

Chapter 2461– 2462 of A Dish Best Served Cold Novel

Chapter 2461

At this time, a kilometer away, under a long pavilion, there was a woman sitting quietly, covering her face with a veil.

There was the fragrance of tea lingering in front of him, and Yang Liu Yiyi behind him.

And around her, there are several strong guards guarding here.

If Kong Ming were here, he would definitely feel that the guards who were standing guard at the periphery were strong men who were not weaker than him.

Finally, after a short while, a young man walked quickly toward this place, surpassing the layers of protection. When he saw the woman in front of him, he immediately bowed and reported: “Teacher, there is news from the front. This evening, the summer side The strongest man has also arrived in Manaus.”

Hearing this, the woman who had been drinking tea with her head down, finally raised her head: “Is it finally here?”

“A few people have come, but there are great masters.”

The young man shook his head and said solemnly: “Back to the teacher, his subordinates have been carefully compared. There are four strong men sent by Yan Xia this time, and none of them are strong on the Yan Xia Grand Master’s list.”

“Among them, the most famous one is known as the first person under the master, Kong Ming!”

“The other three are probably all up-and-coming stars, and they are not well-known. The strength should be under the master, and they are not to be feared.”

The woman nodded: “Scorching summer has such a lineup, in this land of America, it is indeed competitive.”

“Haha, what’s the use then?”

“There is a teacher who is personally sitting in the town to plan this Yuanlingguo battle. We, Truman, will definitely be the ones who have the last laugh!”

“As for the other nations, they are nothing but playthings in our hands.”

The young man sneered and laughed, and his words were full of arrogance and self-confidence.

Obviously the fight has not yet started, as if he had already seen victory.

The woman on the side shook her head when she heard the words, “Don’t be careless.”

“You should know the purpose of my trip.”

“Unless unexpected circumstances, otherwise I will not shoot.”

“So, the power you can really use at will is the strong below the master.”

“Teacher, don’t worry, I have a sense of measure. You just take care of your affairs, and leave the rest to me. I will not let them ants, disturb your major events.” The young man replied with a smile.

“However, teacher, my father has been stuck in a bottleneck for many years, so I hope that after this mission, if possible, I hope the teacher can share some fruits to my father.” The young man looked at the woman in front of him and asked respectfully.

The woman nodded: “You don’t have to worry about this. As long as you do your own thing, after I get the fruits, the excess will be distributed.”

“Neither the Chu family nor the Jones family are members of the Trumen.”

“You are strong, and it also means that Truman is strong.”

“Well, you go down first.”

“At the same time, remind Monroe to prevent him from being reckless, and everything goes according to plan.”

As the woman spoke, the young man in front of him also left.

At this point, the world here is calm again.

However, no one knew that an invisible palm was quietly peeked out in the darkness.

However, with the arrival of the powerful from various countries, the city called Manaus not far away will undoubtedly become noisy.

Manaus is the closest city to the Amazon forest. Before entering the forest, powerful people from all over the world will choose to settle here.

Chapter 2462

Citizens living in the local area clearly felt that within a few days, a large number of foreigners suddenly swarmed into the city.

All major hotels and hotels are full.

Even some local entertainment venues have ushered in a consumption boom.

The businesses of roadside restaurants and restaurants are also several times better than usual.

Of course, ordinary people can't detect these subtle changes.

Only some people with keen perception realize that this long-paced American continent is afraid that something big will happen.

"Old Kong, there are so many strong people coming to America this time."

"After only a while, I noticed a lot of martial arts experts."

"Even, the breath of some people feels unfathomable even to me."

After arriving in America, Mark and his entourage undoubtedly entered Manaus City for a short period of repair.

However, along the way, they clearly felt that the number of warriors in this Manaus was a bit scary.

"That's natural."

"Even though the Dollar Ling Guo is not very useful for those who are masters and above. However, it is undoubtedly a treasure for those who are trapped in the peak of transformation."

"Today's opportunity is once in 30 years, and those who have received the news naturally flock to it."

"I dare to say that the number of powerful people in this city now far exceeds our hot summer!"

Kong Ming said in a deep voice, the low voice with an invisible weight and majesty, giving people an inexplicable sense of stability.

"So what?"

“Lao Kong is the first person under our Yanxia Grandmaster.”

“In the face of Old Master Kong, these so-called cultivators are nothing more than local chickens, and they are not to be feared.”

Lu Yanxi smiled from the side, not feeling any pressure at all.

However, Kong Lao shook his head: “You are thinking too simple.”

“There is a sky outside the sky, and there are people outside the world. It is as strong as the god of war, dominating the hot summer for decades, but looking at the world, it can't even rank in the top ten.”

“Even the God of War is like this, not to mention me?”

“You are still young and don't know how big the outside world is.”

“You don't know. Although some people only have the realm of transformation, their power is comparable to a master.”

“You don't even know that in this small city, there may be one or even a few unknown masters lurking.”

“Thirty years ago, my uncle was not weaker than me, but he still fell here.”

“So, don't think that this trip to the Americas is just a journey of fun.”

“I can tell you without exaggeration that you will face it next. It is not an exaggeration to say that it is a life of nine deaths!”

“If you want to go back alive, then follow the orders and strictly follow my orders. Otherwise, no one will come to collect the corpses for you!”

When Kong Ming said this, his eyes looked in Mark's direction.

Obviously, what he said was directed at Mark, and he was warning him to curb his temper.

But Mark didn't speak, he always looked careless.

“Things that do not live or die will be in danger for a while, don't expect us to save you~”

Lu Hua also noticed Mark's dangling attitude, and his dislike for him was undoubtedly even worse.

With a cold snort, he didn't pay attention to Mark anymore.

“Okay, just this restaurant.”

“Go in and eat something, and fix it all night.”

“Tomorrow, follow me into the rainforest.”

A few people walked for a while, and when they found a restaurant, Kong Ming led everyone in.
