

Chapter 2297– 2298 of A Dish Best Served Cold Novel

Chapter 2297 Desperate Lu Cangqiong

“As for your son, I have also been suspended.”

“I won’t be promoted within ten years!” “Now, are you satisfied?” “Is it content?” “Is my heart happy?” Lu He was so angry. , The violent anger, just like thunder, echoed in the whole room.

Outside the room, everyone from the Lu family stayed outside, but no one dared to approach the promised Lu family, let alone interrupt.

However, when everyone heard the words in Lu He’s mouth, the whole Lu family was undoubtedly surprised.

It was Lu Cangqiong, the old man of the Lu Family who had experienced the vicissitudes of life, and his pale old face, also at this time, trembled again.

“Ahe, you...what did you say?” “You...

You were suspended?

“How could this happen? This matter has nothing to do with you. You don’t know why they want to punish you.”

“I’ll go to Li Hongze, and I’ll go to him to ask clearly.”

“I can do whatever he wants, so Lu Cangqiong will take care of it alone, so how can he suspend your job.”

You are the pillar of our Lu family, you must not fall~” After hearing that Lu He was suspended, Lu Cangqiong finally began to panic. You know, today’s Lu family is almost entirely supported by Lu He. If he is because of this If they are affected, their Lu family will no longer have shelter on it in the future, and their prestige in the land of Gritsberg will undoubtedly be greatly reduced. In other words, if Lu He falls, their Lu family will almost be over. So, When it was Mr. Lu, he stood up and walked out, clamoring to find Li Hongze and telling them not to punish Lu He, so he should take care of himself. “Enough!

“Are you still not messy enough?”

“The country’s decision, do you think it can be changed with your old face?”

“What’s more, do you know who you are offending?”

“You made such a big mistake, do you really think that you alone can bear it?”

“Lu He was furious. This year was the year when his Lu He was promoted. As long as his position can go further, then their Lu Family’s power can be strong again by several points. But now, everything is messed up. Perhaps, this Lu He didn’t know about this, but as a son of man, Lu Cangqiong made a big mistake. How could he not bear any responsibility when he was a son? The punishment of suspension was much lighter than that of Lu Haisheng. After hearing Lu He’s words, Lu Cangqiong’s original footsteps finally stood up. “He, it’s father, yes...”

I’m sorry~” Lu Cangqiong is also ashamed. He is so aloof and apologized to his son now. “Dad, you are sorry, not only me, but the whole Lu family!

“Within three days, the above also asked our Lu family to move out of Gritsberg city, move out of this ancestral land, and settle in the wasteland of Yanjiao.

“What?” Lu He’s words, to Lu Cangqiong, seemed like a stubborn drink. Lu Cangqiong’s old face twitched, and the whole person was stunned. A pair of old eyes stared hard, almost staring out. “Move...move away from the old house, this...this...how can this be?”

“This old mansion was only given to him by the country because of Lu Cangqiong’s merits and devotion after the founding of the country, and let him live for free. For Lu Cangqiong, that is his merit and the country. Acknowledgment of his merits. But now, the above is actually asking them to move away from the place where Lu Cangqiang has lived for generations. This is tantamount to taking away all the honors of Lu Cangqiong. It also means that their Lu family will be completely Far away from the center of Gritsberg power.

Chapter 2298

Lu Cangqiong never dreamed that his impulse and impulsiveness would bring such a catastrophe and disaster to Lu He/to the Lu Family.

Lu Cangqiong didn’t even think that he looked down upon the Noifork boy who had been crushed to death with his hands, but now he became the gravedigger of their Lu family!

“I hate it~” Thinking of this, Lu Cangqiong was full of regret and sighed up to the sky.

Between the sad words, there are indeed tears.

Lu He was right. It was him that Lu Cangqiong was sorry for the Lu family, and it was also him that Lu Cangqiong ruined the future of the Lu family.

Pouch~ The heart of anger, this old man who has been in the past few years, shivered all over, but it was a mouthful of blood, directly spit out.

Under the dim light, the blush on the ground was so dazzling.

Then, there was a crash.

Lu Cangqiong also fell to the ground, not knowing whether he lived or died.

That night, Lu Cangqiong was sent to the hospital for rescue.

At the same time, the Lu family also began to pack their things, and the next day they began to move away from the Lu family ancestral land in front of them.

Even if you are unwilling, even if you are unwilling, but what?

This old house was originally allocated to the Lu family to live in. It belongs to the state and the Lu family only has the right to use it.

Now, the Lu family's behavior has angered the upper side, and naturally should pay the price for it.

At this point, the "war" between Mark and Gritsberg, the two giants, completely ended with this ending.

However, in the land of Gritsberg, not many people know this.

Related news was deliberately suppressed.

After all, the matter of Mark being canonized as a master, should not be publicized.

Even He Lanshan, Han Dongmin and others have been given a password to prohibit speaking to outsiders.

As for the people of the Lu family and the Xu family, naturally they wouldn't say anything.

This kind of scandal makes idiots publicize everywhere.

However, even so, the changes in the Lu Xu family still attracted a lot of attention in Gritsberg.

Especially the sudden move of the Lu family has aroused many people's discussions.

..... "Hey~" "Have you heard that the Lu family moved?" "Moved to the suburbs."

..... "Huh?" "Lu family, which Lu family?"

"Which one can it be? Just the Lu family, one of the four giants."

"You said, they are so good. Why did they suddenly move? It is said that they moved out overnight."

"Will you offend someone?". "Impossible, the Lu family has a lot of work, and the old man is even more respected. In the entire Vietnam, how many people can make the Lu family afraid of?" "Which big man can still be offended?" "I guess, it may be the age of the old man. I am old and like to be quiet, so I moved out of the downtown area and went to live in Yanjiao."

..... "Um, it's very possible~" Similar discussions are being staged all over Vietnam.

But everyone didn't think much about it, only that the Lu family moved voluntarily.

After all, no one thinks that someone like the Lu Family has the energy to make them bow their heads.

However, Yenching is so big, after all, some savage forces have seen some clues.

After all, during this period, not only the Lu family moved, but also the Gritsberg Xu family has undergone tremendous changes. The Xu family passed away, and the second head of the Xu family went to jail.

“Lu, the Xu family has undergone tremendous changes almost at the same time. Is this a coincidence?” “Or, these two families really provoke, what terrible person?”
