

# Noble Husband At the Door Chapter 228

Yvonne instantly really felt exceptionally ashamed by the old woman's words. Was it due to the fact that the Sue family had come to be a first-class family members that Samuel was acknowledged as an excellent guy?

But she didn't appear to believe that Samuel really did not require her to admit it in all.

As someone that could rest by the side of Tian Changsheng, exactly how could he respect other people's viewpoints?

Halfway through the banquet, Tian Ling'er turned her ponytail and concerned the Sue household's table.

The old woman saw Tian Ling'er emergency room and quickly stood up. She did not attempt to have any ideas of relying on her standing.

"Hi, Miss Tian, I'm Sue family members ..."

Before the old lady completed her words, Tian Ling'er emergency room disturbed unceremoniously, "Who is Harvey? I listened to that there is a performance to see?"

Tian Ling'er was not a rude person. It was just that she really did not such as the Sue family members whatsoever, so she didn't take the old woman seriously.

Her desire fan was called a good-for-nothing by this family members. Exactly how could she remain in a good state of mind?

Hearing Tian Ling'er emergency room's words, the Sue family could not aid but check out Harvey.

The so-called performance was probably Harvey stooping down and barking like a pet!

Harvey gritted his teeth as well as stated, "Miss Tian, I am Harvey."

Tian Ling'er looked at Harvey with a smile on her face. She looked him up and down and also said, "It's you."

He did not expect that it was Tian Ling' er who had actually shown up. It needs to be that he had informed Tian Ling' er about this matter.

Harvey was an individual that valued his face. In such an event of upper-class people, if he knelt down and also barked like a canine, he would be a joke to the whole Cloud City tomorrow.

" Miss Tian, I was just kidding," Harvey stated.

Tian Ling' er frowned discontentedly and also stated, "You will not let me return in low spirits, will you?"

" Miss Tian, it's really simply a joke. If you don't think me, ask him ahead here and also you'll know." Harvey can just think of a way to hinder Samuel as well as allow him quit on this issue.

But considering that Samuel informed this to Tian Ling' emergency room, he never ever thought that he would allow Harvey go.

He was not a living Bodhisattva. If Samuel did not appear, will Harvey allowed him go? The solution was obvious.

" Do you need to ask? It's alright if you don't stoop down. I'll remember this, and I'll gradually settle it with you later on," said Tian Ling' er.

There were very crucial words in this sentence. Tian Ling' emergency room was talking about you. It meant that she would not only difficulty Harvey, yet also the whole Sue family.

Hearing this, the old lady's face unexpectedly sank. She despised Samuel for allowing outsiders interfere in his and Harvey's events, she did not attempt to be hated by Tian Ling' emergency room. She was the young lady of the Beautiful family members.

" Harvey, do as Miss Tian claims," Old Madam said coldly.

Harvey's face was as pale as death. Also Grandma had actually talked, it appeared that he would certainly not be able to run away today.

" Do not be hurry, don't fret." Tian Ling' er all of a sudden swung her hand, then elevated her voice and said, "Everybody, quit. Be quiet."

The reception hall was not loud in all, and also everyone was murmuring. When they heard the voice of Tian Ling' er, they all quieted down.

" There is a special performance today. I wish you can grin. Do not miss it," claimed Tian Ling' emergency room.

" Miss Tian, exactly how can you place on a show for us?"

" Yes, you are of noble condition. Just how can we have such an honor?"

" Miss Tian, why do not I do it on your behalf as well as joy everyone up?"

" I'll do it, I'll do it."

" I, I, I, Miss Tian, I'll do it."

There were fairly a couple of that were fighting to be the. They all wanted to reveal themselves before Tian Changsheng. It would be a good idea if Tian Changsheng can remember to have a shred of goodwill in the direction of them.

Tian Ling' emergency room drank her head as well as claimed, "You don't require to do that. You just need to wait and see."

Seeing that they really did not have a share, the enthusiasm of the team of thrilled individuals was immediately minimized.

They didn't know which fortunate person he was. If he could make Tian Changsheng happy, it would certainly be a great chance.

Harvey was so awkward that he felt like he had consumed half a kilogram of crap. It was all right if it was a regular efficiency, but if he stooped down and also barked like a pet, he would be poked fun at.

" Harvey, begin your efficiency. Many viewers can not wait any kind of longer." Tian Ling' er said to Harvey.

Harvey eyed the old lady. Losing face of him implied Sue family members would also lose face. He wished that the old woman can help him discover a way.

Nevertheless, the old lady did not also consider Harvey whatsoever. What was the big deal concerning losing face? It would certainly be better than making Tian Ling'er dissatisfied.

Harvey, who had surrendered to his destiny, knelt on the ground as well as barked.

After a minute of silence, the banquet hall burst into giggling.

Harvey, that was hiding his head, flushed and his eyes were ferocious.

"Samuel, it's your whole mistake. I, Harvey, swear that if I don't revenge, I'm not a guy. Just wait and see. One day, I'll make you kneel down in front of me, and also I'll make you spend for today's embarrassment 10 times over.

"You are such a good-for-nothing. When you have no worth to the Beautiful family, just how can you combat with me?"

In Harvey's eyes, the reason Samuel had the ability to establish such a relationship was because the Beautiful household intended to utilize him for something. When he was done using him, he would absolutely kick him away. That would be the moment for him to take revenge.

Ten years is not far too late for a gent to retaliate. I, Harvey, can birth it!
