

Chapter 2373– 2374 of A Dish Best Served Cold Novel

Chapter 2373

“It’s just an ant, kill it if you kill it.”

“Why do you dare to talk about it?”

Facing the questions from Wu Yang and others, Mark replied faintly.

His tone was still so calm, as if Pinghu had stopped water, and there were no waves from beginning to end.

It feels like if he trampled to death just now, it was really just an ant, not a military instructor, let alone a master.

“You~you~”

“You are so arrogant!”

“I don’t know how high the sky is.” Mark’s arrogant words undoubtedly completely angered Wu Yang.

At this time, Wu Yang, with a green old face, suppressed the majestic anger in his heart, and rebuked Mark angrily.

“Mark, do you really think that with Lu Tianhe’s shelter, this commander wouldn’t dare to move you?”

“I tell you, just for the crime you committed today, Wu Yang can order the soldiers to shoot you on the spot!”

Boom~

Wu Yang said this too much.

The complexion of many people immediately changed when they heard this.

Even Denren Ye and others were terrified and fearful.

They were fine if they died, but they were afraid that Mark would be implicated because of them. Eventually, Wu Yang ordered to be killed.

This is definitely not what Qinglong everyone wants to see.

However, in the face of Wu Yang's threat, Mark not only did not panic, but chuckled.

In the faint laughter, there were three-point contempt, three-point disdain, and a few minutes of chill.

"Will you kill me?"

"Commander, you can try."

"However, I also want to tell you one thing, Mark has always acted clearly in my life."

"Those who respect me, I return them with courtesy."

"But whoever killed me, I should pay it back with blood!"

Huh~

Senran words quietly exploded.

In the darkness, an endless cold wind swept across.

Even if they were separated by a hundred meters, everyone could still feel the murderous intent contained in Mark's faint laughter.

At that moment, everyone's faces were pale.

Hearing what Mark said, the meaning was already obvious.

That is, if Wu Yang dared to order a siege to him, Mark would fight back and punish Wu Yang!

"My God~"

"Is he crazy?"

"How dare he say this to the commander?"

These words of Mark undoubtedly frightened everyone.

You know, Wu Yang is the commander of the Three Armies, with hundreds of thousands of soldiers.

This kind of marshal level character, who would dare to be disrespectful in daily life.

But now, the young man in front of him threatened to pay blood for blood and eye for eye with Wu Yang?

This is undoubtedly an offense and blasphemy to Wu Yangda!

Wu Yang is bound to be angered.

“Well, Mark, you dare to threaten this commander?”

“If this is the case, let’s see if I, Wu Yang, fell under your hands first, or you, the rebellious son, fell first among my thousands!”

Sure enough, after hearing Mark’s words, the anger in Wu Yang’s heart was completely aroused.

He is the commander of the armed forces, how can he allow a junior to threaten him?

Today, he must use guns and blood to wake up this arrogant child!

Let him know that arrogance is the price of life!

“Orell Lin, follow the order.”

“Immediately mobilize the artillery of the master regiments of the Noirfork Military Region...”

In anger, Wu Yang immediately ordered the three armies to be enlisted.

However, at this moment, a man behind him ran over, hugged Wu Yang, and persuaded bitterly: “Commander, don’t be impulsive~”

Chapter 2374

“If you have something to say, don’t fight with Instructor Chu!”

The man was full of sadness, almost wailing.

Seeing this person, everyone in Qinglong was slightly surprised.

Because the man in front of him was not someone else, he was Wang Dongsheng who had taken care of Qinglong before.

This Wang Dongsheng was forcibly confined by Solmen Chen during the day.

But after all, he has been in the military area for many years. With his interpersonal relationship here, it is not difficult to get out of the military prison.

What's more, he hadn't made any serious mistakes, just a few words against Solmen Chen.

This crime is not a crime at all, it is that Solmen Chen abused his power.

Under this circumstance, Wang Dongsheng was naturally released soon.

Moreover, out of worry for the people of Qinglong, and fearing that Solmen Chen would do anything excessive to the people of Qinglong, Wang Dongsheng tried a way to contact Mark in the afternoon and informed Mark of Qinglong's current situation.

This is why, tonight Mark will suddenly come to the military area!

However, Wang Dongsheng wanted to call Mark to come and beat Solmen Chen to make him restrain.

But Wang Dongsheng didn't expect Mark to be so ruthless, and directly slaughtered Solmen Chen!

Moreover, it was still in front of Wu Yang.

At the moment of Solmen Chen's fall, Wang Dongsheng knew very well that this situation might have caused a complete disturbance.

At least, Mark could no longer return to Noirfork Military Region!

"Wang Dongsheng, you let me go."

"Pay attention to your own position!"

"Also, I'll say it again, Mark has been removed from my post as a military instructor. He is no longer a Chu instructor."

"He is my Noirfork Rebel now!"

Wu Yang replied angrily, and yelled at Wang Dongsheng.

Wang Dongsheng continued to persuade: "Yes, Commander Wu, even if Mr. Chu is not a Chu instructor, even if Mr. Chu made a big mistake, don't forget, he is General Lu and they introduced him, and Ye Qingtian has to be introduced. Favored by the general."

"Even if you are not afraid of General Lu's eyes, what about General Ye?"

"Don't you give him his face?"

“Mr. Chu is the person General Ye named and praised. If you kill Mr. Chu today, you will undoubtedly beat General Ye in the face.”

“At that time, General Ye will be furious, and the consequences will be disastrous~”

Wang Dongsheng also had no choice. Since Mark was said to be superb, Wu Yang and the others didn't believe it, so he could only move out the names of Lu Tianhe and Ye Qingtian.

Sure enough, after hearing the three characters of Ye Qingtian, it was Wu Yang who was also stunned, and had to reconsider what to do with Mark.

Wu Yang still knew about Ye Qingtian's secret appointment with Mark when he came to Noifork Military Region.

Even when he left, Ye Qingtian deliberately asked Wu Yang to say that Mark's future was unlimited, and let Wu Yang take care of it more.

He might not care about Lu Tianhe, but Ye Qingtian's majesty, even Wu Yang, had to be a little jealous.

Because the name Ye Qingtian is almost a myth in the military.

Although he has no position in the army now, and no real power, for Ye Qingtian, he doesn't need these either.

Because, as long as he stood there, it was a peak that everyone in the army could not surpass in their lifetime!

His prestige in the army is unmatched so far.

This is why Wu Yang reacted so strongly after hearing these words from Wang Dongsheng.
