

Chapter 2349– 2350 of A Dish Best Served Cold Novel

Chapter 2349 Decadent

Between talking and laughing, the two also left.

Orell Lin returned to his residence. As for Solmen Chan, he went home to pack up and prepare to be stationed in the military area tomorrow, just to begin his career as a general.

However, before leaving, Solmen Chan went to the camp where the Azure Dragon team was located.

At this time, the atmosphere in the room was very dull.

Croven Li and others, who had lost the battle, were sitting there with their heads drooping and dejected, without saying a word.

The appearance of each one is just like a wilted eggplant.

Obviously, the previous defeat had hit them too much.

They didn't expect that under the opponent's hands, they would not be able to do a single trick.

“Captain, you said, are we the material of martial arts~” “This time we lost so ugly, we have ashamed the instructor of Chu.”

“The military commander, they will definitely blame the instructor of Chu, right?” Taishan sentiment Looking down at Denren, she was a little worried about Mark's situation.

After all, they were the ones who lost the previous battle, but Mark's people were the ones who lost.

Taishan and they naturally blame themselves.

“Hey, we are all to blame.”

“We are the mud that can't support the wall, it's a waste!” “We are the one who caused the instructor Chu~” “Anyway, let's withdraw. Let the instructor Chu choose another

talent so that it won't It's so exhausting to Chu instructor~" Croven Li and the others also blamed themselves.

They never doubted Mark's ability to make Qianjun kneel down and make him a person who is unparalleled in the country. Naturally, he is not a mortal.

Therefore, the only reason for the previous failure is that they are too useless, because they can't support the wall with mud.

For a while, Croven Li and others, who were originally arrogant, undoubtedly began to question their abilities.

The kick of Junior Brother Solmen Chan not only defeated their bodies, but also shattered all their pride.

Boom~ As soon as Croven Li and the others fell, Denren kicked out suddenly and kicked Croven Li and the others to the ground.

"Captain, you?" Taishan and the others were puzzled, looking at Denren with doubts.

"Don't call me the captain!" "I don't have your waste comrades?" "Whenever I encounter a bit of setback, I want to give up, I want to quit?" "Are you still men?"

"Are you still selected by instructor Chu?" "I am a woman, and I despise you!" "Seriously, I really feel chilled for instructor Chu, and feel worthless."

"This month, instructor Chu was trying to train us. , How much effort did you put in?" "Developed a training plan for our conscience, and created a blue dragon refining body for us to practice."

"I also prepared a medicine for us to treat our wounds~" "But now, do you want to quit? Want to give up?" "Do you think you are worthy of the Chu instructor?" "Are you worthy of the country's cultivation?" "You are a bunch of cowards, I despise you!" Denren cursed viciously at Croven Li and the others with red eyes.

"Yes, we were defeated just now. We were ashamed."

"But so what?" "What can one failure show?" "Instructor Chu once said that only through hell can we create heaven. Strength; only a finger that bleeds can reveal the absolute sound of the world."

"If a person does not dare to face failure, how can he be qualified to succeed?" "You keep saying that it is embarrassing to Mr. Chu! "But I don't think it is shameful to fail once or twice. And you quit at every turn, give up, and become deserters and cowards. That's the greatest shame!" "This kind of person is not worthy of being a blue dragon person."

, Even less worthy of being taught by Chu instructors."

Chapter 2350 Green Dragon Changes Owner

Denren's words were scorching, and the words and words were just like thunder, which kept exploding in the room.

Every word can be said to hit the soul directly.

Under Denren's anger, Croven Li and the others were all ashamed. They lowered their heads, but they didn't even have the courage to look directly at Denren.

Until, a moment later, Tarzan suddenly started fighting.

"Good scolding!" "Captain, you are right. Failure is not ashamed, and it is ashamed to give up."

"Since the instructor Chu selected us, we must not just give up like this. We must make some achievements and give it to instructor Chu. Give it to Commander Wuyang, and show everyone!"

"Yes."

"Don't you just lose it once?" "Big deal, I'll get this one back later!" "We still have time."

"We will never give up and don't shame the Chu instructor~" As Taishan walked out, Croven Li, Sara Ma and others also stood up one after another.

Under Denren's anger, Team Qinglong burst into fighting spirit again.

"Okay."

"This is the person selected by the instructor Chu."

"In this case, after dinner, we will continue to train according to the plan set by the instructor Chu!" At this time, it was already seven o'clock in the evening, and the night was sinking.

According to the plan set up by Mark, he had dinner at 7 o'clock in the evening, and after 7:30, he continued to train until midnight, and then he was practicing medicinal bath.

Yes, Mark asked them to "practice" even their sleeping time.

Of course, the "cultivation" here is passive, as long as Denren and the others are soaked in a bucket and passively absorb the medicine to quench them.

And at this time, the people in the cooking class will also bring a special dinner for the Qinglong team.

Taishan and the others picked up the bowl and immediately ate it gorgingly.

For cultivators, the importance of diet and rest is by no means less than that of hard training.

This is why Mark attaches so much importance to these two aspects.

However, as soon as Taishan and their dinner was halfway through, a gray-robed old man walked in outside the door.

This old man is no one else, and it is indeed Solmen Chan who has just accepted the appointment.

“Huh?” “What is he doing?” Croven Li and the others frowned slightly when they saw this person, but they had a vague premonition in their hearts.

After Solmen Chan came in, she didn’t speak either, but glanced around and looked at Taishan’s food.

There are abalone, ginseng, black-bone chicken soup, and various precious ingredients.

At that time, Solmen Chan frowned, and shouted in a deep voice: “A bunch of trash, all you can do, but the food is good?!” “The country raises you, it lets you train hard to defend your home, not let You eat and drink, gambling, and corrupt!” Boom~ Solmen Chan walked over and kicked over the rice bowls of Tai Shan and the others, and kicked the pot where they were eating.

“You~” “Bad son!”

“What kind of thing do you dare to yell at us, and dare to kick our rice bowl?” Seeing that his rice bowl was overturned by someone, Tai Shan and the others exploded directly, and they jumped to beat others.

However, when Solmen Chan saw this, she sneered.

Standing with his hands folded, he said coldly to them in a high-pitched tone and a proud and proud tone.

“From now on, forget everything the Chu instructor taught you. From now on, I will start training according to my method.”

“Moreover, Qinglong will respect me in the future!”
