Chapter 2355 Solmen Chan's Fury

Not only Tai Shan, but the others also looked at Solmen Chan angrily.

It seems that they are all waiting for Solmen Chan's answer.

After all, this kind of unfair treatment is unacceptable to anyone.

Before, Mark also strictly required them.

The amount of training arranged for the Qinglong Five is several times that of ordinary soldiers.

However, Mark gave them plenty of rest and supplies while allowing them to train hard.

Therefore, even though Tai Shan and others felt tired during that time, they had a fulfilling life and could feel their progress every day.

But now?

This Solmen Chan, just blindly increase their training volume, and severely cut their rest time, even unable to keep up with the minimum diet and nutrition.

In just half a month, the five of Taishan and the others lost an average of 20 catties.

What made Taishan and others unacceptable was that after training for half a month, they not only did not feel the slightest improvement, but became weaker as they practiced.

It was obvious that Solmen Chan's squeeze of the Qinglong Five had exceeded the limit that their bodies could bear.

If this continues, within a month, some of them will inevitably die suddenly!

However, facing Taishan's questioning, this Solmen Chan not only did not have the slightest guilt and repentance, but still stood there with her hand held, her majestic and cold gaze, just looking down at the five people in front of him, in the emotionless words. With a bit of disdain.

“Just the rubbish students handed over by the rubbish instructors are also worthy of being compared with the flying eagle that I trained by my own hand?” “The members of the flying eagle are all selected by me, and they are from beginning to end. I have been carefully taught by me. One day of training, you will be worth ten days!” “And you?” “It’s just five wastes.”

“The previous connivance of Mark to you is a waste of your will.”

“Now, the five of you, in my eyes, how is it different from the muddy mud on the ground?” “I strictly demand you, and be kind to you, and urge you to make progress. Otherwise, you will only be left further by the flying eagle!” “The reason the stupid bird flies first, you wait for the waste, don’t you understand it?” Solmen Chan scolded at Taishan and the others in disdain.

Originally, these Blue Dragon players had never caught Solmen Chan’s eyes.

If it weren’t for Wu Yang’s insistence on letting him take Qinglong with him, otherwise, Solmen Chan would not bother to waste time on these wastes.

However, even now, Solmen Chan spends most of the day teaching Feiying and others.

As for Qinglong, he also took the time to oversee it.

Unexpectedly, these wastes are getting angry, and dare to challenge him?

“Shut up!” “Solmen Chan, I warn you, I can humiliate us, but we will never allow you to humiliate my Chu instructor.”

“If you dare to insult Chu instructor, please stop blaming me, Tai Shan!” However, Solmen Chan This remark angered Qinglong and others again.

Especially when Solmen Chan said that Mark was a waste instructor, Taishan was undoubtedly even more angry, shouting at Solmen Chan with a magnificent face.

At that time, Solmen Chan raised her brows, and her face immediately became cold.

“I said, forget everything about that waste instructor!” “Now, I am your instructor.”

“You Qinglong, respect me!” “But now, you are a bit deaf? “Or, do you think I am inferior to your Chu instructor?” When Solmen Chan said this, her face was as cold as frost.

The whole person is a bit terrifying ghastly.

He is a very proud man.

Chapter 2356 Who is the Supreme Azure Dragon?

But now, Taishan defends the former instructor in front of him, offending his majesty.

This was undoubtedly hitting him Solmen Chan in the face, and Solmen Chan was naturally angry.

“Just you? You still want to compare with our Chu instructor, you are also worthy?” “I tell you, our Azure Dragon is always the instructor of Chu, not you!” Boom~ As soon as Taishan’s words fell, Solmen Chan gave a kick He kicked out.

How powerful is his kick?

Taishan’s body was more than two hundred jin, like a ball, and flew out directly.

Finally, a two-meter-high fence was smashed and fell into the rubble.

Puffed out~ Taishan trembled and vomited a mouthful of blood.

“Taishan~” “Brother Shan!” “a*shole, you are so cruel.”

“You are so cruel?” Croven Li and the others were worried, and hurried up to help, and at the same time they cursed Solmen Chan.

However, Solmen Chan was expressionless, let alone any pity. He walked over and continued to look down at Mount Tai, who was vomiting blood on the ground, and asked in a cold voice: “I will ask you again, who is the instructor of the Three Armies? Who is the Azure Dragon? Respect?” The deep words, with the majesty that cannot be profaned.

Between the senran words, there was endless chill.

Let people smell it, and be afraid!

However, facing Solmen Chan’s majestic majesty, Tai Shan still gritted his teeth and grinned bloody: “Haha~” “Solmen Chan, no matter how many times you ask me, the instructor in our Qinglong team will always be the instructor of Chu. It’s just instructor Chu!” “And you, want to replace it, don’t you deserve it?” Bang~ It kicked out again.

Taishan flew out a few meters again, blood mixed with bile could not help but spit out.

At this time, Solmen Chan’s face was undoubtedly extremely gloomy, suppressing his anger, but he asked again: “I will ask you one last time, who is the Lord of Azure

Dragon?" "You just beat me to death, I respected by Azure Dragon. The person is still Chu instructor."

Tai Shan smiled sadly, even though his mouth was full of blood, he still did not fear Solmen Chan's majesty.

"You are looking for death!" Solmen Chan has been completely irritated, his brows are cold and his body is full of killing intent.

Seeing that, it was a real plan to beat Mount Tai to death.

However, at this moment, Wang Dongsheng, who had been secretly delivering food to the Qinglong five people during this period of time, happened to be here, and when he saw such a scene, he hurriedly stopped.

"Instructor Chen, your subordinates are merciful~" "If you fight again, you will really kill people."

Wang Dongsheng ran over and hugged Solmen Chan.

"Hmph, these scraps that can't be supported by the mud, rebelled against my orders and offended the majesty of this instructor. If you don't train well, you will know that you are lazy and slippery. Shouldn't you play it? Shouldn't you teach it?" Solmen Chan uttered angrily .

"Instructor Chen, you can't blame them."

"There is a problem with your training method."

"They don't even have enough to eat, how do you let them train?" "They can't sleep well at night, how can they have energy? Training?" "When you taught the Flying Eagles, didn't you also say that diet and rest are as important as training?" "If you want a horse to run, you have to eat the grass first!" Wang Dongsheng persuaded each other bitterly.
