

Chapter 2437– 2438 of A Dish Best Served Cold Novel

Chapter 2437

“An ant, and a real dragon, who do you think the country will choose?”

.....

Lu Tianhe’s faint laughter echoed in Wu Yang’s ears.

Sometimes, reality is so cruel.

Many things are like this, there is no right or wrong at all, and some are just benefits.

Just like Wu Yang and Mark, one is a pedantic and stubborn zone chief, who is about to retire.

And the other one was a young hero, the god of Zhu Guo. There is not only the posture of eating and powerful, but also the power of dragon and tiger leaping.

Even if anyone is in this situation, he will inevitably choose to shelter Mark without hesitation and give up Wuyang.

What’s more, the root of the Jiangbei chaos is not in Mark.

Everything started because of Wuyang!

If it wasn’t for Wu Yang to believe in villains, to indulge his subordinates to abuse Qinglong, and to force Mark and others away, how could it happen again?

Perhaps Mark’s methods were a bit harsher.

Not only the three major defense zone instructors were tortured and killed, but the Qinglong regiment also killed four special teams.

But can you blame Mark for this?

It was they who picked things first, and it was they who threatened to slaughter Qinglong and punish Mark.

To some extent, Mark and others are just legitimate defense.

Now this ending, it can only be said that Han Ping and their skills are not as good as others, and the blame is on their own.

Now Wu Yang still wants to use the power of the country to punish Mark. He is obviously wishful thinking.

Even if he was an idiot, he naturally knew that between Wu Yang and Mark, which was more important.

How could the country just to give Wu Yang a chance to offend a pillar country powerhouse who will be able to master the martial arts in the summer?

On the contrary, the state will not only not pursue Mark's fault, but will also punish Wu Yang to show Mark's good.

Regarding these matters, even if the above did not explicitly say, but after hearing this document and Lu Tianhe and their words, Wu Yang undoubtedly understood everything.

He knew that he had been abandoned by the country.

However, Wu Yang couldn't figure it out, how could Mark He De, make the country take it so seriously?

“why?”

“Why on earth?”

“Then Mark, no matter how great, is nothing but a yellow-haired kid.”

“Could it be that the weight of a defensive zone chief is not as heavy as a young man?”

Wu Yang couldn't help shaking his head, his eyes were red, and he shouted sadly.

He couldn't accept it, it would end like this in the end.

He is even more unacceptable. He has dedicated his life for this country, and in the end he is not as good as the young man.

“Just because of how brute he is?”

“Just because he knows how to use his skills?”

“I'm not satisfied, I'm not satisfied~”

Wu Yang was mad, still shouting.

At this time, the man who had just read the document raised his head, looked at Wu Yang, and said in a deep voice, “Wu Yang, Wu Yang, until now, you still don’t know, the Mr. Chu you provoke. , What kind of character is it.”

“Don’t say that you are the chief of the defense zone, you are 300,000 soldiers in Noifork, and the combined weight is not as good as him.”

“With Mr. Chu here, you can protect against the scorching summer and worry-free for a hundred years!”

“And you, but an old dog with blind eyes and unknown people, what do you compare with Mr. Chu?”

This person’s words are cold, and there is endless anger in the cold words.

In the end, this person even shouted in a low voice: “Come here, take him down.”

“Tie it up, send it to Wrifill, and kowtow to Mr. Chu!”

Following this person’s order, a number of people in military uniform strolled out behind this person and directly captured Wu Yang.

Seeing the scene before him, all the tens of thousands of soldiers in the Noifork defense zone trembled with shame.

Before this, no one had thought that a few minutes ago, he was the chief of the defense zone who was stationed on one side with over ten thousand people, but now he has been dismissed for investigation, and has become a prisoner of the ranks.

At this point, Wu Yang knew that he was defeated, he was completely defeated.

As the saying goes, people do not have a thousand days to be good, and flowers do not have a hundred days of red.

Long ago, Wu Yang thought about the scene when he fell.

However, he never dreamed that he would fall into the hands of a young man.

“Mark, you won, you won~”

Wuyang looked up to the sky and roared, and the old tears.

At this time, Wuyang, where there is still half of the majesty before, is just like an old man with a dying wind, recalling the glory of the past.

In the end, Wuyang was handcuffed by the inspectors and escorted to the car, ready to be sent to Wrillfill to apologize for Mark.

“Instructor Lu... Oh, I forgot. I should be called Master Lu now.”

“From now on, Noirfork defense zone will be handed over to the two in charge.”

“However, before leaving, I still have to remind them.”

“I don’t know, have you ever thought about why the two above named Noirfork directors to be in charge of the defense zone?”

“Oh? Is there a deep meaning in this?” Hearing this, both Lu Tianhe and Fang Shaohong were a little confused.

The man nodded: “That’s natural.”

“The reason why the above let you airborne Noirfork is because the two have a very good personal relationship with Mr. Chu.”

“You are in charge of the Noirfork Defense Area, which is conducive to improving the relationship between the Noirfork Defense Area and Mr. Chu.”

“You also know that during this period of time, due to Wu Yang and others, Mr. Chu and the Noirfork defense zone had a very unpleasant quarrel, and there has even been a tendency for fire and water to be incompatible.”

“This is by no means a good sign.”

“In the future, I hope Noirfork Defense Zone, under your leadership, will change this situation as soon as possible.”

“Remember, Mr. Chu is very meaningful to Yanxia.”

“As long as Mr. Chu is not too outrageous, you should not provoke him.”

“Otherwise, Wu Yang’s fate is a lesson from the past!”

The man’s speech was low, and he instructed Lu Tianhe and the others earnestly.

Fang Shaohong’s expressions changed slightly when they heard this.

Even though both of them knew some of Mark’s abilities more or less, they didn’t expect that Mark’s attention would have reached such a point.

Let them be the directors of the Noirfork defense zone just to show their good.

“It seems that Yu Yan’s cousin is really serious~”

At this time, Wuyang had been escorted to Wrilfill.

Lu Tianhe shook his head and smiled bitterly at the car that was gradually moving away.

In fact, he felt that he was high enough to look at Mark, but now it seems that he still underestimated him.

“Yes.”

“At a young age, you can win the East.”

“From the first time I saw him, I knew that this person was definitely not a person who was waiting for a while.”

“At the beginning, I thought that Mr. Chu, Noirfork’s Zun, was his greatest reliance.”

“But now it seems that this young man is still hiding some secrets that we don’t know.”

Fang Shaohong also looked from a distance, the words were faint, and there were inexplicable emotions in his old eyes.
