

Chapter 2341– 2342 of A Dish Best Served Cold Novel

Chapter 2341 Wuyang Birthday Banquet

Of course, Mark was not idle either.

During this period, he spent almost most of his time on cultivation.

Yun Dao Tianjue, he has just reached the third level not long ago, and he is in need of stability.

In addition, in his free time, Mark will also practice the Yunyan Sword Art that Yu Yun gave him.

Of course, more importantly, during this period, Mark has been preparing for the formation of formations.

Yun Dao Tian Jue Array is by no means a simple formation, even Mark, it takes several days to complete.

Coupled with the preliminary preparation and verification, I am afraid that it will take a month before and after.

But there was no way, even if this formation was troublesome, Mark had to build it.

Otherwise, if there are forces like Lu and Xu to enter Noirfork and Mark is not there, who else can protect his mother and them.

After all, Qingtan and Tongshan are not strong enough. If you want to get rid of Mark's worries once and for all, it is the best choice to build the Yundao Tianjue Formation!

However, Mark's peaceful life in Wrifill did not last long. That night, Mark suddenly received a call from the military region, which was from Orell Lin, the deputy commander.

Saying that Commander Wuyang's 50th birthday is coming, let Mark go to celebrate his birthday.

Mark has never been interested in such things, so naturally he refused.

The next day, the birthday banquet in Wuyang was held as scheduled.

All generals from Noifork Military Region came to congratulate, and Wuyang's family was full of friends.

Social celebrities and dignitaries from all walks of life gathered in Wuyang's home.

"Orell, where's the instructor Chu?" "Call him over and ask him to accompany me for a drink."

"I happen to have a family relationship on my side. Should I tell him about it?" Mark.

But after searching for a long time, I didn't see him, so I asked Orell Lin, the deputy commander of the Xiang Military District.

For Mark, Wu Yang undoubtedly appreciates it.

At such a young age, he can do so, and his future is limitless.

Wu Yang naturally wanted to receive this kind of talent in his own home.

Therefore, he moved his niece to Mark as his wife.

"Commander, don't mention him."

"This guy is an unfamiliar white-eyed wolf. His character is extremely problematic."

"You are still thinking about him because of you, but people don't even give you a birthday party. Congratulations. I called him yesterday and he said he was not free, so he just hung up."

Orell Lin shook his head and said.

"Oh? You mean, did he not come?" Wu Yang frowned when he heard this, obviously also unhappy.

However, Wu Yang was by no means a narrow-minded person. Instead, he explained to Mark: "It is estimated that the instructor Chu is busy with training, so I don't have time to come."

"Young people, it's normal to be incomprehensible. Just be practical. "If he can train this Qinglong team, he will give me the best birthday gift in Wuyang!" "When the birthday banquet is over, Orell, you will go to the training ground with me and give condolences to the instructor Chu. Let's see how far the Azure Dragon team has been in training."

"Okay!" Orell Lin nodded, and then said, "That's the commander, I'll introduce you to someone."

While speaking, a spirited old man walked over.

The old man was dressed in a gray robe, and although his hair was a bit gray, he was still alive between the steps, and he knew that he was a martial artist.

“This one is?” Wu Yang obviously saw the extraordinariness of this person, and suddenly asked in confusion.

Chapter 2342 recommending Solmen Chan

“Commander, this is the president of the Jiangbei Budo Association, the twenty-ninth generation descendant of Xingyimen, Master Solmen Chan. Chen. A highly respected master in the martial arts world!” “Moreover, Master Chen is more than just his own martial arts high wall. Tao and plum are also famous all over the world.”

“In these years, there are no fewer than ten high-level disciples who have come out of Master Chen.”

“Everyone is a representative of our Yan Xia martial arts.”

Orell Lin introduced Wu Yang from the side.

Wu Yang was shocked when he heard these names, and then he hurriedly smiled and said, “It turns out that it is Master Chen. It is Wu Yang who is ignorant and ignorant. I didn’t even recognize Master Chen.”

“Master Chen, take your seat soon!” Wu Yang always He is enthusiastic, especially for talented people, and is more kind and polite, without any commander’s airs.

“Haha~” “Unexpectedly, Master Chen would also come to congratulate me on Mr. Wu’s birthday, which really makes me ashamed.”

Wu Yang laughed.

However, facing Wu Yang’s enthusiasm, Solmen Chan didn’t express much.

From the beginning to the end, he sat there blankly, nodding to Wu Yang at most, showing a very high posture.

“Commander Wu, I invite Master Chen to come today. In addition to congratulating you on your birthday, another purpose is to recommend Master Chen as the deputy instructor of the Qinglong team and assist the Chu instructor to train the Qinglong team together.”

After drinking the three tours, Orell Lin suddenly suggested.

Wu Yang was slightly surprised: “Huh? Why did you suddenly remember to set up a deputy instructor?” “You know, we had promised instructor Chu before that the Qinglong

team was trained by him alone, and no one could interfere. This matter, if it was made by instructor Chu. I know, I'm afraid it will make him unhappy."

"Commander, I am also considering the overall situation! I admit that the instructor Chu may have some tricks himself, but after all, he is too young to teach a good apprentice and take good care of him. The team?" "If by any chance, the Qinglong team hasn't been trained well, and it will be ashamed by that time, and Gritsberg will blame it, and it is not you and me who are punished?" Orell Lin persuaded in a deep voice.

Orell Lin's words are indeed not unreasonable.

Wu Yang was undoubtedly a little worried when he said this, his face was sullen and he did not speak.

Orell Lin continued: "And Master Chen is respected, capable, experienced, and status. For so many years, Master Chen has brought out many high-ranking disciples."

"We let Master Chen be the deputy instructor, not only to make up for the lack of experience of Chu instructors, but also to urge them to train. The best of both worlds, why not do it?" Orell Lin said repeatedly.

Wu Yang listened and nodded: "Well, what you said is really good. The Chu instructor is indeed a little younger. Compared with Master Chen, he is not enough in experience after all. Allowing Master Chen to assist can make up for this deficiency. "Let's do it, after dinner in a while, we will also take Master Chen to the military area and have a good chat with Chu instructor."

Although Wu Yang is the commander, he also considers the personal emotions of his subordinates.

Therefore, he couldn't decide on this matter right now, he still had to look at Mark's reaction.

Since the birthday banquet started early, it ended early.

Just two o'clock, the birthday banquet was over, and the guests left one after another.

Wuyang, Orell Lin and the others also rushed to the training place of the Qinglong team.

Solmen Chan and one of his disciples were also going there.

2343-Swordsman

When Wuyang and the others entered the training camp, it was almost three in the afternoon.

At this time, the personnel in the military region have already started daily training.

However, what made Wuyang and the others strange was that they did not see a member of the Qinglong team after searching for a long time.

“Huh?” “Where are the members of the Qinglong team?” Wu Yang was puzzled.

“Where is the instructor Chu?” “Where is the instructor Chu?” “Come and see me immediately!” In the camp, Wu Yang and the others shouted for a long time, but none of them called out.

“Could it be that they have gone out for training and are no longer in the military area?” Wu Yang secretly guessed that Mark had gone out for training with the Azure Dragon team.

However, when Wu Yang was about to leave and come back another day, Solmen Chan, who had been silent on the side, suddenly said in a deep voice: “There are people in the room.”

“Shouldn’t they?” “If there were people, I should have heard the order. , I came out to see me.”

“Master Chen, it is estimated that the perception is wrong, right?” Wu Yang smiled, but didn’t believe it.

However, where did Solmen Chan care about him, she led the disciple directly towards the room in front of her.

“Commander of Armed Forces, shall we follow him to see?” Orell Lin called to Wu Yang and followed him.

Sure enough, as Solmen Chan opened the door, a strong fragrance came to his nose.

Afterwards, they only saw that in the room in front of them, Croven Li and the other four were naked, taking a hot bath in their respective wooden barrels.

Moreover, perhaps the bath is too comfortable, but these people are all asleep.

The big silly man Taishan is still snoring.

Until Wu Yang and the others pushed the door in, they didn’t even notice, they were still asleep.

Seeing the scene before him, Solmen Chan suddenly shook his head and chuckled: “Commander, you Chu instructor’s training method is really unique.”

“This is the first time I saw someone Chen, who has lived for most of his life. Soldiers?” Solmen Chan said frivolously, with sarcasm and sneer.

That way, it’s like watching a joke.

Wu Yang naturally heard the irony in Solmen Chan's words. At that time, Wu Yang blushed and felt ashamed. At the same time, his heart rose with anger.

However, before Wu Yang could speak, Orell Lin was the first to say angrily.

“presumptuous!”

“Our military area has spent so much effort and resources to train you. Is it possible that you are here to sleep in a bath?” “Hurry up and get me out?” Orell Lin stepped forward and kicked directly amidst the roars. A wooden barrel in front of him, a large amount of Vietnamese herbal medicine mixed with scattered water flowed out.

Taishan, who was sleeping soundly inside, rolled directly to the ground, revealing a white ass.

Suddenly, Croven Li and others also woke up.

Seeing Wu Yang and others, he was immediately surprised.

“Commander, why are you here?” Croven Li and the others questioned.

“Hmph, don't come again, you are afraid that it will turn the sky upside down?” “Where is your instructor Chu, let him get out and see me!” “I have to ask him face to face, how does he become an instructor?!” “Yes again He sleeps in a bath again. That's how he trains soldiers?” “Is this a soldier training? This is especially for pigs!” “I am the commander who is not as moisturized as yours?” Wu Yang's old face was gloomy, in his words. Suppressed the anger.

No one doubts that for a while, the Chu instructor will inevitably face Wu Yang's raging anger.

“Commander, instructor Chu is not here.”

Croven Li replied.

what?

“Not here?” Orell Lin and others were all surprised when they heard this.

“Where did he go?” “As a soldier, how can he leave his job without authorization?” “Hurry up!” Orell Lin roared.
