

Chapter 2265– 2266 of A Dish Best Served Cold Novel

Chapter 2265

I didn't mean it.

Hearing what Lu Lao said, Han Dongmin trembled at the time, full of panic, and quickly explained. Although he didn't know the details of Lu Cangqiong very well, he could let He Lanshan come to Wrilfill to welcome him. This alone, Han Dongmin knew. , The old man in front of him must be he can't afford to exist. "Humph~" "It's not what it means, what does that mean?"

"Lu Cangqiong seemed impatient to listen to Han Dongmin's explanation. He had already heard that Han Dongmin seemed to have been helping Mark and the others, and had no intention of avenging their Lu Family. Under his gloomy brows, Lu Cangqiong looked aside. He Lanshan, who immediately angered. "Lanshan, is this your Noirfork parent official?"

Is this the good subordinate you teach?

"I think thisa*sis already crooked."

"Don't say that justice has been done for the people of Wrilfill, and now they are actually helping these lunatics and villains."

"If Wrilfill hand it over to these people, can the people of Wrilfill feel at ease?"

Can your Noirfork Provincial Government feel at ease?

Can I feel at ease in the hot summer?

"If these worms are not eradicated from the ranks, will this land of Wrilfill in the future be unstoppable?"

"Lu Cangqiong snorted sharply, and there was more sound rolling here. The words were very heavy, and a huge hat was directly buttoned on Han Dongmin. Facing Lu Cangqiong's reprimand, He Lanshan's old face was also a little unbearable. The old face flushed. Then, repeatedly apologized to Lu Cangqiong. "Old Lu, don't be angry.

"I will definitely handle this matter properly, and I will definitely give you a satisfactory explanation."

After finishing speaking, He Lanshan glared at Han Dongmin, and said angrily, "Han Dongmin, I will ask you again, are you arresting people?"

"He Sheng, you are fighting with gods, don't make it difficult for me~" Han Dongmin was almost crying, there is He Lanshan on the top, and Mark below. He can't afford to provoke him. He is caught on both sides, which is undoubtedly embarrassing. ,good very good.

“Looking at you like this, you are planning to rebel.”

He Lanshan had three good words in succession, an old face was extremely angry, and his chest was even more furious, and he sternly said: “You are not benevolent, you are unrighteous, and being a subordinate is even more disobedient.

“There is no discipline, no leadership, no organization, no discipline, no principles.”

“Now I’m even more in line with the fanatics, rebelling against their superiors.”

“

“Today, in the name of the governor of Noirfork Province, I announced that Han Dongmin will be immediately removed from all positions in Wrilfill and will not be promoted and transferred for life.”

“After tomorrow, you will move out of the Wrilfill mansion and go to the countryside to help the poor.”

He Lanshan is true. Is angry.

Originally, their Noirfork incident had already made He Lanshan extremely embarrassed in front of Lu Lao.

But now, in front of everyone, this Han Dongmin still rebelled against his orders. This is not a slap in the face in public. How could He Lanshan not be angry.

Therefore, directly with the momentum of thunder, Han Dongmin was kicked down from the high position, and he kicked it to the end.

Directly from the position of the lord of a city, directly down to the poverty alleviation in the remote countryside.

These short words undoubtedly ruined Han Dongmin’s future and future.

At that moment, Han Dongmin’s face was pale, his body trembled, and his whole body was almost lying on the ground.

There is despair in his eyes.

Chapter 2266

Once, like Mark, he was born in the countryside, his parents and even his ancestors have been farmers for generations.

In the end, relying on the frugality of his parents, he finished college and successfully entered the official career.

After so many years, he has been able to achieve what he is today from an insignificant little employee.

It is precisely because of today’s achievements that are hard to come by.

So Han Dongmin cherishes it very much.

Be meticulous about work.

It has been on the front line for the well-being of the people for decades.

He has promoted a lot of people's livelihood projects, and will improve farmers' happiness as his lifelong pursuit.

To this end, he has made many achievements and has been commended many times.

His future is even brighter than Ferguson Wu.

He asked himself that he would live up to the people, the people, and even his position.

However, Han Dongmin never imagined that the career he had worked for all his life would disappear today!

No matter how great the achievement is, no matter how much the people love, it is not as good as Lu Cangqiong's accusation and Ferguson Wu's slander.

irony.

Great irony.

His full ambitions, his life's career, are finally destroyed today.

At this time, Han Dongmin stood there blankly, looking desperate, as if he had been taken away in an instant, drew all the strength from his body.

“Haha, Han Dongmin, fight with me, you are still tender.”

Now that Han Dongmin is beaten to the end, Ferguson Wu is undoubtedly the happiest person.

At this moment, he was aside, sneering in his heart.

During this time in Wrifill, Ferguson Wu has always regarded Han Dongmin as a confidant.

Just because Han Dongmin's prestige in the hearts of Wrifill people is too great, even higher than him.

More importantly, Han Dongmin's personal ability is also above him.

Therefore, Ferguson Wu has been worried that one day his position will be replaced by Han Dongmin.

The facts are exactly the same. After Ferguson Wu was suspended, Han Dongmin immediately took over all his rights.

Now that He Lanshan has slapped Han Dongmin down, it is undoubtedly helping Ferguson Wu to save a serious worry.

After announcing the handling of Han Dongmin, He Lanshan ignored him.

Instead, he looked at Ferguson Wu and said solemnly: “Ferguson Wu, I now restore all your previous functions and powers.”

“Next, what should you do, should you know?”

Ferguson Wu was overjoyed and immediately expressed his determination and said: “He Sheng rest assured, then, leave it to me.”

“This Mark is going to the east of the Yangtze River, relying on his own power to bully men and women and do harm to the party.”

“I Wrilfill. The land has been suffering for him for a long time.”

“Even if there was no such thing as Mr. Lu, I would have wanted to deal with him a long time ago.”

“It happens to be today. I will be punished for several crimes.”

“He Sheng, Mr. Lu, just wait and see. “I will mobilize all the police forces in Wrilfill, and I will definitely bring these fanatics to justice and catch them all!” “To Wrilfill, Noirfork, and Father Lu, an explanation.”

Ferguson Wu was full of spirits, patted his chest, yes. He Lanshan and others promised.

Subsequently, Ferguson Wu issued orders to recruit all armed police brigades and teams in the Wrilfill area, with a total of nearly 1,000 people, gathered in The Twinfill to encircle Mark.

After this order was issued, the entire Wrilfill, like boiling water, exploded again.

Hundreds of police cars, with shrill screams, flowed along the streets of the city like a tide.

“Mr. Chu, now...what should I do now?” “It seems that the official will be over.”

When Ericson and others saw this, they were immediately panicked, their old faces pale.
