Xu Fengliang felt that in front of the two wealthy families of Lu and Xu, Mr. Chu might not even have the ability to protect himself, how could he use his own power to force the two wealthy families back?

However, in the face of Xu Fengliang's doubts, Xu Lei did shake her head and chuckle.

"How can you know the power of my Mark brother?" With a smile on her pretty face, Xu Lei immediately took out her mobile phone and called Mark.

She felt that all of this was related to her brother Mark.

Although reason told her, Mark did not have the qualifications to make these two giants bow their heads.

However, in many cases, perceptual is higher than rational.

However, hearing Xu Lei's words, Xu Fengliang still remained suspicious.

Until, after the call was connected, Xu Lei asked Mark.

"Brother Mark, should the changes of the Lu Xu family be related to you?" Without extra greetings and politeness, Xu Lei did ask straightforwardly after the phone was connected.

"What happened?" Mark was curious and seemed completely unaware.

Xu Fengliang suddenly smiled when he heard this.

Sure enough, as he expected, this matter has nothing to do with Mark.

"Patriarch, I just said that you were thinking too much. Even if the Lu Xu family really offended someone, it would definitely not be Mr. Chu~" Xu Fengliang shook his head and smiled.

But Xu Lei ignored it, and continued to ask Mark.

“It’s that the Lu family moved out of the Lu family’s old house, Lu He was suspended, and Xu Haisheng from the Xu family...”

“Xu Lei told Mark briefly about the ending of Lu Xu’s family. After Mark heard it, he smiled faintly: “Really?”

“These should be Li Hongze’s handwriting.”

“Before, Li Hongze said he wanted to give me an explanation. It seems that this should be the explanation he wants to give me.

“Huh?” Xu Fengliang who was on the side was stunned when he heard this, and his eyes suddenly widened. Could it be that this incident of the Lu Xu family really has something to do with Mr. Chu? Xu Fengliang was a little scared at once, but fortunately, he had not attacked Xu Lei before, otherwise his fate would definitely not be much better than that of Lu Cangqiong and Xu Junlin.

However, Xu Fengliang’s thoughts were only expressed in his heart, and he never dared to show them.

On the bright side, he repeatedly admired Mr. Chu’s majesty and expressed his admiration and appreciation for Mark.

At the same time, Xu Fengliang also asked Xu Lei: “Patriarch, you ask Mr. Chu, what method do you use to make the Lu and Xu family bow their heads?” “In the future, if the two families provoke the Xu family again, we might be able to Learn from it?” Xu Feng asked curiously.

However, Xu Lei did not listen to Xu Fengliang’s words. After learning that her brother Mark did it, Xu Lei was delighted to say: “I knew that this matter must be Mark’s handwriting.”

Brother Mark, now that the crisis in Noirfork has been resolved, when will you come to Gritsberg and look at me?" Xu Lei acted like a baby and chatted with Mark for a while.

Then, he also hung up the phone.

Upon seeing this, Xu Fengliang hurriedly asked again: "Patriarch, can Mr. Chu say anything? What method did he use to trample down the two giants, Lu and Xu?" At first, Xu Lei ignored him.

Instead, he lowered his head and arranged the desk in front of him.

It wasn't until Xu Fengliang asked again that Xu Lei said, "Second Uncle, don't you think you asked too much?" "I..."

Xu Fengliang's old face twitched, and the whole person was stunned.

Xu Lei raised her head, but continued to look at him: "Second Uncle, I advise you, my brother Mark's details are not something you can watch?" "I know, you have been to me and brother Mark all the time. "I think Xu Lei is not worthy of being the head of the Xu family."

"I also know that you have been planning, waiting for my brother Mark's power to be destroyed by the Lu Xu family. Will attack me in the family."

"This..."

This is nothing~" Xu Fengliang suddenly panicked when he heard this, and only felt terrified in his heart. I only felt that his thoughts had been seen through by the young girl in front of him. At this moment, Xu Fengliang felt that he was even more unable to see through. I am a niece. Xu Lei smiled lightly at Xu Fengliang's explanation: "Second Uncle, you don't have to be afraid.

"Whether you have this idea or not, I don't care.

"Because, you now pose no threat to me at all.

"So, it's enough to set your own position and do your own thing."

"Some thoughts, it's better not to move."

"Xu Lei looked at her second uncle, with a delicate and pretty face with a gentle smile. However, this smile fell in Xu Fengliang's eyes, and it made people feel a little bit shy.
