

Chapter 2359– 2360 of A Dish Best Served Cold Novel

Chapter 2359–Sorcerer

Yes, if instructor Chu was here, how could they be so humiliated.

How could Solmen Chan be so arrogant?

Their Azure Dragon team, will not be reduced to this?

These words of Tai Shan undoubtedly touched everyone's heartstrings.

In an instant, the emotions of Croven Li and others fell.

Denren, who has always been independent and strong, actually had an urge to cry at this time.

In the past, Denren's life went smoothly.

Relying on her outstanding appearance and extraordinary talent, no matter where she goes, she is the existence of Zhongxing Pengyue.

Later, she came under Lu Tianhe's gate, and at a young age, she became a school-level officer and the captain of a special force.

At that time, Denren felt that she was omnipotent.

No matter what, I can't trouble myself.

Frustration and thorns are what made her trample on her.

However, Denren didn't realize her insignificance until now.

Before, in the Noirfork Military Region, under the shelter of Mark, she, Captain Qinglong, could almost walk sideways.

Who dares to provoke the Connaught military region?

But now, with Mark being deposed, all the privileges and status she once had disappeared.

Now she, in the eyes of others, is just a dispensable waste, a pool of mud that can't support the wall?

It turned out that without Mark, she was nothing.

Facing the oppression, she Denren didn't even have the qualifications to resist.

Just like the fish on the cutting board, let it be slaughtered.

At this time, the sun is shining outside and the sky is clear.

However, the sky in the hearts of the Qinglong people was dark.

Once, they looked forward to the future so much.

In the past, they were so yearning for the future.

But now, in the hearts of Croven Li and others, only despair is left!

Everyone in Qinglong is full of eggplants like frost, and they are depressed.

However, despite the gloomy future, Croven Li and the others rushed Denren and Tai Shan to the hospital.

In the ward, Croven Li and others gathered together to discuss the future.

"Captain, then Solmen Chan is obviously uneasy and kind."

"He won't stop if he doesn't put us to death."

"In the future, what should we do?" "Are you really going to wait for death here?"

Thinking of what happened today, everyone was angry and aggrieved.

Sara Ma looked at Denren on the hospital bed and asked sadly.

Denren was silent.

Because she didn't know what she should do, let alone how Qinglong should go in the future.

"Captain, why don't you contact the instructor Chu and let the instructor Chu come back."

"As long as the instructor Chu is here, who would dare to move our Qinglong in Noirfork Military Region?" Gao Dazhuang looked at Denren and suggested bitterly.

For a long time, Mark has been the mountain that Qinglong people rely on, and is the person they admire.

Now in a desperate situation, they naturally pin their hopes on Mark.

I hope Mark can return to the military area and lead them Qinglong out of the current predicament.

However, Denren shook her head and sighed: "It's useless. The Chu instructor has been dismissed. Even if the Chu instructor comes back, it won't have any effect."

"The current chief instructor of Noirfork Military Region has become a Solmen Chan."

“Instructor Chu, no longer has the right to speak.”

Denren had never thought about it and contacted Mark.

However, after repeated considerations, Denren finally rejected this idea.

Chapter 2360 why bother to stay?

After all, Wu Yang had deposed all the positions of Mark.

Today’s Mark, if he returns, it is very likely that he will still face trial by a military court.

Moreover, Denren also knew very well that with Mark’s temperament, once he knew that the Qinglong team he had created was so insulted by others, he would surely get angry with Solmen Chan and others.

The use of force by the military region to cause trouble is a serious crime.

Adding sin to sin is undoubtedly harming Mark.

Therefore, Denren decided not to trouble Mark.

“But Captain, can we Qinglong, in the future, can only be humiliated by Solmen Chan?” Sara Ma and others yelled unwillingly.

“Ciao!” “What a shit day.”

“I came to the military area to learn skills, to make contributions, not to get angry.”

“Mom, stop playing.”

“I’m not playing anymore~” “This military area, I won’t wait anymore!” When Sara Ma and others were unwilling to do so, Croven Li on the side suddenly cursed his mother.

Then he took off his uniform and smashed it to the ground.

Sara Ma and the others were shocked and asked Croven Li quickly: “Brother Yang, what are you doing?” “Are you crazy?” “Do you want to defect?” “The Noirfork Military Region is heavily guarded and you can’t escape. “If you are caught back in the future, then Solmen Chan will never let you go!” “So what?” Croven Li asked back, “The big deal, it’s just being shot to death. Anyway, it’s dead, not here. To be tortured to death like a beast, it is better to fight for that ray of life.”

“Big man, I would rather stand to die than suffer this humiliation here!” “That’s right, I have had enough! Brother Yang, I’m with you. Let’s go together.”

Hearing Croven Li’s words, the tall and strong man who had been silent on the side immediately agreed.

“Instructor Chu is no longer there. It is meaningless to stay in Noirfork Military Region.”

“Brother Yang, let’s go together.”

“Leave here and go to instructor Chu!” “This uniform, no matter what.”

Gao Dazhuang He also took off his uniform and threw it on the ground with a snap.

“Okay, add you.”

“Mingbo, how about you?” “Can you go?” Croven Li looked at Sara Ma again and asked in a deep voice.

Sara Ma hesitated. After all, being a deserter has been a taboo in the military region since ancient times. If caught, he will end up miserably.

For a time, Sara Ma’s eyebrows were uncertain, and his heart was also tangled.

Finally, he gritted his teeth: “Okay, Brother Yang, I’ll do it with you!” “You’re right, Master entered the military zone to learn skills, not to get angry.”

“This place, I won’t wait anymore.”

“Let’s go to instructor Chu!” With Sara Ma’s answer, Croven Li and others looked at Denren and Taishan.

“Captain, Taishan, how about you?” “Do it or not?” The three of Croven Li asked Xiang Taishan and Denren.

At first, Denren still wanted to dissuade, after all, this plan was too crazy, it can be said to be rebellious.

However, hearing what Croven Li and the others said just now, Denren also felt very reasonable.

They were right. Instructor Chu was no longer there, and it was meaningless to stay in this military area.

Instead of sitting here and waiting to die, it is better to fight to the death and escape from this dark place.

Therefore, Denren also nodded: “At the beginning, we said that we would serve as a teacher from Chu instructors for life.”

“Qinglong was founded by Chu instructors!” “Where is Chu instructor, Qinglong is there.”

“Now, Chu. The instructor is gone, this military area, we Qinglong, why should we stay again?” “Let’s do it, we will leave tonight!” “Escape here!”
