

Chapter 2463– 2464 of A Dish Best Served Cold Novel

Chapter 2463

However, after a few people entered, Lu Hua took a look, but finally chose a three-person table to sit down.

“Brother Ye, sorry.”

“There is no seat here. Why don’t you find a table over there by yourself.”

After sitting down, Lu Hua looked at Mark with a smile on his face, and said lightly, expressing an expression of wanting to engage Mark.

Mark didn’t pay attention to him either, so he didn’t let him sit together.

With his temperament, it is naturally impossible to beg them to give himself a seat.

In this way, Mark chose a corner position himself and took the seat alone.

“Smelly boy, fight with me?”

“Are you still tender?”

Seeing Mark rolling into the corner obediently, Lu Hua suddenly sneered, his eyes full of triumph.

After that, Lu Hua called the waiter and ordered a full table of wine and food.

After a while, the dishes were brought up one by one, and the table was full of delicious dishes.

“Yanxi, Kong Lao, come on, try them all.”

“This is my first time in America, and I don’t know how the foreign dishes taste?”

Lu Hua greeted Lu Yanxi and the others for dinner.

“Well, really good?”

“This tropical fish is delicious.”

....

Several people talked and laughed, chatting while eating, it was very lively.

In contrast, Mark looked much deserted.

From beginning to end, he was just sitting there quietly, drinking tea by himself.

The lonely appearance is very bleak.

When Lu Yanxi saw such a scene, a little pity and sympathy suddenly appeared in her heart.

“Lu Hua, should you call him over too?”

“After all, they are all from Yanxia, just a little lesson, there is no need to be too ruthless.”

However, facing Lu Yanxi’s words, Lu Hua snorted.

“Yan Xi, why pity him?”

“This kind of bastard is not worthy of pity.”

“Okay, leave him alone, we will continue to eat ours.”

“I see how long he can last?”

“Believe me, he will come over and apologize to us soon, and beg us for forgiveness.”

Lu Hua said triumphantly, and in his words, there was all disdain and contempt for Mark.

After speaking, they thoughtfully took an order for Lu Yanxi, and several people continued to eat.

However, they didn’t notice. At this time, there was a girl in the restaurant who had been secretly staring at Mark.

“Miss, what’s the matter?”

“Does that person have a problem?”

Beside the woman, the old man who had been guarding respectfully asked in a low voice.

The girl shook her head: “No, I just think that the big brother is a little different from the others.”

“Huh? Why is it different?” The old man continued to ask.

The girl thought for a while, and then said: “Like a sword with a hidden box, it has a hidden edge.”

“Grandpa Nuo, you can bring these dishes to that big brother.”

“Just say, I gave it to him for free.”

After the girl finished speaking, she suddenly made a whim and asked the old man beside her to give Mark a few dishes.

The old man smiled inexplicably: “Miss, you don’t like him, do you?”

Listening to the old man’s words, the girl’s pretty face turned red with a sigh.

“Grandpa Nuo, what are you talking nonsense.”

“I don’t know the reason, I just feel kind of inexplicably.

“I seem to have seen it from nowhere.”

“Good, good, I won’t say it.” Seeing the girl’s shyness, the old man stopped making fun of her.

Instead, according to her instructions, all the food and wine on the table were delivered to Mark.

Chapter 2464

“This friend, this is the wine and food my lady gave you. Please enjoy it.” The old man walked over and said politely to Mark.

“Oh, your lady?”

Mark was immediately curious, and immediately looked up, only to see a beautiful young girl not far away, with a smile, looking in Mark’s direction.

Mark was strange at the time. He didn’t remember that he had seen this girl, so why did he suddenly give himself food.

“Sir, you don’t need to think too much.”

“My lady just thinks that you are so heroic, resembling an old friend of hers, that she will give me food to her husband.”

“Just take it, it’s my lady, I want to make friends with you.”

The old man spoke slowly, with a decent manner and great cultivation, and he knew his origins at a glance.

After speaking, the old man returned to the girl.

“Really a strange girl~”

Upon seeing this, Mark smiled helplessly. He didn’t refuse the other party’s kindness.

“Fuck!”

“Is the old man blind?”

“What kind of food to give him?”

“Also heroic?”

“Where is the young master? On the merits of being extraordinary, in which round will he be inferior to him?”

Seeing that Mark received a table of good food for no reason, Lu Hua on the side was undoubtedly not calm.

But he cursed in a dark face.

He was thinking of embarrassing him by isolating Mark, but now, on the contrary, it has caused him a little limelight.

Lv Hua cursed secretly, then got up and left, probably going to the toilet.

At the dinner table, only Lu Yanxi and Kong Ming were left.

At this time, Lu Yanxi also secretly looked at Mark, wondering what is special about Mark, this is in a foreign country, there are people who take the initiative to strike up a conversation.

However, at this moment, only hearing a loud bang, the restaurant’s door was suddenly kicked open.

Afterwards, I saw a few fierce Indians wearing turbans, and they rushed in.

One of the men with a blue nose and a swollen face looked around, and finally pointed to the girl who had just given Mark’s food: “They are them, eldest brother, I am the one they injured.

“The third brother’s legs were also scrapped by them.”

“Brother, you must avenge your brothers, never let them go~”

The man was weeping and full of resentment, pointing at the old and the young, and cursing harshly.

“Okay, you shut up for me too!”

“How many elders were beaten disabled by two old, weak and sick?”

“The face of my Indian martial arts has been lost to you!”

The leading man shouted in a deep voice, his anger suppressed in his words.

“Brother, you can’t blame us.”

“Who knew that old man was so strong?”

“At least it’s the late stage of transformation.”

....

The injured man’s eyes were full of bitterness, and again and again to excuse himself.

“Okay, roll me away and watch it.”

“Don’t obstruct my eyes here.”

The leader said in a cold voice, and then he took the three or five brothers behind him and walked towards the place where the girl was.

“My brother, but did you hurt?”

After walking in front of him, the leader asked directly.

Surrounded by these big guys, the little girl didn’t have any fear, and replied with a smile:

“You are talking about those perverts, right?”

“They offended me and blasphemed me, and I taught them that it was justified.”

“It is my greatest kindness to let Grandpa Nuo keep their lives.”
