Chapter 2367 Yes...It's Chu Instructor

Everyone present was stunned.

The five Qinglong people, including Denren and Croven Li, also opened their eyes wide at that moment.

“This...this is?” “Chu...Instructor Chu?” Denren’s words were trembling.

Tarzan raised his head.

Croven Li and others said silently.

All the Qinglong people, lying on the ground covered in blood, looked at the phantom in the depths of the night in disbelief.

It wasn’t until the light and shadow gathered and the figure approached that Mark’s delicate face gradually became clear in the eyes of Denren and others.

At the moment when they saw Mark, everyone in Qinglong couldn’t help themselves anymore.

In an instant, tears broke down!

“Instructor Chu.. Yes.. Instructor Chu!” “Instructor Chu is back~” “Instructor Chu is here to save us.”

“Hahaha~” “I knew that Instructor Chu would not ignore us.”

.....

Outside the military area, Tai Shan and others cried and laughed, shouting almost madly, tears being beaten to pieces in the wind.

In these days when Mark was no longer, they really suffered too much grievance and humiliation.

In the past, these grievances were hidden in their hearts, and they all carried them silently on their own.

But now, Mark is back.

At the moment when he saw that man, the grievances in the hearts of the Qinglong people seemed to find a way to vent.

Especially Denren, after Mark walked in, she jumped directly into Mark's arms and started to cry.

That feeling is as if duckweed has found a place to lean, and the ship sailed into the harbor.

No matter how great the danger, no matter how great the storm, but when seeing this man appear, the hearts of all Qinglong no longer have any worries and hesitation.

"Instructor Chu, we thought we would never see you again~" Mark had already walked over, and the two-meter-tall men like Taishan and Gao Dazhuang were crying in front of Mark.

After all, after experiencing that kind of desperate escape, it is estimated that no one can be calm.

What's more, everything they have experienced during this period of time has depressed them for too long.

Now that they saw Mark, all the emotions accumulated in their hearts burst out.

However, they were seriously injured.

In particular, Mount Tai, who was already injured, has now suffered heavy injuries and is dying.

As for the others, they were also covered in blood, lying there, they didn't even have the strength to stand up.

Even the voice speaking to Mark seemed so weak.

Seeing Denren and the others, Mark couldn't bear it for a while.

"Can you hold it for a while?" Mark looked at them and asked in a low voice.

Croven Li and the others nodded: "Don't worry, Chu... Chu instructor, I... we have the Azure Dragon Refining Body Protection that you taught, no..."

It's not that easy to die~" Croven Li smiled happily, but his pale face and trembling voice also showed how weak he was at this time. Mark nodded: "Well, hold on.

"I will take you away in a while."

After a few words of consolation, Mark turned around and looked at the hundreds of soldiers behind him. After looking around, his gaze finally fell on Solmen Chan, who is the most powerful and powerful. He felt Ye. Solmen Chan didn't know why Fan's gaze, he actually had a trembling feeling in his heart. "It seems that this person's strength should not be underestimated~" Solmen Chan's eyebrows were also gloomy, and his old face was full of jealousy. The color. However, it's just fear. The opponent is a stinky boy, no matter how powerful, where can he go

Chapter 2368 Fight!

"You are the Chu instructor in the mouth of this group of junk students?" "I didn't expect that, would you really dare to come back?" "You leave your post without permission, deal with official affairs, and delay military aircraft."

"Commander Wuyang has long wanted to deal with your military law. "But you are not in the military area, so the commander has never sent anyone to arrest you."

"Now that you are back, that's just right. You won't be able to catch you immediately and wait for you to go down?" Solmen Chan's eyebrows were cold and he looked condescendingly. With Mark.

In a tone of command, he shouted coldly at Mark.

However, Mark ignored his questioning at all.

A pair of cold eyes just looked at him indifferently.

Afterwards, Mark's words were cold and did not contain the slightest emotion, and slowly sounded: "I ask you, I am a man of the Azure Dragon, but was hurt by you?" "Presumptuous!" "You rat, who gave you the courage, how dare you? Talk to the chief instructor like this?" "I don't want to survive?" "Don't you want to kneel down and apologize to the chief instructor?!" However, before Solmen Chan answered, an adjutant on the side stepped out and shouted at Mark.

However, this deputy official voice just fell.

Mark's eyebrows suddenly chilled, and he whispered: "Noisy!" Then, with a wave of Mark's sleeve robe, he drew it with strength.

The adjutant stood up, with a body of more than one hundred jin, like a ball, and was instantly drawn away by Mark.

With a last bang, he slammed hard on the high wall behind him.

The head exploded, and the red blood was mixed with the white brain, splashing a piece on the high wall.

This adjutant who was holding Solmen Chan's stinky feet had not even had time to make a scream, and was directly blown by Mark!

Yes, it just burst!

The head exploded on the wall like fireworks.

At that moment, the audience was dead!

This world is silent.

Only the cold wind swept through.

Everyone looked at the boy in front of them like a ghost.

Too ruthless!

It's too cruel!

They never expected that this seemingly harmless young man would be so harsh when he started.

With a wave of the sleeve robe, a person's head was directly beaten into fleshy flesh.

Mark's fierce methods shook everyone here instantly.

In an instant, there were more than a thousand people on the court, but no one commented.

No one is pale, standing there with fearful eyes, it can be said that everyone is in danger!

Solmen Chan was obviously taken aback by Mark's methods, but after all, he was a weather-beaten person, and soon returned to calm.

A pair of muddy old eyes immediately stared at Mark: "Hunboy, do you dare to kill a comrade-in-arms?" "You are so bold!" "For this crime alone, I can rectify you on the spot today!" Solmen Chan angered. Roaring.

Mark didn't answer, just lifted up his steps and walked slowly towards him: "I'm asking you, I am a man of the Azure Dragon, but you are hurt?" "What about me?" "A bunch of ants are just waste, dead. In my hand, it is their honor."

"And, today, I will not only kill them, but Solmen Chan will even slaughter you, the trash instructor!" "I want those trash to see who can be the chief instructor of the military region?" Solmen Chan actually took the lead in the first shot while sneering.

In the public area, strength surged.

On the palm of your hand, the edges gather!

Then, Solmen Chan pressed her waist down, holding her breath, and then, Solmen Chan's mastery, Xingyi Thirteen Punches, poured out like a storm.
