## Chapter 2377

Qinglong's words are sonorous and powerful if the stone falls to the ground.

When everyone listened, they only felt deafening!

But Wu Yang at the time was almost fainted.

He raised his arm, pointed at Denren Ye and others with his fingers, and said tremblingly: "You~you~"

"How dare you..."

"I am the commander of the military region, and I am the leader here."

"How dare you not listen to my orders and respect him instead?"

"You really are not afraid. You are also like this yellow-mouthed kid who was expelled from the military and expelled from the military area?"

Wu Yang was furious, his old face flushed with anger, trembling and shouting at the Qinglong people.

However, in the face of Wu Yang's threat, the Qinglong people were not moved at all.

Even Denren Ye and the others replied coldly: "Don't bother you, we Qinglong, voluntarily withdraw from the Noirfork Military Region."

"From then on, we have nothing to do with Noirfork Military Region."

"You...you..." Denren Ye's words could only be inserted into Wu Yang's heart with a knife.

Wu Yang never thought that his commander of the armed forces would be less prestigious than a young man.

Their huge Noirfork Military Region is not as attractive as a deportee.

"Commander Wu, I'm sorry."

“It’s the military region’s ruthlessness first, so stop blaming us for being unjust!”

“Farewell!”

Denren Ye and others said coldly to Wu Yang.

Afterwards, they left the military area and walked in the direction of Mark.

They walked steadfastly and calmly, and they didn’t even miss the purgatory place behind them.

“You...you group of white-eyed wolves, this group of ungrateful people.”

“I was really blind at the beginning, and I accepted you into the military area!”

.....

“The country supports you, and the military area is not bad to you, so do you return to me? Just betray the military area like this?”

“A pack of white-eyed wolves~”

Wu Yang Jai was about to split, cursing angrily at the Qinglong people.

It’s no wonder that Wu Yang is so gaffe. After all, Qinglong’s behavior is undoubtedly in front of everyone, slamming Wu Yang’s face fiercely!

It can be said that in front of the soldiers, Wu Yang was full of face, and there was no majesty.

However, this is no wonder Qinglong and them.

It is the military region’s injustice first.

Before that, they had thought about defending their homes and serving the military region.

However, the actions of the military region for more than half a month have completely chilled everyone in Qinglong!

Their enthusiasm was finally wiped out by Solmen Chen and others’ insults and abuses!

Perhaps this is not Wu Yang’s original intention.

But, as the commander, is he really not responsible?

At least, it is Wuyang's greatest responsibility to know people without knowing them, to use them improperly, and to help others to abuse!

Especially tonight, Solmen Chen led people to besiege them.

This undoubtedly made Denren Ye and others' last sense of belonging to the military region disappear.

On the other hand, Mark, not only they have the grace to teach karma, but now they are not far away, come to rescue.

This life-saving grace is also enough to make them Qinglong follow his life to pay it back.

Therefore, among the choices of Mark and Noirfork Military Region, the Qinglong people resolutely chose the former!

Afterwards, the five Qinglong also followed Mark and walked out of the military area.

"Commander, can't you let them go?"

"Commander, please order immediately and shoot them on the spot!"

"They betrayed the military area and offended you. They deserve death~"

Seeing Mark and the others were really going to leave, Orell Lin persuaded him again.

Genius remembers this site address in one second:

## Chapter 2378

After being panicked, Wu Yang shook his head after all: "Let's go, let them go."

"These kind of ungrateful people don't deserve to stay in our Noirfork Military Region."

"In addition, after they leave, they will be immediately cancelled their military status and will not be hired for life!"

Wu Yang calmed down and ordered in a deep voice.

The reason why he was so gaffey just now was not because he lost a few talents, but more because of the betrayal of Qinglong and others, which made him lose face.

As for the Qinglong Five, in Wu Yang's eyes, they were just a few insignificant soldiers.

There are hundreds of thousands of such soldiers in the Noirfork Military Region.

Therefore, if you leave, you will leave, Wu Yang doesn't care, and he won't stay again!

As for killing them, Wu Yang never thought about it.

Although Qinglong offended him, the crime did not lead to death, and there was no need to kill him.

What's more, just a few insignificant juniors, it is not worth his anger.

“One day, they will regret what they did today.”

Looking at the direction where Denren Ye and others were leaving, Wu Yang was still unreliable, with a sullen expression, and said coldly.

However, Wu Yang now has no idea what kind of person they will drive away today will grow into in the future!

“Well, it's all gone.”

“Everyone will go back to rest and continue training tomorrow.”

“As for Wang Dongsheng, you stay and deal with the funeral.”

“Especially the dead instructor Chen was buried properly.”

Wu Yang seemed to be tired too, and after a few orders, he was ready to go back to rest.

However, who would have thought that Wang Dongsheng came over.

“Commander, that me...me...”

At this time, Wang Dongsheng still carried the footprints of Orell Lin kicking his body. He looked at Wu Yang, opened his mouth and wanted to say something, but hesitated and hesitated.

Wu Yang was immediately puzzled, but Orell Lin next to him looked uncomfortable, slapped Wang Dongsheng's face directly with a slap.

“I...I, you numb me.”

“If you have something to say quickly, let it go if you have a fart, don't delay the commander's rest!”

Orell Lin scolded angrily.

Orell Lin felt angry about this Wang Dongsheng.

Just now, if it weren't for Wang Dongsheng's sudden disruption, Mark would have died here tonight.

But now it's alright, I was persuaded by Wang Dongsheng, and completely let the tiger go back to the mountain.

Orell Lin had to worry about whether he would suffer revenge in the future.

However, when Orell Lin was worried, who would have thought that Wang Dongsheng, who had just been slapped, would slap Orell Lin's face with a backhand.

Pop~

In the dark night, this sound was exceptionally crisp.

“you you...”

“Do you dare to hit me?”

“Wang Dongsheng, how bold are you?”

“You are a little big colonel, do you dare to play this commander?”

“I'm telling you, you're done, you are so dead~”

Orell Lin was covering his face, staring at him, and cursing angrily at Wang Dongsheng.

He never thought that this small leader of Wang Dongsheng would dare to fight back?

“It's over, you are paralyzed!”

After inciting Orell Lin to slap in the face, Wang Dongsheng kicked him again in the stomach.

Orell Lin sighed and knelt to the ground, clutching his stomach.

“Orell Lin, you old dog, I have tolerated you for a long time!”

“I came here to serve as a soldier, not so angry.”

“You don't treat me as a person, and I don't treat you as a person today~”

The clay figurines all have three points of anger, let alone Wang Dongsheng who has become the leader of the team.

Under Orell Lin's repeated insults, Wang Dongsheng finally broke out.

He walked over, kicked and kicked Orell Lin, violently and violently.

Orell Lin, who was hitting straight, had a nosebleed, both of his front teeth were kicked off, and he screamed like a dog on the ground.

“Stop~”

“Wang Dongsheng, what are you doing?”

“Come on, hold him~”

“Quickly~”
