

Chapter 2465– 2466 of A Dish Best Served Cold Novel

Chapter 2465

“You people, you don’t know how to thank me, but you dare to retaliate against me.”

“Sure enough, Grandpa Nuo is right. Most people in the world are afraid of power but not moral.”

“Before I, I should let Grandpa Nuo kill those bad guys!”

The little girl was very angry, and her pink face was full of anger because of her anger.

Before, when she was playing on the road, a few people were drunk, molested her, and wanted to do something to her.

At that time, the little girl let the old man beat up those few people fiercely!

In the end, the old man intended to kill them to avoid future troubles.

But after all, the little girl was kind and couldn’t bear it. After a lesson, the old man let them go.

At that time, the old man reminded the little girl that they should not be grateful to you for not killing, on the contrary they will hate you, and they will retaliate again in the future.

The little girl didn’t believe it. She felt that she had let them go. Those people should know how to constrain and be grateful.

But now it seems that she was wrong!

After all, she still looked at human nature too simple.

“You little girl, you are not big, but you have sharp teeth.”

“However, even if my brothers have done something wrong, but if I am the strong Indian, the punishment should be our own punishment. How can we let you teach it at will?”

“Furthermore, he started so cruelly.”

“If you don’t find this one and spread it out, won’t I be ridiculed by the people of the world?”

The leading man said in a cold voice, his words were cold, and he looked at the beautiful girl with a stern look.

“Of course, depending on your young age, it’s not difficult for me to take care of you.”

“Well, you two kneel down and apologize to my brother.”

“Then let the old man break his arms.”

“So, I will let you leave safely.”

“Otherwise, don’t blame me Lei Luo, bully the weak.”

The deep words, full of threats, echoed throughout the hall.

When the rest of the diners saw such a scene, most of them remained silent, as if it had nothing to do with them.

However, there are still some people with justice who stand up to help the girl.

“I said, this brother, a group of you big men, bullying the old and the children, isn’t it embarrassing?”

“Besides, it’s your friends who made the mistake first. If they didn’t think badly and covet the beauty of other girls, how could they be beaten?”

“It’s your fault, no wonder”

In the hall, there is a backpacker, who sees uneven roads, defending the girl.

Then, before he finished speaking, he just heard a bang.

Leiluo kicked it out, and the backpacker was kicked up amid the cracking sound of his muscles and bones. After smashing the doors and windows, he flew to the street outside.

Even after a few convulsions, there was no more breath.

“This~”

“Is this killing?”

The scene before him frightened everyone.

Many diners ran out screaming in panic.

After all, for ordinary people, this kind of scene is undoubtedly bloody and terrifying, and few people can withstand it.

In a short while, most of the diners in the entire hall ran away.

“Things beyond self-reliance!”

“Not even a warrior, dare to be nosy?”

“court death.”

Lei Luo sneered, then looked at the old and the young in front of him again.

“How did you think about it?”

Faced with Lei Luo’s threat, the girl did not answer, but turned to look at the old man on the side, her face drooping, like a child who did something wrong: “Grandpa Nuo, I’m sorry, it’s An Qi too naive.”

“At the beginning, I should have listened to you, and shouldn’t let them go.”

Chapter 2466

When the old man saw this, he smiled kindly: “Miss, you left home for the first time. You didn’t have a deep experience in the world. It’s normal to be simple.”

“Growth always requires a process, doesn’t it?”

The girl nodded and gave a soft hum.

“Well, miss, you go back, and the rest is handed over to the old slave.”

The old man comforted softly, with a smile on his old face.

That smile is gentle and warm, making people feel like a spring breeze!

Of course, the old man’s kind smile was only for the girl.

When he faced Renault and others, he replaced him with a sharp blade.

“Old thing, it looks like you are going to play hard with me?”

“If there is a way to heaven, if you don’t walk, naturally you insist on seeking death, then I will fulfill you!”

After seeing this look of the old man, Renault naturally knew their choice.

So, he no longer hesitated, his whole body burst out with a violent punch, and he slammed directly at the old man.

The old man dodged sideways, fisting the old man's clothes and whizzing past.

"Old thing, in front of me, do you think you can hide it?"

Leiluo sneered, the original heavy punch suddenly turned, turned his fist into a palm, and patted the old man's chest directly.

Leiluo's palm came abruptly, and the old man hurriedly blocked it and resisted Leiluo's blow.

Boom~

After a loud noise, the old man stepped on the ground and was repulsed by a few steps. Finally, his throat became sweet and a mouthful of blood came out.

"Grandpa No~"

Upon seeing this, the girl was shocked and ran over worriedly.

"Miss, I'm fine, you stand back."

The old man let the girl back again, then he raised his head and looked in the direction of the strong Indian.

"Are you, the peak of Jinhua?"

Leiluo hummed and said, "Heh, what kind of eyesight do you have?"

"But I just noticed it now, don't you think it's too late?"

Leiluo gave a sneer, then his figure rioted, and his attack like a violent storm suddenly poured out.

At first, the old man could barely cope with his posture.

However, the old man was inferior to Leylor after all, and soon fell into a disadvantage.

In the end, Lei Luo seized the opportunity and kicked in the air.

The old man was kicked out directly, and his body of hundreds of catties rolled in the air, knocking over countless tables and chairs along the way, and finally fell in front of Lu Yanxi and the others.

After he succeeded, this Leiluo was still reluctant, stepping on the ground several steps, and when the old man just landed, he stomped down again.

The ribs were broken and the chest was sunken.

This time, Lei Luo actually crushed the old man's chest.

The blood poured out mixed with internal organ fragments, and Lu Yanxi's body was splashed with red drops of blood.

“Grandpa No!”

“Woohoo~”

At that moment, the girl in the distance cried directly. She ran over like crazy and threw herself into the arms of the old man, tears raining down.

The old man opened his eyes and looked at the girl in front of him, trying to say something, but opened his mouth, all blood pouring out.

In the end, he still failed to make a sound.

However, he used the last strength of the rest of his life to give the little girl the last, kind and gentle smile.

“Grandpa Nuo, don't die~”

“Woohoo~”

The girl was crying, the sad voice echoed through the world.

She couldn't accept it, the old man who was once so kind, just like that, left him forever.
