

# Chapter 2413– 2414 of A Dish Best Served Cold Novel

## Chapter 2413

The screaming scream was accompanied by the sound of broken muscles and bones, and it immediately resounded through the entire Jiangbei defense area.

Just now, Lin Fan, who was still very energetic and proud of the spring breeze, was howling in pain like a dog at this time.

Holding his legs, rolling on the ground unceasingly.

Watching this scene, the eyes of Orell Lin and others suddenly turned red.

irony!

What a big irony!

Orell Lin never imagined that he originally asked Lin Fan to abolish Taishan's legs, but in the end, it was his son's legs that were broken.

“Beast, do you really dare to start?”

“I declare, you are done!”

“Flying Eagle hears the order, immediately kill this beast and kill me on the spot~”

Orell Lin was angry and cursed viciously at Mount Tai.

Later, he ordered the Flying Eagles to fight with all their strength to kill Taishan and avenge his son.

However, in fact, there was no need for Orell Lin to give an order. At the moment when Lin Fan was deposed, the eyes of the other members of the Flying Eagle team were also red.

“Bad son~”

“Dare to hurt my captain?”

“Take your life!”

“Go to hell~”

Feiying and the others roared, and then they all urged the blood explosion technique.

His whole body was full of energy and blood, and his power could not help surging.

In this way, the remaining four flying eagles all shot together, and the storm-like offensive pours out again.

“Haha~”

“Brothers, the time to pretend has arrived!”

Seeing that the Flying Eagles had come out of their nests, and Croven Li and others had been eager to try, everyone could no longer sit still.

The five Qinglong people all rose from the ground, leaped forward, and went directly to the side of Mount Tai.

“It’s time, some grievances, and it’s time to resolve.”

“Orell Lin, keep your dog’s eyes open and take a good look. It is the Flying Eagle team you trained that has the last laugh. Or is my Azure Dragon team better?”

## Chapter 2414

“Hubaoquan is the fist technique below Hongquan...”

.....

“This Flying Eagle team is amazing. They can learn the martial arts of different schools by mastering the four-square boxing technique?”

Seeing the overwhelming power of the flying eagles ahead, everyone present was shocked and exclaimed again and again.

Even the high-ranking instructors of the three services, such as Han Ping and Zhu Rong, looked at him.

Everyone thought that the previous battle between Flying Eagle and the Qionggi team was the strongest method of Flying Eagle.

But it now appears that they were wrong.

Noirfork’s Flying Eagles team, there is still room for it?

“It is said that a few months ago, this Flying Eagle team was still a small team that was not taken seriously in Noirfork.”

“But in just a few months, Orell Lin has built it into such a strong team. I have to say that Orell Lin’s skills are extraordinary?”

Han Ping whispered secretly, looking at Orell Lin’s gaze, and then a little more respect.

“Yes.”

“At this time, it is estimated that this so-called Azure Dragon team should be fully exposed, right?”

“After all, two fists are hard to beat four hands.”

“No matter how strong Taishan is, it is impossible to be the opponent of the entire Flying Eagle?”

Zhu Rong and others said in a deep voice.

In their opinion, among the Azure Dragons, the only one that can be obtained is probably Mount Tai.

Others, I’m afraid they are all used to make up the number.

After all, no one would think how strong a team brought out by a young man can be?

But is this really the case?

Just when everyone was full of emotion at Feiying’s strength, their attack had undoubtedly reached Croven Li and the others.

However, what made everyone puzzled was that in the face of a strong enemy, the Azure Dragons did not have any posture to fight back or even avoid, instead they stood there quietly.

Just like five trees, under the Tianhe, standing in an eternal posture!

Seeing this scene, Han Pingping was puzzled.

“What are they doing?”

“Could it be that he gave up resistance and waited to die?”

“Just stand there and wait for death?”

“Or, they plan to learn from that stupid big guy, and use their flesh to resist the eagle attack?”

Many people are guessing.

It is precisely because of such suspense that everyone present watched intently.

Even in the finals just now, no one watched so nervously.

“Huh, it’s just a mystery!”

“I don’t believe it anymore, we Feiyang and others, why can’t we have a few wastes?”

“go to hell?”

Among the flying eagles, a bald man smiled grimly.

Afterwards, the attack on his hands became fierce again.

In this way, after a few breaths, all the attacks from the flying eagles fell on Croven Li and the others.

Bang bang bang~

There were several rumblings in succession, and continued to sound.

However, the moment their attack fell on Croven Li and the others, the expressions of Feiyang and the others changed.

Because, they obviously felt that their attack fell on the Qinglong people, just like sinking into the sea, without any waves at all.

The fact is also true.

After the bang, the breeze blew up, blowing Denren Ye’s green silk like snow.

In the audience, the fists and feet of Feiyang and others were even attached to Croven Li and others.

But the five members of Qinglong smiled happily.

Facing the attack of the flying eagles, they were immovable!

“No, it’s impossible?”

The bald man was not reconciled, but once again picked up his fist and smashed it crazily at Croven Li.

“Haha~”

“Bald donkey, give up.”

“It’s useless.”

“With your little strength, even our defenses can’t be broken, and I want to kill me, but I’m just humiliating myself.”

Croven Li raised his head and smiled, then raised his foot and kicked the bald head away.

Juli wrapped his bald body and flew far away, before finally hitting Orell Lin with a bang.

Huh~

The bald body trembled, blood sprayed across Orell Lin’s face.
