

Chapter 2375– 2376 of A Dish Best Served Cold Novel

Chapter 2375

Therefore, even Wu Yang had to consider the pressure from Ye Qingtian.

In the end, after hesitating for a while, Wu Yang gave up the idea of putting Mark to death.

However, capital crimes can be avoided, while living crimes are inevitable.

This Mark turned against him in public and killed Solmen Chen, the Chief Instructor of the Military Region in front of him, without paying attention to him as the Commander of the Military Region. With this alone, Wu Yang was destined not to take Mark lightly.

He raised his head, looked at Mark with a sullen look, and said in a deep voice: “Mark, I trusted you at the beginning, and I just let you take on the important task and elected you as the chief instructor of the military region.”

“But what about you?”

“I don’t know that I am grateful, but I even neglected my duty and left the military area without a report.”

“Unorganized, undisciplined, and now, it is even more lawless to kill the generals of our military area in public.”

“Originally, the murderer should pay for his life. In principle, I should shoot you on the spot. But in the face of General Ye, I will save your life for the time being.”

what?

“Commander, Mark can’t stay here~”

“He killed Chief Chen instructor, and he rebelled against you in public. According to the law of the military district, he was put to death in the military law.”

“But if you let him go today, it will be difficult to convince people in the future~”

Orell Lin was shocked when he heard the words, and quickly persuaded him.

This Mark repeatedly stirred up his good deeds and killed his old friend. Naturally, Orell Lin had long wanted to get rid of Mark and hurry up.

Tonight is undoubtedly the best opportunity.

However, Orell Lin never expected Wu Yang to let Mark go.

This is naturally unacceptable to Orell Lin!

“Commander Lin, you can’t blame Mr. Chu for this.”

“It was Solmen Chen who took the first shot and wanted to kill Mr. Chu. Mr. Chu was only forced to fight back and defend himself properly. Even if there is a mistake, it is the fault that Solmen Chen is looking for first and has nothing to do with Mr. Chu~”

Wang Dongsheng helped Mark deal with it from the side.

As soon as Orell Lin heard it, he exploded. He lifted his foot and kicked Wang Dongsheng viciously, kicking him out.

“You little leader, what are you?”

“When this commander speaks, you have to intervene, so don’t get out of the way!”

Orell Lin yelled in anger, but he transferred his resentment towards Mark to Wang Dongsheng.

After kicking Wang Dongsheng away, Orell Lin continued to persuade Wu Yang to kill Mark.

However, Wu Yang replied in a deep voice: “I have my own decision, you don’t have to persuade!”

After blocking Orell Lin with a word, Wu Yang looked at Mark and continued.

“But Mark, the death penalty is forgiven, and the living sin is inevitable.”

“Today, I announced that Mark will be officially deprived of all posts in the military region and expelled from the military. From then on, you, Mark and our Noifork Military Region will have nothing to do with you. Qinglong Team has nothing to do with you anymore.”

“Before I change my mind, get out now~”

Wu Yang said with a deep expression on his labia.

However, Mark didn’t have the slightest intention to leave. Facing Wu Yang’s decision, he chuckled lightly: “This military area, I didn’t intend to stay for a long time. You fire me and you are up to you.”

“However, the Azure Dragon team was created by me, and the members of the team were selected by me personally and tuned in one hand.”

“Today, I came here personally just to take away Qinglong.”

Chapter 2376

“Shut up!” Before Mark could finish speaking, Wu Yang was furious again and shouted, “Qinglong team belongs to our Noirfork Military Region, and its members are all soldiers from our Noirfork Military Region.”

“Their resources are given by the military region and supported by the state. All of them are members of our military region and subordinates to my Wuyang!”

“You are a person who is being expelled, what qualifications do you have to threaten to take Qinglong away?”

However, facing Wu Yang’s anger, Mark’s sneer at the corner of his mouth was even more intense.

“Commander, don’t you think the person least qualified to say this is you?”

“You keep saying that Qinglong is a member of your military area. But, how do you treat it?”

“It’s all about cutting off their logistics supplies, and treating them as inhumane. Train them to death like beasts!”

“Today, if I don’t take them away. It is estimated that in a few days, they will be abused to death by you!”

Mark and Wu Yang were facing each other tit-for-tat, their words were sonorous, as long as the stone fell to the ground, they didn’t give the commander any face at all.

Wu Yang was undoubtedly even more angry, and replied in a mixed voice: “So what?”

“They are members of our military region, and I am the first commander of this military region. How should I train them? That is my freedom. I just let them die, and they must not disobey.”

“And you, a person who has been expelled, have any qualifications to criticize Qinglong?”

Although Wu Yang’s words were angry, they were definitely not unreasonable.

After all, the ancients said that the king had to die.

Denren Ye and the others, as soldiers, should really obey Wu Yang.

But when Mark heard the words, the smile in his eyebrows was even more intense.

“The military commander is really so majestic?”

“It’s just that, do you really think that your commander has such great prestige in Qinglong’s heart?”

“Believe it or not, you can’t command them at all without my permission.”

“It’s nonsense!” Wu Yang said directly angrily. “Is it possible that the majesty of a commander of the military region can’t compare to you as a yellow-mouthed boy?”

Full of anger, Wu Yang turned his head and glared directly at Denren Ye and the others, and shouted in a deep voice: “Everyone in Qinglong, listen to my order and immediately get me back to the military area. In the future, I will cut off all relations with Mark. You and the five people will be here. No more contact!”

In the night, Wu Yang shouted angrily, and his majestic words swept the Quartet.

However, what Ling Wuyang did not expect was that facing his orders, there was no one in front of the Azure Dragon, and there was no response.

Not to mention returning to the military area, and even Li ignored Wuyang.

“Ok?”

“Are you all deaf?”

“Don’t you hear what this commander said?”

“Hurry up and roll me back to the military zone!”

Wu Yang was furious, frowning deeper.

However, no one responded.

Denren Ye, Croven Li and others turned a deaf ear to Wu Yang’s orders.

Until this time, Mark looked over.

In the night, I saw Mark standing with his hands behind him, full of sneers.

He looked around and said in a deep voice, “Qinglong, where is it?”

Boom~

All of a sudden, the cold wind blew up, and the fallen leaves were flying.

And at the moment when Mark's words fell, Denren Ye and others all endured the pain, gritted their teeth and stood up.

"I Denren Ye~"

"Tarzan~"

"Croven Li~"

"Sara Ma~"

"Tall and strong~"

"Everything!"

Mark nodded and continued: "You wait for five people, are you willing to leave with me?"

Denren Ye and the others did not hesitate and nodded.

"The place where the instructor Chu is, is where Qinglong is"

"I am waiting for five people, and I am willing to follow it to the death, and I will only respect the instructor of Chu in this life!"
