

# Chapter 2385– 2386 of A Dish Best Served Cold Novel

## Chapter 2385

Lu Tianhe was really blown up by gas.

In order to invite Mark to be an instructor, Lu Tianhe didn't know how much tongue and effort he had spent.

However, the people he had invited so hard were just like that, being forced away by Wu Yang and the likes of idiots.

However, this is not the most serious.

What's more serious is that Wu Yang's behavior in this way is very likely to completely offend Mark, and even make Mark angry with him Lu Tianhe.

You know, Mark made Ye Qingtian favored, and even qualified to be the most powerful person in the Martial God Temple. Lu Tianhe was too late for this class of people, but now Wu Yang has completely offended him.

If it weren't for Wu Yang's unusual status, Lu Tianhe would have to kick these idiots to death.

“A bunch of idiots, it's really bad for me~”

Lu Tianhe was so angry.

After all, this Qinglong team is of great importance. The two military regions' joint efforts to form a special team is definitely not only for the cultivation of the next generation, but for the next action.

In fact, not only the Noifork Military Region and the Gritsberg Military Region are preparing, the other major military regions are also working overtime in the near future to train their special forces.

Originally, Lu Tianhe had high hopes for Team Qinglong, hoping that under Mark's leadership, they would be shocked and tremble throughout the summer. Their Gritsberg Military Region was able to sweep away the decline of previous years and became famous throughout the country.

But now, all of Lu Tianhe's plans were undoubtedly ruined by Wu Yang.

"No, you can't just go back to Gritsberg like this."

"I have to find a way to save it."

"Remedy, hope it's not too late~"

Lu Tianhe thought this way, and then ordered the driver to turn around.

The off-road vehicle that had originally rushed to Gritsberg eventually turned to run towards the depths of Noirfork.

---

---

Noirfork, the land of Wrifill.

At this time, in the room, Ericson Li was reporting the progress of the construction schedule to Mark.

"Mr. Chu, after months of hard work, the skeleton of the Yundingshan Villa has now been built."

"In less than three months, the shape will be completely built."

"However, if you want to move in, I'm afraid I can only wait for the end of this year."

Even if Ericson Li had already launched a lot of manpower to build the Yundingshan Villa, it would take nearly a year at the earliest for such a large project to be completely completed.

Even if the construction of the frame of the house is completed, the exterior walls are frosted, and the interior decoration is extremely time-consuming work.

Mark frowned slightly while listening to Ericson Li's report, "Is it still three months?"

If Mark wants to build the Yundao Heavenly Great Array, he must wait until the construction of the external skeleton of the Yundingshan Villa is completed before starting the formation.

Otherwise, in the process of building the house, it is very likely that the base of the formation will be destroyed.

Ericson Li's forehead was slightly overflowing with cold sweat, and he quickly explained: "Yes, Mr. Chu."

“This is already the fastest speed that can be achieved while ensuring quality and safety.”

“No matter how fast, the quality of the house will not be guaranteed.”

Mark nodded: “Well, three months is three months.”

“However, this is the longest period I can tolerate.”

“If three months later, the main project has not been completed, I will ask you for it!”

“Yes, Mr. Chu.” Ericson Li nodded, panicking.

I don't know why, every time I was with Mark, Ericson Li felt that there was an invisible pressure on the boy in front of him, which made him almost breathless.

Usually, this kind of oppression Ericson Li is still acceptable.

## Chapter 2386

However, once Mark got angry, Ericson Li suddenly felt a sense of fear as if he was facing the abyss and walking on thin ice.

It is said that the companion of the monarch is like the companion of the tiger, and now Mark, even if he is not the monarch, is better than the monarch.

However, during the conversation between Mark and Ericson Li, the two brothers Jinbao and Yinbao who had been waiting outside suddenly pushed the door and walked in.

“Ok?”

“Didn't I let you wait outside? Who let you in?” Ericson Li suddenly scolded when the two men suddenly broke in.

“Second Lord, there is someone outside who wants to see Mr. Chu.” Jinbaohui reported.

“Oh? Someone is looking for me? Do you know the identity of the other party?” Mark asked lightly.

Jin Bao shook his head: “We don't know, it should not be from Noirfork. Wearing a military uniform, it looks like he should be from the military area.”

“A member of the military area?”

Hearing this, Mark's brows suddenly wrinkled.

I thought, could it be that Wu Yang changed his mind and sent someone to arrest him and Qinglong?

Mark knew very well that Wu Yang was definitely not a broad-minded person.

That night, Mark was almost ready to fight the Noifork Military Region.

Because, based on Mark's understanding of Wu Yang, he rebelled against him in public and killed his highly regarded instructor Solmen Chen. Wu Yang would be furious and would never let him go.

However, to Mark's surprise, Wu Yang actually chose Yin Ren and did not order his subordinates to attack him.

Therefore, now that the military area came again, Mark's first thought was that Wu Yang sent someone to deal with him and Qinglong.

If that was the case, Mark would naturally not be polite.

"Wu Yang, I advise you not to be stupid."

"Otherwise, I, Mark, dare to blood-stain the Japanese Military Region, and you can still make you Noifork Military Region bloody for thousands of miles!"

Mark's brows were cold, and he muttered to himself in a low voice.

Afterwards, he waved his hand and replied coldly: "Let them in."

After the Jinbao and Yinbao brothers got the order, Dang Even went out to spread the word.

Soon, a spirited old man hurried in.

After seeing Mark, the old man suddenly said with excitement: "Instructor Chu, finally found you."

"I, Lu Tianhe, went to Denham first, then Edensberg, and now I finally found you in Wrifill."

Seeing this person, Mark frowned and said solemnly: "Is it you?"

"Why, Wu Yang sent you to arrest me?"

"No, no, the instructor of Chu is majestic, and he is the supremely strong man who stands at the top. I, Lu Tianhe, have ten courage, and I categorically dare not disrespect the instructor of Chu." Hearing what Mark said, Lu Tianhe was panicked. , Quickly explain.

“Instructor Chu, I’m here this time to bear Jing’s plea.”

“I know the insults you and Qinglong encountered in the Noifork Military Region.”

“But the instructors of Chu are all Wuyang who have eyes and no beads and are good at advocating. Only then did they embarrass Qinglong and dismiss the instructors of Chu.”

“I, Lu Tianhe, really didn’t know at the time.”

“Otherwise, I will fight my old life, and I will never let instructor Chu and Qinglong suffer such insults.”

Lu Tianhe said with a bitter expression on his face.

Mark suddenly smiled when he heard it.

The laughter was cold and full of sarcasm.

“General Lu, according to what you said, these things have nothing to do with you. Mark was ousted, Qinglong was humiliated, and you didn’t have half the responsibility. If that’s the case, why should you come here to take the blame?”

“You just leave, there is no need to plead, I, Mark, and you have nothing to do with you. In the future, I don’t have to go with you when I die.”
