

Wonder Doctor Chapter 2321

“Go on, you, go on! Kill all those people who have lost their minds, I don’t want to see them!”

Yun Mo was busy urging.

“Yes, my lord!”

The warlord said and also busily ran out from within the small world.

However, at this moment, Lin Ran and Ling Sa had just left the small world, and at once the two of them appeared in a desolate land.

The flying magical beast that was originally carrying them was now lying on the ground to the side, its body clinging to the ground, apparently fighting the fierce winds around it!

“The wind is too strong, and the surrounding area is filled with dust, so divine sense can’t probe at all, we’d better guard here, so as not to get separated later on!”

Lin Ran shouted busily.

Lin Ran looked towards the surroundings and said.

“No way! We’ve gotten separated from the others, and the other flying magical beasts still don’t know where they’ve landed!”

“There’s yellow sand all around us and we don’t know exactly how many Heartless Cultivators there are, we have to at least get a clear picture of the surrounding area!”

“Or else we’ll be surrounded later, and that’ll be a problem!”

Lin Ran said busily.

At this moment, there was smoke and dust everywhere around them, and one could barely see anything beyond a distance of five metres!

Moreover, at this point deep within the Lost Heart Stream, the divine messenger was also cut off by some kind of power, making it impossible to probe at all!

Even if Lin Ran, Ling Sa and the warlord who had just rushed out were each guarding one direction, there was still another direction that no one was guarding!

It was impossible to expect Yun Mo to come out and guard it!

They might even have to protect this guy when the time came.

If they didn’t get a clear picture of the surroundings, they would be surrounded by these mindless cultivators when the time came.

Lin Ran could take Ling Sa away with him, but what about Warlord and Yun Mo?

He couldn’t guarantee that!

If Yun Mo died before this reached Yun Mo City, it was possible that the Immortal Emperor might even pick a shit on himself then!

“I’m going to check the situation nearby, it won’t be beyond your divine messenger scouting range!”

Lin Ran said.

“Good! Then you take care of yourself!”

Lin Ran busily said.

Lin Ran nodded and at that moment, he did not delay any longer and rushed towards the front.

Lin Lan Sa had asked the warlord to guard the other direction, so that Yun Mo wouldn’t even know that he had been attacked!

Lin Ran, however, had just rushed out less than four metres when he saw a black figure in the dusty sky!

There was a black figure groping towards them.

These black figures were human, but they were covered in a thick layer of dust, just like a walking mud man!

It was impossible to see their faces clearly!

Looking at the dust that filled the surroundings Lin Ran didn’t find it strange!

Having always lived in this kind of environment, it was understandable that their bodies were wrapped in thick mud.

Lin Ran looked at the speed of these people, they were not particularly fast, but their direction was very clear.

They seemed to be able to sense the presence of Lin Ran and the others!

“At this speed, I’m afraid they’ll be here in less than ten minutes at most!”

Lin Ran calculated in his mind and immediately felt his way in another direction.

At least they had to look for any gaps, if there were such mindless cultivators all around.

Then they would have no choice but to break out!

Lin Ran quickly circled towards the surroundings.

He turned in a total of three directions, but without exception, all of them had these black figures.

It was as if they had fallen down and become sheep falling into the wolves and were directly surrounded!

“Well?”

Seeing Lin Ran return Ling Sa was busy asking.

“The situation isn’t good, there are those kind of mindless cultivators in the three directions to the left and right in front of us!”

“Looks like we can only break out in the other direction!”

Lin Ran said.

“Break out? This Earth Demon Beast is already frightened, it can’t even be collected into its storage space now, how can we break out?”

The military next to him said busily.

“This Earth Demon Beast has to be given up or we’ll be surrounded!”

“By the way, how strong is this Mind Loss Cultivator?”

Lin Ran asked busily.

If the strength of these people wasn’t high, there was nothing to fear!

Just be afraid that these people were already completely different from the original!

“They’re all about as strong as they were before they were born, but you can’t kill them at all in a place like this!”

“Unless the gale around them stops and they can die on their own in half an hour!”

“Otherwise you can’t even kill them!”

Armsmaster said busily.

“And you can try, once the wind and sand are up, they can’t absorb the power of heaven and earth around them at all either!”

Lin Ran and Ling Sa sniffed and were busy trying it out, and sure enough, they found that they were actually unable to sense the power of heaven and earth at this point!

In other words, before the sand stopped, every time they used a little more power, they would lose a little power!

And it wasn’t even being replenished!

“This is trouble, we can only break out as soon as possible! Then go find the other Earth Demon Beasts!”

Lin Ran said.

The military commander Yun Mo had brought with him was also a wine bag with little strength, and could only please Yun Mo a little!

It was obvious that it was impossible to count on him at this point!

Lin Ran’s made a split-second decision and said.

“Call out to Yun Mo to come out and break out immediately! Time is running out!”

“But...”

The warlord still had some hesitation, Yun Mo had asked him to come out and kill those mindless cultivators!

If he ran back to find Yun Mo, he would definitely be scolded!

But at this moment this situation around....

“Don’t hesitate, take a look for yourself!”

Ling Sa suddenly said.

The warlord smiled and looked towards the surroundings, and under this look his own face changed.

Only to see that some black figures could already be faintly seen in the yellow sand around.

“Good! I’ll go!”

The warlord couldn’t stand seeing this situation anymore.

Compared to losing his life, being scolded was a painless matter at all!

“Go!”

Lin Ran immediately didn’t delay, pulling Ling Sa in a direction that wasn’t scouted and ran over.

The two of them had just run out three or four metres when, on the back of the Earth Demon Beast behind them, Yun Mo and his two beautiful guards ran out.

“What’s going on, why isn’t it out yet!”

When Yun Mo saw the situation around him, he couldn’t help but open his mouth and ask.

“City Lord, the situation is critical, drive away with us!”

The military at the side shouted busily.

However, Yun Mo smiled but did not stop at all, pointing to the Earth Demon Beast on the side and said.

“The Earth Demon Beast is here, where else are you going to go! Do you still want to run out on two legs!”

“I’m not going anywhere, I’m right here!”

Yun Mo said and actually made his way down on the back of the Earth Demon Beast.

Seeing this, the two beautiful maids beside him were also busy saying.

“That’s right! Can you guys leave without the city lord?”

“Yes, why don’t you hurry over to escort him!”

“Idiot, you!”

Ling Sa looked at Yun Mo in also couldn’t help but curse out directly.

Because at this moment, in the smoke behind them, those black figures were already getting closer and closer!

“What did you say? I’m telling you Ling Sa, don’t think that just because you’re good looking, this City Lord won’t dare to touch you!”

“If you dare talk to me like that, believe me or not.”

“Ah!”

Before Yun Mo finished his sentence, a cry of alarm came from a servant girl next to him.

Following that, Yun Mo saw that blood was actually coming out from the chest of the maid standing next to him!

At the same time a sharp palm had emerged from the wound!

“Ah! Help!”

Seeing this, Yun Mo was so frightened that he almost pissed himself, turning his head to see that there were black figures standing behind him at some point!

Wonder Doctor Chapter 2322

“Get over here!”

Lin Ran shouted as he saw this.

However, at this moment, Yun Mo had already been scared to the point of fainting.

It was already a miracle that his legs were weak enough to stand still, let alone asking him to run over!

This was simply impossible!

“Come over here, City Master!”

The military shouted as they saw this.

“Why don’t you fucking come and get me!”

Cold sweat broke out on Yun Mo’s head in his anxiety.

And of the two maids at the side, one of them was already unmoving, apparently her life was gone!

The other one was so frightened that her whole body was trembling.

The next moment, they heard a scream, and the other maid ran towards Lin Ran and the others in a frenzy.

“Get lost!”

Yun Mo’s face turned green when he saw that his woman had left him behind.

But at this moment, the warlord herself was scared to death, so how could she dare to go up to pick up Yun Mo.

For a moment, Yun Mo was simply so angry that he almost exploded!

“A bunch of trash, if old me dies you guys don’t either.”

“Ah!”

Before Yun Mo could finish his sentence, he immediately let out a miserable scream.

Only to see that the maid who was on the other side of him at that moment had actually smashed his entire body directly towards him.

The servant girl died in a miserable manner, her face was covered in blood, so frightened that Yun Mo almost did not pass out.

He instinctively dodged the maid, but before he could take a breath.

But before he could catch his breath, a dark face came up behind the maid.

The black face was devoid of any features, and the whole face seemed to be covered with a thick layer of dust.

But on his arm, it was still stained with blood.

It was obviously left by the very same maid who had just died.

“Come over here, City Master!”

The military commander saw this and quickly shouted.

If this Yun Mo dragged on, he would definitely be the one to die later.

But right now they hadn’t even reached Yun Mo City, and if Yun Mo died here.

If Yun Mo died here, he wouldn’t be able to explain to the Immortal Emperor!

“I’ll go and save him! You guys wait here!”

Lin Ran saw that he couldn’t delay any longer and immediately shouted.

However, Ling Sa stopped him!

“I’m going to save him! You go and see if there is an exit up ahead or not!”

Lin Ran was stunned, and only then did he see that a black shadow had begun to emerge in three directions behind Yun Mo’s back!

Obviously, they were already surrounded, so if they didn’t find a way to break out, they would really become turtles in a jar!

“Good!”

Seeing this, Lin Ran didn’t bother, and immediately ran out towards the front, ready to see if there were any more of those mindless cultivators in the remaining direction!

Just as Lin Ran rushed out, Ling Sa also moved!

The warlord at the side saw it.

With an arrow stride, Ling Sa reached directly in front of Yun Mo.

However although Ling Sa's speed was already fast.

But Yun Mo had been in place for too long!

At this moment, the out-of-mind practitioner in front of him had already reached him, and his palm that was still stained with blood was raised at this moment.

And without any further ado, it slapped directly towards Yun Mo's head.

Thinking about how the maid had just been pierced through the chest directly without even reacting.

Yun Mo's legs were unconsciously trembling at this moment.

"Why are you still frozen in place, run!"

Seeing this, Ling Sa couldn't help but scold, by now she had already grabbed Yun Mo's arm!

But this guy's whole body was like lead, standing still and not moving at all!

"I... I want to fucking run too, but look at my legs, is he listening to me!"

Yun Mo simply wanted to cry without tears.

"Rubbish!"

Ling Sa could not help but curse at her words.

However, even if she scolded him, it was useless, Yun Mo was already scared out of his wits!

Seeing this, Ling Sa didn't bother to talk, if she delayed any longer, Yun Mo would have to die.

She instantly raised the long whip in her hand.

The fiery red long whip then cut a stunning arc directly.

It flew directly against Yun Mo's cheek.

The next moment, one could only hear "Ka-ching! Bang!" Two sounds rang out.

Yun Mo instantly saw that the high raised arm of the black figure was broken in two by the long blood-red whip in an instant!

And the long whip had no intention of stopping.

It smashed straight through the black figure's neck.

It directly knocked his head off!

"Poof."

Black dirty blood instantly spilled all over Yun Mo's face, and he even witnessed this bloody scene with his own eyes.

“Come here quickly, those people you can’t kill, in a moment he’ll have a chance to come back to life from the new!”

The warlord at the side was busy shouting.

“Go!”

Ling Sa was busy shouting, but at this moment, Yun Mo was standing in place just like a statue.

There was simply no reaction at all!

“Rubbish!”

Seeing this, Ling Sa was ready to directly carry Yun Mo up.

But just as she bent down, she saw that Yun Mo’s legs were trembling and there were water stains running down his trouser legs!

“You!”

Ling Sa was even more speechless, this guy had actually been scared to pee!

“What a useless man!”

Ling Sa said, and then she yanked Yun Mo’s collar and rushed out towards the front like dragging a dead dog.

“Go, go, go!”

Seeing this, the warlord no longer dared to delay and immediately followed behind him and ran out towards the front as well.

“Well!”

Soon they saw Lin Ran who had run back from the front!

“He’s been scared out of his wits, how’s your side!”

Linran asked busily.

“There’s a gap, but the mindless cultivators on both sides are closing in fast, we’ll have to hurry!”

Lin Ran said.

“Hm!”

Ling Sa nodded.

“He’s...”

Lin Ran suddenly noticed that Yun Mo was looking a little surprised by Ling Sa grabbing his collar.

“This guy is pissed with fear, I think he’s disgusting!”

Ling Sa said.

“Warlord you carry her, follow me!”

Lin Ran didn’t bother with nonsense, dropped a sentence and instantly dashed towards the front.

“This.... Fine!”

Although the warlord was a little disgusted, seeing that both Lin Ran and Ling Sa were so strong in their hands, he didn’t dare to say anything else!

Immediately, he carried Yun Mo on his body and followed, also running towards the front.

As the group ran towards the front, they soon saw that on both sides there was indeed a large group of black-clothed people leaning towards the space.

They were trying to cut off Lin Ran and the others’ back path!

But it was thanks to Lin Ran’s luck that they were there!

At this point, the encirclement had not yet been completely formed, and the group quickly broke out of it!

After running on for ten minutes, the group was able to break out of the wind and sand.

One step away was the yellow sand in the sky, while one step away was the wind and sunshine!

Lin Ran and the others couldn’t help but sit on their butts.

“Is this the Lost Heart Stream? It’s really scary!”

Lin Ran also couldn’t help but sigh.

Luckily, the place where they had fallen was not far from the Lost Heart Stream!

Otherwise, if this had fallen in the middle of the Lost Heart Stream, they would have been directly surrounded, and it would have been a problem to escape then!

“He’s not well yet!”

Lin Ran glanced at Yun Mo next to him and found that this guy was still lying on the ground, his entire body still motionless!

“How can he be well, look!”

Lin Ran pointed at Yun Mo’s position.

Only then did Lin Ran see that this guy’s ass was wet underneath another large area!

“This guy isn’t incontinent because you scared him straight away, is he!”

“Fuck you! What’s it to do with me!”

Lin Ran retorted.

Lin Ran laughed and said.

“Well just kidding, take a break we need to hurry up and find out where the others are!”

Wonder Doctor Chapter 2323

Having successfully left the Lost Heart Stream, the mood of all the people was also noticeably better.

Lin Ran and Ling Sa, in particular, were barely affected by the incident.

Warlord was also fine, after all, he was with Yun Mo every day and had a strong ability to adjust!

But compared to the three of them, Yun Mo was clearly a bit unlike the City Master!

From the moment he left the Lost Heart Stream, his entire body had been in a dazed state.

It wasn't clear whether it was because he was scared or what was going on, the whole person was not reacting at all.

Even when Lin Ran and Ling Sa took the initiative to greet him, this guy didn't even react at all.

It was as if he had been scared silly.

It was only later that the military commander said that Lord Yun Mo was just like that, and that he might need a few days to adjust to his weakness, so Lin Ran and Ling Sa didn't bother with him.

The search for the others was relatively smooth.

After only half an hour, the group found the others in another place some distance away from the Lost Heart Stream.

The other two Earth Demon Beasts were lucky enough to have fallen near the outer edge of the Lost Heart Stream.

So they had not been attacked by the Heartless Madness practitioners inside the Lost Heart Stream.

But even so, some of them were scared to death.

They had been outside earlier and had heard the loud noises inside and were afraid that Yun Mo and the others would have an accident.

“Alright, let's pack up and go to Yun Mo City first!”

Lin Ran greeted.

Yun Mo's entire person was almost considered ruined, at least for the time being, it was impossible for him to come back and give orders.

Lin Ran could only take on the responsibility of leading the crowd to Yun Mo City!

Luckily, the group was already very close to Yun Mo City.

Under Lin Ran's leadership, it finally took the crowd another half an hour to arrive at the place where Yun Mo City was located.

The Military Master had at least not deceived Lin Ran on the matter of Yun Mo City, and when the crowd arrived at Yun Mo City, they did see a very large garrison of cultivators.

However, since Yun Mo had not yet recovered, it was not possible to review the garrison, or even to arrange for preparations before the battle.

Lin Ran and Ling Sa went straight back to the Vice City Lord's residence, ready to wait until Yun Mo had recovered before discussing these matters!

After all, counting the rush it wouldn't be more than a few days, and there was still plenty of time before the Divine Shadow Clan would descend a year later!

They were only a small frontier city here, and the pressure to defend it wasn't really that great.

Even if the Divine Shadow Clan didn't attack from this side at all, then they might not even have to be swept up in this war!

In the blink of an eye, Lin Ran and the others had already stayed in Yun Mo City for a full three days.

However, in these three days, not to mention arranging for war preparations, Yun Mo hadn't even shown his face once.

After all, Yun Mo was the head of the city, so if he didn't show up, it would lead to speculation among the soldiers.

So Lin Ran also went to look for Yun Mo twice.

But the result was not the least bit surprising, he didn't see Yun Mo at all.

One of the times he saw the military commander.

According to the warlord, Yun Mo would have to wait at least two more days before he could completely recover.

Hearing this news, Lin Ran and Ling Sa were both speechless.

This Yun Mo was still the head of a city, but he had such a poor ability to withstand his heart.

In the future, if he really went to war with the Divine Shadow Clan, Lin Ran didn't even know if this guy would be too scared to face the battle.

He might even choose to mutiny straight away!

Lin Ran was also puzzled as to how the Immortal Emperor could send such a goon to be the City Lord of Yun Mo City!

I really didn't know what use this guy could be!

But even if they didn't understand, it was the Immortal Emperor's arrangement after all, so they couldn't say anything more.

And just when everyone was patiently waiting for this strange city lord to recover as soon as possible.

This day, suddenly outside the Vice City Lord's residence was a group of people!

"City Lord Lin, there's someone outside who wants to see you! He says he's an old friend of yours!"

The guard who came to report said.

“An old friend? A rare female?”

Lin Ran asked with a frown.

There were only so many friends he had in the Immortal World, and even those who had followed him from Earth in the first place had now all been found except Song Nuan!

Who was this old friend?

Could it be someone he had met in the Immortal World?

That didn't make sense, it didn't make sense that someone I knew from the Immortal World would find his way here!

“It's better to go out and have a look, there's nothing going on now anyway!”

Ling Sa said.

“Hm!”

Lin Ran nodded, and immediately followed the guards and arrived at the entrance of the mansion.

As soon as he reached the entrance, he saw a figure standing outside the residence.

He was draped in a grey robe, and even his head was hidden within the robe.

His face could not be seen at all!

But he was standing there motionless, and both his figure and aura did give Lin Ran a familiar feeling!

“Who are you?”

Lin Ran asked directly as he looked at the other party.

However, the other party did not answer, instead he slowly raised his head to look at Lin Ran.

The moment Lin Ran met the other party's eyes, he clearly saw a slightly vicissitudes, but an incomparably familiar face!

The person who appeared in front of him at that moment was none other than the genius of the Yue Clan, Yue Beishan, with whom he had many grudges and disputes back then!

“How is it you!”

Lin Ran and Ling Sa exclaimed in shock almost simultaneously.

In fact, Lin Ran was quite alright, after all, he had met with Yue Bei Shan once before.

He had even obtained a divine weapon that the Immortal Emperor had left within the small world, a flying shuttle!

But ever since that parting, he had never seen Yue Bei Shan again.

He had thought that he would be forever silenced in that small world!

But who knew that he would now see him again in this place!

“What? Won’t you invite me in for a chat?”

Yue Bei Shan looked at Lin Ran and actually revealed a bashful smile.

“Yes! Come in!”

Lin Ran didn’t bother with nonsense, so he greeted him and led Yue Beishan into the mansion.

“You still dare to invite him in?”

Lin Ran was a little worried.

Although Lin Ran had saved Yue Bei Shan’s life back then, the feud between the two hadn’t been resolved just because of that!

Otherwise, Yue Bei Shan would no longer have left directly after entering the Immortal Realm.

There wasn’t even a bit of news about him even afterwards!

“It’s alright, he’s actually changed quite a lot from before!”

“And if he really wanted to deal with me, he wouldn’t have come over so blatantly! Let’s see what he’s really up to first!”

Lin Ran said.

He wasn’t afraid of Yue Bei Shan either, if the other party came straight over, it would be a bit unreasonable for him to appear too cautious instead!

As he spoke, Lin Ran had already led Yue Beishan to the hall.

Without any nonsense, Lin Ran greeted Yue Beishan and sat down, before asking.

“Why are you here?”

“It’s a long story, but since I ran into you here again, I guess it’s God’s will!”

“I’ve come to see you today for two things!”

Yue Bei Shan said, while feeling out a wooden box from his arms and placing it on the table.

Only then did he continue to say.

“These two things, I’d better tell you from the beginning!”

“The matter still has to be told from the beginning after we parted ways in the small world!”

Yue Bei Shan said and opened his mouth, telling some of the things he had done in the small world after Lin Ran had left back then.

Wonder Doctor Chapter 2324

It turned out that after Lin Ran had left the Ancestral Small World at the beginning, Yue Bei Shan did not leave, but stayed within the Small World.

Although in that great battle they had back then, Yue Bei Shan had ultimately lost to Lin Ran.

But after all, Yue Bei Shan also had a lot of heritage in the Ancestral Land Small World!

He had been within the Ancestral Land Small World for far longer than Lin Ran, and had a much deeper heritage.

At the beginning, Lin Ran had left with the flying shuttle after he had won against him.

But he didn't know that and wanted to seek revenge on Lin Ran again.

But his strength but also stuck at a bottleneck, knowing that he could not possibly be a match for Lin Ran without a breakthrough!

And he also knew that while he was cultivating, Lin Ran's strength was also growing.

You know, back then, he could have been awakened in the Immortal Realm a thousand years earlier than Lin Ran!

Such a large time advantage hadn't even allowed him to pull away from Lin Ran's strength.

He had even been caught up by Lin Ran.

So in his heart, he knew that it was almost impossible for him to beat Lin Ran!

However, he was unwilling to do so, so he had been cultivating hard and holding back!

So much so that when he heard the news that Lin Ran had left, he returned to the place where the flying shuttle was located.

When he saw that the entire flying shuttle had actually been taken away by Lin Ran, that was the moment he really died.

Back then, he had only obtained a small piece of the flying shuttle, and he could have dominated the entire small world of the Ancestral Land!

What's more, Lin Ran had now obtained the entire flying shuttle!

The power of an entire flying shuttle was simply not comparable to that of a single fragment of a flying shuttle!

It was a qualitative leap, not on the same level at all!

Lin Ran had beaten him without a flying shuttle, let alone with a complete flying shuttle now!

And because of this he had completely given up.

"I was sitting at the top of the mountain for three days! In those three days I completely put my grudge against you down completely!"

"And at the same time I figured it out!"

“You’re right, we’re on different sides, so there’s no right or wrong to speak of!”

“If it had been me in your position at the beginning, I would have probably done something even more cruel than you did!”

“But it’s a lie to say I don’t hate you, I can only blame it on the fact that I was born too late!”

“Perhaps this is fate!”

Yue Beishan lamented.

Lin Ran couldn’t help but nod as he listened.

“It’s good to let go! Only by letting go can you start afresh!”

“And then what happened?”

Lin Ran asked.

Yue Beishan gathered his emotions and said.

“Afterwards, I was ready to leave the Ancestral Land Small World!”

“At that time, I also had many followers within the Ancestral Land Small World, and some of them were very well connected!”

“When they knew I was leaving, they wanted to come out with me!”

“Later, while sorting through things together, they found a treasure map!”

But that treasure map had a seal on it at the time, and they couldn’t open it!

But I was just strong enough to open the seal!

Speaking of this, Yue Bei Shan’s expression also solemnized.

“After opening it, I found that what was written on it was actually the very same cave where the flying shuttle was placed!”

“Later, I found this inside the cave according to the treasure map!”

Said Yue Bei Shan, pointing to the box placed to the side!

“What’s inside this?”

Lin Ran asked, and Ling Sa at the side was also filled with curiosity!

This wooden box didn’t look like anything special, but the location Yue Bei Shan found it in seemed special!

One wondered what exactly was contained inside.

“This contains a jade tablet, and I know all the contents on it, so I can tell you first!”

“Turn around and ask for proof on your own, because I have one more thing to say!”

Yue Bei Shan seemed to be in a hurry and did not want to waste time.

“That’s fine!”

Lin Ran was in no hurry and nodded his head in agreement.

Only then did Yue Bei Shan speak.

“Actually, what is written on this jade tablet is related to the flying shuttle!”

“You should know about it, Immortal Emperor!”

“Voltron?”

Lin Ran asked.

“It’s not him, it’s the old Immortal Emperor! Yi Cang!”

Yue Beishan said.

“This flying shuttle is actually something left behind by the old Immortal Emperor, who still has a divine weapon of his own, the Dragon Cutting Sword!”

Lin Ran couldn’t help but sit up straighter even as he heard this, he naturally knew about Yi Cang.

Because of the pillow book, he even knew things that no one else knew!

But this flying shuttle had something to do with the Dragon Chopper Sword, something he really didn’t know!

After all, this matter had not even been mentioned in the pillow book.

“It says on this jade tablet that after the old Immortal Emperor forged the Zenglong Sword back then! It always felt like the Dragon Chopper Sword wasn’t perfect!”

“There seemed to be something lacking!”

“After years of searching and deducing, he finally found this flying shuttle!”

“He was even ready to fuse the two! Let the Dragon Cutting Sword reach perfection!”

“But right in the middle of the fusion process, the old Immortal Emperor gave up, and even blocked the flying shuttle in that small world!”

Yue Bei Shan said.

“Why?”

Lin Ran asked busily, this matter was not the same as what the pillow book said.

Lin Ran even had some doubts, could it be that the pillow side book had made a mistake?

Or was this something that the pillow book didn’t know about either, after all, this fast jade piece the pillow book didn’t know about its existence either.

Of course, there was another possibility, that was that Yue Bei Shan was lying to himself!

But there's no point in lying, no one can imitate the old Immortal Emperor's aura, as long as you check the jade tablet later you can naturally see the flaw!

Therefore, it was likely that what Yue Bei Shan said was true!

Yue Bei Shan didn't seem to be thinking that much as he said with a long breath.

"Because but the old Immortal Emperor made a shocking discovery!"

"He discovered that throughout the Immortal World's magic weapons, divine weapons don't seem to be the highest in existence!"

"What?"

Lin Ran was instantly shocked at his words.

Dharma weapons were basically the strongest based on their quality, which was divine weapons.

Below a divine weapon was an immortal weapon, and as for below an immortal weapon that went without saying.

Of course this was only a general concept!

After all, divine weapons were also divided into attack divine weapons and auxiliary divine weapons!

For example, Qing Zi's Qiankun Purple Qi Vase is an auxiliary divine weapon, but compared to Immortal Emperor Fulong's Immortal Emperor's Throne, the difference is obviously huge!

Qing Zi has been injured and has not yet fully grown!

The Immortal Emperor's Throne is a divine weapon that has grown to its full potential.

The difference between the two is naturally huge!

Moreover, a magic weapon like the Immortal Emperor's Throne that could choose who was an Immortal Emperor was so strong.

If there was something else that could be above it, Lin Ran would definitely be very shocked!

"You should have thought of the Immortal Emperor Throne as well!"

Yue Bei Shan laughed.

"I'm telling you, if you believe the old Immortal Emperor's judgement, there are even more powerful magic weapons that exist on top of the divine weapon only!"

"Then the Immortal Emperor's Throne is nothing but a joke!"

"You can totally look at it as nothing more than a more powerful magic weapon that can help its owner gather the world's qi!"

"As for whether or not Fu Long is really the Immortal Emperor chosen by the Immortal Realm, that's all just speculation by future generations!"

“Just ask, if the Immortal Emperor was really the choice of Heaven, why would the old Immortal Emperor still be defeated? He was already the choice of Heaven and Earth at that time! How could Heaven and Earth have chosen Voltron again!”

“What you say makes sense!”

Lin Ran was so shocked in his heart that he no longer knew how to reply to Yue Bei Shan instead.

If it was indeed as he said!

Then the Immortal Emperor was just a name given to him by a group of cultivators who didn't know the truth!

And it wasn't true that whoever the Immortal Emperor throne chose was the Immortal Emperor!

If other Immortal Realm powerhouses could obtain divine weapons comparable to the Immortal Emperor's Throne, their strength could completely catch up with that of Fulong.

But that would obviously be difficult, because the Qi of Heaven and Earth is too powerful!

Wonder Doctor Chapter 2325

“All these things were judged by the old Immortal Emperor, I am merely telling you!”

Yue Bei Shan said.

“All these things are recorded on top of that jade piece!”

“Still the same thing later you can test it yourself!”

“We will naturally test it, I want to know right now what the magic weapon above the divine weapon you are talking about is!”

Ling Sa interjected.

Putting aside for the moment whether what Yue Bei Shan said was true or not.

The matter itself alone was something that she and Lin Ran had never come into contact with or even heard of before.

Naturally, Ling Sa wanted to find out!

“Right! I wonder what the magic weapon above this divine weapon is again!”

Lin Ran couldn't help but ask as well.

He was also curious in his heart as to what kind of existence could make even the Immortal Emperor put off the idea of fusing the flying shuttle with the Dragon Chopper Sword!

Was the existence of such a thing too powerful, or was it due to some other reason.

Yue Bei Shan looked at the two, and after a moment said.

“That kind of magic weapon, the old Immortal Emperor called it a Chaos God Weapon!”

“Chaos divine Weapon?”

Lin Ran and Ling Sa were both stunned at their words.

Yue Bei Shan then continued.

“Chaos is the origin of a world at the beginning of its birth!”

“It is said that the Immortal World also started out in Chaos before it gave birth to the Immortal World!”

“But the Chaos Artifacts mentioned here can refer to artifacts that were not born out of Chaos!”

Lin Ran nodded at his words.

In fact, there were two concepts here.

For example, although the Chaos Clan that Bai Qian was a part of lived in Chaos.

But the most powerful magic artifacts born in the chaotic space they were in were divine artifacts!

For example, Qing Zi, she was born in Chaos and brought out by a great power!

And the Chaos divine artefacts spoken of here are a completely different concept from Chaos space!

“There is actually a reason why the old Immortal Emperor said that what is above a divine weapon is a Chaos divine weapon!”

Yue Bei Shan continued.

“Because of this matter I later consulted very much about the Old Immortal Emperor and the secret secrets of the Immortal Realm!”

“There was a bold speculation!”

“In my opinion, the Chaos Divine Weapon that the old Immortal Emperor was referring to should not be inside the Immortal World!”

“Rather, it’s this world of the Immortal Realm!”

“We are both from Earth, and it should be easier to communicate with you!”

Yue Bei Shan said as he raised his hand and dipped it into some tea, then drew three circles on the table!

Pointing to one of them, he said.

“If this circle represents Earth, then the other two you can see as the Immortal World and another world that we don’t know about at all!”

“And the Divine Shadow Clan, which is just outside the Immortal World, but they definitely haven’t arrived at the other world!”

“Otherwise they most likely wouldn’t be able to return, nor would they want to!”

Lin Ran nodded at his words.

After they had arrived at the Immortal Realm in the first place, Lin Ran could be certain that there definitely wouldn't be only one world in the vast void of space!

There were definitely still worlds such as the Immortal World, or worlds that were stronger than the Immortal World!

It was just that they couldn't travel to it!

"It's good that you can understand!"

Yue Bei Shan said.

"I feel that when the old Immortal Emperor said Chaos Divine Weapon, the word Chaos should refer to this area outside the Immortal Realm, and in between other worlds!"

"You can understand whether it's the Immortal Realm or the Earth, it's more in the middle of a larger chaos!"

"And the chaos within the Immortal Realm and the chaos outside the Immortal Realm are simply two different things!"

Said Yue Bei Shan as he opened the wooden box to reveal the jade medal inside!

"I know that these things may be hard for you to believe, so it's better for you to look at the jade token yourself to judge!"

"The other thing I have to say is that the old Immortal Emperor already knows a lot about the Immortal World!"

"He can even feel the rules of the functioning of the Immortal World's heaven and earth in his meditation!"

"When he was first fusing the flying shuttle and the Dragon Chopper Sword, it was when he felt that if once how it succeeded!"

"The Dragon Chopper Sword would become the only Chaos Divine Weapon in the entire Immortal Realm, that's why he didn't proceed with it!"

"Why?"

Ling Sa wondered.

"Since you've said that it's the only Chaos divine weapon in the entire Immortal Realm, shouldn't it be invincible in the world?"

"Besides, how do you know it's the only one in the entire Immortal Realm?"

Yue Bei Shan smiled at his words.

"It's the Immortal Emperor's feeling! You can only ask him!"

"All I can tell you is that the Immortal Emperor probably really felt this and knew that only one Chaos Divine Weapon could be born in each world, so he stopped!"

“And what is written on the jade slip also confirms this!”

“The old Immortal Emperor said that the operation of worlds also follows the opposite of what is extreme!”

“The development of a world also tends to go from decline to heyday before it begins to decline again!”

“The birth of a Chaos Divine Weapon within the Immortal World would undoubtedly mean that the Immortal World had reached its heyday and was about to start entering a period of decline!”

“The old Immortal Emperor was already the master of the entire Immortal Realm at that time, and he did not want to let the Immortal Realm enter a period of decay from the beginning!”

“In order to leave a glimmer of opportunity for those who came after him, that’s why he didn’t fuse the Dragon Cutting Sword!”

“So that the Immortal Realm could never reach its peak of heyday, and without reaching the peak of heyday, there would be no way to talk about weakening!”

Only when he said this did Yue Bei Shan pick up his tea and take a sip, obviously this matter was finished.

Ling Sa and Lin Ran didn’t speak for a long time, obviously digesting these things!

Only one Chaos Divine Weapon could be born in the entire world.

Instead of preparing it for himself, the old Immortal Emperor had left it for those who came after him!

To circumvent allowing the Immortal World to reach its heyday and then begin to weaken!

As it turned out, he may have been right, for after all, there came later a powerhouse like Fulong!

But did Fulong produce the Chaos Artifact?

That they didn’t know!

But come to think of it, if Fulong had a Chaos Artifact in his hands, I’m afraid he wouldn’t be afraid of the Divine Shadow Clan!

After all, that was a magic weapon that was far above the Immortal Emperor’s throne.

The power must still be heavenly!

“What you’ve said is shocking, but it doesn’t mean much to us now!”

After a long time of silence Lin Ran finally spoke.

Lin Ran and Yue Bei Shan both looked at Lin Ran, not quite understanding what he meant by that!

Lin Ran smiled and said.

“So many years have passed since the Immortal Emperor’s War, we don’t even know where the old Immortal Emperor’s Dragon Cutting Sword is!”

“We don’t even know if the Dragon Chopper Sword still exists and if it was destroyed in the Immortal Emperor War!”

“Even if we knew these things, we couldn’t do anything about it!”

“And even if we take a step back, if we found the Dragon Cutting Sword would we be able to fuse it with our strength?”

“This is now the era of the Voltron, if he can’t even defend himself against the Divine Shadow Clan!”

“With us? It’s almost even more impossible!”

After saying that, Lin Ran took a deep breath before continuing.

“Tell me about the other thing you came to see me about!”

“Hm!”

Yue Beishan didn’t say any nonsense, nodding his head then said.

“The other thing is that I am prepared to follow you!”

“Meanwhile, I have ten brothers under me, eleven of us in total! Ready to follow you to fight the Divine Shadow Clan together!”

“You’re going to defect to Lin Ran?”

Lin Lin saw this and was busy saying.

“No!”

Yue Bei Shan shook his head.

“It’s not a defection, but a collaboration to defend against the Divine Shadow Clan!”

“Isn’t that still defecting? It’s no different from being a follower.”

Lingsha laughed.

Yue Bei Shan, however, retorted.

“I said it was cooperation, not defection! Much less a follower! When the great war is over in the future, we will leave!”

“Ao, that’s still defecting, dead set on saving face!”

Lingshan laughed.

Wonder Doctor Chapter 2326

“I said it’s not defection, it’s not following!”

Yue Bei Shan was so angry that he was about to explode!

“Alright, alright, I understand what you mean, feel free to come over!”

Lin Ran was busy laughing and rounding up the situation.

This ninny, Ling Sa, didn't quite understand Yue Bei Shan's concerns.

This fellow had good natural talent and a very arrogant heart, if he and he didn't have a previous grudge.

This fellow might have followed himself.

But since the grudge between the two was there, it was obviously unlikely that Yue Bei Shan would open his mouth and say that he would follow him!

That's why Yue Beishan said something like cooperation!

But in the end, it's just a defection!

It was just that in order to look after Yue Bei Shan's face, Lin Ran couldn't say that he was defecting!

"Yue Beishan, I have to tell you that you can work with us, and I'm afraid that you won't be included in the proper establishment at that time!"

Lin Ran reminded.

"I understand, and I'm too lazy to join the Immortal Emperor's camp!"

Yue Bei Shan said.

"That's good, go back and bring them over!"

Lin Ran said.

"Mhmm!"

Yue Beishan replied, and then he got up and left.

"What do you mean by not being able to be included in the establishment?"

As soon as Yue Beishan got up and left, Lin Ran came over and asked.

"It means that Yun Mo won't recognise them, so they can only be treated as our own forces!"

"The simplest example is that when Yun Mo's people are in danger during the Great War, he will send people to rescue them!"

"But when Yue Bei Shan and the others are in danger, he won't send anyone to save them!"

Lin Ran explained.

"Alright, let me know when Yue Bei Shan returns, I'm going to go and close up for a bit!"

With that Lin Ran turned around and walked towards the secret room to the side.

Lin Ran nodded, so she didn't follow him.

The events brought by Yue Beishan this time were too shocking, and he really needed time to digest them.

Lin Ran, after arriving at the chamber, set up a formation to envelop the entire chamber with his hands.

After doing so, he sat down on the stone bed.

Then he fished out a jade tablet from his bosom.

At the same time, he also took the wooden box Yue Bei Shan had left behind.

Looking at the two items in front of him, Lin Ran hesitated for a moment, but opened the wooden box Yue Beishan had left behind first.

When the wooden box was opened, a jade piece appeared inside.

The jade piece was snow-white and looked like an extraordinary material, and even when Lin Ran's consciousness was close to the jade piece, he could clearly feel a hint of coldness.

"This jade piece is really something else!"

Lin Ran exclaimed, while not delaying, he directly invaded his consciousness into the jade piece.

A stream of information was immediately transmitted directly from within the jade piece.

There was a lot of content written on the entire jade tablet, but it was roughly the same as what Yue Bei Shan had told him.

At least in terms of this matter, Yue Bei Shan had not lied to himself.

Lin Ran put the jade tablet away before picking up the jade tablet he had taken out earlier.

This jade tablet was given to him by the pillow book.

It said that he could crush the jade tablet in an emergency and he would bring someone to come!

Lin Ran held the jade tablet for a long time in silence, but finally gave up!

Although the news Yue Beishan had brought this time was shocking enough!

But just as he had replied to Yue Beishan before, nowadays the Dragon Cutting Sword had long since disappeared.

Even if he really knew that there were Chaos Gods above the Gods, what could be done about it?

He himself had sort of travelled through the greater part of the Immortal Realm before, and the previous pillow had also spent a long time searching for the Immortal Emperor.

The two had failed to find the Immortal Emperor, as well as the Dragon Chopper Sword, after all this time!

Could it be that now that they had some knowledge of the Dragon Chopper Sword, they could find it?

This was obviously unlikely.

“The Dragon Chopper Sword! A Chaos divine weapon!”

Lin Ran whispered to himself.

This news brought by Yue Beishan was indeed very shocking.

But because of the disappearance of the Dragon Chopper Sword, it had actually become less important!

And there was another thing that made Lin Ran feel fantastic.

That was the Immortal Emperor’s Throne!

The Immortal Emperor Throne was feared to be the supreme existence in many people’s hearts!

Only by possessing the Immortal Emperor Throne did it mean that the Immortal Emperor was recognised by Heaven and Earth!

He was the only master of the Immortal Realm.

But now, Yue Bei Shan was saying that the Immortal Emperor’s Throne was only a divine weapon.

This was a shock that could be said to have turned people upside down!

In the past, no one knew that the Immortal Emperor’s Throne was a standard.

As long as the person chosen by the Immortal Emperor’s Throne was definitely not wrong, it was definitely an Immortal Emperor!

And it was also one that no one could defeat.

But if word of this from Yue Bei Shan got out, it would probably cause the faith of some of the cultivators to collapse!

Immortal Emperor! That was definitely the goal that many cultivators aspired for their entire lives!

It is even the end of cultivation!

But now it is said that the Immortal Emperor you believe in is just a member of the cultivation process, he doesn’t represent the main point at all!

This news would be absolutely subversive!

Lin Ran sat alone in the secret room for a long time in silence, until the sound of Ling Sa’s voice rang out from outside, and only then did he walk out of the secret room.

“Yue Bei Shan is here, and has actually brought ten people with him!”

Ling Sa said.

“Hmm! Go and take a look!”

Lin Ran said, and immediately led Ling Sa along towards the hall.

As soon as he arrived at the hall, Lin Ran indeed saw eleven figures lined up in a row.

The one standing in the first position was Yue Bei Shan!

But what made Lin Ran different was that all of these people who had come with Yue Bei Shan were wearing grey robes.

However, the grey robes they were wearing looked very worn out!

They even had several holes torn in some places, and they looked as if they had suffered a lot!

“No need to be surprised, we appeared here straight after we came out of the small world!”

“This place is so desolate, it’s almost like doing anything dangerous to survive!”

Yue Bei Shan also saw the doubts in Lin Ran’s mind and spoke.

“Mm!”

Lin Ran nodded and didn’t say anything more, he knew Yue Bei Shan too well, this guy was very good at saving face, he naturally wouldn’t ask too much about these things!

“Take your brothers to change their clothes, this will also be a point of resistance against the Divine Shadow Clan after all!”

“Still need to have a suit!”

Lin Ran said.

“Hm!”

Yue Bei Shan nodded, and without further pretense immediately took his men and left.

Lin Ran, on the other hand, did not leave and sat directly on the main seat waiting for Yue Bei Shan to return.

Both he and Yun Mo were new to Yun Mo City, apart from the Lost Heart Stream and the Thunder Punishment Mountain outside of Yun Mo City.

They didn’t even know Yun Mo City as well as Yue Bei Shan.

Nowadays, almost the entire Immortal Realm was preparing to fight against the Divine Shadow Clan.

Yun Mo City was another one of those places, and now Yun Mo had no news at all.

He was also prepared to do some understanding of Yun Mo City through Yue Bei Shan!

As expected, Yue Bei Shan quickly changed his clothes and walked out.

When he saw that Lin Ran hadn’t left, he immediately laughed and said.

“You should be thinking about Yun Mo City, right, it just so happens that I have something here that might be useful to you!”

Said Yue Bei Shan as he fished out an item from his pocket and quickly opened it!

Lin Ran then saw something similar to a scarecrow appear in front of him.

However, this scarecrow-like object was wearing an almost transparent dress!

“What is this?”

Lin Ran couldn't help but ask curiously.

“This is a straw coat!”

Yue Beishan laughed.

Wonder Doctor Chapter 2327

“Demoiselle?”

Lin Ran was stunned to hear this, there were also straw raincoats in his hometown.

But at this moment, the Demoiselle Yue Beishan was talking about seemed to be two completely different concepts from the Demoiselle here!

“What is the use of this straw raincoat?”

Ling Sa couldn't help but ask as well.

This straw raincoat that Yue Bei Shan brought out looked very special, but what exactly it was for they didn't know!

“You all know about the Lost Heart Stream outside Yun Mo City!”

Yue Bei Shan looked at the two people and said.

“Lost Heart Stream? I know!”

Ling Sa was busy Ao.

“Could this Demoiselle have something to do with the Lost Heart Stream?”

Lin Ran also asked as he looked at Yue Bei Shan.

Sure enough, Yue Beishan nodded his head.

“That's right, this Demoiselle is specially equipped for the Lost Heart Stream outside!”

Yue Beishan said, while he took the straw coat off the scarecrow and put it on his own body by hand!

“You guys are feeling it!”

Yue Bei Shan said.

Lin Ran and Ling Sa were a little puzzled, but they still followed what Yue Bei Shan said and sent out their divine messenger probes.

And this time the two of them instantly changed their faces.

Yue Bei Shan, who was shrouded in straw raincoats, was clearly standing in front of them at this moment.

However, no matter how they probed, they could not detect him at all.

It was as if this guy was not here at all.

“This.... How did this Demoiselle do that?”

Ling Sa couldn't help but ask.

“This Demoiselle is very strange, being able to isolate scrying, but what does this have to do with the Lost Heart Stream?”

Lin Ran asked as he looked at Yue Bei Shan.

There were many things under the sky that could isolate divine sense probes.

Even if this Demoiselle could isolate their divine sense probes, it didn't mean anything at all.

As for what it had to do with the Lost Heart Stream, Lin Ran couldn't even figure it out.

He still had to let Yue Beishan answer all this.

Yue Beishan smiled as he took off his straw coat and put it aside.

And only then did he explain.

“The Lost Heart Stream is very dangerous, you should all know that!”

“Mm!”

Lin Ran nodded.

Yue Bei Shan laughed at the situation and said.

“Since you all know, then I'll get straight to the point!”

It turned out that although the Lost Heart Stream was dangerous, but similarly, in the more dangerous places.

The more dangerous it was, the more good things there were!

The Lost Heart Stream was rich in something similar to spirit stones!

However, this stuff is different from spirit stones.

Although they are both stones that contain spiritual energy and can be used by cultivators to cultivate and absorb.

However, compared to the temporary ones, the spiritual energy contained in them is much more powerful.

It can be said that the spiritual energy contained in one of these stones is as much as ten pieces of ordinary spiritual stones outside.

Such rich spiritual energy also destined this kind of thing to become a sought-after item.

Yue Bei Shan and his group had left the small world of the residence and coincidentally appeared in this Yun Mo City.

Naturally, they had to find a way to fit in as well.

A few of them were more powerful, so they naturally took the attention of the Lost Heart Stream.

And this Demoiselle was a tool that they gradually discovered during this period.

“Wearing this Demoiselle Coat, not only can they be isolated from scrying! It won’t even be discovered by the lost-heart madness cultivators inside the lost-heart stream!”

“As long as you wear the Demoiselle, you can almost say that there is no place in the whole Lost Heart Stream except for the huge deep pit near the centre!”

“There’s no place you can’t go!”

Yue Bei Shan said.

When Lin Ran and Ling Sa heard this, their eyes lit up as well.

“Is this Demoiselle that powerful? If so, then we can totally make use of the Lost Heart Stream!”

Ling Sa exclaimed.

Lin Ran nodded.

Indeed it was!

If they gave their army all this kind of Demoiselle clothing.

It would be completely possible to travel freely inside the Lost Heart Stream.

And as long as the people of the Divine Shadow Clan were brought into this Lost Heart Stream, then they wouldn’t even have to do anything!

The Lost Heart Stream alone would be enough for the God Shadow Clan to drink!

“Can this Demoiselle be mass-produced?”

Lin Ran was busy looking at Yue Beishan and asked.

“No!”

Yue Beishan shook his head.

“This Demoiselle Coat’s refining Xu Medicine uses materials from inside the Lost Heart Stream!”

“It is very dangerous to go inside the Lost Heart Stream to get the materials, and we have only refined eleven of them in a full year of moments here, which is considered one for each person!”

“But with this thing, if we go to the Lost Heart Stream again to look for materials it will be a lot faster!”

“A conservative estimate is that we can refine almost thirty sets a year at most!”

Lin Ran and Ling Sa smiled, but they shook their heads.

Thirty sets a year was too little, knowing that the garrison in Yun Mo City alone consisted of thousands of people!

This wasn't even a hundred sets, it wouldn't form a useful force at all.

"That's too little!"

Ling Sa couldn't help but say.

"Would it be faster if we asked Yun Mo to send a large army along to the Lost Heart Stream to engage!"

"I'm afraid he won't agree!"

Lin Ran shook his head.

"Why? Why wouldn't he agree to something so good?"

Lin Ran said in disbelief.

Lin Ran laughed at his words but said.

"This person, Yun Mo, is too timid, this Yun Mo City is handed over to him, I'm afraid that even the Immortal Emperor didn't think that the war would burn here in the first place!"

"Nothing more than handing Yun Mo a basically won't participate in the war and won't have any impact on the big picture!"

"Otherwise you think that just like him, the Immortal Emperor is at ease to hand over an important place to him?"

"That's true! What about this Demoiselle?"

Ling Sa was busy asking.

"This Demoiselle is really useful, if we don't make use of it, it would be a great loss!"

"I understand!"

Lin Ran nodded his head.

"So this is something that we have to be prepared for with two hands!"

Said Lin Ran as he looked at Yue Beishan who was at the side.

"Now that the Divine Shadow Clan is about to descend, there are only eleven months or so left in the full count!"

"You will spend the next few months working hard to make these Demoiselle Cloths, making as many as you can!"

"I will find a way to tell Yun Mo about the Demoiselle, and try to get him to agree to send someone!"

"If we can't get through on his end, then we'll have to rely on ourselves!"

“After all, Yun Mo is a person who can’t become a great weapon at all!”

“With a great war coming up, we can only pin our hopes on ourselves, if we pin them on him, I’m afraid there’s really no hope!”

“Good!”

Yue Beishan nodded his head, he understood all that Lin Ran had said.

He had also long been ready to join the war, otherwise he wouldn’t have chosen to join Lin Ran here with his own men!

“Alright, I’ll talk to you when I have news from my side!”

Lin Ran said.

The news that Yue Beishan had brought was all very important!

But equally important was Yun Mo!

As the City Lord of Yun Mo Cheng, there were times when a single word from him would completely affect the future of the entire Yun Mo City.

Even the direction of the war near Yun Mo City!

Time passed day by day, and Yue Bei Shan was considered to be staying at Lin Ran’s residence.

Finally, after Lin Ran had waited patiently for three days.

The warlord finally sent word that Yun Mo had recovered.

He would gather all the generals in the city tomorrow to lay out the next tasks!

Lin Ran was naturally happy to hear this news!

At least this Yun Mo didn’t pretend to be sick for months at a time!

After all, there really wasn’t much time left for them to prepare!

Even looking up at this moment, he could clearly see the blood-red heart pattern above the sky, growing larger with each passing day!

The Divine Shadow Clan’s return to the Immortal Realm would not stop for any reason!

They had to hurry too!

Wonder Doctor Chapter 2328

The following morning, Lin Ran and Ling Sa were waiting early in the mansion.

And today was also the day that Yun Mo appeared!

The entire army of Yun Mo City had gathered early, just waiting for Yun Mo to come out to do his rounds!

At this moment, inside the City Lord's residence, Yun Mo had changed into a new outfit, and his whole body still looked quite a bit like the City Lord!

"My lord, Lin Ran and Ling Sa are here!"

Suddenly the warlord standing at one side spoke up.

"What are they doing here!"

Yun Mo's face looked a little ugly at his words.

"Tell them to go back, I won't see them!"

Yun Mo said directly.

The military commander smelled a little speechless and was busy saying.

"Your Excellency, Lin Ran is also the Vice City Lord after all, you have called a brief appointment for the entire city's generals today, it would be inappropriate to not let him attend!"

"Is that so?"

Yun Mo looked a little displeased at his words.

"Fine, then let him in, but don't let him in for that Lin Ran!"

"That.... City Master, in I'm afraid it's not right!"

The warlord said.

"Why not again! I'm the City Lord, what's wrong with not wanting to see her!"

Yun Mo said angrily.

The military was so frightened that he took two steps back and said.

"My lord, there is no doubt that you are the city lord!"

"But when you were in the Lost Heart Stream before, people also saved you, this matter now

"In almost the whole of Yun Mo City's generals know about it, you said if I don't see someone now, I'm afraid."

"All right, all right!"

Yun Mo directly interrupted the warlord.

"See! I can't see them! But let them wait first, when I finish reviewing the army, I will see them!"

Yun Mo said and walked directly towards the exit on one side, not even waiting for the military division to say anything.

"This...."

The military commander was somewhat speechless, it was obviously inappropriate for Yun Mo to do so!

But at this point he had already walked out, it was too late to say anything now the key was!

Thinking of Yun Mo going out to review the army, but there was no Vice City Master Lin Ran next to him, the military division was busy running out.

“Where is Yun Mo?”

Lin Ran two people waiting outside the door, saw the military division out busy asked.

“The City Lord has already started to go to review the army, you guys hurry in!”

The military master greeted, and immediately pulled Lin Ran and Ling Sa and ran inside.

However, before the three of them could reach the window of the pavilion where they were reviewing the army, they suddenly saw that Yun Mo had actually returned.

This scene caused all three of them to freeze at once.

“My lord, why have you come back?”

The military commander couldn't help but ask when he saw this.

“After the review, I didn't just come back, I'm still a bit unwell!”

Yun Mo said.

At the same time, he also saw Lin Ran and Ling Sa at the side, it was nothing when he saw Lin Ran.

But when his eyes landed on Ling Sa, his whole expression obviously changed!

“I'll go and rest first!”

Yun Mo said and was actually about to leave!

“Yun City Master, it's not quite appropriate for you to do that, the God Shadow Clan's army will be descending and you don't care about anything!”

Lin Ran directly questioned when he saw this.

“I said I'm not feeling well!”

Yun Mo was also angry at his words.

“Uncomfortable! You don't look uncomfortable!”

Linran spoke directly.

She wasn't used to this Yun Mo!

“You!”

Yun Mo was so angry that his face turned blue and said.

“Fine! What the hell do you guys want! I'll give you ten minutes to speak!”

Yun Mo said and directly turned around and sat on the seat of the city lord at the side.

Seeing this, Lin Ran and Ling Sa didn't bother to talk nonsense and spoke directly.

"Lord Yun City, I would like to know exactly how you are arranging your army, although there is still some time before the Divine Shadow Clan arrives in the Immortal Realm!"

"But we should be ready for that too!"

"I would like to know exactly what kind of arrangements you have in place!"

"Besides, I'm the Vice City Lord and have the right to know!"

Lin Ran looked at Yun Mo and said.

"There are no arrangements!"

Yun Mo said directly.

"Lin Ran, you really think the Divine Shadow Clan will come to us!"

"To tell you the truth, the Immortal Emperor asked you to come here because he didn't want to see you!"

"You still think that a future battle with the Divine Shadow Clan will have anything to do with you?"

"That's a joke!"

"You!"

Ling Sa was about to explode when she heard that, but fortunately, Lin Ran on the side stopped her.

"Did the Immortal Emperor ask me to come here because he didn't want to see me, or does it not matter about anything!"

"Even if you don't do anything, it's all fine!"

"But you can't joke with the lives of the entire city's generals!"

Lin Ran looked at Yun Mo with a hint of anger in his voice and said.

"If the Divine Shadow Clan does come in the future, what will you do then!"

"Can you escape, can all the generals in the southern city escape?"

"I hope you'll think about yourself even if you don't think about them!"

"If the Divine Shadow Clan really comes, the entire city's generals won't be able to run away!"

"You, Yun Mo, can't run away either already!"

Lin Ran said and turned around, taking Ling Sa with him, and left straight away.

"You!"

Yun Mo was so angry that his face turned blue and he didn't say a word!

A few moments later, after the two Lin Ran had left, the military commander at the side was busy saying.

“My lord, in fact, what Lin Ran said has a point!”

“We have to think for ourselves too!”

“You still need to deploy the army as soon as possible!”

“All right, all right, I know, you go out first!”

Yun Mo said impatiently.

“Yes!”

Seeing this, the army master only had to leave the place first.

Seeing that the military division had left, Yun Mo was then busy standing up from his position.

However, he did not leave, but instead, he quickly wiped the throne he had been sitting on.

That look was as if he was afraid that something would be left behind!

“We haven’t even talked about the Demoiselle! How can we just leave!”

At this moment outside, Ling Sa couldn’t help but say.

“Do you think that with someone like Yun Mo, even if we say something, will he help us?”

Lin Ran asked rhetorically with a smile.

Ling Sa shook her head at his words, but then he she said.

“But we have to at least try to fight for it, it’s too much to just leave.”

“The rush to leave isn’t because of that, it’s because I thought I was afraid you’d be embarrassed!”

Lin Ran laughed.

“Afraid of me being embarrassed, what do I have to be embarrassed about?”

Lin Ran said in disbelief.

Lin Ran smiled at his words but laughed.

“Haven’t you noticed?”

“Noticed what?”

Ling Sa was even more confused, not knowing what Lin Ran was talking about at all.

“Pay attention to Yun Mo!”

Lin Ran laughed.

“Just now, Yun Mo was scared to pee again when he saw you!”

“Huh?”

Lin Ran Wenya was instantly frozen.

“No way, it’s not like I did anything to him!”

Ling Sa was busy saying.

Although Yun Mo wasn’t very strong, he was still a cultivator after all!

It was a bit unreasonable to be scared by Ling Sa in one look!

“It’s true, no wonder this guy hasn’t shown up these days!”

“It seems that the incident at the Lost Heart Stream last time had quite an impact on him!”

Lin Ran laughed.

Lin Ran, on the other hand, laughed helplessly.

“Not so much, I was trying to save him at the time!”

“It wouldn’t have also left a shadow in his heart, would it!”

“I don’t know about heart shadows, but do you think he’ll be scared to pee every time he sees you in the future!”

Lin Ran asked with a smile.

“Fuck you! Am I that scary!”

Lin Ran said in shame.

“Alright, enough about him, what exactly are you going to do about the Demoiselle!”

Ling Sa suddenly changed the subject and asked.

Wonder Doctor Chapter 2329

“We can only rely on ourselves for the Demoiselle!”

Lin Ran said, while his gaze glanced in the direction of outside Yun Mo City.

Ten days later!

On the ancient road located outside of Yun Mo City, Lin Ran Ling Sa as well as Yue Bei Shan’s group were each riding a magic beast as they marched towards the front.

These magical beasts had all been bought by Yue Bei Shan and were very common in places like Yun Mo City.

They were also very practical!

“Isn’t a magical beast like Yue Bei Shan afraid of the Lost Heart Stream?”

Ling Sa couldn’t help but ask.

Within the Lost Heart Stream, even cultivators could be disoriented and fall into it.

With these magical beasts, could they safely enter?

“Temperance is afraid, so these magical beasts can only take us to the outskirts of the Lost Heart Stream! It’s still up to us to enter it!”

Yue Bei Shan said.

Only then did Lin Ran nodded at his words.

That’s right, Lin Ran and his group were precisely going to enter the Lost Heart Stream!

Although Yun Mo was not acting, Lin Ran did not want to sit around and wait for death.

In the future, the Divine Shadow Clan would be fine even if they didn’t attack the Immortal Realm Dao from the direction of Yun Mo City.

But if the Divine Shadow Clan did come, there would be no preparation at all when the time came!

That would be the saddest thing!

Lin Ran obviously didn’t want to block this, because if he lost the bet then it would probably cost him his life!

“In another hour we’ll reach the outskirts of the Lost Heart Stream, so you guys follow me then!”

Yue Bei Shan said.

“Mhmm!”

Lin Ran and the others nodded their heads.

Although what was said was that Yue Bei Shan had defected to Lin Ran, Lin Ran did not know as much about the Lost Heart Stream as Yue Bei Shan did.

When they really arrived at the Lost Heart Stream, they would naturally still have to listen to Yue Bei Shan’s command.

....

At this time, in the City Lord’s residence in Yun Mo City.

“My lord, Vice City Lord Lin has left with his men!”

The military commander was busy telling Yun Mo the news.

Yun Mo smiled at the words but laughed.

“Going to the Lost Heart Stream? Let them go! It’s good to die, the Immortal Emperor might even reward me!”

“By the way, those men of his that you mentioned, are there any more of our people apart from Ling Sa?”

Yun Mo suddenly asked.

“No, it’s those people from Yue Bei Shan! Didn’t you say last time that they couldn’t be regulated to be included in our Immortal Emperor’s camp!”

“So this time when Lin Ran took them there, I didn’t care!”

The warlord busily said.

“Hm! That’s good, let them go and die on their own!”

Yun Mo laughed.

“By the way, have you found the beautiful woman you asked you to find for Laozi? Preferably one that looks more like Ling Sa!”

“Damn, that stinking bitch is too poisonous for me to touch!”

Yun Mo said.

The warlord smiled at that and said.

“I’ve already found one long ago, but this Yun Mo City is too small and there are too many people I’ll let them bring it in every!”

“Directly to you to the back garden, wait for the dark.”

“Wait for what? I’m sleepy! Go to the back garden!”

Yun Mo said and his eyes were already starting to glow.

Obviously, he couldn’t hold back a bit.

“Fine! Let’s go, let’s go!”

The warlord was busy laughing, and immediately the two of them rushed towards the back garden.

....

But Lin Ran and the others, an hour later, the group finally arrived at the outskirts of the Lost Heart Stream.

The group finally arrived at the outskirts of the Lost Heart Stream an hour later.

Only then did a group of people enter it wearing straw raincoats!

As soon as the crowd entered the Lost Heart Stream, Yue Bei Shan spoke up.

“Everyone follow me, our main goal this time is a material location marked last time!”

“If we can bring this part of the material out this time, we can at least make three pieces of Demoiselle!”

“No, doesn’t this Lost Heart Stream say that when the wind is calm, it is free of those lost heart cultivators?”

“There’s absolutely no need for us to use these Demoiselle Cloths now!”

Lin Lan asked as she followed behind.

Lin Ran was also puzzled in his mind, when he had rushed to Yun Mo City earlier, the military division had said that those mindless madness cultivators would die very quickly when there was no wind and sand!

That they would end up turning into mud!

And this time, they had come in on a clear day with no gale, so it was reasonable to say that there should not be any of those feared cultivators inside the Lost Heart Stream at this time!

“Who told you guys?”

Yue Bei Shan smiled at his words but laughed.

“What? It’s not right?”

Ling Sa couldn’t help but ask.

“Of course it’s not right! You tell them!”

Yue Bei Shan gestured to one of his brothers next to him.

The other side was busy saying.

“Brother Lin, Miss Ling Sa, this statement is incorrect, we follow Lord Yue and mix in this Lost Heart Stream all year round!”

“Even when the wind is calm there are still those kinds of lost-heart cultivators!”

“According to our projections, those mind-losing madness cultivators’ bodies seem to have started gradually disintegrating when they were blown out from the deep pit!”

“It’s just that at first, along with the fierce wind, they disintegrated very slowly so they seemed to be fine!”

“But as time goes on, they will gradually disintegrate!”

At this point, the other party paused and continued.

“Once we experienced a long gale in the Lost Heart Stream and saw with our own eyes those lost heart mad practitioners gradually disintegrate into dust!”

“We had even seen some lost-heart madness cultivators once on a good day!”

“They should have disintegrated at different rates depending on how strong they were!”

“The stronger ones will disintegrate slower, and the weaker ones will disintegrate faster!”

Lin Ran and Ling Sa were shocked to hear this.

They didn’t expect there to be such a thing.

This was simply two completely different situations from what the military master had said!

“This Military Master, it seems that he also has a half-understanding, we still have to investigate it ourselves to find out!”

Lin Lin said.

Lin Ran nodded, originally he still had some trust in the military master.

But now it seemed that this military master had probably been serving Yun Mo for a long time and was used to doing only these superficial things.

Luckily they had come across Yue Bei Shan, otherwise if the two of them had come in directly.

There was no telling what kind of trouble they would have run into!

The crowd followed Yue Bei Shan all the way towards the inside.

Soon they had already passed a full half of the journey.

According to what Lin Ran and the others knew about the Lost Heart Stream, I was afraid that if they continued to go inside, they would have to approach the inner area of the Lost Heart Stream!

And the closer they got to the huge deep pit at the centre of the Lost Heart Stream, the more dangerous it would be!

Lin Ran couldn't help but say at this moment.

“Do we still have to go further in?”

“Hmm! The location of the material we found last time is very close to the inner area of the Lost Heart Stream!”

“But it can't be helped, this kind of material is very hard to find, otherwise the number of Demoiselle would not be so small!”

Yue Bei Shan said.

“Hm! Be careful!”

Lin Ran didn't say anything more when he saw this.

The Demoiselle was certainly powerful and useful, but to make a Demoiselle, the search for the materials involved was indeed treacherous enough!

The closer we got to the centre of the Lost Heart Stream, the more oppressive the atmosphere became.

At the end of the day, no one was even speaking up!

All of us were just minded to rush ahead in silence.

“Stop!”

Suddenly, after just ten minutes, Yue Bei Shan in front of them suddenly spoke.

The crowd was busy stopping in their tracks, and Lin Ran and Ling Sa, who were on the side, also saw that on a hill ahead.

Sure enough, there was an area where the colour of the soil was different from the surrounding ones!

“Why don’t you go over there?”

Ling Sa couldn’t help but ask.

Yue Bei Shan, however, was full of caution and pointed to the side and said.

“There’s an out-of-mind practitioner somewhere! It’s not dead yet!”

“Eh?”

Lin Ran and Ling Sa were stunned at the words and were busy looking in the direction!

Sure enough, they saw that next to the strange soil, there was really a human-shaped bulge later on, still wriggling from time to time!

Wonder Doctor Chapter 2330

The crowd likewise saw the scene, and for a moment everyone’s hearts tightened.

One must know that this was the Lost Heart Stream!

It was a very bad thing to find a heartless practitioner in a lost heart stream!

Not to mention that it was at a time like this when the weather was sunny!

Although the strength of these lost heart cultivators was not too strong!

But they are definitely not too weak either.

Because often times, those who are not strong enough do not dare to enter, and those who are too strong are not willing to take the risk!

So most of the people who enter the Lost Heart Stream and can’t get out are reasonably strong practitioners!

Plus, after they have turned into practitioners of mindlessness, they are like the living dead, not afraid of pain at all!

And they can’t be beaten to death until their life force is exhausted!

That’s why no one dares to fight them hard!

“What now?”

Lin Ran couldn’t help but ask.

Lin Ran also looked at Yue Bei Shan with a question in his eyes.

Strictly speaking, he didn’t even know this Lost Heart Stream as well as Yue Bei Shan.

“Wait!”

Yue Bei Shan said.

“Wait? Not so much, last time we also encountered a Heart Loss Madness practitioner!”

“It was tougher, but there were a lot of them that time, this time there’s only one of us going up together, we can grind them to death!”

Ling Sa said.

Yue Bei Shan smiled at his words but laughed.

“Grind to death? Have you heard of anyone who has been able to decapitate these mindless cultivators?”

Yue Bei Shan suddenly asked rhetorically.

For a moment everyone fell into silence.

Right, why had they never heard of anyone decapitating these mind-losing madness cultivators?

This was very strange!

Even if the entire Lost Heart Stream was bizarre and these Lost Heart Madness cultivators were all very powerful!

It’s impossible that they couldn’t be killed by anyone!

I’m afraid that even a powerful being could do it!

“What’s going on, just don’t sell the story!”

Ling Sa directly urged.

Only when Yue Bei Shan saw this did he laugh and say.

“You can’t just do anything in the Lost Heart Stream!”

“The windier the weather, the more hands you make! The more Heart Loss Madness cultivators there will be too!”

“And the stronger the gale!”

“And on this windy and sunny day, if you dare to make a move with a Heartless Cultivator, in less than a minute, the gale will definitely rise!”

“By that time, you won’t be facing just one mindlessness practitioner, but hundreds or thousands!”

“Do you think that we will still be able to get out alive when we face so many mindlessness cultivators by then!”

Hearing Yue Bei Shan’s words, both Ling Sa and Lin Ran fell silent.

These were indeed things that they had been completely unaware of before!

Not even the Warlord had said anything about this!

“Our knowledge of the Lost Heart Stream is still too little!”

Lin Ran said.

“All these experiences have been summed up only after we’ve gone through an unknown number of life and death ordeals!”

“It’s normal for you guys not to know!”

Yue Beishan said.

“Hey hey boss, he’s moving!”

Suddenly one of Yue Bei Shan’s men at the side was busy saying.

The crowd was busy looking in the direction.

Sure enough, the out-of-mind practitioner who had originally been covered under the dust had actually moved.

Only to see his body quickly poking out of the dust, his whole body was dyed an earthy colour!

Although Lin Ran and the others were still a long way away from this mindless practitioner!

But the crowd were all cultivators after all, and they could all clearly see it at this moment.

The dust was coming off the whole body of that thing!

At first it was understandable, after all, it was brought up from the ground!

But soon the crowd was a bit dumbfounded!

After the dust had fallen off the surface, what was still exposed was still dust.

It was as if the body of this deranged practitioner was made up of dust!

This situation couldn’t help but remind Lin Ran of the words of the warlord from before!

“No one can kill these mindlessness cultivators, they will soon turn into dust after the gale hears them!”

Lin Ran and the others all couldn’t help but look at the dust beneath their feet at this point.

Could it be that all this dust was turned into dust after the death of countless mindless madness cultivators?

Wouldn’t they then be stepping on top of thousands of corpse bones!

“Look!”

Just as the crowd was falling into silence, it was unknown who shouted in a low voice.

The crowd was busy looking, only to see that the Heart Loss Madness practitioner had actually turned around and rushed towards the middle of the Heart Loss Stream.

It seemed to want to return to the deep pit in the middle of the Lost Heart Stream from a new location.

“Do it quickly!”

Suddenly Yue Bei Shan spoke up.

Almost simultaneously, his men rushed towards the front one by one.

Quickly, they took out their tools and began to mine the soil of the differently coloured material!

“Why are you still standing there!”

Lingsha saw this and shouted busily.

Yue Bei Shan also looked over.

“I want to follow him to have a look!”

Lin Ran suddenly said.

“You’re crazy!”

Yue Bei Shan heard this and immediately chided.

“I’m not crazy, this Lost Heart Stream is located just outside of Yun Mo City, if we don’t figure out what the hell is going on!”

“This place will likely be a threat to us in the future as well!”

“But if we figure it out, it might become a powerful tool for us against the Divine Shadow Clan in the future!”

“I’m not going over there myself, I’ll detach a divine messenger to follow and take a look!”

Lin Ran said.

“Then you take care of yourself!”

Yue Bei Shan didn’t say much when he saw this, it was just a divine messenger, there was nothing wrong with it.

“Then you take care, I’ll go help them!”

Lin Ran said and also ran over.

Lin Ran nodded and immediately sat down on his knees, and instantly a wisp of divine messenger chased after the to the lost heart mad cultivator ahead.

The windy weather in the Lost Heart Stream would completely cut off the cultivator’s divine sense from probing!

But not on sunny days.

Lin Ran’s divine messenger followed the heartless practitioner all the way.

The other party was not even aware of him, but just kept on running wildly ahead!

Lin Ran gradually realized.

He didn't know if it was because the mindless cultivator's life force was running out!

It was also very much because he was moving too much as he ran wildly, and the speed at which the countless dust was falling off his body was increasing significantly.

It looked like an earthling in the midst of a mad dash that was gradually disintegrating!

It looked extremely tragic!

"What the hell does this guy want! He wants to return to the centre of the Lost Heart Stream even after he dies, what's in there?"

Lin Ran was wondering in his heart.

What had happened inside this Lost Heart Stream that made him want to go back so badly!

"Bang!"

Suddenly, just as Lin Ran was thinking, the heartless madness practitioner in front of him actually instantly turned his entire body directly into a sky of dust.

Following that, it directly dissipated into smoke.

Seeing this scene, Lin Ran's entire body was instantly frozen in place.

He hadn't expected this to come so quickly.

At this moment, there was still at least a dozen metres away from the core of the Lost Heart Stream!

As a result, this guy hadn't even lasted, and had simply vanished into thin air.

Lin Ran turned his head to look at the tawny land in front of him gradually turning into pitch black, and couldn't help but sigh.

Originally, he wanted to see what would happen after this guy rushed in!

It turned out that he was just this close to the door, but he couldn't resist!

Just as Lin Ran was about to put away this divine messenger, he suddenly felt a strange and incomparably powerful sucking force!

It instantly enveloped his divine messenger.

It even tried to follow the divine sense connection and directly suck out his own divine sense!

Sensing that something was wrong, Lin Ran instantly severed his divine sense.

Just a moment after cutting it off, a wisp of his divine sense saw that he was wrapped in that sucking force and plunged into the huge deep pit in the centre of the Lost Heart Stream!

At the same time, he opened his mouth and exclaimed.

“This.... Then it is the power of divine soul disintegration!”
