

Chapter 2459– 2460 of A Dish Best Served Cold Novel

Chapter 2459

Lu Hua was originally a strong temper.

Originally, he was dissatisfied with Mark's participation in this action. After all, a rookie teammate, no one would like it.

Of course, if Mark had some other uses, Lu Hua wouldn't be too angry.

But now, when he asked him to pour the pot of water, Mark was still in the air and couldn't hear it indifferently. When Lu Hua saw this, his whole body exploded.

"You are a nasty brat, what are you proud of?"

"The people here are the youngest in your generation. Are you very aggrieved for asking you to pour a pot of tea?"

"Furthermore, you are a scumbag, in front of us, what are you putting on airs here?"

Lu Hua roared and got up to go to dry Mark.

Fortunately, he was stopped by Lu Yanxi in time, and then quickly persuaded: "Lu Hua, calm down."

"This is on a plane."

"Ten thousand meters high in the sky, if something happens, we won't be able to survive."

"This kid is ignorant, what do you know about him?"

Lu Yanxi repeatedly persuaded.

Kong Ming also opened his eyes at this time, and said to Lu Hua in a deep voice, "Lu Hua, sit down!"

"This America hasn't arrived yet, why, I'm going to have infighting?"

"Dare to mess around on the plane, don't want to live anymore?"

Kong Ming sternly reprimanded.

Lu Hua was dissatisfied, but argued: "Lao Kong, it's him..."

"Enough, shut up."

Kong Ming interrupted Lu Hua's words directly, but he stayed honestly.

Afterwards, Kong Ming looked at Mark again: "Your name is Mark, right?"

"At your age, logically speaking, you are not qualified to participate in this operation."

"However, the Martial God Temple sent you here, it should be to let you come out with us to have a long experience and broaden your horizons."

"Since I'm here to gain insight, I naturally look humbly asking for advice."

"Lu Hua comes from a family of martial arts, with a distinguished status and a strong foundation. He is a talent for strength. In the new generation of hot summer, it is enough to rank in the top five."

"It is one of the ten outstanding young talents cultivated by Wushen Temple."

"Back then, he fought fiercely against the two powerful players with one person!"

"Not only the strength is tyrannical, but the combat experience is also extremely rich, and it is also qualified for your commander."

"Why, you are very wronged by pouring a pot of water for someone who can serve your teacher?"

Kong Ming's words were low, but he looked at Mark and asked coldly.

Mark didn't speak, just sat there alone with his head down.

When Kong Ming saw this, he thought Mark knew that he was wrong, and his tone eased slightly: "Since you know that you are wrong, I won't blame you anymore."

"Now, if you go and pour Lu Hua a cup of tea, you should apologize."

Kong Ming said in a deep voice, but Mark remained indifferent.

"Ok?"

"Hurry up?!" Kong Ming was a little unhappy, and urged again.

By this time, Mark, who had been quiet, smiled.

“Apologize for pouring him tea?”

“It’s you, you don’t have the qualifications, let alone him?”

“If you want to drink tea, do it yourself.”

“If you want me to serve, then cut off your hands first, maybe I will pour you a cup of tea out of humanitarian concern.”

“presumptuous!”

“Vertical arrogant~”

“Do you dare to insult me?” Mark’s words made Kong Ming furious.

A pair of tiger eyes were full of prestige, and furiously scolded Mark.

Mark was young and vigorous, and Kong Ming could understand the conflict with Lu Hua just now. However, he never expected that this bastard would get crazy, and he would not even pay attention to him.

Chapter 2460

Mark chuckled lightly and said lightly: “Sorry, I didn’t mean to offend, just speak a little straighter.”

After speaking, Mark turned his head, holding the tea cup, and continued to drink tea comfortably.

“You~”

Seeing Mark’s appearance that a dead pig was not afraid of boiling water, Kong Ming was almost mad to death, his old face was extremely pale.

“Kong Lao, have you seen it?”

“It’s not that I am narrow-minded, to embarrass him.”

“The main reason is that this bastard doesn’t know what’s good or bad, and is extremely arrogant.”

“If you want me to say, these bastards should just be thrown off the plane.”

“Let him go from where to go!”

“Otherwise, during our trip to the Americas, we didn’t die in the hands of the enemy, and I’m afraid he will be dragged down to death.”

Lu Hua said viciously, and even suggested to throw Mark off the plane.

It can also be seen how deeply Lu Hua hates Mark.

In fact, sometimes Mark didn’t know why, so he was so hated by others.

Once Terrisa Qiu was, so was Orell Lin later, and now Lu Hua, who has only a few fate, is also full of hostility towards herself.

Could it be because of his ordinary background?

Just because of him Mark disobeyed him?

Is it just because Mark didn’t greet him in favor of him?

Mark couldn’t figure it out and didn’t want to think about it.

In his eyes, people like Lu Hua are just trivial ants after all.

Mark didn’t care about their attitude towards themselves, even if they were isolated and squeezing themselves out.

The only thing he cares about is his relatives and friends.

Therefore, this is why Mark ignored Lv Hua’s contempt and ridicule along the way.

At this moment, in the face of Lu Hua’s anger, Kong Ming waved his hand: “No matter, there is no need to have general knowledge with him during the flight.”

“Everything, wait until the Americas.”

“Huh, I’m really unlucky. I went with this kind of person~” Kong Ming said so, and Lu Hua naturally sat back and didn’t attack Mark again.

However, still cursing there in a low voice, disgust was in the words.

For the next few hours, Lu Hua and the others naturally did not pay any attention to Mark.

Finally, at sunset, Mark and his party finally resisted the American continent.

Mark’s destination for their trip was the Amazon rainforest in South America.

The Amazon rainforest occupies half of the world's rainforest area and 20% of the world's forest area. It is the world's largest and most species-rich tropical rainforest. Therefore, it is called the "Lung of the Earth" and "Green Heart".

Perhaps because humans rarely get involved, this rainforest almost retains the most primitive environment and landforms, with dense forests and a wide variety of animals and plants, it is known as the "world animal and plant kingdom".

"Only in this environment, can the magical fruit such as the Dollar Ling Guo grow."

"Back then, had it not been for someone who had strayed into it and discovered the soul fruit tree growing inside. Otherwise, the world wouldn't have known until now that there are such fruits with infinite spiritual power?"

At this time, Mark and the others had already got off the plane.

Since it was already evening, they planned to eat some food nearby and then find a hotel to stay.

Wait for tomorrow, and then formally enter the Amazon to explore the Dollar Lingguo.

However, Mark didn't know that when they arrived in America, there were already martial arts teams from several countries and a large number of martial arts forces arriving here.

Powerful people from all walks of life gathered in America, and a storm was invisible, quietly brewing.
