

Wonder Doctor Chapter 2311

“Two, are you ready?”

The Immortal Emperor had just stood still when he spoke and smiled.

“Of course!”

“Anytime!”

Zhen Yan and the Lord of the Alliance laughed.

“Very well! Then we begin?”

Without any nonsense, the Immortal Emperor looked at the two and smiled.

“Yes!”

Zhen Yan and the Lord of the Alliance said at the same time.

They did not deliberately lower their voices, and as soon as the conversation sounded, the surrounding spectator stands instantly fell silent.

This was a battle of Immortal Emperors!

Many people knew what this represented.

Although it was possible that Immortal Emperor Fulong would not surrender his Immortal Emperor position even after he lost.

But this was the one that would directly determine who would lead the Immortal Realm in the future!

The crowd all fell silent, and at this moment on the high platform mountain, Zhen Yan also took a few steps back towards the back with the Lord of the Alliance, drawing a distance between him and the Immortal Emperor.

The anger on the entire high platform was also tense to the extreme.

It was clear that a great battle was about to break out.

And just as the crowd was waiting nervously, the Immortal Emperor suddenly spoke up.

“Zhen Yan, Alliance, you should all be clear about this duel, our common enemy is the Divine Shadow Clan!”

“So I don’t want to make too much of a stalemate, how about we decide the winner in one move?”

“What? One move?”

“I don’t think so!”

“Don’t say yes!”

“Yes, one move is not enjoyable!”

The crowd on the stage couldn't help but murmur at the words.

They had come all the way here to witness an exchange of blows at this level of the Immortal Emperor.

As a result, the Immortal Emperor had actually come up with the line that one move would decide the winner, which was undoubtedly a great disappointment to them!

An Immortal Emperor of this level of strength, even if he casually showed two more moves, it would have a very big impact on them!

One must know that those who can think of coming to visit an Immortal Emperor battle are basically very strong!

At their level, epiphanies were very rare.

And the Immortal Emperor Battle was undoubtedly the one they were looking forward to.

It was just a pity that the Immortal Emperor didn't seem to want to drag things out.

Ready to come up with the result in one move.

"Yes!"

Amidst the crowd's expectations, Zhen Yan and the Lord of the Alliance actually even agreed.

The crowd was all very disappointed, but there was nothing they could do about it.

This wasn't too shocking.

After all, the Immortal Emperor had a point, their ultimate enemy at the moment was all the Divine Shadow Clan.

If they really put up a fight regardless, by then even if the Immortal Emperor won, I was afraid that he would still be injured.

And losing Zhen Yan and the Lord of the Alliance would undoubtedly be a very great loss to the entire Immortal Realm.

So I'm afraid it's the Immortal Emperor who doesn't want to see this scene!

"It's a bit helpless, but at least it's one move!"

"Yes, one move is one move!"

"I just don't know which move the Immortal Emperor will use!"

The crowd quickly adjusted their emotions and were ready to seriously watch this duel with only one move.

"Then let's begin!"

As the Immortal Emperor's voice rang out, the hearts of the crowd present lifted up.

Everyone knew that this move was likely to be fleeting!

However, just as the crowd was watching nervously.

The Immortal Emperor on the high platform actually had a violent change of aura throughout his entire body!

“Rumble!”

A loud sound then rang out violently.

Lin Ran instantly froze as he watched.

He only saw that the Immortal Emperor’s figure on the high platform had actually disappeared out of thin air.

And at the same time, the entire high platform was actually filled with a fierce wind.

There were even dark clouds coming from the sky.

It was as if the world was about to end.

“What’s going on? What’s going on?”

“Yes! Where is the Immortal Emperor?”

“I don’t know!”

The crowd couldn’t help but murmur.

“Did the Immortal Emperor run away?”

Suddenly someone asked.

“Fuck off!”

The people next to him all couldn’t help but curse.

It was obviously impossible for the Immortal Emperor to run, but it was the crowd who were all a little confused as to what the Immortal Emperor was up to here!

Just as Lin Ran was also a little confused.

Suddenly the pillow on the side actually spoke.

“How many years have passed, I never thought I would see this scene again today!”

“What?”

Lin Ran asked busily.

The Pillow Book, however, ignored him, only gazing blankly at the high platform in front of him as he muttered to himself.

“Ontology!”

“Ontology? What ontology?”

Lin Ran was even more confused.

“The Immortal Emperor’s essence!”

“What?”

Lin Ran’s entire body froze instantly at his words.

“Isn’t the Immortal Emperor a human, how can he still have an essence!”

“Who told you that the Immortal Emperor was a human!”

The pillow turned his head to look at him, and Lin Ran also instantly froze.

“Isn’t the Immortal Emperor’s essence a human being?”

“Of course not!”

Pillowbook said.

“The Immortal Emperor’s essence is an ancient magical beast!”

“A Sword Vulcan!”

“An ancient Vulcanosaurus? What about your master, the old immortal emperor? The original body wouldn’t be either!”

“Bullshit, my master’s original body is a proper human being!”

The pillow book directly interrupted Lin Ran.

“It’s fundamentally different from this Taikoo Voltron!”

“No, then why didn’t you even say that before!”

Lin Ran was shocked to.

The Immortal Emperor’s original body was actually not human, this was very powerful news.

“You didn’t ask either!”

The pillow book, however, laughed blandly.

It turned out that the Immortal Emperor’s original body was a magical beast known as the Sword Vulcan!

And he had even directly used the word Voltron as his name!

The so-called ancient magical beasts refer mostly to some magical beasts that have existed from the time of the opening of the heavens and the earth, from the chaos.

These magical beasts are also regarded as the originators of the present-day magical beasts of the entire Immortal World.

Of course, the Immortal Emperor does not belong to this category.

Otherwise, the Immortal Emperor would be the originator of Zhen Yan, so how could he still deal with Zhen Yan!

The Immortal Emperor's body is special, although the Sword Vulcan is also considered an ancient magical beast.

But there was still a difference between him and the word ancient.

According to the pillow book's understanding of the Immortal Emperor Voltron.

Vulong was only born in a time closer to the Upper Ancient.

It belonged to the time when the Upper Ancient ruptured and the Chaos Clan in Chaos split.

Many of the Chaos Clan left Chaos at that time.

One part became the Divine Shadow Clan that later travelled beyond the Immortal Realm.

Another part entered the Immortal Realm and created the Immortal Realm in its present day glory.

And it was after these people entered the Immortal Realm that the Sword Vorlon was born.

And he wasn't really born in Chaos, he could only technically be a magical beast like Zhen Yan!

And under normal circumstances, he could not have lived for so many years.

I'm afraid he would have fallen long ago.

But it was a coincidence that shortly after he was born, he was given a chance!

He was sealed by the power of heaven and earth by accident.

It was not until not long after the Immortal Emperor had unified the Immortal Realm that he came into being.

Because of his powerful talent, and the changes brought about by the chance.

It can be said that he possessed both the cultivation speed of a human and the powerful physique of a magical beast!

This is what made his strength so great in the future.

He even reached the level of an Immortal Emperor.

As his strength increased, the body of the Sword Dragon was gradually weakened.

By now, the Sword Vulcan was more like the power of his bloodline.

He could hardly be seen casting out the full Sword Vorlon anymore.

This time, he was obviously prepared to use his strongest strike, ready to face Zhen Yan and the Alliance Lord in a single move to decide the winner!

Wonder Doctor Chapter 2312

“Hey hey, it’s going to start it’s going to start!”

“Don’t say anything don’t say anything!”

A rush of voices pulled Lin Ran’s thoughts back.

Turning his head to look, he only saw that at this moment, on the thunder platform in mid-air, the Immortal Emperor’s gigantic body, the Sword Vulcan, had even slowly flown up.

The pair of enormous looking wings nearly covered up the entire ring.

In contrast, Zhen Yan and the Lord of the Alliance, who were standing on the opposite side at this moment, actually looked somewhat small.

“Is it about to start?”

Lin Ran couldn’t help but feel a little more anticipation in his heart at this moment.

To be able to see an exchange of blows at this level of Immortal Emperors would be beneficial to him as well.

It was just a pity that this mere exchange of moves was extremely costly!

Whoever lost would really have to follow the orders of the other side in the future.

Although the other side will certainly give them face!

But a loss is a loss, and in the future they will be completely swallowed up by the other side!

At that time, the entire army fighting against the Divine Shadow Alliance would only have one leader.

That would be the victorious one!

“I’m going to start!”

Lin Ran was emoting in his heart, but the Immortal Emperor of the Sword Voltron above him had already spoken.

And at the same time, the entire ring lit up with a single ray of light.

These rays of light, as if they were layers of barriers, quickly enveloped the entire ring.

At the same time, Lin Ran realised that something was not quite right.

It was because this layer of barrier defence actually did not envelop the entire ring, but only Zhen Yan and the Lord of the Alliance.

“Are they trying to defend this?”

Qin Bing was sitting on the side at this moment and could not help but say as he watched the situation.

“It looks like it, and if that’s the case, then I’m afraid that the Immortal Emperor is the one attacking!”

“Is it possible that this duel will turn into a story of contradictions?”

Lin Ran whispered to himself.

“I have a feeling it won’t be all that, although it’s said that defence is the best offense when facing an existence like the Immortal Emperor!”

“But the strength of Zhen Yan and the Lord of the Alliance is not to be underestimated!”

“Perhaps these defences of theirs contain others within them!”

Qin Bing held a different opinion.

“Perhaps! The Immortal Emperor is about to make his move too!”

Lin Ran said busily.

At this moment, the crowd’s gazes were all drawn to every move made on High Terrace Mountain.

Lin Ran saw that the entire body that the Immortal Emperor had revealed flew straight up into midair.

It was as if the huge Sword Vulcan could cover the sky.

And he didn’t make any delays!

A pair of huge wings fiercely shook.

In an instant a fierce wind swept directly in all directions.

Almost at the same time, Lin Ran felt the space around him being violently sucked up.

And he wasn’t the only one who felt this way, some people were even churned back and forth by this huge suction force because they weren’t strong enough.

“This power is terrifying!”

“Just the force of the west suction is so terrifying, if this is aimed at ours, it will be even worse.”

“Holy shit! Is this the power of an Immortal Emperor?”

“Don’t say anything, don’t say anything, you guys, look at the Immortal Emperor!”

Suddenly someone exclaimed.

At the same time, Lin Ran saw that on top of the high platform above, the Immortal Emperor’s entire body had actually turned blood red.

The Ancient Dragon was already majestic and imposing, as if he had been born with a kingly aura of dominance.

But now that his body had turned blood-red, he was even more ruthless!

Knowing that he was an immortal emperor, those who did not know would have thought at first glance that he was a wild beast out of control.

“The Sword Dragon really does live up to its name!”

Lin Ran also couldn't help but sigh with emotion.

"It is indeed very impressive, I'm afraid that ordinary magical beasts can't do this, and neither can Zhen Yan!"

Qin Bing also couldn't help but say.

Lin Ran did not answer however nodded in agreement.

To be able to easily mobilise such a huge amount of power, even sucking the true Qi of heaven and earth within a hundred miles of the room source.

This was clearly not something that ordinary people could do!

An Immortal Emperor was an Immortal Emperor, no matter what your opinion of him was, but this strength of his was something that would not lie!

"Look, the Immortal Emperor's attack is about to begin."

Qin Bing suddenly shouted.

Lin Ran was busy fixing his eyes to look, and with this look Lin Ran's brows immediately furrowed.

He could only see that the body of the Sword Vulcan above the mid-air Chen was a blood-red colour, and above his head, a red light was converging like ripples in a frenzy.

The open blood-bowl mouth was like a huge crack in the whole world.

Countless red rays of light were rapidly converging towards his mouth, and it was frightening to watch.

Under normal circumstances, no one would be able to swallow all of the power of the heavens and earth at once.

But at this moment, all of this power was swallowed by the Immortal Emperor without a trace.

Even though his own Sword Vulcan's head had already turned blood red.

The colour was even vaguely changing, but everyone knew that he could absolutely control this power.

There would definitely not be any spontaneous explosion.

"Come on!"

Suddenly, a loud and clear voice resounded throughout the space.

At the same time, everyone saw it.

The Ancient Vulcan actually shook his entire body, and instantly the power within his blood-basin mouth was like a cannonball as it blasted towards the ring below.

"Bang Bang Bang!"

The moment the power was spat out, Lin Ran and the others distinctly heard a series of explosions.

But then the sounds all but disappeared.

It was as if the entire world had become silent at this moment.

Everyone present only felt that their ears were instantly silenced.

But everyone knew that it was definitely not that there was no more sound.

Rather, the sound was so intense that no one present could hear it anymore.

For at this moment in the sky above, the power that had been released was still rushing towards the ring.

And wherever this power passed, almost even space collapsed!

It just left a long black trail behind its buttocks.

It was unclear whether it was a void crack, or ashes formed from the crushing of space!

“Is this the power of an Immortal Emperor? The difference is really huge!”

Qin Bing said in a daze as he watched at this point.

Lin Ran beside him even sighed helplessly.

“You’re at least at the level of the Immortal Realm, and you’re even saying that the difference is so big, are those of us whose strength is only at the Great Perfection Realm still going to live!”

“It’s really so big! Although I am also at the Immortal Realm, the Immortal Realm and the Immortal Realm are also different!”

Qin Bing said.

“I don’t know how Zhen Yan and the Lord of the Alliance feel at this moment, but if it were mine, there’s absolutely no way I could resist this move at least!”

“Hm!”

Lin Ran nodded at his words and didn’t answer.

Although he didn’t know how big the difference in strength between Qin Bing, who had entered the Immortal Realm for the first time, and an Immortal Emperor was!

But he knew that at this moment, Zhen Yan and the Lord of the Alliance were probably in a bad position too!

At this point, he had to admit that the only one who could lead them in the fight against the Divine Shadow Clan was the Immortal Emperor.

Only the Immortal Emperor had the strength to do so!

But such thoughts were fleeting.

At this moment, they had only just seen the Immortal Emperor’s attack.

How big the difference was, and whether or not Zhen Yan and the Alliance and the Lord of the Alliance would be able to withstand it, all depended on their individual strength!

Wonder Doctor Chapter 2313

The terrifying power still swept towards the high platform.

There were no surprises just because the crowd was in shock.

A duel was a duel, even if it was a duel without casualties.

But it was still a duel.

“Look, the formation is starting to counterattack!”

Someone in the tense scene suddenly shouted out.

At once all the people present saw it.

The terrifying power in the sky above had swept onto the high platform.

The white light that had enveloped Zhen Yan and the Lord of the Alliance had also begun to be affected by the ripples.

The white light, which originally looked as solid as a bronze wall, was now swept away by the terrifying power of the Immortal Emperor.

But it was like a swaying boat, as if it could capsize at any moment.

“This surely can’t be the defense among Zhen Yan and the Alliance!”

Qin Bing couldn’t help but say.

“It’s indeed not quite like that, this defence is too weak!”

Lin Ran also nodded his head.

Even though the opponent was an Immortal Emperor, Zhen Yan and the Lord of the Alliance were still very strong!

At this moment, the two were still joining forces, so how could they not even be able to resist an Immortal Emperor’s strike, it was absolutely impossible!

Although there was a gap in strength between the two sides, it was definitely not possible for it to be this great.

The combined resistance of Zhen Yan and the Alliance Lord, if that was the case, then it was too disappointing!

“Look, the white formation is starting to change!”

Qin Bing next to him suddenly exclaimed.

At the same time, Lin Ran saw that the white formation above the mid-air had begun to change.

The originally shaky white formation had actually cracked open a huge opening in an instant.

A white glow rose from the sky at the crack.

Each white ray of light did not look very thick, but it caused the crowd present to take a breath of cold air as they watched.

The white light seemed like an arrow poking straight at the heart of the crowd.

The exchange of blows between the strongest was always frightening to watch.

Even though the crowd knew that the arrows were not aimed at them at all.

But just watching it still made people's hearts lift.

"These arrows should be Senior Zhen Yan's original attack!"

Lin Ran frowned and said.

"Hm! I've seen it before, but the power of his fight with me that time wasn't this strong!"

Qin Bing said.

"It seems like he was also showing mercy!"

"Hm!"

Lin Ran nodded without saying more.

When he had first entered the Immortal Realm, it was in the Beast King Domain.

He also had some friendships with Zhen Yan.

When he was preparing to leave the Beast King Domain, Zhen Yan had even given him a scale.

That scale contained a terrifying attack within it.

Looking at this white arrow, the power contained in it was the same as Zhen Yan's.

That was why Lin Ran guessed that this was Zhen Yan's attack!

"Although this attack is powerful, I'm afraid it's not enough to withstand this move of the Immortal Emperor!"

Qin Bing said helplessly.

"The Lord of the Alliance hasn't even struck yet, the result is not yet known!"

Lin Ran said.

Qin Bing nodded and didn't say anything more.

Indeed, at this point, the white formation had broken and only Zhen Yan's counterattack had been seen.

Having yet to see the Alliance Lord's counterattack, all was indeed not yet known.

"Bang, bang, bang."

Speaking too late, just as Lin Ran and Qin Bing were exchanging words.

The two attacks in mid-air had already collided together.

Not to the two people's expectations, the white arrow though carried an unmatched power.

However, when it impacted the terrifying power above, it still died out quickly.

Not even a single wave tumbled out.

"Still not striking!"

Suddenly, the crowd heard Zhen Yan's voice.

Clearly this was urging the Lord of the Alliance on.

The duel had come to a head, and the only one left to decide the direction of the entire battle was him!

"There isn't much time left, hurry up!"

Suddenly, the Immortal Emperor's voice also sounded out.

Hearing the voices of two great powers one after another, the crowd of onlookers couldn't help but raise their hearts to their throats.

Everyone knew that the next attack from the Lord of the Alliance was bound to be very fierce.

The duel had been taken up, so naturally, no one wanted to give up so easily!

"Weng!"

Sure enough, the next moment the entire high platform actually trembled violently.

At the same time, everyone actually saw that the black dark clouds in the sky only tumbled up rapidly.

"This is!"

Lin Ran and Qin Bing also unconsciously looked towards the sky.

Originally, there were only dark clouds condensed by Immortal Emperors above the sky.

But at this moment, the two clearly felt that a terrifying force had also started to gather above the sky.

And the speed was also very fast.

"This this.... The Lord of the Alliance is going to strike!"

"Yes! The Lord of the Alliance is going to strike!"

"So much to look forward to! I'm so excited!"

One by one, the crowd around them also began to notice the extraordinary above the sky.

And long before Lin Ran and Qin Bing felt it, the head of the Immortal Emperor's original body, Tai Ku Fu Long, was already raised long before that.

A pair of blood-red eyes were even staring straight up at the sky.

It seemed to want to see the sky through.

“What exactly is brewing above the sky!”

Lin Ran couldn't help but ask.

“I don't know, but it should be very powerful!”

Qin Bing said, but his gaze never left the sky!

“Weng.”

Suddenly, there was no change above the sky yet.

Instead, the pillow book rushed out of Lin Ran's body.

“What's wrong?”

Lin Ran was busy asking when he saw this.

This appearance of the Pillow Book was too sudden, and he hadn't noticed anything different at all!

“It's it's it!”

The Pillow Book looked at the sky with excitement in his eyes, and his whole body even began to tremble from excitement.

“Who is it!”

Lin Ran was really a bit confused and was busy asking.

“It's it! It's it, it's definitely it! I didn't sense it wrong, there's absolutely no mistake!”

The pillow said, still excited.

“What's wrong with him?”

Qin Bing asked busily.

Lin Ran shook his head to indicate that he didn't know either.

“He suddenly just rushed out, I don't know exactly what happened!”

“Don't say anything! He's coming out, he's coming out!”

Pillow Book suddenly said excitedly.

Seeing this the two of them, Lin Ran was also busy looking to the sky.

Both of them were instantly stunned at this glance.

They could only see that the dark clouds had actually changed in the sky.

In the middle of the tumbling dark clouds, a white light had actually appeared.

It was as if it was a bright light that illuminated the darkness, and it was exceptionally blinding!

Moreover, Lin Ran also noticed that at the same time as this white light appeared, the eyes of the Sword Vulcan had also changed.

The two original bloodshot eyes, which were like lanterns, actually narrowed slightly.

“He’s coming!”

The Pillow Book suddenly exclaimed.

The next moment, Lin Ran didn’t hear any sound at all.

Instead, he saw that the white dot of light instantly zoomed in.

Followed by a sharp aura instantly paving the way!

There was a sharp aura in the middle of the white light, but at this moment there was nothing to see!

Lin Ran only faintly heard a series of metallic trembling sounds.

“Buzz!” The sound was like a sharp sword being sheathed.

“What the hell is he!”

Lin Ran couldn’t help but ask.

The pillow beside him had reverence in his eyes at this moment, and he had a glow in his eyes as he excitedly said.

“That’s the old Immortal Emperor’s sword! The Dragon Cutting Sword!”

Wonder Doctor Chapter 2314

“The old Immortal Emperor’s sword? Didn’t the Dragon Cutting Sword get lost?”

Lin Ran asked busily, he remembered that the pillow book had said before that the Old Immortal Emperor’s sword, also known as the Dragon Chopper Sword, had been lost a long time ago.

It had sort of disappeared with the old Immortal Emperor, so how did it suddenly appear in the hands of the Lord of the Alliance!

And I hadn’t heard the Lord of the Alliance say anything about it before!

If it was really in his possession, there was no way he could have kept it from the Pillow Book!

After all, Pillow Book was also considered a follower of the Old Immortal Emperor, and was far closer to him than the Lord of the Alliance was to the Old Immortal Emperor.

Something like the Dragon Cutting Sword, although it was a supreme treasure, it was still better to give it to Pillow-side Book.

If the Lord of the Alliance and the Pillow Book were in a hostile relationship, then it would be understandable for him not to say anything about it, but the point was that they were not in a hostile relationship.

They were even on the same side, which made it a bit incomprehensible!

“Right, I’ve also heard you talk about this, how come the Dragon Cutting Sword is in the hands of the Lord of the Alliance?”

Qin Bing couldn’t help but ask as well.

Pillow Book, however, had a bemused look on his face and shook his head.

“It’s not the real Dragon Chopper Sword!”

“It’s not real? What do you mean?”

“Yeah, what do you mean it’s not the real Dragon Chopper Sword?”

Lin Ran and Qin Bing were both looking at the pillow book in confusion.

“It’s not real if it’s not real, you can understand it as a kind of stance! A stance that contains the power of the Zeng Long Sword!”

Pillow Book explained.

“For example, some people like divine dragons and create their own dragon whistling attack, is it hard to beat you can say that this is the real dragon?”

“The same is true of the Dragon Chopping Sword, it’s just an attack created by the Lord of the Alliance himself that contains some similar power to the Dragon Chopping Sword!”

“He’s not the real Zenglong Sword!”

Lin Ran and Qin Bing only understood when they heard this.

The meaning of the pillow book was also very clear, this attack of the Lord of the Alliance could only be considered to be imitating the attack of the Zeng Long Sword.

Just how much power the Zeng Long Sword could achieve was not yet known!

But one thing was certain, that was, the attack was definitely not emitted by the Zeng Long Sword!

Otherwise, with the power of the Dragon Cutting Sword, it would only be more powerful!

“Rumble!”

As they were talking, the white light in the sky had completely split the dark clouds apart.

At the same time a long white sword the size of a hundred feet swept down from the sky above.

Seeing this white sword mane, Lin Ran and Qin Bing understood.

Although there was indeed a huge power surrounding this white sword mane, it was faintly like a real dragon coiling around it.

But all of this, in the end, was a condensation of true qi, and not a solid entity.

For example, if it was really the Immortal Emperor’s Dragon Cutting Sword, then at least the sword body was definitely really there!

And the real dragon of power that enveloped the surroundings was also condensed by the Zeng Long Sword itself!

Unlike the attack that the Lord of the Alliance had unleashed at this moment, everything was made up of power!

“How much power can this attack from the Lord of the Alliance have from the Zeng Long Sword?”

Lin Ran couldn't help but ask.

At this moment, the two attacks in mid-air had touched, and Lin Ran's heart was seized at this moment.

Wanting to know just how much terrifying power this attack from the Lord of the Alliance contained!

“It's not easy to say!”

The pillow said.

And even as they spoke, the three attacks above the sky were already completely colliding together.

Zhen Yan's white arrows were at the bottom, and the Alliance Lord's Dragon Cutting Sword Intent was at the top, enclosing the terrifying power of the Sword of Sword and Dragon right in the middle.

One on top and one on the bottom, two sides pinned down until the terrifying attack of the Immortal Emperor Vulcan.

But in that all three forces were too strong, it was impossible to tell the winner for a while!

The Pillow Book took a look at the situation in the sky before continuing.

“Back then, the Lord of the Alliance was also one of the formidable generals sitting under the old Immortal Emperor!”

“Later on, he was even crowned as the king who subdued a domain!”

“It was also because the Lord of the Alliance and the Old Immortal Emperor had an extremely good friendship back then that he didn't submit to Vulcan and instead chose to stand out after the Old Immortal Emperor met with an untimely death!”

“Perhaps it was because he had followed the Old Immortal Emperor for so many years that this had allowed him to have a deep influence on some of the Old Immortal Emperor's attacks!”

“Even the attacks he created himself began to lean in the direction of the Old Immortal Emperor!”

“But in the end, these are not Immortal Emperor's things, so just how strong this attack of his is still depends on his own strength!”

“And how much he has realized!”

The pillow said blandly.

Lin Ran and Qin Bing had probably understood the meaning too!

“Is there really no hope at all?”

Qin Bing couldn't help but clench her hands into fists.

Without knowing this she might have held on to a shred of illusion, after all, these attacks from the Lord of the Alliance looked extremely powerful too!

But now that she had found out the truth, she was a little worried instead!

After all, she knew the strength of the Lord of the Alliance, no matter what!

At least from what it showed, I'm afraid that the Lord of the Alliance and Zhen Yan combined were no match for an Immortal Emperor!

“There's not much hope, but it's hard to say things like miracles, and the results will be coming soon!”

Lin Ran said indifferently.

Although it was easy to say, Lin Ran himself knew that behind this ease was actually a reality that he didn't want to face.

“Rumble!”

Time would not wait for anyone, just as Qin Bing and Lin Ran were talking.

The three attacks above the sky were the ones that had already completely collided together.

The Immortal Emperor Sword Vulcan's attack was in the middle, and the two attacks from the Lord of the Alliance and Zhen Yan above and below were sandwiched together.

When the two attacks hit the Immortal Emperor Sword Dragon's attack, it was as if an explosive barrel had been set alight in an instant.

With a “Bang!” There was a loud bang.

In an instant, a blinding light centred on the place of the explosion, sweeping directly in all directions.

The dust flew, the yellow sand filled the sky!

It was like the end of the world for a moment.

The dust and sand blocked the view of the crowd.

It was impossible for everyone to see clearly what was happening in the field.

But everyone knew in their hearts that when the sand cleared, that would be the moment when the result would be revealed!

Even if they didn't want to admit or accept it, they would have to face it.

“Hoo hoo hoo hoo!”

Suddenly, a gust of wind sounded from the area covered by the yellow sand.

And along with the hissing of the gale, in an instant the crowd saw.

The yellow sand in the sky began to be blown away.

Everyone's eyes were busy looking towards the sky above.

But what none of the people expected was that the huge ring above the sky had disappeared!

"The ring has been destroyed?"

"My goodness, how terrifying must the attack have been just now!"

"Can it not be terrifying, that was the top three strongest fighters in the entire connection!"

The crowd couldn't help but murmur.

"Look what that is!"

Suddenly, someone in the crowd exclaimed.

At the same time Lin Ran saw that a huge shadow had actually appeared in mid-air!

That shadow covered the sky, as if it was a savage beast!

And at that moment, below his huge body, a stone platform that was less than two metres square was swaying in the fierce wind.

Only two figures were standing there on the stone platform! If it wasn't Zhen Yan and the Lord of the Alliance, who else was it?

With this scene, the result had been revealed!

Lin Ran looked at this scene and sighed helplessly as he murmured softly!

"There really is no miracle!"

Wonder Doctor Chapter 2315

"What's this?"

"Yeah, who won this anyway?"

"I can't see it! Who the hell won?"

"Don't you understand this? It's obvious that the Immortal Emperor has won!"

"The Immortal Emperor has won? On what basis?"

"Right, haven't Zhen Yan and the Lord of the Alliance fallen yet?"

"Are you all stupid! You can't even see this!"

The crowd of onlookers murmured.

Lin Ran, on the other hand, stood up straight away and rushed towards Qin Bing.

"Let's go!"

“Mm!”

Qin Bing nodded without any nonsense and followed Lin Ran before leaving the place.

Just as the two of them left, there were even more intense chattering sounds coming from behind them.

“Idiots, right you guys, the stone platform where Zhen Yan and the Lord of the Alliance were both destroyed, they must have lost!”

“Right, the Immortal Emperor wasn’t on the stone platform the whole time, he must have saved his hand at the last moment, otherwise I’m afraid the whole platform would have been lost by now!”

The chatter behind them gradually dissipated, and Lin Ran and Qin Bing also left the place directly.

The city built because of the duel, however, would not disappear with the end of the duel.

Many people had probably lived here for two years and a half, and the city would eventually be preserved.

Lin Ran and Qin Bing went back inside the camp where Zhen Yan and the others had been before.

The crowd didn’t speak, clearly this result had left many people unsure of how to face it.

After fighting with an Immortal Emperor for so long, this would be the result!

Lin Ran didn’t say much either, just sitting alone in a corner drinking sullen wine.

In the afternoon, Zhen Yan and the Lord of the Alliance finally did return.

The two men didn’t know where they had gone, and they didn’t say much.

After returning to the stronghold, they directly announced that they would return to the Payload World in an hour.

“I’m afraid that something is about to happen!”

Qin Bing couldn’t help but say when he saw this.

“Yeah, I just don’t know what it could be!”

“Let’s go check it out too!”

Lin Ran said.

Qin Bing nodded and didn’t say anything more, just held onto Lin Ran’s hand tightly!

An ish hour simply flew by for the group.

When the group had entered Zhen Yan’s space, they had already returned to the Payload World in just a few hours!

The original Salaryman World was very lively, only when the results of the Great War came through.

It made this small world, which was normally very lively, become very silent at this time.

Everyone was waiting, waiting for Zhen Yan and the Lord of the Alliance to come back and personally confirm exactly what should happen next!

“Gentlemen!”

Finally, just ten minutes after returning to the Payload World, the voice of the Lord of the Alliance resounded out.

“Is it about to begin?”

Lin Ran and Qin Bing couldn't help but sit up straighter even after hearing the voice of the Lord of the Alliance.

“Everyone should know the outcome of the Great War!”

The Lord of the Alliance said.

“Now I just want to inform one thing!”

“According to the agreement made with the Immortal Emperor before! We in the Payload World are also going to be disbanded!”

“What? Disbanded?”

“No way, why would that happen!”

“Yes! Even if we lose, there's no need to disband!”

Hearing this news, the people inside the Payload World were all anxious.

Although the Payload World had only just appeared not long ago, many people had already considered it their home!

But now the Lord of the Alliance actually said that the Salaryman World was going to be disbanded.

This made it a little difficult for them all to accept for a while.

“Gentlemen, I know that your hearts are hard, and we are just like you!”

“But the Divine Shadow Race is about to descend, everything must be done with the future of the Immortal World in mind!”

The Lord of the Alliance said.

“As agreed, whether it's the Payload World, or the Beast King Domain! Both must make a choice!”

“Either join the Immortal Emperor's camp, accept the arrangements from the Immortal Emperor's side, and form a combat unit!”

“Or, retire in hiding! Do not participate in this war!”

“You can choose yourselves, but all the same! If you choose to retreat in seclusion, there will be no one to save you in the future when the Divine Shadow Clan invades and encounters danger!”

“Of course, many people may say, if you join the Immortal Emperor’s camp, will the Immortal Emperor send someone to rescue you if you encounter danger in the future?”

“I can’t answer this question for you!”

“Everything, it all depends on your own choice!”

“All that needs to be said has been said, you have one day to think about it!”

“I’m sorry everyone, I’ve let you down!”

The Lord of the Alliance said this, and said nothing more!

The whole Payload World also fell into silence from the new.

“What do you think?”

Qin Bing looked at Lin Ran who was at the side.

“How else can I look at it, a choice must be made!”

Lin Ran said.

With a great enemy at hand, I was afraid that this was a decision made by the Immortal Emperor and Zhen Yan as well as the Lord of the Alliance.

If the Immortal Emperors were all taken over by the Divine Shadow Clan, the grudge between theirs would be of little use.

The only thing that mattered at the moment was to work together to defend against the Divine Shadow Race!

“We’ll all listen to you, but the others might have a hard time accepting it!”

Qin Bing said.

Those of them had always listened to Lin Ran!

But the others within the Salar World, not so much!

After all, what many of them had imprinted in their minds was that they were at odds with the Immortal Emperor, and asking them to defect to him!

It was a bit unrealistic to ask them to join the Immortal Emperor!

“There will certainly be emotions, but they won’t last long, after all, everyone has to face reality!”

Lin Ran said.

“Let’s find a place and discuss it!”

Lin Ran said and left the Payload World straight away!

There was no need to stay and go to the Payload World nowadays!

“Lin Ran!”

Lin Ran was just about to leave when Zhen Yan’s voice actually rang out in his ears.

“Come to my place!”

Lin Ran didn’t say anything more at his words and followed the fingerprints to Zhen Yan.

A few moments later, in a grey space!

The Lord of the Zhen Yan Alliance, as well as some important people like Li, were all here.

“Lin Ran, what do you say!”

Zhen Yan didn’t say anything, and looked directly at Lin Ran and asked.

“I will naturally go and join the Immortal Emperor’s side!”

Lin Ran said.

“You’re joining the Immortal Emperor’s side?”

Qin Bing froze as he listened!

Lin Ran, however, did not say anything more and merely nodded his head.

“I will talk to you guys about this matter later!”

“Right now I want to ask Senior Zhen Yan, there are so many people in the Salar World, what will you do if they don’t make a choice!”

“They will make a choice!”

Zhen Yan said blandly.

“You will find out later! Since you’re going to join the Immortal Emperor camp, then you should come with us later!”

“Mhmm!”

Lin Ran nodded his head.

Suddenly, at that moment, a “weng” sound was heard from the sky outside.

Almost simultaneously, everyone in the Immortal World saw it.

A huge light appeared in the originally calm sky.

The light was white at first, but eventually it turned blood-red.

A large mass of blood-red was like a poisonous tumour set in the sky.

And around the blood-red mass of light, there were countless red threads that looked like a huge red heart set in the sky.

“What is this?”

The crowd from the Immortal World froze as they watched.

And Lin Ran's heart lifted as he watched the scene before him.

At this point he finally understood why Zhen Yan had said that the people of the Salaryman World would make a choice.

It was because this thing was the very lair of the Divine Shadow Clan!

The Divine Shadow Clan was about to descend!

Wonder Doctor Chapter 2316

"What is it?"

"I don't know! It looks so scary!"

"Don't you guys think this thing looks like a nest?"

"It does seem like it!"

At this moment, the entire Immortal World Continent was exploring this thing that had suddenly appeared in the sky.

And at this moment, in the Salar World, Qin Bing couldn't help but ask.

"What is this thing? You all seem to know about it!"

Lin Ran Zhen Yan, as well as the Lord of the Alliance, indeed seemed to know something.

"This is the lair of the Divine Shadow Clan! My doppelganger had once entered it back then!"

Lin Ran spoke.

"The divine Shadow Clan's lair?"

Qin Bing was also taken aback at his words.

"That's right! This is the lair of the Divine Shadow Clan!"

Zhen Yan, who was at the side, also spoke up.

"The Divine Shadow Clan's lair appearing here at this time means that they are very close to the Immortal Realm!"

"The Immortal Realm is also alerting us that the Divine Shadow Clan is about to descend!"

"About how long!"

Qin Bing couldn't help but ask.

"A year at the latest, they will arrive at the Immortal Realm!"

Zhen Yan said.

“Yes, previously, according to our projections, there was at least five years to go, but I don’t know why the God Shadow Race has suddenly sped up!”

The Lord of the Alliance on the side also said.

Lin Ran frowned slightly at his words.

For the Divine Shadow Clan to suddenly speed up, it must be in addition to some kind of change!

And combined with the situation of the Divine Shadow Clan, it was nothing other than what his own doppelganger had stirred up in the Divine Shadow Clan!

With so many prisoners being let go, the Divine Shadow Clan must have been anxious as well.

The people inside the nine dungeons were prisoners that the Divine Shadow Clan had accumulated for many years!

As a result, they had all been taken away by themselves in one go.

Although these people were still currently trapped in the forbidden lands of the Divine Shadow Clan.

But at least they were safe for now!

I’m afraid that it was also because of this matter that caused the people of the Divine Shadow Clan to speed up their speed.

Wanting to enter the Immortal Realm as soon as possible.

After all, the prisoners were all gone, so there was no benefit in delaying!

Faintly, these things had been known to Zhen Yan and the others after they had returned in the first place, and they should have all been able to think of this.

However, none of them had said anything about it, so naturally, Lin Ran couldn’t have gone and said it himself.

“I’m afraid that news of this will soon spread throughout the entire Immortal Realm Continent!”

“With a great enemy, the unification of the Immortal Realm is already a great trend!”

Zhen Yan spoke up.

“Senior, what will you do then?”

Lin Ran asked busily.

“Naturally, you will stand with the Immortal Emperor in response to the enemy!”

Zhen Yan said.

“Lin Ran, since you have chosen to go with us to help the Immortal Emperor, there is something I have to remind you of!”

The Alliance Lord beside him suddenly spoke up.

“Senior, please speak!”

Lin Ran said respectfully.

“Although we say we’re helping the Immortal Emperor, we’re actually still under the command of the Immortal Emperor!”

“On the surface, it looks like the two families are cooperating, but you must also understand that all humans have selfish motives!”

“So in this great battle, you have to learn to protect yourself, after all, you are under a fence, and there may be times when we are the first ones to step forward and take risks!”

The Lord of the Alliance said.

Lin Ran nodded at his words, where he didn’t understand what the Lord of the Alliance meant.

Although what he said wasn’t very direct.

But the meaning of it, Lin Ran also understood!

But even so he had no way back, someone had to stay behind to watch where the battlefield was heading.

Otherwise, if they all went into hiding, they might not even know that the outside was completely taken over by the Divine Shadow Clan!

“Junior understands!”

Lin Ran said.

“Senior Zhen Yan, I still have some things to take care of, so I’ll rejoin you later!”

“Hm!”

Zhen Yan nodded his head.

Lin Ran didn’t say any more nonsense and directly turned around and left the place.

He himself had decided to join the Immortal Emperor camp, after all, Song Nuan was still in the Divine Shadow Clan, so there was no way he could hide.

But what about Qin Bing and the others?

Lin Ran didn’t want them to risk following him.

A few moments later, somewhere on a mountain within the Salar World!

Lin Ran landed here.

“Come out all!”

Lin Ran said with a wave of his palm, and instantly all of the people within the small world surfaced.

It was none other than the Pillow Book, Ayuu, Luo Qiqi, Lin Ran and the others!

“The Divine Shadow Clan is coming down?”

Pillow Book asked just as he came out.

They had been inside the small world, but that didn't stop them from knowing what was going on outside!

“Hm! You should all know about it too, so tell us what you think!”

Lin Ran looked at the crowd and said.

“What else is there to say, you've all decided to go to the Immortal Emperor camp, so we'll naturally go with you!”

Luo Qiqi said.

“Right! We'll go wherever you go!”

Ling Sa also said.

“No way!”

Lin Ran looked at the crowd but shook his head.

“Why?”

The crowd was puzzled!

“We'll talk about this later, what about you?”

Lin Ran turned his head to look at the pillow book on the side.

“I'm not going to help him!”

The pillow side book was very straightforward.

Lin Ran had also expected this, asking him to help the Immortal Emperor was obviously unlikely!

After all, their grudge was too deep.

“Understood!”

Lin Ran said before looking to the women at the side.

“Then let me say what I think!”

“The Pillow Book definitely won't be there, and there's no need for all of us to go with so many people!”

“First of all, the Immortal Emperor is not Zhen Yan and the former Lord of the Alliance, there will definitely be a lot of dangers in going this time as well!”

“And after all, it's a big battle with the Divine Shadow Clan, I don't want you guys to risk it!”

“The reason I'm going is still because of Xiao Nuan, but if we all go, once the Immortal Emperor camp fails in the future!”

“We won’t have any way back at all!”

Speaking here, Lin Ran took a deep breath and said.

“Therefore, I hope that you guys can leave with the pillow book and go find a way to leave the Immortal Realm!”

“That way, even if the Immortal Emperor camp is defeated in the future, we will at least have a way back!”

“So, you all follow Pillow Book and leave, I’ll go by myself!”

“No way!”

“That’s absolutely not okay!”

As soon as Lin Ran’s words left his mouth, he was met with opposition from the women!

“Even if you’re going, you should at least bring someone with you! Otherwise, we won’t be able to know if you’re in any danger!”

“Right!”

The women said.

“In that case, I’ll go with Lin Ran!”

Qin Bing spoke up.

“No way!”

Lin Ran, however, refused outright.

“Why?”

Qin Bing was puzzled.

“You were one of the Immortal Emperor’s people before and then rebelled, if you go, the Immortal Emperor will definitely target you!”

“And you’re a bit stronger than me, we may not be placed together by him when we arrive!”

“If we were to be attacked one by one, we would instead be very passive!”

Lin Ran said.

“I can!”

Suddenly, Lin Ran, who was on one side, spoke up.

“I’m weaker than you, and I’ve participated in great battles against Fey Devils with you before back home! It’s also some experience!”

“If even I you refuse, then we’ll have to go with you together!”

Lin Lin said.

Lin Ran looked at the group somewhat helplessly.

Ling Sa was indeed the best choice!

Long Ya hadn't even fully recovered by now because she had helped herself open the Tower of Cultivation earlier!

Luo Qiqi wasn't strong enough either, and Su Rou's personality wasn't quite right.

Qin Bing and the Immortal Emperor had an old grudge.

After all the calculations, only Ling Sa was the most suitable.

"You should at least bring one person with you!"

Qin Bing couldn't help but say as well.

She wasn't going, but she really didn't feel comfortable letting Lin Ran go alone either!

"Fine! Then Ling Sa will go with me!"

Lin Ran pondered for a moment before finally compromising.

Wonder Doctor Chapter 2317

"Well!"

The pillow had been watching the crowd from the side without saying much, and only then did he nod when he saw the crowd discussing the decision.

"They're counting on you!"

Lin Ran looked at the Pillow Book and said.

Pillow Book just smiled and didn't say anything more, there were some words in their relationship that didn't need to be said much at all.

All it took was a look to communicate everything!

"Weng!"

Suddenly, just at that moment, a humming sounded above the sky, while a huge crack surfaced directly.

"Lin Ran is back!"

A voice then rang out in Lin Ran's ears.

"It's time for me to go too, take care of yourselves on your journey!"

Lin Ran looked at the crowd and said.

"You too!"

Su Rou said.

She wasn't good with words, but at this moment, when she said this, it was obvious that she was also really a bit sad to leave.

In a foreign country, the group had been reunited so easily, only to be separated again.

"The payload world will automatically collapse in an hour, master! May we be reunited in the future!"

"All for the Immortal World!"

Zhen Yan's voice rang out.

It sounded cloudy, but who couldn't hear the helplessness in it!

"Let's go!"

Lin Ran turned his head and smiled at the crowd one last time, before he directly turned around and charged up into the sky.

Lin Lin also didn't say anything more and followed Lin Ran to leave as well.

The crowd watched for a long time, until the pillow book spoke, and only then did they leave one by one with reluctance.

Partings were always sad, and Lin Ran did not want to think about it too much.

A few moments later, when he and Lin Ran arrived at the space from before.

The Lord of the Zhen Yan Alliance and the others had all stood up as well.

"Seniors!"

Lin Ran looked at the two people and said.

"Mm! You heard everything that was said just now, so it's time for us to set off!"

Zhen Yan said.

"Mm!"

Lin Ran nodded, and then asked.

"Senior, what about those magical beasts now that the people of the Salar World have left!"

Zhen Yan was the leader of the Beast King Domain after all, and he could understand the new addition of the Immortal Emperor camp this time.

But what about these magical beasts of the Beast King Domain!

"Some of them will follow me, and the other part will go to the Hermitage!"

"The Demonic Beast clan cannot be completely extinct when it reaches me!"

Zhen Yan said.

"Understood!"

Lin Ran nodded.

Whether it was him or Zhen Yan and the Lord of the Alliance, who didn't already have some people close to them.

Naturally, there were times when he had to think of their safety as well!

"Isn't Li going?"

Lin Ran suddenly saw Lizzy at the side.

This guy was the future of the Beast King Domain, and he actually didn't leave!

"He needs to grow up, I'll bring him with me to this great battle, and if something happens to me, someone will naturally come to pick him up and leave!"

Zhen Yan said.

Lin Ran was a little surprised at his words.

Previously, Zhen Yan had been very worried about Li, and had not allowed him to go to some dangerous places.

There were even some places of opportunity where he had personally deduced the location before letting Li rush there!

But this time, Zhen Yan was actually so relieved, even though he had brought her with him, but who could guarantee that there would be no danger?

Zhen Yan obviously also saw Lin Ran's thoughts, and smiled blandly.

"Times are different now, how can there be peace in a year of war!"

"In years of peace I can give him time to grow, but in this year if he doesn't even try himself, how can I protect it from being safe for the rest of his life!"

"What senior said is true!"

Lin Ran nodded his head.

For senior Zhen Yan to have made such a decision, it was obvious that he had also given it much thought!

And from protecting it without fail, to now letting it try to bear the storm on its own.

Senior Zhen Yan had also done his best.

"Alright, it's time for us to set off too!"

The Lord of the Alliance said.

Lin Ran didn't say anything more, and the kind of people immediately entered the Lord of the Alliance's small space, before leaving the place!

The Beast King Domain had become a thing of the past, and the Payload World was also gone.

Nowadays, the Immortal World was just the Immortal World!

All cultivators would have to fight for it in the future as well.

In the small space of the Lord of the Alliance, Lin Ran and the others did not stay for long.

When they came out again, outside was already that Immortal Emperor City, which was strange in its familiarity.

Looking down at some of the places he had visited before, Lin Ran also felt a hint of familiarity.

A man who had come from Earth, he could have started fresh here!

But for some reason, this most prosperous part of the Immortal World had never had a place for him.

Coming back again after a change in time, he didn't expect it would be in a different capacity.

"It seems that everyone has started to arrive!"

Zhen Yan lamented.

Lin Ran also saw at this moment that streams of light were constantly flashing above the sky.

Apparently it was some of the great hidden clans, as well as some powers that had started to come and make contact with the Immortal Emperor!

As the duel came to an end, the Immortal Emperor was now considered the acknowledged head of the entire Immortal Realm.

Whether you wanted to or not, as long as you wanted to participate in this war, you were bound to come to the Immortal Emperor!

Otherwise relying on yourself alone would just be sending you to your death!

"Senior Zhen Yan, the Immortal Emperor is waiting for you in the main hall!"

Suddenly, a voice came from below.

Lin Ran saw that the person who had come to deliver the message was actually an elder from the Immortal Emperor's side!

This elder had once appeared with the Immortal Emperor, so he was somewhat impressed.

"The Immortal Emperor actually didn't come out between them, and now they're already putting up a front!"

The Lord of the Alliance was somewhat furious.

Zhen Yan, however, waved his hand and said.

"This Immortal Realm has let him rule over it, you still care about that!"

"I'm just a little angry!"

The Lord of the Alliance said.

“Alright, let’s go!”

Zhen Yan greeted with a smile, then led Lin Ran and the others towards the Immortal Emperor’s palace.

A moment later, in the main hall of the magnificent palace.

Lin Ran Zhen Yan had all arrived here.

And at this moment, the Immortal Emperor was sitting atop his main throne, as if he was a king looking down upon the world!

“Lin Ran! It’s been a long time!”

Seeing that Lin Ran had also arrived, the Immortal Emperor couldn’t help but smile.

“Yes, it’s been a long time!”

Lin Ran looked at the Immortal Emperor and smiled blandly.

“Luckily, you didn’t come here to get me in trouble this time, otherwise I would have had a headache for a while!”

The Immortal Emperor joked.

Lin Ran smiled blandly and said.

“I hope that the Immortal Emperor won’t give me a headache in the days to come!”

“Haha! Our enemy is the Divine Shadow Clan, as for our feud, we’ll talk about it later!”

The Immortal Emperor laughed.

“Voltron, how are you going to arrange for us!”

The Lord of the Alliance didn’t bother to be polite with him and asked directly.

“You and Zhen Yan will naturally have to sit with me to subdue the entire Immortal Realm!”

“But Lin Ran has to go to the first line, you guys know his strength well!”

“It will totally be a sharp spear!”

The Immortal Emperor laughed.

Both Zhen Yan and the Lord of the Alliance could not help but frown slightly at his words.

A line? That was undoubtedly very dangerous!

When the war started, it would be the first line that would be the most dangerous.

Lin Ran, however, nodded and smiled.

“Yes!”

In his opinion, although the first line was dangerous, it was the same as being able to directly face the army of the Divine Shadow Clan.

His aim was still to save Song Nuan.

If he stayed at the back all the time, how could he possibly reach the people of the Divine Shadow Clan.

Not to mention saving Song Nuan!

“Since little friend Lin Ran is fine with it, then you guys should go to Yun Mo City!”

“You’ll be the Vice City Master of Yun Mo City, and as for this one beside you, he’ll be your adjutant!”

“Coincidentally, the City Lord of Yun Mo City is also preparing to leave today, so if you guys don’t have anything to do, you can go directly to him later and you can leave today!”

The Immortal Emperor laughed.

Wonder Doctor Chapter 2318

“What do you think, Lin Ran? The Divine Shadow Clan isn’t coming for another year, so we’re not really that pressed for time!”

The Lord of the Alliance said.

They had come together, but it turned out that Lin Ran and Ling Sa had only just arrived, and the Immortal Emperor wanted to send them out.

And it was still to the first line, which really made him a little uncomfortable.

“Alliance, words can’t be said like that!”

Before Lin Ran could open his mouth, the Immortal Emperor was laughing.

“Although it may take a year for the people of the Divine Shadow Clan to descend into the Immortal Realm!”

“But we can’t be lax in preparing for a rainy day!”

“In fact, I have already followed the Immortal Realm and sent all my men out!”

“Yun Mo City is but a small city among the many front lines to!”

“But none of us should take it lightly, only by being prepared for everything will we be able to win this war!”

The Immortal Emperor spoke incessantly.

Yet the Lord of the Alliance was the one who had completely countered with just one sentence.

“Could it be! Anxious for even a moment?”

“Seniors forget it!”

Lin Ran spoke with a smile.

This Immortal Emperor was just trying to arrange for himself to go to Yun Mo City, so that would be a breath of fresh air for him.

Firstly, Yun Mo City could certainly not be the main defensive town, so one could say that Lin Ran was being banished!

Secondly, Yun Mo City was far away from the Emperor, if danger did break out, Lin Ran would inevitably have to go and fight for his life too!

As for the third that is, the Immortal Emperor wouldn't have to see Lin Ran every day, not seeing him out of the corner of his eye.

"Since Senior Immortal Emperor has arranged it so meticulously, I'd better not disrupt it!"

"I also beg the Immortal Emperor to send someone to take us to see Lord Yun Mo City!"

Lin Ran said.

"Lin Ran, you're leaving now!"

Zhen Yan couldn't help but ask even at this sight.

"Mm!"

Lin Ran nodded his head and did not deny it.

"Senior, there is no feast under the sun, let alone a great enemy!"

"If Lin Ran can survive the great battle, we'll have a drink at the end of the day!"

Lin Ran rushed towards Zhen Yan and the Lord of the Alliance and said with an arching hand.

"Well! Then you take care of yourself!"

Zhen Yan said.

"If there are any problems, send someone to send me a message!"

The Lord of the Alliance also said.

The words seemed even more protective.

"Mhm!"

Lin Ran smiled and nodded without saying anything more.

Originally, he hadn't even bothered to be bothered with the Immortal Emperor.

As a result, who knew that the Immortal Emperor on the side was laughing.

"Well said, when we return victorious from the great battle in the future, I will naturally have a good drink with little Lin Ran too!"

"Hehe, then I'll borrow the Immortal Emperor's kind words!"

Lin Ran laughed indifferently, how could he believe such nonsense, it would only fool children!

"Someone come!"

The Immortal Emperor also felt embarrassed and immediately waved his hand to call for one of his men.

“You take Vice City Master Lin Ran to report to Yun Mo!”

The Immortal Emperor said directly.

“Yes!”

The other party saluted respectfully, then smiled knowingly at Lin Ran and Ling Sa, gesturing for them to follow them over.

“Farewell, seniors!”

Lin Ran gestured at Zhen Yan and the Lord of the Alliance, before following the other party away with Ling Sa.

Although neither Zhen Yan nor the Lord of the Alliance were saying anything, there was a hint of worry leaking from their eyes.

Although they all knew of Lin Ran’s strength, this great battle was no joke after all.

In times of war, everything was for the sake of war, and Lin Ran was going to a place where the mountains were far away!

Even if they really encountered any danger, would they be able to get there in time?

Everything was obviously unknown!

Lin Ran and Ling Sa followed the other party all the way and soon arrived at a smaller courtyard.

There were quite a few beast trainers in the courtyard at the moment, and there were some magical beasts beside them, and all of them were Earth Dragon Beasts used to transport people and supplies!

Seeing this scene, Lin Ran and Ling Sa also remembered what the Immortal Emperor had said earlier, that the Yun Mo City Master was the one who was leaving today!

“The two Yun Mo City Masters are inside, you can go straight there, the Immortal Emperor should have already informed him!”

The person leading the way smiled, before turning around and leaving.

“Let’s go!”

Lin Ran didn’t bother to give a nonsense greeting, and immediately led Ling Sa towards the hall and headed over.

Just as he reached the door, a youth’s playful laughter came from inside.

“Come on two beauties, let brother give me a kiss!”

“Ai Ai Zhen Zhen don’t you run away!”

“Ai Ai this fruit is so delicious!”

Lin Lin couldn't help but frown slightly when she heard the voice, and although Lin Ran didn't say anything, she could tell that her face had changed a little!

"Lin Ran pays his respects to the City Master of Yun Mo City!"

Lin Ran stood in the doorway and shouted aloud.

However, there was no one in the room to answer him at all.

There were only the constant sounds of giggles, and scuffles!

"This Yun Mo is too. It's actually in broad daylight."

Ling Sa could not stand it any longer and was ready to go up and knock on the door.

But Lin Ran stopped her!

"Don't be impulsive, we're only responsible for minding our own business!"

"But he!"

Ling Sa was still a little angry, yet Lin Ran shook his head at her.

"Lin Ran pays his respects to Lord Yun Mo City!"

Lin Ran shouted once more

And this time after his voice fell, the sound of frolicking in the hall came to an abrupt halt.

At the same time the sound of a footstep came over.

"Can't you hear that old me is busy? And you keep shouting, Lin Ran what Lin Ran! All I know is that old me is the city master here!"

As the door to the room opened, a voice with anger also came out.

Lin Ran and Ling Sa then saw that a man in his early thirties was standing in the doorway with his clothes unkempt.

Through the doorway, they could even see two other sultry beauties drinking inside.

"You're Lord Yun Mo City, aren't you!"

Lin Ran asked as he looked at the other man with a bland face.

And Ling Sa had already turned away straight away in shame and anger, not bothering to pay any more attention to this Yun Mo.

"Nonsense, it's not me or you!" Yun Mo said disdainfully.

"Okay nothing hurry up and get lost, don't bother me!"

Yun Mo said and was about to close the door and go back.

Ling Sa on the side couldn't take it anymore and spoke up.

“Yun Mo city group, we are arranged by the Immortal Emperor to come here, and Lin Ran is also the Vice City Lord!”

“We want to ask when we’re leaving for Yun Mo City today!”

Ling Sa’s words directly drew all of Yun Mo’s attention.

When he saw Ling Sa’s face, his entire eyes instantly lit up.

“Holy shit, where did such a beautiful girl come from! Come come let’s come in and talk!”

Said Yun Mo, about to pull Ling Sa’s hand.

Lin Ran just looked on indifferently, his eyes getting colder and colder.

Seeing this, Ling Sa jerked her palm and dodged Yun Mo’s cold voice.

“Yun Mo City Master, please behave yourself! I ask you a question again!”

“What question, when to leave is not still a matter of my words!”

“If you are willing to come in and have a good exchange with me, I don’t mind setting off in a moment!”

Yun Mo laughed, but his gaze was unrestrainedly glancing at Ling Sa!

“Not interested!”

Ling Sa couldn’t stand it anymore turned around and left the place.

Lin Ran, on the other hand, said with a bland smile.

“Since Lord Yun Mo is busy, then we won’t bother you!”

With that, Lin Ran closed the door with a bang.

It was not known whether it was intentional or unintentional, but the door hit the bridge of Yun Mo’s nose with a heavy thud.

A red mark was instantly left behind!

“What the fuck, and don’t eat the lift! When we get to Yun Mo City, I’ll see how you can escape from me!”

Yun Mo cursed in his heart.

“But that Ling Sa is really good looking, if I could push. Haha!”

Just thinking about it Yun Mo couldn’t help but have a wicked smile appear on his face!

Wonder Doctor Chapter 2319

With Ling Sa on his mind, Yun Mo’s heart was in turmoil, and after looking back at the two vulgar people inside his room, he really couldn’t raise half an interest either.

“Forget it, someone come!”

Yun Mo put his clothes back together and shouted directly.

“My lord!”

A guard ran over at the door.

“Inform this down, we will leave in half an hour!”

“Yes!”

The handlers answered, and immediately ran to inform the news.

With Ling Sa in mind, Yun Mo didn't want to wait for a moment, he quickly packed his things, and half an hour later, the party set off on time!

Lin Ran and Ling Sa naturally did not know this, and wondered why Yun Mo had suddenly set off in such a hurry.

But the two of them didn't bother to ask too many questions, and found a separate magic beast for the two of them to follow directly!

Yun Mo City is technically at the border of the Immortal Emperor's control range!

The entire Immortal Realm was vast, but the places that were actually inhabited by humans accounted for less than a third of the Immortal Realm's extent.

Most of the remaining places were either covered by ten thousand years of ice and snow, or the spiritual energy of heaven and earth was thin.

So these places have almost become areas of adventure.

Yun Mo City was at the border with such places.

It was considered to be one of the most marginal towns in the whole area under the control of the Immortal Emperor!

According to the time budget, even with flying magical beasts, it would take at least a day for them to reach Yun Mo City.

And they would have to pass through several large teleportation arrays in between!

It was already late in the evening when the group set off.

It was a good thing that Yun Mo hadn't made any trouble while they were on their way!

Finally, in the early hours of the morning, they passed through all the teleportation arrays!

And for the rest of the half-day journey, they had to rely on the flight of the magical beasts because there were no large teleportation arrays!

It was dawn when Lin Ran and Ling Sa stood on the back of the flying beast.

At this moment, the ground below was desolate, and the flying magical beasts had to fly for almost half a day before they could occasionally see a city or a pool.

And apart from this desolation, the only thing that the two of them could see was the huge stretched mountain range in the distance in the sky.

“That mountain range looks so strange, I wonder what it is!”

Lin Ran couldn't help but say.

Lin Ran nodded at his words.

He could only see that there were dark clouds rolling above the mountain range that stretched out in the sky.

However, in the range beyond the mountain range, there were no dark clouds.

It was as if the mountain range had committed some crime and was covered in dark clouds all the time.

From time to time, there would even be thick thunderbolts striking down directly.

The whole thing was a scene of the end of the world.

“Two, the City Master has an invitation!”

Just as the two were admiring the distant scene, a voice suddenly came from beside them.

Turning his head to look, he was none other than Yun Mo's guards.

“Hm!”

Lin Ran responded, and immediately followed the other party with Ling Sa to find Yun Mo.

The magical beast Yun Mo was in was also a separate one, and there were four guards on top of it.

As for Yun Mo and the others, it was naturally impossible for them to stay on the back of the magical beast, but they had entered the spatial artifact long ago!

“Please, two of you!”

The man leading the way didn't say a word of nonsense, greeted them and promptly led Lin Ran and Ling Sa into the spatial artifact!

A few moments later when Su Chen and Ling Sa saw what was in front of them, they both couldn't help but be taken aback.

They saw that within this spatial artifact, they could actually see the outside.

The lightning mountain range, the desolate ground and so on that Lin Ran and Ling Sa had seen earlier could actually be seen at this moment!

And Yun Mo was really leaning comfortably on a chair, and the two beauties next to him were bringing him tea and water from time to time!

“Ling Sa you're here, come and do it!”

Yun Mo's eyes went straight when he saw Ling Sa, and he was busy pushing the two beauties beside him aside and greeting Ling Sa over!

However, Ling Sa didn't even bother to pay him any attention, she just gave him a blank look without even saying anything!

"Yun Mo City Master, what do you want from us?"

Lin Ran looked at Yun Mo and said blandly.

This fellow's lustful nature was something he had seen long ago, but he didn't bother to pay him any mind!

After all, with his eyes open on him, there was nothing Lin Ran could do!

"I found you guys to blandly have something to do, otherwise I would have found you guys to walk around!"

Yun Mo said in a cold voice, appearing to look a little impatient.

"We're about to enter the confines of Yun Mo City, Vice City Lord! Lord Yun Mo City has asked you to come here because he also has something to tell you!"

The warlord at the side was busy speaking up.

"Speak!"

Yun Mo gave Lin Ran a blank look before looking at Ling Sa with a light in his gaze, as if he wanted to fix his eyes on Ling Sa!

"Vice City Master Lin, we're about to arrive at Yun Mo City!"

"There are two things I need to tell you in advance here, so you can also be prepared!"

The Warlord said.

"Go ahead!"

Lin Ran's face was bland as he looked at the City Master!

"Good! It's nothing really, just two places to watch out for!"

Said the Military Master, pointing to the rolling mountain range not far away in the sky.

"That mountain range is the Thunder Punishment Mountain! It is a place left behind by the old Immortal Emperor to punish evil cultivators!"

"It is surrounded by thunder and lightning all year round and even some Immortal Realm powerhouses' lives are in danger when they enter!"

"So don't go there as a last resort!"

"And this Thunder Punishment Mountain will also become the most natural barrier outside of Yun Mo City, so our Yun Mo City is still relatively safe!"

Lin Ran nodded as he listened, this Thunder Punishment Mountain may look depressingly shocking, but for the battle alone!

It was still pretty good, at least it could be considered a natural barrier!

“Apart from this, Vice City Master Lin also needs to pay attention to another place!”

The Warlord said, pointing to the bottom of one side.

Lin Ran and Ling Sa were stunned, not understanding what he meant.

However, when the two people’s gazes followed the direction of the Military Master’s finger, they looked over.

They were instantly frozen in their tracks.

They only saw that in front of the earth below, a huge hole had actually appeared.

The entire hole was as if it had been carved out naturally, it was enormous, and it was bottomless!

It was like a ghost hole.

Moreover, in the vicinity of this huge black hole, the colour of the earth began to gradually deepen.

If one didn’t look closely, one would really think that this area was just a bit darker on the ground.

“Then what is it?”

Lin Ran asked as he busily looked at the Military Master.

Armsmaster smiled and said.

“This place is called the Lost Heart Stream, and just like that Thunder Punishment Mountain, this place is also weird! However, it wasn’t left behind by the old Immortal Emperor, but formed naturally!”

The Warlord explained with a smile.

“Although this Lost Heart Stream appears to be a large hole that is deep and bottomless.”

“But its mystery is even more powerful than the Thunder Punishment Mountain!”

“After all, everyone at Thunder Punishment Mountain knows it’s related to the Old Immortal Emperor, and the punishment inside isn’t exactly life-threatening! So it’s just awe-inspiring!”

“But this Lost Heart Mountain is something that makes the locals talk about it!”

“Why?”

Lin Ran asked, puzzled.

Was this Lost Heart Stream so terrifying?

“Yeah, why!”

Lin Ran, who was at the side, couldn’t help but ask as well.

This Lost Heart Stream looked a little shocking, but it didn’t seem like there was anything special about it!

“What do you two know, listen to the warlord!”

Yun Mo leaned back in his chair and said blandly.

The warlord smiled and said.

“You two that’s because you haven’t heard about this Lost Heart Stream!”

“When you guys have heard about it, you will definitely believe me!”

Said the Military Master and introduced this Lost Heart Stream!

Wonder Doctor Chapter 2320

It turns out that there is something to be said about why this Lost Heart Stream is called the Lost Heart Stream!

The Lost Heart Stream itself is a very magical place.

Within a hundred metres of the large pit in the middle of the Lost Heart Stream, one must not go near it!

Once you get close, your mind will be disturbed, as if you have been struck by madness.

Basically, if one enters within a hundred metres of the Lost Heart Stream, almost no one will come out alive.

Most of them would rush towards the deep pit in the middle of the Lost Heart Stream like crazy and end up plunging straight into it!

Of course, that’s not to say that no one could really resist!

There was once a powerful great power who came here to try and managed to get out of this state of lost heart within a hundred metres.

It was also after he came out that he warned his descendants not to go near the already hundred-metre range of the Lost Heart Stream.

Otherwise the consequences would be at your own risk!

“What exactly is inside that lost-mind stream? How can it make people’s minds go astray?”

Ling Sa couldn’t help but ask.

“There are many reasons for this, how can I answer this question for you!”

Before the warlord could say anything, Yun Mo on the side was laughing.

“But Miss Ling Sa, you don’t have to worry, when we get to Yun Mo City, I can protect you!”

Yun Mo said with greed in his eyes.

“No need, it’s better to mind your own business first!”

Ling Sa gave Yun Mo a lazy look and ignored him!

“I don’t think Lord Warlord has finished yet!”

Lin Ran didn’t bother to ignore Yun Mo and looked at the Warlord.

“Hm!”

The Military Master nodded, and then continued.

“This Lost Heart Stream is not to be approached, basically all the locals know about it, and there are also clear reminders set up outside the Lost Heart Stream!”

“As long as people who are not too curious are fine!”

“But this Immortal World is after all a world of cultivators, so there are still many unbelievers who will run to see it!”

“And these people who got close, basically never came back in the end!”

Speaking here, the warlord paused and then said.

“And the second terrifying thing I’m going to say about this Lost Heart Stream is this!”

It turns out that getting close to the Lost Heart Stream will disturb your mind and you will fall straight into the deep pit in the middle, this is only one of them!

The real horror of the Lost Heart Stream is one more thing.

The real horror of the Lost Heart Stream is that there is always a strong wind blowing around it!

And every time a strong wind would blow around the Lost Heart Stream, many people would appear around the Lost Heart Stream!

“Do you know what kind of people these people are?”

The warlord looked at the crowd and said.

“It can’t be the people who fell into the Lost Heart Stream before!”

Lin Ran said with a slight frown.

“Haha! That’s right it’s them!”

The Warlord’s tone suddenly became sharp.

“Whenever a gale rises around the Lost Heart Stream, the people who fell into it before will be swept out of the deep pit by the gale!”

“Of course not everyone can be swept out!”

“Some may fall in for a long time and never emerge!”

“And some may be swept out by the gale in just two or three days!”

“There are no absolutes in such things! But what I’m saying is this!”

“All these people who were blown out by the gale became living dead!”

“They have no sanity and know no pain! They kill people on sight!”

“That’s what’s most dangerous!”

Lin Ran and Ling Sa were both silent when they heard this!

According to what the warlord had said, this Lost Heart Stream was simply a place that destroyed the spiritual wisdom of cultivators.

Anyone who fell into it ended up becoming a living death!

“How on earth did such a place form?”

Ling Sa couldn’t help but ask.

Yun Mo, who was on the side, laughed at his words.

“How was it formed? The heaven and earth formed naturally!”

“This Immortal World is so big, and the dangerous places are countless, according to the statistics recorded by the Immortal Emperor over the years!”

“We cultivators haven’t even explored less than a third of the entire Immortal Realm!”

“The infinite wonders of the Immortal Realm are not something we can pry into!”

“It is true that the wonders of the Immortal World are beyond our ability to pry into! But Military Master, what happened to all these living dead who were blown out by the gale?”

Lin Ran asked as he looked at the Military Master.

It couldn’t be that these people who had been blown out by the gale had ended up just straying out!

“These people, ah, are all dead!”

Armsmaster said.

“These people have no will at all, they will rush out of the Lost Heart Stream, but once they leave the confines of the Lost Heart Stream, they will quickly die!”

“And finally turn into a puddle of mud!”

“I’m telling you all this to remind you not to go near the Lost Heart Stream when the wind picks up!”

“It will be very dangerous!”

“Understood!”

Lin Ran nodded.

“Alright, that’s basically all I have to say, we’re near the Lost Heart Stream right now, but we’ll be passing through here soon!”

“You guys go back and get ready, once you’ve crossed the Lost Heart Stream, you’ll also be in Yun Mo City!”

The warlord said.

“Good! But Military Master, I have a question along the way, why are there only so many of us, isn’t there anyone else guarding Yun Mo City?”

Lin Ran asked.

This was the Great War after all, how could there only be a few of them, there had to be some troops at the very least!

“You don’t have to worry about that, a large army was dispatched within Yun Mo City long ago! It’s just waiting for us to go over there!”

The military commander laughed.

“Right! That Ling Sa, do you want to go to the Lost Heart Stream to have a look, I can protect you!”

Yun Mo on the side suddenly laughed, looking very enthusiastic.

“Aren’t you afraid that there will be no return?”

Ling Sa glared at Yun Mo, not bothering to pay him any more attention!

“Joke, how can I say that I am also the City Lord of Yun Mo City, do you know how to say the word town?”

“I was sent here by the Immortal Emperor, just this status alone can definitely quell this Lost Heart Stream!”

“It dares to touch me? It’s simply laughing.”

Yun Mo was laughing smugly.

However, before his laughter could end, at once they saw that smoke and dust had actually risen above the earth outside.

The small space they were in then actually shook violently.

One should know that such small spaces could all be individually balanced systems within them.

Although they were on the back of a magical beast, they could not feel the vibration of the beast’s flight at all.

To make them feel the vibration inside this small space, it could only mean that there was a force acting directly on a magic tool like the small space!

“The wind is picking up outside!”

Ling Sa exclaimed.

“Not good!”

The warlord also saw the situation outside at this moment, and his face immediately changed.

“What are you afraid of, Warlord, aren’t we not in the range of the Lost Heart Stream? Is it hard to believe that this gale can still sweep outside the Lost Heart Stream?”

Yun Mo looked like he didn’t care!

“My lord, this small space.”

“The small space is vibrating, you say!”

Lingsha directly interrupted the warlord, her face very ugly.

“Holy shit, can’t we still be swept in?”

Yun Mo said disdainfully.

However, at this moment, Ling Sa and the others were not even answering, instead, they looked at the scene outside and their faces changed.

“This mouth of yours is open, isn’t it!”

Lin Ran suddenly said in a cold voice, and then turned around and walked away.

Seeing this, Lin Ran was also busy following.

The warlord was busy saying.

“My lord, don’t go out, we’re caught in the range of the Lost Heart Stream, and I’m afraid that the living dead will be swept out!”

“What?”

Yun Mo Wang said and at once his whole face changed and cold sweat instantly broke out!
