

Chapter 2291– 2292 of A Dish Best Served Cold Novel

Chapter 2291

“Although the captain, your appearance and body is also one of the best in a hundred, but unfortunately, it is a bit late for you to meet the instructor Chu.”

“Captain, if Miss Early Autumn met with the instructor Chu in a few years, I can guarantee you, captain your charm. , Will definitely be able to take down the instructor Chu.”

“If this is the case, the current wife of the general, Empress Noirfork, is not Miss Qiu, but you Miss Ye.”

“Hahaha~” These are all going straight. Rough man, he didn’t have any scruples when he spoke. He had a drink at this time, and he started talking directly.

Denren did not speak, and the laughter of Ren Croven Li and others echoed in his ears.

However, no one saw Denren’s eyebrows, the more and more intense loss.

How did Croven Li know that Denren and Mark met many years earlier than Helen Qiu.

Denren was the one who met Mark first, and Helen Qiu was the latecomer.

But what can even be a childhood sweetheart?

After all, she missed it.

At that time, they were both young, and she obviously had countless opportunities to be favored by her brother Mark.

But it’s a pity that she herself is too snobbish and has no eyes to look down on Mark.

In the end, she lost the love of this cousin.

As a result, they are almost strangers today.

This dinner was eaten till late at night.

Afterwards, Mark arranged a room for Croven Li and the others and let them sleep.

During this period of time, the training of the Qinglong team was hard. Today, it was a holiday.

However, this is only one day.

Mark asked them to return to the military area the next day to continue training.

Perhaps, they have already achieved some success now, but this is undoubtedly far from Mark's goal.

Late at night.

Croven Li and the others are already asleep.

In the courtyard, there were still two people standing quietly.

One of them stood with his hand in hand.

Another person, this is respectful, guarding behind him.

“Dragon Lord, what happened during this period of time?” “Before, you issued the Dragon God Order, and I am also prepared in the military area, and I am waiting for your next order, but why is it so late? No news?” “I asked Mr. Han, but Mr. Han asked me to keep hiding on standby.”

In the dark night, Long Baichuan asked Mark suspiciously.

“There was indeed an accident.”

“However, it's all over.”

Mark replied lightly.

Long Baichuan nodded: “That's good. In that case, I don't know when the Dragon Lord will prepare to implement the LiaoDollar Plan.”

As the four dragon kings, Long Baichuan, who has the power to control Mark's plan, naturally knows better than Mark's plan. There are more other dragon kings.

After all, in Mark's plan, King Longchuan was also the person who needed to go to the Chu family with Mark.

“Wait a little longer.”

“After waiting for me, I will issue the Dragon God Order again.”

“However, before that, I need you to go to Japan to help me perform a task.”

Mark said suddenly. .

Long Baichuan immediately agreed: “Although the dragon lord said, I am a broken bone, and I am sure to complete the character!” Mark nodded, “Well, with this heart, it is enough.”

“However, I still have to ensure my own safety. Under the circumstances, complete this task.”

“As for the specific matters, you don’t need to know for the time being.”

“Now, go to Edensberg International Airport first, and when you arrive, contact this person.”

“After meeting with him, everything is up to you. He ordered.”
