

Chapter 2449– 2450 of A Dish Best Served Cold Novel

Chapter 2449

During this time, Mark had been waiting for news from Ye Qingtian.

Two days later, Lu Tianhe suddenly called and greeted Mark.

“Mr. Chu, thank you Jiangbei for your life-saving grace that day.”

“If it wasn’t for my mobility problems, I would visit in person today to express my gratitude.”

Among the words, Lu Tianhe’s respectful words came.

After the Battle of Jiangbei that day, Mark’s position in Lu Tianhe’s heart was undoubtedly elevated again.

After all, Mark fought fiercely against the heroes alone, turned the tide on his own, and violently abused the instructors of the three major military regions.

This kind of deeds, even when I said it, felt irritating.

As a witness to that day, the shock that Mark brought to Lu Tianhe was undoubtedly more intense.

Now, Lu Tianhe has almost regarded Mark as his idol!

I think that when I first met Mark in Denham, the boy at that time was so insignificant.

Even Lu Tianhe didn’t care about this boy!

However, who would have thought that the young man who was shunned by the Ye family and despised by his brothers and sisters in Denham City has grown to where he is today.

Not only has it penetrated the hot summer defense zone, it has also made the country take it so seriously.

Even, in order to close the relationship with Mark, he was directly allowed to sit on the position of the person in charge of the Noifork defense zone!

Yes, from a certain point of view, Lu Tianhe's life and power to this day are all given by Mark.

Lu Tianhe naturally admired this man in his heart.

"You are Welcome."

"You were injured in the first place to protect Qinglong."

"If you say thank you, I also thank you on behalf of Qinglong."

Mark said lightly.

From beginning to end, Mark had this calm tone.

Even if he was speaking to him at this time, it was the general who was sitting on the side!

"Don't, I can't bear Mr. Chu's words."

"What's more, thanks to the trust of Mr. Chu, Qinglong was only allowed to participate in the competition with me. If Qinglong is damaged by this, Lu Tianhe will die, and I will have no face to see Mr. Chu." Lu Tianhe said with embarrassment.

After that, Mark didn't greet Lu Tianhe anymore, just asked how his injuries were.

That day, when Mark brought Lu Tianhe out, Lu Tianhe was dying, and it was very miserable, almost only hanging himself.

Denren Ye and others thought that Lu Tianhe could not be saved.

In the end, Mark asked Qinglong to send the "spiritual medicine", which brought Lu Tianhe from Guimen Pass.

Of course, Mark's "spiritual medicine" here is not a real panacea, but some medicines prepared according to the prescription he got from Grandma too, so that Lu Tianhe can recuperate in a medicated bath every day.

"Thank you, Mr. Chu, for your concern. Fortunately, Mr. Chu sent me the medicine. My health is much better now."

"Except for being unable to walk on the ground yet, the rest of the injuries are not serious."

The two briefly talked a few more words, and Lu Tianhe only now stepped into the topic, and said to Mark: "By the way, Mr. Chu, General Ye should have told you about the trip to the Americas."

“Originally, the plan was to let the instructors from our major defense zones go together. Now that this happens, I can only trouble you Mr. Chu.”

“In addition, I got news that three more people will accompany Mr. Chu, and the dog girl is among them.”

Chapter 2450

“My girl, although she said she has some talent on the way to martial arts. But she has a bit more willful temper. This time at the Heart of the Americas, if the dog girl collides with Mr. Chu, Mr. Chu will just take the lesson and don't care about me.”

“Also, if nothing else, they should be there in the afternoon.”

Lu Tianhe spoke respectfully from Mark.

Mark nodded, and then said: “Walking around for a long time, you want to say, let me take care of your daughter more on the road.”

“Don't worry, I will protect him as far as I can.”

“Then thank you Mr. Chu.” After Lu Tianhe thanked him, he also hung up the phone.

Sure enough, a group of three people appeared at Edensberg International Airport that afternoon.

One of them, dressed in a gray robe, had some gray hair, but his steps were steady and powerful, and there was an invisible majesty between his eyebrows.

At a glance, you can see that it is a long-time high person.

The other two, a man and a woman, are both relatively young.

It seems that it is about thirty years old at most.

However, both of them looked outstanding.

The man's suit, staring eyebrows and sword eyes, looks extraordinary.

The woman was wearing a dark red leather jacket and was slim and sexy. The self-cultivation dresses outline an almost perfect curve on her body.

Along the way, it has aroused secret glances from many passers-by.

After all, it is not common for a girl like this kind of handsome and predictable.

The two of them followed the old man on the left and right, their words and deeds looked very respectful and unusual.

“Old Kong, this is Noirfork.”

“However, my father asked us to go to Wrifill to meet Mr. Chu, and then go to the American continent together.”

“So, we are afraid we will have to take a few hours’ drive.”

At this moment, the beautiful woman, while looking at her mobile phone, spoke politely to the old man beside her.

“what?”

“Hurry up?”

When the old man heard that it hadn’t even arrived, he was a little unhappy and frowned slightly.

After all, it stands to reason that it is the most recent for them to go to America to execute a figure and fly directly in Gritsberg.

But the Martial God Temple had to let them go to Noirfork to pick up a person named Mr. Chu.

This naturally made the old man dissatisfied!

How could he say that he was also the leader of the team, and he actually asked him to pick up the members of the flag himself. Isn’t this detrimental to his identity?

“Yan Xi, what on earth did this Mr. Chu come from, even let us pick him up at his house?”

“Of course, the two of us are juniors, so just pick them up.”

“Kong Laode is highly respected, he is a long-established elder in the martial arts world, and the leader of this team.”

“For both emotion and reason, Mr. Chu should come to worship Lao Kong.”

“But the above didn’t know what was going on, so they let us go to Wrifill to find him?”

“It’s really inexplicable!”

At this time, the handsome man on the side also complained dissatisfied.

Lu Yanxi shook his head and said, “I don’t know.”

“But from what my father said, he should be a man of good strength.”

“It is said that the instructors of the three major defense areas, Jiangbei and Southwest, were all defeated by him in the defense competition in the past few days.”

“Oh, isn’t it?” Lu Hua sneered, “No wonder such a big frame, it turns out that it has just become the limelight.”

“However, that’s the case, it doesn’t deserve to be picked up by Kong Lao himself.”

“Well, I think we are waiting here, let him come to Edensberg to find us.”

“In this way, it can also save time. Anyway, I have to fly from the river in the end.”
