## Chapter 2289

“By the way, what are your plans to leave Noirfork in the future?” “Is there anything I can help, just say.”

“With your ability, even if you leave Noirfork in the future, you don’t have to worry about breaking into a new world. Ericson, Lei Lao San and others all looked at Chen Ao.

After so many years, a few of them have fought, scolded, laughed, and have already had a deep friendship with each other.

Now that Chen Ao is about to leave, their hearts are naturally a little bit sad.

Chen Ao shook his head: “I won’t break through. I’m old and tired.”

“In the future, I will find a place to plant flowers, tease the birds, and accompany my family. That’s all in this life.”

Chen Ao smiled faintly. , That kind of appearance, like a weather-beaten old man, see through the red world, escape into the empty door.

Yes, the lesson this time was undoubtedly too heavy for Chen Ao.

The combined lessons in his life are probably not as profound as this time.

It was precisely because of this that Chen Aoxin had the idea of retiring.

“Let’s go, Nan Nan, let’s go home.”

After saying goodbye to Ericson and the others, Chen Ao was also supported by his daughter, limped and left The Twinfill.

After a long time of bowing, his legs were numb, and there was blood overflowing on his forehead. From this it can also be seen how much effort Chen Ao had just knocked his head.

In this way, under the watchful eyes of Ericson et al., Noirfork Chen Ao, who had once stunned one side, left like this.

Along with the flaming sunset on the west side, from then on, it fell on the Noirfork side.

After today, the Edensberg Chen family will eventually become history.

Once, the one who assisted Mr. Chu with them and took the charge of Noirfork Chen Ao, I was afraid it would be difficult to meet again.

In the The Twinfill, Ericson, Lei Laosan, and Wang Jiexi were sitting on the top of the restaurant, looking at the scenery of the Pinghu Lake outside, drinking glass after glass, drinking boring wine.

“I think back then, when I first met Chen Ao, I was just a street vendor on the street.”

“At that time, Chen Ao was on the Trivan Lake, chatting with a group of big men boating.”

“I swore at that time, One day, I will catch up with him and be equal to him and go boating on that Trivan Lake.”

“Ten years have passed, who would have thought that Chen Ao, the former hero, would be driven out of Wrifill. Wang Jiexi sighed with emotion.

Ericson and Lei San were also embarrassed.

“Yeah, I didn’t expect that one day Chen Ao would leave this world like a bereaved dog.”

“This world is really fickle.”

## Chapter 2290

While speaking, Ericson picked up a glass of wine and drank it all at once.

Perhaps because of drinking too much, Ericson’s cheeks turned red, and turned to look at Lei San and Wang Jiexi beside him: “Also, you two, also remember that we must be loyal to Mr. Chu at all times.”

Otherwise, Chen Ao’s end may be our future end.”

The cold wind was bitter, and the voices of these three old men floated far, far away.

On the other side, Mark and Helen Qiu had already returned to the villa in the western suburbs.

“Mark, do you really want to drive Chen Ao away?” “Perhaps, you should give him a chance.”

“After all, he didn’t mean to betray you, but to protect Nan Nan.”

It’s excusable.”

“What’s more, if you continue to be in charge of Noifork in the future, Chen Ao can also be of great use, and can help you solve problems.”
