

# Chapter 2337– 2338 of A Dish Best Served Cold Novel

## Chapter 2337

Ok?

Looking for Mr. Chu?

Ericson was taken aback at the time.

I thought, is it possible that this is the person Mr. Chu has been waiting for?

Thinking of this, Ericson suddenly smiled inexplicably.

Before that, he was still curious about what kind of big man could make Mr. Chu wait like this.

Now it seems that it is not a big man, but a “sweetheart”?

However, Ericson soon realized that he was thinking too much.

“Are you?” Mark nodded and agreed when he saw the visitor, and then walked out, curiously asking him about his identity.

“You are Mr. Chu?” However, after seeing Mark, Meng Wanyu’s beautiful eyes shrank slightly.

Obviously, he was surprised by Mark’s youth.

She never thought that the person who let her teacher watch for a day, and finally asked her to come to spread the word, turned out to be a young man of her own age.

You know, for so many years, Meng Wanyu knows his teacher’s temperament.

Always cold and arrogant, alone, except for sect affairs, he rarely talks with people.

Even disciples like her rarely have the opportunity to talk to their teachers throughout the year.

But now, the teacher actually spent a day just for an unknown young man in the summer.

This had to make Meng Wanyu feel shocked.

She couldn’t help wondering, what is the relationship between the man in front of her and her teacher?

“Yeah.”

Mark nodded, "May I ask, the girl?" "Who am I, you don't need to know."

"I came here by the order of my teacher, telling you that you don't have to wait. You just wait until dawn, she It won't come again."

"The past has become a cloud, and there is no lingering rhyme in the world, and you don't need to think about it."

The cold words echoed quietly in the night.

After speaking, Meng Wanyu also turned and left, and did not stay here again.

"Girl, please stay."

"Your teacher must be nearby. I don't know if you can take me to see her."

"Mark, I just want to say thank you in person!" Seeing Meng Wanyu was leaving, Mark immediately got up to stop him and asked anxiously.

"No need."

"My teacher has made it very clear."

"The person she doesn't want to see, you chase to the ends of the world, and you won't see her."

Meng Wanyu directly refused.

When Mark heard this, he shook his head and smiled: "Yes, with her temperament, if I don't want to see me, what can I do if I chase after me?" "Forget it, don't see."

"But girl, I have something. , Help me take it to her."

"This is what I owe her, and it should be returned."

While speaking, Mark handed a beautifully packaged package that had always been next to Meng Wanyu.

At first, Meng Wanyu thought it was Mark who wanted to send something to please his teacher, so he refused.

But later learned that it was what Mark had returned, and accepted it.

"Also, after seeing her, please also help me say thank you."

"That day, Denham's grace of asylum, I Markding will keep in mind!" "No matter whether there is any aftertaste in the world. But in my heart, she has always It's all here."

A few minutes later, Meng Wanyu took the things that Mark gave and left.

Here, Mark was still standing on the top of Yunding Mountain, looking at the direction where Meng Wanyu had left.

“Mr. Chu, if you really want to see her, why don't we follow her quietly?” Ericson gave Mark an idea from the side.

## Chapter 2338 Mark's Gift

Mark shook his head, “No, since she doesn't want to see it, why should I force it?” “As long as I know that she is in Wrilfill, it is enough.”

Mark smiled, whispered, deep eyes. In his eyes, there is an inexplicable light flowing.

Mark thought that the woman would not come.

After all, they only met by chance. It was a coincidence that they had only met for a few months, and they didn't have too deep friendship.

What's more, Mark knew that that woman had always been lonely and arrogant, and she was very cold and cold, and she wouldn't care about the words before she parted.

But now, she still remembers it.

“Let's go.”

“Send me back.”

Mark beckoned, smiled heartily, and then drove back to the Xijiao villa.

At this time, beside Trivan Lake, a woman in a purple skirt was standing there.

Next to him, Meng Wanyu relayed Mark's words to the woman in front of him.

After the woman in the purple skirt heard this, there was an inexplicable wave in the heart of Xiang Gu Jing Wubo at this moment.

“Is there any more?” “Is there anything else he said?” The cold words slowly sounded.

Some women, even their voices are crisp and moving, just like ying.

If Long Baichuan and Owen were here, they would be surprised to find that the way the woman in the purple skirt said this at this moment was actually like the moon god of the Japanese country at the time.

Seeing this, Meng Wanyu at the side was only surprised and curious.

It was the first time she saw her teacher, looking forward to it.

“Nothing.”

Meng Wanyu shook his head, “However, he has something, let me pass it on to you. He said it is owed to you.”

While speaking, Meng Wanzhou handed over a package in his hand. .

The woman in the purple skirt took it from Meng Wanyu. She glanced at it, but did not open it immediately.

Instead, he said: “Wan Yu, I’m a little thirsty, see if you can buy a bottle of water.”

“Okay.”

Meng Wanyu didn’t think much about it. Her teacher ordered it, and she went to do it immediately.

After Meng Wanyu left, she was the only one left by the lake.

She walked to the street light, then lowered her head and carefully opened the package in her arms.

She wanted to see, that guy, what did she give her?

Yes, for so many days, she never left Noirfork.

Why?

Naturally, it was because of the promise that the guy made to her before leaving the old house of the Chu family.

Although before in Denham, Yu Yun had asked Mark’s mother to tell Mark that she would not keep the appointment.

However, Yu Yun didn’t know why, but she could never forget Mark’s promise.

In the end, she stayed and waited in Noirfork until today.

One is to see if Mark still remembers the appointment on that day.

The other is, I want to know what exactly Mark wants to give her.

At the moment when this package was opened, the woman who is famous for her coldness and ferocity in the world of martial arts, a little joy and little expectation rose in her heart.

Once this kind of emotion appeared, even she felt incredible.

“I think I have practiced all my life, facing the supreme power and endless wealth, indifferent. But I didn’t expect that a small gift from that bastard would break my mind~” She laughed at herself, stunningly pretty. His face was full of helplessness.

After laughing, the package has also been opened.

She immediately looked down and saw that under the exquisite gift box, it turned out to be
