

# Chapter 2371– 2372 of A Dish Best Served Cold Novel

## Chapter 2371

In the dark night, Mark's whispers echoed.

Afterwards, everyone saw that Mark's eyebrows suddenly became cold!

Immediately afterwards, he raised his right arm, almost stirring the void.

Afterwards, countless heaven and earth forces, as if they were called, gathered under Mark's palm madly.

The world trembles in all directions, and leaves are flying on all sides.

At the same time, Mark's aura was also climbing frantically at a terrifying speed.

In this way, in just a few breaths, Mark's might and power was already surging like a dragon!

Finally, among the shocked and violent gazes of everyone, a palm print covering the sky unexpectedly gathered and formed between the sky and the river!

The palm print is huge, almost covering the sky.

At the moment of seeing this giant palm, everyone here was frightened.

“My God~”

“This... what is this?”

“Why... how come there are such big palms?”

Many people have been scared mad.

These people are all born under the red flag, growing up in the sun, and all of them have received materialist education since childhood.

They have only seen such monstrous methods in front of them in TV dramas.

Now, when this scene really appeared in front of them, everyone was naturally shocked.

It was Solmen Chen, his eyes widened in shock.

“Damn it!”

“What kind of trick is this?”

“How can an unknown boy be so powerful?”

Solmen Chen’s eyes were staring, and she was full of shock and trembling, and she was already thinking of retreat in her heart.

Therefore, Solmen Chen made a decisive decision and turned around to leave.

“Want to go?”

“Can you go away?”

The corners of Mark’s mouth curled up, followed by a sneer.

After that, he manipulated that huge palm print and suddenly pressed down!

Boom~

There was a bang, only if the thunder exploded.

Solmen Chen braced her hands and gritted her teeth to block.

However, the majestic strength has already pressed Solmen Chen’s feet into the ground.

“It’s useless.”

“After all, it’s just a praying man’s arm blocking the car~”

Mark’s cold voice was like the sentence of death.

At the next moment, Mark pressed his palm again and drank with majesty: “Kneel down!”

Boom~

This time, Solmen Chen was no longer able to resist, and only felt that a majestic force swept past like a surging river.

Afterwards, there was a sound of broken muscles and bones, Solmen Chen’s legs broke, his knees broke, and blood poured out. Solmen Chen’s original tall body was just like this, and Mark knelt directly on the ground.

The red blood, like a stream, gurgled out of his mouth.

At this time, Solmen Chen, covered in blood and embarrassment, was like a death row prisoner, kneeling in front of Mark, where there was the slightest majesty before.

Mark's palm just now shattered all his muscles and blood.

It can be said that even if he does not die, he is already a useless person!

However, even so, the desire to survive still drove Solmen Chen to beg Mark for mercy.

“Chu...Chu...Instructor Chu, please...please, kill me~”

“No... don't kill me.”

“I... I don't want to die`”

A weak and sad voice came out slowly.

If they hadn't seen it with their own eyes, no one would have imagined that these few words came from Solmen Chen's mouth.

You know, a few hours ago, Solmen Chen was still a majestic chief instructor of the Noirfork Military Region.

## Chapter 2372

But who could have imagined that in these short hours, he had become a useless person, begging for mercy here.

However, in the face of Solmen Chen's begging for mercy, Mark showed no mercy and was unmoved.

“I am Major General Qinglong, and I am taking care of Qinglong.”

“From the time you killed Qinglong and killed Taishan and others, you should know that you will end today!”

“It's only now that I know to beg for mercy. Don't you think it's too late?”

Mark's cold voice hardly contains any emotions.

Upon hearing Mark's words, Solmen Chen immediately despaired!

The last bit of hope in my heart was immediately broken.

Solmen Chen had never imagined that one day she would fall into the hands of a younger generation.

He didn't even expect that the instructor from Chu who stood behind Qinglong could do such a thing!

Huh~

The cold wind rolled up three thousand fallen leaves.

Amidst the scattered leaves flying, Mark lifted his steps and slowly approached in Solmen Chen's direction.

Looking at Mark's thin figure, it was like looking at death, coming a little bit.

This moment before dying is undoubtedly the most suffering.

Even Solmen Chen can no longer control the fear in her heart.

He stared deadly, and shouted terribly and sternly: "No~"

"You...you can't kill me~"

"I am the instructor of the three services, I am the general of the first army, I am the head of Xingyi~"

"You junior, you... how dare you kill me?"

Solmen Chen shouted hoarse, and the desperate roar echoed through the entire military area.

But Mark's footsteps did not stop.

Finally, he lifted his foot and kicked his chest fiercely in Solmen Chen's desperate gaze!

"Mark, stop!"

....

"Asshole, dare you?"

"Stop this commander!"

However, at this moment, two low and majestic shouts came from the military area.

After all, the noise here stunned Wu Yang and Orell Lin.

These two people, with eyes full of eagerness, ran towards here anxiously.

Especially when they saw that Mark was going to kill Solmen Chen, Wu Yang and the others were even more shocked, and they hurriedly shouted to stop them!

But it's useless.

At the moment when their anger sounded, Mark's foot had already stepped on it.

In the screaming scream, everyone saw that the instructor of the three services, a master of national martial arts, was trampled through his chest by Mark.

The hard ribs shattered like tofu under Mark's feet.

The majestic strength almost crushed Solmen Chen's upper body.

The red blood is gushing like a spring.

Then, when he was about to fall on Mark, he vaporized immediately!

As for Mark's body, a scarlet blood mist appeared immediately.

So far, the chief instructor of Noirfork Military Region, who had just been in office for less than a month, died!

The audience was silent and silent.

The thousands of soldiers were so frightened that their faces were pale, and their bodies took a step back unconsciously.

Looking at Mark's gaze, just look at a devil!

"You~"

"You...you~"

"You actually killed him?"

"You... actually killed him?"

"Mark, you are so brave!"

"How dare you kill Solmen Chen?"

"How dare you kill the chief instructor of the military region?"

Seeing Solmen Chen's chest being stepped through by Mark, Orell Lin's eyes became red at the time, and he shouted angrily at Mark.

Not only Orell Lin but Wu Yang was also full of anger.

He never thought that Mark was so rebellious and daring to punish the important officials of the military district in front of him!
