

Noble Husband At the Door Chapter 231

Xie Fei's heart will break down. He never ever believed that such a small thing would certainly create such significant consequences.

The Xie Family soon reached the area. When they saw Xie Fei stooping on the ground, they knew that something bad had actually occurred. He had upset the old master of the Divine household!

Xie Fei's father walked to Xie Fei's side as well as slapped him twice in the face. He cursed, "You child of a bitch! What have you done?"

The Xie Household had a great position in Cloud City, which was better than the Sue family members. The reason why they might get the invitation to the birthday celebration was that Wang Mao valued Xie Fei very much.

Usually, Xie Fei had a high placement in the family, and also nobody dared to talk with him loudly. Due to the advancement of the Xie Family members, all their hopes were on him.

Yet today, he annoyed Tian Changsheng, so Xie Fei's dad did not attempt to indulge him at all.

" Xie Fei, from now on, you're no more my devotee," Wang Mao stated.

Xie Fei's papa was straight frightened out of his wits!

What had occurred? Xie Fei was in fact removed by Principal Wang Mao.

Without this connection, what setting did the Xie Family Members have in Cloud City?

" Get shed with your son. From now on, do not appear before me. Otherwise, I will not let you go," Tian Changsheng stated coldly.

Xie Fei's eyes were boring. There was a stating in chess that a person action was wrong, and every action was wrong. Only currently did he recognize how wrong he was in this action.

He had intended to please Wang Mao, but now he could not also keep his identification as an apprentice.

After the Xie Family members dragged Xie Fei out of the space, Wang Mao sighed and stated to Samuel, "Allow's have one more video game."

Wang Mao understood that he was likely to lose, however he didn't wish to lose his personality.

" Grandpa Wang, you're not in great spirits today. When you're in great spirits, I'll definitely visit you," Samuel said.

Wang Mao knew Samuel was giving him an escape. If he urged, he would certainly lose face today.

" Tian Changsheng, you old man, you truly have a buddy." Wang Mao sighed.

With a honored face, Tian Changsheng stated, "Naturally. Any person I take seriously can't be a common individual."

Wang Mao cupped his fists and also claimed to Samuel, "Little brother, I'll fight you once more next time if I have the chance."

" I am anticipating it," Samuel stated.

Wang Mao was the first to tip away, but Xu Huan was still standing where she was. Seeing that Xu Huan was not leaving, Wang Mao reminded her, "What are you waiting for?"

Hearing this, Xu Huan complied with Wang Mao hesitantly.

After going out of the space, Xu Huan said delicately, "Master, I don't even recognize his name. Why are you in such a rush?"

" Little lady, don't you see that he is Tian Changsheng's pre-arranged grandson-in-law? What certifications do you have to take on Tian Ling' emergency room?" Wang Mao said with a bitter smile.

Xu Huan frowned as well as stated skeptical, "I haven't tried. Exactly how can I understand that I can't win? Her family is rich and powerful, but it doesn't imply that she enjoys males more than I do."

"You, you actually don't recall if you don't wish to strike the wall surface," Wang Mao claimed helplessly.

Xu Huan's expression suddenly turned significant as she asked, "Master, if the chess game just now takes place, you ...".

Wang Mao took a deep breath as well as said, "I will shed for sure."

He was doomed to lose!

Xu Huan was stunned by these words.
