

## Wonder Doctor Chapter 2301

“You! You!”

The pillow looked at the artifact spirit in front of him and his entire body trembled.

“What’s wrong?”

Lin Ran was busy asking when he saw this.

At this moment, he also saw what this artifact spirit looked like.

Although it was a soul body like Pillowside Book, it was obvious that her soul body clearly didn’t have the gaze of Pillowside Book.

This should be the difference in strength.

And on top of that, there was also a very obvious difference between the other party and the Pillow Book.

Pillow Book’s clearly looked like an adult.

But the other party was somewhat like a 16 or 17 year old child.

“She really doesn’t seem to be a bit too old!”

Lin Ran said.

“What do you mean?”

The beautiful artifact spirit was looking at the pillow-side book with a hint of confusion between her eyebrows.

“You! You have the same appearance as her in a splash!”

The pillow-side book said.

“Huh?”

Lin Ran, who was next to him, could not help but be stunned at the words and was busy looking at the other party.

He noticed that this beautiful artifact spirit was indeed beautiful looking, and because of her high and cold personality, there was also a feeling of superiority between her brows.

Could it be that the previous master looked like this when he was young? That was indeed quite good looking!

Lin Ran muttered in his heart.

The pillow beside him, however, lamented.

“Your looks haven’t changed at all from hers!”

“You two must be related, I just don’t know what kind of relationship!”

“I have a relationship with her?”

The beautiful artifact spirit was clearly even more puzzled.

“I don’t even remember the her you’re talking about! Not a single memory!”

The beautiful artifact spirit said.

“You guys just stop guessing!”

The Windy Heavenly Fate on the side suddenly spoke up.

“Regarding the reason for this, you may be able to find the answer here!”

Feng Tian Fate said and pointed to the cabinet next to him.

Only to see that the door of the cabinet was already open at this moment, revealing a very large number of ancient books inside.

And looking at the colours and the bindings, it was obvious that they all came from the same hand!

And it was obviously some years old.

“He’s right, even if we have more doubts in our minds, we still have to look at these things to perhaps unravel them!”

Lin Ran said.

“Hm!”

The pillow nodded and didn’t say anything more.

Although his heart was shocked and surprised, there were still some things that he had to look at these ancient scrolls to find out.

“Read it and tell me!”

The pillow said, seemingly a little reluctant to go straight to it!

For them, these books were actually very quick if they wanted to read them all.

All it took was a thought, and the divine sense directly enveloped the contents on them and they could naturally be seen.

Although it was very convenient, when it came to this point, the pillow books were not courageous enough to read.

Some times were like that, it could be a trick of fate!

“I’ll read it!”

Lin Ran saw that none of them had any intention of reading it, so he could only speak up himself.

The pillow book was probably a bit unprepared to know what happened back then, so he didn’t want to read it.

But the artifact spirit of this Wind Chasing Divine Bow didn't offer to read it either, which made him a little less understanding.

He couldn't understand it, so Lin Ran simply didn't bother to ask for an explanation of what happened back then.

So he stopped dawdling and quickly enveloped the entire cabinet with his divine sense.

As his divine sense enveloped him, the information on the books inside the cabinet also appeared in Lin Ran's mind at a rapid pace.

Soon, he had a very detailed understanding of what had happened back then.

And after learning about it, he realised that so many books were actually left behind by the Wind Chasing Divine Bow's artifact spirit at that time.

"Ai! It's a pity that so many diaries don't have a single signature, how can I really call it that!"

Lin Ran looked at the pillow books and said.

"Hurry up and say it!"

The pillow-side book gave him a white glance without good grace, and there was clearly some urgency in her voice.

The beautiful artifact spirit, on the other hand, was looking at him, obviously waiting for him to tell the history of the beginning as well.

"Alright!"

Lin Ran didn't bother with nonsense and sat down on his knees in place.

"Sit down and talk, it's quite long!"

All of them didn't say anything either at the sound of his words, and Feng Tian Ming consciously sat down, except for Pillow Book and the beautiful Weapon Spirit, who were still standing.

They were both artifact spirits, and there was basically no difference between sitting and standing.

"I'll use her instead for now!"

Lin Ran said.

"The content recorded in these books should have started after you left with the Immortal Emperor!"

Said Lin Ran and recounted it.

It turned out that after the Immortal Emperor had left with the pillow books back then.

The battle for the Immortal Emperor had also gradually burned into this small world.

But fortunately, but the vessel spirit owner, Qin Ling, was also the woman of the old Immortal Emperor.

She was very strong, and with the help of the Wind Chasing Divine Bow at that time, she was able to calm down the unrest within the entire Small World.

But although the small world was safe, Qin Ling was not at ease with the Immortal Emperor.

As the saying goes, if two lovebirds have a long time to live, how can they live in the same day?

Although she could not meet him, Qin Ling did not want to hide behind at this time.

She knew that the Immortal Emperor needed her at this very moment.

So she made a decision, she was going to get out of here!

But in those days, if she left, the whole family would have no one to protect her.

In the end, she had no choice but to leave the Chasing Wind divine Bow behind!

Let its hands protect the safety of her clan.

But at that time, she, the weapon spirit of the Wind Chasing Divine Bow, refused to do anything.

It was only after Qin Ling's kind words and even the severance of her relationship that she finally agreed to do so.

And here the diary was broken for a long time.

It seems that nothing much happened during this time of guarding the clan.

It waited until the third year, when the battle for the Immortal Emperor was gradually drawing to a close.

The Wind Chaser divine Bow was also expecting her master to return.

But in that very year, what she waited for was not the return of her master.

Instead, the string was broken.

The string that connected her to her master was completely broken.

What does this mean?

Either her master had abandoned her of his own accord!

Either that, or her master had died!

The news came that the old Immortal Emperor had failed miserably and his whereabouts were unknown!

This made her even more certain that her master was probably real.

But she didn't believe it, from the time she was first born, her master had taken care of her carefully, allowing her to grow to her present achievements.

But all this, it seemed, could not go back!

"I was desperate, after waiting another two years for a new Immortal Emperor to take the throne! The Immortal World was finally at peace!"

“So I’ve decided to set off!”

Lin Ran said.

“And just like that, she decided to leave home to find her master!”

“So what’s the deal with her?”

The pillow pointed at the beautiful artifact spirit on the side.

Since the previous artifact spirit had departed, the Wind Chasing Divine Bow was also without an artifact spirit.

Even after so many years had passed, it was not necessarily possible to breed a new artifact spirit.

Even if there was, it would be impossible for the strength of the Chasing Wind family today to nurture her to the current level.

The amount of things it would take to nurture an artifact spirit would be enormous!

“Don’t be in a hurry, listen to me continue!”

Lin Ran said.

It turned out that when the last artifact spirit had left, she had done something!

Because she couldn’t rest assured about the Windchaser family, she left a strand of her soul inside and chose to become the artifact spirit of this place.

As long as there is no danger to the Windchaser family within a hundred years, this spirit will fall into a deep sleep and forget all its memories.

Finally, it will be reborn as a new vessel spirit.

Although the new vessel spirit will have a brand new life, it will be a brand new person, relatively speaking!

It will only be inextricably linked to the previous owner!

### **Wonder Doctor Chapter 2302**

“No wonder, no wonder they look the same!”

Pillow Book exclaimed.

“Is there a record of what happened behind them?”

The beautiful weapon spirit suddenly asked.

Hearing this at this point obviously made him already a little curious.

“There isn’t! The people have all gone out, so where is the record of the back!”

Lin Ran lamented.

“When you’re free from the artifact spirit, you’re no different from ordinary people, birth, old age, sickness and death all happen!”

“And that hasn’t come back for years.”

Lin Ran didn’t go on.

Both the pillow book and the beautiful weapon spirit also clearly understood what he meant.

“It’s just that, I knew this would be the outcome, I’ll go back first!”

Pillowside Book said and was about to leave.

Lin Ran saw this but was busy stopping him.

“Don’t, you can’t just pat yourself on the back when you’re done with your own business!”

“Or what?”

Pillow asked rhetorically, he wasn’t in a good mood at the moment.

“I know it’s not a good mood, but the Feng family is also the descendants of Qin Ling anyways!”

“That old flame of yours is also considered the guardian of the entire Wind Clan!”

“Now that the Wind Clan is in trouble, you must not step in?”

“You kid, you’re fulfilling your own promise from before!”

Pillow said without good humour.

“Sort of! But the promise was also for you!”

Lin Ran laughed.

“That’s just it, I’ll just go for it!”

Pillow Book said helplessly, before disappearing into the spot.

“I’m leaving too!”

The beautiful artifact spirit said, also disappearing into place.

As they watched the two leave, Lin Ran and Feng Tian Fei were both a little helpless, they had gone straight back when the matter was over, this shirking of hands!

“Little friend Lin Ran, I really didn’t expect that he was actually a friend of our old ancestor!”

Feng Tianjian sighed with emotion.

It had been so long since the original incident, but I didn’t expect that I could still run into the old ancestor’s old friend now.

It was truly a blessing of creation, a blessing of creation!

“Things in this world are unpredictable, that’s how it is!”

“Alright, I’ve seen the Wind Chasing God Bow too, let’s talk about your Wind Family’s affairs!”

Lin Ran said.

“Fine!”

Feng Tianjian Urban got excited.

The Wind Family’s affairs had always been on his mind.

If it couldn’t be resolved, the Feng Family would also never have peace.

A few moments later, in the living room of the Wind Family, there weren’t many people only Feng Tian Ming as well as Feng Er Lin Ran!

The three of them sat in the living room and Feng Tianmeng described the situation.

It was similar to the memories Lin Ran had gotten from Feng Lie’s mind.

It was that in this small world, a force had risen and wanted to unify the entire small world.

The Feng Family, as the oldest power in this small world, was naturally their number one enemy.

“Little friend Lin Ran, I’m afraid this matter is not good to come out!”

Feng Tianzheng lamented.

He was well aware of the situation at hand.

Even if the Pillow Book was really strong, there might still be a deterrent when they were around!

Once they left, the other side would definitely still come sweeping in like a gale.

This was undoubtedly something that would cure the symptoms but not the root cause!

“Lin. Lin Ran, I wish to solve this problem once and for all!”

Feng’er said with some embarrassment.

At this moment, after learning the identities of Lin Ran and the others, her attitude had clearly changed as well!

“I know! Since we’re going to graver, we naturally have to resolve it for the better!”

Lin Ran said.

“What do you have in mind?”

Lin Ran got the pillow book out, it would be pointless for him to be hiding at this time.

“No ideas, there are two solutions to this matter, the first is to exterminate the other side!”

“Second, still thinking about it!”

The pillow was very direct.

“Exterminate? It’s useless too, the world is evolving, there will always be other strong people appearing!”

“You can’t just appear one and exterminate the other!”

Lin Ran said, they didn’t have that much time to wait around.

“Then let’s make a second one, envelop the area where the Feng Clan is, with a formation!”

“Make it into something like a secret realm, so that the other party can never find this place, and it will naturally be fine!”

Pillow Book said.

“Is this method difficult?”

Lin Ran asked he wasn’t stupid, the entire scope of the Feng Clan wasn’t just a city, it even included the surrounding territory.

It was a huge piece of space!

“It’s not too bad, it’s just that the materials are a little harder to find and you need to set up a very large formation!”

The Pillow Book said.

“Materials are not a problem, as long as this small world has them, I can find them all!”

Feng Tianzheng was busy saying.

“That’s fine, I’ll give you the list later and get started!”

The pillow book said as it changed and disappeared once again.

“Senior doesn’t seem to like us very much!”

Feng’er said with some embarrassment.

“Don’t worry, he’s just like that, a knife’s mouth and a tofu’s heart!”

“On top of that the weapon spirit of the Wind Chasing God Bow is still here, he won’t care!”

Lin Ran laughed.

“Alright then, we’ll just chitchat for another two days, after the formation is set up, we’re leaving!”

Lin Ran said.

“Many thanks, many thanks!”

Feng Tianjian’s eyes were filled with gratitude.

He then busied himself with arranging for someone to take Lin Ran to the courtyard he had arranged to rest in.

....

The list of materials given by the pillow book wasn't complicated, mainly because the amount was exceptionally large.

It was because the entire formation had to cover a very large area.

Therefore, the demand for materials had increased exponentially.

Luckily, the Feng family had some reserves in this small world.

It took three days to find all of them.

Lin Ran didn't ask about the rest.

With the pillow side book, he could naturally work with Feng Tian Ming to set up the formation!

Pillow Side Book left with Feng Tian Ming to go about his work.

Lin Ran finally had some time to himself.

He went to check on Qin Bing and Li, who were still in seclusion.

There was no telling when they would be finished.

And as he watched, the day of the final duel was getting closer and closer.

Lin Ran's heart was also becoming increasingly bottomless.

Once Zhen Yan and the Lord of the Alliance lost, the result would likely be a nightmare for the cultivators.

It was just that all of this was somewhat beyond Lin Ran's control.

"What's wrong?"

White Mist saw Lin Ran in a somewhat dripping mood and walked out of the scroll space.

"Nothing, just thought of something!"

Lin Ran said.

"There's been a lot going on these days, so I've made you come all the way here for nothing!"

"No, it's actually quite nice to meet these friends of yours!"

White Mist laughed.

Lin Ran understood what White Mist meant, originally he probably wanted the two of them to tour the mountains, preferably to warm up his and Lin Ran's relationship.

As a result, who knew that so many people had come out halfway.

"In another two months, it's time for me to go back!"

"I hope all is well with you in the Immortal World!"

White Mist laughed, there was actually a sense of relief in his eyes at this moment, as if he had truly let go!

“You too!”

Lin Ran laughed.

At this moment, both of them had actually let go of the entanglements in their hearts.

In particular, White Mist understood many things, that liking did not necessarily mean being together.

Both people had their own missions on their shoulders.

Plus being in a time of turmoil in the Immortal World, many things were not theirs to decide!

“Alright, tomorrow almost the formation will be set up, by then we should leave too!”

“Do you want to go straight back? Or are you staying for a while?”

Lin Ran asked as he got up.

“Just go straight back, so as not to make my father travel an extra distance!”

White Mist said.

“Hmm! I’ll see you off then!”

Lin Ran laughed.

White Mist nodded and finally asked!

“If the Immortal Emperor wins in the future, what will you do?”

**Wonder Doctor Chapter 2303**

“I haven’t thought about that yet, but I’ll definitely try to survive!”

Lin Ran laughed.

“Hmm! I know!”

White Mist nodded and didn’t say anything more.

....

It had taken nearly three days to set up the formation.

Moreover, in these three days, Lin Ran hadn’t even seen the pillow book in person.

It was obvious that the formation wasn’t as easy to set up as one might think.

After all, it was a formation that was going to completely protect the Feng family.

The things involved, and the scope of it, were also very huge!

However, when the formation was actually completed, Lin Ran was still deeply shocked by the effect of the formation in front of him.

The original Feng family's sphere of influence was completely enveloped by the entire formation!

And within the confines of this formation, there were a multitude of other formations superimposed on it!

Some were illusion formations, some were trapping formations, and some were even killing formations!

The formations were superimposed on each other, and even some top powerhouses did not dare to barge in easily.

Otherwise, even if they didn't die under the formations, they might be trapped alive in here because they couldn't get out.

And apart from these, Lin Ran didn't know what methods the pillow book had used.

He had actually caused all the buildings within the entire Feng family to be directly concealed.

In other words, standing outside the boundaries of the Wind Family, you simply could not imagine that there was another world not far away.

There is another part of the world.

To be on the safe side, after the formation was set up, Lin Ran and Pillow Book stayed at the Feng Family for another two days.

It was only after the Feng family's situation was determined to be safe that Lin Ran and Pillow-side Book opened their mouths and said they wanted to leave.

Feng Tian Ming knew that it was impossible for Lin Ran and Pillow Side Book to stay at the Feng Family for a long time.

So there was no refusal.

He only offered to hold a farewell banquet for the two.

A sort of thank you for their help to the Feng family.

Lin Ran didn't refuse when he saw this.

The farewell banquet was scheduled for that evening.

Lin Ran was also prepared to attend the banquet in the evening and leave first thing in the morning.

However, to everyone's surprise, after the banquet was over, Lin Ran and the others were on their way back to their residence.

Pillow Book, however, suddenly spoke up.

"Go to the attic again!"

"Go to the attic?"

Lin Ran was stunned at the words.

“Yes!”

The Pillow Book nodded his head.

“Good!”

Lin Ran responded without asking too many questions.

Pillowside Book clearly had his own intentions when he proposed going to the attic at this time.

However, the key to the attic only belonged to Feng Tian Ming.

Lin Ran had no choice but to run to find Feng Tian Ming again.

“To the attic? It’s so late!”

Hearing that Lin Ran and the Pillow Book were actually going to the attic so late, Feng Tian Ming was also very surprised.

However, he didn’t say much, Lin Ran and Pillowside Book were both valued guests of their Feng family, and he naturally didn’t want to offend them.

Taking advantage of the night, Lin Ran and Pillow-side Book together, along with Feng Tian Ming, went to the attic.

The attic was where the Wind Chasing God Bow was kept.

When they arrived at the place, Feng Tian Ming opened the attic.

As he knew the relationship between Lin Ran as well as Pillow-side Book and his own old ancestor.

So there was no need for him to follow in.

What if it was someone who had something important to discuss!

However, Pillow Book spoke instead.

“Come in together, the artifact spirit also has something to say to you!”

“Good!”

Feng Tianjian saw this and was busy nodding his head.

But in his heart, he was a little surprised, what did the artifact spirit want to talk to him about?

The three of them immediately arrived at the top of the pavilion.

The artifact spirit, which should have been in a state of concealment, had already surfaced at this moment looking for it.

“You are here!”

As soon as the three arrived, the artifact spirit directly emerged from the Wind Chasing Divine Bow.

“My Lord!”

Feng Tianzheng was busy bowing and saluting.

“There’s no need to call me lord, I have something I want to tell you guys!”

The beautiful artifact spirit said.

“Mhm!”

Lin Ran answered.

“I want to leave with you guys!”

The artifact spirit didn’t say any nonsense and spoke directly.

“Leave?”

Feng Tianjian froze at the words.

“That...”

Feng Tian Fate didn’t even know what to say at this point.

The Wind Chasing God Bow was their Wind Family’s greatest treasure.

It could be said that it was the symbol of their Wind Clan.

But now that the Wind Chasing Divine Bow was actually leaving, this was undoubtedly very bad news for their Wind Family.

But but in terms of strength, the Wind Chasing Divine Bow was also really too much higher than their Wind Family.

If the Wind Chasing Divine Bow really wanted to leave, it was obvious that the Wind Family would not be able to keep it!

In the past, the Wind Chasing God Bow had not said anything about this, and Feng Tian Ming had never thought about it in this regard.

But now . . . .

“Why did you suddenly propose to leave?”

Lin Ran asked.

“The outside world can be very dangerous!”

“I don’t even have memories, do you think I’m afraid of danger?”

The tool spirit looked at Lin Ran with determination in his eyes.

“I can’t help you decide this matter!”

Lin Ran said with a wave of his palm, and the pillow book emerged from the side.

“You are both artifact spirits, and you have some connections, it’s better for you to make your own decisions!”

Lin Ran said.

The current situation in the Immortal Realm was also very clear to Pillowside Book.

The weapon spirit of the Wind Chasing Divine Bow, that was an enemy to an Immortal Emperor!

Taking it out would not be an overstatement to say that it was extremely dangerous.

“Why do you want to go out?”

The Pillow Book asked the same question as Lin Ran.

“I want to go out and see, even if it’s now full of enemies from back then!”

The weapon spirit said.

“This is the past of the Wind Chasing God Bow, it has nothing to do with you!”

“You should be considered a brand new artifact spirit, it’s perfectly fine to have a brand new start!”

The pillow said.

To be honest, he didn’t want to let the artifact spirit out either.

Although the artifact spirit was a part of the previous master’s divine sense that had been manifested!

But in the end, it was also a part of the previous master.

With her around, at least the pillow could still have a memory.

If she were to run into some kind of danger out there.

If she were to run into some kind of danger out there, Pillow Book would really lose his last thought!

“I can’t have a fresh start, I’ve only been a part of her since I was stripped from her divine consciousness!”

“Even if I don’t have her memories at all!”

The instrumental spirit, however, said blandly.

“It’s useless for you to deceive yourself, at least I had an inexplicable stirring when I saw you, that’s the instinct of divine consciousness!”

The artifact spirit said.

And these words were like steel nails, thrust deep into the pillow’s heart!

“You want to leave, I have nothing to say, but what about them?”

The Pillow Book said and pointed to the Windy Heavenly Fate on the side!

“They I have thought about!”

“Windy Heavenly Fate!”

Weapon Spirit said turning his head to look at Windy Heavenly Fate who was off to the side.

“My Lord!”

There was reluctance in Feng Tian Ming’s eyes, but he knew that this time, I was afraid that he really couldn’t keep the Wind Chasing God Bow!

“You have said everything about the last master’s wish to guard the Wind Family for a hundred years!”

“Now that time has long passed, it is time for me to leave!”

“If the Wind Family is in danger in the future, you can crush the talisman! I will definitely come!”

With a wave of his palm, the weapon spirit handed a jade pendant to Feng Tian Ming!

Feng Tian Ming took the jade pendant, knowing that there was no more room for manoeuvre!

He nodded his head helplessly and respectfully replied.

“Yes!”

“Gathering and scattering has its own destiny, so you don’t need to be too obsessed!”

The weapon spirit said.

“Ever since I became conscious, I have not known where I came from or where I am going!”

“This time it’s the right time to find out who I really am! That’s why I have to leave!”

#### **Wonder Doctor Chapter 2304**

In the end, neither Lin Ran nor the pillow book said anything more.

Feng Tianzheng even nodded heavily.

The departure of the Wind Chasing Divine Bow had also become inevitable.

“Master Feng Family, look on the bright side, some times this is the choice of fate!”

On the way out of the pavilion, Feng Tian Fate looked helpless.

Lin Ran was busy speaking up to persuade.

“I know, it’s just that there’s still something in my heart that I can’t let go of!”

“Back then, during the Immortal Emperor battle, the old ancestor left!”

“I didn’t expect that after a few thousand years, now the Wind Chasing Divine Bow would also be leaving.”

“Perhaps this is fate!”

“Fate will have this day one day!”

Feng Tianjian lamented.

Lin Ran patted Feng Tian Ming's shoulder and said.

"The Feng family now has the protection of the formation, so it's not too peaceful to develop at ease!"

"Soon, the storm clouds will rise again, wouldn't it be better than nothing to get through it safely?"

"Yes!"

Feng Tianzheng nodded, what Lin Ran said was indeed true.

Instead of fighting for the world, it would be better to live a good life in a remote place.

"We'll be leaving tomorrow, so there's no need to send us off then!"

Lin Ran said this and patted Feng Tian Ming's shoulder.

Feng Tianjian nodded, but his heart was more or less suffocated.

Although the Pillow Book and the Wind Chasing God Bow were considered old friends.

And they had also helped solve the Feng family's security problem.

But in the end, it was because of their arrival that the Wind Chasing Divine Bow had left!

Feng Tianjian was still more or less helpless in this heart.

If he hadn't let Lin Ran treat his son, Feng Lie, in the first place.

Perhaps the situation would be completely different now.

"Ai! Fate! It's all fate!"

Feng Tianjian lamented helplessly.

The next morning, Lin Ran and the others left early in the morning.

There were no goodbyes.

They just went away silently.

On the void ship, Lin Ran sat cross-legged.

In front of him sat the white mist.

Pillow Book, on the other hand, was sitting not far away with the Wind Chasing Divine Bow.

The Void Ship was just floating unhurriedly in the void, its direction was clear, but its speed was not fast!

"What do you want to do after you go back this time?"

Lin Ran suddenly asked White Mist.

"Cultivate properly!"

White Mist laughed.

“You would want to cultivate too?”

Lin Ran laughed.

White Mist didn't indeed seem like the type of person who liked to cultivate.

“That was before, and this time, I've been out with you through so much!”

“You've been building up for the final showdown! Although there might not be much hope!”

“But you've worked so hard, so what reason do I have not to!”

White Mist laughed.

Lin Ran smiled at that but shook his head and laughed bitterly.

“I'm not like you, you have the capital to not work hard!”

“But I don't!”

“What do you mean?”

White Mist looked at Lin Ran, somewhat not quite understanding.

Lin Ran waved his palm, and instantly a formation enveloped him.

“I'm actually working so hard, not just to stay alive!”

“It's also to get home!”

“My hometown is not in the Immortal World!”

“Huh?”

White Mist froze at his words.

“You came up from the small world?”

White Mist busily said.

Lin Ran shook his head.

“It's not a small world, it's a world that's very far away from here!”

“Since I don't know the way home, I've also been waiting and trying to improve my strength!”

“I'm telling you this just to prepare you mentally!”

Lin Ran said with a sigh.

“You're a good girl, but I don't really know what to do instead!”

“So there are some things that it's better for you to know!”

“I understand!”

White Mist said.

“Although this news is quite shocking! But it’s kind of made me understand the meaning of proper cultivation!”

“Well enough about that!”

White Mist said, digressing from the topic.

“I’ve always had a doubt, doesn’t that Wind Chasing God Bow’s artifact spirit have a name?”

“I see you guys haven’t been calling him by his name!”

“That.... It doesn’t really seem to have one!”

Lin Ran said awkwardly.

“We haven’t asked, and she hasn’t said it either, so maybe there is!”

Lin Ran laughed.

And just as the two of them were talking, the pillow on the side actually came over with the Chasing Wind divine Bow, as if he had overheard the conversation between the two!

“What are you guys talking about?”

Pillow Book asked as he sat down.

“We’re talking about the Wind Chasing God Bow, speaking of which we don’t even seem to know your name on this matter!”

Lin Ran asked with a smile.

“I don’t have a name!”

The beautiful weapon spirit said.

“Windy Heavenly Fate has always addressed me as Lord!”

“Lord is just an honorific, you still have to have a name!”

Lin Ran laughed.

“You come up with one, so much for being a schoolmaster!”

The Pillow Book laughed.

“Scholarly bully?”

Lin Ran couldn’t help but laugh at the mention of it.

It had been years since anyone had called themselves a school bully!

It seemed that after leaving home, and all these words were getting farther and farther apart!

“Let’s just call it Ah Yu!”

Lin Ran said.

“Ah Yuyu? Nice name is nice!”

White Mist laughed.

“A Whisper? What’s the word?”

The pillow asked.

“My name that was given to me by the Immortal Emperor Chrysostom, when the Immortal Emperor recorded all his sensory insights on me!”

“Even when I was eating and sleeping, that’s why I got the name Pillow Book!”

“Do you have any say in this aphorism of yours?”

“Of course there’s a saying!”

Lin Ran laughed.

“But I can’t tell you now!”

“Why?”

Pillow Book and White Mist couldn’t help but ask.

“Right now, the Follow the Wind divine Bow doesn’t even have a master, and the names are all temporary!”

“When she finds her own master in the future, it will still depend on the name the master gives her!”

“So I’ll call this one for now too!”

“Explanation or whatever, it’s actually the same whether you say it or not!”

Lin Ran laughed.

“Master? He followed us out, isn’t the master still you!”

The pillow said.

“Right!”

White Mist was also confused.

Lin Ran smiled at his words but laughed.

“I don’t cultivate a line of bow and arrow, so it’s not appropriate for me to be her master!”

“Or of letting him find a suitable master for himself!”

Lin Ran said.

“Although you don’t cultivate the Way of the Bow and Arrow, your realm is high!”

“Cultivators of the Way of the Bow and Arrow are inherently hard to find!”

“You can simply.”

Pillow Book advised, asking the Wind Chasing God Bow to be someone else’s magic weapon, he was a hundred times unwilling to do so!

Lin Ran, however, interrupted him with a wave of his hand and laughed.

“You can’t force this kind of thing, everything has to be based on fate!”

“Although there aren’t many people who cultivate the way of the bow and arrow, there will always be!”

“The Wind Chasing Divine Bow will be far more powerful when it follows a practitioner who cultivates the Way of the Bow and Arrow than it can be in my hands!”

“Then let’s call it Whisper!”

Very softly, the Wind Chasing Divine Bow, who had remained silent at the side, spoke up.

### **Wonder Doctor Chapter 2304**

In the end, neither Lin Ran nor the pillow book said anything more.

Feng Tianzheng even nodded heavily.

The departure of the Wind Chasing Divine Bow had also become inevitable.

“Master Feng Family, look on the bright side, some times this is the choice of fate!”

On the way out of the pavilion, Feng Tian Fate looked helpless.

Lin Ran was busy speaking up to persuade.

“I know, it’s just that there’s still something in my heart that I can’t let go of!”

“Back then, during the Immortal Emperor battle, the old ancestor left!”

“I didn’t expect that after a few thousand years, now the Wind Chasing Divine Bow would also be leaving.”

“Perhaps this is fate!”

“Fate will have this day one day!”

Feng Tianjian lamented.

Lin Ran patted Feng Tian Ming’s shoulder and said.

“The Feng family now has the protection of the formation, so it’s not too peaceful to develop at ease!”

“Soon, the storm clouds will rise again, wouldn’t it be better than nothing to get through it safely?”

“Yes!”

Feng Tianzheng nodded, what Lin Ran said was indeed true.

Instead of fighting for the world, it would be better to live a good life in a remote place.

“We’ll be leaving tomorrow, so there’s no need to send us off then!”

Lin Ran said this and patted Feng Tian Ming’s shoulder.

Feng Tianjian nodded, but his heart was more or less suffocated.

Although the Pillow Book and the Wind Chasing God Bow were considered old friends.

And they had also helped solve the Feng family’s security problem.

But in the end, it was because of their arrival that the Wind Chasing Divine Bow had left!

Feng Tianjian was still more or less helpless in this heart.

If he hadn’t let Lin Ran treat his son, Feng Lie, in the first place.

Perhaps the situation would be completely different now.

“Ai! Fate! It’s all fate!”

Feng Tianjian lamented helplessly.

The next morning, Lin Ran and the others left early in the morning.

There were no goodbyes.

They just went away silently.

On the void ship, Lin Ran sat cross-legged.

In front of him sat the white mist.

Pillow Book, on the other hand, was sitting not far away with the Wind Chasing Divine Bow.

The Void Ship was just floating unhurriedly in the void, its direction was clear, but its speed was not fast!

“What do you want to do after you go back this time?”

Lin Ran suddenly asked White Mist.

“Cultivate properly!”

White Mist laughed.

“You would want to cultivate too?”

Lin Ran laughed.

White Mist didn’t indeed seem like the type of person who liked to cultivate.

“That was before, and this time, I’ve been out with you through so much!”

“You’ve been building up for the final showdown! Although there might not be much hope!”

“But you’ve worked so hard, so what reason do I have not to!”

White Mist laughed.

Lin Ran smiled at that but shook his head and laughed bitterly.

“I’m not like you, you have the capital to not work hard!”

“But I don’t!”

“What do you mean?”

White Mist looked at Lin Ran, somewhat not quite understanding.

Lin Ran waved his palm, and instantly a formation enveloped him.

“I’m actually working so hard, not just to stay alive!”

“It’s also to get home!”

“My hometown is not in the Immortal World!”

“Huh?”

White Mist froze at his words.

“You came up from the small world?”

White Mist busily said.

Lin Ran shook his head.

“It’s not a small world, it’s a world that’s very far away from here!”

“Since I don’t know the way home, I’ve also been waiting and trying to improve my strength!”

“I’m telling you this just to prepare you mentally!”

Lin Ran said with a sigh.

“You’re a good girl, but I don’t really know what to do instead!”

“So there are some things that it’s better for you to know!”

“I understand!”

White Mist said.

“Although this news is quite shocking! But it’s kind of made me understand the meaning of proper cultivation!”

“Well enough about that!”

White Mist said, digressing from the topic.

“I’ve always had a doubt, doesn’t that Wind Chasing God Bow’s artifact spirit have a name?”

“I see you guys haven’t been calling him by his name!”

“That.... It doesn’t really seem to have one!”

Lin Ran said awkwardly.

“We haven’t asked, and she hasn’t said it either, so maybe there is!”

Lin Ran laughed.

And just as the two of them were talking, the pillow on the side actually came over with the Chasing Wind divine Bow, as if he had overheard the conversation between the two!

“What are you guys talking about?”

Pillow Book asked as he sat down.

“We’re talking about the Wind Chasing God Bow, speaking of which we don’t even seem to know your name on this matter!”

Lin Ran asked with a smile.

“I don’t have a name!”

The beautiful weapon spirit said.

“Windy Heavenly Fate has always addressed me as Lord!”

“Lord is just an honorific, you still have to have a name!”

Lin Ran laughed.

“You come up with one, so much for being a schoolmaster!”

The Pillow Book laughed.

“Scholarly bully?”

Lin Ran couldn’t help but laugh at the mention of it.

It had been years since anyone had called themselves a school bully!

It seemed that after leaving home, and all these words were getting farther and farther apart!

“Let’s just call it Ah Yu!”

Lin Ran said.

“Ah Yuyu? Nice name is nice!”

White Mist laughed.

“A Whisper? What’s the word?”

The pillow asked.

“My name that was given to me by the Immortal Emperor Chrysostom, when the Immortal Emperor recorded all his sensory insights on me!”

“Even when I was eating and sleeping, that’s why I got the name Pillow Book!”

“Do you have any say in this aphorism of yours?”

“Of course there’s a saying!”

Lin Ran laughed.

“But I can’t tell you now!”

“Why?”

Pillow Book and White Mist couldn’t help but ask.

“Right now, the Follow the Wind divine Bow doesn’t even have a master, and the names are all temporary!”

“When she finds her own master in the future, it will still depend on the name the master gives her!”

“So I’ll call this one for now too!”

“Explanation or whatever, it’s actually the same whether you say it or not!”

Lin Ran laughed.

“Master? He followed us out, isn’t the master still you!”

The pillow said.

“Right!”

White Mist was also confused.

Lin Ran smiled at his words but laughed.

“I don’t cultivate a line of bow and arrow, so it’s not appropriate for me to be her master!”

“Or of letting him find a suitable master for himself!”

Lin Ran said.

“Although you don’t cultivate the Way of the Bow and Arrow, your realm is high!”

“Cultivators of the Way of the Bow and Arrow are inherently hard to find!”

“You can simply.”

Pillow Book advised, asking the Wind Chasing God Bow to be someone else’s magic weapon, he was a hundred times unwilling to do so!

“Then let’s call it Whisper!”

Very softly, the Wind Chasing Divine Bow, who had remained silent at the side, spoke up.

Seeing this, both Pillow Book and White Mist did not say anything more either.

Even the Wind Chasing God Bow himself had agreed, so what else could they say!

“Alright then, let’s call you A-Yu from now on!”

“There’s not much time left, let’s drink!”

“It’s a sort of early send-off for White Mist!”

Lin Ran greeted with a smile.

At the same time, with a wave of his palm, all sorts of wine and food instantly appeared on the bar in front of him!

“Come on!”

Lin Ran greeted with a smile.

All of them were not polite either, and immediately chatted about the sky and the sea while eating and drinking.

Seeing this, both Pillow Book and White Mist did not say anything more either.

### **Wonder Doctor Chapter 2305**

The time to be together is always short.

And the time to part is always silent.

The void ship drifted in the emptiness for three months.

By the time Bai Qian came looking for it, there were but the last two months left before the final showdown.

Although when they parted before, Bai Qian had said quite well.

He would come over six months in advance, but with Lin Ran all but sending the white mist back!

He still arrived several months late.

But Lin Ran didn't say anything.

The time with White Mist was still relaxing and easy at least.

Especially after she figured it out.

"Gentlemen, I'm off then, mention that I send my regards to Qin Bingli!"

White Mist laughed.

"Mm, I'll be sure to bring it!"

Lin Ran laughed.

"Little friend Lin Ran, then we will leave, when we meet again in the future, it might be the time to fight the enemy together!"

Bai Qian laughed.

"I look forward to fighting the enemy together with senior Bai!"

Lin Ran laughed.

"Goodbye!"

Bai Qian didn't say any nonsense, and with a wave of his hand, the two of them instantly disappeared from the area.

Turning into a stream of light they rushed out towards the distance!

"Let's go too!"

When the white light had completely disappeared!

Only then did Lin Ran open his mouth to greet them.

"Mhmm!"

The Pillow Book responded, and immediately the Void Ship was also released.

Without any nonsense, Lin Ran directly leapt onto the Void Ship and rushed off in the direction of the Immortal Realm.

From here to the Immortal Realm, at full speed, at most half a month would be enough time!

And there was still a month left, so there was plenty of time.

“Is this duel you guys are talking about a big impact!”

Whisper couldn't help but ask from the void ship.

“Didn't the pillow book tell you?”

Lin Ran asked with a smile.

During this period of time, basically, Pillow Scribe was with A Yuyu.

A lot of things had been introduced to her by Pillow Book too!

“It was said, but I still don't quite understand!”

Whisper said.

“So!”

Lin Ran smiled at that and said.

“These things, they've been involved for years, and the grudges and entanglements involved are too complicated!”

“It's only after all these years that I've probably understood them clearly!”

“There's no need to rush some things, when you get to the Immortal World, you'll always understand it when you look at it slowly!”

“Instead of having others tell him what you heard, it's more straightforward to experience it yourself!”

Lin Ran laughed.

“Hm!”

Ayu nodded not saying anything more.

The Pillow Book had indeed told him a lot, it was just that there were too many things and too complicated, so she did have some trouble remembering them!

The journey back to the Immortal World was boring.

At the end of the day, Lin Ran also started to go into seclusion!

He sorted out the points he could still improve on!

Nowadays, his strength was stuck at the Great Perfection realm.

It was only one step away from the Immortal Realm.

But this one step away was the reason why he was so slow to break through!

Lin Ran was also clear that such things could not be remembered.

It could only depend on chance.

Some people might have an epiphany overnight and take that step straight away.

And some might not be able to break through for a long time, stuck here forever!

These are things that can't be helped!

"Strength aside, all that's left to improve seems to be that strange poison!"

Lin Ran said.

This poison was very peculiar, and Lin Ran wasn't sure that he could completely cure it.

So he didn't take it for a while!

And apart from this strange poison.

The rest of the things that messed him up were a little too big.

All these years of wandering around, there were simply a surprising number of items on him!

A lot of things might have been so dusty that he didn't have time to bother with them!

It was just as well that he had nothing to do during this half month.

While he cultivated, he sorted through all these things!

This time, he found that there were some things that surprised him.

"The Stairway to Heaven!"

Looking at the palm-sized ladder in his palm, Lin Ran not only remembered the past!

He clearly remembered a scene from inside this Heaven Ascending Ladder.

It was just that these scenes gave Lin Ran a feeling more like they were meant to express something!

It didn't seem like anything in here was real at all!

"I wonder what the Immortal Emperor was trying to express, and whether the figure inside there was an Immortal Emperor or not?"

Lin Ran was puzzled in his heart.

It was just that he didn't want to go back to this stairway to heaven!

Because the person inside who was ringed with a dao seed was clearly none other than his ancestor, the Nine Heavenly Mystic!

Every time he went in, it would cause his heart to be in turmoil!

Time passed day by day, and half a month flew by!

And just as Lin Ran and the others were about to arrive at the Immortal Realm.

Li and Qin Bing, who had been silent for a long time, finally came out from their retreat.

And their emergence from seclusion also brought two very good pieces of news!

That is, Li had completely broken through to the Immortal Realm, but her strength was not yet stable.

Xu took some time to stabilise his strength!

Apart from him, there was Qin Bing.

Qin Bing's strength was already in the Immortal Realm.

And after this time, her strength had even reached the quasi-immortal emperor level.

It was only one Immortal Emperor's throne away from Immortal Emperor Fulong.

It was clear that she had reached the level of the Lord of the Alliance as well as Zhen Yan.

In the past, when she was in the Immortal Realm, Qin Bing had been able to fight Zhen Yan for several rounds.

And this time, he had reached the same level as Zhen Yan.

Obviously the combat power had soared even more!

And these two pieces of news were obviously very good news before the great battle!

With Qin Bing and Li, this side of the Anti-Alliance had also seen a significant increase in strength from before!

But think of the comparison.

The strength of the personnel on the Immortal Emperor's side wasn't too bad either!

Especially the Immortal Emperor himself, because of his position as Immortal Emperor, his strength could be said to be overwhelming!

To defeat him would obviously be very difficult!

Not to mention the fact that there was also the Divine Shadow Clan, an outside force that was eyeing him!

The void ship hurried back towards the Immortal Realm!

And at that moment in the Immortal Realm, almost everyone in the world was rushing towards one place!

That place was located at the border of the Immortal Realm and the Anti-Alliance!

That huge ring!

Everyone in the Immortal Realm knew that in this place, it would be decided who the future master of the entire Immortal Realm would be!

And the matter of the Divine Shadow Clan, as the Immortal Emperor made it known.

It was also known to everyone!

The people of the whole Immortal Realm were hoping for a great leader.

To lead them to victory over the Divine Shadow Clan and bring peace to the Immortal World!

And against this general backdrop, some discordant voices began to emerge throughout the Immortal Realm.

Many people who were in the Immortal Realm camp began to accuse the Anti-Alliance in droves!

Saying that the battle for the Immortal Emperor had passed for so long, why couldn't they just give up their grudges and all join together to support the new Immortal Emperor?

After all, it was the survival of the entire Immortal Realm that mattered!

Others said that those who opposed the alliance were the lackeys of the Divine Shadow Clan and so on!

Likewise, the people of the Anti-Alliance naturally did not sit idly by.

Naturally, they fought back!

They said that back then, during the Immortal Emperor's War, Fu Long had colluded with the Divine Shadow Clan, and that expecting him to bring peace to the Immortal World was simply a fool's dream!

People from both camps could hardly persuade anyone to do anything!

So this great battle was basically just inevitable.

Lin Ran didn't know this, because when he rushed back to the Immortal Realm, almost the entire Immortal Realm had already gathered at the intersection of the Anti-Alliance and the Immortal Realm!

There wasn't even anyone inside the Anti-Union!

In the end, he had no choice but to move and rush to the place where the two met, preparing to meet up with Su Rou and the others there!

### **Wonder Doctor Chapter 2306**

The border between the Immortal Realm and the Beast King's Domain used to be very desolate!

Most of the people living here were some beastmen.

When Lin Ran had first come out of the Beast King Domain, he had come here before.

It was also here that he had offended the Gu family.

But that was all many years ago.

If he were to come here again at this time, not to mention the Gu Family.

It might not even be possible to find the city where the original Gu Family was located.

It could not be helped that with the determination of the place where the Immortal Emperor and the Lord of the Alliance and Zhen Yan had fought, this place located at the border of the Immortal Realm and the Beast King Domain.

It had also become prosperous from the start.

The wasteland was reclaimed and a city rose from the ground.

Nowadays, the prosperity of this border area was not even inferior to that of Immortal Emperor City.

And because of the approaching war, countless cultivators were flocking to the city at this time.

The city had begun to restrict entry because of the sheer number of people.

Forced to many cultivators, they could only find a place to settle outside the city.

But even so, there were still quite a few cultivators who were still frantically pouring in towards the place of engagement.

And compared to the cultivators watching, those in the clear camp were obviously treated a little better.

Whether they were from the Immortal Emperor side or the Anti-Alliance side.

In the place of engagement, they all had separate residences.

These had also been arranged in advance.

King City! It was a town that had just been built in the Land of Junction.

It is also the largest town in the Land of Junction at the moment.

Because the great battle would soon be held in the ring not far outside the King City!

So King City had also become a place where many cultivators wanted to come.

Inside King City, a tavern was doing very brisk business!

The people who came here every day were all rich and famous.

And the rich people could only stay on the ground floor, none of those who really had the strength to go up to the upper floors were truly powerful people!

“Miss Luo, how many people are there today!”

At the stairway on the third floor, the tavern’s junior asked busily.

“Still don’t know for now, give me the biggest private room!”

Luo Qiqi said blandly.

“Okay Miss Luo!”

The second-ranker busily responded.

With a whirl, he took Luo Qiqi up to the fourth floor.

The entire tavern only had four floors in total!

But what Luo Qiqi didn’t know was that not long after she had gone upstairs.

Around the corner, a black shadow man left the place.

Obviously, he had gone to give the news.

In the private room, Luo Qiqi had just taken her seat when a figure emerged directly.

He had a handsome face, if not Lin Ran or someone else!

“So soon!”

Seeing Lin Ran, Luo Qiqi was clearly taken aback.

“Came all the way here, not bad! Where are the others!”

Lin Ran asked with a smile.

“They’re all in the stronghold, there are so many people in the entire King City right now, I don’t know how many people are staring at us!”

Luo Qiqi laughed.

“Then you asked me to come here?”

Lin Ran was a little speechless.

He had made contact with Luo Qiqi when he was about to arrive here.

She was also the one who had asked himself to come here directly.

It turned out that he didn’t expect anyone else to come.

“You’ve come back so easily, so naturally you have to celebrate and come here to buy some things!”

Luo Qiqi laughed.

“Celebrate? Not so much!”

Lin Ran laughed.

“So not so much, it was Wang Yifeng who brought it up!”

Luo Qiqi laughed.

“He said it’s been so many years since he’s been in his hometown, he can’t forget all about the hometown festival!”

“According to his projection, the last two days should be the New Year’s Eve back home!”

“I think he probably just has a craving for it!”

Lin Ran laughed.

“I think so too, all right things should almost be ready, let’s go!”

Luo Qiqi said with a smile.

Lin Ran nodded, and immediately left the place with Luo Qiqi.

When they got outside, Luo Qiqi had just gotten her things, and just as they were about to leave.

Suddenly, there was actually a commotion from outside!

At the same time, a loud shout then came in from outside.

“Greetings to the Immortal King!”

“Greetings to the Immortal King!”

“Immortal King?”

Lin Ran frowned slightly as he heard this, not expecting to come across an Immortal King here.

Luo Qiqi, however, had a bland face, as if she didn’t care at all!

“You’re not afraid of a fight?”

Lin Ran asked busily.

To be honest, they were on different sides to the Immortal King!

“There won’t be a fight, don’t worry! He doesn’t dare to make a move!”

Luo Qiqi said.

“O? Why?”

Lin Ran was not only curious.

The Immortal Emperor hadn’t sent many people after himself before.

Back when Lin Ran’s other doppelganger was still in the Divine Shadow Clan.

This doppelganger had once roamed throughout the Immortal Realm and killed many of the Immortal Emperor’s people!

For this reason, the Immortal Emperors had also sent many people after him!

In the end, Lin Ran was really tired, which was why he returned to the Little World of Payload.

At a later time, it was Bai Qian who came looking for him.

“A great war is about to start, and the Immortal Emperor is still expecting to tap people from the Anti-Union’s side to help him!”

“Right now he doesn’t dare to make a move against the people from the Anti-Alliance!”

“The other cultivators won’t agree either!”

“If the Immortal Emperor were to start a war against the Anti-Union at this time, it would undoubtedly cause public anger!”

Luo Qiqi said.

Lin Ran was suddenly dumbfounded at his words.

At this juncture, almost the entire Immortal Realm was working towards a showdown with the Divine Shadow Clan.

Even for the cultivators on both sides, many of them had just discarded their former grudges and cooperated.

If, at this time, the Immortal Emperor had to target the Anti-Alliance!

It would undoubtedly result in the loss of many cultivators.

Naturally, it would also cause public anger!

“Forget it, let’s just go back!”

Lin Ran said.

With the Immortal Emperor’s people, he was really not much interested.

The two sides weren’t on the same side in the first place.

With the addition of the pillow book, Lin Ran was not destined to walk with the Immortal Emperor!

“Hm!”

Luo Qiqi nodded, and in a whirl the two of them were about to leave through the side guys.

However, just then, suddenly the crowd in front of them actually parted a path!

Then Immortal King Fu Gu actually walked out from inside.

“You two, are you leaving without saying hello?”

Immortal King Fugu looked at the two of them with a bland smile on his face.

Those who didn’t know might have thought that they were friends!

But most of the parties involved knew that they had all been antagonists before!

“What’s there to say to you?”

Lin Ran laughed blandly.

“Haha!”

Fu Gu laughed too.

“Brother Lin Ran, although we had some problems before!”

“But when this great enemy is at hand, we still have to put aside our past grudges and work together for the Immortal Realm!”

“It’s naturally fine to contribute to the Immortal Realm!”

Lin Ran laughed.

“But doing something for someone, that’s not possible!”

“What little friend Lin Ran said, when a great enemy is at hand, naturally a leader is needed!”

“And this leader is naturally representing the Immortal World!”

“So, whether it’s for the Immortal World or for this leader, it’s all the same!”

Fu Gu laughed.

Lin Ran also laughed at his words.

“Indeed, but this leader, surely, can’t be you guys!”

“That’s not really possible!”

Fu Long said, a bashful smile tackling the corners of his mouth.

Although the exchange between the two seemed normal, the smell of gunpowder hidden within was as thick as it could be!

The battle between the Immortal Emperor and Zhen Yan and the Lord of the Alliance was indeed a battle that would determine the direction of the Positive Immortal Realm!

This battle is really too important!

### **Wonder Doctor Chapter 2307**

Lin Ran and Su Rou left soon afterwards.

Fu Gu also really didn’t say much and didn’t mean to make things difficult for them.

But the more this happened, the more Lin Ran felt uneasy instead.

The grudge between the Immortal Emperor and him had long been a matter of common knowledge.

From the time Lin Ran had set fire to the Thousand Machine Tower, the conflict between the two had been destined to be irreconcilable.

But now, as the Immortal Emperor’s son, Immortal King Fu Gu had not even made a move against him.

This could only mean one thing.

That was that Fu Gu and Fu Long must have found them useful.

And would be of use to themselves.

“You see it that way?”

On the way back, Su Rou asked indifferently.

“I have a bad feeling, what do you think we’ll do if Uncle Zhen Yan and the Lord of the Alliance really lose?”

Lin Ran said.

Su Rou didn’t answer, instead she looked at Lin Ran meaningfully and just watched!

Lin Ran didn't say anything else either, he could feel that Su Rou must have wanted to say something!

But it should be because of some reason, she still didn't open her mouth.

Lin Ran didn't say anything more either.

He could vaguely guess.

And this issue was also a very tricky one.

He didn't want to face it for the time being!

....

The stronghold where Zhen Yan and the others were once put was not far from the dueling ring.

It was said to be a stronghold, but it was actually a huge spatial artifact.

After all, this time's great duel could be said to have touched the hearts of tens of thousands of people.

So many people from their own side would be coming.

How could a town hold so many people.

No matter if it was Zhen Yan a release, even the Immortal Emperor a flip was basically the way to solve the problem of too many people!

"Come on! You're back so early, we thought we were going to be out in the sweetness for a while!"

Just after returning to the stronghold, a familiar voice came over.

Lin Ran looked up and saw who it was if it wasn't Wang Yifeng!

"You damn fatty, still no sense of decency!"

Lin Ran laughed helplessly.

"Hey! You're saying that, can I not behave properly? I'm going to be a father soon!"

Wang Yifeng laughed.

"What? Becoming a father?"

Lin Ran was stunned at his words and was busy turning his head to look, only to find that a plate of Xiao Cui was actually holding a big belly.

"Holy shit fatty, this speed of yours is too."

Lin Ran didn't finish a sentence, but actually found himself at a loss for words.

You say he's fast, right, it's been so many years since this Dao had reached the Immortal World.

But who's to say he's slow, when he's only been gone for a few years!

The child was actually pregnant.

“One Life said that he wanted to leave a descendant to the Wang family!”

Xiao Cui whispered.

These words instantly made the atmosphere, which was still quite excited, instantly become depressing.

“Alright, alright, why talk about this everyone is inside, let’s go in!”

Wang Yifei was busy speaking and laughing.

Lin Ran, however, revealed a bitter smile.

It seemed that there were some things that couldn’t be left unsaid today!

....

In a courtyard!

Wang Yiming, Cold War, Old Cat, Ah War!

Luo Qiqi, Su Rou, Qin Bing, Ling Sa Long Ya, and even Yu Chang, and so on, all of them were Lin Ran and the rest of them from Earth!

Even this time, even Li was not at the gathering!

It was a rare occasion for all of them who had come from Earth to finally gather together.

But looking at these people, Lin Ran’s eyes were red.

If Song Nuan was here at this moment, perhaps it would be a real happy reunion!

But now....

“Alright, it’s not easy to get together for once, let’s have a drink first!”

Wang Yifeng opened his mouth and laughed.

The crowd didn’t refuse, and one by one, they raised their glasses and drank.

Only at this moment, everyone seemed to have something on their mind.

After the wine had been consumed, no one was talking.

Lin Ran couldn’t help but laugh when he saw this.

“What is everyone doing here?”

“In such a bad mood?”

However, in the face of Lin Ran’s opening, the crowd was similarly all without the intention to speak.

Lin Ran saw this and looked at Wang Yifeng who was at the side.

“Fatty, you say! What’s going on?”

“Ranzi, I....”

Wang Yifeng didn't know how to speak for a while.

"Speak!"

Lin Ran's voice suddenly went cold.

This cold shout even startled all the people present.

Don't look at the people present, some of them were even more powerful than Lin Ran!

But in this group of people, Lin Ran was the true default leader.

At this moment, when he opened his mouth, everyone's hearts lifted as well.

"Ranzi, don't be upset if I say it!"

Wang Yifeng finally did speak up.

"Two days ago, I went to buy a piece of information!"

"It says that the Divine Shadow Clan will return to the Immortal Realm in a year's time at most!"

"And this final showdown will directly affect the future of the Immortal Realm!"

"We consider ourselves to have always belonged to the Anti-Alliance!"

"But do you think that Zhen Yan and the Lord of the Alliance can win?"

"What do you mean?"

Lin Ran looked at Wang Yifeng and said.

"Ranzi, you should know very well what I mean!"

Wang Yifei's gaze also looked at Lin Ran.

"With my strength, what effect does it have on me who wins or loses this great battle?"

"When the day the Divine Shadow Clan descends, I'll still be a cannon fodder after all!"

"But I can't die, our Wang family is still counting on me to carry on the lineage!"

"There are plenty of people with the Wang surname under the sky!"

"That's not the same!"

Wang Yifeng directly interrupted Lin Ran's words!

"My father is gone, and his greatest wish before he died was to see me leave a descendant to the Wang family!"

Wang Yifeng said as he fished out a scroll from his arms!

"This is what my father left me before he left!"

"He was going to use it, but he didn't last until that day!"

“There’s still a year to go before the Divine Shadow Clan returns to the Immortal Realm!”

“In this year I will find a way to gather enough of the materials needed!”

“Send it back with Xiao Cui!”

“I’m sorry!”

Wang Yifeng said and lowered his head.

Lin Ran swept a glance at the scroll in his hand!

In an instant, he understood everything.

It was a directional teleportation scroll!

It was a smudge of the same scroll as the one Wang Kun had used to leave from Earth back then.

It could directly teleport the user from the Immortal Realm back to Earth!

But because it was a directional teleportation scroll, there was a limit to the number of people that could be teleported at once!

Wang Yifeng didn’t invite them, so I’m afraid that two or three people would be the limit!

Moreover, this kind of directional teleportation scroll could not even be carried by a spatial storage device!

That’s why he had said such words!

“Fatty!”

Luo Qiqi and the others also looked at Wang Yifeng, obviously not expecting him to say such a thing!

Lin Ran would actually be looking for a way to go back for a while.

But because there were no coordinates of Earth’s location!

They simply couldn’t go back!

And now the Immortal World War was about to begin!

If they didn’t find a way to leave, it was likely that everyone present would be swept away!

“Ranzi, I know it’s not right of me to do this, but I really can’t help it!”

“Please understand!”

Wang Yifeng said and his eyes turned red.

“Understand? Do you fucking understand the boss!”

Next to him, Ah Zhan was a grumpy man and couldn’t help himself when he heard that.

“Back then, the boss burned the Thousand Machine Tower in fire just to get to your father!”

“Now well, you have a way to leave and you’re leaving Boss here?”

“Will the Immortal Emperor spare Boss when he gets hold of the entire Immortal Realm?”

“Exactly! You fucking fatty, how could I have never expected you to be such a person!”

Old Cat couldn’t help but stand out and curse too!

“All right!”

Lin Ran suddenly spoke up and scolded.

### **Wonder Doctor Chapter 2308**

“King One Life made the right decision too! We were meant to get out of here!”

“It’s just that the way things are at the moment, there’s no way for us to leave!”

“We should feel happy for him that he can leave!”

Lin Ran said.

“You, Ranzi!”

There was excitement in Wang Yifeng’s eyes.

“You can go now!”

Lin Ran looked at Wang Yifei and said indifferently without a single unnecessary word!

“Ranzi!”

“Go!”

Wang Yifei had just opened his mouth, but Lin Ran chided him directly.

“I’m sorry!”

Wang Yifeng didn’t say anything more, turned around and pulled Xiao Cui and left.

“Boss, you’re just going to let him go?”

Ah Zhan said with great displeasure.

“What else can we do if we don’t leave, now that he can go back, at least we won’t all be wiped out here!”

Lin Ran said.

“But boss!”

Ah Zhan was about to say something else, but Leng Zhan stopped him!

“From the moment we decided to follow the boss, haven’t we already left life and death in his hands!”

“We don’t need to question what decisions the boss makes!”

Leng Xuan said blandly.

“We just feel bad for the Boss, he has taken Wang Yi’s life as his life and death brother!”

Old Cat said.

Leng Chop, however, laughed.

“It’s really because he treats Wang Yifeng as his life and death brother! That’s why he won’t stop him!”

“If it were me would you guys stop me?”

Old Cat and Ah Zhan were both silent.

On the side, Lin Ran took his place, while taking out a piece of cloth!

This quick cloth was one he had brought over from Earth.

Inside it was wrapped a packet of cigarettes!

“Want one?”

Lin Ran took one for himself and handed it to the three people next to him, Leng Xuan.

Leng Xuan wasn’t polite either, and the three of them lit up three of them as well.

Lin Ran took a deep breath before speaking.

“I hope everyone understands him, there are times when people’s choices are forced upon them!”

“The battle for the Immortal Emperor continues to this day!”

“In fact, we all know clearly in our hearts that Uncle Zhen Yan and the Lord of the Alliance have a very low chance of winning!”

“So things that were previously unexpected will all start to erupt in the future!”

“Since we’re all talking about this matter today, let’s make it clear!”

Lin Ran said as he took another sharp puff of his cigarette.

That’s right! Lin Ran and the others were different from the people of the Immortal Realm.

Their arrival in the Immortal Realm was an accident from the start!

It was just that they were lucky that Wang Yifeng had found his father in the Immortal World.

Lin Ran also knew the true story of what had happened.

He even knew about the matter that his parents were trapped in a sword.

It should have been somewhere in the void.

It could be said that originally, once they had found a way out of the Immortal Realm, they could have gone straight home.

But because of Song Nuan, Lin Ran hadn't had the time to find a way to leave!

But now time was not waiting for anyone!

If he didn't leave, when the Divine Shadow Clan returned by then the Immortal Realm would be in ruins!

It was questionable whether or not they would survive.

And these two things were intertwined.

And these two things are intertwined, forcing Rin Ran and the others to make a choice!

To leave! To stay! To save lives or to run away!

"People's lives are at stake, I won't blame you for whatever decision you make at this time!"

Rin Ran spoke.

"Those who don't want to be involved in this war can tell me!"

"I'll find a way to send you all to some small worlds! To escape the disaster!"

"When I find a way to leave in the future, I will go and find you all!"

"What about you, Boss!"

Leng Chop couldn't help but ask.

"Yeah, what about you?"

"Lin Ran!"

Luo Qiqi and the others looked at Lin Ran with worry in their eyes.

For Lin Ran to say something like that in general, it was obvious that he wasn't going to hide himself!

"I'm different from you guys!"

Lin Ran laughed lightly.

"You guys came to the Immortal World because of an accident!"

"Although I am too, the pillow book is not!"

Lin Ran said as he took out the Pillow Book's original body, the ancient book!

"There's no way the Pillow Book will go!"

"And I won't leave him behind! It's win or lose, I'm always going to accompany him on his final journey!"

"Besides, whether it's Uncle Zhen Yan or the Lord of the Alliance!"

"Neither has been kind to me, and there's no way I'm leaving now!"

Lin Ran said.

"Could it be that Zhen Yan and the Lord of the Alliance have treated us poorly?"

Lingyan asked rhetorically.

“Me and Long Ya aren’t leaving either much less hiding!”

“Yes!”

Long Ya nodded.

“So do I!”

Su Rou laughed.

“Wherever you go, I’ll be there!”

Luo Qiqi laughed.

“None of us can be left behind, including Song Nuan!”

Qin Bing suddenly said.

“Right!”

All of them were busy nodding their heads in agreement at the words.

Lin Ran smiled at this.

“Thank you!”

“But before I fall, I will never allow you all to be in danger!”

Lin Ran said.

He was really already very content to have this group of friends and lovers.

“Ranzi, there’s actually no need for you to do it for me.”

The pillow’s voice suddenly rang out.

“Without you, could I be where I am today?”

Lin Ran asked rhetorically and laughed.

“Without you, I probably wouldn’t have known my parents were still alive in my life!”

Lin Ran laughed.

“There are some things that are just fate!”

“The wheel of fate will eventually take us to different places!”

“Wang Yifeng wasn’t wrong, and neither were any of us!”

“Kiki, go and help Wang Yifeng when you have time, he wants to find enough materials in a year’s time! I’m afraid it’s a bit impossible!”

“Give him a hand!”

Lin Ran finally said, while getting up and patting Luo Qiqi's shoulder, before taking a pot of wine and leaving the place.

Indeed, before life and death, who could ask for anything!

Lin Ran knew very well that if it were in the past, Wang Yifeng would definitely stay with him, no matter if he died or not!

But now he was different from before, he had a family and his own responsibilities!

He had a family and his own responsibilities. He also had his own unavoidable hardships!

Can they survive this calamity in the Immortal World?

No one knew, not even Lin Ran.

Wang Yifeng eventually took Xiao Cui with him and left.

Luo Qiqi had also secretly given him something.

Lin Ran and the others, on the other hand, all stayed behind.

Although none of them were saying anything, everyone knew that this matter was bound to become a sore spot in Lin Ran's heart too!

Time flies like an arrow and the days and months fly by!

After half a month had passed.

The day of the duel between the Immortal Emperor, Zhen Yan and the Lord of the Alliance was finally approaching.

On a pavilion within the stronghold.

Lin Ran, Zhen Yan and the Lord of the Alliance were sitting cross-legged.

At this moment, on the bar in front of the three of them was a fine wine.

"Little friend Lin Ran, I've heard all about Wang Yi's life!"

Zhen Yan was the first to speak.

He could still say that he knew a lot about Lin Ran's affairs.

After all, when Lin Ran and the others had first arrived in the Immortal Realm.

It was in the middle of his Beast King Domain that they appeared!

"Human nature is understandable!"

"Moreover, this time, the Lord of the Alliance and I have come to you mainly to talk about this matter!"

"That's right!"

The Lord of the Alliance beside him nodded his head.

“Zhen Yan has all told me that there are actually still many ways to leave the Immortal Realm!”

“The only thing that is difficult is that these coordinates are hard to find!”

“If you guys really want to leave and spend some time, it’s actually not really impossible!”

The Lord of the Alliance said.

“But I’m afraid that we won’t be able to make it before the God Shadow Clan descends!”

“There’s no rush now!”

Lin Ran smiled.

At this point, even if he knew of a way to leave, would he really choose to leave?

Obviously not!

The pillow book would definitely not leave, so how could he possibly leave the pillow book behind!

As for Qin Bing, was it necessary for these people to stay and risk themselves?

Lin Ran had some hesitation in his heart.

### **Wonder Doctor Chapter 2309**

Lin Ran talked to Zhen Yan and the Lord of the Alliance a lot.

They talked about the future of the entire Immortal World and so on.

Only most of them were about what would happen after the duel.

It was obvious that Zhen Yan and the Lord of the Alliance were not too sure that they could win either.

Having fought with Immortal Emperor Voltron for so many years, they actually had a very clear idea of each other’s strength in their hearts!

If Immortal Emperor Voltron’s strength was really that easy to defeat, he wouldn’t have been sitting on the throne of Immortal Emperor for so many years!

Immortal Emperor! After all, there was a certain difference between an Immortal Emperor and an ordinary cultivator!

The benefits that this Immortal Emperor position alone could bring would make the eyes of many Immortal Realm powerhouses red.

But there is no way out, there is only one immortal throne and the only way to get it is to fight an immortal emperor!

But if one wanted to defeat a reigning Immortal Emperor, it was not as easy as moving one’s mouth!

“Lin Ran, in fact, everyone understands that the possibility of losing this duel will be very high!”

“That’s why many people have also started to make plans early on!”

Zhen Yan lamented.

“Yes Lin Ran, war has been going on for years, and many times people have no choice!”

“Even if we are against the alliance, if we really lose, I’m afraid that when the time comes, there will be some people who will be shaken!”

“After all, in front of the Divine Shadow Clan, how can there be any difference between camps!”

The Lord of the Alliance also said.

“I can understand what you guys are saying, but a lot of people might need some time to accept it!”

Lin Ran lamented.

No matter who won this duel in the end, there would inevitably be people on one side who would have to make a choice!

Whether to follow the other side and fight against the Divine Shadow Clan, or to go into hiding!

Perhaps going into hiding would give them temporary peace.

But when the Gods and Shadows arrive, all will be lost.

If they didn’t take up arms, they might be the ones to be sacrificed.

“Lin Ran, ah, no matter how things develop, there will always be a day when peace returns!”

“You’re not an aborigine of the Immortal World after all, and you may look at many things very seriously!”

“But these are very normal for those of us living in the Immortal Realm!”

Zhen Yan said with a smile.

“Perhaps... By the way, two seniors, there’s still one thing the kid can’t understand!”

Lin Ran suddenly remembered something and busily fished out a bottle from his arms.

“What is this?”

The crowd looked stunned.

This bottle looked plain and unadorned, there was nothing special about it!

However, Lin Ran laughed and said.

“Don’t underestimate what is contained in this, you guys, until now I still haven’t figured out what exactly is the origin of what is contained in this!”

Lin Ran laughed, while placing the bottle in front of the two.

“What’s inside here is a very strange poison, just a wisp of it is all you need to feel how extraordinary it is!”

“Remember not to get too much of it, what’s strange to me is that there’s a power within this poison that really makes me a little confused as to what it is!”

Lin Ran said.

That’s right this poison was really a bottle of poison that he had obtained from that disguised king back when he was in his brother’s little world of white mist.

This poison seemed to contain some kind of power within it, but what exactly this power was, Lin Ran couldn’t figure out for the time being.

“O? Strange poison?”

Both Zhen Yan and the Lord of the Coming Alliance couldn’t help but be interested at the words.

To be honest, they were also curious as to what kind of poison it was that could make even Lin Ran fail to see it.

Although Lin Ran’s strength was still a little short of theirs.

But at their level of strength, there were very few things that they could not tell what it was!

Not to mention that it was still a poison.

The fact that Lin Ran was a medicine master was something many of them knew!

Even he couldn’t recognise what kind of poison it was, which was enough to see just how powerful this poison was!

“Let’s take a look!”

Zhen Yan said the two of them.

Whirling around, they had already picked up the poison.

Lin Ran had made it sound so mysterious that both of them didn’t dare to be careless, and they didn’t even open the cork of the bottle.

They just sent a strand of true qi into it.

And as the true qi entered it.

Soon the faces of both of them changed.

“This...”

“This...”

“The power within this poison, how can it be so peculiar!”

Zhen Yan could not help but exclaim.

“Indeed it has never been seen to be peculiar, but it is definitely the power of the Immortal Realm!”

The Lord of the Alliance said.

“That’s right, there are many similarities between this power and the power of the Immortal Realm, but I don’t know exactly what power it is!”

Zhen Yan also said.

“Even you guys don’t know what kind of power it is?”

Lin Ran was speechless at his words.

Even Zhen Yan and the two of them really didn’t know then what kind of power it was, this was simply too ridiculous.

One should know that their strength was already considered to be at the top of the entire Immortal Realm.

But even they didn’t know!

If that was the case, could it be that only Immortal Emperors knew?

But there was no way one could run to ask the Immortal Emperor!

“Lin Ran, although we don’t know what this power is either!”

“But what is certain is that this power is very peculiar!”

Zhen Yan spoke up.

“That’s right! This power is very peculiar! If you refine this power into your own, it will definitely be very powerful!”

The Lord of the Alliance was also busy saying.

“That’s easy to say, but I’m afraid it’s not that easy to do!”

Lin Ran sighed.

“Indeed!”

Zhen Yan also agreed.

“As I see it, if one wants to refine the power within this poison, I’m afraid that without absolute great perseverance, one simply won’t be able to succeed!”

Zhen Yan said.

“That’s right!”

Lin Ran said.

“When I first obtained this poison, the other party said that this poison would be worse than death once you were struck!”

“But all the same, if you eliminate it completely, you will also gain a very powerful power!”

“It’s just a pity that I don’t have the courage to try it even now!”

Lin Ran laughed bitterly.

“This is normal, the higher the strength the more life is also spared!”

“Everyone is just like that!”

The Lord of the Alliance laughed bitterly.

“That’s right, some chances are to be fought for by life, otherwise there wouldn’t be so many chances in dangerous places!”

“Alright, since you guys don’t know either, I’d better be thinking about it!”

Lin Ran said and put the bottle away.

“Alright, tomorrow is the day of the duel, let’s just come and drink now!”

The Lord of the Alliance laughed while taking out quite a bit more good wine with a wave of his hand!

“Right! Let’s drink!”

Zhen Yan also laughed.

Lin Ran was the only one who heard their words but sighed helplessly.

“The duel is tomorrow, and you guys still have the heart to drink today!”

“Right speaking of which, what are the rules for tomorrow’s duel?”

Lin Ran asked busily, realising that he still knew nothing about tomorrow’s duel until now.

“Rules? There aren’t any rules, fight until one side surrenders for that matter!”

Zhen Yan said with a smile.

“And I’m telling you, tomorrow we’re two people fighting one!”

“Huh?”

Lin Ran’s entire body was suddenly confused at his words.

“Two to fight one? Wouldn’t that be.”

Lin Ran was even a little embarrassed to say that.

In the first place, two people beating one person, that was indeed a bit less than honorable anyways!

“You don’t understand!”

Zhen Yan, however, laughed with disinterest.

“The Immortal Emperor’s strength is known to everyone, so not only would two of us fighting one not be ridiculed, but it would be a sign of courage!”

“You have to know that the Immortal Emperor’s Immortal Emperor’s Seat, that is a very powerful magic weapon, without the Immortal Emperor’s Seat, to fight the Immortal Emperor, unless two fight one, there is absolutely no chance that one can win!”

“That’s so!”

Lin Ran nodded at his words, he didn’t expect there to be such a rule!

Still, Zhen Yan and the Lord of the Alliance taking on an Immortal Emperor made him look forward to it!

### **Wonder Doctor Chapter 2310**

Immortal Emperor!

It has always been the most powerful figure in the true Immortal World.

It was also the pinnacle that an unknown number of cultivators wanted to reach.

Unfortunately, there are only two Immortal Emperors in the entire Immortal World today.

It is not that Immortal Emperors are so powerful that they live forever and so on.

The most important thing is that Immortal Emperors themselves are too difficult.

Although there are very few Immortal Realms, there are almost 80 if not 100 in the entire Immortal World.

There are only two Immortal Emperors out of all these Immortal Realms!

From this we can see how difficult it is to reach the level of Immortal Emperor from the Immortal Realm!

Leaving aside everything else, the Immortal Emperor’s position is beyond the reach of many people!

“It is said that the Immortal Emperor’s Seat itself is also a magic weapon, but this kind of magic weapon has reached the level of a divine weapon!”

“And it’s the kind of divine weapon that has grown to great perfection, its power is simply terrifying!”

Qing Zi said on the way to the dueling land.

“Indeed it is!”

Lin Ran nodded his head and said.

The so-called divine weapon that had grown to great perfection was actually referring to a divine weapon as well.

Qing Zi was also a divine weapon.

Only that divine weapons were also windy in many ways!

A divine weapon generally referred to one that was bred out of the heaven and earth.

So this kind of thing is random, unlike an immortal weapon where you can choose exactly what kind of immortal weapon you want to build.

A Qing Zi is strictly a defensive divine weapon.

The Immortal Emperor's Immortal Position, on the other hand, that is an increase type of divine weapon.

This kind of divine weapon is the most terrifying of all!

It was said that the Immortal Emperor's Immortal Seat could not only increase the Immortal Emperor's strength, but it could also help him condense the Qi of the entire Immortal Realm.

And this augmentation of qi, that was also very terrifying!

This is if for the sake of cultivators all want to become Immortal Emperors, because under Immortal Emperor you can all rely on hard work to increase your strength.

But when you get to the Immortal Realm and the level of Immortal Emperor.

Only when you get this Immortal Emperor position can you be whole above everyone else.

It can be said without any hesitation that if an Immortal Emperor did not have the Immortal Emperor's Seat, his strength would be similar to that of an Immortal Realm powerhouse.

And this kind of divine weapon that has grown to great perfection refers to one that has grown completely!

For example, although Qing Zi was also a divine weapon, she had not yet grown up completely.

Even the battle of the Immortal Emperors back then had left her even more injured, so her strength had never been very high!

But the Immortal Emperor's Seat was different, it was a divine weapon that had grown completely to its great completion!

Its power could simply be described as moving mountains and reclamation!

"Master, to be honest I don't think too highly of Zhen Yan and the Lord of the Alliance either!"

Qing Zi couldn't help but say.

"Although I hate to admit it, there is indeed still some gap between Zhen Yan and the Lord of the Alliance and the Immortal Emperor!"

The Pillow Book also said.

"There's no need for that, just in case a miracle happens!"

Lin Ran persuaded with a smile.

If one were to say who in the room actually cared the most about this outcome, I'm afraid that apart from the Immortal Emperor it was Pillow Book!

As the Immortal Emperor's arch rival, he naturally did not want the Immortal Emperor to win the most!

But sometimes, even if you don't want to, you still have to face some facts!

“You know very well that’s almost impossible!”

The Pillow Book laughed helplessly.

Lin Ran also laughed helplessly along with him.

The number of people surging towards the place where the dueling ring was was also increasing.

Lin Ran and the others were soon drowned in the crowd.

And at that moment, there was only half an hour left before the great battle began!

“Who are all those people!”

As soon as Lin Ran settled down, he was subdued by the scene in front of him.

He could only see that the entire high platform had to be at least a hundred metres high.

And at a distance of a hundred metres outside the high platform, there was a viewing area built in a circular shape.

Although the distance was very far, such a distance had no effect at all on the cultivators.

Lin Ran saw that a place not far away was densely packed with people.

And generally those who could sit here were all of some origin and status!

“There are quite a lot of people coming, those are all people from the clan!”

Qin Bing also couldn’t help but sigh with emotion.

“People from the clan?”

Lin Ran was stunned at his words, and then he actually saw people from the Thunder Zun Pavilion!

“These people from the clan wouldn’t even come out on a normal day, but I didn’t expect them to come this time!”

Luo Qiqi said.

“This only goes to show just how much impact this duel will have!”

Lin Ran lamented.

“Buzz off!”

And just as he was lamenting in his heart, a few buzzing sounds rang out.

Followed by two figures actually appearing out of thin air on top of a distant high platform.

Looking at them, who else was it but Zhen Yan and the Lord of the Alliance!

“People are coming people are coming! Where is the Immortal Emperor!”

“Yes, where is the Immortal Emperor? How come he hasn’t come yet!”

“The Immortal Emperor must be the last to appear!”

Seeing the two, the people present all murmured.

It looked very excited.

“Is it about to start?”

Seeing Zhen Yan and the Lord of the Alliance, Lin Ran’s heart also seized up.

It had never felt like much without starting, but when the time for the actual duel was at hand, he realised that he couldn’t help but be a little nervous too!

After all, this battle was something that would directly determine the future direction of the Immortal World.

“Weng!”

With another tremor, everyone saw it at once.

In the sky, a vortex of pitch black had appeared!

And within this vortex, there was actually a golden light filtering out from within.

“The Immortal Emperor has come!”

“It’s the Immortal Emperor, the Immortal Emperor has really come!”

“Look it’s the Immortal Emperor!”

The crowd shouted in unison.

Almost at the same time, Lin Ran also saw that a golden light had flown out of the vortex.

“What is that thing?”

Lin Ran couldn’t help but exclaim.

“That’s the Immortal Emperor’s Seat!”

Qin Bing said.

Almost simultaneously, Lin Ran had seen a golden throne had emerged.

And on top of the throne, there was a man sitting, who else but Immortal Emperor Fulong!

“This is the Immortal Emperor’s throne?”

Lin Ran looked surprised.

He really didn’t expect this Immortal Emperor’s throne to actually be a throne.

“Why can’t other people have such an Immortal Emperor’s throne?”

Lin Ran couldn’t help but ask

It was just a seat after all, so if someone else really wanted to sit on it, I'm afraid it wouldn't be that difficult!

"I don't know then!"

Qin Bing shook her head.

What she knew was also very limited!

"That's because, how this Immortal Emperor seat doesn't recognise you, you won't be able to make it up there at all!"

"And no one will sit directly on it either, except for Fulong!"

The pillow's voice suddenly rang out.

"What do you mean?"

Lin Ran frowned in some confusion.

"It's simple, this Immortal Emperor's throne is just like a magic weapon, and it has a vessel spirit too!"

"Although it's a throne, it's almost impossible to make it up there if you're not someone who's recognised by him!"

The pillow book explained.

"So!"

Lin Ran then dawned on him.

And just as they were talking, the golden throne was already disappearing into thin air and going.

Immortal King Fulong was also standing directly on the ring.

Clearly this great battle for the ages was about to begin!

"I hope they can win!"

Looking at the three people on the high platform mountain, Lin Ran muttered to himself in his heart.

There was simply too much involved in this great battle!
