

Chapter 2339– 2340 of A Dish Best Served Cold Novel

Chapter 2339–Shameless

It is an intimate garment.

It is black, triangular in shape, and has lace trim.

s*xy style and exquisite workmanship.

It was exactly the same as the one that Mark stole from her in the Chu family's ancestral state.

“This bastard~” “Worthy!” “Shameless thief~” The woman in front of her instantly turned red when she saw what Mark had sent.

The intoxicating blush almost went from the jade neck to the root of the ear.

From a distance, it looks like a ripe peach, and when it touches it, water drips.

At that time, Yu Yun was angry and angry when she saw this underwear.

The whole person was almost mad by Mark!

If Mark were here, she promised that she would definitely slap the bastard into the ground, the kind that couldn't be pulled off.

Because she was looking forward to it before, but because she didn't care about the affairs of the sect, she waited in Noirfork for ten days.

At the end, the bastard gave it this one.

“I don't know how to be ashamed!” “It's shameless~” Yu Yun scolded in shame. In her life, she had never seen such a brazen person.

It's just shameless~ In anger, Yu Yun picked up the package and was about to throw it into the river.

However, she finally closed her hand.

Finally, he snorted and laughed helplessly.

This bastard is still that brazen.

While chuckling, Yu Yun seemed to see it again, the time she spent with Mark in the old house of the Chu family.

Isn't that bastard who always flirts with her brazenly like this?

So in the end, Yu Yun accepted this special gift, even if she doesn't wear it in the future, she should be a souvenir.

Non-vegetation, ruthless Practice makes perfect!

The days and nights in the Chu family's old house finally made Yu Yun feel an inexplicable affection for the young man.

However, that's all.

Yu Yun knows very well that after the farewell today, the two of them are afraid it will be difficult to see each other again.

After all, in her opinion, the gap between Mark and her is too big.

Just like Firefly and Haoyue, there is no doubt a world of difference.

After all, they will be people of two worlds.

After two intersecting straight lines meet for a short time, they are destined to drift away and no more intersection.

"Teacher, what's the matter with you?" Just when Yu Yun lost her mind, she heard the voice of her disciple, Meng Wanyu.

Meng Wanyu had just returned from buying water from a 24-hour convenience store, and saw that his teacher was a little different.

Especially the cold and majestic face of her teacher in the past was slightly red.

Having been with her for so long, this is the first time Meng Wanyu has seen his teacher's face, naturally curious and surprised.

After Yu Yun heard it, a few traces of panic flashed through her beautiful eyes.

But soon, she returned to calm again, and coldly replied: "It's nothing, let's go, and it's time to go back to the sect."

While speaking, Yu Yun had already turned around and left gracefully.

As for the "gift" Mark gave, it was held in her arms and taken away with her.

Soon, the two women disappeared into the night.

On the other side, when Mark returned home, he found that the lights in the villa had been turned off.

It seemed that Helen Qiu had already rested.

Marksheng was afraid of waking Helen Qiu, and did not turn on the light, so he crawled into the bed feeling the dark.

“Where did you go today?” In the darkness, a sudden voice sounded.

Chapter 2340 changes in Noirfork

Mark’s old face twitched with fright: “I’m going, my wife, can you be a little pavement before you speak.”

“This is in the middle of the night, do you want to scare people to death?” Mark’s whole person was about to be bad at the time, “No guilty conscience. , What are you afraid of?” “Frankly explain, where did you go today, why did you come back so late?” Helen Qiu asked Xiang Mark.

Mark didn’t intend to hide from her, so he told Helen Qiu and went to see someone by himself.

“At the beginning, my mother was in danger, thanks to her help. Otherwise, your husband, I am afraid I will be an orphan now.”

“For reason, I should see her and thank you in person.”

“Well, I really should thank you. Otherwise, at some time, you invite her out, we invite her to dinner together, and thank you in person.”

Helen Qiu suggested.

Mark gave a bitter smile, shook his head and said, “No. I’m afraid I won’t see her anymore.”

“I waited for a day today, but I didn’t wait for her.”

“I don’t see it today, and I will not see it in the future.”

Mark Speaking in a low voice, there was a faint loss between the words.

Even Mark had to admit that the woman named Yu Yun left a deep impression on Mark during the time in the Chu family’s old house.

Her stubbornness, her persistence, her cold and majesty, her grace and luxury, all of her temperament, Mark can almost vividly remember.

Of course, it is vividly in the purpose, and there are scenes where Yu Yun chases and kills him with naked feet in the ancestral land.

At that time, I felt that life and death were fast and extremely dangerous.

But now that it echoed, Mark only thought it was very funny and interesting.

However, no matter Mark or Yu Yun, they all knew that they were just passing by in the other’s life.

After parting, it is difficult to see each other again.

This life, after all, is just one person's floating world, Tsinghua University, a person's life, the water flows!

After that night, Mark's life in Noirfork ushered in a rare peace.

The Yundingshan Villa is under construction.

Helen Qiu continued to preside over the daily affairs of Mufan Group, leading the company to grow rapidly among industries.

After the wedding banquet, Mark's majesty in Noirfork undoubtedly reached an extreme.

Not only Noirfork's giants vying to worship and surrender, but also the governor of Noirfork Province, but also empathetic to Mark.

After all, if it weren't for Mark, Han Dongmin wouldn't have been able to upgrade several ranks, and directly from a sub-city of a small backward city, directly took the position of the governor of Noirfork Province, and became the chief official in charge of the territory.

Yes, not long after Li Hongze left, a document was issued from above, officially confirming the appointment of Han Dongmin.

In this regard, Han Dongmin also specially brought his family to visit Mark and expressed his sincere thanks to Mark.

Han Dongmin knew very well that if it were not for Mark, if he wanted to sit in this position, Han Dongmin would have to wait at least twenty years.

that's the truth.

In addition to Han Dongmin's real talent, the bigger reason why Han Dongmin was listed as a territorial official was to sell Mark a favor, in order to win Mark and show his favor.

After all, the favor of a titled master cannot be measured by power and money.

And since Han Dongmin hosted Mark's banquet, the giants of Noirfork's major cities have also come to court to curry favor.

Some give gifts, some money, some women, and come to say hello every other day.

The icing on the cake is endless.

However, Mark has never caught a cold for these people who are in the dark.

Therefore, all their gifts are rejected.

Anyone who invites a banquet will not go.

Externally, he said that he likes quietness and doesn't like these noisy occasions.
