## Chapter 2267

“What to do?” “What else to do?” “The opponent has been bullied to the door of the house, is it possible that we still have to escape and escape?” In the Azure Dragon team, Croven Li asked back and replied coldly.

“Yes, my Azure Dragon team is not afraid of people. How can I be a deserter?” “Mr. Chu, let’s fight!” Tai Shan, one of the Azure Dragon team members, waved his huge fist and begged Mark.

Sara Ma, Denren and the other three members also walked out, looked at Mark, and called for a fight.

The Qinglong team was established by Mark.

Their current strength was also bestowed by Mark.

Now that the instructors are in danger, they naturally take the initiative to call for battle.

“War your sister, fight~” “You bastard, after learning a little bit of brute force, you are awesome, right?” “Do you know what you are talking about?” “The one standing in front of you now is the Lord of Wrifill , And the chief officials of the border.”

“They represent the country.”

“Today, if you face them head-on, you are harming Mr. Chu and your instructors.”

“It is equivalent to pushing your instructors to the opposite of the country.”

“Even if you people, you can really kill it today.”

“What about afterwards?” “If you offend the country, in the future, all of you will be sinners of the country and will be wanted by the country.”

There will be no place for you anymore!” Hearing the words of people like Qinglong, Ericson was shocked.

Shocked and angry to Croven Li and the others.

Chen Ao and others also nodded, agreeing with Ericson's words.

Apparently, they did not agree with Mark and Ferguson Wu's hard anal.

This time, it was different from the previous three thousand soldiers and horses.

Before, it was Xu Junlin's revenge.

In addition, Mark was a general, so even if Mark forced the three armies to kneel down, he didn't have much sin.

But now, He Lanshan and others personally ordered the arrest of Mark.

If Mark resisted arrest, it would undoubtedly be against the authority of the state apparatus.

The consequences could be disastrous!

However, Croven Li and the others were not afraid at all in the face of Ericson and others' persuasion.

"How about offending the country?" "What about being wanted by the whole country?"

"They want to attack the Chu instructor first, no wonder we."

"What's more, the other party is bullying to the door of the house. Why are they not afraid to offend the Chu instructor when they act like this?" "The Chu instructor is loyal to serve the country, in order to help the country train special forces. He even gave up his free time."

"Furthermore, the Azure Dragon Body Refining Jue created by Mr. Chu, as well as the method of bathing and tempering the body, will not know how much effect it will have on the country in the future."

"Such a contribution, such a feat, It's not an exaggeration to say that Mr. Chu is the hero of the summer."

"But what about them?" "Just to a hero?" Croven Li's brows were red, and he kept roaring, just because Mark felt worthless and wronged.

"Good point!" "Instructor Chu lived up to the scorching summer, it was the scorching summer that caused the instructor Chu."

"Even today, the instructor Chu made the blood flow in Wrilfill, the fault lies with them, not the instructor Chu."

“They are ruthless. First of all, why blame Mr. Chu for being unjust?” “As for the so-called national wanted, I’m afraid of a fart!” “Big deal, after today’s massacre, we and Mr. Chu will leave the summer.”

“Mr. Chu is majestic. Which country went to? Could it be that you sit on the guests.”

“The world is so big, is it possible that there is no place for me to wait for it?”

## Chapter 2268

Sara Ma and others were also filled with righteous indignation and said angrily.

These people are young and energetic, and they see that Mr. Chu, whom they respect and respect, is going to be liquidated by the state, so they are naturally angry.

Before thinking about it, how hard and dedicated Mr. Chu has been training troops for the country.

But in the end, he shed his grievances and killed the donkey, and got the fate of the current military and political siege.

Sara Ma and others naturally made injustice for Mark!

One after another persuaded Mark to fight heartily and thoroughly all the injustices in his heart.

“You...you...”

“What kind of bullshit are you talking about?!” “It’s really rebellious~” When Ericson and others heard these words of these juniors, the whole person was almost frightened.

After persuading for a long time, Ericson saw that he could not persuade the members of Qinglong at all, so he had to look at Long Baichuan in front of Mark.

“General Long, you have something to say.”

“Quickly persuade Mr. Chu, don’t do stupid things.”

“Never, be an enemy of the country~” Ericson and others nearly begged.

Of course, besides worrying about Mark’s safety, they were also thinking about themselves.

After all, once Mark became a public enemy of the country, they would also have to be labeled as accomplices.

Therefore, they naturally did not want Mark to embark on this path of no return.

In the end, under the begging of Ericson and others, Long Baichuan, who had been silent for a long time, finally raised his head, looked at Mark, and said respectfully.

“Mr. Chu, if you want to fight, then fight!” What?

“General Long, you... why are you...

?

“Ericson and the others were immediately dumbfounded when they heard the sound. Croven Li and the others were young and energetic, and it was enough to say the rebellious and unruly remarks just now. However, Ericson did not expect that even Long Baichuan would say this now. Words. Didn't he know that once Mark really moved the assassin today, would he be an enemy of the entire Yanxia? However, Long Baichuan didn't care. He looked at Mark, clasped his fists in his hands, and said low and respectful words. , Immediately sounded. “Today, no matter what choice Mr. Chu makes.

“I am a long river, and I will follow it to the death and follow my orders!”

With Long Baichuan's statement, Croven Li and others also followed suit. Qinglong and others clasped fists in both hands, and worshiped Mark together! “Mr. Chu, let's fight!”

“Regardless of future success or failure, where Mr. Chu is, this is where my Qinglong is!”

“Boom~ The sound of the sky, converging into a stream, impacted the entire world, and deeply shocked everyone here. Your Excellency HaiDollar, the Noifork folks, only felt deaf! “It's over~” “It's over!” “This time,” It's really going to be a big deal~” Ericson's face was panicked, Teacher Lei sighed in panic, Chen Ao and others were crying and desperate in their hearts. However, Mark still stood quietly under the sky. His body was straight. Standing with his hands, the whole person stood there, as if a mountain was standing horizontally. The sun was shining like water, shining on him, but it was sprinkled on him. Facing the encirclement of thousands of people, facing the persuasion of Qinglong, he had no face There is no joy or sorrow on the expression and the beautiful face. No one knows what the young man is thinking about at this time. Let alone what Mark will do in the face of the troubles of He Lanshan, Ferguson Wu and others. select?
