

## The One and The Only Chapter 241 -250

Li Shuilin stared at the slender Song Pingting, and said with a smile :

“Hey, Miss Song.”

Song Pingting looked at the other side vigilantly: “May I have something wrong?”

Li Shuilin said with a grin: “Miss Song, don’t be nervous, I have no malice against you.”

“I have to be grateful to you. If you hadn’t sent my capable sister to prison, I wouldn’t have had a chance to become president.”

Song Pingting Coldly said: “Lingmei’s fate is her own responsibility, no one can blame it.”

Li Shuilin smiled, noncommittal.

He greedily glanced at Song Pingting’s full chest, and said, “I heard that Ningda Group also

wants to compete for the agency rights of liver cancer vaccine.

Unfortunately, you didn’t

even have an invitation letter for Professor Jiang’s reception. Acquired?”

Song Pingting wondered how Li Shuilin reached directly, but she still said indifferently:

“These things seem to have nothing to do with you.”

Li Shuilin said with a smile : “Our Jiahe Pharmaceutical Group, in the entire South, is

considered to be the top ranking. Pharmaceutical company. I have two invitation letters for

Professor Jiang’s reception, and I can share one with Miss Song.”

Song Pingting was surprised at first, and then calmed down, saying: “I have no relatives with

you, Li family, you can even say that because There is still a gap between us about Lingmei.

You actually offered to give me an invitation letter, tell me your terms first?”

Li Shuilin said with a smile: “Ms. Song is really a smart person, knowing that there is no free in the world. Lunch.”

“I just said that when you bring down my sister, I will have a chance to become the president of Jiahe, so I don’t hate you at all.”

“On the contrary, I have always loved Miss Song.”

“Before. Hearing my sister talk about your private life, my heart tickled. I have always wanted to see and see whether Miss Song’s bed skills are as good as my sister said.”

“So, stay with me for one night. I’ll give you an invitation letter. Isn’t this a good deal?”

Song Pingting paled with anger: “Li Shuilin, your sister is all rumors that slander me. She has already To pay the price for her disinformation, I hope you will respect it now.”

At this moment, Yash Nics appeared in a BMW M760Li xDrive.

Yash Nics looked at Song Pingting and Li Shuilin in the Bentley car, frowning and said,

“Pingting, what’s the matter?” When

Li Shuilin saw Yash Nics appear, he instructed the driver to drive, and when he left, he said to

Song Pingting: “Reception It will start tomorrow night.

Whenever you change your mind, please contact me.” Song Pingting got into Yash Nics’s car with her face cream.

Yash Nics asked

indifferently : “What’s the matter?” Song Pingting didn’t have the habit of hiding from Yash

Nics, so she told the story.

Yash Nics coldly snorted: “I think the people in the Li family are tired of living.”

Song Pingting said quickly: “Yash Nics, the Li family is powerful, and the market value of

Jiahe Pharmaceutical Group is 20 billion. Narcissus didn’t resort to fainting tricks to offend

Chief Ran, and she wouldn’t be able to go to jail.”

“The Li family is not something we can provoke. We just ignore them.”

Yash Nics was noncommittal and just picked up the phone Dong Tianbao made a call: “Tell

the Li family to let Li Shuilin kneel and apologize within three days.

Otherwise, the glory of

their Li family will end here.”

Song Pingting looked at Yash Nics helplessly. Her husband is good in everything, especially for her in every possible way. But sometimes it was a bit too strong, and this time he even spoke, asking Li Shuilin to come and apologize in person within three days. While Song Pingting was moved, she worried that Yash Nics's move would anger Li Shuilin. She quickly turned off the topic and said, "By the way, Professor Jiang closed his door to thank the guests and does not accept anyone to visit." "He decided to hold a business reception tomorrow night, inviting many powerful pharmaceutical group CEOs and representatives to participate, and will announce vaccine agents tomorrow night." "Our Ningda Group does not have a pharmaceutical foundation, and the strength is not comparable. Li Shuilin and the other pharmaceutical companies didn't even get the invitation letter. It is estimated that we are cold." Yash Nics smiled upon hearing this: "Let's go to Jiang Lao's cocktail party. What kind of invitation letter will we use? Tomorrow night we will go directly." Song Pingting Hearing that, I couldn't laugh or cry: "How can I participate without an invitation letter? Don't be kicked out by the time." Yash Nics said with a smile: "How is it possible? It is their honor for us to attend the reception." Song Pingting couldn't help but give it. Yash Nics rolled his eyes and tweeted: "Cheeky, there are too many bigwigs attending the reception tomorrow night, and there are even many foreign consortia. We are nothing but honors in the eyes of others." Yash Nics smiled. , No more explanation.

The One and The Only Chapter 242

next day, night fell.

At Yash Nics's urging, Song Pingting put on an elegant white evening dress and the pink

diamond necklace Yash Nics gave her.

She looked at herself in the mirror, and Yash Nics, who was smiling at her, couldn't help but

whispered: "Yash Nics, are we really going to the reception of Professor Jiang?"

Yash Nics said with a smile: "Of course!"

Song Pingting said worriedly: "But we don't even have an invitation letter, can we get in?"

Yash Nics said convincingly: "What invitation letter do you want, don't worry, we must get in."

Yash Nics Go out with Song Pingting, drove to Mannity zhizhi Building, and attended the

reception held by Professor Jiang.

Professor Jiang's reception was held on the top floor of the Mannity Axis, which is the

Wandering Cloud Restaurant.

At the entrance of the restaurant, there were 11 special soldiers with live ammunition

guarding them. Only the guests who checked the invitation letter and had no problem could

enter the reception site.

It turned out that Dian Chu was responsible for the security work of Professor Jiang during

this period.

Tonight, Dian Chu adjusted a platoon with more than 30 soldiers in total to maintain order

and ensure safety.

At this moment, there is a second lieutenant with a thin bar and a star emblem on the

epaulettes, looking serious, checking the guest's invitation.

I saw him handing back the invitation letter to a well-dressed couple, and counted: "The

invitation letter is verified to be correct, please come in."

Song Pingting could not help turning her head to look at Yash Nics when she saw the strict inspection. "Yash Nics, I didn't expect Professor Jiang's reception to dispatch special soldiers to maintain order. We don't have an invitation letter, so we can't get in."

Song Pingting's voice just fell, and a sneer came from behind him: "Hehe, I thought Miss

Song didn't come to me last night, she got the invitation letter, but I didn't expect that she was going to sneak in in troubled waters!"

Yash Nics and Song Pingting turned their heads together and found that it was Li Shuilin standing behind them.

Li Shuilin was dressed in a Dior suit, well-dressed, followed by a few bodyguards.

Li Shuilin took out two hot stamping invitations and flaunted proudly: "Ms. Song didn't agree to my terms. Now I can't enter without an invitation letter. Do you regret it?"

Song Pingting powder face cream: "What invitation? Letter, we don't need it!"

Li Shuilin sneered: "No, are you planning to sneak in sneakily? Don't be caught by the soldiers at the scene to shoot!"

Song Pingting was anxious.

Li Shuilin laughed loudly, and brought a few of his entourages forward, and handed one of the invitation letters to the ensign at the door for verification.

He arrogantly said: "I'm here to attend Professor Jiang's reception, as well as the

distinguished guests who participated in the competition for vaccine agency rights." The

ensign took the invitation, glanced at the name on it, and said blankly: "I'm sorry, your The invitation letter has been disqualified."

Li Shuilin opened his eyes wide: "What did you say?"

He quickly took out another invitation letter: "What about this one?"

The

ensign took a look and said indifferently: " Sorry, all of your two invitations from the Li family have been disqualified."

Li Shuilin said silently, "How is it possible!" The second lieutenant said coldly, "There is nothing impossible. Professor Jiang learned today that your Li family is rich and unkind, and you will study cancer with him. The idea that vaccines benefit the common people is contradictory." "Professor Jiang confessed to disqualify your Li family from participating in the cocktail party. Please come back!" The other guests around who were waiting to enter the cocktail party couldn't help but talk about it. The family was stigmatized and was finally sanctioned tonight. Lee Shui-lin angry, got angry directed lieutenant roared:. "Can not, I'm Lee Shui-lin, president of Jiahe Pharmaceutical Group, is Professor Jiang personally sent me an invitation, you'd better put me in"

Crash !

The ten soldiers next to the ensign raised the Type 95 automatic rifles in their hands together, pointing their muzzles at Li Shuilin.

The second lieutenant said without expression: "The first warning, leave immediately."

The One and The Only Chapter 243

Li Shuilin's forehead was cold sweat instantly, and his heart had already retreated.

Had it not been for the many familiar business leaders around him, and Yash Nics and Song

Pingting were watching, he would have run away in fright.

But now, in order to save some face, he has to hold on anyway.

And this is the first warning. According to normal conditions, three warnings will be invalid

before the real action will be taken, so don't be afraid!

His courage to bite the bullet on the front of the lieutenant said: "Which of you departments, believe it or not I have a complaint with the city of respect, chops your skin?"

Carter, a second lieutenant already backhand stock, severely Hit him on the face.

With a scream, he fell to the ground with a bloody face.

He was almost broken in his heart, and there was a voice crying: Ooo, why didn't you play the cards according to common sense, didn't you say that you only need to warn you three times before you do it?

Click!

It's the sound of a bullet being loaded.

The second lieutenant pointed his gun at Li Shuilin on the ground: "Last chance, is it going to roll?"

Li Shuilin was so scared that he pissed off, and said repeatedly: "I get out, I get out, don't shoot..."

He was supported by several of his men. Fleeing in embarrassment.

When he passed by Yash Nics and Song Pingting, he actually saw Yash Nics smiling and

saying to Song Pingting, "Okay, let's go in."

Li Shuilin stopped running away and looked at Yash Nics incredulously.

With Song Pingting.

He couldn't get in even if he had an invitation letter, and was beaten to blood by the guardsman.

Yash Nics and Song Pingting didn't even want to go in without an invitation letter. I'm afraid they will be shot dead on the spot!

Thinking of this, Li Shuilin would not leave now.

He clutched the wound on his forehead and looked at Yash Nics and Song Pingting with a sneer, wanting to see their fate.

When Song Pingting heard Yash Nics's words, she couldn't help but startled. She ate and

said, "Yash Nics, I'm afraid this won't work, right?"

Yash Nics smiled and said, "What's wrong, I said we don't need an invitation letter." No need.

Why, don't you believe me?"

Song Pingting said with difficulty: "I believe you, but..."

Yash Nics said with a smile: "You just believe me, but no, let's go."

Song Pingting didn't know what to do. , I can only sacrifice my life to accompany the gentleman.

She held Yash Nics's arm tightly, closed her eyes, and walked towards the door step by step

in a very nervous and frightened manner if she went to the execution ground.

Li Shuilin and the other guests at the scene also stared at them closely.

Yash Nics and Song Pingting had just walked to the door, and the ensign and ten soldiers at

the door moved immediately.

Snapped!

The second lieutenant saluted the ten soldiers in a uniform manner, and said in unison:

"Welcome to Mr. Yash and Mrs. Yash!"

What? !

Li Shuilin and the guests on the scene saw their eyes protruding.

The soldiers at the door didn't even ask for an invitation letter from Yash Nics and Song

Pingting, and even saluted and welcomed them.

When Xiao Zhiyuan, the richest man in China Shipping, walked in, he didn't have this kind of

treatment!

Song Pingting's pretty face was also full of disbelief. She stupidly took Yash Nics's arm and

followed Yash Nics into it.

Like a dream, she couldn't believe it was true.

The guests at the door couldn't help but talk.

Li Shuilin couldn't help it. He rushed forward to reason with the ensign, and shouted in

dissatisfaction: "Why can they go in without an invitation letter? I can't enter if I have an

invitation letter?”

The second lieutenant said indifferently: “Because they are VIPs, your invitation has been disqualified.”

Li Shuilin cursed aggrievedly: “Fart!”

Bang!

The second lieutenant raised the butt of his rifle and slammed Li Shuilin’s face again.

Li Shuilin screamed and fell down... From the corner of Yash Nics’s eyes, he caught a glimpse of Li Shuilin who screamed and fell behind him, with a cold light in his eyes.

It was his idea to disqualify Li Shuilin from attending the cocktail party. If Li Shuilin didn’t follow his warning and came to kneel to apologize, then the Li family would really be unlucky.

The One and The Only Chapter 244

Yash Nics and Song Pingting walked into the reception, the scene has been very beautifully arranged.

Brilliant lights, exquisite champagne towers, and a band playing soothing and beautiful music.

Countless brightly-dressed men and women guests are standing and chatting in twos and threes with their wine glasses.

Everyone is very curious about who will get the agency rights of this liver cancer vaccine?

Since the news of the success of the liver cancer vaccine researched by Professor Jiang

came out, consortia have been actively contacting Professor Jiang.

They submitted agency plans one after another, hoping to get the agency rights of vaccines from Professor Jiang.

Everyone thinks that this kind of thing, Professor Jiang must weigh again and again, to

dazzle everyone’s appetite, and wait until the agency price is the highest, then the most

powerful consortium will be formally selected to represent the vaccine. But unexpectedly, Professor Jiang suddenly chose to hold a cocktail party in an ordinary city like Mannity City in the south, and he wanted to announce the vaccine agent.

This is unexpected by many consortia, so they can come to the reception tonight. The majority are domestic consortia, while foreign ones are relatively few. The domestic consortia are mostly in the south, and relatively few in the north.

Among the many representatives of the Southern Consortium tonight, the most

conspicuous is a Lu Shanshan who is wearing a burgundy evening dress and dressed like a

beautiful daughter of the Lu family, Lu Shanshan.

Lu Shanshan was surrounded by many bosses who complimented her, as if the stars were arching over the moon.

When Song Pingting came in just now, she saw Lu Shanshan from a distance, with a complicated expression on her pretty face.

Yash Nics noticed the strange expression of Song Pingting, and asked curiously: "Do you know her?"

Song Pingting lowered her voice and said, "Yes, she is the daughter of the Lu family, one of the four pillars in the south of the Yangtze River, and a member of the Cathay Pacific Pharmaceutical Group. President, Lu Shanshan."

It turned out that Song Pingting once represented the Song family at a disaster relief charity party three years ago, and it happened that Lu Shanshan also participated.

That night, Lu Shanshan donated 8 million yuan. The other bosses who participated in the charity party did not dare to steal Lu Shanshan's limelight, and their donations were deliberately below 8 million yuan.

Only Song Pingting was not in harmony with the world, she donated 10 million yuan

according to her grandfather's orders.

Song Pingting's unintentional behavior angered Lu Shanshan on the spot.

Lu Shanshan was already jealous of Song Pingting who was more beautiful than her. Song

Pingting donated more than her. In her opinion, Song Pingting simply stepped on her

deliberately to steal her limelight.

So when taking a photo with the charity party, Lu Shanshan refused to take a photo with

Song Pingting and asked the organizer of the charity party to kick Song Pingting out.

Lu Shanshan is the eldest of the Lu family, and the Lu family is powerful in the south.

Where did the organizer dare to offend Lu Shanshan, so they drove Song Pingting out.

That night, Song Pingting was kicked out of the charity party in embarrassment. Lu

Shanshan also mocked her and said: "A bad guy who has a child out of wedlock, dare to

compete with this eldest lady in front of media reporters, get out!"

Yash Nics finished listening. Song Pingting and Lu Shanshan's past, he looked at Lu

Shanshan's gaze, has become cold.

At this moment, Lu Shanshan also noticed Yash Nics and Song Pingting.

No way, Yash Nics is unparalleled, and Song Pingting is outstanding.

This pair of handsome men and beautiful women stood out from the crowd at the reception,

and it was hard not to notice.

When Lu Shanshan saw Yash Nics, a flash of resentment flashed in her eyes.

Lu Qingyun is her younger brother, Yash Nics dared to kill her younger brother, this hatred is

not shared.

However, the primary purpose of her coming to Mannity this time is not to avenge her

brother, but to fight for the agency right to get the vaccine from Professor Jiang.

This is considered to be the difference between the Lu family and the Zhu family.

The Lu family is more sensible, and everything is given priority to family interests.

In the Lu family's view, revenge is a small matter, and it is a big deal to win the liver cancer

vaccine agency that can make a lot of money.

Zhu's thoughts are different. Zhu's thinks that making money is second, and revenge is

important.

Therefore, after the bodies of Lu Qingyun and Zhu Jiuling were sent back to Lu's and Zhu's

by Yash Nics.

The Lu family immediately sent Lu Shanshan to compete for the vaccine's agency rights;

while the Zhu family issued an order to summon the disciples and grandchildren to gather

together in Mannity and punish Yash Nics.

When Lu Shanshan saw Yash Nics, the murderer of his brother and enemy, she still couldn't

bear it, and said coldly, "You are Yash Nics." In

an instant, everyone on the scene focused on Yash Nics.

The One and The Only Chapter 245

Yash Nics said calmly

: "Yes!"

Lu Shanshan said coldly: "We Lu family have grudges, you must take care of yourself."

Yash Nics smiled and said, "Look, you give me to You have already said the advice of the Lu

family, what else can I say?"

Lu Shanshan didn't expect Yash Nics to be so mad, killing her brother, and even saying that

she would advise the Lu family to do it for themselves. Is there such a person in the world?

Lu Shanshan's chest fluctuated violently, but she finally endured it. The first task tonight is

not to clean up Yash Nics.

Her gaze fell on Song Pingting, who was next to Yash Nics, looking at the beautiful Song

Pingting, her eyes could not hide her jealousy, and she sneered: "We seem to know each other?"

Song Pingting said calmly, "I am Ordinary people, how can you know Miss Lu?" Lu

Shanshan coldly snorted: "You don't have to pretend to be garlic with me. I have a good memory. Three years ago, at the disaster relief charity party, it was you who robbed me of

the limelight. In the end, I took you from me. Charity party kicked out."

Song Pingting bit her lip: "I didn't expect Miss Lu to remember this."

Lu Shanshan sneered: "Hehe, there is no woman in the south that can steal my limelight, let

alone you scumbag. I'm not happy to see you."

Yash Nics heard Lu Shanshan's insulting Song Pingting from a bad guy, he instantly became

angry and raised his palm without hesitation.

Snapped!

Yash Nics slapped Lu Shanshan's face!

The slap was so cruel, it directly caused Lu Shanshan's mouth to bleed, and the makeup on

her face was messed up.

Even the carefully blown hair on his head has turned into a messy chicken coop.

"Do you dare to hit me?"

Lu Shanshan clutched her beaten cheek and looked at Yash Nics in disbelief.

The bodyguards behind her were also stupid. All the guests on the scene were stupid.

Someone dared to beat Miss Lu.

Even Song Pingting was stunned, Yash Nics even slapped Miss Lu's slap for her.

Yash Nics looked at Li Shanshan with a calm face and said indifferently,

"Isn't it just for smoking?"

Lu Shanshan, who has a particularly strong self-esteem, was slapped in public by Yash Nics, which is more uncomfortable than killing her. . She recovered, like a tigress stepped on her tail, screaming: "He hit me, he hit me, he actually dared to hit me. Bodyguard, the organizer's security, come and take this Asshole beat me to death!" The bodyguards behind her finally reacted, one by one, they were angry at Yash Nics. At this time, there was an angry shout from the old man: "Stop!" Then, everyone at the scene saw the old Professor Jiang Nanfeng, accompanied by Jiang Rong, Zhang Jinan, Tong Ke and others. Professor Jiang followed more than a dozen special soldiers with live ammunition to protect him. Lu Shanshan saw Professor Jiang, and if she saw the life-saving straw, she said loudly: "Old Jiang, you came just right. This bad husband dares to hit me. You must give an account of this matter." Song Pingting Wen Yan became anxious, and quickly said: "No, it's a bit misunderstanding."

Lu Shanshan sneered: "Misunderstanding, do you let your husband slap me as a misunderstanding?" Song Pingting was very anxious, but she didn't know how to argue for a while. Can only be anxious to tears. Professor Jiang said slowly: "Miss Lu, what kind of explanation do you want to give you?" Lu Shanshan pointed at Yash Nics grinningly: "I want this bastard to kneel down and apologize to me, and then kneel down and let me take ten Slap in the face, in the end I will blast the two of them out, not to attend the cocktail party tonight."

Many guests on the scene shook their heads after hearing this. The eyes looking at Yash Nics and Song Pingting were full of pity. Ms. Lu slapped Miss Lu because of her volition, and now I am afraid that she will have to pay more than ten times the price! Song Pingting was also pretty pale. She was humiliated by Lu Shanshan three years ago.

Three years later, she and her husband will be humiliated by Lu Shanshan again?

Professor Jiang nodded to Lu Shanshan, then instructed the special soldiers behind him:

“Slap this woman named Lu Shanshan ten more slaps, and then blast her out so that she can’t participate in my reception.”

What?

Everyone at the scene was shocked when they heard Professor Jiang’s words.

The One and The Only Chapter 246

Lu Shanshan even screamed out: “Old Jiang, did you make a mistake? I am Miss Lu Jia, President Lu Shanshan of Cathay Pacific Pharmaceutical Group. You have to teach it, it should be Yash Nics It’s a couple of

dogs and men with Song Pingting!”

Professor Jiang said angrily: “Shut up, Mr. Yash and Madam Yash are my distinguished guests tonight, you dare to be rude to my distinguished guests, give me your mouth!”

Professor Jiang said.

When the voice fell, the northern soldiers on the scene immediately started to work

together. Some people controlled Lu Shanshan’s bodyguards, some held Lu Shanshan, and

others directly raised their palms, giving Lu Shanshan a big, loud mouth with a crackle.

These northern soldiers are Yash Nics’s soldiers, and Yash Nics is the god in their hearts.

When Lu Shanshan spoke harshly to Yash Nics and Song Pingting just now, the soldiers could no longer bear to do it. Now when Lu Shanshan slapped Lu Shanshan, the soldiers didn't show any mercy. Lu Shanshan's cheeks were swollen and blood stained. Then, Lu Shanshan and his party were all blasted out. The guests at the reception saw Professor Jiang teaching Lu Shanshan a lesson and blasting Lu Shanshan out. Everyone was dumbfounded and couldn't believe it. After all, Lu Shanshan is the eldest of the Lu family, and she has quite a status in the South. I didn't expect Professor Jiang to give no face at all! However, Lu Shanshan was blasted out. It also said that everyone is missing a strong competitor, and everyone is still very happy. Professor Jiang picked up the microphone at this time and said with a smile: "A little unpleasant happened just now. I am here to apologize to all the guests for Mr. Yash and Mrs. Yash." Then, Professor Jiang announced the official start of tonight's reception.

Then, the leaders of Mannity City, as well as several bigwigs from the medical field, took the stage one by one to speak. There were bursts of applause, pushing the atmosphere of the reception to a climax. When the atmosphere of the reception reached its climax, Professor Jiang personally announced that the liver cancer vaccine developed by the Sugon Medical Research Institute would be given to Ningda Group's pharmaceutical company, Ningqing Pharmaceutical Company as an agent. When Professor Jiang's words fell, everyone at the scene was dumbfounded. Even Song Pingting was stupid!

Ningqing Pharmaceutical Company is a newly established pharmaceutical company under the Ningda Group.

The company name of Ning Qing was personally named by Song Pingting, alluding to two important figures in her life: husband Yash Nics and daughter Song Qingqing.

Ningda Group is the most inconspicuous among the many consortia on the scene.

Ningqing Pharmaceutical Company, a subsidiary of Ningda Group, is the weakest among the many pharmaceutical companies on site.

Although Song Pingting carefully prepared the agency plan, she always felt that Ningqing

Company was here to serve as a foil this time, and there was no chance to obtain the agency rights of the vaccine.

Therefore, when Professor Jiang announced that her Ningqing company had obtained

vaccine agency rights at an annual agency price of 1 billion yuan, she was shocked.

Finally, Yash Nics smiled and reminded Song Pingting: "Pingting, what are you doing in a

daze. Professor Jiang said that you have chosen you as an agent.

Wouldn't you say a few words of thanks?"

Song Pingting just returned. God came, forcibly calmed the excitement.

She stepped onto the stage, shook hands with Professor Jiang, then took the microphone

and said excitedly: "Thank you, thank you Professor Jiang for his trust in our company, and

finally chose to cooperate with our company."

"I also promised here that I must Take good care of the vaccine and give back to the society."

Many CEOs and representatives of the consortium at the scene also came back to their senses.

Everyone saw that the person who got the vaccine agency power turned out to be such a

small person as Song Pingting.

They suddenly became dissatisfied, one more excited than the other, and one after another

yelled: "She is weaker than us, so why did she get the agency?"

"That is, our group is much stronger than her, and so is the agency fee. It's three times hers!"

"Our pharmaceutical company is the largest. Why can she get an agent for a small company

that doesn't even have a pharmaceutical factory?"

"Yes, Professor Jiang, your decision is too trivial?"

The One and The Only Chapter 247

Seeing everyone protesting, Professor Jiang waved his hand to signal everyone to be quiet.

Then, he calmly explained: "Everyone should know that Li Shuilin, the president of Jiahe Pharmaceutical Group, was disqualified from attending the

reception because of his misconduct, right?" "And Lu Shanshan, the president of Cathay

Pacific Pharmaceutical Group, everyone just now Seeing me blasted her out."

"From these two things, someone may be able to tell. What I value most is character, and

then the strength of the company."

Professor Jiang said that, he paused. Pause, look at Song Pingting, smile and say: "Mr. Chen

is my friend, he has always supported my research work. And Ms. Song's person I know,

absolutely reliable."

"I believe Mr. Chen and Ms. Song, So I finally chose to hand over the vaccine agency to

Ningqing Company. I hope everyone understands."

Many consortium bosses at the scene still felt unacceptable, but they were helpless and

forced to accept this reality.

A few happy and a few sad!

Song Pingting was immersed in the great joy of getting the vaccine agent, but some people were immersed in great anger.

That is Lu Shanshan!

Lu Shanshan had just dealt with her injuries. She was not seriously injured, but both cheeks were swollen.

She is usually beautiful, but now she looks like a pig's head.

She screamed like a shrew, venomously cursing Yash Nics, Song Pingting, and Jiang

Nanfeng.

She bitterly said: "Agui, immediately notify the family to send someone over. I will kill the

dog and the man and woman of Yash Nics and Song Pingting, and I will also teach Jiang

Nanfeng." Agui is Lu Shanshan's subordinate, forty years. Years old, stable personality.

He persuaded in a deep voice, "Miss, calm down, I don't think I need to rush to notify the

family to send someone to do it."

Lu Shanshan said angrily: "I've been beaten like this, you still tell me to calm down?"

Agui respectfully said: "Yash Nics and Song Pingting are certainly hateful, but the two of

them are already dying. Why should the young lady be

stunned with them?" Lu Shanshan was astonished: "What do you mean by this?"

Agui laughed: "Miss, you forgot that Zhu's family issued an order to summon the disciples

and grandchildren to gather in Mannity to kill Yash Nics's family?"

Lu Shanshan's eyes lit up: "Ha, I have forgotten this. It is said that Zhu Fenghua, the eldest

son of Zhu Kuchan, will visit Mannity tomorrow to lead his disciples and grandchildren to

destroy Yash Nics's family."

Agui laughed and said, "Being positive ." Yes, so I said that Yash Nics and Song Pingting are

both dying people, and I don't know that Missy made the shot

herself ." Lu Shanshan nodded: "According to the latest news I got, Jiang Nanfeng actually gave Song Pingting the vaccine agency rights. Bitch."  
"Alright, after Zhu's family kills Yash Nics and Song Pingting, I will talk to Jiang Nanfeng again, and I must get the agency of liver cancer vaccine!"  
Agui complimented: "Haha, congratulations. The young lady made the most correct choice."  
Lu Shanshan said bitterly: "I can't wait to see Zhu Fenghua destroy Yash Nics's family."

...

At this moment!  
Tianhai provincial city, airport.  
Black Mercedes Benzes lined up in black convoys, just like the same black dragon, driving into the airport and stopping at the airport gate.  
"Quick!"  
"Quick!"  
When the convoy stopped, well-trained men in black suits got out of the car and gathered.

Soon, hundreds of men in black suits lined up in two rows.  
Then, in the front Mercedes-Benz S600L, came down a tall, middle-aged man with sword eyebrows and eagle eyes.  
This man is the father of Zhu Jiuling, the eldest son of Zhu Kuchan, the head of the family, and Fenghua.  
An old man with a small stature and an evil spirit appeared next to Zhu Fenghua and said respectfully: "Uncle, the special plane of tens of millions of Mannity is ready."  
Zhu Fenghua nodded and asked indifferently: "Agui, we Are the disciples and grandchildren of Zhu's family gathered in Mannity?"  
Agui grinned and said, "Yes, there are already thousands of disciples and grandchildren who have come from all over the world and gathered in Mannity."

“They just waited for the uncle. You come to Mannity, lead them, and avenge the young master.”

Zhu Fenghua said with satisfaction: “ Board and set off, go to Mannity, kill Yash Nics, Xue hate.”

The One and The Only Chapter 248

Professor Jiang Nanfeng announced that he would cooperate with the Ningda Group to

hand over the liver cancer vaccine to Song Pingting’s agent.

The two parties signed the contract on the spot, and Song Pingting officially won the vaccine agency.

After signing the contract, Song Pingting was excited to speak on stage, thanking Professor Jiang for his trust.

In addition, she will fulfill her responsibility to promote vaccines, benefit society and

mankind, and welcome seniors in the medical field to supervise her.

Yash Nics looked at Song Pingting on the stage with a smile. He liked to see Song Pingting’s smile like a flower.

Dian Chu quietly appeared next to Yash Nics at this moment, and said in a low voice: “Young

Master, Young Madam is very happy.”

Yash Nics said calmly: “She and Qingqing have been wronged too much in recent years, I

want her from now on all so happy, ”

Dian Chu and whispered:” just got the news, I wish I wish bitter family Father Zen, issued a

call to make disciples called home to wish door Sun, gathered in the sea, I wish to give

Jiuling revenge. “.

Yash Nics

Man carelessly: ” Vengeance ?” Dian Chu: “Yes, the Zhu family threatened to kill your young

master and your family and put Zhu Jiuling under the coffin.”

Yash Nics's face sank slightly after hearing this: "The sky is mad and there is rain, and the madness is woeful. Count me. The deadline for the Zhu family to retire is just a few days away. Since the Zhu family insists on going their own way, let them try the bitter fruit they brewed."

Dian Chu said, "There is one more thing to report to the young master."

Yash Nics: "Say!"

Dian Chu said: "It has something to do with Wang Daofang's Central China Sea Theater.

Wang Daofang's troops will have an award ceremony for the middle-level colonel tomorrow."

"Wang Daofang would like to invite you to attend the award ceremony.

He said that his

subordinates also regard you as an idol and have always wanted to witness your heroic

appearance." "If you have time to attend the award ceremony for a few minutes, you will

definitely be able to give these middle-level officials a great encouragement."

Yash Nics calmly said: "No matter which army you are in, the

middle-level colonel is the

mainstay. Wang Daofang is a person who has come out of our Northern Army. I naturally

want to support him."

"You help me tell him, I will

Take the time to attend the award ceremony." Dian Chu was overjoyed:

"Haha, Wang

Daofang will be mad when he learns that you are here."

Yash Nics said calmly, "Remember, I don't want to be public. The award ceremony can only

have people within us. , People from all walks of life are not allowed to participate."

Dian Chu: "Well, I will inform Wang Daofang."

... The

next day, news broke out that Ningda Group had won the liver cancer vaccine agency.

Ningda Group's stock price has soared since the opening of the morning, directly trading at the limit.

Song Pingting also started to get busy with the pharmaceutical company. Tong Ke discovered many secrets of Yash Nics these days. The more secrets she discovered, the more unfathomable her brother-in-law became, and the more she became curious and admired for Yash Nics.

In the morning, Tong Ke came to Yash Nics and said, "Brother-in-law, my cousin asked you to accompany me to the scenic spots in Mannity City. Are you free today?"

Yash Nics said lightly. No time, I'm going to participate in an event later ." Tong Ke couldn't help showing a disappointed expression when she heard the words, but she immediately said: "Brother-in-law, what kind of activity are you participating in? Take me with me. I was at my aunt's house during this time. It's all boring." Yash Nics directly refused: "The activities I participated in, you are not suitable for mixing."

Tong Ke became more and more curious about what activities Yash Nics participated in?

Seeing that Yash Nics would not agree to let her participate, she rolled her eyes twice, and then said slyly: "Brother-in-law, if you don't bring me, I will be very bored at home alone."

Yash Nics looked at Tong. Ke glanced: "What about then?"

Tong Ke slyly said: "If I get bored, I will chat with my aunt and them! I will tell all your secrets by accident. I don't know if I will scare my aunt and them to death?"

Yash Nics Lower face: "Are you threatening me?"

The One and The Only Chapter 249

Tong Ke giggled and said: "No, I'm just bored today, I want to go to the activities with my brother-in-law."

Yash Nics and Tong Ke stared at each other with big eyes, making Yash Nics It's a little

helpless.

His sister-in-law is not afraid of him.

He finally said: "Okay, you asked for it yourself, don't regret it."

Tong Ke became a little nervous when he heard that, but the curiosity of the girl was more

serious than that of the cat, and she said with a little vain: "I'm not afraid, brother-in-law is

not Bad guy."

Yash Nics was really dumbfounded when he heard this.

Yash Nics went out with Tong Ke, still driving the dilapidated Volkswagen Polo car.

Yash Nics drove out of the Jiangbin Garden District and was immediately followed.

Moreover, there were two cars following Yash Nics, an inconspicuous motorcycle, and a

Lexus.

Yash Nics glanced at the rearview mirror and looked at the two cars following him, with the

corners of his mouth slightly raised.

Seeing the smile on Yash Nics's mouth, Tong Ke couldn't help asking in surprise:

"Brother-in-law, what's the matter?"

Yash Nics smiled lightly: "Someone is following us, and it's still two groups."

Tong Ke suddenly became nervous. "Who, are the people from the Zhu family and the Lu

family to come to you for revenge?"

Yash Nics said lightly, "It is possible, are you afraid, do you want me to drop you off at the

intersection ahead?"

Tong Ke's heart slammed Jumping wildly, very nervous, but also very exciting, she refused:

"No, there is a brother-in-law, I am not afraid of anything."

Yash Nics smiled bitterly, he did not expect his sister-in-law to trust him so much.

Yash Nics's guess was correct. It was indeed two groups who followed them.

The motorcycle that followed him was sent by Mannity Li's son and Li Shuilin.

Li Shuilin was disqualified from the reception last night and was still embarrassed at the door. He hated Yash Nics and Song Pingting to death. Sending someone to follow Yash Nics today is to find an opportunity to attack Yash Nics and avenge him!

Another Lexus that followed Yash Nics was sent by Zhu Fenghua. Zhu Fenghua has arrived in Mannity, and has also summoned a large number of disciples and grandchildren. He wants to grasp Yash Nics's whereabouts and can act on Yash Nics at any time.

Yash Nics's Volkswagen Polo car, the more it drove, the more deviated, it went out of the city and came to the suburbs.

Finally, Yash Nics drove to a secret military base in the suburbs.

The outside of this military base looked like an abandoned factory, with high walls and closed doors.

However, when Yash Nics's car just appeared at the gate of the base, the gate of the base slowly opened.

Yash Nics drove in, and the door slowly closed again, restoring calm.

Following Yash Nics's motorcycle and Lexus, seeing Yash Nics entered this "abandoned factory building", they all left immediately.

At the same time, report to their master where Yash Nics is now.

Tianlong Mountain, hot spring club.

There are more than 3,000 disciples and grandchildren of the Zhu family from all over the world. These people are all underground circles in the south.

Anyone is a social person, a certain brother in society.

This group of people gathered together, murderous.

Just when thousands of people were making noise, Zhu Fenghua showed up with a few entourages.

“Master is out!” The disciples on the scene shouted one after another, and then gradually became quiet, and everyone looked at Zhu Fenghua. Zhu Fenghua said proudly: “I have inquired clearly that Yash Nics is now in an abandoned factory on the outskirts. Everyone gets in the car and leaves with me. Grab Yash Nics and each one takes a knife. I will put Yash Nics and Ling Chi to death.” The three thousand disciples roared together: “Yes!”

Three thousand disciples got on the car one after another, and the convoy composed of countless vehicles set off in a mighty manner and went straight to the outskirts.

The One and The Only Chapter 250

outskirts of the secret base, an award ceremony is being held.

On the training ground, more than 20,000 heavily armed soldiers stood neatly in line.

There are also war-ready vehicles such as tanks, armored vehicles, and armed off-road vehicles parked on the side.

Even in the apron and hangar in the distance, there are also various armed helicopters and a few fighter planes parked.

More than 20,000 officers and soldiers were looking excitedly at the award ceremony on stage.

Because of the belief in the minds of countless Chinese soldiers, the marshal of the

Northern Army, the Chinese God of War, Yash Nics actually visited the base to attend the award ceremony.

At this time, all the soldiers looked at Yash Nics, who had just awarded the ranks to ten school officers, with surging faces.

Yash Nics, dressed in casual clothes, personally conferred titles on ten school officers, and

then briefly spoke: "No regrets in this life, Chinese soldiers, fellow robes. Don't forget your mission, move forward with heavy burdens, and defend your home and the country."

Wang Daofang told Dianchu , There were more than 20,000 soldiers on the scene, shouting together: "Don't forget your mission, move forward with heavy burdens, defend your home and the country!"

Tong Ke stood in the audience, looking at Yash Nics on the stage stupidly, shocked in her heart. describe.

She looked at Yash Nics and thought: Is her brother-in-law really an ordinary veteran? Why do I think the soldiers seemed very excited when they saw him? He seemed even more powerful than General Wang?

At this time, Yash Nics had already stepped down from the stage. Dianchu, Wang Daofang, and others followed. Wang Daofang respectfully asked Yash Nics if he should go to the cafeteria to have lunch with the soldiers before leaving?

Just when Yash Nics wanted to speak, suddenly he saw a soldier on duty galloping over:

"Report!"

Wang Daofang said angrily: "What is it, in a hurry, in what manner?" The soldier on duty snapped. Salute, and say loudly: "Report, countless vehicles have come outside the base, and thousands of people have gathered. These people seem to be forcing our base."

Wang Daofang heard the words and said in surprise: "Thousands of people gathered outside to attack our base, but there is such a thing?"

Yash Nics said indifferently : "When I came, it seemed that someone was following me. If I didn't guess. If it's wrong, the group of people outside should come from Zhu's family and

come to me to seek revenge.”

Wang Daofang said angrily: “The Zhu’s family is really reluctant to live and die. Send my order to mobilize one group and two groups, and keep the outside group out of eyes. Guys, grab them all.”

The men next to Wang Daofang were going to execute orders immediately.

Yash Nics shouted: “You don’t have to go out, let them break in by themselves.”

Wang Daofang was stunned, and immediately understood what Yash Nics meant. He

smiled: “Yes, let them in, just close the door and beat the dog. After Wang Daofang finished speaking, he ordered the soldiers on duty:

“Order all the soldiers on duty at the gate to retreat and let those outside to break in.”

“Yes!”

Hundreds of vehicles were parked on the empty ground outside the gate of the base . Car.

There are Bentleys, Mercedes-Benz BMWs, Wuling Hongguang, and even small buses.

More than 3,000 murderous men got out of the car one after another and gathered together.

These people all have iron pipes and machete in their hands, and some even have pistols in their hands.

Zhu Fenghua appeared in the front of the crowd. He squinted and looked at the “abandoned factory building” with the front door closed, and asked his men next to him: “A ghost, Yash

Nics is hiding in this abandoned factory now?”

A ghost nodded. Head: “Yes, he is inside now.”

Zhu Fenghua asked indifferently: “What does this factory do? ” Agui looked at the marker on the phone map and smiled: “The map is realistic.

This is a house

that has been abandoned for more than ten years. A large-scale pharmaceutical factory in

1960. ” Zhu Fenghua wondered: “Abandoned pharmaceutical factory, why did Yash Nics come all the way here?”

Agui laughed: “It is said that Yash Nics and his wife successfully obtained the agency rights of liver cancer vaccine from Professor Jiang. I guess Yash Nics should be planning to establish a pharmaceutical factory, and want to see if it is suitable for a factory site, right?”

Zhu Fenghua snorted: “When the site is not suitable, it is suitable for the tomb.” After

Zhu Fenghua finished speaking, he waved his hand and ordered: “Go ahead, rush in and live

Yash Nics. I will cut him a thousand times and give it to me. My son takes revenge.”

The more than 3,000 subordinates behind him yelled: “Rush in and catch Yash Nics alive.”
