

## Chapter 227

Ups and downs, people's life is also constantly falling, and then get up and move on. It doesn't say who can go smoothly all his life. In this rough, we walk strong and keep growing. The flu has also passed, and more people have come home. Students, friends and relatives who haven't seen each other for a year keep getting together.

Shao Hua's classmates didn't stay in the tea vegetable city very much. They usually kept close contact with Jia SuYue. Later, because of Zhang Fan's relationship, they began to have more contacts with Wang Yanan. As others grew older, they gradually changed from familiar to unfamiliar.

This friend line of life is also a curve in stages. There are many friends in their teens, and classmates are friends. Then slowly with the development of time, in their twenties, there are only four or five good relationships, and then in their thirties, there are fewer good relationships. Family and life are oppressing, and friends are becoming more and more complex. When they are 60, they retire, and friends begin to increase slowly.

When I was young, I began to get together slowly again. In his twenties, when he is young and wandering, his experience can not reach a certain thickness. If he has a little achievement, he wants everyone to know and all his friends to cheer for him. There is nothing wrong with the mentality of ordinary people.

There were too many parties years ago, especially Shao Hua, Jia SuYue and Wang Yanan who stayed in the tea vegetable city. They were originally pretty girls in the class. Some students who had ideas and did well in other places kept calling them to go to the party.

"I'll never go again. Who is it! Don't you just work in a foreign enterprise? What's the big deal? " In the hot pot shop, Jia SuYue, Wang Yanan and Shaohua eat hot pot with Jing Shu.

Women can't eat much, but they like to eat this hot pot. It's also very comfortable to chat and rinse the hot pot at the same time, but they're a little uncomfortable today, because Jia SuYue is angry with the party these days.

Many, many students who go out to work, no matter how mixed, especially girls of the same sex, first look down on the three of them who stay in their hometown. In addition, they look good and are despised even more.

"Just don't care. Why do you have to care? Talk more when you have feelings, and nod when you don't have feelings. Why do you have to compare!" Shao Hua rinsed the dishes and gave Jingshu meat.

Because it was a party of several girls, Zhang Fan didn't go and stayed at home to eat with the old couple.

"Tell me, Wang Hongmei used to be a real person, but now, look at the way she looks up to the sky. Isn't she working in the capital? What's the big deal. My boyfriend's family bought a house of more than three million in the Third Ring Road of the capital! We plan to hold a wedding in Maldives next year. You must come! My God, I can't even listen. " Jia SuYue exaggerated to learn the expression of her classmates at that time.

"Ha ha, it's a pity that you don't become an actor. You see how much you learn!" Wang Yanan almost sprayed his drink with a smile.

"I'm so angry! Jingshu, study hard and stay in Shanghai in the future. If anyone shows off to me again, I'll say, right~ I have a sister in Hushang. The house is not big. She can usually take a bath in her own swimming pool. They are so angry! " Jia SuYue tilted his orchid finger and deliberately lit his mouth.

"Ha ha! You! "

Jingshu has a sweet mouth and can speak. Several big sisters like her very much, and looking at the face of Zhang Fan and Shaohua, they are also very good to Jingshu. Jingshu really can't get into the conversation of several working women, because she is a freshman after all.

"You said Wang Hongmei would invite us to dinner tomorrow. Are you going or not?" Jia SuYue asked.

"Go, why not? It's not good to eat for nothing!" Wang Yanan said.

"Just because you have a big heart, eat her meal and make her proud for a long time. We'll just be a foil. I don't lack her meal."

"Let's go. We haven't seen it for many years. It's a big deal to pretend we can't hear. We mainly go to meet other students." Shao Hua said.

"Tomorrow, let your family Zhang fan drive out the luxury car! Stop at the door of the restaurant. We'll sit in the car and wait for Wang Hongmei. We'll get off when she comes! See if she shows off again! "

"Ha ha, forget it. Is that necessary? If people pay us to eat, you will be half angry with them! "

"I can't stand her showing off. Who knows what she's doing in the capital. Besides, she's all classmates. Is it necessary to show off like that!" Jia SuYue was a little unconvinced because she was the center of her classmates in the past. Now, everyone has grown up and no longer focuses on the appearance, but depends on the comprehensive strength, or frankly, to see whether the other party can help themselves!

"In fact, she is still a good person. No one has a defect." Shao Hua poured drinks for everyone.

"As long as you are a good man, I think you are more and more like Zhang Fan in your family. Everyone laughs when you see him."

"That is, Shaohua doesn't like to show off. Otherwise, pulling Zhang Fan out may be able to suppress them." Wang Yanan ate meat and bones and said vaguely that Wang Yanan was very good at Zhang Fan, but it was clear that Zhang Fan was low-key. Otherwise, at his age, he could do so. If someone else had changed, he would not know his last name.

"Look what you said. How can you hold it down? Do you have a black face!" Shao Hua said.

"Pooh!" Jia SuYue laughed, but did not speak. Zhang Fan met Shaohua through her, and Zhang Fan took a fancy to her best friend at a glance, and she continues to be single because of what happened in the previous paragraph. Although there is no regret, now listening to others praise Zhang Fan is a little unspeakable taste.

The most complex thing in the world is a woman's heart. When it is simple, it is super simple, and when it is complex, it is as deep as the ocean.

It's new year's day. The visit before the new year began. This kind of visit is not like visiting relatives of ordinary people, but various units rush to give worship to some people who can use or have a lot of energy before the new year.

In two years, from a medical graduate to the current municipal hospital, Zhang Fan has energy in the eyes of some people. In the list of presidents of county-level hospitals, Zhang Fan also belongs to the people who need to send new year goods in advance and visit in advance.

Shi Lei of quark County told the director of the hospital office early that Zhang Fan's annual goods also belong to the highest level. Kang Hua's county hospital paid more attention to Zhang Fan, contacted by telephone line, and then sent the new year goods directly to his home in a business car. These are the rules, some rules in the official career. Zhang Fan, in particular, may need it that day. Anyway, he uses public expenses to make friends. Why not!
