

# Chapter 2421– 2422 of A Dish Best Served Cold Novel

## Chapter 2421

Boom~

Following Denren Ye's order, everyone saw that everyone in Qinglong immediately changed to a strange position.

Two people are in front, two are behind, and one is in the middle.

Then, all five Qinglong sat down cross-legs, closed their eyebrows and stretched out their palms, as if they were embracing the world.

In the mouth, there are even more words.

“Ok?”

“Battle of life and death, what are these wastes doing?”

“Could it be that you just sit and wait for death, choose to give up resistance, and wait for death there?”

Just when everyone was wondering about Qinglong's weird behavior, all of a sudden, there was a violent wind in all directions.

Since the sky was originally dark, it suddenly darkened.

The fierce wind, like a tornado, rolled from all directions and swept past.

Wherever the strong wind passed, Sha Fei stone walked away, and the storm filled the sky.

What's even stranger is that even the sky turns dark.

The billowing black clouds obscured the sky.

Between the sea of clouds, faintly heard the sound of thunder rolling.

The world here is like boiling water, the power of the world, the crazy restlessness, sweeping, gathering, and rushing.

In the end, the surging power, as if being pulled, madly poured into the place where the five Qinglong people were.

At this time, the people of Qinglong were like dried sponges, absorbing the strong power of heaven and earth madly outside.

Seeing, the aura of the Qinglong five people is climbing frantically at a speed visible to the naked eye.

Like a raging fire, it burns more and more.

The terrifying aura is that Han Ping's all-powerful instructors can't help trembling and shudder.

"Damn~"

"Qinglong, what are they doing?"

"Why, such a terrifying aura erupted?"

Among the crowd, Orell Lin was gloomy, cursing angrily with a dark face.

He originally thought that the four special forces teamed up to encircle Qinglong, and Taishan and the others could only wait to die.

But who could have imagined that these rascals still have cards.

Moreover, the momentum is so great that it has disturbed the world.

"Instructor Han, you are so knowledgeable, do you know what tricks this is?"

"Unexpectedly, it can cause the world to change!"

"Could it be a trick to conceal mystery?"

Orell Lin and others asked Han Ping.

Han Ping was silent, his old face expressionless and gloomy. He stared at the front stubbornly. Obviously, he couldn't see what this means.

Even their instructors are like this, not to mention the major defense teams in the field that encircle and suppress Qinglong.

When feeling the majestic power from the five bodies of Qinglong at this moment, the members of the team such as Qiongqi and Red Phoenix were already trembling, and their faces were pale.

Therefore, in this power, they actually felt a deadly threat!

“Not good~”

“This is a combined attack!”

After a long silence, Han Ping seemed to finally see his suspicion, his expression changed, and he immediately said in surprise.

“Looking at this power, I am afraid the power is extremely terrifying.”

“Once it is displayed, the consequences will be disastrous!”

“Quickly, I’ll take action immediately and interrupt their power accumulation.”

“Never let them accumulate energy to finish!”

Han Ping was also aware of the seriousness of it. After all, even they looked at this formation and their hearts trembled.

This is just the charging stage. Once the charging is completed, the combined attack formation is instantly played. Wouldn’t the Qiongqi, Red Phoenix and other teams worry about their lives?

## Chapter 2422

Therefore, whether it is for self-protection or to protect their student subordinates, they must take action as soon as possible, and defeat them directly before Qinglong’s energy accumulation is complete!

“But instructor Han, the three of us shot to deal with a group of juniors and spread it out. Wouldn’t it make people laugh?”

Zhu Rong and Lan Xing were hesitant.

They hadn’t personally shot Qinglong before, just because of their identity and face.

After all, Qinglong and the others are indeed a group of juniors, and they are highly respected and expensive as the chief instructors of the defense area, so they naturally can’t let go of their identities to deal with Denren Ye and them personally.

“When is it all special? Are you still worried about these faces?”

“Do you think that your own face is important, or the lives of dozens of people, such as Chihuang and Qiongqi?”

“I can tell you without exaggeration, once Qinglong is allowed to use this combined attack technique, the Red Phoenix and the others are afraid that their lives will not be guaranteed!”

what?

Han Ping’s words completely frightened Zhu Rong and Lan Xing.

The Red Phoenix, Qionggi and other teams are their life’s hard work and their greatest pride.

Naturally they can’t watch, their life’s hard work is destroyed in the hands of Qinglong!

“Great!”

“In that case, let’s move quickly.”

“Interrupt Qinglong~”

In the face of life and death, Zhu Rong and the others couldn’t take care of any face.

These three instructors made a decisive decision and immediately attacked Qinglong!

However, just when the three major instructors were about to rush towards the direction where Qinglong was, a figure flashed by.

Immediately afterwards, Mark’s thin body stood in front of them!

“Several instructors, where are you going?”

“The people below are fighting, you generals, instructors, do you still want to attack my Azure Dragon secretly regardless of your status?”

Mark put his hands in his pockets and smiled faintly.

In the low words, there is contempt and contempt.

“Boy, get out of us!”

“If you want to die, I will clean up you later.”

“I don’t have time to talk nonsense with you now!”

Zhu Rong was eager to save people, and as soon as Mark’s words fell, he slapped Mark fiercely with a palm.

Mark didn’t hide, and he slapped Zhu Rong abruptly.

“what?”

However, at the next moment, Zhu Rong’s expression changed drastically when he looked at Mark, who was motionless under his palm.

He didn’t expect that the body of the Qinglong group of people is nothing more than that, this Mark’s body is also so tyrannical?

He slapped him hard, and he was unscathed!

As his face changed drastically, Zhu Rong hurriedly took his palms back and backed more than ten meters in succession, fearing that Mark would counterattack, and quickly distanced him.

At the same time, he looked at Han Pingping.

“Damn it, Old Han, Lan Xing, this one is weird.”

“I am alone, I am afraid that it will be difficult to surrender him in a short time!”

“I suggest that the three of us join forces and directly use the momentum of thunder to kill this son in one fell swoop.”

“Then, go to the front to save people.”

Zhu Rong said in a deep voice.

When Han Ping heard this, he nodded immediately: “Okay!”

“Just as you said, the three of me joined forces.”

“Quick battle!”

“With the strongest blow, kill it with one move!”

The three hit it off, and immediately gave up the idea of interrupting Qinglong’s energy accumulation, instead turning around to besiege Mark with all their strength.

In an instant, everyone saw that these three instructors all stepped on the ground, like a poisonous snake coming out of a cave, in the shape of a half moon, encircling Mark.

At the same time, they all exploded with power, blood rushed under their bodies, and the aura of the whole person, also in an instant, climbed to the extreme.

Then, a series of powerful and unmatched moves burst out!
