

Chapter 2399– 2400 of A Dish Best Served Cold Novel

Chapter 2399

They didn't expect that after months of hard work, they would end up like this?

They are not afraid of failure or hardship, but they never expected that the other party would not even give them a chance!

At the moment when he heard that his qualification was cancelled, Denren Ye and others had an urge to cry.

They have worked hard for so long, isn't what they did is to be proud of being on top of the competition?

But now, obviously they have come to this arena, but they still suffer such an unfair ending and treatment.

Angry, unwilling, lost~

All kinds of emotions, like an overturned five-flavored bottle, swept across the hearts of Qinglong and others madly.

Once, how great their expectations were, at this time, how great their anger and disappointment were.

Because, if you can't participate in this battle, what's the point of your hard work for so long?

Don't talk about the big reason, in the eyes of the people of Qinglong, the purpose of their hard training in the past few months is for today's battle.

It is conceivable that after learning that he was disqualified, the anger of the people of Qinglong was so angry!

“why?”

“Why on earth?”

“Obviously, we have passed the qualification review just now, and you asked us to draw lots, but now, why are we going back?”

“What’s more, we have already left Noirfork. Everyone in Qinglong has nothing to do with the Noirfork defense zone. Why should we not be allowed to compete, and why should we be disqualified!”

Tai Shan and the others roared, Croven Li’s eyes were red, and he roared at the person on the stage.

“Why?”

“It’s because you rebelled against your superiors, because you were rebellious, and because you were sinners in Noirfork!”

“A group of people with bad reputations, still wanting to be on the same stage as the proud man of the whole army?”

“We are afraid of dirtying our hands!”

“Hurry up and get out?”

At this time, Han Ping stood up and yelled at the people of Qinglong, then shouted again to let Qinglong get out of Jiangbei!

Orell Lin also walked over at this time, and his wanton gaze fell on the people of Qinglong like this.

He smiled triumphantly and proudly said: “I have already said that those who betrayed my Noirfork defense zone will be unable to do anything!”

“A bunch of rubbish, really think that if you have Lu Tianhe to help you, you can sit back and relax?”

“Simply wishful thinking!”

“Waste is waste. In Noirfork, I let you lie on your stomach like a dog. In Jiangbei, I still let you lie on your stomach.”

“Haha~”

Orell Lin looked up to the sky and smiled, and in the laughter, it was so energetic.

“You, it’s you, it must be you secretly playing tricks!”

“Bad son, secretly making trips, what kind of heroes are you?”

“If you have the ability, pull the flying eagle out, and we compare with real swords and guns in the ring.”

Upon hearing Orell Lin's words, Denren Ye and the others immediately understood everything.

They finally knew why the organizers suddenly disqualified them, and why the instructors asked them to leave Jiangbei.

All of this is Orell Lin, here to play tricks.

“Just you, do you still want to compare with the flying eagle I trained?”

“Are you worthy?”

“I tell you, I just won't let you participate in the competition, just to let your efforts go to waste, just to make you angry and crazy!”

“To blame, blame you for acknowledging the master.”

“I want you to know, let that bastard know that the consequences of offending Orell Lin and Noifork defense zone are beyond your tolerance!”

“Go back and tell you Instructor Chu that he wants to participate in the competition. Let him roll over and kneel down and beg me.”

Chapter 2400

When it came to Mark, Orell Lin gritted his teeth with hatred, and said viciously with his eyes full of viciousness.

When Mark first entered the defense zone, he disturbed his plan.

Of his two friends, one was maimed by Mark, and the other was beaten to death by Mark.

Moreover, because of Mark, he was even beaten by Wang Dongsheng!

Yes, Orell Lin also counted Wang Dongsheng's debt to Mark.

In short, Orell Lin hated Mark a long time ago, and naturally opposed it everywhere. 嘶

“Bad son~”

“You mean villain.”

“I'm fighting with you~”

Hearing these words of Orell Lin, the Qinglong people were completely enraged.

Regardless of the fact that this place is a defensive area, they must pick up their iron fists and beat Orell Lin violently.

“stop!”

However, at this moment, a low drink sounded quietly.

I saw that Lu Tianhe, who had been silent for a long time, suddenly walked over and stopped the people of Qinglong.

“What are you going to do?”

“The stronghold of the defense zone, is it the place where you juniors are making trouble?”

Lu Tianhe reprimanded sharply.

“General Lu, it’s them, deceiving people too much~”

Croven Li and the others have blood red eyes, their hearts are burning with anger, and their words are full of grievances.

“I said, step back!”

Lu Tianhe shouted again.

“Why?”

“They are the bastards who insulted us, why should we retreat?”

“We Qinglong, don’t retreat!”

“If Mr. Chu was here, he would definitely not let us retire!”

Taishan and others have been suppressed for too long, and they were all bullied in the Noifork defense zone.

Therefore, they worked hard for several months just to be here to repay the original insult.

But they didn’t expect that when they arrived in Jiangbei, they would still be bullied.

How can everyone in Qinglong endure this?

However, Lu Tianhe still shouted coldly: "Don't forget, before you leave, your Chu instructor's order. The trip to the north of the Yangtze River will let you follow my orders!"

"You can disrespect my order, do you dare not respect the order of the Chu instructor?"

"I'll say it again, step back!"

"But, teacher~" Denren Ye was also frustrated with anger and tears in her beautiful eyes.

"Get out!"

"Leave here, go back to Wrilfill, and find your Chu instructor."

Lu Tianhe's eyebrows were condensed, and the majesty of his words was beyond doubt, and he directly interrupted Denren Ye's words.

Wang Dongsheng, who was with him, also persuaded everyone at Qinglong at this time: "Denren Ye, you just listen to General Lu, leave here with me, go back to Wrilfill, and find instructor Chu."

"The instructor of Chu is unparalleled, and he is majestic. He will definitely make the decision for you~"

"Otherwise, you are making trouble here, and it is you who suffer!"

Wang Dongsheng persuaded each other bitterly.

In the end, the Qinglong people, despite their resentment, still gritted their teeth, forcibly endured their grievances, and left with tears.

However, Qinglong left, but Lu Tianhe did not leave.

After Qinglong walked away, Lu Tianhe's gaze fell on Orell Lin in front of him.

He was expressionless, his brows were sharp, and he looked at Orell Lin like this.

"Commander Lin, I want to ask you, do you not feel guilty in your heart when you insult a group of children like this?"

"Do you know how much effort they put into today?"

"Do you know how much effort they put in this game?"

Orell Lin said while walking in the direction of Orell Lin.

He didn't take a step, and the sorrow on his eyebrows became a bit rich.

The temperature here also dropped sharply by a few minutes.

“They work hard day and night. Croven Li’s home is a kilometer away, but he has never returned once in months!”

“The big grandfather passed away, and he didn’t go back, training with tears!”

“How much they look forward to this game.”

“But what about you?”
