

Chapter 2319– 2320 of A Dish Best Served Cold Novel

Chapter 2319

This month, the reading is menacing, and the murderous intent is boiling.

He didn't know whether the words that the Dragon Lord told him to convey could make them escape from death.

However, Yuedu didn't pay attention to the words of the black-clothed man at all. His stunning face was still as cold as frost, and between his brows, there was endless anger rising.

After all, the other party's invasion and killing have seriously trampled on the bottom line of Japanese martial arts.

A powerful foreigner who entered Japan without permission was a major taboo in the martial arts world.

Nowadays, there is even more mass killings, successive slaughters of military and political giants in Japan, causing lives to be disheartened and blood flowed into rivers.

Such behavior is undoubtedly a violation of the national dignity of Japan, a blasphemy against the Japanese martial arts world, and a great contempt for her, the strongest person in Japan.

If it were spread out, wouldn't they make the world laugh at their Japanese martial arts?

Therefore, after learning about this, Thunder was furious and decided to take action personally to kill these invading madmen in order to maintain the power of Japanese martial arts, and to emulate you!

Therefore, the black-clothed man could not explain at all, the anger Moonreader had already raised his arm.

The strength gathered, and the energy swept.

Under the slender fingers, a terrible attack began to brew under his men.

Seeing that, Yuedu is planning to kill the two Long Baichuan on the spot!

Feeling the terrifying power of Yuereading, Long Baichuan's eyes were desperate, and his heart trembled.

It was the man in black, with a pale face, like facing the abyss, walking on thin ice.

The only ones who can laugh are Mochizuki River and Ishiye Ryu.

"I don't know what to live and die."

"My Japanese martial arts, there is a month to read the guardian of the gods, can you do it?" "However, you can die under the hands of my sun, the moon, and the gods. It is enough to be proud. With a sneer, Ryuichi Ishiye added fuel to the fire, and once again worshipped Yuereading, and said in a deep voice: "Please Yuereading God, behead this madman on the spot, in order to pay tribute to the eight thousand who died in Japan. Heroic spirit!" Boom~ Ishiye Longyi's words, like a boulder falling into the sea, set off a huge wave.

At the moment his words fell, there was a voice exploding in the void in front of him.

Later, Long Baichuan and others saw that Yuereading Tianshen snapped it up.

A huge and majestic palm print covering the sky, slammed down towards Long Baichuan and the black man.

No one doubted that after this palm fell, Long Baichuan and the others, even if they were not dead, would have to shed their farts!

"It's over, it's completely over~" Before dying, the desperate Long Baichuan suddenly wailed.

He did not expect that this first trip to Japan to perform a mission would be the last.

It's a pity that when he died, he couldn't see the day when the Dragon Lord, the beacon ignited the fire!

However, just as Long Baichuan was desperate to die, the man in black beside him gritted his teeth and shouted: "The sky of the East Vietnam Sea, the jade fan is hanging upside down."

"Under the sun, Fuji Baixue."

Tsiao!

What is this?

Death is approaching, still reading poetry here?

I said Lord Dragon God, can we stop making trouble?

When the black man shouted, Long Baichuan next to him almost cried.

He originally thought that at the moment of desperation, this dignified dragon god would be able to fight for life and fight to the death.

But Long Baichuan never thought that this Lord Dragon God had no intention of resisting and fighting at all, instead he started reading poems here.

What he wanna do

Chapter 2320

Do you want to read poems and read the gods this month?

Long Baichuan wanted to cry without tears.

However, the words of the black-clothed man still echoed.

“Dare to ask Yuedu Pavilion Master, can you still remember the life of my dragon lord at the top of Mount Fuji?” “Can you remember that on the sky tree that day, my dragon lord watched and accompanied?” Lord, have you really forgotten that Brian Chu under Denham City?” Booming~ The words are like thunder, and the Tianhe is rolling by here.

At the moment these words fell, the peerless figure in front of him suddenly stagnated.

The power of the whole body was dispersed in an instant.

Especially when she heard the three characters Brian Chu, the woman in front of her was struck by lightning.

She was trembling and her pupils shrank.

A pair of beautiful eyes widened quietly.

In my heart, there was even more stormy waves.

The original majestic and dusty temperament disappeared for a few points.

If you say that the previous three gods pavilion's pavilion is a high above, cold and holy moon reading god.

So now she is like a little girl who is suffering from lovesickness at the beginning of her love.

She dissipated all her power, looked forward with her beautiful eyes, and asked anxiously: “How do you know my master's name?” “Do you know my master?” “Or, the

master sent you here, he didn't Death?" The woman in front of her asked anxiously, with surprises, expectations, and panic in her words.

At the beginning, after Yuedu awakened, the previous Haruhi Yingyue was no longer there, and this body was no longer under the control of Haruhi Yingyue.

However, I don't know why. Although Yuedu's consciousness awakened, Haruhi Yingyue's consciousness did not dissipate.

Therefore, in this body now live the souls and consciousness of two people.

One is monthly reading, and the other is Haruhi Yingyue!

Now, after hearing the news of his own master, the consciousness that belonged to Haruhi Yingyue was hidden in this body, and even came out.

She anxiously asked Xiang Long Baichuan and the others, and her words were full of longing and joy.

Since the news of Mark's fall, Haruog Yingyue is undoubtedly extremely sad.

During this time, she personally went to the sea area where the incident occurred, not knowing how many times she went.

She even wanted to kill Sato and the others to avenge her master.

However, this body does not completely belong to her after all.

Therefore, even if she wanted to avenge Mark again, she couldn't do it if she read it for a month.

It has been so long since Mark's accident, Liang Gong Yingyue has almost accepted the reality of the fall of her master.

But now suddenly hearing the news from the master, Haruhi Yingyue was naturally delighted and panicked.

When Haruhi Yingyue asked anxiously, the man in black heaved a long sigh of relief: "I'm saved~" Long Baichuan was also shocked.

However, after rejoicing, Long Baichuan couldn't help but tremble: "Master?" "Could it be that the highest god of the Japanese kingdom is also a subordinate of the Dragon Lord?" Long Baichuan's heart trembled again, and doubts.

And the man in black answered honestly at this moment: "The master you mentioned should be the dragon master, right?" "This time, we are indeed ordered by the dragon master."

“The dragon master said, if I saw Pavilion Master Yuedu and greet you on his behalf.”

“Anything else? Did the master say anything?” The woman in front of me asked anxiously, looking like a girl who was alone in her boudoir. The lover’s reply.
