

## Chapter 2451

At this moment, Zhiyu didn't know whether she was in reality, in a dream, or a wishful thinking before her soul was out of her body and was about to die.

However, she saw Charlie's face clearly.

"This is the benefactor who once descended like a god soldier, rescued her and her brother from the hands of Japanese ninjas!"

"This is the benefactor who once scolded me for being superficial and obstructive on the streets of Tokyo!"

Thinking of this, Zhiyu subconsciously raised her hand regardless of whether everything in front of her was a dream or not.

When Zhiyu's somewhat cold fingertips touched Charlie's profile for an instant, she couldn't help exclaiming: "Okay... so real..."

Charlie was about to put her by Liona's side, but Zhiyu would wake up unexpectedly, which caught him by surprise.

At this time, Zhiyu yelled excitedly: "Benevolence, it's really you!!"

Charlie frowned slightly: "Fake! You are dreaming! Go to sleep!"

After finishing speaking, he reached out and tapped a little on her forehead.

A little spiritual energy penetrated into Zhiyu's brain, making her fall asleep instantly.

Charlie looked at Zhiyu who was sleeping, and couldn't help but slapped his lips: "Why does this woman wake up so soon."

In order to avoid unnecessary trouble, he lightly tapped Liona's forehead to ensure that she would not wake up in a short time.

As soon as Charlie finished this, loud noises came from the other end of the tunnel.

Issac hurriedly said, "Master, the clearance work at the tunnel entrance should have started, let's get out of here."

Charlie nodded, and didn't care to put Zhiyu down first, and carried her on his left shoulder with one hand, and with the other hand he picked up the unconscious Liona and carried her on his right shoulder. Then he said to Issac, "Go!"

At this time, at the other end of the tunnel, a helicopter had carried Chengfeng's four men down to Orvel's kennel, and two other helicopters remained at the scene, one parked on the high-speed road, the other Then hover in mid-air alert.

Charlie quickly put the mother and daughter into the helicopter, and then stepped up with Issac.

Issac got directly into the co-pilot seat of the cockpit and said to the pilot: "Back to the hotel!"

The pilot immediately pulled the plane up on the spot and flew towards the City at the fastest speed.

During the flight, Issac had called the hotel staff to inform them. Originally, Ruoli and a few crew members who betrayed the Su family lived on an isolated executive floor. There were still a lot of rooms on this floor. People immediately prepared the largest executive suite for Liona and Zhiyu the mother and daughter.

Twenty minutes later, the helicopter landed on the helipad on the top floor of the Hotel.

At this time, the entire top floor has been completely wiped out. From the top to the closed and isolated administrative level, there is not even a single service staff except for Issac's most trusted subordinates.

Charlie carried the mother and daughter on his shoulders and sent them directly to the room that Issac had arranged.

Settling in the mother and daughter, Charlie checked the time and said to Issac, "I guess, before 8 o'clock in the evening, the two of them should not be awake. First, arrange for a few trusted female employees to watch them."

Issac nodded immediately and said, "OK master, don't worry, I will make arrangements."

At this moment, Charlie's mobile phone suddenly received a message with a few lines of big characters: "A major car accident occurred in the Forbidden Mountain Tunnel! The scene is terrible! A-level wanted criminal Shred was killed! Two hostages are missing!"

## **Chapter 2452**

He quickly turned on this push and found that it turned out to be the first-hand live data released by the local media.

On the other side of the tunnel, one of the lanes was cleared by the clearing work. The police immediately entered the scene and found the scene of the Rolls-Royce car accident.

Immediately afterwards, they also found Shred who was shot through the back of the head.

This made them numb for a while!

They thought that Shred was only in a car accident, but they did not expect that Shred would be shot to death!

This immediately made things more complicated.

Why was Shred shot? Who would shoot him?

What made them even more incomprehensible was that the two hostages disappeared out of thin air!

The report also detailed the disappearance of the hostages. According to the report, the police found the blood and hair of two hostages in the back of the deformed Rolls Royce, and even Zhiyu's shoes were missing. Only in the car, from the vehicle, they found valid evidence that the hostage was in the car at the time of the collision.

It can be proved that when the car accident happened, the two hostages were in this Rolls Royce like Shred.

However, the two hostages disappeared out of thin air!

Judging from the strength of the vehicle impact, even if the two were not dead, they must have been seriously injured. How could they disappear out of thin air?

Originally, the news that Shred appeared in the city and took hostages with explosives and escaped has already aroused great attention across the country.

Therefore, when this news was issued locally in the city, it immediately spread across the country!

The local news that was just released was quickly reprinted and released by major domestic news media. The number of commenters rapidly increased, and the popularity of Google searches quickly became the first!

Suddenly, people across the country began to pay close attention to where the two hostages had gone.

Seeing that this incident has caused such great concern across the country, Charlie immediately said to Issac: "Old man, you first spread the true identities of Liona and Zhiyu throughout the network. You must let the netizens across the country know. The kidnapped are Su's daughter-in-law and granddaughter!"

Issac hurriedly asked, "Master, do you want to publish the video you shot at the same time? In that case, the Su family will be over!"

Charlie waved his hand: "Don't send it out first, the video in my hand is a real killer. It's a bit too early to use it now!"

Having said that, Charlie sneered and continued: "I want to let the influence of this matter ferment to the extreme, so that the disappearance of Liona and Zhiyu will become a suspenseful event of national concern, causing netizens to go crazy. The speculation and discussion made everyone desperately eager to reveal the answer. Then I will release the video and put the Su family directly into the grave!"

After that, Charlie immediately ordered: "Old man, you can find me a batch of media influencers with a lot of brains to bring me a crazy rhythm!"

"Let them speculate about the whereabouts of Liona and Zhiyu, and the conspiracy behind the whole thing!"

"Someone can say that this matter must be the Su family competitor in the trade!"

"Some people can boldly guess that this mother and daughter were saved by a worldly expert!"

"Someone can even predict that the mother and daughter must have died, and it won't take long for the body to be discovered!"

"Then, in these speculations, mix the truth! Let some of them speculate that the two mother and daughter were actually killed by the Su family!"

“Once this matter becomes a mystery that bothers everyone, once I announce the answer, the Su family won’t even think about turning over this time!”

### Chapter 2453

At the same time, Su’s family Eascliff.

Father Su took the phone, resisted the urge to throw the phone, read the news, and then scolded furiously: “Damn! What the h3ll is going to do with this damn Stuart! Why is Zhiyu in the car?! Where are Liona and Zhiyu now?! Where are Stuart and the others?!”

Shoude was already scared out of sh!t, but he still pretended to be calm and said: “Dad, Stuart can’t get in touch at all now, and sister-in-law and Zhiyu are still alive or dead, there is no news. Do you think someone is deliberately tinkering with our Su family?!”

The old man Su only wanted Liona’s life. It was Shoude that, in order to prevent future troubles, made his people find Shred’s family, added 20 million, and let Shred kill Zhiyu too.

Now that the incident happened, but Zhiyu’s whereabouts are still missing. If this really leaks out the wind, then his eight achievements will be over.

Therefore, he could only deliberately divert the topic and draw the attention of Old Man to the opposite of the entire Su family.

Elder Su said with a dark old face at this time: “I can’t say that this is a problem. Now that people are missing, there is no valuable clue at all!”

“I don’t know what’s going on, this whole thing is so fu\*king weird everywhere! It’s so weird! Chengfeng, who has been in the rivers and lakes for dozens of years, has never seen such a weird thing!”

As he said, he said coldly: “I have a lot of questions now that I don’t understand.”

“For example, why was Zhiyu in the car?”

“That Shred was docked by Stuart. The mission I gave Stuart was very clear. I told him a long time ago that as long as Liona lives, whether he knows the fish or knows the wrong, if they go to the auction site, don’t hurt the girl at all!”

“It’s good for Zhifei to say that he flew back ahead of time and didn’t go to the scene at all, but why did Zhiyu get in the car? This obviously violated my order!”

Shoude hurriedly said, “Dad, could it be Shred who was good at advocating?”

“Impossible!” Elder Su said firmly, “I understand this person’s situation. Cruelty is one aspect, and doing things cleanly and without sluggishness is also one aspect!”

“Moreover, every case he has done before has excellent pre-planning, and he has acted steadily according to the plan, and will never engage in any impromptu things!”

“This is also the fundamental reason why he can always be wanted and still not be arrested. Such a person can count every single cent clearly when he does things. He can’t make claims and bring Zhiyu into the car! “

Having said this, Old Su's expression was stern, and he shouted sharply: "Someone else must have instructed him to do this!"

The whole body of Shoude frightened and couldn't help but slapped a spirit, and said quickly, "Dad, since Shred has always been connected by Stuart, then I guess that Stuart can't get rid of this matter 80% of the time, and he's missing again, I doubt him. He may be bought by our competitors and secret enemies!"

After speaking, Shoude immediately observed the changes in Father Su's expression.

His trick was to focus on Stuart's personality.

"Anyway, this Stuart didn't get things done well. He was already unfavorable. Coupled with his disappearance for no reason and unknown whereabouts, the old man must be very dissatisfied with him. At this time, throwing the pot to him is definitely the best solution!"

"Besides, the ghost knows if this Stuart is still alive? It would be better if he has died, throwing everything to him, and he has, otherwise, no chance to explain!"

#### **Chapter 2454**

At this time, Grandpa Su shook his head lightly, and said: "Maybe Stuart didn't manage this matter well, but I still have no doubt about his loyalty."

Shoude hurriedly added fuel and jealousy: "Dad! As the saying goes, knowing people means knowing their face and you don't know their heart! You have always valued Stuart, but who knows whether Stuart will betray you under the lure of others' interests?"

Elder Su snorted coldly, "Shoude, don't you even see such a basic question? It really disappoints me!"

"Ah?" Shoude didn't know why the old man said this suddenly, and said hurriedly, "Dad, forgive me for being stupid, and please tell me."

Old Su asked coldly: "If someone can buy Stuart to deal with the Su family, then why should he let Stuart deal with Zhiyu? Is Stuart my personal guard or the captain of the guard! He can totally buy Stuart to kill me. Even they can't kill me, they can at least create a big threat to me. Why spend so much effort on a girl in Zhiyu?"

Shoude understood in an instant, the cold sweat immediately wetted his back, and he thought to himself: "I didn't expect the old man to be so difficult to flicker...It seems that I can't continue to forcibly shake the pot to Stuart, otherwise the old man will definitely notice the abnormality! "

Thinking of this, Shoude immediately changed his face and said in agreement: "Dad, when you say this, I immediately stopped. It seems that he should have not betrayed you, but since he has not betrayed you, where is he now and the whereabouts are totally unknown. This proves that the people who secretly manage the whole thing are very strong! We must be cautious!"

Father Su rubbed his temples: "I haven't considered the master behind. I still have many other questions I can't figure out. I can't figure out why Shred was shot? Judging from the pictures on the scene, the car crashed into that one. Like a ghost, Shred will definitely die even if he is the king of heaven. Why would someone give him a shot? Why do you need to give him this shot?"

Shoude also looked puzzled and said, "It's really like this! On the high-resolution picture you just asked for, you can clearly see that Shred's abdomen and lower body are smashed into a puddle of mud. There is no need to give him his one head shot..."

Father Su frowned and muttered: "Let me think about it... Since the accident happened as scheduled, it proves that everything was still going according to plan until the crash, in other words, when the crash happened, Stuart must have been there..."

As he said, the old man replied a little bit in his mind: "Since Stuart was at the scene, how would he react when he saw Zhiyu sitting in Shred's car?"

Shoude can only follow the old man's words and say: "If Stuart didn't betray you, then he must be shocked when he saw Zhiyu..."

"Yes!" Old Su nodded, "Stuart found that Shred had also got Zhiyu into the car. He would be shocked, angry, and even scared..."

Speaking of this, Old Su continued: "In this case, Stuart and Shred will definitely have a conflict. He will definitely question Shred, who in the end caused him to hurt Zhiyu..."

Shoude was shocked when he heard this!

"According to the analysis of the old man, then Stuart may have extracted the key information from Shred..."

"Although I didn't contact Shred directly, I also let someone contact his family, and then asked him to do it with the stinky girl Zhiyu..."

"If the old man knows this information, he must know that the person who wants to kill the fish is the Su family..."

"At that time, I will be the biggest suspect..."

Thinking of this, Shoude hurriedly said: "Dad! I think some netizens have begun to suspect that our Su family is behind the boss. Now our top priority is to quickly do crisis public relations!"

Mr. Su gently nodded and blurted out: "Immediately conduct crisis public relations, and at the same time, through the media, strongly condemn criminals like Shred. At the same time, announce we are offering a reward of 50 million for valuable clues! Whoever saves the mother and daughter, they will be rewarded one hundred million!"

## **Chapter 2455**

For a scheming old fox like Chengfeng, calling a thief to catch a thief is just a very common trick.

The reason for issuing condemnation and offering rewards is actually to divert the public's attention to the greatest extent.

In Chengfeng's view, most people are clueless. They don't actually have too strong ability to distinguish right from wrong. They just rely on the amount of information they receive to vaguely judge whether something is right or wrong, true or false. .

If they listen to more positive opinions, they will also feel that the result is positive;

But if they have heard too many opposing opinions, they will naturally feel that the opposing side is right.

There are so many people on the Internet now making various guesses. Everyone has a mouth, and everyone has a pair of hands. They can say anything and make all kinds of guesses on there.

No matter how strong the Su family is, it is impossible to affect everyone.

So what the Su family has to do now is to do everything possible to post more comments that are beneficial to the Su family.

As long as there are enough speeches favorable to the Su family, it will naturally be able to overwhelm those unfavorable speeches and speculations against their narrative.

It's like scolding someone on the street. If 10 people scold you, you can't scold more than ten people with one mouth.

But if you can find 10,000 people to help you curse, the curses of the 10 people on the opposite side will soon be completely drowned out.

Shoude heard the old man's order and immediately said without hesitation: "OK dad! I will find some media reporters and Internet veterans who are close to us, and let them help us speak out!"

Elder Su nodded gently.

Now, he couldn't think of any other better way.

Later, he hurriedly said to Shoude, "There is one more thing I want you to do right away!"

Shoude hurriedly said, "Dad, don't hesitate to tell me if you have any orders!"

Elder Su said coldly: "If Zhiyu and Liona have encountered an accident, then the person who took them will definitely not be able to run very far with the corpses. They will definitely choose to throw them away in Aurous Hill and the surrounding areas;"

"If Zhiyu and Liona are still alive, then judging from the photos on the scene, they must be seriously injured now!"

"Such a serious injury cannot be solved by a small clinic or a black hospital. The other party will definitely send them to a formal tertiary hospital, and if they are seriously injured, it is impossible to go far for treatment, so You immediately send people to Aurous Hill to search in the city and the surrounding area, especially the regular hospitals in Aurous Hill. I want to see them alive, and a corpse if they are dead!"

Shoude quickly nodded and said, "Then I will make arrangements!"

Elder Su waved his hand: "Don't just make arrangements, you have to go there yourself! Once this incident leaks out, it will be a blow to our family, so you must not take it lightly!"

Shoude nodded, "Then I will arrange a plane and fly directly to Aurous Hill!"

At this moment, there was a loud noise outside the door of Old Man Su's study.

Zhifei yelled eagerly at the door: "Don't stop me, I want to see Grandpa!"

The butler of the Su family said with heartfelt words: "Young master, the master is talking about important matters with the second master, and has already ordered me, no one can enter..."

"No!" Zhifei said with a trembling voice, "My mother and sister are still alive or dead, I need to ask my grandfather!"

### **Chapter 2456**

The butler had to plead: "Young master, please calm down first, wait a while, and after the master has finished talking with the second master, I will go in and report!"

Zhifei shouted: "No! I can't wait! I'm going in now. If you stop me again, then I'll be rude to you!"

The housekeeper didn't know what to do, so Grandpa Su said to Shoude with a dark face, "Shoude, you go and bring him in."

"it is OK!"

Shoude hurriedly turned around and left the study, and said to the butler: "Master said, let Zhifei come in."

The housekeeper was relieved and quickly gave up the passage.

Zhifei took a step and rushed into the study. As soon as he entered, he questioned Chengfeng a little anxiously: "Grandpa! Where are my mother and my sister?!"

Elder Su said earnestly: "My boy, I just learned about this. As for where your mother and your sister are now, and what their condition is, I don't know anything now."

"Just before you came in, I told your uncle that he would immediately release a reward to the outside world. He needs to spend 50 million to collect useful clues. If anyone can save your mother or your sister, I will directly give 100 million."

Zhifei clenched his fists and asked angrily: "Many people on the Internet now say that you wanted to kill my mother, isn't it true?!"

Old Su's face changed suddenly, and he sternly said, "Asshole! What are you talking about? I am the head of the Su family. Will I do such a shameful thing?"

Shoude on the side saw his father full of indignation and majesty, and his heart was shocked!

"The old man is indeed an old man, and he can speak so righteously with his eyes open to speak nonsense! If I didn't know everything, I would think it was really impossible for him to do such a thing..."

"Hey, it seems that the gap between me and the old man is not one and a half!"

Zhifei said aggressively at this time: "If it was put before, I would definitely not believe it! But some time ago, Ruoli was betrayed. Although the outside world now thinks that my father did it, and treats badly

my father no matter what. I can't understand it, no matter how bad he is, he is not so evil that he would murder his own daughter! So, he is really doing you a scapegoat!"

Speaking of this, Zhifei gritted his teeth and said: "Ruoli is your granddaughter, so you can do it, let alone my mother?!"

When Grandpa Su heard this, his whole expression was furious!

He angrily grabbed an embossed dragon-print inkstone on the desk worth over ten million, and slammed it to the ground with a snap, and the powder was shattered.

At the same time, he pointed at Zhifei and roared in anger: "Unreasonable! Unreasonable! Am I still your grandfather in your eyes? Is there still me the head of the family in your eyes?"

Zhifei did not flinch and said angrily, "If my mother and sister are really harmed by you, not only will I deny you as a grandfather, I will fight you hard!"

Elder Su was very angry, pointed at Shoude, and shouted: "Shoude! Give him a palm! A hundred palms!"

Shoude immediately stepped forward, grabbed Zhifei by the collar, and gritted his teeth and cursed: "You are an inexhaustible rebellious son! Your father is not here, I am your uncle, so I will teach you a lesson for him!"

Zhifei gritted his teeth and pushed Shoude away. Then he immediately stepped back and stepped back to the door of the study. He pointed to Mr. Su and shouted word by word: "You remember what I say! If my mother and sister are killed by you, I want your life!"

After speaking, he immediately turned around and dashed away!

Chengfeng was holding his chest in resentment, trying to speak, but because he couldn't come up with a single breath, he coughed for several times: "Ahem...ahhhhhh... b@stard... .. Sure enough, it is a rebellious son!!! the family, the whole damn branch is born rebellious!!!"?

Then, after another violent cough, immediately said to Shoude: "Go! Go! Get this b@stard back to me!!!"

## **Chapter 2457**

When Shoude rushed out, Zhifei had disappeared.

He chased out for a hundred or two hundred meters, seeing that he had no chance to chase this big nephew back, so he could only turn around and walk back.

On the way back to the old man's study, Shoude was in a particularly good mood, and he couldn't help but wonder: "Oh, I've got really good luck, and I'm worried about how to divert the attention of the old man. Zhifei is a coincidence. Luckily, he came to touch the old man's mold at this time and made him angry like a bird. It is estimated that the old man is only thinking about how to teach him a lesson well."

Shoude was proud of his heart. After returning to the old man's study, he said with a look of ashamedness: "Dad, you know that kid, he runs faster than a dog, I couldn't get him..."

Mr. Su coldly scolded, "You are also a trash!"

After speaking, he immediately called the butler in and sternly ordered: "Notify all the subordinates. When they see Zhifei, the rebellious son, they will immediately bring him back to accept the family law!"

How dare the butler disobey him, he immediately bowed and said, "Master, don't worry, I'll pass it on."

Elder Su waved his hand, and the housekeeper hurriedly left.

Immediately, he said to Shoude: "Hurry up and prepare for crisis public relations as I said, the more vigorous the better! In addition, immediately rush to Aurous Hill! I want to see if Liona and Zhiyu are alive. If not, bring me their dead bodies!"

Shoude hurriedly nodded and said, "I know Dad! I am Looking at it!"

At this moment, Zhifei had already drove away from Su's house and drove all the way towards the airport.

While driving, he took out his cell phone and prepared to call the person in charge of the crew at home.

There are several private jets in the Su family, and Zynn owns one. He is now in Australia, so the private jet stays in Eastcliff.

However, just as he was about to make a call, Zynn's call came in suddenly.

Zhifei hurriedly connected, and as soon as he came up, he cried and said, "Dad! Mom and sister are missing..."

Zynn's heavy voice came from the phone: "I know what's wrong, I already know the situation, where are you now?"

Zhifei hurriedly said, "I am on my way to the airport, and I plan to go to Aurous Hill now. I will find mother and sister anyway!"

Zynn immediately asked: "Listen to me, don't go to the airport. I just received a message. Your grandfather is now asking the entire Su family to look for you everywhere, ready to take you back to be dealt with by the family law. Why did you offend him?"

When Zhifei heard this, he immediately said angrily: "I heard that mother had an accident with Zhiyu, and I always felt that this matter was inseparable from grandfather, so I went to there to question him. I didn't expect him to become angry. The second uncle had to slap me a hundred on the spot. I ignored him and ran out."

"Angry!" Zynn immediately rebuked, and said, "You are in your 20s. Have you lived in vain over the past 20 years? What kind of character is your grandfather, don't you still have a few words in your heart to deal properly with him?"

Zhifei said angrily, "But..."

Zynn immediately interrupted him: "But what? Your grandpa really cares about himself in this life, and he only cares about his own absolute power in the Su family!"

"Once anything or anyone affects him, or affects his power in the family, he will deal with the other party without hesitation. Am I not the best example?"

“You know that I’m not even your grandfather’s opponent, so why do you stand up to him? Don’t you want to stay at Su’s house anymore?”

Zhifei gritted his teeth and said: “If Mom and Zhiyu were really killed by grandpa, not only will I not stay in Su’s house, I will even kill him and avenge my mother and sister!”

“You...” Zynn was anxious, but then he deliberately lowered his voice and warned in a low voice: “Even if you have such an idea, you must not say it. The real man depends on doing it. Not in words!”

## **Chapter 2458**

As he said, Zynn said coldly: “Don’t worry, if things are really like what you said, it is not just you, I won’t let him go. However, even if we father and son want to fight him, we must take a long-term view. And plan to move later! Otherwise, if you are born before you die, how would you avenge your mother and sister?!”

Zhifei was silent for a moment, and then said angrily: “Dad, I know...”

After speaking, he couldn’t help choking up, crying and asked, “Dad! When are you coming back?! I now...I really don’t know what to do now...”

Zynn sighed and said, “I can’t come back now. I take a plane back to Eastcliff from here. It takes more than ten hours. But as long as my front foot leaves here, your grandpa will receive the message immediately on the back foot. When I got off the plane, I will be caught by the family and sent back to Australia, or they will directly arrest me and take me back to the Su family and placed me under house arrest...”

Zhifei asked helplessly, “Dad...then what should I do now...I want to go to Aurous Hill to find mother and Zhiyu...they are currently missing. At least there is still a possibility of survival...”

Zynn thought for a while, and said, “In this way, you don’t want to go to the airport, just drive on the highway and drive all the way to Aurous Hill.”

With that said, Zynn calculated it again and said, “From Eastcliff to Aurous Hill, if you take the high speed, it will be about 1,000 kilometers. If you drive faster, you may be there in 10 hours.

Zhifei immediately said, “OK dad! I will drive directly to Aurous Hill!”

Zynn hurriedly said again: “When you go to Aurous Hill, you must be low-key, low-key and low-key. Don’t try to call any Su family’s power, because once they know you are in Aurous Hill, they will definitely catch you.”

Zhifei was dumbfounded: “Dad, if I don’t call on the power of the Su family, how can I find mother and Zhiyu...”

Zynn said helplessly: “My Son, you can only trust yourself now, and others are unreliable at this moment.”

After speaking, he added: “By the way, I heard that Grandpa has sent your second uncle to Aurous Hill. He will definitely go by plane. He will arrive in Aurous Hill two or three hours earlier. After you arrive in Aurous Hill, you must Be careful!”

Zhifei suddenly felt very helpless. He choked and asked, "Dad...Do you think Mom and Zhiyu are still alive..."

Zynn was silent on the other end of the phone for about ten seconds, and then he said, "My Son, as long as the matter has not been concluded, there must be hope."

As he said, he continued, "But you must remember, you must be prepared for the worst outcome!"

Zhifei said solemnly, "Dad, I know!"

.....

Just as Zhifei drove the car to Aurous Hill fast, the crisis public relations of the Su family had already started.

The overwhelming important media figures have brought the rhythm on the Internet. Although each of them has different opinions, the core point they want to express is that the Su family is the victim. Liona and Su Zhiyu are kidnapped. There must be someone else.

More than two hours later, Shoude's private plane landed on the first runway of Aurous Hill International Airport.

Coincidentally, at the same time, a private plane landed on the second runway of Aurous Hill International Airport at almost the same time.

This family's plane came over from New York, USA, flying all the way for more than ten hours.

After the plane landed, under the command of the tower, it parked on the apron dedicated to private jets.

What's interesting is that this plane, the private plane that Shoude was on, parked on two adjacent seats next to each other.

This plane from the United States took the lead in opening the cabin door, and a Jewish man in his fifties stepped out of the cabin.

He stood on the spiral staircase and paused for a moment, looked around, and whispered, "Walter, my son, Dad will find you and take you home!"

## **Chapter 2459**

The Jewish man who spoke was Walter Hogwitz's father, Steve Hogwitz.

Ever since Walt and all his men have evaporated, the entire Hogwarts family has been doing everything possible to inquire about their whereabouts and get any clues.

But no matter how they inquire, the result of feedback is the same.

No one has seen how Walter and his men disappeared from the world. Even the Skynet surveillance all over the city did not have any Walter-related video data.

This made the Hogwarts family immediately realized that Walter was very likely to provoke a very powerful person in Aurous Hill.

Therefore, Walter's father Steve came to Aurous Hill himself, just to do everything possible to find Walter and bring him back to the United States.

At this moment, the plane next to him also turned on the spiral staircase.

Shoude stepped out of the hatch and walked straight down.

At this time, a welcoming convoy composed of six bullet-proof Cadillac Presidential One had already drove to the plane of Shoude, and nearly twenty men in black, all of the same height and body, came out of the cars, standing next to the convoy. Straight.

These were all the security teams temporarily prepared by Shoude's men. During Shoude's time in Aurous Hill, these people were responsible for the security work on the bright side.

However, these are just superficial security forces. Most of them are used to fill the front. Twenty minutes ago, the Su family sent twenty top masters to Aurous Hill first. These people will secretly protect Shoude's safety and obey his orders. Shoude's instructions and dispatches searched for Liona and Zhiyu in Aurous Hill.

Walter's father Steve noticed Shoude. He did not expect that the unremarkable Chinese man would have such a big battle.

So, he hurriedly stopped and said to the assistant behind him: "Check the registration number of the plane next to ours. Hurry!"

Every aircraft, whether it is a civil airliner or a private jet, must have a registration number.

Moreover, the registration number is generally sprayed on the fuselage of the aircraft.

Generally speaking, the registration number is a combination of one letter and four numbers.

For example, the combination of B-2233.

Among them, the letter B represents the country.

No matter where you are in the world and see an aircraft with a registration number starting with B, you can confidently and boldly confirm that this is an aircraft registered in China.

Therefore, Steve Hogwitz wanted to check the registration number to determine which company the aircraft belongs to, and then probably infer the identity of Shoude.

Fortunately, this kind of inquiry is not difficult. Just as Shoude walked down the spiral ladder, Steve's assistant finally found out the results and immediately reported: "Boss, this aircraft is a company registered with Su's family in Eastcliff. Under the name!"

"Su's family!?" Steve was shocked and immediately said, "No wonder there is such a big show!"

Having said that, he immediately quickened his pace, and ran off the spiral staircase in three or two steps and went straight to Shoude.

Before he could get close to Shoude, several people in black immediately rushed forward and surrounded him, sternly, "Who are you?! Please stand back immediately, otherwise, don't blame us for treating you." polite!"

Steve hurriedly explained: "Don't get me wrong, everyone, I have no intentions to harm, I just want to say hello to Mr. Su!"

Shoude was about to step into the car. Hearing Steve's words, he looked at him curiously and asked, "Do you know me?"

## **Chapter 2460**

Steve hurriedly said, "Mr. Su, I am the head of the American Hogwitz family. I wonder if you have heard of our family."

Shoude couldn't help frowning.

"The Hogwitz family in the United States? It seems that I have never heard of such a family...very powerful?"

Just wondering, Steve hurriedly added: "My mother belongs to the Rothschild family!"

In the world, the popularity of the Rothschild family can be said to be known to everyone.

Sure enough, as soon as Shoude heard this, the American introduced himself as blood related to the Rothschild family, and he immediately took it seriously.

After that, Shoude walked quickly to Steve, reached out and introduced himself: "Hello, this is Shoude."

Steve quickly shook hands with Shoude flattered and said, "Hello Mr. Su, my name is Steve Hogwitz! It's a great honor to meet you!"

Shoude nodded and asked curiously, "Where did Mr. Steve come from?"

Steve responded quickly: "I flew all the way from New York and just landed at Aurous Hill Airport."

"OK." Shoude smiled slightly: "The two of us are front and back."

Then, he asked, "What family business does Mr. Steve have in Aurous Hill?"

"No." Steve explained, "My eldest son has been expanding the family business in Aurous Hill some time ago, but he disappeared a few days ago. I came to Aurous Hill this time to find his whereabouts."

"Oh?" Shoude suddenly became curious, and thought to himself: "What a coincidence?! This Steve also came to Aurous Hill to find someone? Could a person with blood related to the Rothschild family disappear in Aurous Hill?"

"But when you think about it carefully, the ghost place of Aurous Hill is indeed a bit weird. Not only people with blood related to Rothschild disappeared here, but even the daughter-in-law of the Su family and the eldest granddaughter also disappeared here. Now, it seems that this small place is really a hidden dragon and a crouching tiger!"

Thinking of this, Shoude's inspiration suddenly flashed: "The disappearance of this Steve's son, will there be any connection with the disappearance of Liona and Zhiyu?!"

At this point, Shoude immediately felt that the two things might really have a certain connection!

So he immediately said to Steve: "It's true that I came to Aurous Hill this time to find someone as well. It seems that the two of us have the same purpose. Maybe there are also the same people we are looking for. There could be some kind of connection!"

"Really?!" Steve exclaimed, "Mr. Su, this incident even bothered you to come in person, could it be...Is someone from the Su family missing in Aurous Hill?!"

Shoude nodded: "It is true, this is the case unfortunately!"

After speaking, Shoude immediately said, "Mr. Steve, I think we can find someone on this matter and exchange information with each other, maybe we can find any valuable clues!"

"Yes!" Steve said without hesitation: "If I can investigate this matter with Mr. Su, then I will feel more at ease!"

Shoude asked him, "Which hotel would you stay in Aurous Hill this time?"

Steve blurted out, "I live in Aurous Hill International Hotel. My son lived there before he disappeared!"

Shoude nodded: "Coincidentally, I also booked room in the Aurous Hill International Hotel. If that's the case, let's go together! We just can have a good chat on the way!"
