

# Chapter 2299– 2300 of A Dish Best Served Cold Novel

## Chapter 2299 the sorrowful Xu Fengliang

In the city of Gritsberg, noisy is everywhere.

Almost everywhere, there are discussions about the Lu Xu family.

However, most people are just unmarginal guesses. As for what happened between these two giants, it is estimated that only the parties will know.

At this time, the Xu family, also one of the four giants.

It was late at night, and the light in the study was still on, and a graceful figure was still sitting in the study, dealing with family affairs.

Not long after, a middle-aged man walked in anxiously. After seeing Xu Lei, the man gave a respectful greeting.

Xu Lei nodded: “Well, second uncle, are you here?” “The family of Lu Xu that I have you pay attention to, have there been changes in the past few days?” After returning from Noirfork, Xu Lei has been in management most of the time Above the various industries of the family.

However, Xu Lei has not let up the concern of the Lu Xu family.

After all, according to Xu Lei’s understanding of these two big families, his Mark brother killed their descendants, these two people will definitely not give up, there will be changes.

“Well, just as the family owner expected.”

“The Lu Xu family is indeed different these days.”

“Just last night, Lu Cangqiong, the old man of the Lu family, was admitted to the hospital due to a serious illness.”

“And, The Lu family members moved out of the Lujia Manor in the center of Gritsberg overnight, and moved to settle in the suburbs of Yanjiao.”

“Oh? The family moved? How suddenly?” Xu Lei heard the words, and she looked down at the file. , But immediately raised his head, and asked again, “Does the second uncle know what the reason is?” The man shook his head and said, “I don’t know yet. I secretly asked a few Lu family children, and they didn’t know the specific reasons. The news was intentionally blocked. It is estimated that only the core members of the Lu family will know about it.”

“However, there are some interesting news, the family chief should not listen?” Xu Fengliang said with a smile.

That smile, no matter how you look at it, is a bit gloating.

Xu Lei also suddenly became interested: “What, is there something wrong with Lu?”  
“Haha, it is.”

“As far as I know, why doesn’t Lu know what he made a mistake, and was suddenly suspended.”

The power of home in Noirfork is a huge blow.”

Xu Fengliang laughed.

Although the Lu family seems to be powerful, it is mainly supported by Lu He alone.

Now that Lu He has been suppressed by the state, this is tantamount to touching the roots of the Xu family. If Lu He is removed from his post in the future, the Lu family will undoubtedly be fearless.

For the Xu family, this is good news.

After all, although the four giants of Gritsberg seem to be superficial and friendly, they are fighting in private and fierce competition?

In the past in the competition with the Lu family, due to the strong background and power of the Lu family, it can be said that the Xu family has been suffering from sorrow, and often dared not to speak.

After all, the Lu family’s background is much heavier than the Xu family.

Xu Fengliang was naturally happy to see the Lu family deflated.

“Furthermore, Patriarch, you don’t know, not only the Lu family, but also within the Xu family, huge turmoil has occurred.”

“The old man of the Xu family, Xu Junlin, passed away yesterday.”

They were buried in the soil.” “As for the two sons of Mr. Xu, Mr. Xu Junlin, they were both punished overnight and at the same time.” “The second child, Xu Hezheng, went to jail and will be punished by a military court soon.”

## Chapter 2300 is it a coincidence?

“The boss Xu Haisheng was downgraded two levels in a row, from which he was directly relegated to the colonel.”

“The Xu family was a three-level general, and overnight, nothing was left.”

“Hahaha~” Xu Fengliang became more and more happier when he spoke. Laughed.

Among the four giants of Gritsberg, the Xu family ranked bottom.

Now that the Lu and Xu family have suffered an accident, it undoubtedly means that their Xu family is likely to be ranked further, and Xu Fengliang is naturally happy.

But when Xu Lei listened, her brows really wrinkled slightly: “You mean, the Lu Xu family suffered an accident almost at the same time?” “Yeah.”

Xu Fengliang nodded, “Although the specific reason, I don’t know. . But what is certain is that these two families provoke some extraordinary existence and anger the high level of the country. In the end, they brought disaster to their own family. Who is the one that provokes?” “Even these two giants suffered a dark loss.”

“However, what is certain is that this catastrophe, it is estimated that Mr. Chu, the two big families, are I have no thoughts and energy to deal with.”

Xu Fengliang said with a smile.

Although it has been a day since Mark was named Wushuang Grandmaster, the two places are far apart after all. Within this day, Xu Lei had not contacted Mark, so they naturally did not know what happened in Noirfork. .

The only thing they knew was that Mark killed the descendants of the rich family of Lu Xu.

The reason why Xu Lei rushed back to Gritsberg in such a hurry was to watch the Lu family and Xu family for her brother Mark. Once the Patriarch of the two families took action, he would immediately inform Mark.

However, Xu Lei and the others finally miscalculated.

Neither Lu He nor Xu Haisheng, the head of the Xu family, participated directly in this trip to Noirfork.

But Lu Cangqiong and Xu Jun came to Noirfork secretly with these people. Even if the army was mobilized, it was transferred from the Noirfork Military Region.

It was precisely because the two families acted secretly that the person Xu Lei sent out to follow was not found at all.

Therefore, now that the two families are in turmoil, Xu Fengliang does not think about Mark at all.

However, Xu Lei seemed to perceive something from it, and suddenly chuckled: "Really?" "But second uncle, don't you think all this is a coincidence?" "This Lu, the Xu family, are about to deal with me. Brother Mark was suppressed immediately."

"Is this really a coincidence?" When Xu Fengliang heard it, he was taken aback: "Patriarch, do you mean that Mr. Chu has an honorable person to help?" "I was afraid that Mr. Chu would be endangered, so the man confronted the Lu Xu family in advance. Do it?" Xu Fengliang guessed.

Xu Lei shook her head: "Perhaps, my Mark brother is this nobleman?" Xu Lei smiled inexplicably.

Xu Fengliang was indeed shocked: "You mean, it's the power of Mr. Chu. The two persecuted families bowed their heads and retreated?" "But, how is this possible?" "That's two giants with military and political backgrounds. Mr. Chu is doing great, too. But how can a common people squash these two giants?" "What's more, we have been staring these days, and we have not seen Lu He, Xu Haisheng and the others are going to Noirfork?" Hearing Xu Lei's words, Xu Fengliang did not believe it at all.

Although, he has also seen Mark's power.

But in Xu Fengliang's eyes, Mark's self-proclaimed identity and background are far from the Lu Xu family.
