, I didn’t dare to try it out!”

“But I once tested it out, and this gong method is really possible!”

“It requires you to condense a qi spiral within your body, and then merge the power of Chaos and your own power into one!”

“Thus achieving the effect of harnessing the power of Chaos!”

“O?”

The entirety of Xin Qiu’s body instantly became interested when he heard that.

One had to know that the power of Chaos was the most difficult power in Heaven and Earth to master.

That is, the Chaos Clan, where White Mist was from, had never left Chaos since birth.

That was why they were naturally able to control the power of Chaos.

Once they leave Chaos for too long, they will gradually be rejected by the power of Chaos.

It cannot be used together with the power in the body.

If they could take the power of Chaos for their own use, it would be a huge boost to their strength!

“You sent me this, what do you want?”

The Heart Prisoner wasn’t stupid either, putting the gongfa away and looking directly at Lin Ran.

“My lord is joking!”

Lin Ran said busily.

“This is a gift for Your Excellency, how dare my subordinate ask for anything else!”

“I just want to take advantage of this gathering to get acquainted with the lords of the inspectors!”

“It’s also a good way to make good relations!”

“Haha! You have a heart!”

Heart Prisoner laughed.

At this point, he was certain that the pimp in front of him was a master who loved to flatter and ingratiate himself with people.

Although this kind of person was a bitch, Heart Prisoner at least didn't resent it!

Especially when he was given a Chaos Power Dharma book for the first time.

This gift was enough to get him to act.

"Yes! I'll pass on the order to gather in your third district in a month!"

Heart Prisoner laughed.

Compared to this Law of Chaos, all the others were just floating clouds!

"Then, thank you very much, my lord!"

Lin Ran said busily.

"Then my subordinate will take my leave first!"

"Hm!"

The Heart Prisoner nodded.

Seeing this, Lin Ran didn't say any more nonsense and left the place at once.

....

The Chaos Power secret book that Lin Ran had given to Heart Prisoner was clearly the same one that the Chaos Immortal had given him back within the Chaos World Worm!

However, the one Lin Ran had given to Heart Prisoner had been processed!

The Chaos Immortal was his own master, Lin Ran was not so heartless as to take out his own master's inheritance.

And although this technique, which had been processed by him, could also condense Chaos Qi spirals.

But it simply could not last long, and as soon as he did, the Chaos Qi Spiral would simply collapse straight away!

This was also the fallback Lin Ran had left for himself.

The Chaos Immortal had spent his entire life to obtain the art of Chaotic Cyclone.

How was he willing to really give it all to the Heart Prisoner.

After all, he was also a member of the Divine Shadow Clan.

Leaving the dungeon in the first district, Lin Ran went straight back to his third district.

There was still a month to go.

He still had a lot of things to do.

He had to visit the other seven monitors within this month.

And he also had to find a way to make his relationship with them all better.

And in particular, the relationship with the Prisoner of the Heart.

It was imperative to get it right!

Lin Ran even had a question in his mind that he wanted to ask the Prisoner of the Heart.

But in the end, he held back, as it was only the first time he had met him and he didn't feel it was appropriate.

In the end, he asked this question when he met the Fifth District Supervisor.

The Fifth District Inspector was warm and welcoming, and Lin Ran also felt that it was easier to communicate with him.

And the question was, where had all the people in the dungeon who had exceeded the Little Perfection realm gone!

The Fifth District Supervisory Envoy's answer surprised him somewhat.

"Brother Pimp, you're new here and don't know that we do only hold people in this dungeon at the Little Perfection realm and weaker!"

"And as for the cultivators who exceed the Little Perfection realm!"

"Actually, they were all taken away!"

"Taken away? Taken away to where?"

Lin Ran couldn't help but ask.

"Haha! Of course they went to the test area!"

"The test area?"

Lin Ran was stunned to hear this.

What was this test area?

How come he didn't know about it at all.

Did the Divine Shadow Clan still have a test area?

"Haha! That's right! But there are some things that are not for us to ask about, so don't ask too much!"

"Be careful of getting into trouble!"

The Fifth District Supervisor patted Lin Ran's shoulder and laughed.

Wonder Doctor Chapter 2268

Lin Ran was in the lair of the Divine Shadow Clan.

And at that moment, within the Chaos Clan.

A vortex appeared out of thin air, and then Bai Qian stepped out of it.

“How is it?”

Si Shui had been waiting for a long time ago, and when he saw Bai Qian, he was busy asking.

“For the time being, it’s better not to let my daughter go, the Immortal World War has started, it’s very dangerous!”

Bai Qian said.

“A great war has already started?”

Si Shui was also shocked at his words.

“Mm!”

Bai Qian nodded, and then said.

“Just a month ago, the Immortal Emperor started a war, targeting none other than the Beast King Domain!”

“Exactly fifty years have passed since the last time the Immortal Emperor launched a great war against the Anti-Alliance!”

“The Immortal Emperor has moved so frequently within these hundred years, it seems that the Divine Shadow Clan is not that far away from the Immortal Realm!”

“If my daughter finds out about this, she’ll definitely want to go to the Immortal Realm!”

Si Shui said.

“I know, that’s why I can’t tell her about this!”

Bai Qian also said.

However, as soon as the two people’s words left their mouths, a trembling voice was already coming from the side.

“But I already know!”

Bai Qian and Si Shui were both stunned, and the two of them were busy turning their heads to look.

Only then did they realise that White Mist had actually appeared next to them at some point.

“You.... When did you come over with the child!”

Suribachi couldn’t help but say.

“Just... That’s right, why didn’t you say anything when you came over!”

Bai Qian also couldn't help but give Bai Mou a glance.

But Bai Mog's eyes were red and he said.

"If I had told, would you guys still tell me?"

"You!"

Bai Qian and Si Shui were both stunned.

"Is Lin Ran's other doppelganger also in danger?"

White Mist asked as he looked at the two.

"No!"

Bai Qian said.

"You're lying, you clearly just said that a great war had already started in the Immortal Realm!"

White Mist said.

"There is a great war in the Immortal Realm, but Lin Ran is not necessarily in danger!"

Bai Qian was busy explaining.

"The great war has only just begun now, and most of them are small-scale battles!"

"He'll be fine!"

"I'm going to find him!"

White Mist said as he turned around and was about to leave.

"Stop! The Immortal Realm is too dangerous, you can't go!"

Si Shui said busily.

"I don't care, I'm going to look for him!"

White Mist said.

"It's all because of me, one of his doppelgangers has started to dissipate!"

"I have to go to him so that he can meet before this doppelganger dissipates!"

There was determination on White Mist's face.

Lin Ran's two doppelgangers were completely out of contact because they had taken the karma break.

There were very much things here that he didn't even know about.

Whether it was the Chaos Power Technique he had obtained in the Chaos Clan, or his experiences within the Divine Shadow Clan, these things were undoubtedly very important to him.

"I told you that the Immortal Realm is in great danger now!"

“The great battle between the Immortal Emperor’s army and the Beast King Domain has already begun!”

“Even the Immortal Emperor can’t find where that doppelganger of Lin Ran’s is, what makes you think you can find it?”

Bai Qian asked.

“How do you know you can’t find it if you don’t go, you have to try!”

White Mist said.

“Child! Calm yourself, the situation in the Immortal World is just a trigger!” ,

“The final outcome of the fight between the Beast Kingdom and the Immortal Emperor is going to affect a lot of things!”

“All parties are now waiting to see what happens, it is very easy for something to happen if you go to the Immortal Realm now!”

Si Shui was also busy saying.

“Wait and see what happens?”

White Mist smiled at that but laughed.

“So you guys have just been using Lin Ran as a bet from the beginning, right?”

“What kind of words do you call that!”

Bai Qian frowned.

“You were the one who said at the beginning that Lin Ran would probably change the entire pattern of the Immortal Realm!”

“But what about now?”

“The Immortal World War has begun, and you’re still unwilling to help him, in the end you’re one of those bystanders!”

“Whether the Immortal Emperor wins, or the Beast King Domain wins, you don’t care at all!”

“You’re just waiting for the final outcome!”

“Am I right!”

“You!”

Bai Qian’s face was unusually ugly.

Suribachi at the side was also silent.

They did think so, but there was nothing they could do about it.

Si Shui spoke up.

“Child, the whole matter of the Immortal World is intricate, and until this great war is truly over, no one knows who exactly is the one who can save the Immortal World!”

“Although we, the Chaos Clan, have always been reluctant to get involved in the affairs of the Immortal Realm!”

“But this time, after all, there is still the Divine Shadow Clan behind us!”

“So, this time, we are also destined to not be able to do it alone!”

Speaking here, Si Shui continued after a pause.

“In times of great tribulation, many of the strongest geniuses in heaven and earth will all appear!”

“But who knows who will actually make it to the end!”

“Lin Ran saved you, so it’s only right that we help him, and at the same time make a good karma!”

“But if we make our Chaos Clan’s stance clear now, it would be extremely unfair to our clan!”

“What if the Beast Kingdom fails?”

“What will happen to us then?”

When White Mist heard this, tears were already coming down his face.

In the end, Bai Qian and Si Shui still had to juggle the entire Chaos Clan.

Although White Mist knew that her thoughts were a little selfish.

But she really couldn’t do it to hide here.

In order to save her, Lin Ran could even give up his life and burn his divine essence at all costs.

Why couldn’t she herself?

“You have the Chaos Clan to guard!”

“But I can’t do nothing!”

“I owe this life to him!”

“Big deal, I’ll just leave the Chaos Clan!”

White Mist said.

“What are you babbling about!”

Bai Qian’s face went completely icy cold.

“You don’t need to lose your temper, you can’t keep me! If I’m bent on going to the Immortal World!”

“You!”

Bai Misty’s words left Bai Qian completely helpless.

She was indeed qualified to say such a painting, as she had secretly left the Chaos Clan last time.

“Child, we know you’re worried about him, but the great war has just begun now after all!”

“Moreover, this doppelganger of Lin Ran’s has only just entered the Divine Shadow Clan not long ago!”

“You know the situation of all the doppelgangers he left within our clan!”

“Why rush this moment?”

Si Shui was busy saying.

“Or else this way, you can wait a little longer!”

“Once there’s news from the Divine Shadow Clan’s side, or if the situation over in the Immortal Realm turns bad, how about I ask your father to go on a trip himself!”

White Mist fell into contemplation at his words.

Indeed, there wasn’t really much point in bringing Lin Ran over right now.

This was because the situation within the Divine Shadow Clan hadn’t been made clear until now.

Lin Ran staying within the Chaos Clan bilocation also said that it would have to wait!

It was a little early for the region to go and find Lin Ran now.

“Yes!”

Finally White Mist agreed anyway.

“I’ll go back first, I need to tell Lin Ran this news!”

White Mist said and turned around and left.

Looking at White Mist’s back as he left.

Both Bai Qian and Si Shui sighed helplessly.

....

And when Lin Ran learned the news that the Immortal World War had begun.

The entire person was also stunned.

At this moment, it had only been a mere half a month since he had arrived at the Divine Shadow Clan.

However, he knew that he had to speed up his time.

Let’s put aside the situation in the Immortal Realm for the time being!

Once they waited for the Divine Shadow Race to land in the Immortal Realm, when the great battle came together.

Who knew where Song Nuan would be taken again.

So he had to find out where Song Nuan was as soon as possible!

Try to get her out before the great battle starts!

Wonder Doctor Chapter 2269

As the Immortal World War rises, the storm clouds came the sky.

The war initiated by the Immortal Emperor against the Beast King Domain has attracted the attention of countless power clans.

The Immortal Realm's great power, ever since the Anti-Alliance was completely destroyed.

It was actually very clear in everyone's mind.

All that remained was the battle between the Beast Kingdom and the Immortal Emperors.

Although about 80% of the strength of the Anti-Alliance had been preserved.

But the territory had been completely encroached upon.

And after the Anti-Alliance joined the Beast King's Domain.

It also almost made a point.

The Beast Kingdom and the Anti-Alliance had united.

This time, the war between the Immortal Emperor and the Beast King Domain had undoubtedly kicked off the growth of the Immortal World.

There was a speculation circulating throughout the Immortal Realm at this time!

That was that the Divine Shadow Race was coming down.

The Immortal Emperor was fighting for his last chance.

As long as he could completely unify the Immortal Realm before the Divine Shadow Race descended.

By gathering the entire power of the Immortal Realm to confront the Divine Shadow Race, there would still be a chance of survival.

Moreover, he would be able to retain his position as Immortal Emperor.

It was reasonable to say that it did not matter whether it was the Immortal Emperor or the Beast King Domain.

For the rest of the cultivators.

What they wanted was nothing more than a wise leader to lead them against the Divine Shadow Race.

So who actually won, they didn't really care.

They only knew that the Jedi could not take sides now.

But this was only the thoughts of some ordinary cultivators.

Most still hoped that the Beast King Domain and the Anti-Alliance would win.

After all, the Immortal Emperor's person was known to many powerful people.

It could not be ruled out that, in the future, if the Immortal Emperor could not defeat the Divine Shadow Clan, he would choose to compromise the outcome.

Moreover, no matter who really wiped out the Divine Shadow Clan in the future.

In the end, it would just be another change in the master of the Immortal Realm.

They, the clan forces, were still just dependent on others under the roof.

Cultivators are high-minded and arrogant, who have a preference for such an outcome.

The relationships involved are so powerful and intricate that they simply cannot be explained in a sentence or two!

....

Time passed day by day.

Six months after the Immortal Emperor had launched the Great War, both sides had suffered heavy losses in their advance armies.

It was reasonable to say that in a war of this magnitude, these cultivators at the bottom of the hierarchy often suffered millions of casualties.

But the Immortal Emperors still had some humanity after all.

Perhaps they were also afraid that if the two sides fought too much hatred, they would simply be unable to deal with the Divine Shadow Clan in the future.

So, after only half a year, the Great War had risen to the point where only the strongest people above the Star Realm could participate!

Only the outcome of the Great War was a long time in the making.

....

A year could be said to be a very short period of time for cultivators.

Very often, a single retreat could last ten or even decades!

But for Lin Ran, who was in the Divine Shadow Clan, this year was very important!

After a year of hard work, he had finally managed to fix his relationship with the other eight monitors.

And he had also managed to infiltrate the Turtle Breath Nirvana technique into all of the dungeons.

It could be said that now he was just short of the final chance to leave!

"It's been a year, when are you going to make your move?"

Within the spatial scroll, the heartless old man couldn't help but ask.

He was in a different situation to the others.

Nowadays, he was already considered dead by the Divine Shadow Clan.

He almost just had a chance.

A chance to leave the Divine Shadow Clan as long as Lin Ran could do so.

He would then be able to escape with his life.

Therefore, no one here wanted to leave more than him.

“I know you’re anxious, but the opportunity hasn’t arrived yet!”

“I am now the inspection envoy of this third district, so I simply don’t have the right to go out!”

“Besides, I have my own business to attend to!”

“If it was just to save you all, I could wait for hundreds of years and send you out one by one!”

“But that’s simply not realistic!”

Lin Ran said.

He hadn’t come here specifically to save the Heartless Old Man.

And it couldn’t be, let everyone inside the dungeon die!

It wasn’t like the people of the Divine Shadow Clan were idiots.

“Then what exactly do you want!”

The Heartless Elder couldn’t help but ask.

Lin Ran thought for a moment and said.

“The nine dungeons are vastly outnumbered! Once we leave, we simply won’t be able to conceal it for long!”

“So it’s inevitable that this matter will be exposed!”

“But if we can leave before it’s exposed, it’s not impossible!”

“As for when to do it, I still need to wait a little longer!”

Lin Ran said.

After this year of preparation.

He had spotted a good opportunity!

It was just a pity that now wasn’t the time to make a move.

Everything had to wait until he found Song Nuan.

“Tomorrow night, I’m going to the Heart Prisoner’s for a party!”

“We’ll see how it goes then!”

Lin Ran said.

Although the Heartless Old Man was a little displeased.

But he didn’t say anything more.

He still had to rely on Lin Ran after all if he wanted to leave.

Without Lin Ran’s help, he wouldn’t be able to get out at all.

....

The next night, Lin Ran set off as promised.

This was the second year he had come to the Divine Shadow Clan.

This year was also the year that Heart Prisoner had gathered the crowd over for a gathering.

Don’t look at it as only a short year.

However, Lin Ran and the monitors here had already mingled.

Especially Heart Prisoner, who had gone out many times during this year and had managed to coalesce a chaotic cyclone within his body.

Under such circumstances, there was no doubt that his attitude towards Lin Ran was simply as good as that of a blood brother.

“Come on pimp, do me!”

Heart Prisoner greeted.

Lin Ran wasn’t polite either, and immediately sat down next to Heart Prisoner.

Everyone else looked envious, but there was nothing they could do.

The Chaos Power Technique that Lin Ran had given to Heart Prisoner was something that they couldn’t get.

“Boss, I heard that you went out again, or was it because of this Chaos Power?”

Lin Ran asked with a smile.

“No!”

Heart Prisoner laughed.

“I practiced this Chaos Power last time, so this time I’m going out to deliver something!”

Heart Prisoner said.

“Boss, you’ve earned a lot of benefits here again!”

“Yes boss, when will you give us some too!”

“Yes boss, if not let us run errands too!”

The other ambassadors were all busy laughing.

Lin Ran, however, listened with some confusion.

“Boss, what benefits? There are benefits to running errands?”

“Haha! Old pimp, it’s normal for you to not know that you’ve only been here for a year!”

“Yes, Boss, this errand-running is a good job!”

“Come on, come on! Look at you guys getting all red-eyed!”

Heart Prisoner laughed.

“Even if there was a chance, it would be for my old brother, the pimp, so you guys should wait a little longer!”

“No boss, what the hell is this for?”

Lin Ran asked curiously.

What a job, running off to deliver something actually had a constant abundance of profit!

If it was for leaving the Divine Shadow Clan, he wouldn’t mind making the trip!

That way, it would be a good way to send a few people out first!

With such a good opportunity, he naturally wouldn’t miss it.

After all, it was good to be able to save a few.

And it also loved not to interfere with his plans!

“Haha, it’s nothing, just going to send some materials to the test area!”

Heart Prisoner said.

“Deliver materials? To the test area?”

Lin Ran’s heart immediately lifted at his words.

He had always suspected that Song Nuan was in the test area.

But he didn’t have the right to go there himself.

Little did he know that the Heart Prisoner was able to.

And it seemed like someone else could go!

“Old pimp, old brother, are you interested in making a run for it?”

Heart Prisoner smiled.

“Yes!”

Lin Ran said busily.

“I’ve never been to a test area in all my life, boss like this! I don’t want any of the benefits, just take me there to open my eyes!”

“Haha! You’re quite good at what you do!”

Heart Prisoner laughed.

“That’s fine, drink less tonight.

“Thanks a lot boss!”

Lin Ran said busily, his heart instantly lifted.

After waiting for so long, finally I could go to the test area and have a look!

Wonder Doctor Chapter 2270

“The test area is the most important place for our Divine Shadow Clan!”

On the way to the test area, the Heart Prisoner smiled and said.

He was in a good mood as he had someone to accompany him when he transported something for the first time.

“I heard that you were in charge of capturing people in the Little World of Enlightenment before, do you know where these people were transported to?”

Heart Prisoner laughed.

“I don’t know!”

Lin Ran shook his head, looking confused.

“It’s normal for you not to know, these people were all transported to various strongholds!”

Heart Prisoner laughed.

“Our Divine Shadow Clan has been detached from the Immortal Realm for a long time, so it has caused the Immortal Realm to reject us badly now!”

“So to stay in the Immortal Realm for a long time, or even to return to the Immortal Realm again!”

“It all requires many things!”

“Such as puppets, formations! Secret spells and so on!”

“These are what will guarantee our return to the Immortal Realm again!”

“And those people you captured were all sent to these bases to serve as hard labour!”

“Ao! That’s how it is!”

Lin Ran had a dazed look on his face.

He had actually guessed some of this situation before.

There was just no way to confirm it, and now, after Heart Prisoner had said so, he had sort of confirmed it completely.

At the beginning, in the first base, those Heavenly Rank puppets, Lin Ran had felt that they were prepared by the Divine Shadow Clan for the future Immortal Realm now.

Now, it seemed that what the Divine Shadow Clan had prepared might not just be puppets.

There might be more other things that one didn't know about, or even hadn't seen before!

"But boss, what's the difference between these things and the test area?"

Lin Ran said in confusion.

"Haha! These things are coming from the test area!"

Heart Prisoner laughed.

"The test area is mainly responsible for developing all sorts of things that can be used by our Divine Shadow Clan."

"Whether it's puppets or formation secret techniques and so on, in order to enable us to completely return to the Immortal Realm!"

"And at the same time completely become the master of the Immortal Realm!"

Speaking here, the Heart Prisoner paused then said.

"Of course, all these things are dead!"

"What really is what our Divine Shadow Clan relies on is actually the people! It's the cultivators!"

"These things are all very confidential, and I'm telling you this because I'm on good terms with you!"

"You can't go out and leak it!"

Heart Prisoner reminded.

"Boss, don't worry, besides, I'm in the dungeon everyday, so I don't have the chance to go out and meet other people!"

Lin Ran laughed helplessly.

"Haha, that's the best!"

Heart Prisoner laughed.

"I'm telling you, the most powerful thing in the test area isn't these puppet secret techniques and the like!"

"The most powerful thing is the cultivators!"

“Didn’t you still wonder before why there wasn’t a single person in our dungeon area whose strength exceeded the peak of the Little Perfection realm?”

“That’s because, as soon as they exceed the Little Perfection realm, all these people are taken away!”

“To this test area!”

“Taken away for what?”

Lin Ran asked busily in disbelief.

At the same time, his entire heart lifted.

This was because the answer from the Heart Prisoner would likely directly determine Song Nuan’s situation.

“Being taken away is of course refining! Let these powerful cultivators completely become our divine Shadow Clan!”

“To help us in our future conquest of the Immortal Realm!”

Heart Prisoner laughed.

Lin Ran’s entire body instantly tensed up when he heard this.

If one wanted to refine a soul body, there were only two methods!

The first one was suppression!

As the name implied, it was to use some magic weapon, or a more powerful divine sense, as well as a secret technique or something like that!

To control or suppress the opponent’s divine sense.

This is to control or suppress the opponent’s divine sense, thus achieving the goal of obeying one’s orders.

There are still some differences between divine sense control and suppression.

One is that the suppressed practitioner, whose own divine sense is in a coma, acts and so on all according to the master’s wishes.

Divine Consciousness Control, on the other hand, is more like a bewitching technique that makes the practitioner loyal to you!

The second type is absolute control!

This type of refinement and control is even more direct.

They erase the practitioner’s own consciousness and inject their own divine sense.

It replaces the other person!

Out of such a way, the person being controlled is actually, so to speak, already dead.

For she is no longer hers!

This happens mostly with the control of the physical body.

For the control of the divine consciousness, it is very difficult to use such a method!

But it is not impossible!

The seemingly simple words of the Heart Prisoner caused Lin Ran's heart to completely seize up.

After all, who knew what Song Nuan's situation was like in the Divine Shadow Clan today!

Lin Ran really didn't dare to think about it.

All the way towards the test area.

Lin Yan's mood had also changed greatly.

From the anticipation at the beginning, it gradually became apprehensive.

There was even a hint of resistance at the end.

He was a little afraid, afraid that when he really arrived at the test area.

The Song Nuan he saw was not the same as what he had imagined since.

If her divine sense had been erased and she was no longer her, then what would he do?

At this moment, Lin Ran had never felt his heart would be in such a mess.

But what was supposed to come would come after all.

With the Heart Prisoner leading the way, just two hours later, the two of them had arrived at the test area.

The test area wasn't far from the divine Shadow Clan's lair.

And there was a special spatial tunnel to travel with.

So it was very easy to discern the direction along the way.

But Lin Ran was calculating in his mind.

If he came by himself, he might need to get a promise from the Heart Prisoner.

This was because all the way over, there were people holding hands at the entrance and exit locations respectively.

In other words, if he wanted to come by himself to save Song Nuan.

Unless he could get the Heart Prisoner's authorization, these watchers would not let him pass!

These things just flashed through Lin Ran's mind.

When exactly would the plan to leave this place be initiated.

And how to act, all of this depended on this trip to the test area.

After leaving the spatial tunnel, what appeared in front of Lin Ran was a huge mansion.

It would be more appropriate to say that it was a spatial castle rather than a mansion.

This was because the entire test area was extremely huge.

And looking at the situation, it was clear that it had been formed with a castle-type magic weapon.

Countless people were busily shuttling through the castle, and no one had a word of superfluous nonsense to say!

“Follow me, don’t run around!”

Heart Prisoner warned, and immediately led Lin Ran towards the inside.

As he entered the castle, Heart Prisoner showed a jade pendant.

Only after the other party saw the jade pendant did they let the two of them walk inside.

As soon as they entered the castle, Lin Ran saw that the entire castle was filled with buildings of all sizes.

There was no way of knowing what they were for!

At this point, there was no way he could run to look at them one by one.

Following behind the heart prisoner, he just tried hard to take note of the distribution of this test area.

The two soon arrived in a smaller building.

A black-robed man inside seemed to know Heart Prisoner well, and greeted him with all sorts of pleasantries as soon as they met.

“Old Brother Heart Prisoner, who is this?”

The other party quickly noticed Lin Ran on the side.

He couldn’t help but be a little more wary.

“Ao! Old Brother Black Sky, this is my subordinate, the inspector pimp of the third district of the dungeon!”

“I brought him here to recognize the way this time, so if I’m busy in the future, I’ll let him deliver the materials!”

“Don’t worry absolutely trustworthy!”

Heart Prisoner laughed.
